OCJS and the Body-Worn Camera Grant Program

The Ohio Office of Criminal Justice Services (OCJS) is a division of the Ohio Department of Public Safety. By statute, OCJS is the lead justice planning and assistance office for the state, administering millions of dollars in state and federal criminal justice funding every year. OCJS also evaluates programs, provides training, resources, and best practices for criminal justice professionals and communities. Governor Mike DeWine has designated OCJS to administer the 2027 Ohio Body-Worn Camera Grant Program ("BWC Grant Program").

Law enforcement agencies are increasingly using body-worn cameras to serve a multitude of functions: to improve evidence collection, to train officers, to strengthen officer performance and accountability, to enhance agency transparency, and to document and investigate encounters between police and the public. In 2021, at the request of Governor Mike DeWine, $10 million was set aside in the state budget to help outfit law enforcement officers across the state with body cameras, in an effort to achieve Governor DeWine's goal "that most, if not all, law enforcement agencies in the state will establish a body camera program with the help of this grant funding." (Governor DeWine press release, Feb 3, 2021).

What to Expect

For technical assistance on any part of the BWC Grant Program application, please email your regional contact. A list of regional contacts and areas of coverage can be found at: Grants Administration Contact | Office of Criminal Justice Services (ohio.gov). Alternatively, you may call OCJS at 614-466-7782 or 888-448-4842 to connect with the Grant Coordinator for your region.

Application: Match is not a requirement for this grant and should not be included in the budget. Agencies may submit only one application per subrecipient.

Funding Amount: There is no funding cap; however, funding is limited. While grant funds can be used for various expenses related to implementing an agency's body worn camera program, funds will be prioritized for agencies that do not currently have a body camera program.

Average Award Amount: The average award amount for FY2026 was $31,205.67 (ranging from $3,127.44 - $122,720.80).

Review: OCJS staff will review grant proposals using an established process discussed in the "Proposal Narrative" section below. Reviewers ensure that project budget costs are allowable and directly relate to the program. OCJS conducts internal compliance reviews of funded projects,

assessing the timeliness and thoroughness of their financial and programmatic reporting. The OCJS Executive Director makes final funding recommendations, and the Director of the Ohio Department of Public Safety approves them.

Award Notifications and Expectations

Projects will be notified and required to complete all forms and pre-award conditions electronically through the Online Grants Management System. Subrecipients must complete all forms before final approval can be made. Law enforcement agencies MUST be certified on the Body-Worn Camera standard developed through the Ohio Collaborative on Community-Police Relations. Additional information on the BWC standard can be found here: https://ocjs.ohio.gov/law-enforcement-services/ohio-collaborative-community-police-advisory-board/law-enforcement-accreditation/overview.

Length of Funding

All awards will be for 24 months of funding, operating from July 1, 2026 to June 30, 2028. All costs must be incurred during the funding period.

Eligible Applicants

Local law enforcement agencies are eligible to apply as the implementing agency. The unit of local government must serve as the official subrecipient (e.g., township/village/city/county). Funds cannot be used to support Corrections.

Bidders Training

A Bidders Training webinar for the 2026 Body Worn Camera Grant program will take place **September 15, 2026, from 10:00 am to 11:30 am**. The training will provide information helpful for both the application preparation and review process. Please register for the webinar at Registration (gotowebinar.com).

Program Purpose

Law enforcement agencies must use BWC Grant Program funds to support the creation of an agency BWC program or to expand/update an agency's existing BWC program. Priority will be given to outfitting officers ***who regularly interact with the public*** that do not currently have functional cameras.

Grant funds can be used to purchase the following:

- Body cameras (dashboard cameras are excluded), related hardware and software for officers who regularly interact with the public, and shipping costs. ***Note:** These funds should not be used to support body cameras with facial recognition tools. If the cameras utilize facial recognition, the agency must have and provide a copy of their policy related to its use.
- Video storage mechanisms (Examples: server, cloud service)
- Redacting software/service
- Editing/tagging software
- Service agreements for months **July 1, 2026 to June 30, 2028**.
- IT costs to support the program
- Maintenance and support fees
- Contract/consultant for programming/installation, training, technical assistance and storage set up
- Personnel costs:
    - Positions must be new. OCJS will not pay for existing position(s)
    - Related to program administration, including but not limited to purchase, installation, training, policy development
    - Related to video support, including but not limited to reviewing/redacting video footage, storing/copying video footage
    - Related to responding to public records requests
- Other body-worn camera related expenses not identified above must be justified.

Requirements of the BWC grant program

Law enforcement agencies applying under this solicitation should be in compliance with crime statistics reporting, using either the Ohio Incident-Based Reporting System or the FBI's NIBRS Collection Application (NCA), per Ohio Revised Code Section 5502.62(C)(6), or if not in compliance must commit to exploring the opportunity to become OIBRS Compliant by including a note in your grant application indicating your commitment to explore crime reporting.

Additionally, in order to receive BWC Grant Program funds, law enforcement agencies **must**:

- Be certified on the Body-Worn Camera standard developed through the Ohio Collaborative

Community-Police Advisory Board at the time of application submission. Appendix A is the current list of agencies certified through the Ohio Collaborative. If your agency is not listed, please email Carley Auddino-Polko.

- Discuss in the Narrative how the agency works/will work with allied criminal justice agencies and the community in developing/implementing the agency's BWC program.
- Describe in the Narrative a sustainability plan that describes how the agency plans to financially support a BWC program beyond the life of this grant.
- Describe in the Narrative the required officer and supervisor training on BWC policy and use.
- Provide a breakdown of the annual contract costs in the budget. Include the contract period dates.
- Provide justification for the number of cameras or other equipment requested. Explain each item requested and its need as it relates to the program. Model numbers are insufficient to describe an item's purpose.

OCJS encourages agencies to have an implementation plan for the body worn camera program. For technical assistance in developing a plan or reviewing a plan please contact OCJS

Fiscal Considerations

All subrecipients are bound by the Standard Federal Subgrant Conditions | Office of Criminal Justice Services (ohio.gov). **Please note: the Body Worn Camera Grant is a reimbursement grant**. Projects will submit Quarterly Subgrant Reports through the online grants management system to request reimbursement for grant expenses. Reimbursements are contingent on meeting the requirements of the grant including but not limited to performance reporting requirements as described in the Pre-Award Conditions.

- **Fiscal Requirements**
    a. OCJS is committed to ensuring grant payments to Subgrantees in the most cost-effective and efficient manner possible. To enhance existing accounts receivable procedures, OCJS requires all Subgrantees receiving State of Ohio payments via paper check, to enroll in Electronic Funds Transfer (EFT). For organizations with multiple physical address codes, specific EFT locations (accounts) may be connected to each address code. Instructions for EFT enrollment are available on the OCJS website https://ocjs.ohio.gov/grants-funding-monitoring/grants-monitoring-fiscal-compliance/compliance-tools/electronic-funds- transfer-instructions.

    b. External Audit or Financial Report. Applicants are required to upload a copy of the organization's most recent external audit or most recent financial report to the Notes and Attachments section of the application. This allows OCJS to ensure requirements are met for 2 C.F.R. § 200.331(f). Single Audit Act Amendment of 1996, and the OMB

Circular A-133. The external audit or most recent financial report should be dated within the past 24 months.

c. General Ledger. Applicants are required to confirm the ongoing active use of a general ledger defined as a complete record of all the financial transactions over the life of your organization. The general ledger holds all the information needed to prepare financial statements and includes assets, liabilities, equity (net asset), revenue and expenses.

d. All costs associated listed in the grant budget must be necessary and reasonable for proper and efficient performance and administration of the grant; be consistent with policies, regulations, and procedures that apply uniformly to both Federal and State awards; and be allocable to the grant. A list of unallowable costs can be accessed at Unallowable Costs | Office of Criminal Justice Services (ohio.gov).

e. Specific cost limits exist for certain allowable costs including:
    - Lodging and meal per diem rates, which cannot exceed the rates set by the federal Government Services Administration (GSA). The rates can be found at GSA Per Diem Rates.
    - Mileage rates, which cannot exceed the rates set by Ohio Budget Management (OBM). These rates can be found at OBM Travel Rule.
    - Laptops, which cannot exceed $1250.
    - Cell phones, which cannot exceed $600.

f. Each application receives a Pre-Risk Assessment to determine risks associated with financial integrity. If an applicant is determined to be moderate, high, or priority high risk, specific conditions of awards may be required as part of the award process.
    - An applicant may be deemed unqualified due to poor performance history or lack of demonstrated honesty or ethics.

- **Equal Employment Opportunity.** The Subgrantee shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, sexual orientation, national origin, disability, age or Vietnam-era status as well as gender identity, provided the subgrantee receives Violence Against Women Act funding. The Subgrantee will ensure applicants are hired and employees are treated fairly during employment without regard to their race, religion, color, sex, sexual orientation, national origin, disability, age or Vietnam-era status as well as gender identity, provided the subgrantee receives Violence Against Women Act funding. Such action shall include, but not be limited to, the following: employment; upgrading; demotion or transfer; recruitment or recruitment advertising; layoff or termination; rate of pay or other forms of compensation, and selection for training

including apprenticeship.
The Subgrantee agrees to post in conspicuous places available to employees and applicants for employment, notice setting forth the provisions of this nondiscrimination clause. The Subgrantee will, in all solicitations or advertisements for employees placed by or on behalf of the Subgrantee, State that all qualified applicants will receive consideration for employment without regard to race, religion, color, sex, sexual orientation, national origin, disability, age or Vietnam-era veteran status as well as gender identity, provided the subgrantee receives Violence Against Women Act funding. The Subgrantee shall incorporate the foregoing requirement in all its contracts for any of the work prescribed herein (other than subgrants for standard commercial supplies or raw materials) and will require all of its Subgrantees for any part of such work to incorporate such requirements in all subgrants for such work.

Proposal Components Checklist

Use the following checklist as a general guide for submitting proposals to OCJS. Read the entire RFP before completing and submitting proposals.

- ❑ Title Page
- ❑ Narrative
- ❑ Budget

Format and Submission

Applicants must submit proposals online through the Online Grants Management System, by 5 p.m. EST on October 7, 2026. ***OCJS will not review late applications or consider them for funding***. Failure to follow the specified application requirements will also disqualify applications from review and consideration for funding.

IMPORTANT: Applications must be complete and submitted through the OCJS Grants Management System to be considered for funding. When an application is successfully submitted, the banner at the top of the screen will turn green, and you will receive a confirmation email.

For technical assistance on any part of the BWC application, call OCJS at 614-466-7782 and ask for your Grants Coordinator. You can find your OCJS Regional Contact here: Grants Administration Contact | Office of Criminal Justice Services (ohio.gov).

Ohio BWC Grant Program Application Requirements

PROPOSAL NARRATIVE

Please address ALL of the following items in the narrative. Grant reviewers will evaluate the narrative in terms of how clearly and completely the application responds to the items below.

I. Community and Agency Demographics

- Describe the community being served by the agency, including:
    - Population size of the community served
    - County(ies) in jurisdiction
    - Percentage White/Black/Other
    - Percentage Hispanic/non-Hispanic
- Provide details about the law enforcement agency, including:
    - The total number of sworn officers in the agency (Provide a breakdown in numbers based on each primary assignment, for example 5 Patrol, 4 Detectives/Investigations, 2 Community Relations, 4 SRO, etc. Do not duplicate any officer in your breakdown that could fit into multiple assignment types.) Include the number of full-time, part-time and auxiliary sworn officers your agency has. **Funds cannot be used to support Corrections.**
    - Number of sworn officers on duty during largest shift (Provide a breakdown in numbers based on each primary assignment, for example 5 Patrol, 4 Detectives/Investigations, 2 Community Relations, 4 SRO, etc. Do not duplicate any officer in your breakdown that could fit into multiple assignment types.)

II. Description of the BWC Program

If your agency is **developing a new BWC program**, please respond to the following***:***

- How many cameras do you wish to purchase with these funds?
- What is the make (manufacturer) and model of the camera the agency wishes to purchase, if known?
- How many officers will you equip with these cameras? If officers are sharing cameras, describe the process for doing so.
- Which officer position(s) will be the recipients of body cameras (patrol, investigation, traffic enforcement, community relations, other)?
- List any ancillary equipment and/or software you wish to pay for with this grant and describe how this equipment/software relates to implementing a BWC program.

- List any ancillary services/personnel you wish to pay for with this grant and describe how these services/personnel relate to implementing a BWC program.
- Do you have a BWC policy in place? Confirm your agency has an Ohio Collaborative certified BWC policy in place at time of application submission.
- What external criminal justice entities (e.g., judges, prosecutor offices, etc.) have been involved or consulted in developing your BWC program?
- What community-based persons or entities have been involved or consulted in developing the agency's BWC program?
- How will the agency handle the administrative components of video support, such as reviewing/redacting footage and storing/copying footage?
- How will the agency respond to public records requests for footage?
- How will your agency financially sustain the BWC program after this grant ends?

If your agency is expanding or updating its current BWC program, please respond to the following:

- Number of cameras the agency currently has in operation:
- Make (manufacturer) and model of the agency's current cameras, and the **year** they were purchased:
- If you plan to replace existing cameras, briefly explain why (e.g., cost, quality, ease of use, etc.):
- The primary role of officers who currently wear cameras (e.g., patrol, investigation, traffic enforcement, community relations, other):
- How the agency currently stores video footage (e.g., server, cloud service). If the agency plans to use these funds to change how they store footage, briefly explain why (e.g., cost, quality, ease of use, etc.).
- How the agency currently handles the administrative components of video support, such as reviewing/redacting footage and storing/copying footage.
- How the agency currently responds to public records requests for footage.
- Will funds from the BWC grant program be used to purchase cameras?
- If YES, answer the following:
    - How many cameras do you wish to purchase with these funds?
    - What is the make (manufacturer) and model of the camera the agency wishes to purchase, if known?

- How many officers will you equip with these cameras?
- If officers are sharing cameras, describe the process for doing so.
- The purpose of purchasing these cameras is: (check all that apply)
  - To provide cameras for additional officers who do not currently have cameras.
  - To replace existing cameras
- Which officer positions will be the recipients of body cameras (patrol, investigation, traffic enforcement, community relations, other)?

- List any ancillary equipment and/or software you wish to pay for with this grant, and describe how this equipment/software relates to implementing a BWC program:
- List any ancillary services/personnel you wish to pay for with this grant, and describe how these services/personnel relate to implementing a BWC program:
- How will your agency financially sustain the BWC program after this grant ends?

III. Objectives

Project objectives are not required for this grant. In lieu of listing objectives, applicants who are awarded BWC Grant Program funding will be asked to complete a brief form at grant closeout to assist OCJS in quantifying how the grant funds assisted your BWC program.

BUDGET

Describe any costs associated with creating or expanding your BWC program. Grant reviewers will evaluate the budget in terms of how effectively it:

- Aligns with what is detailed in the Narrative.
- Presents a clear and detailed budget with a narrative that explains and justifies the budget information. If the agency is entering into, or is currently in a long-term vendor contract, and requesting funds to assist with contracted costs, please include the annual cost breakdown of your contract.
- Provide a detailed breakdown of each budget line item along with the BWC packages and bundles in the budget justification.
- Justifies the costs of the proposed program and that the costs are considered reasonable and cost-effective.
- Describes within the budget justification section the need/purpose of each budget line item and how it benefits the overall program. The budget justification section must be completed.

Match is not required for the BWC grant. Please leave the match blank in your budget.

Appendix A

Certified Agencies

The following agencies are considered certified by the Ohio Collaborative for the sake of the body-worn camera grant requirement. These agencies may be certified in the BWC Grant, the Group 2-BWC Standard, or both.

**Please note that this list is current as of 9/1/2026. If you believe that your agency is certified and should be listed but is not, please contact Carley Auddino-Polko at cmauddino@dps.ohio.gov.
