

Family, Children and Adult Services Procedure Letter No. 416

TO: Family, Children and Adult Services Manual Holders

FROM: Kara B. Wentz, DCY Director
Matt Damschroder, ODJFS Director

SUBJECT: Critical incident reports for DCY Certified Residential Facilities

BACKGROUND

Ohio Administrative Code 5101:2-9-23 *Notification and Documentation of Critical Incidents* requires critical incidents for youth placed in Ohio Department of Children and Youth (DCY) certified residential facilities be reported to the person or agency holding custody within twenty-four hours of the incident. An electronic process for gathering, reporting, and reviewing critical incidents has been created to streamline reporting and to ensure placing agencies have information necessary to ensure safety. The Ohio Certification for Agencies and Families (OCAF) system has developed the functionality to allow for electronic reporting of critical incidents.

PROCEDURE

Beginning July 7, 2024, all critical incidents are to be submitted through OCAF. When a critical incident occurs, as outlined in OAC 5101:2-9-23, involving a youth placed within a group home or children's residential center, the facility is to notify the custodial person or agency within twenty-four hours of the incident. The critical incident report is to be completed in OCAF, which will generate email notification to DCY individual(s) identified in OCAF and to the custodial agency or Title IV-E agency of the child identified in the critical incident.

TRANSITION

On July 7, 2024, all critical incident reports will be required to be entered into OCAF. The system enhancements are available now. The transition for all facilities to enter new critical incident reports into OCAF will begin on July 7, 2024; however, the system changes are available and may be used now.
