## About

The Department of Children and Youth (DCY) invites professionals and stakeholders to register for an upcoming training session focused on the development of Child Wellness Campuses. In response to House Bill 96, DCY is updating two Ohio Administrative Code (OAC) rules to support the creation of these campuses. This training will provide a comprehensive overview of the proposed rule changes and examine their implications for policy, licensing, systems, and practices. It will also outline the statewide rollout plan for Child Wellness Campuses across Ohio.
