Deployment Communication
Ohio CCIDS Mainframe Shutdown
CCIDS Provider Portal Decommission

Who will this impact?
Child Care programs providing Publicly Funded Child Care (PFCC).

What problem are we trying to solve?
The CCIDS Provider Portal (https://www.ccidsportal.ohio.gov) will no longer be accessible to child care programs due to the decommissioning of the legacy Mainframe system. The information provided on the CCIDS Provider Portal is inaccurate and does not reflect current payment information.

What can you expect?
All information previously available on the CCIDS Provider Portal is available on the child care program's KinderConnect site at https://ohiocctap.com/KinderConnect.

How can you prepare?
DCY has updated the reporting capabilities in KinderConnect to assist child care programs when accessing their detailed payment report. For assistance in viewing the payment report please go to https://ohiocctap.info/wp-content/uploads/2024/08/KC-QRC-Remittance-Detail-Printing-Remittance-Detail-OH-0723.pdf

Deployment Details
The CCIDS Provider Portal will be sunset on October 31, 2024.
