I. Introduction

A. Background and Request for Applications

The State of Ohio Board of Pharmacy (“Board”) is responsible for licensing all medical marijuana dispensaries in the State of Ohio. The Board issued the first request for applications (RFA I) in 2017 and awarded provisional dispensary licenses beginning in 2018. To date, a total of 58 provisional dispensary licenses have been issued.

Pursuant to Ohio Adm.Code 3796:6-2-05, the Board is required to conduct a review during each biennial licensing period to determine if there are an adequate number of licensed dispensaries to meet patient demand. In making this determination, the Board must consider the population of this state, the number of patients seeking to use medical marijuana, and the geographic distribution of dispensary sites. On April 19, 2021, the Board unanimously approved a second request for applications (RFA II) to issue up to 73 additional provisional dispensary licenses. The Board hereby requests applications for provisional dispensary licenses submitted in accordance with this request for applications.

B. Relevant Legal Authority

Applicants are advised to review and understand [Chapter 3796 of the Ohio Revised Code](#) as well as Chapter 3796 of the Ohio Administrative Code, including the following:

- o [3796:1](#) – Definitions
- o [3796:5-5](#) – Distance from Public Spaces
- o [3796:6](#) – Dispensaries
- o [3796:7](#) – Patients and Caregivers
- o [3796:8](#) – Forms and Methods of Administration

Applicants should also review [Resolution: Drive-Through Windows for Medical Marijuana Dispensaries](#) approved 9/14/2021.

C. Timetable

Event	Date
Publish RFA II	September 20, 2021
First Q & A Period	September 20 - October 6, 2021
Second Q&A Period	October 17 - October 21, 2021
Application Acceptance Period Begins	November 4, 2021 at 8:00 a.m.
Application Acceptance Period Concludes	November 18, 2021 at 2:00 p.m.

D. Communication

There will be two periods during which the Board will accept questions regarding RFA II. Questions may be submitted by emailing rfaquestions@medicalmarijuana.ohio.gov. The Board will make reasonable efforts to respond to all submitted questions and may combine a response to similar questions into a single response. Each person may submit a maximum of three questions during each Q&A period.

After the conclusion of the second Q&A period, any attempt on the part of an individual, an Applicant, an Applicant’s agent(s), or any party representing an Applicant, to initiate any communication to the Board that is not solicited by the Board as part of the evaluation process or any attempt to communicate with any member of the State regarding the evaluation process may be grounds for disqualification of the Applicant.

II. Application Process and Fees

On Monday, September 20, 2021, the application and related forms will be available at www.medicalmarijuana.ohio.gov.

On Thursday, November 4, 2021, the Board will begin accepting medical marijuana dispensary applications at 8 a.m. ET. Applications and all related materials must be submitted electronically through the web-based application available at www.medicalmarijuana.ohio.gov/dispensaries.

To be considered for a provisional dispensary license, each medical marijuana dispensary application must include payment of the \$5,000 application fee. The application fee must be paid before 2:00 p.m. ET on Friday, November 18, 2021. The dispensary application fee must be remitted electronically either by credit card or automated clearing house (ACH).

Any applications, related documents, or fees submitted after 2:00 p.m. ET on Thursday, November 18, 2021 will not be accepted or considered.

III. Disclosure of Applicant Information

Applications and related materials submitted to the Board may or may not be public records subject to disclosure under the Ohio Sunshine Laws (O.R.C. 149.43). While there are exceptions to production under Ohio law, federal law, or common law, the Board cannot guarantee that any or all data in the application will remain confidential at all times. Further, the Board may use or disclose information contained in the application submission to the extent provided by law. Applicants are strongly encouraged to review the applicable law prior to submitting an application as the Board is unable to provide legal advice.

Applicants that assert some or all of the application contains trade secrets, as defined in O.R.C. 1333.61, or who wish to submit an express statement to comply with O.R.C. 149.433(C) and that do not want such information used or disclosed other than for the evaluation of this proposal shall:

Clearly mark every page of trade secret materials in the application submission at the time it is submitted with the words "TRADE SECRET" and/or "INFRASTRUCTURE RECORD," as appropriate, in capitalized, underlined, and bold type font of at least 20 pt.

- A. Acknowledge that the State of Ohio does not assume liability for the use or disclosure of unmarked or unclearly marked trade secret information;
- B. Fill out and submit the attached "Trade Secret & Infrastructure Record Notification Form," specifying the pages or information contained in the application submission that is to be restricted and justifying the trade secret designation or infrastructure designation for each item. If no material is designated as trade secret information or as an infrastructure records, a statement of "None" should be listed on the form; and
- C. Satisfy the burden established by statute and legal precedent.

The Board may reject a claim that any particular information in an application submission is trade secret information if it determines that the Applicant has not met the burden of establishing the content to be trade secret information under any circumstance. Use of generic trade secret language encompassing substantial portions of the application submission or simple assertions of trade secret interest without substantive explanation of the basis therefore will not be sufficient to create a trade secret designation.

Applicants should understand that the Board will err on the side of disclosure of information to comply with O.R.C. 149.43.

The Applicant must defend any action seeking release of the materials that it believes to be trade secret information, and indemnify and hold harmless the State, its agents, and employees, from any judgments against the State in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives the State’s award of a license. In submitting an application, the Applicant agrees that this indemnification survives as long as the trade secret information is in the possession of the Board.

IV. Dispensary Districts

The State of Ohio Board of Pharmacy will award provisional dispensary licenses through a drawing process. The Board is authorized to issue up to 73 provisional dispensary licenses. The Board previously established thirty-one dispensary districts and those districts will be utilized for RFA II. The map of existing districts and the current number of dispensaries per district can be viewed [here](#).

Pursuant to Ohio Adm.Code 3796:6-2-04(C)(3)(b), the order in which the district drawings will occur is as follows:

District	Number of Available Provisional Dispensary Licenses
SW-3	2
NW-2	1
NW-1	1
SE-3	9
SW-1	8
NE-2	7
SW-5	6
SW-4	4

SE-2	1
NW-3	1
SE-1	1
NW-4	1

V. Preparing and Submitting Applications

A. Application Package

A complete application package submission includes the following:

1. The electronic application for a medical marijuana dispensary provisional license;
2. Payment of the application fee; and
3. Trade Secret Form, Zoning Form, Tax Authorization Form, and Release and Attestation, each of which must be completed as instructed and uploaded by the Applicant.

B. Completing Applications

Complete every section of the online application. Character limitations and required attachments will be identified in the online application.

All attachments must be submitted as PDF files. All documents responding to a single question must be combined into a single PDF file. A PDF file size must not exceed ten megabytes (10MB). Files exceeding ten megabytes cannot be uploaded and will not be received by the Board.

The contents of attachments must be clear and visibly labeled. Images may contain brief descriptive captions. Additional language responding to questions will not be considered, unless otherwise indicated in the application. All attachments must be saved in accordance with the following file-naming format: *Question Number _Document Title.pdf*.

Examples:

- C-2.1a_Facility Plans and Specifications.pdf
- C-4.1_Table of Organization and Control.pdf

C. Submitting Applications

Applications and all supporting documents must be submitted electronically. JavaScript must be enabled to use the application webpage. During the fourteen-day application submission period, a link allowing for the electronic submission of applications will be available at <http://www.medicalmarijuana.ohio.gov/dispensaries>. To be considered for a provisional dispensary license, all applications must be submitted using the provided link. Applications will not be accepted through any other form of submission. There is no limit to the number of applications that may be submitted by an Applicant, except as discussed in the paragraph below; however, each account can have a maximum of twenty (20) concurrent unpaid/incomplete applications at any time.

Applications are site-specific and Applicants with any common ownership may not submit more than one application for the same parcel or any adjoining parcels. If the Board determines an Applicant with any common ownership submitted more than one application for the same parcel or any adjoining parcels, all applications submitted by Applicant will be disqualified.

Additionally, no owner, as defined in Ohio Adm.Code 3796:6-2-03, may possess more than five dispensary certificates of operation and/or provisional dispensary licenses at any time. No owner, as defined in Ohio Adm.Code 3796:6-2-03, may be issued more than sixty-six percent (66%) of the total number of dispensary certificates of operation and/or provisional dispensary licenses. Applicants shall only be awarded the total number of provisional dispensary licenses for which they have adequate liquid assets, as demonstrated in the applications submitted to the Board. See Ohio Adm.Code 3796:6-2-04(C)(1).

D. Criminal Records Checks

Pursuant to [section 3796.12 of the Revised Code](#) and [Rule 3796:6-2-07 of the Administrative Code](#), all officers, board members, and prospective owners with at least a ten percent ownership interest in an Applicant must submit fingerprints to the Ohio Bureau of Criminal Investigation (BCI) for a BCI and Federal Bureau of Investigation (FBI) criminal records check. Criminal records checks may be submitted in one of two ways:

1. **Electronic** - Individuals can visit a [WebCheck provider in Ohio to submit electronic fingerprint impressions](#). Individuals do not need to be Ohio residents to submit electronic fingerprints. When at a WebCheck provider, the individual submitting fingerprint impressions should provide the following information:
 - Request both a BCI and FBI criminal records check.
 - Request **electronic/direct copy** results be directed to the State of Ohio Board of Pharmacy – 77 S. High Street, 17th Floor, Columbus, Ohio 43215
 - Indicate the reason code is **ORC 3796.12**.
 - Indicate agency code is **1AB002**.
2. **Manual/Inked** – If the individual is unable to personally visit a WebCheck provider in Ohio, they may complete manual/inked fingerprint impressions utilizing the appropriate BCI and FBI fingerprint cards. Many local law enforcement agencies offer a service to ink and roll an individual's fingerprints onto the appropriate cards. Please note, these local agencies may charge a processing fee. Fingerprint cards may be printed directly from BCI's website here – [BCI card](#) and [FBI card](#). Each individual submitting manual/inked fingerprint cards is strongly encouraged to complete multiple cards in the event the fingerprint impressions are of poor or insufficient quality to complete a criminal records check.

All fingerprint cards and two checks (one \$22.00 check for the BCI check and one \$25.25 check for the FBI check), both written to "Treasurer, State of Ohio," must be mailed to: **Ohio Bureau of Criminal Investigation, P.O. Box 365, London, Ohio 43140**.

IMPORTANT – Fingerprint cards and payments should not be sent to the Board of Pharmacy. Any fingerprint cards sent directly to the Board must be destroyed immediately upon receipt and the individual will be required to complete new fingerprint cards.

Please note that the submission of fingerprint cards by individuals who are out-of-state may cause the background check process to take over eight weeks. All individuals are strongly encouraged to submit electronic fingerprint impressions in-person at a WebCheck provider when possible.

The Board is not responsible for errors in submitting fingerprints or delays in receiving criminal records check results. The Board urges individuals to submit fingerprints for BCI and FBI criminal records checks as early as possible, maintain proof of submission, and appear in person at a WebCheck provider to avoid delay.

VI. After Submitting Applications

After applications are submitted, all correspondence regarding provisional licensing from the Board will be directed to the Primary Contact or Registered Agent identified in section A-2 of the application.

If the Board needs additional information, the Board may request, in writing, the information and documentation it requires. See Ohio Adm.Code 3796:6-2-04(G). The Applicant will have ten calendar days to provide the requested information. See Ohio Adm.Code 3796:6-2-04(G)(1). Failure to provide the requested information to the Board by the deadline may constitute abandonment of the application. An

abandoned application will not be considered by the Board and the associated application fee is non-refundable. Ohio Adm.Code 3796:6-2-04(G)(2).

Once the application has been submitted, the Applicant must notify the Board in writing of any change in information included in the application or accompanying documents. Any correction, or any newly discovered information, including a change in ownership or control, must be provided to the Board within fourteen days of the change. Ohio Adm.Code 3796:6-2-02(C).

VII. Application Evaluation and License Allocation

A. Minimum Application Requirements

The State Board of Pharmacy will only review and evaluate applications that:

- Are submitted during the Application Acceptance period with the application fee;
- Fully respond to all portions of this application;
- Meet the minimum statutory qualifications under [Ohio Revised Code section 3796.10](#); and
- Contain all required signatures.

The Board reserves the right to request clarifications, modifications, or amendments to an application.

B. Review Process

Applications meeting the criteria described in Section VII.A. will be reviewed by the Board of Pharmacy for compliance with [Chapter 3796 of the Revised Code](#) and the rules adopted thereunder, compliance with this request for applications, and all license limitations set forth in Ohio Adm.Code 3796:6-2-04(C)(1).

A single owner, as defined in Ohio Adm.Code 3796:6-2-03, may be awarded no more than five provisional licenses. No more than sixty-six percent of available licenses in a dispensary district will be awarded to a single Applicant. If more than one applicant identifies the same parcel for a proposed dispensary location, the highest ranked application on the ranked order list from the drawing that is found to be eligible for licensure shall be awarded a provisional dispensary license and any lower-ranked applications identifying the same parcel shall be ineligible for licensure at the identified location.

There is no limit to the number of applications that may be submitted by any Applicant. By submitting more than five applications, an Applicant acknowledges that the Board will award licenses in the district order set forth in Section IV of this request for applications subject to all license limitations previously set forth.

C. Drawing Process

If the number of applications submitted in a district is equal to or less than the number of provisional dispensary licenses available for that district, no drawing will be held and all applications submitted for that district will be awarded a provisional dispensary license, subject to Ohio Adm.Code 3796:6-2-04(B).

If the number of applications submitted in a district is greater than the number of provisional dispensary licenses available for that district, a drawing will be held to produce a randomly-ranked order list of all applications submitted for that district, excluding any applications that have been automatically disqualified from the drawing. Applications shall be automatically disqualified if the Applicant violates Ohio Adm.Code 3796:6-2-04(C)(1)(a) and submits multiple applications for the same or adjoining parcels. Such a violation shall result in the disqualification of ALL applications related to that parcel and/or adjoining parcels and these applications will not be included in the drawing for that district. (NOTE: In determining whether an Applicant has violated Ohio Adm.Code 3796:6-2-04(C)(1)(a), the Board will examine whether even a single common owner, as defined in Ohio Adm.Code 3796:6-2-03, is identified in multiple applications.)

The drawings shall occur in the order identified in Section IV of these instructions. The ranked order lists

shall be used to award provisional dispensary licenses, subject to Ohio Adm.Code 3796:6-2-04(B), until all available provisional dispensary licenses for that district are awarded. If, during the evaluation described in Ohio Adm.Code 3796:6-2-04(B), an application or Applicant is found to be ineligible for licensure, the Board will proceed to review the next application in the ranked order list. The evaluation process will continue until as many applications have found eligible for licensure as licenses are available for that district.

The Board may issue additional guidance specifying the drawing procedures that will be used. If such guidance is issued, it will be issued no less than twenty-one (21) calendar days prior to the drawings.

Ohio Administrative Code

Rule 3796:6-2-01 Requests for application to operate medical marijuana dispensaries.

Effective: September 10, 2021

(A) The state board of pharmacy will provide notice of a request for applications to operate a dispensary by posting at www.medicalmarijuana.ohio.gov, and such other places as the board deems appropriate .

(B) When the board issues a request for applications pursuant to this rule, the board will include in the request:

(1) The procedure that will be used to award provisional dispensary licenses;

(2) Information on how to obtain an application;

(3) Acceptable methods for submitting applications;

(4) The maximum number of licenses to be awarded;

(5) Preferred geographic distribution of dispensary sites; and

(6) Any additional information deemed necessary by the state board of pharmacy.

(C) The board will accept completed applications in response to a request for applications issued pursuant to this rule for fourteen calendar days beginning on the date which is forty-five calendar days after the date on which the board issued the request for applications, unless otherwise determined by the state board of pharmacy.

(D) The board shall have the right to cancel a request for applications prior to the award of a provisional dispensary license. If a request for applications is canceled prior to the award of a provisional dispensary license, all application fees paid to the state board of pharmacy pursuant to the request for applications which was canceled shall be returned to the applicant who remitted the

fee.

(E) If the board receives an application in response to a request for applications issued pursuant to this rule on a date other than the dates set forth in this rule, the board shall not consider the application and shall return the application, including any remitted fees, to the entity or person who submitted the application.

Ohio Administrative Code

Rule 3796:6-2-02 Applications to operate medical marijuana dispensaries.

Effective: September 10, 2021

(A) Only a provisional dispensary licensee who has obtained a certificate of operation from the state board of pharmacy may sell or dispense medical marijuana to qualifying patients and designated caregivers who are registered with the board.

(B) The board will not consider an incomplete application submitted in response to a request for applications issued pursuant to rule 3796:6-2-01 of the Administrative Code. To be considered complete, an application submission shall include all the following:

(1) The completed payment of the relevant application fee;

(2) An application on a form in accordance with section 3796.10 of the Revised Code. The application shall include:

(a) The name of the provisional dispensary applicant, as reflected in the articles of incorporation or other documents filed with the secretary of state;

(b) The type of business organization of the provisional dispensary applicant, such as individual, corporation, partnership, limited-liability company, association or cooperative, joint venture or any other business organization;

(c) Confirmation that the provisional dispensary applicant has registered with the Ohio secretary of state as the applicable type of business;

(d) A copy of the provisional dispensary applicants articles of incorporation, articles of organization or partnership or joint venture document of the provisional dispensary applicant;

(e) The physical address where the proposed dispensary will be located;

- (f) The physical address of any co-owned or otherwise affiliated marijuana entities, including both licensed and prospective entities, including cultivators, processors, testing labs, dispensaries, or applicants for any other such license or certificate;
- (g) The mailing address of the provisional dispensary applicant;
- (h) The telephone number of the provisional dispensary applicant;
- (i) The electronic mail address of the provisional dispensary applicant;
- (j) Proof establishing that the provisional dispensary applicant owns or controls through a leasehold interest in all real property where marijuana will be dispensed, or a signed, notarized statement from the owner of such real property that the owner will grant a leasehold interest to the applicant if a provisional dispensary license is issued to the applicant;
- (k) A professionally prepared survey of the area surrounding the prospective dispensary that establishes the facility is at least five hundred feet from the boundaries of a parcel of real estate having situated on it:
 - (i) A prohibited facility, pursuant to section 3796.30 of the Revised Code; or
 - (ii) An opioid treatment program as defined in rule 4729:5-21-01 of the Administrative Code.
- (l) Notwithstanding rule 3796:5-5-01 of the Administrative Code, five hundred feet will be measured using the shortest distance between the closest point of the external boundaries of a parcel of real estate having situated on it any facility described in paragraph (B)(2)(k) of this rule and the external boundaries of the parcel on which the prospective dispensary would be situated.
- (m) Evidence that the provisional dispensary applicant is in compliance with all local ordinances, rules, or regulations adopted by the locality where the provisional dispensary applicants property is located, which are in effect at the time of the application, including copies of any required local registration, license, or permit of the locality where the provisional dispensary applicant's property is located.

(n) The signature of an authorized natural person on behalf of the provisional dispensary applicant as described in rule 3796:6-2-03 of the Administrative Code, attesting that the information provided to the board in the application for a provisional dispensary license is true and correct at the time of signing.

(3) A tax authorization form on behalf of the business, any owner as defined in rule 3796:6-2-03 of the Administrative Code, and any other associated key employee as determined by the board of pharmacy.

(4) Financial statements demonstrating the provisional dispensary applicant has adequate liquid assets to cover all expenses and costs identified in paragraphs (B)(8) and (B)(9) of this rule, but no less than two hundred fifty thousand dollars, whichever is higher, for each license the provisional dispensary applicant is willing to accept.

(a) Such liquid assets shall be unencumbered and capable of being converted to cash within thirty days after a request to liquidate such assets. To demonstrate liquidity, the application shall include the following:

(i) Account statements dated no earlier than thirty days prior to the date the application was submitted, from an institution in this state, or any other state in the United States, United States territory, or the District of Columbia.

(ii) If the applicant is relying on money from an owner, officer, or board member, evidence that the person has unconditionally committed such money to the use of the provisional dispensary applicant in the event that a dispensary license is awarded to the applicant.

(b) The use of funds from sources not disclosed in the application is prohibited unless the applicant obtains approval from the board.

(5) The description of the proposed organizational structure of the provisional dispensary applicant, including both of the following:

- (a) An organizational chart showing all owners, officers, and board members of the provisional dispensary applicant, irrespective of ownership interest; and
- (b) A list of all owners, officers and board members of the provisional dispensary applicant that contains the following information for each person:
 - (i) The current title of that person;
 - (ii) The role the person will serve in for the provisional dispensary applicant, if different from the person's current title;
 - (iii) Whether the person has served or is currently serving as an owner, officer or board member for another marijuana entity;
 - (iv) Whether the person has previously had a dispensary employee license revoked, disciplined or the equivalent thereof, in this state or any other jurisdiction;
 - (v) Whether a marijuana entity with which the owner, officer, or board member is or was previously associated has had a license revoked, disciplined or the equivalent thereof, in this state or any other jurisdiction;
 - (vi) The ownership interest that person has in the provisional dispensary applicant; and
 - (vii) Whether the person has an ownership interest or financial interest in any other marijuana entity.
- (6) Each owner, officer and board member of the provisional dispensary applicant must submit to a criminal records check in accordance with rule 3796:6-2-07 of the Administrative Code.
- (7) Site-specific plans showing the interior and exterior of the proposed medical marijuana dispensary, drawn to scale with square footage clearly illustrated. The site-specific plans shall be prepared and certified by the contractor or architect responsible for the project. The site-specific plans shall include and identify all of the following:

- (a) The dispensary department;
 - (b) Restricted access areas;
 - (c) Waiting room(s);
 - (d) Patient care areas or other areas designated for patient and caregiver consultation and instruction;
 - (e) An enclosed delivery bay or other equally secured delivery area as approved by the board where medical marijuana deliveries will be made pursuant to a standard operating procedure approved by the board;
 - (f) A day-storage area with pass-through window(s);
 - (g) A "mantrap" at any ingress/egress from the dispensary department;
 - (h) A vault in conformance with C.F.R. 1301.72(a)(3) (6/30/2021) and in a location not visible to the public; and
 - (i) Parking.
- (8) A site-specific construction or renovation budget and schedule demonstrating the applicant will commence dispensary operations in accordance with rule 3796:6-2-04 of the Administrative Code. The budget and schedule shall be prepared by the contractor or architect responsible for the project.
- (9) A budget for the proposed dispensary identifying the projected costs to staff, equip, and operate the medical marijuana dispensary for the following time periods:
- (a) From an award of the provisional dispensary license until the issuance of the certificate of operation; and
 - (b) From the issuance of the certificate of operation until not less than four months after receipt of the

certificate of operation.

(10) Any other documentation required by the board to determine the provisional dispensary applicant's suitability for licensure or to protect public health and safety.

(C) If any information contained in the application or accompanying documents changes after being submitted to the state board of pharmacy, the applicant shall immediately notify the state board of pharmacy in writing and provide corrected information within fourteen calendar days of the change.

(D) No application to operate a medical marijuana dispensary may be withdrawn without the approval of the state board of pharmacy. All requests to withdraw an application shall be submitted in writing. If the withdrawal of an application is granted due to a change in federal, state, or local rules or regulations that would prohibit the proposed dispensary from operating in compliance with representations made in the provisional dispensary applications, the provisional dispensary applicant for whom the withdrawal was granted shall be refunded any remitted application fees.

Ohio Administrative Code

Rule 3796:6-2-04 Medical marijuana dispensary license application evaluation.

Effective: September 10, 2021

(A) The board may award provisional dispensary licenses via competitive scoring, a drawing, or a combination of competitive scoring and drawing, as determined by the board, and described in a request for applications issued by the board pursuant to rule 3796:6-2-01 of the Administrative Code.

(B) Provisional dispensary licenses shall only be awarded after final approval by the board, which shall include an evaluation of the application and the applicant for the following:

(1) Compliance with Chapter 3796. of the Revised Code and the rules adopted thereunder;

(2) Compliance with the relevant request for applications issued by the board; and

(3) All license limitations, set forth in paragraph (C)(1) of this rule or otherwise specified by the board.

(C) If the board utilizes a drawing component in awarding provisional dispensary licenses:

(1) Provisional dispensary applicants may submit an unlimited number of applications except:

(a) Applications are site-specific and provisional dispensary applicants with any common ownership may not submit more than one application for the same parcel or any adjoining parcels;

(b) No owner, as defined in rule 3796:6-2-03 of the Administrative Code, may be issued more than five dispensary certificates of operation and/or provisional dispensary licenses at any time;

(c) No owner, as defined in rule 3796:6-2-03 of the Administrative Code, may be issued more than sixty-six per cent of the total number of dispensary certificates of operation and/or provisional dispensary licenses in a multi-license district; and

- (d) Provisional dispensary applicants shall only be awarded the total number of provisional dispensary licenses for which they have adequate liquid assets, as demonstrated in the applications submitted to the board, pursuant to rule 3796:6-2-02 of the Administrative Code.
- (2) If the number of provisional dispensary license applications submitted in a district is equal to or less than the number of available provisional dispensary licenses for that district, as described in the relevant request for applications, no drawing will be held and all provisional dispensary applications submitted for that district will be awarded a provisional dispensary license, subject to paragraph (B) of this rule.
- (3) If the number of provisional dispensary license applications submitted in a district is greater than the number of available provisional dispensary licenses for that district, a drawing will be held in order to produce a randomly-ranked order list of all provisional dispensary license applications submitted for that district.
- (a) The list shall include all provisional dispensary applications submitted for that district, subject to any automatic disqualifications as outlined in the relevant request for applications. Disqualified applications will not be included in the drawing.
- (b) The order in which the district drawings will occur shall be listed in the relevant request for applications.
- (c) The ranked order lists shall be used to award provisional dispensary licenses for each district, subject to paragraph (B) of this rule, until all available provisional dispensary licenses for that district are awarded.
- (d) If, during the evaluation described in paragraph (B) of this rule, a provisional dispensary license application or applicant is found not to be eligible for licensure, the board will proceed to review the next provisional dispensary license application in the ranked order list. The evaluation process will continue until as many provisional dispensary license applications have been found eligible for licensure as provisional dispensary licenses are available for that district, subject to the board-approval described in paragraph (B) of this rule.

(D) If the board determines an owner will be limited in the number of provisional dispensary licenses pursuant to paragraph (C)(1) of this rule, the provisional dispensary licenses will be issued in the order in which they were drawn, or would have been drawn if a drawing had been held, consistent with paragraphs (C)(2) and (C)(3) of this rule.

(E) If more than one application identifies the same parcel for a proposed dispensary location, the highest ranked provisional dispensary application found to be eligible for licensure shall be awarded a provisional dispensary license.

(F) The burden of proving an applicant's qualifications rests with the applicant.

(G) The board may request additional information the board determines is necessary to process and fully investigate an application.

(1) The applicant shall provide requested additional information by the close of business of the tenth calendar day after the request has been received by the applicant;

(2) If the applicant does not provide the requested information within ten calendar days, the board shall consider the application to be an abandoned application and will cease evaluation of the application.

(H) Pursuant to division (B) of section 3796.10 of the Revised Code, the state board of pharmacy shall not consider any provisional dispensary applicant that:

(1) Submits an application containing one or more associated key employees who has a conviction for, judicial finding of guilt of, or plea of guilty to a disqualifying offense. A dispensary may disassociate with a prospective associated key employee for failure to comply with Chapter 3796. of the Revised Code and this division only upon approval from the state board of pharmacy;

(2) Has an ownership interest or investment interest in a testing laboratory, an applicant for a license as a testing laboratory; or shares any corporate officers or employees with a testing laboratory or applicant for a testing laboratory;

(3) Is a physician with a certificate to recommend medical marijuana or such a physician has an ownership or investment interest in or a compensation arrangement with the applicant;

(4) Will be located within five hundred feet of a prohibited facility; or

(5) Is not in compliance with the applicable tax laws of this state or its political subdivisions.

(I) The state board of pharmacy may deny a provisional dispensary license to any applicant who:

(1) Submits an incomplete, inaccurate, false, or misleading application;

(2) Knowingly employs a person who has been disciplined by the state board of pharmacy or any professional licensing board;

(3) Will be located within five hundred feet of an opioid treatment program as defined in rule 4729:5-21-01 of the Administrative Code; or

(4) Fails to pay applicable fees.

(J) The state board of pharmacy shall review for a provisional dispensary license, the submitted applications consistent with this division of the Administrative Code, for each designated dispensary district established by the board. If there are an insufficient number of qualified applicants to award all the dispensary licenses available through the open application, the board may republish, in accordance with rule 3796:6-2-01 of the Administrative Code, a request for applications for provisional dispensary licenses in the applicable district.

(K) Within ten calendar days of the board's decision, the board shall notify applicants who will be awarded a provisional dispensary license.

(L) Unless the provisional dispensary license holder has requested and received a variance in accordance with rule 3796:6-4-10 of the Administrative Code, the provisional dispensary licensee shall commence operations within two hundred and seventy days after the provisional dispensary

licensee was issued a provisional dispensary license. Failure to commence operations within the requisite timeframe may result in the commencement of administrative action pursuant to Chapter 119. of the Revised Code, up to and including revocation of the provisional dispensary license.

(M) Every applicant awarded a provisional dispensary license shall provide a written report to the board of pharmacy no later than the first day of every month following the month the applicant was awarded a provisional dispensary license. The reports shall detail the progress of the applicant to become operational and shall be submitted until the medical marijuana dispensary receives a certificate of operation or the applicant receives a notice pursuant to section 119.07 of the Revised Code.

(N) An applicant awarded a medical marijuana dispensary license shall be deemed to have commenced operations if the medical marijuana dispensary is capable of operating in accordance with the information contained in the application and the licensee passes a final inspection by the state board of pharmacy in accordance with rule 3796:6-2-06 of the Administrative Code.

(O) A provisional dispensary license issued under this rule is exclusive to the entity and location identified in the application and is non-transferrable.

Dispensary Application Materials and Resources

Zip Code	Patient Count	Column1
43204		1 Active patients (current recommendation and registration)
43952		1 by zip code as of 10/12/2021. If patient identifying information was entered
44138		1 in the zip code field, that information was redacted.

Attestation and Release Authorization

(Attachment to Application Section F-1.2)

This form must be signed by an individual who may legally sign for the Applicant and who can verify the information provided in this application is true, correct, and complete. The form must be printed and signed with an original, wet-ink signature. Electronic or digital signatures are not acceptable.

Scan and attach a copy of the completed, notarized form, in PDF format, in response to Question F-1.2 of the online Application. Failure to do so may cause the application to be abandoned.

Dispensary Application Materials and Resources

I attest that I am authorized to pursue this application on the behalf of the Applicant identified in section A-1 of this application. I understand that the burden of proving the Applicant's qualifications to be awarded a provisional dispensary license at all times rests with the Applicant. I attest that the Applicant has not improperly secured any advantage against any other applicant or any person or persons interested in obtaining a provisional license from the Ohio Medical Marijuana Control Program. I further attest that the Applicant has not submitted a sham application and that all statements contained in the application are true.

I attest that this application is based on the legal requirements set forth in Ohio Revised Code and Ohio Administrative Code as well as performance expectations detailed in this application. The responses to this application are not based on details of any other potentially related application. The State Board of Pharmacy is not responsible for the accuracy of any information regarding this application that was gathered through a source different from the instruction provided in the Application Instructions, Application, Q&A, or Informational Webinar (if applicable).

I attest that I will not knowingly permit any public official, public employee, or contractor doing business with a public entity who has any responsibilities related to this application or the evaluation of this application to acquire an interest in anything or any entity under the Applicant's control. The Applicant will disclose to the State knowledge of any such person who acquires an incompatible or conflicting personal interest related to this application. The Applicant will take steps to ensure that such a person does not participate in any action affecting the evaluation of this application. This will not apply when the State has determined, in light of the personal interest disclosed, that person's participation in any such action would not be contrary to the public interest.

I understand that a background investigation will be conducted by the State Board of Pharmacy pursuant to its statutory duty to investigate the applicant and suitability of myself, any and all Prospective Associated Key Employees identified in this application, and any entity with which I am or one of the listed Prospective Associated Key Employees is associated. I further understand and agree that I am voluntarily executing this Release Authorization to expressly authorize and permit the State Board of Pharmacy to obtain any and all information it deems necessary, and accept any risk of adverse impacts as a consequence of any application review, investigation or lawful release of public records.

Dispensary Application Materials and Resources

The rights and powers herein are granted to facilitate the background investigation being conducted by the State Board of Pharmacy at my request and on behalf of the Applicant and is not otherwise intended to create or establish a legal or fiduciary relationship between the State Board of Pharmacy, its agents and employees, and me. I hereby acknowledge that no such relationship exists.

I authorize and request every person, firm, company, corporation, board, association, or institution of any kind, and every Federal, state, or local government entity, including but not limited to every court, law enforcement agency, criminal justice agency or probation department, without exception, both foreign and domestic, to whom this Release Authorization is presented having any knowledge, information, documents, forms, photographs, computer files, accounts, ledgers or other items about, relating to or concerning the Applicant to fully discuss with and answer any inquiry made by any duly authorized representative of the State Board of Pharmacy.

I DECLARE UNDER PENALTIES OF FALSIFICATION AS SET FORTH IN CHAPTERS 2921., 3715., 3719., 3796., AND 4729. OF THE OHIO REVISED CODE THAT I AM AUTHORIZED TO PURSUE THIS APPLICATION ON BEHALF OF THE ENTITY LISTED IN THIS APPLICATION AND THAT THIS APPLICATION IS TRUE, CORRECT, AND COMPLETE. I HEREBY ACKNOWLEDGE THAT IF THE LICENSE APPLIED FOR IS GRANTED, THE LICENSE-HOLDER SHALL SUBMIT TO THE JURISDICTION OF THE STATE OF OHIO BOARD OF PHARMACY AND TO THE LAWS OF THIS STATE FOR THE PURPOSE OF ENFORCEMENT OF CHAPTERS 2925., 3715., 3719., 3796., AND 4729. OF THE OHIO REVISED CODE AND ALL RELATED LAWS AND RULES.

I FULLY UNDERSTAND THAT SUBMISSION OF THIS APPLICATION WITH THE STATE BOARD OF PHARMACY CONSTITUTES PERMISSION FOR ENTRY AND ON-SITE INSPECTION BY AN AUTHORIZED BOARD AGENT IN ACCORDANCE WITH RULE 3796:6-2-06 OF THE OHIO ADMINISTRATIVE CODE.

Resolution: Drive-Through Windows for Medical Marijuana Dispensaries

Approved 9/14/2021

Notwithstanding the provision in rule 3796:6-3-22 of the Administrative Code, the State of Ohio Board of Pharmacy hereby authorizes applicants to include drive-through window specifications in the upcoming Request for Applications (RFA II).

This resolution shall remain in effect until proposed amendments to rule 3796:6-3-22 of the Administrative Code and a new rule outlining drive-through window requirements are finalized.

Ohio Medical Marijuana Control Program

The State Board of Pharmacy reviewed and considered the questions submitted during the first of two Question and Answer Periods. Responses to the submitted questions are provided below. In certain circumstances, questions are summarized in order to provide relevant responses to a broader range of Applicants. Some questions remain under consideration and will be answered with responses from the second Q & A Period, which will begin on October 17, 2021 and conclude on October 21, 2021. The Board is providing this guidance to assist Applicants with the completion of an application for a dispensary license. These answers do not constitute legal advice, which should be sought from a licensed legal professional.

First Round Question and Answer Responses

ID	Question	Response
1	We understand that the minimal amount that must be demonstrated per location is \$250,000 for buildout purposes, but if we are submitting more than 5 applications, are we required to demonstrate access to capital in excess of \$1,250,000 (\$250,000 x 5)? In other words, since the most provisional licenses we can theoretically obtain is 5, are we required to demonstrate access to capital in excess of the amount required to build out 5 locations?	The applicant must demonstrate it has adequate liquid assets for all licenses the applicant is willing to accept (subject to license limits, can be no more than five). The total amount of liquid assets must cover all expenses and costs identified in Questions C-2 and C-3 of the application, but the total amount of liquid assets must be no less than \$250,000 per license. (Example: If Applicant will accept 5 licenses, Applicant must have no less than \$1.25 million in liquid assets. If Applicant’s costs identified in Questions C-2 and C-3 will be \$1 million per location, Applicant must have no less than \$5 million in liquid assets.)
2	When demonstrating our capital availability, does every application require a separate bank account?	No. Separate bank accounts are not required for each application.
3	Will the assets tied into crypto currencies count towards the financial requirements, if they are staked with an end date for before the applications will be evaluated?	No. Cryptocurrency is not considered a liquid asset for purposes of RFA II.
4	<p>Is there a threshold or qualifying score in each district that an application must meet during the evaluation process to be awarded a license? If so, how is this score determined?</p> <p>Will there be scoring rubric that the questions will be graded against? If so, what points will be associated with the questions?</p> <p>Are there any bonus points/favorability added for things like?</p> <ul style="list-style-type: none"> - Veteran status - Diversity - Operating in a disadvantaged zone - Etc. 	No. There is not a threshold or qualifying score that applications must meet or a scoring rubric. Review the 2021 Request for Applications and Dispensary Application Instructions for detailed information regarding the drawing and review process.

Ohio Medical Marijuana Control Program

ID	Question	Response
5	Are exterior elevations (all sides) of the buildings required for the application be it an existing facility or a proposed new constructed facility?	Exterior elevations are recommended but not required.
6	As stated in the instruction's manual under item (2-K) "survey professionally prepared" is to be submitted. Does this survey have to be prepared by a licensed professional such as an architect or an engineer or a licensed surveyor and sealed by that licensed professional?	Yes. The survey must be completed by a third-party, licensed professional.
7	Will you be allowing more than one applicant to apply on the same parcel? If so, are there limits to the number of applicants?	<p>If more than one applicant identifies the same parcel for a proposed dispensary location, the highest ranked application on the ranked order list from the drawing that is found to be eligible for licensure shall be awarded a provisional dispensary license and any lower-ranked applications identifying the same parcel shall be ineligible for licensure at the identified location.</p> <p>Applications are site-specific and Applicants with any common ownership may not submit more than one application for the same parcel or any adjoining parcels. If the Board determines an Applicant with any common ownership submitted more than one application for the same parcel or any adjoining parcels, all applications submitted by Applicant will be disqualified.</p>
8	In regards to the \$5,000 medical marijuana dispensary application fee, specifically if the fee in whole or in part, is refundable given the State of Ohio Board of Pharmacy is doing a lottery system this time around?	Pursuant to OAC 3796:6-5-01(A)(1) , the application fee is non-refundable.
9	In looking at the preview of the application, a number of questions have a "yes" or "no" answer but no place for a narrative. Can you provide which "yes or no" questions will also require a narrative and what the character or word limits there will be on those answers?	The RFA preview application indicates whether questions require a yes/no response, a text response (with character limitations noted), or a document upload (with file size limitations noted).

Ohio Medical Marijuana Control Program

ID	Question	Response
10	<p>If multiple applications are submitted with the intention of only operating one dispensary, and multiple applications are selected through the lottery process, can the company choose to only operate one of those licenses?</p> <p>Submitting 6 Applications and all 6 are Drawn in the Lottery: Can you decline acceptance of an awarded provisional dispensary license that is drawn first in the lottery process to accept a dispensary site/application that is drawn after/after in the lottery ranking, or would you be forfeiting the awarded provisional dispensary licenses?</p>	<p>There is no limit to the total number of applications that may be submitted by any Applicant, except applications are site-specific and applicants with any common ownership may not submit more than one application for the same or adjoining parcels.</p> <p>By submitting more applications than an Applicant is willing to accept or more applications than an Applicant is permitted to be awarded, an Applicant acknowledges that the Board will review applications and award licenses in the district order set forth in Section IV of the 2021 Request for Applications and Dispensary Application Instructions. If ranked high enough to receive more licenses than the Applicant is willing to accept or permitted to receive, the Applicant does not have the discretion to choose which district or license it will be awarded and must be prepared to accept a license at any location(s) where it has applied. Applicants shall not be permitted to forfeit a license in an earlier drawn district or, in a district where multiple licenses are available, drawn earlier in the district drawing, in order to accept a provisional dispensary license in a later drawn district or later in the drawing of a multiple license district.</p>
11	<p>Would the state consider landlords or property owners maintaining a small percentage of gross dispensary revenues, as a lease consideration, as common ownership?</p>	<p>See OAC 3796:6-2-03 for medical marijuana dispensary ownership and ownership requirements and the Dispensary Control and Ownership Interest FAQ.</p>
12	<p>Will the \$5,000 payment be made through the application portal? If not, who is the Payee?</p>	<p>Yes. The application fee must be paid through the portal via credit card (Visa, MasterCard or Discover) or ACH withdrawal.</p>
13	<p>Can we submit the manual fingerprints before the November Application window?</p>	<p>Yes.</p>
14	<p>What is the difference between the requirements for C-3.1 and C-3.1.1? Does C-3.1.1 simply include the additional 4 months after the certificate of operation issuance?</p>	<p>C-3.1 asks for the detailed budget for the period from award of provisional dispensary license to the issuance of the certificate of operation. C-3.1.1 asks for the detailed budget for the period from the issuance of the certificate of operation until not less than four months after receipt of the certificate of operation.</p>
15	<p>Does the entity need to be an Ohio entity? Does one have to be an Ohio resident to apply for the dispensary license?</p>	<p>The Applicant must be registered with the Ohio Secretary of State to conduct business in the State of Ohio.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
16	Do we need an EIN number?	Question A-3.5 is not a required field. Applicants should seek guidance from private legal counsel and/or contact the Internal Revenue Service for guidance as to whether the business must obtain an Employer Identification Number (EIN).
17	Is a specific type of map required for the survey/radius map? For example: a parcel map, google map, etc.	No specific type of map is required. However, the survey must contain all required information, be clearly legible and labeled, and may be divided into 8.5 by 11 inch sections.
18	<p>Section C-2.1 (Business Plan) refers to site plan and states that the plan shall include and clearly identify the following:</p> <p>"an enclosed delivery bay or equally secured delivery area where medical marijuana deliveries will be made pursuant to a standard operating procedure to be approved by the Board."</p> <p>Since most medical marijuana dispensaries will be located in a retail strip center or in a free standing building, what does the Board consider to be an enclosed and/or secure delivery area?</p> <p>Does the equally secured delivery area need to have a roof or can it be enclosed with a locking fence?</p>	<p>Delivery areas will be evaluated individually to ensure each location is sufficiently secured, after provisional dispensary licenses have been awarded. All areas where medical marijuana is delivered shall be secured and monitored with video surveillance. Access shall be limited to necessary licensed processor, cultivator, and dispensary employees. OAC 3796:6-3-06(D).</p>
19	When will an editable version of the Ohio Medical Marijuana Dispensary RFA2/Dispensary Application form be available? I only see the preview on the site.	The application portal will open on November 4, 2021 at 8:00 a.m. and close on November 18, 2021 at 2:00 p.m.
20	When measuring for proximity to sensitive uses for a multi-tenant center which is just one large parcel, is the measurement parcel to parcel like single occupant property or from edge of retail location in multi-tenant parcel to the edge of the parcel of the sensitive use parcel?	Five hundred feet will be measured using the shortest distance between the closest point of the external boundaries of a parcel of real estate having situated on it any facility described in paragraph (B)(2)(k) of OAC 3796:6-2-02 and the external boundaries of the parcel on which the prospective dispensary would be situated. OAC 3796:6-2-02(B)(2)(l) .

Ohio Medical Marijuana Control Program

ID	Question	Response
21	<p>In jurisdictions which have zoning allowance for medical cannabis retail use but call for a special or condition use permit, is it necessary to actually receive the permit prior to application?</p> <p>With respect to the Notice of Proper Zoning Form, must the Applicant check off “The Applicant has received local zoning approval and was issued a permit” in order to avoid disqualification? Or does proof of compliance with (i) local zoning codes and (ii) any (if they exist) dispensary prohibitions suffice?</p> <p>What specifically beyond the Notice of Proper Zoning Form needs to be provided to demonstrate that it complies with any local ordinances, rules, or regulations adopted by the locality in which the Applicant’s property is located?</p>	<p>The Applicant must submit a completed Notice of Proper Zoning Form and demonstrate: (1) that no moratorium is in effect that would prohibit the applicant from operating a medical marijuana dispensary at the proposed location; (2) confirmation that the proposed dispensary location is in compliance with any local zoning requirements; and (3) if a special use permit is required, the permit has been applied for or cannot yet be applied for at the time of the application submission.</p>
22	<p>Can unencumbered real estate assets that can be sold and converted to cash within thirty days after a request to liquidate such assets be considered as demonstrating liquidity?</p>	<p>No. Real estate assets are not considered liquid assets for purposes of RFA II.</p>
23	<p>Can the OWNER of an applicant (who is a sole member of an LLC) submit bank statements from other unrelated business accounts that is also owned by the same OWNER?</p>	<p>The Board of Pharmacy cannot respond to this question without additional information.</p>
24	<p>Does Question B-3.25 of the Preview Application only apply to the time that the individual was an employee of or affiliated with the entity?</p>	<p>No.</p>
25	<p>We have identified a property which has an inactive church within 500 feet and we will be obtaining a letter from the church confirming in writing that it no longer conducts business at that location. Does this document need to be notarized?</p>	<p>There is no notarization requirement. Applicants may attach any documentation to the requisite survey to demonstrate that the proposed dispensary location is not within 500 feet of a prohibited facility.</p>
26	<p>Is it permissible for a <u>consulting</u> pharmacist to exercise substantial control over two different owners who have five provisional dispensary licenses each, but the <u>consulting</u> pharmacist does not have ownership in either license?</p>	<p>The Board of Pharmacy cannot respond to this question without additional information.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
27	<p>B-1.2 By selecting "Yes," the Applicant understands and attests that it must establish and maintain an escrow account or surety bond in the amount of \$50,000 as a condition precedent to receiving a medical marijuana certificate of operation. OAC 3796:6-2-11 Select 'YES' or 'NO' from a drop-down list</p> <p>I am interpreting this as we need to agree to get this set up prior to the certification of operation but it can be done after a provisional license has been established, is this correct? Or does it have to be established and proof submitted with the application in November?</p>	<p>The escrow account or surety bond does not need to be established until a provisional dispensary license is awarded.</p>
28	<p>Can you share when the drawing will take place to award the licenses?</p>	<p>The drawing will occur after the application period has ended and the Board has reviewed the submitted applications for compliance with the minimum application standards.</p>
29	<p>What effect will RC 3796.10(C) have on RFA II?</p>	<p>A court has deemed RC 3796.10(C) unconstitutional. Therefore, it is void and may not be applied by the Board.</p>
30	<p>What constitutes "Liquid assets"? We have 401ks and other avenues (Heloc loans, stocks, investments) we want to use for our available capital on the application, do we need to cash those out now? Or can we provide the proper documentation of available balances and only cash them out once a provisional license has been obtained?</p>	<p>A 401K is not an acceptable source of funds. There is insufficient information in the rest of this question for the Board to answer. The requirements for liquid capital are found at OAC 3796:6-2-02(B)(4).</p>
31	<p>I wanted to confirm that the RFA was exclusive to Retail Dispensaries only? Are applications open for Vertically Integrated Organizations, to include Retail Dispensaries?</p>	<p>RFA II only applies to medical marijuana dispensaries.</p>
32	<p>Is there any standard wording or minimum requirements for what is included in the "notarized statement" from the owner of the property?</p>	<p>Pursuant to OAC 3796:6-2-02(B)(2)(j), the statement must demonstrate that the property owner will grant a leasehold interest to the Applicant if a provisional dispensary license is awarded to the applicant.</p>
33	<p>In the event that the applicant is awarded a license but the location in the application is no longer available, will the applicant be allowed to select an alternate location (subject to state approvals for that new location)?</p>	<p>No. Applications are site-specific and Applicants are not permitted to select an alternate location. See OAC 3796:6-2-04(O).</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
34	In C-4.1 do we need to specifically identify the identities of the individuals that will staff the positions of "Dispensary Key Employees" and/or "Dispensary Support Employees" or just the positions that would be filled? For purposes of C-4.1, if a consultant or employee has not been specifically retained by the Applicant, should the Applicant include a placeholder (such as "security consultant" or "Chief People Officer"), or should the applicant not include these roles at all?	Only the positions must be identified, not the identity of the specific individuals who will fill those roles.
35	Is there an example or template document for what is required for A-4.1 Proposed Organizational Structure? Can it be a picture with charts or an excel spreadsheet? Can it include names of individuals? Should it include the roles of the individuals?	A-4.1 requires an organizational chart (a diagram that shows the structure of an organization and the relationships and relative ranks of its parts and positions) showing all owners, officers, and board members of the Applicant, irrespective of ownership interest. The organizational chart must include the names and respective roles of the individuals.
36	In B-3.6 is "Business-related compensation" referring to current compensation from the LLC applying for the license or all businesses the Prospective Key Employees are in?	B-3.6 refers to the compensation being paid or that will be paid by the Applicant to the Prospective Associated Key Employee.
37	Does the security contractor referenced in C-4.1 need to be union?	No.
38	Is specific redacting of information required or using anonymous names or OK to use company names?	See Trade Secret and/or Infrastructure Form . Applications forms must include correct identifying information for all responses.
39	What documentation specifically is required to satisfy C-5.3 that the Applicant has adequate liquid assets (bank statement, letter from institution, etc.)? How specifically does the applicant demonstrate that an individual's liquid assets are "unconditionally committed" to the use of the Applicant in the event that a dispensary license(s) is awarded (letter from individual, specific wording in a contract, etc.)?	See OAC 3796:6-2-02(B)(4) .
40	C-1.1 - Is submission of a signed Letter of Intent ("LOI") sufficient to represent an "option to lease" under C-1.1? What are the minimum required elements that must be included in an acceptable "option to lease"?	Any letter of intent must conform with OAC 3796:6-2-02(B)(2)(j) .

Ohio Medical Marijuana Control Program

ID	Question	Response
41	C-1.1 - Can the "option to lease" agreement be sufficient even if it includes a provision allowing the property owner the right to lease to someone else prior to the license award (where such right is not exercised by the owner and the applicant receives the license and enters a binding lease agreement)?	The Applicant must demonstrate that the property owner will grant a leasehold interest to the applicant if a provisional dispensary license is issued to the applicant. OAC 3796:6-2-02(B)(2)(j) .
42	C-2.1 What renderings of the site if any are required? Interior, exterior, both, neither?	See OAC 3796:6-2-02(B)(7) .
43	C-1.1 Is there a form or further guidance on what will constitute evidence of the "Applicant's clear legal title" to a particular location?	An Applicant must demonstrate there are no disputes of ownership that would prohibit Applicant from opening a dispensary at the identified location if a provisional dispensary license is awarded.
44	What information specifically needs to be shown on the survey of the surrounding area? Is there a standard format or template or example for this?	No specific type of map is required. However, the survey must contain all required information, be clearly legible and labeled, and may be divided into 8.5 by 11 inch sections.
45	If the locality confirms that the church is closed and/or that the facility is not authorized to be used as a church, would this still be considered a prohibited facility? Does a surveyor need to come out and do a recent survey or can a survey provided by the municipality work?	It is the Applicant's responsibility to ensure that the proposed location is not within 500 feet of a prohibited facility.
46	Is a drive thru required in the submission of the RFA II application or is it optional?	No, a drive through window is not required.
47	Are securities and stocks considered liquid assets?	For purposes of RFA II, publicly traded securities and stocks can be considered as liquid assets; however, securities and stock from closely-held corporations will not be considered liquid assets.
48	When it comes to being 500 ft. from prohibited facilities. Does it count if the building within the 500ft limit is associated with a religious organization? Is a nature preserve included in the prohibited entity proximities per 3796.30? What does the state classify a "school" as? K-12? Are daycares included? Can we have a medical dispensary within 500 feet of a Public State University?	The General Assembly has defined "church," "public library," "public park," "public playground" and "school." See R.C. 3796.30(C) . See also OAC 3796:6-2-02(B)(2)(k) .

Ohio Medical Marijuana Control Program

ID	Question	Response
49	<p>If an applicant has multiple applications it intends on submitting, does that applicant need to submit electronic fingerprint impressions only once through a WebCheck provider and, in turn, can the applicant use that fingerprint check for all the applications they will be listed on?</p> <p>If so, does that also apply if the applicant is applying under different entities?</p>	<p>Prospective associated key employees (PAKEs) need only submit one set of fingerprints for all applications.</p>
50	<p>Can you submit a signed, notarized statement from the owner of such real property that the owner will grant a leasehold interest to the applicant if a provisional dispensary license is issued to the applicant in lieu of an executed lease?</p> <p>If attaching an executed lease, does a signed, notarized statement from the property owner that the owner will grant a leasehold interest to the Applicant on the proposed site need to be submitted separately or can the executed lease be notarized or can you solely submit an executed lease (not notarized)?</p>	<p>Applicants must provide proof they own or control through a leasehold interest in all real property where marijuana will be dispensed OR a signed, notarized statement from the owner of such real property that the owner will grant a leasehold interest to the applicant if a provisional dispensary license is issued to the applicant. See OAC 3796:6-2-02(B)(2)(j).</p>
51	<p>On the Notice of Proper Zoning Form, if the third box is checked on the second page (No zoning approval was applied for and no permit was received at this time.), is any supporting documentation required?</p>	<p>Applicant would need to attach documentation or evidence (e.g., a letter from a zoning official) establishing there is no medical marijuana dispensary moratorium and no special zoning approval is required for the proposed dispensary location.</p>
52	<p>Are there any current resources that show what the average cost of product is and current mark up to help determine the financial projections? Are there any regulations on pricing such as state minimums or price caps?</p>	<p>The State of Ohio does not regulate the pricing of medical marijuana by dispensaries.</p>
53	<p>What are the requirements for a mantrap?</p>	<p>The mantrap must be a double-door entry and exit system that contains different locks on each door and will not permit a person to pass through the second door until the first door is securely locked.</p>
54	<p>For the financial requirements to show proof of funds are there any more resources for these requirements or examples of what type of accounts are acceptable. For example, is a brokerage account acceptable and a statement showing proof of funds sufficient? If so is there particular language that is needed on such statement? And I would assume a 401k is an example of a source of funds that is not acceptable, correct?</p>	<p>See OAC 3796:6-2-02(B)(4). A 401K is not an acceptable source of funds, for purposes of RFA II.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
55	From the example application it doesn't require a background check on potential key employees or stakeholders until a provisional license is awarded. Is that correct or will a background check for these individuals be required for the application?	Background checks at time of application are only required for officers, board members, and owners with at least 10% ownership or voting interest.
56	Is there a statute of limitations of administrative action taken against employees, civil cases against owners and would that penalize or disqualify someone from the application process? Do only cases where judgment has been passed need to be included, or do any pending issues need to be included.	All actions and pending actions must be disclosed.
57	Section D- 2.2 Security and Surveillance: Would an RFID badge reader and a unique code for each employee be considered dual authentication to satisfy the vault access requirement?	Yes.
58	A-1.1 asks for an entity name. Can I apply as an individual without an entity?	See OAC 3796:6-2-02(B)(2)(a)(b)(c) & (d) .
59	May a medical cannabis dispensary applicant's proposed property for application be only drive thru or must there be some space for patients to pick up indoors?	An applicant must have the ability for patients to enter the dispensary for face-to-face interactions. See OAC 3796:6-2-02(B)(7) .
60	A 7 acre lot is attempting to be sub-divided into 1 acre parcels and assigned addresses, and the applicant intends to submit 7 applications for each lot, all ostensibly side-by-side in the same municipality. My question then is whether there is any limitation on this type of activity?	Applications are site-specific and provisional dispensary applicants with any common ownership may not submit more than one application for the same parcel or any adjoining parcels. OAC 3796:6-2-04(C)(1)(a) . If the Board determines an Applicant with any common ownership submitted more than one application for the same parcel or any adjoining parcels, all applications submitted by Applicant will be disqualified.
61	Can one site plan be used and re-used for multiple applications?	Submitted plans must be site-specific. See OAC 3796:6-2-02(B)(7)&(8) .
62	For question C-2.1, Is a man-trap required for the delivery area?	No.
63	For questions A-1.1B, can the business address be a P.O. Box?	Yes.
64	For any question on the application that does not apply, what should applicant indicate (Ex: None; N/A)?	The application notes which questions are mandatory. All mandatory questions must include a response. Optional questions will not require any indication.

Ohio Medical Marijuana Control Program

ID	Question	Response
65	For question C-2.1, what is a day storage area with pass-thru windows?	A day storage area is a location outside of the vault where minimal product is stored prior to sale. A day storage area and pass-through windows must be secure and approved prior to use.
66	For question C-2.1, do waste receptacles need to be in a fenced-in area?	All external refuse containers shall be maintained in a locked condition. OAC 3796:6-3-14(C)(6) .
67	For question B-3.21.1 and B-3.22.1: which types of documents is the Board looking to see uploaded here? (Ex: licenses of other marijuana entities)	A list of all marijuana entities in which the individual had or has an ownership or financial interest, including the name and address of all entities.
68	For B-3.23, is there a limit to the scope of civil disclosures? For example, does the Board want to see tort cases, divorce cases, etc. everything? What does the Board mean by civil action – does this include traffic accidents, business disputes, eviction cases?	If there is any doubt about whether a criminal, civil, or administrative action should be reported, individuals should err on the side of caution and disclose the information. If the Board reviews the information and determines it does not apply, it will not be considered as a factor against the Applicant. The Board would rather have the Applicant disclose the information than to discover it as a potential falsification in the Application.
69	For question C-2.1, is the “mantrap at the ingress/egress from the dispensary department” noted in the application different from a mantrap at the entrance of the exterior of the dispensary?	Yes.
70	For question C-5.2, does a letter from a financial institution indicating that the Applicant has sufficient funds satisfy this requirement or is a bank statement required?	No. See OAC 3796:6-2-02(B)(4)(a)(i) .
71	In the application instructions, District SE-9 appears to be missing from the drawing order. When will that district be drawn?	The Board has not allocated any additional licenses to District SE-9. See page 16 of RFA II Presentation . Therefore, no drawing will occur for that district.
72	To comply with question A-3.10, are disclosures required from an individual with less than 10% ownership in applicant if that individual has an ownership interest in, or is otherwise affiliated with another marijuana entity?	No. Applicants are required to submit the disclosures for each Prospective Associated Key Employee in the application (owner or prospective owner, officer or board member or prospective board member of the entity seeking a dispensary license; only owners or prospective owners with at least 10 percent ownership or voting interest must be included in the application as a Prospective Associated Key Employee).
73	Does every disclosure in Section B-3.22 need to be disclosed in this Section A-3.10? In regards to B-3.22 and A-3.10 on MMCP RFA2 Preview, these questions both seem to be asking the same question about marijuana business ownership. Please elaborate on what may be identical and what may be different between these two questions.	Section B-3.22 applies to individuals (PAKEs) while Section A-3.10 applies to the Applicant.

Ohio Medical Marijuana Control Program

ID	Question	Response
74	Are you able to provide the following: - Geographic concentrations of medicinal cardholders broken down by zip code? - Volume of purchases by either zip code or district?	See Active Patients by Zip Code (current as of October 12, 2021) .
75	With respect to the liquid assets requirement of C-5.5, can applicant issue promissory notes to investors who contributed to the \$250,000 assets required?	This question is under consideration and a response will be provided in the second round of Questions and Answers.
76	What banking options do we have in the state of Ohio for the medical marijuana industry? Are there any regional banks that the board is aware of that allows for the transfer of funds from the profits of this industry?	The Board cannot provide banking advice or recommendations.
77	Question C-2.1 requires a site-specific plan, do security & camera details/features need to be shown on the interior and exterior of the site plan?	Camera details/locations and other security features not specifically identified in C-2.1 do not need to be included in the site-specific plan. Applicants must attest in D-2.2 that they will comply with all security requirements.
78	Will a map drawn to scale by a state-licensed architect be sufficient to show our compliance with minimum setback requirements?	Yes.
79	For question B-3.19, if you do not have any U.S. Identification, which form of verification of identity would you like that individual to submit? For question B-3.19: Does an individual need to submit a passport and a driver's license, or a passport or a driver's license?	An individual who does not have U.S. identification may submit their birth certificate, driver's license, or passport. Individuals must submit EITHER a passport or a driver's license, not both.
80	Is there a place in the application where the Board is expecting to have a list of every owner in applicant, including those with less than 10% interest, so that 100% ownership of applicant is accounted for?	In A-4.1, Applicants must attach an organizational chart showing ALL owners, officers, and board members of the provisional dispensary applicant, irrespective of the amount of ownership interest. However, B-3.1 through B-3.28, only needs to be completed by PAKEs (including owners with at least 10% ownership interest).
81	For a dispensary that has LLCs as partial owners, does the LLC have to fill out the Key Associated Employee Form (Section B of the app)? If yes, who from the LLC that is a partial owner has to fill out the Key Associated Employee form?	See OAC 3796:6-2-03 .

Ohio Medical Marijuana Control Program

ID	Question	Response
82	For the proposed budget in section C.3.1, will the State audit the licensees to ensure the budget is followed exactly, or will the licensee have flexibility in the actual conduct of their finances? For instance, if the licensee spends less or more than what is budgeted, will there be a penalty?	In requiring submission of a budget, the Board seeks to ensure that the Applicant is actually able to cover the costs to staff, equip, and operate the medical marijuana dispensary. Funds from sources not identified in the application may not be used, absent approval from the Board.
83	With respect to the requirement of a “vault in conformance with CFR 1301.72(a)(3)”, can you provide guidance as to what is meant by “other substantial masonry” that can be utilized instead of reinforced concrete as indicated by that CFR section. For example, do vault walls constructed of steels studs with wire mesh and other construction layers satisfy this requirement?	The Board cannot provide additional guidance on a federal rule. Pursuant to that rule, the walls, floors, and ceilings of which the vault are constructed must be of at least 8 inches of reinforced concrete or other substantial masonry, reinforced vertically and horizontally with 1/2-inch steel rods tied 6 inches on center, or the structural equivalent to such reinforced walls, floors, and ceilings.
84	After reviewing the NE-6 it appears that BOP states there are 3 licenses in that region. We are only aware of 2. One in Mahoning and one in Trumbull I county. Can that be confirmed, corrected or denied? Also, if that is the case, can it be confirmed that there will be 4 new provisional licenses in that region and not 3?	Up to four (4) licenses will be awarded in NE-6 in RFA II.
85	Will multiple drive thru windows be allowed? For example, could someone purchase a bank building and use the multiple pneumatic tubes (1 - 5 lanes) to deliver their various products to customers. Assuming video conferencing per pneumatic station is offered.	The rule regarding drive through windows has not yet been finalized. The Board is still considering drive through window security requirements and will offer a draft rule for public comment, in accordance with Ohio administrative rule-making requirements. Provisional dispensary licensees may work with their assigned agent to ensure adequate security measures are in place prior to any certificate of operation being issued.
86	How does the Board define Liquid Assets?	See OAC 3796:6-2-02(B)(4)(a) (liquid assets shall be unencumbered and capable of being converted to cash within thirty days after a request to liquidate such assets).
87	Does rule 4729:5-21-01 have to be written into a proximity certification letter to be approved?	Applicant must demonstrate that the proposed dispensary is at least 500 feet from all prohibited facilities, including an opioid treatment facility. See OAC 3796:6-2-02(B)(2)(k) .
88	When will the Department provide specific regulations regarding Drive-Thru Window's for a cannabis business?	The rule regarding drive through windows has not yet been finalized. The Board is still considering drive through window security requirements and will offer a draft rule for public comment, in accordance with Ohio administrative rule-making requirements. Provisional dispensary licensees may work with their assigned agent to ensure adequate security measures are in place prior to any certificate of operation being issued.

Ohio Medical Marijuana Control Program

ID	Question	Response
89	How long will it take the Board to award licenses?	Following the drawing, the Board will review the applications that were ranked high enough on the district drawing lists. The Board will attempt to complete this process as quickly as possible, while ensuring that all applicants awarded a provisional dispensary license are compliant with all application requirements, RC Chapter 3796, and OAC 3796.
90	Does a full background check have to be completed prior to submission of the application? Do the background check results need to be received by the Board by the time of application submission for the dispensary application to not be deemed abandoned/incomplete?	The Board urges individuals to submit fingerprints for BCI and FBI criminal records checks as early as possible, maintain proof of submission, and appear in person at a WebCheck provider to avoid delay. All background check results must be received by the Board before provisional dispensary licenses are awarded.
91	If an address has not been assigned to an undeveloped parcel of land where the applicant proposes the dispensary, will the parcel # suffice as the Address that is required throughout the application?	Yes.
92	How will the drawing/selection of qualified applications be conducted? What is the manner in which the randomized lists are generated for each district? How will this be communicated to the public to ensure complete transparency with respect to the actual drawing/lottery?	The Board may issue additional guidance specifying the drawing procedures that will be used. If such guidance is issued, it will be issued no less than twenty-one (21) calendar days prior to the drawings.
93	For purposes of C-1.1 and O.A.C. 3796:6-02-02(B)(2)(j), does a fully executed Letter of Intent with a 30 day period to negotiate and sign a Purchase Agreement between Seller and Buyer that lists the award of a provisional license as a contingency suffice to meet the "option to purchase or lease the proposed site and facility" language in C-1.1?	Applicant must provide proof establishing ownership of the real property. See OAC 3796:6-2-02(B)(2)(j) . Transfer of ownership may be contingent upon Applicant's receipt of a provisional dispensary license but there may be no other contingencies or negotiations required.
94	If an applicant intends to operate under a different name than the legal entity name listed on the application, does the DBA name need to be submitted as part of the application? Are you required to list a trade name under A-1.2? What if you haven't decided yet?	A-1.2 is an optional question that Applicant should complete if they have an existing DBA.

Ohio Medical Marijuana Control Program

ID	Question	Response
95	<p>Can a single application's proposed location cover multiple parcels of undeveloped land, as long as the applicant can demonstrate they own the parcels that make up the site in that single application?</p> <p>a. Example: Applicant owns parcels 1, 2 and 3 that are side-by-side-by-side and plans to use all three as site plan for the proposed dispensary in just one application.</p> <p>b. To clarify, this would be a single application on multiple smaller parcels so it doesn't run afoul of O.A.C. 3796:6-02-04(C)(1)(a) prohibiting multiple applications on the same parcel or adjoining parcel where there is any shared ownership of applicants.</p>	<p>Yes. Multiple parcels may be used as the site for a single dispensary; however, all parcels must be at least 500 feet from a prohibited facility and opioid treatment facility. 500 feet will be measured using the shortest distance between the closest point of the external boundaries of any parcel having situated on it a prohibited facility or opioid treatment facility and the external boundaries of any parcel having a prospective dispensary situated on it. See OAC 3796:6-2-02(B)(2)(I).</p>
96	<p>Please provide and/or clarify definition of 'common ownership.'</p>	<p>For purposes of OAC 3796:6-2-04(C)(1)(a), applicants with "common ownership" means applicants who have any shared owner.</p>
97	<p>May one person/entity capitalize more than one entity/applicant?</p>	<p>There is no limit to the total number of applications that may be submitted by any Applicant, except applications are site-specific and applicants with any common ownership may not submit more than one application for the same or adjoining parcels. There are, however, limitations on the number of dispensaries that a person may own. OAC 3796:6-2-04(C)(1)(a)</p>
98	<p>Can a letter of intent be submitted alone to fulfill the requirement that shows unconditional commitment of liquid assets from an individual or do the assets of the individual also need to be certified by a CPA or the bank?</p>	<p>If an Applicant is relying on money from an owner, officer, or board member, evidence that the individual has unconditionally committed such money to the use by the provisional dispensary Applicant and account statements from a qualifying institution dated no earlier than 30 days prior to the date the application was submitted. See OAC 3796:6-2-02(B)(4).</p>
99	<p>If the applicant finds a better source of funds after being issued a provisional dispensary license, e.g. applicant finds a loan at a lower interest rate, will the Board be amendable to allowing other funds to be used for the project, as long as those sources are disclosed according to the standards of the Board and the State of Ohio? What would the Board estimate the timeline for approval of a new source of funds to be?</p>	<p>The use of funds from sources not disclosed in the application is prohibited unless the applicant obtains approval from the board. See OAC 3796:6-2-02(B)(4)(b).</p>
100	<p>I am trying to determine the individual with authority to sign on behalf of the local government or zoning office for the Notice of Proper Zoning Form to establish a medical marijuana dispensary in Columbus, Ohio.</p>	<p>This form must be signed by an individual with authority to sign on behalf of the local government or zoning office where the Applicant proposes to locate its dispensary.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
101	In regards to A-3.6-3.8 on MMCP RFA2 Preview, if applicant is a new business entity and not currently doing business in the State of Ohio, will applicant need to enter: Ohio Unemployment Compensation Account Number, Ohio Department of Taxation Number, or Ohio Workers' Compensation Policy Number, and if we do not need to enter should we leave that answer blank, or write "N/A" or some other phrase?	These questions are not mandatory and may be left blank.
102	In regards to C-4.2 on MMCP RFA2 Preview, we are asked to attach a detailed timeline for hiring and staff training to ensure compliance with rule 3796:6-2-04. This is a long rule with many subsections, what subsections of this rule is the Board referencing in this request?	The Board is referencing subsection OAC 3796:6-2-04(L) .
103	In regards to C-5.2 on MMCP RFA2 Preview, we are asked to disclose: a. Type of capital b. Source of capital c. Name and address of financial institution d. Account number Will this information be kept confidential? Banking is fraught in the medical marijuana industry. Disclosing banking account numbers not only invites fraud, but could cause certain applicants to lose their access to banking. Do we need to file the "Trade Secret and/or Infrastructure Form" to keep our sources of funds confidential?	Applicants need not identify social security numbers or bank account numbers as being confidential on the trade secret and infrastructure form. Under R.C. 149.43(A)(1)(dd) and R.C. 149.45, social security numbers and bank account numbers are not subject to release in a public records request. Under R.C. 149.45, the Board is not permitted to publish social security numbers or bank account numbers on the internet.
104	Can an applicant use an approved line of credit from an established financial institution as an acceptable form of liquid assets for the application?	This question is under consideration and a response will be provided in the second round of Questions and Answers.
105	In regards to A-3.10 on MMCP RFA2 Preview does "Affiliate" or "Affiliated with" include a person who is simply employed by a marijuana business, but does not have the power or right to control, or holds with the power to vote, an ownership interest in a licensed or prospective marijuana business?	"Affiliate" or "affiliated with" means any holding company or institutional investor or any individual, partnership, corporation, association, trust or any other group of individuals, however organized, which directly or indirectly owns, has the power or right to control, or holds with the power to vote, an ownership interest in a licensed or prospective marijuana business.

Ohio Medical Marijuana Control Program

ID	Question	Response
106	In regards to B-3.19 on MMCP RFA2 Preview, will both the front and the back of a State issued Driver’s License be required? Or only the front?	Only the front of the license is required.
107	The instructions state that no more than 66% of available licenses in a dispensary district will be awarded to a single applicant. Does this mean that an Applicant cannot receive two licenses in a district with three available licenses?	Yes.
108	Can we make changes to floor plans or site plans once licensed?	Generally, a licensee must operate in accordance with the representations made in its application. See OAC 3796:6-3-01(A) . However, pursuant to OAC 3796:6-4-10 , a licensee may apply for a variance.
109	For C-2.1A, C3.1, and C3.1.1, How detailed do the budgets need to be? Is there an example? Can we simply write out a dollar amount for total employee costs or do we need to have it broken down by position?	Per OAC 3796:6-2-02(B)(9) , any submitted budget shall include the projected costs to staff, equip, and operate the medical marijuana dispensary for the time periods set forth in rule. Applicant must also provide a site-specific construction or renovation budget. See OAC 3796:6-2-02(B)(8) .
110	Are we required to use an architect licensed in Ohio for the floor plan/construction budget or can it be certified architect from other state that can oversee the entire process and work with local architect as needed?	The architect must be licensed in Ohio.
111	Is an option to acquire ownership contingent on an applicant winning a license included in this definition of common ownership?	Yes.
112	If someone has convertible debt, is that considered common ownership for this section?	This question is under consideration and a response will be provided in the second round of Questions and Answers.
113	Is a royalty agreement considered common ownership for this section?	Generally, no. However, a royalty agreement that is tied to the amounts of revenue or profits from a dispensary may be considered to be <i>de facto</i> ownership
114	How much capital above 250,000k per application do we need to show? If we are in a zone that has 2 licenses, the most we can win is 1. If we turn in two applications to better our odds, do we have to show financial capital for each application or only for the one license that we can win?	The applicant must demonstrate it has adequate liquid assets for all licenses the applicant is willing to accept. The total amount of liquid assets must cover all expenses and costs identified C-5.3, but the total amount of liquid assets must be no less than \$250,000 per license. (Example: If Applicant will accept 3 licenses, Applicant must have no less than \$750,000 in liquid assets. If Applicant’s costs identified in Questions C-2 and C-3 will be \$1 million per location, Applicant must have no less than \$3 million in liquid assets.)

ID	Question	Response
115	<p>Question B-3.24 asks a Prospective Associated Key Employee (PAKE) to list any criminal, civil, or administrative action taken against any marijuana entity that the PAKE is or was previously associated with. This information is not always publicly available, shared with individuals who were previously associated with a medical marijuana entity, or accessible to PAKEs (for instance, if a PAKE previously worked as a low-level dispensary agent, the PAKE may have never been informed of actions taken against her employer in other jurisdictions). This problem raises several questions about item B-3.24:</p> <p>a. If the PAKE does not have access to actions taken against current or previous marijuana entities, how should the PAKE respond to this question?</p> <p>b. If the PAKE is unable to determine whether a marijuana entity they were previously associated with had a criminal, civil, or administrative action taken against them, how should the PAKE answer this question?</p> <p>c. Please clarify what the Board means by the phrase “previously associated with;” i.e., does this phrase include a previous employment (such as a low level dispensary agent), a previous consultant or vendor relationship, a previous ownership interest (and if so, is there a threshold that must be met)?</p>	<p>The individual completing the PAKE form should exercise due diligence in ensuring they know the answers to all required questions. If there is any doubt about whether a criminal, civil, or administrative action should be reported, individuals should err on the side of caution and disclose the information. If the Board reviews the information and determines it does not apply, it will not be considered as a factor against the Applicant. The Board would rather have the Applicant disclose the information than to discover it as a potential falsification in the Application.</p>
116	<p>Many individuals buy and sell low percent equity positions in publicly traded marijuana entities located in both Ohio and other jurisdictions. Accordingly, many owners of dispensary Applicants will likely own less than 10% of publicly-traded stock in other marijuana companies. As it relates to question A-3.10, must an Applicant answer “yes” if the affiliation with other marijuana entities is the fact that an owner of the Applicant owns less than 10% of another publicly-traded marijuana entity?</p>	<p>No.</p>
117	<p>Will dumbwaiters be okay to use instead of a pass through window to move inventory, this is for C-2.1</p>	<p>A day-storage area with a pass-through window(s) is required. See OAC 3796:6-2-02(B)(7)(f).</p>
118	<p>Can/how applicants redact application information other than filling out the trade secret form?</p>	<p>Applications that are submitted may or may not be public records and subject to disclosure under the Ohio Sunshine Laws. Please review the Trade Secret and/or Infrastructure Form.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
119	If an applicant's proposed parcel for a dispensary is currently undergoing a lot split, must the lot split be completed before submitting an application, or can it occur after submitting an application? If afterwards: (a) how should the applicant document the split; and (b) for purposes of determining distance from prohibited facilities, should the applicant use the current parcel lines or the post-lot split parcel lines?	Any lot split must be completed prior to submission of the application.
120	Question C-2.1 requires applications to provide a site-specific plan showing a mantrap "at any ingress/egress from the dispensary department." Does this requirement include showing a mantrap between the dispensary department and areas restricted to dispensary employees, such as the fulfillment area?	A mantrap is only required at an ingress/egress from the dispensary department accessible by a patient/caregiver.
121	Do prospective associated key employees (PAKE) who are either (a) currently licensed as an associated key employee (AKE); or (b) enrolled in the Ohio Attorney General's retained applicant fingerprint database (Rapback) need to undergo another background check for the application process?	A PAKE who has had background checks provided to the Board of Pharmacy within the last 12 months of the date of the application does not need to undergo additional background checks for the application process.
122	Many Ohio Applicants likely have applied for marijuana business licenses (such as cultivator, processor, dispensary, testing laboratory, delivery, or distribution licenses) in other state licensing rounds, and the requirement to identify each respective application, entity, regulator body, etc., would be unduly burdensome. For purposes of questions B-2.1, B-3.21, B-3.22, B-3.24, and B-3.25, must an Applicant or PAKE disclose instances where marijuana license applications were denied by state regulators as part of a state's regular application process?	Yes.
123	For purposes of C-3.1.1, must an Applicant include payment obligations that are not due until after the 4 month period specified in this question in the Applicant's budget? For example, must an Applicant include lease payments that do not begin until the sixth month after a certificate of operation is issued or inventory payments that are on 90-day payment terms (and thus some would not be due until after the 4 month period has expired)?	No.

Ohio Medical Marijuana Control Program

ID	Question	Response
124	Question C-5.3 asks applicants to demonstrate that they have sufficient liquid assets by providing documentation from a financial institution. During the period of time between submission and applications and issuance of licenses, must individuals keep these liquid assets in the documented account? For example, if an applicant provides a checking account statement showing they have the required funds, may these funds be moved from that account so long the account holder provides the necessary funds required by the submitted budget if a license is issued by the Board?	The use of funds from sources not disclosed in the application is prohibited unless the Applicant obtains approval from the board. See OAC 3796:6-2-02(B)(4)(b) . Therefore, Applicant must retain the funds – in the same form identified in the application- for use to fund the dispensary, if a provisional dispensary license is awarded.
125	For purposes of Ohio Admin. Code. 3796:6-2-02(4)(b), does “sources” refer to the individual providing the funds, or the account from which the funds are provided? For example, if John Doe agrees to loan money to an Applicant from a Wright-Patt Credit Union account as part of the application, may the Applicant ultimately use funds from John Doe’s Middlefield Bank account without needing prior Board approval?	This question is under consideration and a response will be provided in the second round of Questions and Answers.
126	Question C-5.3 asks applicants to demonstrate that they have sufficient liquid assets by providing documentation. If an application is using a line of credit to meet their liquid asset requirement, does the board need an account statement showing the funds in the account or is a letter from the lender unconditionally committing the line of credit to the applicant sufficient?	This question is under consideration and a response will be provided in the second round of Questions and Answers.
127	To the extent that RFA I & RFA II are the same or similar, can applicants rely on answers given to questions in RFA I Q&A periods 1 and 2 for RFA II?	No. Only the Q&A associated with RFA II are controlling for RFA II.
128	If the individual is an attorney and provides confidential consulting services under the laws of another state, the disclosure of this list would violate that state’s laws. Is there an exception for a licensed attorney to maintain a confidential list of clients given this question? (B-3.21)	If the answer to B-3.21 is “yes,” a response to B-3.21.1 is mandatory. Attorneys should contact their governing bar association or attorney licensing authority for questions related to attorney/client privilege.

Ohio Medical Marijuana Control Program

ID	Question	Response
129	If a Landlord (not Affiliate) has agreed to provide tenant improvements in a Leasehold Agreement as a condition of the Lease but at the final design and decision making direction of the Applicant, does the Applicant have to provide evidence of the Landlord's available capital?	Maybe, depending on the terms of the agreement(s).
130	Question C-5.3 asks applicants to “demonstrate that they have liquid assets to cover the construction or renovation costs identified in Question C-2 of this application.” If an applicant has agreed with their dispensary landlord that the landlord will construct or renovate the proposed dispensary location, does the landlord need to show the landlord has sufficient funds to cover the cost of this construction or renovation? If so, what documentation would the landlord need to provide to demonstrate they have sufficient funds for the construction or renovation?	Maybe, depending on the terms of the agreement(s).
131	C-2.2 - Could you provide examples of evidence to submit? Would a cover letter stating we are in compliance work?	Applicant must attach a completed Notice of Proper Zoning Form and any required attachments.
132	B-2.1 - Is it what is listed in B-2.1 the only thing listed as a qualifying offense? I ask because 3796:6-2-04 states H(1) (1) Submits an application containing one or more associated key employees who has a conviction for, judicial finding of guilt of, or plea of guilty to a disqualifying offense. A dispensary may disassociate with a prospective associated key employee for failure to comply with Chapter 3796. of the Revised Code and this division only upon approval from the state board of pharmacy. Please provide more clarification.	See Disqualifying Offenses for Application for Licensure or Registration .

Ohio Medical Marijuana Control Program

ID	Question	Response
133	B-3.26 Is it only individuals with 10% ownership or more that needs a criminal record check or are there any other requirements? I ask because Section 3796.12 Criminal records check . (B)(1) As part of the application process for a license issued under this chapter, the department of commerce or state board of pharmacy, whichever is issuing the license, shall require each of the following to complete a criminal records check: (a) An administrator or other person responsible for the daily operation of the entity seeking the license; (b) An owner or prospective owner, officer or prospective officer, or board member or prospective board member of the entity seeking the license. Please provide more clarification.	Background checks at time of application are only required for owners or prospective owners with at least 10% ownership or voting interest, officers, and board members. Criminal background checks will be required of additional individuals before the Board can award a certificate of operation.
134	Does the property owner consent form need to indicate that the property is being used for marijuana?	Per OAC 3796:6-2-02(B)(2)(j) , Applicant must provide an executed lease or a or a signed, notarized statement from the owner of such real property that the owner will grant a leasehold interest to the applicant if a provisional dispensary license is issued to the applicant.
135	Are the roles/duties of each position required in the Organizational Chart in the business plan, or can there be a key below that describes each position?	A key is acceptable.
136	Could the issuance of non-voting, preferred equity to Applicant's owners in a ratio that differs from the Applicant's owners' common ownership trigger an impermissible change in ownership under Rule 3796:6-2-12 of the Ohio Administrative Code if the voting, common equity interests remain unchanged from that disclosed on the application?	This could trigger a change of ownership pursuant to OAC 3796:6-2-12 .
137	If Applicant hires a dispensary manager (who is not mentioned in the application) who is responsible for interviewing and hiring employees, will that trigger an impermissible change in ownership under Rule 3796:6-2-12 of the Ohio Administrative Code, if a person mentioned in the application ultimately has final sign off on such hires?	This could trigger a change of ownership pursuant to OAC 3796:6-2-12 .
138	I have been told that groups that already have dispensaries are putting those dispensaries up for sale in order to win additional dispensaries. Is the state going to count dispensaries under contract for sale (but not yet transferred) towards the 5 dispensary cap?	If the change of ownership has not yet been completed and approved by the Board at the time the application is submitted, any currently owned dispensaries will count against the 5 license limit.

Ohio Medical Marijuana Control Program

ID	Question	Response
139	Is a shareholder of a publicly traded cannabis company (e.g. Canadian corporation on the CSE) required to disclose every stock, share, voting right, or investment held? (B-3.22)	Only stock, share, voting right, or investment holdings of at least 10% must be disclosed.
140	Does the applicant require a 10% owner that is either a pharmacist or physician?	No.
141	Is the “designated representative” required to reside in Ohio or be a current Ohio resident? Does the representative have to also be a “Key Employee?” Are there any requirements on hours worked within the dispensary or can the oversight be completed remotely/out of state?	See OAC 3796:6-3-05 .
142	Can we include JUST the last 4 of an account number, rather than full account numbers, for the proof of funds? For security purposes, full account number is a big liability.	No, applicants must provide all requested information. However, under R.C. 149.43(A)(1)(dd) and R.C. 149.45, social security numbers and bank account numbers are not subject to release in a public records request.
143	How many new dispensaries does Cuyahoga County have to be awarded? Will it be less than 7 due to the newly awarded license announced recently?	7 new dispensary licenses have been allocated to NE-2 district. The newly awarded license did not affect this allocation.
144	Will the State of Ohio allow an applicant to choose which location within a district they wish to open (if applicant has multiple locations within the district)?	<p>No. Applicants do not have the discretion to choose which location within a district they wish to open.</p> <p>By submitting more applications than an Applicant is willing to accept or more applications than an Applicant is permitted to be awarded, an Applicant acknowledges that the Board will review applications and award licenses in the district order set forth in Section IV of the 2021 Request for Applications and Dispensary Application Instructions. If ranked high enough to receive more licenses than the Applicant is willing to accept or permitted to receive, the Applicant does not have the discretion to choose which license it will be awarded and must be prepared to accept a license at any location(s) where it has applied. Applicants shall not be permitted to forfeit a license in an earlier drawn district or, in a district where multiple licenses are available, drawn earlier in the district drawing, in order to accept a provisional dispensary license in a later drawn district or later in the drawing of a multiple license district. Additionally, applications are site-specific and an Applicant cannot choose to open at a different location.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
145	Will a surveyor need to certify the distance from prohibited facilities or can an architect also certify proximity from prohibited locations?	Either a surveyor or an architect may certify the distance between the proposed dispensary and any prohibited locations.
146	Is a site plan required or just a floorplan with the exterior view? Is it required for a new build?	Applicants must provide a site-specific plan for the proposed dispensary location showing the interior and exterior of the proposed facility, drawn to scale with square footage clearly illustrated. It is required for renovated locations as well as new builds.
147	When referencing the section on site specific plans, it lists “plans showing the interior and exterior” – I want to clarify that building elevations are not required, just exterior site plan elements.	Correct.
148	What does the “Permit” box on the Notice of Proper Zoning refer to, the building permit for construction, zoning permit or some other permit and do any of the boxes disqualify an application if checked? There are townships that do not require zoning or building permits and do not issue them; we want to ensure that checking any one of the three boxes will not automatically disqualify an application.	The Applicant must submit a completed Notice of Proper Zoning Form and demonstrate: (1) that no moratorium is in effect that would prohibit the applicant from operating a medical marijuana dispensary at the proposed location; (2) confirmation that the proposed dispensary location is in compliance with any local zoning requirements; and (3) if a special use permit is required, the permit has been applied for or cannot yet be applied for at the time of the application submission.
149	What security requirements will be needed to receive a license?	To receive a certificate of operation, a dispensary must comply with all security requirements in R.C. Chapter 3796 and rules adopted thereunder, and RFA II. The dispensary must also pass final inspection.
150	Please confirm there is no requirement for a descriptive operations plan, e.g. transportation, quality control, etc., to enter the lottery.	Correct.
151	Are applicants permitted to submit more than one diagram for C-2.1, e.g. separating the floor plan from the site plan?	Yes.
152	If applicants are unable to visit WebCheck provider in person in Ohio, will submission of fingerprints using the BCI and FBI fingerprint cards on Nov 4th adversely impact the application?	No. However, the Board urges individuals to submit fingerprints for BCI and FBI criminal records checks as early as possible, maintain proof of submission, and appear in person at a WebCheck provider to avoid delay. All background check results must be received by the Board before provisional dispensary licenses are awarded.
153	Will the Board of Pharmacy engage applicants between Nov 4 and 18 with questions or feedback on their applications (i.e., is there a benefit to submitting on Nov 4 versus Nov 18)?	No.

Ohio Medical Marijuana Control Program

ID	Question	Response
154	C-2.1A: Does the construction budget have to use the 50 divisions of construction information found in the Construction Specifications Institute's MasterFormat (2018 version)?	Yes.
155	What is the definition of: Type of Capital What is the definition of: Source of Capital What is the difference between the two? How are they to be filled out on the application?	Applicants must identify the kind of capital (e.g., cash, stock) and where the capital is located (e.g., money market account at XX Bank). Applicants must identify: type of capital, source of capital, the name and address of the financial institution, and the account number for all financial sources used.
156	Is an applicant who successfully draws more licenses than the applicant can legally accept under the five-dispensary ownership limits given any discretion to choose which licenses that the applicant prefers, or does the Board of Pharmacy select the licenses to award the applicant within the limit in the order that they are drawn?	The successful Applicant does not have any discretion to choose which license(s) the Applicant prefers. The licenses will be awarded in the district order in which they are drawn. Once an Applicant has met the license limit (total state limit, limit within district, or limit based on financial resources), no additional licenses will be awarded, and the next eligible Applicant will be considered.
157	Assuming that an individual does not have control, management or influence over a dispensary that currently holds a certificate of operation, if said individual owns, indirectly through a public entity, less than 10% interest in such dispensary, can the individual be awarded up to 5 <i>additional</i> dispensaries in which s/he owns 10% or more? Assuming that an individual does not have control, management or influence over a dispensary that currently holds a certificate of operation, if an individual owns, indirectly through a private entity, less than 10% interest in such dispensary, can the individual be awarded up to 5 <i>additional</i> dispensaries in which s/he owns 10% or more?	Per OAC 3796:6-2-03 , the requirements concerning ownership of medical marijuana dispensaries only apply to a person with an aggregate ownership interest of 10% or more in a dispensary.
158	For purposes of Rule 3796:6-2-02(B)(5)(b)(vii) and RFA2 Preview Question B-3.22, what are the definitions of "ownership interest" and "financial interest"? (i.e., Do the definitions in Rule 3796:1-1-01 apply?)	Only ownership and financial interests of at least 10% must be disclosed.

Ohio Medical Marijuana Control Program

ID	Question	Response
159	Does OAC Rule 3796:6-2-13 "Request to relocate a dispensary" apply to provisional licenses? E.g. If I submit applications for site A and site B, which both satisfy all licensing requirements, and am awarded a provisional license for site A, can I request that the provisional license be relocated to site B?	No.
160	The published MMCP RFA2 is labeled as "Preview". What additional content is expected and when will the final draft be published?	The RFA application period will be open from November 4 th at 8 am to November 18 th at 4pm. The final version of the application will be available at that time. The application is expected to be substantively the same as the preview but the Board may reword one or more questions to make them more clear.
161	In Question A-1.1A that asks "Upload articles of incorporation or other documents here", should we upload documents for both our Holding Company and our License-holding Applicant entity?	The application only requires the articles of incorporation or other documents for the entity that will hold the license.
162	When the Board asks for the full business address in Q A-1.1B, does the Board want the address for the license-holding company (Applicant entity) or its Holding Company or both? Further, if the Applicant-entity is filed in a different state, but filed in Ohio as a foreign entity, should we put our Ohio address?	Include the address for the license-holding company, regardless of where it is located.
163	In question's A-1.7 and A-1.8, may we put the Primary Contact's email and phone, if we do not have a company phone number and email yet?	Yes.
164	Question A-3.10 and A-3.10.1, if Applicant entity is applying for multiple Ohio medical dispensaries, does that qualify as "prospective" and will need to be included here?	No.
165	Should applicants redact PII to avoid disclosure of personal information like SSN or account numbers on the financial documents from being disclosed to the public, or will this happen automatically by the Board after the awards are made if those documents become publicly available? This is a grey area in the request for protection under the Trade Secret or Infrastructure form.	Applicants need not identify social security numbers or bank account numbers as being confidential on the trade secret and infrastructure form. Under R.C. 149.43(A)(1)(dd) and R.C. 149.45, social security numbers and bank account numbers are not subject to release in a public records request. Under R.C. 149.45, the Board is not permitted to publish social security numbers or bank account numbers on the internet.
166	Does "Registered Agent" In Questions A-2.1 through 2.10 mean the Registered Agent for the Business on file?	Yes.

Ohio Medical Marijuana Control Program

ID	Question	Response
167	If Registered Agent is a Company, do we just fill out the First Name box with the Company Name and write N/A for Middle Name and Last Name?	Yes.
168	How much does previous experience matter? Do larger companies with more experience, contractors, investors, capital, professional parties have an advantage over smaller companies?	There is not a threshold or qualifying score that applications must meet or a scoring rubric, nor is there an advantage for larger companies over smaller companies. Any Applicant that ranks high enough in the drawing and can demonstrate compliance with Chapter 3796 of the Revised Code and the rules adopted thereunder, compliance with RFA II, and that it is not license limited, is eligible for issuance of a provisional dispensary license. See OAC 3796:6-2-04 .
169	Given the restrictions on changing ownership during the first year of operation (Rule 3796:6-2-12; Rule 3796:6-2-12(c)), would it be accurate to say that applicants selected during this RFP period would be unable to franchise a location during the first year of operations if either the franchisor or franchisee is not named in the original application?	Pursuant to OAC 3796:6-2-12(A) , only a dispensary that has engaged in medical marijuana dispensing under a certificate of operation for a continuous twelve-month period is eligible to apply for a change of ownership.
170	Questions C-2.1 and C-2.2 state that the responses "shall be prepared by the contractor or architect for the project." Are applicants prohibited from utilizing a different contractor or architect to complete the project due to normal business reasons, should they be selected in the lottery?	Generally, a licensee must operate in accordance with the representations made in its application. See OAC 3796:6-3-01(A) . However, pursuant to OAC 3796:6-4-10 , a licensee may apply for a variance if needed.
171	Will affirmative responses to questions B-2.1, B-3.21, B-3.23, B-3.24, and/or B-3.25 (assuming such responses do not include a disclosure of a disqualifying offense) disqualify an Applicant from receiving a dispensary license from the Board of Pharmacy?	Affirmative responses to these questions (assuming such responses do not include disclosure of a disqualifying offense) will not automatically disqualify an Applicant from being awarded a provisional dispensary license. Determinations will be made on a case by case basis.
172	Can one landlord enter into contingent leases with more than five applicant entities if the landlord is funding the full build out and construction of the facility but does not have an ownership interest in any of the applicant entities?	Maybe, depending on the terms of the agreements.
173	Can a lender commit funds to more than five applicants, and if so, is the applicant required to demonstrate that the lender has access to sufficient capital that would fund each applicant's proposed operations?	This question is under consideration and a response will be provided in the second round of Questions and Answers.

Ohio Medical Marijuana Control Program

ID	Question	Response
174	Can one entity with \$10,000,000 in a bank account conditionally finance 20 different applicant entities without violating the common ownership or common affiliation prohibition in the case that all 20 applicant entities were selected in the lottery?	This question is under consideration and a response will be provided in the second round of Questions and Answers.
175	If a landowner owns a large section of land that is divided into 10 different parcels, could the same applicant entity apply at every other parcel of land so that the parcels are not considered adjacent?	There is no limit to the total number of applications that may be submitted by any Applicant, except applications are site-specific and applicants with any common ownership may not submit more than one application for the same or adjoining parcels.
176	The rules and application state that “Applicants with any common ownership may not submit more than one application for the same parcel or any adjoining parcels.” However, the application instructions also state that in determining whether an Applicant has violated Ohio Adm.Code 3796:6-2-04(C)(1)(a), the Board will examine whether even a single common owner, as defined in Ohio Adm.Code 3796:6-2-03, is identified in multiple applications. (Emphasis added) Ohio Adm.Code 3796:6-2-03 defines an owner as having 10% or more ownership interest. Can an individual own 1% of 10 different applicant entities if that is the only common ownership between the applicant entities or would the 1% common ownership violate Ohio Adm.Code 3796:6-2-04(C)(1)(a)?	For purposes of OAC 3796:6-2-04(C)(1)(a) , applicants with “common ownership” means applicants who have any shared owner.
177	The above Q&A is from RFA 1, since spouses are permitted, according to the above answer provided, to separately own, and more importantly control, up to 5 provisional dispensary licenses, my questions is: YES OR NO , can they both apply separately for the same/identical proposed dispensary address?	Spouses (or other relations) may each control up to five dispensary licenses; however, the spouses (or other relations) may not rely on the same assets for their respective applications. If spouses (or other relations) rely on the same assets for multiple applications for the same or adjoining properties, the Applicants will be considered common owners and all applications submitted by those individuals will be disqualified.
178	Are printouts of online banking records acceptable to demonstrate liquidity and meet the evidence requirements of question C-5.3?	Yes, pursuant to OAC 3796:6-2-02(B)(4)(a)(i) , applications must contain account statements dated no earlier than thirty days prior to the date the application was submitted, from an institution in this state, or any other state in the United States, United States territory, or the District of Columbia.

Ohio Medical Marijuana Control Program

ID	Question	Response
179	If I am subleasing my proposed site, do I need to get a signed, notarized statement from the property owner, or from the entity I am subleasing the property from? C-1.1 does not appear to contemplate subleases, and it does not appear that the property owner would be able to give a signed, notarized statement promising to grant a leasehold interest if they are not the entity we are leasing from.	Notwithstanding the terms of a particular lease or sublease, an applicant must submit proof establishing that the provisional dispensary applicant owns or controls through a leasehold interest in all real property where marijuana will be dispensed, or a signed, notarized statement from the owner of such real property that the owner will grant a leasehold interest to the applicant if a provisional dispensary license is issued to the applicant.
180	Are we allowed to lease a property from a company that intends to purchase a viable property and has that property under a current purchase agreement or purchase option at time of submission? At that point what is required for the application, a signed notarized lease from the company that is purchasing the property or intends to purchase the property at time of application submission?	No. For purposes of OAC 3796:6-2-02(B)(2)(j) , "property owner" means the property owner at the time the application was submitted to the Board.
181	Can a vault be on an interior wall that is adjacent to another tenant in a plaza so long as other security requirements are met?	Applicants must submit site-specific plans that include a vault in conformance with C.F.R. 1301.72(a)(3) (6/30/2021) and in a location not visible to the public. OAC 3796:6-2-02(B)(7)(h) .
182	I understand that I cannot apply on adjacent parcels. Can I apply on parcels that are directly across the street from one another? For example, what if a parcel which was indicated as a road or a road was in between 2 properties? Would you be able to apply on both parcels?	Applications are site-specific and provisional dispensary applicants with any common ownership may not submit more than one application for the same parcel or any adjoining parcels. OAC 3796:6-2-04(C)(1)(a) .
183	Q's B-3.21.1 and B-3.22.1, would you like all members' interests on one single PDF or each members' interests on separate single PDFs?	Each PAKE's information for this section must be submitted separately.
184	If a member of Applicant is both an Owner and an Officer, can we select either as a role in section B-3?	Yes.
185	In question C-5.3, Does a Certified Attestation from a CPA meet the requirements of showing sources of capital?	No. See OAC 3796:6-2-02(B)(4)(a)(i)
186	In Questions C-1 related to Site-Specific Plans, if the applicant is proposing a new build from a plot of land, the town may require changes once we submit these plans to the town. If this occurs, may we submit the updated plans to the State along with associated fees?	Generally, a licensee must operate in accordance with the representations made in its application. See OAC 3796:6-3-01(A) . However, pursuant to OAC 3796:6-4-10 , a licensee may apply for a variance.

Ohio Medical Marijuana Control Program

ID	Question	Response
187	At what threshold of participation with the Applicant does a 3 rd party vendor need to be disclosed? (Daily operations with the Applicant, dollar value of services from vendor, signed agreement between vendor and Applicant, etc.) Do we need to include ALL 3 rd party vendors on the organizational chart or only those that we have signed agreements with?	Include all third-party vendors or consultants who will be providing services after the certificate of operation has been issued.
188	The first application process included a requirement for a redacted version of portions of the application. The second round of applications does not appear to have this same requirement. Is this correct?	Please refer to Part III of the 2021 Request for Applications and Dispensary Application Instructions
189	What is the definition of an adjoining parcel?	Boundary lines of one parcel that touch those of another parcel.
190	Are entities formed exclusively for this application process considered “doing business in Ohio” as described in A-3.6, A-3.7, and A-3.8?	No.
191	Will an Ohio applicant be considered “affiliated with” other licensed marijuana entities for purposes of Question A-3.10 if one or several of the members of the Ohio applicant limited liability company is employed by a separate entity, but the member of the Ohio applicant LLC does not have direct or indirect ownership, the power or right to control, or an ownership interest in the other licensed marijuana entities?	Yes. “Affiliate” or “affiliated with” means any holding company or institutional investor or any individual, partnership, corporation, association, trust or any other group of individuals, however organized, which directly or indirectly owns, has the power or right to control, or holds with the power to vote, an ownership interest in a licensed or prospective marijuana business.
192	Does is the information required to be prepared by an architect or contractor in questions C-2.1 and C-2.2 have to be stamped or certified by the architect or contractor?	Yes.
193	If an applicant’s application does NOT meet the requirements below, will the applicant be given an opportunity to cure the issue before they are disqualified? <ul style="list-style-type: none"> • Are submitted during the Application Acceptance period with the application fee; • Fully respond to all portions of this application; • Meet the minimum statutory qualifications under Ohio Revised Code section 3796.10; and • Contain all required signatures. 	The Board will not consider an incomplete application. Please review OAC 3796:6-2-02(B) for what constitutes a complete application. Further, any applications, related documents, or fees submitted after 2:00 p.m. ET on Thursday, November 18, 2021 will not be accepted or considered.

ID	Question	Response
194	If a city signed the required zoning form for the application and the property is later found to be within a buffer zone, will this property be disqualified? We have hired a professional to assist us with buffers, and along with the city verification, is that sufficient due diligence in relation to property zoning.	A dispensary location that is less than 500 feet from a prohibited location will not be awarded a provisional dispensary license. Zoning officials are not responsible for determining if a property complies with the 500 foot requirement.
195	Is there a list of cities with medical marijuana ordinances and/or bans?	No.
196	If an Applicant enters into an arrangement with a property owner to provide to the property owner 1% of revenue, does this make the property owner, either a corporate entity or individual, an "owner" and subject the administrative requirements concerning owners, including the limit of owning no more than 5 dispensaries?	See OAC 3796:6-2-03 for medical marijuana dispensary ownership and ownership requirements and the Dispensary Control and Ownership Interest FAQ .
197	The Notice of Proper Zoning Form, where there is no related zoning ordinance, states "If Applicant checks this box, Applicant must also include a professionally prepared survey which demonstrates that the Applicant is not in violation of restrictions pertaining to prohibited facilities and is not located within 500 feet of a community addiction services provider as defined under section 5119.01 of the Revised Code." This seems to imply that if there is a zoning ordinance in place that no survey is required. Yet C-2.3 of the Application unconditionally requires a professionally prepared survey. Seeking resolution of the conflict here. A professionally prepared survey IS required per C-2.3 no matter whether there is or is not a zoning ordinance in place. The distinction would be that if there is no ordinance the professionally prepared survey should also be included with the Notice of Proper Zoning form, in addition to uploading in response to C-2.3?	To respond to C-2.3, all applicants must provide a professionally prepared survey of the area surrounding the proposed facility that establishes the facility is at least 500 feet from a prohibited facility, pursuant to R.C. 3796.30, or an opioid treatment program as defined in rule 4729:5-21-01 of the Administrative Code.
198	Does Rule 3796:6-2-02(B)(7) require an applicant's dispensary location to have a parking lot, or to only identify where parking is available to patients/patrons in relation to the dispensary location?	Applicants without an owned parking lot may demonstrate that parking is available at a nearby parking lot or that there is sufficient street parking nearby.

199	<p>Page 6 of the Request for Applications and Dispensary Application Instructions (under “C. <u>Drawing Process</u>”) states, in pertinent part: “Applications shall be automatically disqualified if the Applicant violates Ohio Adm.Code 3796:6-2-04(C)(1)(a) and submits multiple applications for the same or adjoining parcels. Such a violation shall result in the disqualification of ALL applications related to that parcel and/or adjoining parcels and these applications will not be included in the drawing for that district.” Does this mean that all applications related to that parcel and/or adjoining parcels will be disqualified <i>even if</i> several applications are unrelated to the applicant that violated the rule?</p>	<p>If the Board determines an Applicant with any common ownership submitted more than one application for the same parcel or any adjoining parcels, all applications submitted by that Applicant will be disqualified.</p>
200	<p>Will there be an option to attach a document for the various Operations Plan sections and Patient Care Plan?</p>	<p>No. Neither an Operations Plan nor a Patient Care Plan is required to be submitted with an application.</p>
201	<p>Can a cultivator and a dispensary be located on the same property?</p>	<p>The Board does not prohibit a dispensary from being located on the same property as a cultivator.</p>
202	<p>Should there be questions from the Board about our application, following submission (triggering the 10 days), will those be communicated via email or mail?</p>	<p>The Board may establish contact by telephone, email, or postal mail, using the contact information submitted on the application in response to Questions A-2.1 through A-2.10.</p>
203	<p>Is a non-US citizen permitted to be any of the following: (i) owner with greater than 10% ownership in Applicant, (ii) owner with less than 10% ownership in Applicant, (iii) Prospective Associated Key Employee, and/or a (iv) capital provider / pledger. Does this change if the non-US citizen is a US Permanent Resident?</p>	<p>Yes.</p>
204	<p>Please explain further what “procedure to be approved by the Board” entails for a secured delivery area. Do standard operating procedures need to be included as part of the application or does that only need to be approved during the PDL phase to receive a COO?</p>	<p>Standard operating procedures related to the secured delivery area may be reviewed and approved by the Board after the Applicant has been awarded a provisional dispensary license.</p>

205	<p>If an applicant’s application does NOT meet the requirements below, will the applicant be disqualified prior to the lottery being conducted or after the lottery?</p> <ul style="list-style-type: none"> • Are submitted during the Application Acceptance period with the application fee; • Fully respond to all portions of this application; • Meet the minimum statutory qualifications under Ohio Revised Code section 3796.10; and • Contain all required signatures. 	<p>Other than disqualifications for violations of OAC 3796:6-2-04(C)(1)(a), application evaluations will occur after the drawing.</p>
206	<p>According to Section 3796:6-2-02(B)(4) of the Ohio Revised Code in order to open a dispensary, you must have initial working capital of \$250,000.00, which has to be "unencumbered and convertible to cash within 30 days." Our question is, if I am the owner of the business and I solicit funds from private investors that then get deposited into a bank account either in my name or under the businesses name which I own, can I then guarantee the investors a rate of return on their investment conditioned upon the business being profitable with an understanding that there is no guarantee to return the initial investment or any rate of return on the investment if the business is not profitable, would this be in compliance with this Section of the Ohio Revised Code?</p>	<p>This question is under consideration and a response will be provided in the second round of Questions and Answers.</p>
207	<p>Is there a limit on the number of applicants one can act as the primary contact or registered agent on? Can an attorney be on multiple applications in this role? Does the person have to be a member of the Company or can we use our attorney?</p>	<p>There is no limit to the number of applications on which an individual can act as the primary contact or registered agent. An attorney may be listed as the primary contact and/or registered agent.</p>

ID	Question	Response
208	What is the difference between dispensary department and restricted access area and waiting area?	<p>Pursuant to OAC 3796:6-1-01(D), "dispensary department" means a building, room or other area under the control of a dispensary and upon the licensed premises with access limited to patients, caregivers, dispensary employees or service professionals conducting business with the dispensary and who are escorted and supervised by a dispensary employee, and other persons authorized by section 3796.05 of the Revised Code and this division.</p> <p>Pursuant to OAC 3796:6-1-01(J), "restricted access area" means a building, room or other contiguous area under control of a dispensary and upon the licensed premises with access limited to only dispensary employees, where medical marijuana inventory, all records related to the dispensing of medical marijuana and all other items that require the personal supervision of a dispensary key employee are maintained behind a physical barrier with suitable locks and an electronic barrier to detect entry during any time when a dispensary key employee is not present.</p> <p>A waiting area is an area in a dispensary that is not in the dispensary department or any other restricted access area, that may be accessed by individuals not listed above.</p>
209	<p>Is it permissible for a consultant that's solely advising, coaching, and assisting an Applicant with their Application to have a flat rate contingency award fee due only in the event of the issuance of a Certificate of Operation to that Applicant so long as the contingency award is not a share of profits?</p> <p>Can a consultant solely advising, coaching, and assisting an Applicant with their Application in RFA2 also submit their own application for RFA2?</p>	<p>Yes.</p> <p>Yes.</p>
210	Are electronic fingerprints printouts for BCI and FBI from any Non-WebCheck provider outside of Ohio acceptable?	No.
211	What if one of the prints on the card is not acceptable, will the board give us time to resubmit or it makes the application not viable?	Yes. However, the Board urges individuals to submit fingerprints for BCI and FBI criminal records checks as early as possible, maintain proof of submission, and appear in person at a WebCheck provider to avoid delay. All background check results must be received by the Board before provisional dispensary licenses are awarded.

ID	Question	Response
212	From OAC 3793.30 (C), "Public park" means a park established by the state or a political subdivision of the state including a county, township, municipal corporation, or park district. "If a governing body classifies something as a trail or towpath, does this mean it is not a prohibited area? In short is there a difference between a towpath/rails to trails path and a park according to the Board of Pharmacy?"	Any questions about whether a certain "park" has been established by a state or political subdivision should be directed to the state or political subdivision where the park, trail, or towpath in question is located.
213	Do out of state applicants need to submit both BCI and FBI cards? If yes, where can out of state applicants get BCI cards? If we are required to print them, can you provide guidance on the card stock needed?	See 2021 Request for Applications and Dispensary Application Instructions at page 5 for information pertaining to manual/inked fingerprint cards, including where to print the required cards.
214	Must an applicant disclose a vendor relationship on the application if the vendor is entitled to a simple, flat success fee in the event a provisional dispensary license is awarded by the Board?	Include all third-party vendors or consultants who will be providing services after the certificate of operation has been issued.
215	For purposes of C-4.1, must an applicant disclose third-party legal counsel or CPA firms? Must an applicant disclose consultants providing advice and recommendations to an Applicant solely during the application period?	No.
216	How does being a current medical marijuana card holder in OH factor into ownership interest? Being key employees?	Being a current patient or key employee alone does not impact an individual's ownership interest.
217	Are multi-tenant buildings that are split commercial-retail, i.e. apartments over a store front, allowable for dispensary operations as long as security guidelines are met?	Dispensaries may be located in multi-tenant buildings.

NOTICE OF PROPER ZONING FORM

(Attachment to Application Section C-2.2)

This form must be signed by an individual with authority to sign on behalf of the local government or zoning office where the Applicant proposes to locate its dispensary. The form must be printed and signed with an original, wet-ink signature. Electronic or digital signatures are not acceptable. Scan and attach a copy of the signed form, in PDF format, in response to Question C-2.2 of the online Application.

To be Completed by Applicant		
Business Name of Applicant:		
Physical Address and Name of Proposed Medical Marijuana Dispensary:		
City:		County:
State: Ohio	Zip Code:	Phone Number:
To be Completed by Zoning Authority or Local Government		
Jurisdiction of Zoning Office or Local Government		
Moratorium (Required to check one box)		
<input type="checkbox"/> The area of _____ HAS NOT enacted a local moratorium or taken other action that would prohibit the applicant from operating as a medical marijuana Dispensary.		
<input type="checkbox"/> The area of _____ HAS enacted a local moratorium or taken other action that would prohibit the applicant from operating as a medical marijuana Dispensary. (Note: This will lead to disqualification of the application)		
Zoning (Required to check one box)		
<input type="checkbox"/> The area of _____ HAS NO zoning in place at this time. *If Applicant checks this box, Applicant must also include a professionally prepared survey which demonstrates that the Applicant is not in violation of restrictions pertaining to prohibited facilities and is not located within 500 feet of an opioid treatment program as defined in rule 4729:5-21-01 of the Administrative Code.		
<input type="checkbox"/> The area of _____ HAS zoning in place at this time and applicant's proposed facility appears to be planned in accordance with complying with all local zoning laws and regulations in place at the time of completion of this application.		

Dispensary Application Materials and Resources

Permit (Required to check one box)

- The Applicant has received local zoning approval and was issued a permit.
*If Applicant checks this box, Applicant must attach the permit issued.
- The Applicant has applied for local zoning approval, but was not yet issued a permit.
- No zoning approval was applied for and no permit was received at this time.

Printed Name of Local Government Representative:

Title:

Signature:

Date:

Ohio Medical Marijuana Control Program

Dispensary RFA II

Frequently Asked Questions

- On April 19, 2021, the State of Ohio Board of Pharmacy approved increasing the number of dispensary licenses in Ohio by 73. A copy of the presentation can be accessed here: www.pharmacy.ohio.gov/RFA2overview
- If all 73 licenses are awarded, this will bring the total number of Ohio dispensary licenses to 130 (57 current + 73 approved).

Next Steps: The licenses will be awarded using an application process (known as RFA II) that is expected to be announced in spring/summer 2021. The timing of this announcement will be based on when the Board's pending rule changes regarding the application process are made final.

Frequently Asked Questions

1) What factors did the Board consider when making this decision?

Ohio law (ORC [3796.05](#)) and program rule (OAC [3796:6-2-05](#)) require the Board to consider the following when determining the number of dispensaries in the state:

- 1) The population of this state;
- 2) The number of patients seeking to use medical marijuana; and
- 3) The geographic distribution of dispensary sites.

A presentation that includes the analysis of these three factors can be found by visiting: www.pharmacy.ohio.gov/RFA2overview

2) Will there be any changes to the application process compared to last time?

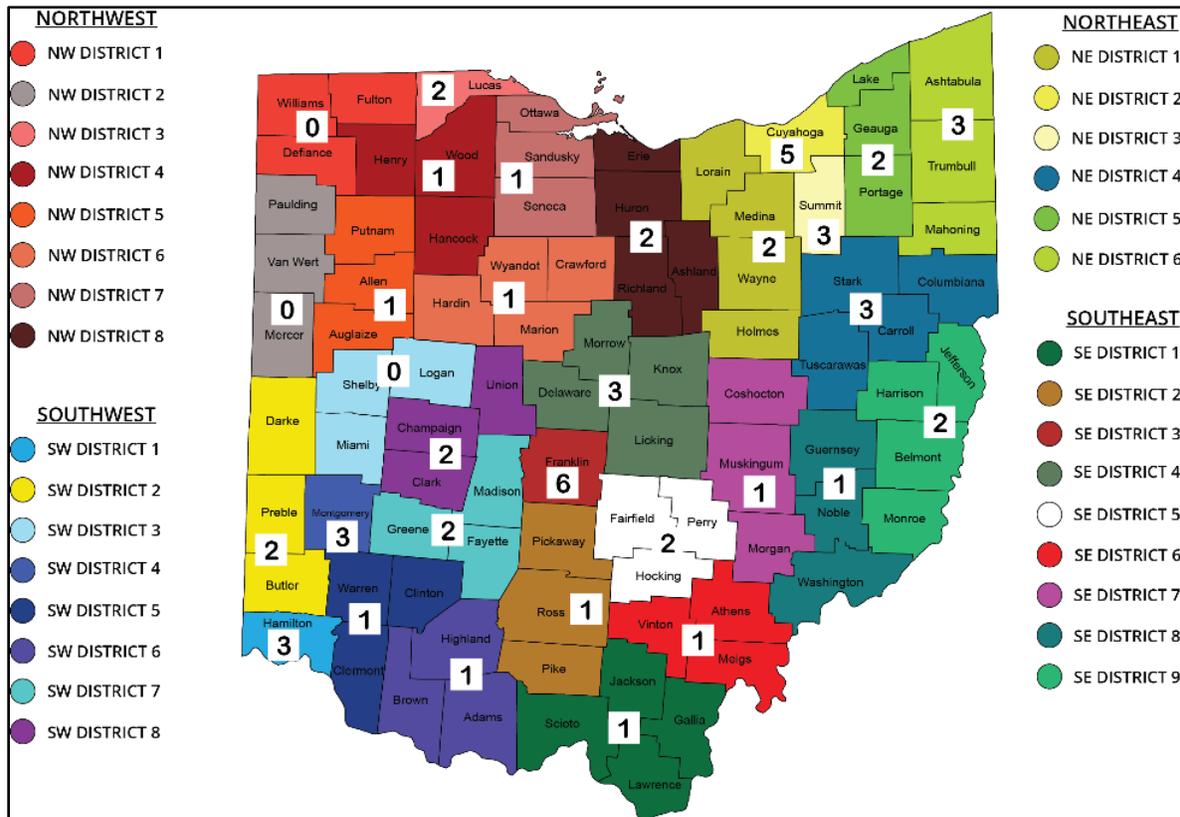

As previously done, RFA II will require applicants to specify the district(s) wherein they are applying, and provisional dispensary licenses will be awarded based on those districts. The districts will remain the same as in the previous RFA. Dispensary applications will then be evaluated to determine who is a qualified applicant.

As indicated in the presentation, all viable applications will then be entered into a lottery system, wherein individual lotteries will be held for each dispensary district with available licenses. A lottery system for qualified applicants requires the Board to consider objective, rather than subjective, criteria which can result in a fairer, more streamlined system for awarding dispensary licenses.

More information on RFA II will be posted to the Ohio Medical Marijuana Control Program website (www.medicalmarijuana.ohio.gov) when the application process is announced in spring/summer 2021. Those who are interested are encouraged to sign up for updates on the Program's homepage.

3) Why does the Board award licenses using dispensary districts?

Ohio’s 31 medical marijuana dispensary districts were established for the first round of applications to ensure the geographic distribution of dispensaries as required by law (ORC [3796.05](#)). Below is a map of the current districts and the number of dispensary licenses per district. These districts will not be changing for the RFA II process.

4) Why did you use patient data from January 2021?

The Board began conducting its required analysis in fall 2020 and, in January 2021, finalized the process it would use in determining dispensary expansion (both numbers and locations). Therefore, the Board decided to utilize this snapshot in time as the basis for making the decision regarding program expansion.

It should be noted that the Board used all “registered” patients with retrievable zip code information rather than only “active” patients to account for future program growth and to capture those patients who may have registered but have not been actively purchasing due to price or access issues.

5) What was the rationale for using 1,200 patients per dispensary per district to allocate additional dispensary licenses?

As indicated in the presentation to the [Board](#), one of the goals of RFA II is to promote equal access across the dispensary regions. Additionally, the Board has a responsibility to ensure the viability of the Ohio Medical Marijuana Control Program (MMCP). Previous research from other states indicates that a dispensary needs between 300-600 active patients to maintain viability.

Because the Board used all “registered” patients rather than “active” patients in its analysis, the metric of 1,200 patients per dispensary per district is an attempt to strike a balance between expanding patient access and ensuring viable dispensary operations.

6) Will there be changes to the number of dispensary licenses someone may own at one time?

No. Per program rule [OAC [3796:6-2-06](#) (F)], no owner shall be issued more than five dispensary licenses at any time, unless authorized by the Board after its analysis supporting additional licensing. The Board did not authorize an increase to these license limits as part of RFA II and therefore the limit will remain at five licenses per owner.

7) When will the new dispensaries be open and serving patients?

RFA II is expected to be announced in spring/summer 2021, as the Board needs time to finalize updates to its rules regarding the application process and to update any application materials. Any announcement will be made via the Ohio Medical Marijuana Control Program's website: www.medicalmarijuana.ohio.gov. Those who are interested are encouraged to sign up for updates on the Program's homepage.

Text response. Max characters allowed in response: **50**

A-3.8 Ohio Workers' Compensation Policy Number (if Applicant is currently doing business in Ohio)

Text response. Max characters allowed in response: **50**

A-3.9 By selecting "**Yes**", the Applicant attests that it must obtain workers' compensation insurance prior to receiving a certificate of operation to operate a medical marijuana dispensary from the State of Ohio Board of Pharmacy.

Select 'YES' or 'NO' from a drop-down list

A-3.10 Does the Applicant have any ownership interest in, or is the Applicant otherwise affiliated with, marijuana entities including both licensed and prospective entities, in Ohio or any other jurisdiction? (Including, but not limited to, cultivators, processors, testing labs, dispensaries, retailers, non-store front retailers, marijuana delivery service, or applicants for any such license or certificate. For sole proprietors and partnerships, this will also include any employee licenses.)

"Affiliate" or "affiliated with" means any holding company or institutional investor or any individual, partnership, corporation, association, trust or any other group of individuals, however organized, which directly or indirectly owns, has the power or right to control, or holds with the power to vote, an ownership interest in a licensed or prospective marijuana business. If you select "**Yes**", answer question A-3.10.1 below.

Select 'YES' or 'NO' from a drop-down list

A-3.10.1 If "**Yes**" to question A-3.10, for each instance relevant to question A-3.10, provide the following:

- Legal Business Name and License Number
- Business Address
- Type of ownership interest or affiliation

Text response. Max characters allowed in response: **8000**

A-4.1 Attach an organizational chart showing all owners, officers, and board members of the provisional dispensary applicant, irrespective of ownership interest.

Upload a single PDF document less than 10MB in size

Demographic Information (District Information)

Dispensary Application Materials and Resources

A-5.1 Please select to indicate the medical marijuana dispensary district for which the Applicant is applying for a dispensary license

Select a district from a drop-down list

A-5.2 Please select to indicate the Ohio county in which the dispensary would be located, if the provisional dispensary license is awarded.

Select an Ohio county from a drop-down list

Compliance (Compliance with Applicable Laws and Regulations)

Dispensary Application Materials and Resources

B-1.1 By selecting “Yes,” the Applicant, as well as all individually identified Prospective Associated Key Employees listed in this provisional license application, agree to comply with all applicable Ohio laws and regulations relating to the operation of a medical marijuana dispensary.

Select 'YES' or 'NO' from a drop-down list

B-1.2 By selecting “Yes,” the Applicant understands and attests that it must establish and maintain an escrow account or surety bond in the amount of \$50,000 as a condition precedent to receiving a medical marijuana certificate of operation. [OAC 3796:6-2-11](#)

Select 'YES' or 'NO' from a drop-down list

Compliance(Civil and Administrative Action)

Dispensary Application Materials and Resources

B-2.1 Has criminal, civil, or administrative action (e.g., revocation, suspension, probation, monetary penalties, forfeitures, or refusals to grant or renew a license) been taken against the Applicant, or an affiliate of the Applicant (as defined in A-3.10), under the laws of Ohio or any other state, the United States, or a military, territorial or tribal authority?

Select 'YES' or 'NO' from a drop-down list

B-2.1.1 If "Yes" to question in B-2.1, provide the following:

- Respondent/Defendant Name
- Name of Case or Docket Number
- Nature of Charge or Complaint. Include statutory code sections or administrative rule sections, if applicable.
- Date of Charge or Complaint
- Disposition
- Name and Address of the Administrative Agency Involved if applicable
- Jurisdictional Court (Specify Federal, State and/or Local Jurisdictions) if applicable

Text response. Max characters allowed in response: **8000**

Compliance(Prospective Associated Key Employee Compliance)

Dispensary Application Materials and Resources

Applicants are required to submit the following for each Prospective Associated Key Employee in this application (owner or prospective owner, officer or board member or prospective board member of the entity seeking a dispensary license; only owners or prospective owners with at least 10 percent ownership or voting interest must be included in this application as a Prospective Associated Key Employee)

B-3.1 First Name

Text response. Max characters allowed in response: **100**

B-3.2 Middle Name

Text response. Max characters allowed in response: **100**

B-3.3 Last Name

Text response. Max characters allowed in response: **100**

B-3.4 Suffix

Text response. Max characters allowed in response: **30**

B-3.5 Occupation (current):

Text response. Max characters allowed in response: **250**

B-3.6 Applicant's business-related compensation:

Text response. Max characters allowed in response: **1000**

B-3.7 Ownership interest in Applicant's business (as a percentage):

Text response. Max characters allowed in response: **500**

B-3.8 Voting Rights in Applicant's business (as a percentage):

Dispensary Application Materials and Resources

Text response. Max characters allowed in response: **500**

B-3.9 Proposed Role

Select one of the following from a drop-down list: BOARD MEMBER; OFFICER; OTHER; OWNER

B-3.10 Provide a short description of the role the person will serve in for the organization and the person's responsibilities:

Text response. Max characters allowed in response: **8000**

B-3.11 Date of birth

Text response. Max characters allowed in response: **20**

B-3.12 Social Security Number (use "N/A" if unavailable)

Text response. Max characters allowed in response: **100**

B-3.13 Street Address

Text response. Max characters allowed in response: **100**

B-3.14 City

Text response. Max characters allowed in response: **50**

B-3.15 State

Select a state from a drop-down list

B-3.16 Zip Code

Text response. Max characters allowed in response: **5**

B-3.17 Phone

Text response. Max characters allowed in response: **20**

B-3.18 Email

Text response. Max characters allowed in response: **100**

B-3.19 Attach verification of identity. The following are acceptable forms of verification of identity:

- Unexpired, valid state-issued driver's license or state-issued identification card
- Unexpired, valid United States passport

Upload a single PDF document less than 10MB in size

B-3.20 Tax Authorization: Each Prospective Associated Key Employee with an aggregate ownership interest of ten percent or more in the Applicant, must attach a copy of the Tax Authorization Form. The State Board of Pharmacy may, in its discretion, require an owner or person who exercises substantial control over a proposed dispensary, but who has less than a ten percent ownership interest, to comply with statutory and regulatory ownership requirements. [ORC 3796.10](#), [OAC 3796:6-2-02](#)

Upload a single PDF document less than 10MB in size

B-3.21 Has the individual served, or are they currently serving as an owner, officer, board member, employee or consultant of, or otherwise affiliated with, another marijuana entity in Ohio or elsewhere in the United States?

Select 'YES' or 'NO' from a drop-down list

B-3.21.1 If "Yes" to B-3.21, please provide the entity Name and Address.

Upload a single PDF document less than 10MB in size

B-3.22 Has this individual had ownership or financial interest, or do they currently have ownership or financial interest of another marijuana entity in Ohio or the United States?

Select 'YES' or 'NO' from a drop-down list

B-3.22.1 If "Yes" to B-3.22, please provide the entity Name and Address.

Upload a single PDF document less than 10MB in size

B-3.23 Has criminal or civil action been taken against the Prospective Associated Key Employee under the laws of Ohio or any other state, the United States, or a military, territorial or tribal authority? Include instances in which a court granted intervention in lieu of treatment (also known as treatment in lieu of conviction, ILC, or TLC), or other diversion programs. Offenses must be reported regardless of whether the case has been sealed, as described in section [2953.32 of the Revised Code](#), or the equivalent thereof in another jurisdiction.

Select 'YES' or 'NO' from a drop-down list

B-3.23.1 If "Yes" to B-3.23, please provide the following:

- Defendant Name
- Name of Case or Docket Number
- Nature of Charge or Complaint
- Date of Charge or Complaint
- Disposition
- Jurisdictional Court (Specify Federal, State and/or Local Jurisdictions)

Text response. Max characters allowed in response: **8000**

B-3.24 Has criminal, civil, or administrative action been taken against any marijuana entity with which the Prospective Associated Key Employee is or was previously associated with under the laws of Ohio or any other state, the United States, or a military, territorial or tribal authority?

Select 'YES' or 'NO' from a drop-down list

B-3.24.1 If "Yes" to B-3.24, please provide the following: Dispensary Application Materials and Resources

- Name
- License Number
- Name and Address of Regulatory Body or Court
- Nature of Charge or Complaint
- Date of Charge or Complaint
- Disposition

Text response. Max characters allowed in response: **8000**

B-3.25 Has administrative or disciplinary action (e.g., revocation, suspension, probation, monetary penalties, forfeitures, or refusals to grant or renew a license) ever been taken against this individual by the State of Ohio Board of Pharmacy or any other licensing entity?

Select 'YES' or 'NO' from a drop-down list

B-3.25.1 If "Yes" to B-3.25, please provide the following:

- Name
- License Number
- Name and Address of Licensing Entity
- Nature of Charge or Complaint
- Date of Charge or Complaint
- Disposition

Text response. Max characters allowed in response: **8000**

B-3.26 By selecting "Yes", this individual attests that they have submitted the requisite criminal records check through a process described in Section V(D) of the Application Instructions and agrees to be enrolled in the Retained Applicant Fingerprint Database (Rapback), or other similar program as required by the Board, should the Applicant be awarded a provisional license.

Select 'YES' or 'NO' from a drop-down list

B-3.27 Are any of the Applicant's Prospective Associated Key Employees a physician with an active certificate to recommend medical marijuana or a physician who intends to apply for a certificate to recommend medical marijuana under [section 4731.30 of the Revised Code](#)?

Select 'YES' or 'NO' from a drop-down list

B-3.28 Do any of the Applicant's Prospective Associated Key Employees have an ownership or investment interest, or a compensation arrangement with a laboratory licensed under Chapter 3796. of the Revised Code or an Applicant for a license to conduct laboratory testing?

Select 'YES' or 'NO' from a drop-down list

Business Plan(Property Title, Lease, or Option to Acquire Property Location)

Dispensary Application Materials and Resources

C-1.1 Attach evidence of the Applicant's clear legal title, an executed lease, or option to purchase or lease the proposed site and facility. If attaching an executed lease or option to lease, Applicant must submit a signed, notarized statement from the property owner that the owner will grant a leasehold interest to the Applicant on the proposed site

Upload a single PDF document less than 10MB in size

Business Plan(Site and Facility Plan)

Dispensary Application Materials and Resources

C-2.1 Applicants must provide a site-specific plan for the address identified in A-1.3 of the application showing the interior and exterior of the proposed facility, drawn to scale with square footage clearly illustrated. The site-specific plan SHALL include and clearly identify all of the following:

- dispensary department
- restricted access areas
- waiting room
- patient care areas or other areas designated for patient and caregiver consultation and instruction
- an enclosed delivery bay or equally secured delivery area where medical marijuana deliveries will be made pursuant to a standard operating procedure to be approved by the board
- a day storage area with pass-thru window(s)
- a “mantrap” at any ingress/egress from the dispensary department
- a vault in conformance with C.F.R. 1307.72(a)(3)(6/30/2021) that is in a location not visible to the public
- parking (designated parking lot or publicly available parking)

The site-specific plan shall be prepared and certified by the contractor or architect responsible for the project. (Attachment must clearly demonstrate all listed items.)

Upload a single PDF document less than 10MB in size

C-2.1A Attach a detailed, site-specific construction or renovation budget and schedule demonstrating the applicant will commence dispensary operations in accordance with rule 3796:6-2-04. The budget and schedule shall be prepared by the contractor or architect for the project. The schedule must include a GANTT chart. The budget must use the 50 divisions of construction information found in the Construction Specifications Institute’s MasterFormat (2018 version).

Upload a single PDF document less than 10MB in size

C-2.2 The Applicant must submit evidence that it complies with any local ordinances, rules, or regulations adopted by the locality in which the Applicant's property is located, which are in effect at the time of the application. Include copies of any required local registration(s), license(s) or permit(s) of the locality in which the applicant’s property is located. (Attach completed Notice of Proper Zoning Form and, if applicable, any supporting documentation.)

Upload a single PDF document less than 10MB in size

C-2.3 Provide a professionally prepared survey of the area surrounding the proposed facility that establishes the facility is at least 500 feet from a [prohibited facility, pursuant to R.C. 3796.30](#), or an opioid treatment program as defined in [rule 4729:5-21-01](#) of the Administrative Code.

500 feet will be measured using the shortest distance between the closest point of the external boundaries of a parcel of real estate having on it such a facility or opioid treatment program and the external boundaries of the parcel on which the prospective dispensary would be situated. The survey must be clearly legible and labeled and may be divided into 8.5 by 11 inch sections. ([3796:6-2-02](#))

Business Plan(Financial Information)

Dispensary Application Materials and Resources

By submitting this application, Applicant agrees that no additional sources of capital, other than those disclosed in this application, will be used to fund the dispensary from issuance of the provisional dispensary license until not less than four months after receipt of the certificate of operation without prior approval by the Board of Pharmacy.

C-5.1A Total Amount of Available Capital:

Text response. Max characters allowed in response: **250**

C-5.1B Total Number of Licenses Applicant is Willing to Accept :

Text response. Max characters allowed in response: **250**

C-5.1C Total Amount of Available Capital Per License (divide C-5.1(A) by C-5.1(B)):

Text response. Max characters allowed in response: **250**

C-5.2 In the text area below detail the following items related to all capital that will be used to operate this dispensary.

- Type of capital
- Source of capital
- Name and address of financial institution
- Account number

Text response. Max characters allowed in response: **8000**

C-5.3 Demonstrate that the Applicant has adequate liquid assets to cover: (1) construction or renovation costs identified in Question C-2 of this application; (2) projected costs to staff, equip and operate the medical marijuana dispensary from an award of the provisional dispensary license until the issuance of the certificate of operation as identified in Question C-3 of this application; and (3) projected costs to staff, equip and operate the medical marijuana dispensary from the issuance of the certificate of operation until not less than four months after receipt of the certificate of operation as identified in Question C-3 of this application.

The applicant must demonstrate it has adequate liquid assets for all licenses the applicant is willing to accept. The total amount of liquid assets must cover all expenses and costs identified in the above paragraph, but the total amount of liquid assets must be no less than \$250,000 per license. (Example: If Applicant will accept 3 licenses, Applicant must have no less than \$750,000 in liquid assets. If Applicant's costs identified in C-3 will be \$1 million per location, Applicant must have no less than \$3 million in liquid assets.)

If the Applicant is relying on liquid assets from an individual, provide evidence that the person has unconditionally committed such liquid assets to the use of the Applicant in the event that a dispensary license(s) is awarded to the Applicant. ([3796:6-2-02](#)) For all sources of capital, provide documentation from the financial institution(s) (from an institution in this state, or any other state in the United States, United States territory, or the District of Columbia) – dated no earlier than thirty days prior to the date the application is submitted - to support these capital requirements and identify the source of the assets.

Operations Plan(Dispensary Oversight)

Dispensary Application Materials and Resources

D-1.1 By selecting "**Yes**", the Applicant attests that it will appoint a designated representative responsible for the oversight, supervision and control of operations of the medical marijuana dispensary. When there is a change in the appointed designated representative, the Applicant will notify the State Board of Pharmacy within 10 business days of appointment. ([OAC 3796:6-3-05](#))

Select 'YES' or 'NO' from a drop-down list

Operations Plan (Security and Surveillance)

Dispensary Application Materials and Resources

D-2.1 By selecting "**Yes**", the Applicant attests that it is able to continuously maintain effective security, surveillance and accounting control measures to prevent diversion, abuse and other illegal conduct regarding medical marijuana and medical marijuana products.

Select 'YES' or 'NO' from a drop-down list

D-2.2 By selecting "**Yes**", the Applicant attests that it is able to comply with rule 3796:6-3-16 for the monitoring, surveillance, and security for medical marijuana inventory and dispensary premises. The security and surveillance plan SHALL include: (1) dual authentication or biometric vault access with unique code for each employee; (2) safe exclusively for storage of currency, with separate access controls, to be maintained within the product vault; (3) minimum of one height strip camera at public entrance/exit to dispensary; (4) dedicated on-site security personnel during all operational hours who shall only perform tasks related to security operations and have foundational training specific to security; and (5) electronic records of all employee access to any restricted access areas.

Select 'YES' or 'NO' from a drop-down list

Operations Plan(Receiving of Product)

Dispensary Application Materials and Resources

D-3.1 By selecting "**Yes**", the Applicant attests that it is able to safely and securely receive medical marijuana and medical marijuana products.

Select 'YES' or 'NO' from a drop-down list

D-3.2 By selecting "**Yes**", the Applicant attests that it will implement standard operating procedures to inspect, prior to accepting, any medical marijuana. Defective products must be rejected. Defective products include, but are not limited to the following: expired, damaged, deteriorated, misbranded or adulterated medical marijuana.

Select 'YES' or 'NO' from a drop-down list

Operations Plan(Storage of Product)

Dispensary Application Materials and Resources

D-4.1 By selecting "**Yes**", the Applicant attests that there will be separate, locked, limited access areas for the storage of medical marijuana that is expired, damaged, deteriorated, mislabeled, contaminated, recalled, or whose containers or packaging have been opened or breached, until the medical marijuana is returned to a cultivator, or processor, destroyed or otherwise disposed.

Select 'YES' or 'NO' from a drop-down list

D-4.2 By selecting "**Yes**", the Applicant attests that all areas where medical marijuana and devices are stored must be dry, well-lighted, well-ventilated, and maintained in a clean and orderly condition. Storage areas shall be maintained at temperatures and under lighting conditions which will ensure the integrity of medical marijuana prior to its use. The area shall be free from infestation by insects, rodents, birds, and pests.

Select 'YES' or 'NO' from a drop-down list

D-4.3 By selecting "**Yes**", the Applicant attests that a separate and secure area for temporary storage of medical marijuana that is awaiting disposal will be established.

Select 'YES' or 'NO' from a drop-down list

Dispensary Application Materials and Resources

Operations Plan(Dispensing of Product, Labeling of Product, Reporting of Product Dispensations into the Prescription Monitoring Program (PMP), and Management of Dispensing Errors)

D-5.1 By selecting "**Yes**", the Applicant attests that it is prepared and willing to join the [American Society for Automation in Pharmacy](#) (ASAP) annually in order to facilitate near-real-time reporting to the Ohio Automated Rx Reporting System (OARRS). ([OAC 3796:6-3-08](#); [OAC 3796:6-3-10](#))

Select 'YES' or 'NO' from a drop-down list

D-5.2 By selecting "**Yes**", the Applicant attests that it will comply with rules [3796:6-3-08](#), [6-3-09](#), [6-3-10](#), [6-3-12](#), and [6-3-13](#) regarding the dispensing of medical marijuana, labeling of medical marijuana, reporting of medical marijuana dispensations into the prescription monitoring program, and management of dispensing errors.

Select 'YES' or 'NO' from a drop-down list

Operations Plan (Inventory Management and Record Keeping)

Dispensary Application Materials and Resources

D-6.1 By selecting "**Yes**", the Applicant attests that it will establish inventory controls and procedures for the conducting of weekly inventory reviews and annual comprehensive inventories of medical marijuana at the facility. ([OAC 3796:6-3-20](#))

Select 'YES' or 'NO' from a drop-down list

D-6.2 By selecting "**Yes**", the Applicant attests that its designated representative will conduct and document an audit of the dispensary's daily inventory according to generally accepted accounting principles at least once weekly consistent with [OAC 3796:6-3-20\(D\)](#).

Select 'YES' or 'NO' from a drop-down list

D-6.3 By selecting "**Yes**", the Applicant attests that it will use the state inventory tracking system. ([ORC 3796.07](#); [OAC 3796:1-1-01](#); [OAC 3796:6-3-06](#))

Select 'YES' or 'NO' from a drop-down list

D-6.4 By selecting "**Yes**", the Applicant attests that it will maintain the inventory data in its internal inventory control system of medical marijuana received from a cultivator or processor. ([OAC 3796:6-3-20](#))

Select 'YES' or 'NO' from a drop-down list

D-6.5 By selecting "**Yes**", the Applicant attests that it will maintain the inventory data in its internal inventory control system of medical marijuana dispensed to a patient or caregiver. ([OAC 3796:6-3-08](#))

Select 'YES' or 'NO' from a drop-down list

D-6.6 By selecting "**Yes**", the Applicant attests that it will maintain the inventory data in its internal inventory control system of expired, damaged, deteriorated, misbranded or adulterated medical marijuana awaiting return to a cultivator/processor or awaiting disposal. ([OAC 3796:6-3-20](#))

Select 'YES' or 'NO' from a drop-down list

D-6.7 By selecting "**Yes**", the Applicant attests that all waste and unusable product will be weighed, recorded and entered into both its internal inventory system and in the state inventory tracking system. The destruction of medical marijuana will be witnessed by a key employee and conducted in a designated area with fully functioning video surveillance. ([3796:6-3-14](#))

Select 'YES' or 'NO' from a drop-down list

D-6.8 By selecting "**Yes**", the Applicant attests that it will maintain the following records in compliance with rule 3796:6-3-17: (1) Employee records, including a background check conducted by the proposed dispensary and training provided by the proposed dispensary; (2) Operating procedures and controls; (3) Audit records; (4) Staffing plans; (5) Business records; (6) Surveillance records; (7) Attendance logs; and (8) Quality assurance review logs.

Select 'YES' or 'NO' from a drop-down list

Operations Plan (Security & Infrastructure Records)

D-7.1 By selecting "**Yes**", the Applicant attests that all responses identified as containing security and infrastructure are voluntarily submitted to the State Board of Pharmacy in expectation of a protection from disclosure as provided by [section 149.433 of the Revised Code](#).

Select 'YES' or 'NO' from a drop-down list

Patient Care(Dispensary Operating Hours)

Dispensary Application Materials and Resources

E-1.1 By selecting "**Yes**", the Applicant attests that it will make the dispensary available to patients and caregivers to purchase medical marijuana for a minimum of 35 hours per week, between the hours of 7 am and 9 pm, except as authorized by State Board of Pharmacy. ([OAC 3796:6-3-03](#))

Select 'YES' or 'NO' from a drop-down list

Patient Care (Patient Information)
Dispensary Application Materials and Resources

E-2.1 By selecting "**Yes**", the Applicant attests that it will post a sign directing patients and caregivers with medical marijuana inquiries or adverse reactions to the toll-free hotline established by the State Board of Pharmacy. ([OAC 3796:6-3-15](#))

Select 'YES' or 'NO' from a drop-down list

E-2.2 By selecting "**Yes**", the Applicant attests that it will make information regarding the use and possession of medical marijuana available to patients and caregivers. The Applicant agrees to submit all such information to the State Board of Pharmacy prior to being provided to patients and caregivers. ([OAC 3796:6-3-15](#))

Select 'YES' or 'NO' from a drop-down list

Attestations and Acknowledgements (Attestations and Acknowledgements)

Dispensary Application Materials and Resources

F-1.1 Fill out and attach the "[Trade Secret and/or Infrastructure Form](#)" to Question F-1.1, specifying the question and/or attachment references of the application submission that the applicant asserts contain information exempt from disclosure under Ohio public records law, pursuant to Ohio Revised Code Section 149.433(C) and/or 1333.61(D). If applicant does not wish to assert that any material is exempt from disclosure, a statement of "None" must be listed on the form.

Upload a single PDF document less than 10MB in size

F-1.2 To be considered complete, each application must be submitted with an Attestation and Release Authorization. The form must be completed by a Prospective Associated Key Employee who may legally sign for the Applicant and who can verify the information provided in the application is true, correct, and complete.

Upload a single PDF document less than 10MB in size

F-1.3 The Applicant acknowledges that, if awarded a provisional dispensary license, it must commence operations within two hundred and seventy days after the issuance of the license. Failure to commence operations within the requisite timeframe may result in administrative action pursuant to Chapter 119 of the Revised Code, up to and including revocation of the provisional dispensary license.

[\(3796:6-2-04\(I\)\)](#)

Select 'YES' or 'NO' from a drop-down list

F-1.4 The Applicant acknowledges that, if awarded a provisional dispensary license, it shall provide a written report to the Board of Pharmacy no later than the first day of every month following the month the Applicant is awarded the provisional dispensary license. The reports shall detail the progress of the Applicant to become operational and shall be submitted until the dispensary receives a certificate of operation. The Applicant acknowledges that the Board may direct that the Applicant include certain specific information in its reports, based on information contained in earlier monthly reports, to ascertain the Applicant's progress and ensure the dispensary will be able to commence operations within two hundred and seventy days. Dispensary Application Materials and Resources

Ohio Medical Marijuana Control Program

State of Ohio Board of Pharmacy

RFA II Proposal – 4.19.2021

Requirements for Determining # of Dispensaries

Section 3796.05 of the Revised Code and rule 3796:6-2-05 of the Administrative Code require the State of Ohio Board of Pharmacy to consider the following when determining the number of dispensaries in the state:

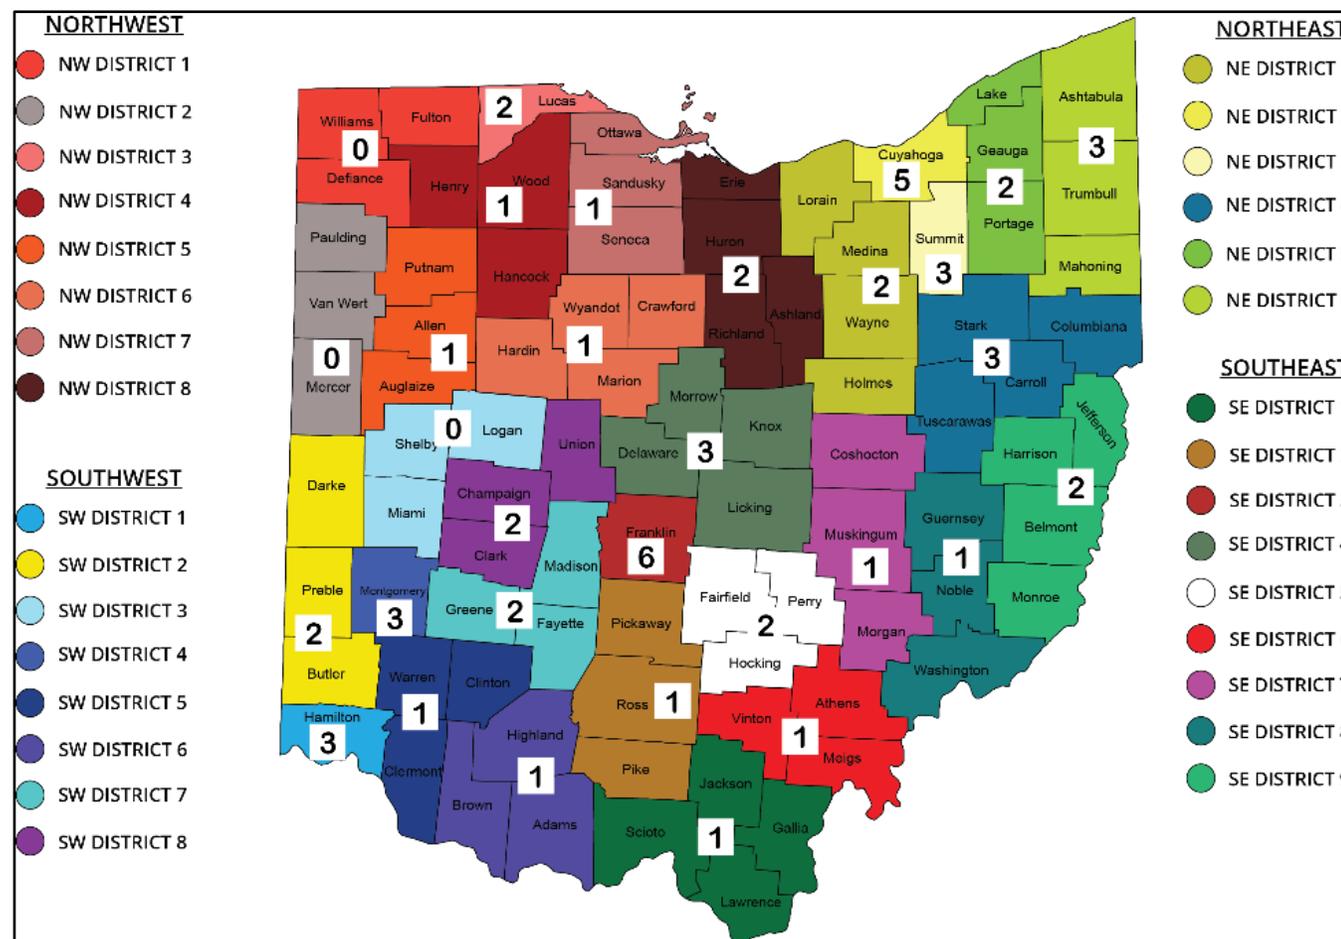

- 1) The population of this state;
- 2) The number of patients seeking to use medical marijuana; and
- 3) The geographic distribution of dispensary sites.

The Board is required to consider these factors each biennial licensing term to determine whether a sufficient number of medical marijuana dispensaries exist.

Dispensary Districts

- To ensure geographic distribution, the Board established 31 dispensary districts. The districts were developed using the following factors:
 - Established rules and regulations in other state medical marijuana programs
 - Patient populations
 - Consultation with regulators in other states
 - Ohio's population
 - Existing compliance resources for the State Board of Pharmacy
 - Access to major Ohio roadways
- Districts were also posted for public comment prior to implementation.

Factor #1: The population of this state

The Board initially issued 57 provisional licenses and there are currently 52 dispensaries that are operational.

Looking at the bordering states that operate medical marijuana programs, Ohio's current number of licenses is comparatively low based upon state population.

State	Population	Number of Medical Marijuana Dispensaries	Dispensaries Per Capita (100k)
Ohio	11.69 million	57	0.48
Pennsylvania	12.8 million	109	0.85
Michigan	9.987 million	364 - medical outlets only	3.64

NOTE: Michigan's medical marijuana program has been in operation since approximately 2008 and includes a recreational program. Pennsylvania's program became operational in 2018. Ohio's program became operational in 2019.

Factor #2: The number of patients seeking to use medical marijuana

- When Ohio's program began, initial assumptions estimated anywhere between 12,000–24,000 patients within the first two years of the program. These assumptions were based upon experiences of other states (CT, IL, MA, MN, NH and NY).
- These states demonstrated relatively low rates of patient growth in the first two years of their respective programs.
- As of January 2021 (when the assessment was conducted), Ohio's Medical Marijuana Control Program reported 136,507 registered patients. This number is significantly larger than patient registration assumptions for the first two years of program operation.

Factor #2: The number of patients seeking to use medical marijuana

- Adding to this, patient demand differs significantly by dispensary district. For example, SW-3 (Franklin County) has a total of 17,050 patients across 6 licenses (average patients per dispensary = 2,841).
- This figure is significantly higher than other dispensary districts, such as SE-6 (Vinton, Athens, Meigs) which averages only 1,315 patients per dispensary. Therefore, any expansion needs to promote equal access across dispensary districts.

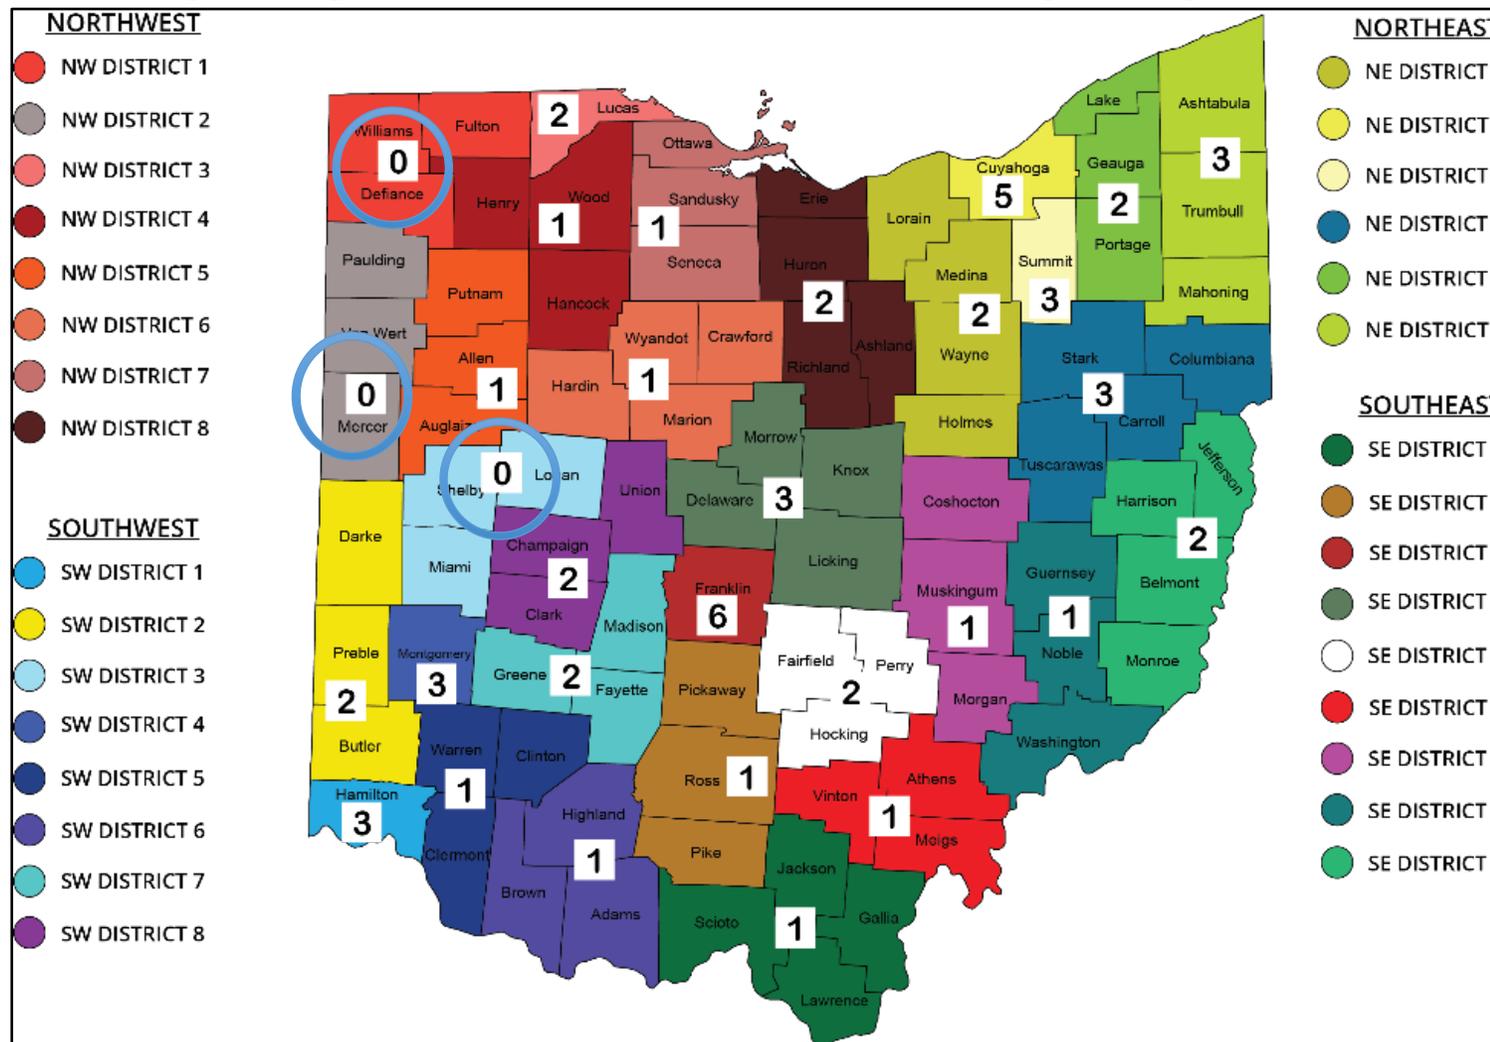

Factor #3: The geographic distribution of dispensary sites to ensure patient access to medical marijuana

Dispensary Districts & Number of Current Dispensary Licenses

During the initial RFA process, the Board did not receive any viable applications for dispensaries in the following districts:

- NW District 1 (Williams, Fulton, Defiance)
- NW District 2 (Paulding, Van Wert, Mercer)
- SW District 3 (Shelby, Miami, Logan)

Assessment of the Three Required Factors

Factor #1: The number of dispensaries per capita compared to other medical marijuana programs indicates a need to increase the number of Ohio dispensary licenses.

Factor #2: The number of patients seeking to use medical marijuana exceeds initial estimates, indicating a need to increase the number of Ohio dispensary licenses with a particular focus on meeting patient demand in certain districts.

Factor #3: There are three dispensary districts without an operational dispensary, thus indicating a need to increase the number of dispensaries to ensure geographic distribution and patient access.

Assessing the Number of Additional Dispensary Licenses for RFA II

To assess the needs for additional dispensaries, the Board conducted an analysis of patient data by dispensary district with the following goals:

1. Promotion of dispensaries in districts where there are currently none;
2. Increasing access in higher demand dispensary districts to ensure equal access across the districts.

Assessing the Number of Additional Dispensary Licenses for RFA II

To achieve the first goal, the Board plans to add dispensary licenses in the three dispensary districts that currently do not have licenses:

- NW District 1 (Williams, Fulton, Defiance)
- NW District 2 (Paulding, Van Wert, Mercer)
- SW District 3 (Shelby, Miami, Logan)

Assessing the Number of Additional Dispensary Licenses for RFA II

To achieve the second goal, the Board analyzed the number of patients per dispensary district with the intent of equal access across districts (see chart on next slide).

Assessing the Number of Additional Dispensary Licenses for RFA II

Dispensary Application Materials and Resources

District	Number of Dispensaries (includes PDLs)	Patients Per District	Patients Per # of Dispensaries (includes PDLs)

Proposed Dispensary License Allocation

- To promote equal access across regions, the Board developed the following proposed RFA II based upon feedback from the industry and patients.
- This included a review of patient survey data and industry feedback (OMCIA, etc.) that highlights the need for more dispensaries to improve access and reduce costs to patients.
 - In a recent survey of Ohio patients conducted by the program, 58% of respondents indicated they were either “somewhat dissatisfied” or “very dissatisfied” with the price of products.

Proposed Dispensary License Allocation

- The allocation method uses a metric of **1,200 registered patients per dispensary per district.**
- This figure attempts to address access by including all registered patients in each district. This accounts for patients who have registered but may have not purchased due to cost or access issues.
- This figure also ensures dispensary viability, as the Board has determined a dispensary needs between 300-600 active patients to maintain viability.

Assumptions for Proposed Allocation

Assumptions for the proposed allocation:

- Add dispensary licenses for every district that exceeds 1,200 patients per dispensary per district to bring the number of patients per dispensary per district below 1,200 registered patients.
- Any region with less than 1,200 patients per dispensary per district, is not eligible to receive another dispensary license.
- The three districts without a dispensary license will automatically receive at least one dispensary license to meet geographic diversity requirements.
- Patient numbers include both active patients and patients who have registered but have not purchased medical marijuana.

Proposed Allocation

Comparison - Current vs. Proposed

Assessment of Proposed Allocation Process

- Adds 73 new dispensary licenses to ensure geographic distribution and patient access.
- Brings dispensaries per capita to 1.11, which exceeds PA (0.85) but is lower than the Michigan number (3.64).
- Comparable to the January 2021 request from the industry (OMCIA) for a total of 150 dispensary licenses (a proposed increase of 93 dispensaries from the current allocation).

Proposed Dispensary RFA II Process

- As previously done, RFA II will require applicants to specify the district(s) wherein they are applying, and provisional dispensary licenses will be awarded based on those districts. The districts will remain the same as in the previous RFA.
- Dispensary applications will be scored to determine who is a qualified applicant.
- All viable applications will be entered into a lottery system, wherein individual lotteries will be held for each dispensary district with available licenses.

Ohio Medical Marijuana Control Program

The State Board of Pharmacy reviewed and considered the questions submitted during the second of two Question and Answer Periods. Responses to the submitted questions are provided below. In certain circumstances, questions are summarized in order to provide relevant responses to a broader range of Applicants. Responses are provided below for all questions that were still under consideration when responses to the first Question and Answer Period were made available. The Board is providing this guidance to assist Applicants with the completion of an application for a dispensary license. These answers do not constitute legal advice, which should be sought from a licensed legal professional.

2021 RFA II - Second Round Question and Answer Responses

ID	Question	Response
210 (CORRECTED RESPONSE)	Are electronic fingerprints printouts for BCI and FBI from any Non-WebCheck provider outside of Ohio acceptable?	Yes.
75	With respect to the liquid assets requirement of C-5.5, can applicant issue promissory notes to investors who contributed to the \$250,000 assets required?	Yes.
104	Can an applicant use an approved line of credit from an established financial institution as an acceptable form of liquid assets for the application?	Yes.
112	If someone has convertible debt, is that considered common ownership for this section?	In most situations, the answer will be yes. This is a very complicated analysis that requires extensive review of the specific agreements with the lender. If an applicant is using convertible debt to finance their dispensary, the Applicant must list the holders of the convertible debt as owners in the application.
125	For purposes of Ohio Admin. Code. 3796:6-2-02(4)(b), does "sources" refer to the individual providing the funds, or the account from which the funds are provided? For example, if John Doe agrees to loan money to an Applicant from a Wright-Patt Credit Union account as part of the application, may the Applicant ultimately use funds from John Doe's Middlefield Bank account without needing prior Board approval?	The use of funds from sources not disclosed in the application is prohibited unless the applicant obtains approval from the board. See OAC 3796:6-2-02(B)(4)(b) . The "source" of the funds includes the individual's account and not just the individual themselves.

Ohio Medical Marijuana Control Program

ID	Question	Response
126	Question C-5.3 asks applicants to demonstrate that they have sufficient liquid assets by providing documentation. If an application is using a line of credit to meet their liquid asset requirement, does the board need an account statement showing the funds in the account or is a letter from the lender unconditionally committing the line of credit to the applicant sufficient?	If the source of the line of credit is a private individual or entity, the individual or entity must demonstrate sufficient liquid assets through an account statement dated no earlier than 30 days prior to the date of the application. If the source of the line of credit is a licensed financial institution or similar institutional lender, a letter confirming unconditional commitment of the funds is sufficient.
173	Can a lender commit funds to more than five applicants, and if so, is the applicant required to demonstrate that the lender has access to sufficient capital that would fund each applicant’s proposed operations?	The five-license limit is inapplicable to lenders, absent an ownership interest.
174	Can one entity with \$10,000,000 in a bank account conditionally finance 20 different applicant entities without violating the common ownership or common affiliation prohibition in the case that all 20 applicant entities were selected in the lottery?	The Board of Pharmacy cannot respond to this question without additional information. However, the five-license limit is inapplicable to lenders, absent an ownership interest.
206	According to Section 3796:6-2-02(B)(4) of the Ohio Revised Code in order to open a dispensary, you must have initial working capital of \$250,000.00, which has to be "unencumbered and convertible to cash within 30 days." Our question is, if I am the owner of the business and I solicit funds from private investors that then get deposited into a bank account either in my name or under the businesses name which I own, can I then guarantee the investors a rate of return on their investment conditioned upon the business being profitable with an understanding that there is no guarantee to return the initial investment or any rate of return on the investment if the business is not profitable, would this be in compliance with this Section of the Ohio Revised Code?	<p>If the amount that an individual is to receive is tied to the amount of profit earned, then that individual will be considered to have an ownership interest and must be properly disclosed in the application. See OAC 3796:6-2-03 for medical marijuana dispensary ownership and ownership requirements and the Dispensary Control and Ownership Interest FAQ.</p> <p>Also, Applicants must have the <i>greater</i> of \$250,000 or the total of the amounts listed for buildout and operating costs in Question C-2 and C-3.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
218	Does a prospective associated key employee with no ownership in the applicant (e.g. Chief Operating Officer, CFO, etc.) who will be hired upon award of a PDL need to be identified in Section B-3.1 of the application prior to submitting the application or can the PAKE be hired post-award and the organization chart updated with the Board of Pharmacy at that time?	Any officers (such as a CEO or CFO) currently employed must be disclosed. If those officer positions are filled after the application is submitted, the applicant should notify the Board of Pharmacy of that change pursuant to OAC 3796:6-2-02(C) . All dispensary employees, including officers, must hold a Board-issued dispensary employee license.
219	Will the applicant be disqualified if they omit the EIN in Section A-3.5 of the application, if the Applicant intends to apply for the EIN number after award of the PDL?	No.
220	Can I submit screen shots of my online banking screens in lieu of submitting actual bank statements?	No.
221	I own other non-cannabis related businesses. Can I submit bank statements from those other non-cannabis related businesses unconditionally committing the unencumbered liquid assets to the applicant, which I solely own as well.	Yes, assets from an unrelated business account with the same owner may be relied upon for purposes of RFA II but only if the pledging entity signs the required unconditional pledge of assets including language to the effect that "if awarded a provisional dispensary license, the funds will be transferred to another account for use by the applicant."
222	Will there be a transaction fee to use a credit card to pay the \$5000 application fee and/or will there be a transaction fee to pay by ACH and what will be the procedure to pay by ACH?	No, there will not be a transaction fee to use a credit card. Applicants will be directed to a vendor's site for payment where they can enter their credit card or check account withdrawal information.
223	What is the definition of "exercise substantial control" because wouldn't a dispensary manager be exercising substantial control over the operating of the dispensary in fulfilling his/he duties?	For the purposes of the application, the Board is focusing on the eligibility of owners (with 10% or more ownership), officers, and board members. If an entity wins a provisional dispensary license, employees (including the dispensary manager) will have to be licensed by the Board before the entity can receive a certificate of operation.

Ohio Medical Marijuana Control Program

ID	Question	Response
224	With respect to C-2.1 and the requirement that the facility have a “day storage area with pass-thru window(s), is it permissible for an applicant’s day storage to be on the second floor of the dispensary facility and a chute from that day storage area to behind the sales counter be used as a “pass-thru window”? Behind the sales counter would be a restricted access area with access control devices.	A day-storage area with a pass-through window(s) is required. See OAC 3796:6-2-02(B)(7)(f) . Provisional dispensary licensees may work with their assigned agent to ensure adequate security measures are in place prior to any certificate of operation being issued.
225	<p>What if the physical address is different from the zoning jurisdiction (i.e. what if the zoning jurisdiction is Columbus, but the physical / mailing address is Westerville and not Columbus)?</p> <p>What is the proper address to put on the zoning form (certain zoning officials are refusing to sign the Notice of Proper zoning unless the physical address matches the zoning jurisdiction)?</p>	The Notice of Proper Zoning Form must be completed by the official from the jurisdiction that is responsible for zoning enforcement for the proposed dispensary location, regardless of the physical address of the location. The Board defers to the zoning official as to the address that should be listed on the form.
226	<p>Is it the Board’s position that standard contingencies such as due diligence, EPA assessments, etc. in a purchase agreement would not constitute establishing ownership and would disqualify an applicant?</p> <p>Put another way, must a purchase agreement literally have only 1 contingency (award of provisional license) and an applicant is required to conduct all due diligence and be willing to accept the property prior to submitting an application?</p>	The inclusion of “standard” real estate contingencies in a purchase agreement would not disqualify an Applicant. However, items such as purchase price must be included in the purchase agreement and not subject to further negotiation.
227	We have identified property in a high traffic area that could provide patient access to a large patient population, but it uses public parking garages and street parking as opposed to having its own parking lot. Thus, is public parking garages and street parking acceptable forms of parking for a dispensary location?	Yes. Applicants without an owned parking lot may demonstrate that parking is available at a nearby parking lot or that there is sufficient street parking nearby.

Ohio Medical Marijuana Control Program

ID	Question	Response
228	Can you please provide me with the official measurement tool allowing us to determine if our property site is in compliance with the 500 foot rule?	Five hundred feet will be measured using the shortest distance between the closest point of the external boundaries of a parcel of real estate having situated on it any facility described in paragraph (B)(2)(k) of OAC 3796:6-2-02 and the external boundaries of the parcel on which the prospective dispensary would be situated. OAC 3796:6-2-02(B)(2)(l) .
229	Is real property that is unencumbered and outright owned by an applicant considered a liquid asset that may be used to meet this requirement when the assets can be guaranteed to be liquidated in the time frame required?	No.
230	In question C-2.2, what other evidence, specifically, is the Board looking for, other than the Notice of Proper Zoning form when zoning is in place for the dispensary address, please give examples?	The Applicant must submit evidence that it complies with any local ordinances, rules, or regulations adopted by the locality in which the Applicant's property is located, which are in effect at the time of the application. Include copies of any required local registration(s), license(s), or permit(s) of the locality in which the Applicant's property is located.
231	When proving sufficient liquid assets, if an Applicant has a joint account with a spouse, but the spouse is not part of the Applicant entity, will the spouse be required to be disclosed on the application?	The spouse is not required to be identified as a PAKE unless the spouse is also an owner, officer, or board member of the Applicant. Also see answer to Question 232.
232	When showing sufficient liquid assets, if a member of Applicant has a joint account with a spouse and the spouse is not part of the Applicant entity, will the state assume that some funds are not accessible by the Applicant member?	If only a portion of the joint account will be accessible, the Applicant must identify with specificity what portions of the joint account are being pledged. By unconditionally pledging an entire account, that member is attesting that they have authorization to use the entirety of the joint account. See OAC 3796:6-4-03(A)(13) (the Board can deny an application if there is fraud, misrepresentation or deception). Unless otherwise noted on the application, the Board will assume that any liquid assets identified in the application and unconditionally pledged are accessible to the pledgor. The use of funds from sources not disclosed in the application is prohibited unless the applicant obtains approval from the board. See OAC 3796:6-2-02(B)(4)(b) .

Ohio Medical Marijuana Control Program

ID	Question	Response
233	Question B-3 requires an answer for voting rights in Applicant’s business as a percentage. According to our Operating Agreement we will have some managers with voting rights in certain situations, but no vote in other situations. Should we list out the maximum possible percentages they can have?	Yes, the maximum percentage must be listed but additional relevant information should also be noted in the response.
234	Is any other evidence necessary to be complete and compliant assuming the remainder of the Notice of Proper Zoning Form is completed, signed, and dated?	The Applicant must submit evidence that it complies with any local ordinances, rules, or regulations adopted by the locality in which the Applicant’s property is located, which are in effect at the time of the application. Include copies of any required local registration(s), license(s), or permit(s) of the locality in which the Applicant’s property is located.
235	If I’m over 59 years old is my Roth IRA (that can be fully withdrawn without a penalty) which is in a brokerage account that can be converted to cash in a few days considered a liquid asset?	No.
236	Is a College 529 Plan in which I am the owner and can be converted to cash in under 30 days considered liquid assets?	No.
237	In reference to question #30 on the first round of questions, if I’m over 59 ½ years old and have a 401K in a brokerage account that can be turned into cash in a couple of days, is this considered a liquid asset?	No.
238	In reference to question #119 on the first round of questions. Would a completed and county engineer approved survey be considered a completed lot split or does it need to have its own parcel number?	The process for splitting the lot, as required by the locality where the property is located, must be fully completed (including the new parcel number) no later than at the time of application.
239	Do Applicants controlling property by a lease or lease option have to submit a lease or lease option plus the signed notarized statement, or can they submit just a signed notarized statement as permitted by OAC 3796:6-2-02(B)(2)(j)?	Applicants must provide proof they own or control through a leasehold interest in all real property where marijuana will be dispensed OR a signed, notarized statement from the owner of such real property that the owner will grant a leasehold interest to the applicant if a provisional dispensary license is issued to the applicant. See OAC 3796:6-2-02(B)(2)(j) .

Ohio Medical Marijuana Control Program

ID	Question	Response
240	If a Trade Name or Fictitious Name has not been selected and A-1.2 is N/A or BLANK on the Application, would the Notice of Proper Zoning Form box #2 (just asking about that box #2 for this question) be complete and compliant if it only states a physical address on the Notice of Proper Zoning Form?	Yes.
251	Regarding the Notice of Proper Zoning Form (NPZ), assuming the Moratorium and Zoning sections are completed in favor of allowing a dispensary at that location, if in the Permit section the city checks only the box "No zoning approval was applied for and no permit was received at this time" AND provides a letter that a special use permit is not required or not required at this time – is that sufficient to favorably complete the NPZ form? If that same box is checked, but the city refuses to provide any information regarding a special use permit, is that sufficient to favorably complete the NPZ form.	Yes.
252	Considering there is no timetable for grading and picking lottery winners, how are we expected to make purchase or leasing agreements? It will be near impossible to have a landlord hold a property for more than 60 days. Can we expect provisional licenses to be awarded by February?	Applicants are permitted to sign conditional purchase or lease agreements. Some owners and landlords will charge a fee to hold the property pending application review. The Board will attempt to complete the review process as quickly as possible.
253	I have a piece of land that is zoned m2. I am in the process of getting a council variance to change it to m. I have every single piece of information, survey, site plan, building design etc to submit for approval. The variance will not be completed by the 11/18 deadline but will be in process. Am I able to check the box on form C2 that states it is in process but not completed or am I not able to even apply for the provisional license?	Yes. If a special use permit is required, the Applicant must demonstrate that the permit has been applied for or cannot yet be applied for at the time of the application submission.

Ohio Medical Marijuana Control Program

<p>254</p>	<p>In several of the questions, you mention “any” common ownership as it relates to multiple applications for the same parcel of land. Does any common ownership only apply to the actual dispensary location applications, or does it include common ownership of other Ohio Medical Marijuana Licenses (e.g. Cultivation, Processing or another already operating dispensary)? For example, a Processing ownership group, made up a 5 owners, could each owner (assuming they have the financial liquidity) submit a separate application for the same parcel of land?</p>	<p>Common ownership criteria, as relates to multiple applications for the same or adjacent parcels of land, is determined by the owners identified in the provisional dispensary license application.</p> <p>The purpose of the “common ownership” prohibition for applications on the same or adjacent parcels is to prevent people from submitting multiple applications for the same or adjoining parcels. The Board is aware that some Applicants may try creative work-arounds to multiply their chances of winning a license at a specific location (or at an adjacent location). The purpose of this RFA requirement is to ensure an equal chance for licensure for all Applicants. The Board will be carefully scrutinizing applications that are seeking the same or adjoining parcels in the following circumstances:</p> <ul style="list-style-type: none"> • Separate applications are received from people or entities that seem to have some sort of prior relationship (the separate applicants are spouses, siblings, co-own another business, etc.) • Applications that have identical (or nearly identical) budgets and site plans for the same or adjoining parcels • Option agreements between applicants seeking the same or an adjoining parcel • Management or consulting agreements between applicants seeking the same or an adjoining parcel • Pledged amounts are coming from the same banking or investment accounts • Multiple applicants are relying on the same pledged assets • There are any other indicia demonstrating an attempt to circumvent the single application per parcel/adjoining parcel requirement of the RFA <p>This scrutiny may not be limited to reviewing the four corners of the applications, and may involve Board investigators sending subpoenas and conducting interviews. If the Board concludes that two or more Applicants are attempting to circumvent the one-application-per-parcel rule, the Board <i>will</i> disqualify <i>all</i> applications from the Applicants (including applications for other unrelated parcels).</p>
------------	--	---

Ohio Medical Marijuana Control Program

ID	Question	Response
		NOTE: Additional application questions addressing multiple applications for the same or adjacent locations have been added to the application.
255	If applicant owners have recently had background checks (within the last 6 months) for other Licenses (re-upped the employee badge), do they have to resubmit another round of background checks for these new applications?	A PAKE who has had background checks provided to the Board of Pharmacy within the last 12 months of the date of the application does not need to undergo additional background checks for the application process.
256	The 'Request for Applications' states that the application would be posted here on Monday 9/20. All I see is the application preview link, not the application itself. Can you please direct me to the application?	On Thursday, November 4, 2021, the Board will begin accepting medical marijuana dispensary applications at 8 a.m. ET. Applications and all related materials must be submitted electronically through the web-based application available at www.medicalmarijuana.ohio.gov/dispensaries . The web-based application will NOT be available until November 4 th . However, prospective applicants may review a Preview of the Application in order to begin preparing for submission.
257	What happens if an applicant (1) buys a facility in a municipality that has no legislation/resolutions pertaining to marijuana establishments (2) is then awarded a conditional license by the State for that facility and (3) then the municipality passes a resolution prohibiting marijuana establishments within its limits? Are there any "grandfather provisions" from the State that would offer guidance on this?	An Applicant may request to withdraw its application due to a change in federal, state, or local rules that would prohibit a proposed dispensary from operating in compliance with representations made in the application. If the request to withdraw is granted, the Applicant shall be granted a refund of any remitted application fees. See OAC 3796:6-2-02(D) . Applicants should contact the local municipality regarding any applicable "grandfather provisions."
258	If a lender issues a line of credit to an applicant, is that lender able to sell that obligation to a third party?	The use of funds from sources not disclosed in the application is prohibited unless the Applicant obtains approval from the board. See OAC 3796:6-2-02(B)(4)(b) . Therefore, a line of credit cannot be transferred or sold to a third party absent Board approval. Without additional information, the Board cannot provide a more detailed response.
259	If an individual or other non-applicant business entity forms a lender entity that provides a line of credit to an applicant entity, can the individual or other non-applicant business entity then sell that lender entity to a third party?	The use of funds from sources not disclosed in the application is prohibited unless the Applicant obtains approval from the board. See OAC 3796:6-2-02(B)(4)(b) . Therefore, a line of credit cannot be transferred or sold to a third party absent Board approval. Without additional information, the Board cannot provide a more detailed response.

Ohio Medical Marijuana Control Program

ID	Question	Response
260	Is it permissible for a property holding company, to enter into lease agreement, option to purchase or option to lease with the property owner, and in turn, assign that agreement to the applicant?	Notwithstanding the terms of a particular transaction, an Applicant must submit proof establishing that the provisional dispensary Applicant owns or controls through a leasehold interest in all real property where marijuana will be dispensed, or a signed, notarized statement from the owner of such real property that the owner will grant a leasehold or ownership interest to the applicant if a provisional dispensary license is issued to the applicant.
261	Is a money market account an acceptable source of funds to demonstrate liquid assets?	Yes.
262	May several accounts be combined to meet the requisite liquid capital asset amount?	Yes.
263	Is the primary contact for the application automatically a Prospective Associated Key Employees? Must an Applicant's primary contact also be a PAKE?	No.
264	Is an affidavit from an individual committing their liquid assets sufficient to show "evidence that the person has unconditionally committed" those assets to the use of the Applicant? Or would the Board like something else? If so, what?	Yes.
265	With respect to written responses with trade secret or infrastructure records, should the Applicant state: "TRADE SECRET" and/or "INFRASTRUCTURE RECORD," as appropriate, in capitalized letters? Or will there be an option to make that text underlined and bold type of at least 20 pt.?	For responses uploaded to the application, clearly mark every page of trade secret materials in the application submission at the time the proposal is submitted with the words "TRADE SECRET" and/or "INFRASTRUCTURE RECORD," as appropriate, in capitalized, underlined, and bold type of at least 20 pt. Text in text boxes cannot be formatted; therefore, the Applicant should add "TRADE SECRET" and/or "INFRASTRUCTURE RECORD," when applicable.

Ohio Medical Marijuana Control Program

ID	Question	Response
266	May an Applicant also enter into a management agreement to run the day-to-day operations of another Applicant's business? We would like to confirm a management agreement is not considered ownership in an applicant as long as the management company does not have any control or ownership interest in an applicant and the management company is paid only market rate fee for service to support the licensed applicant. We would also like to confirm whether the management company must also be listed as a PAKE and how to do that when it is a company. Should each of the management company's owners be listed on the application? Can we list the anticipated operation's manager only?	Management agreements will be carefully scrutinized to determine whether the management company exercises substantial control over a dispensary. See OAC 3796:6-2-03(D) . Use of a management company could trigger a change of ownership pursuant to OAC 3796:6-2-12 .
267	Item A-4.1 asks applicants to "Attach an organizational chart showing all owners, officers, and board members of the provisional dispensary applicant, irrespective of ownership interest." If the sole owner is a publicly traded company, is it sufficient to show that company as the only owner? If ownership must be disclosed to the level of individuals, the concern is that there are potentially hundreds of thousands of individual shareholders who could be considered owners, and those owners change daily as shares are purchased and sold.	If a publicly traded company is listed as the sole owner, officers, board members, and individuals owning more than 10% interest in the company must be identified in the organizational chart. Additionally, the Applicant must attach its 10-K (or identify a link thereto) filed with the U.S. Securities and Exchange Commission.
268	In addition to the dispensary restrictions on 5 license limit and no more than 66% ownership within a district, are there additional restrictions on cumulative # of licenses allowed as a single owner for cultivation and processing in addition to the 5 cap of retail?	Cultivation and processor ownership does not impact dispensary licensing.
269	With no race-identifying info on the application, how will the Program vet out qualifying applicants and when in the vetting or drawing process will this evaluation take place in order to meet the October release of 3796.10 that states no less than 15% of dispensary licenses will be awarded to disadvantaged groups?	A court has deemed RC 3796.10(C) unconstitutional. Therefore, it is void and may not be applied by the Board.

Ohio Medical Marijuana Control Program

ID	Question	Response
270	Is there a proximity restriction between 2 dispensaries or between any type of marijuana facilities?	No. There is no proximity restriction between an <i>existing</i> dispensary and a proposed dispensary. Note: the answer is different if an applicant is submitting multiple applications on the same or adjoining parcels of land.
271	May applicants use a line of credit agreement to satisfy the liquid capital requirements contemplated in OAC 3796:6-2-02(B)(4)? If so—what documentation would the applicant need to provide to satisfy the “account statements” requirement contemplated in OAC 3796:6-2-02(B)(4)(a)(i) (e.g. a current statement from the lender/creditor’s account(s) that would be used to fund the line of credit)?	Yes. If the source of the line of credit is a private individual or entity, the individual or entity must demonstrate sufficient liquid assets through an account statement dated no earlier than 30 days prior to the date of the application. If the source of the line of credit is a licensed financial institution or similar institutional lender, a letter confirming unconditional commitment of the funds is sufficient.
272	If a provisional license recipient's build out happens to exceed the expected costs reported in the applicant's projected budget proposal (as submitted for application section C-3)—thus requiring the applicant to obtain funds from additional (and previously undisclosed) sources to complete its build-out—what will the process for obtaining the requisite Board approval for use of such funds (as contemplated in OAC 3796:6-2-02(B)(4)(b)) entail? I.e., what evaluative criteria (if any) will the Board consider when determining whether to approve a provisional license recipient's request for authorization to use additional (previously undisclosed) sources of funds to complete its build-out?	The Board will review such requests for compliance with Revised Code 3796, the administrative rules, and RFA II.
273	As part of the business plan (C-1.1), we are having trouble squaring the regulation (OAC 3796:6-2-02(B)(2)(j)) with the instructions from the application which states that evidence may include an option to purchase. Is it acceptable to provide evidence of an option to purchase the real estate? If so, must the applicant submit a signed, notarized statement from the property owner that the owner will grant an option to purchase to the Applicant on the proposed site?	Yes. Applicants may rely on an option to purchase the real estate. Applicants must provide proof they own or control through a leasehold interest in all real property where marijuana will be dispensed OR a signed, notarized statement from the owner of such real property that the owner will grant a leasehold interest to the applicant if a provisional dispensary license is issued to the applicant. See OAC 3796:6-2-02(B)(2)(j) .
274	If an agent is submitting applications for more than one applicant, can they send an ACH for the total fee associated with all the applications and then indicate which applications the ACH is for?	No. Each payment must be made separately at the time of each application submission. Payments may also be made by credit card.

Ohio Medical Marijuana Control Program

ID	Question	Response
275	Does a secured delivery area require a roof? Does a secured delivery area require a perimeter area wall or fence? Does a secured delivery area require to be able to fully contain a delivery vehicle?	Delivery areas will be evaluated individually to ensure each location is sufficiently secured, after provisional dispensary licenses have been awarded. All areas where medical marijuana is delivered shall be secured and monitored with video surveillance. Access shall be limited to necessary licensed processor, cultivator, and dispensary employees. OAC 3796:6-3-06(D) .
276	In B-2.1 if we were not selected in the first round of licenses, NOT Disqualified, do we need to list that as being denied a license?	An Applicant does not need to disclose the denial of a license application if the application was denied solely for one or more of the following reasons: (1) your application was scored and the agency determined that your overall score was so low that you were categorically ineligible to be licensed; (2) an agency required passing scores on each question or each section, and the agency determined that you did not receive a passing grade on one question or section; (3) there was competitive scoring and other applicants had higher scores than your application; (4) you received one or more licenses, but one or more other applications were denied because of a license cap; or (5) the agency used a lottery or random drawing process and your application was not randomly selected.
277	If a person owns less than 10% on licenses issued the first round, can the same person own less than 10% on 5 additional licenses on RFAII?	Yes, as long as the person is not exerting substantial control over a licensed dispensary.
278	If the applicant is 20% owned by an LLC that has two members (Member A with 60% equity and Member B with 40% equity). Both members of the LLC will be listed as Prospective Key Employees on the applicant's application. Thus, what would be the ownership interest for Member A and Member B in the applying entity?	The Board of Pharmacy cannot respond to this question without additional information.
279	For purposes of the liquid asset requirement in OAC 3796:6-2-02(B)(4), may an applicant submit documentation showing an unconditional pledge of funds to the applicant from a person who is not an owner, officer, or board member of the applicant to satisfy the \$250,000 threshold? In other words, may someone not tied to the applicant unconditionally pledge funds to the applicant for purposes of satisfying this requirement?	Yes, an individual may pledge funds to the Applicant but must provide evidence that the individual has unconditionally committed such money to the use by the provisional dispensary Applicant and account statements from a qualifying institution dated no earlier than 30 days prior to the date the application is submitted. OAC 3796:6-2-02(B)(4)(a)(i) .

Ohio Medical Marijuana Control Program

ID	Question	Response
280	Can a dispensary transfer its location after a license is issued, and are there specific rules/restrictions for that?	A dispensary can request to relocate only after a certificate of operation is issued. For additional information related to relocation requests, see OAC 3796:6-2-13 .
281	For purposes of C-1.1, if the applicant is planning to sublease the property where the dispensary would be located, is a signed, notarized statement from the property owner sufficient proof of the applicant's future leasehold interest, or must the applicant also provide a comparable statement from the property management company with whom the sublease would be executed?	Notwithstanding the terms of a particular lease or sublease, an applicant must submit proof establishing that the provisional dispensary applicant owns or controls through a leasehold interest in all real property where marijuana will be dispensed, or a signed, notarized statement from the owner of such real property that the owner will grant a leasehold interest to the applicant if a provisional dispensary license is issued to the applicant.
282	What does the Board mean in the definition of Prospective Associated Key Employees when it says that a "prospective owner" or "prospective board member" must also be listed and included in the application (Section B-3)? What is a prospective owner or board member? Is a prospective owner or board member someone who will have ownership if a provisional dispensary license is issued? Is a prospective owner or board member someone who will have ownership if a certificate of operation is received?	A prospective owner or prospective board member is an individual who will serve in that capacity only if a provisional dispensary license is awarded to the Applicant.
283	At what point can a change of location be submitted and approved (e.g., after being awarded a provisional license, after a certificate of occupancy is received and licensing fee paid, after the licensing fee is paid, but prior to certificate of occupancy).	A dispensary can request to relocate only after a certificate of operation is issued. Provisional dispensary licenses are specific to the location identified in the application and are non-transferable. OAC 3796:6-2-04(O) .
284	For purposes of C-1.1, does Applicant need to demonstrate that no ownership dispute exists from the perspective of the current owner of the proposed location? For purposes of C-1.1, will a statement submitted from and by the Applicant that no disputes of ownership that would prohibit Applicant from opening a dispensary at the identified location, after Applicant conducted a diligent search and analysis, be sufficient to satisfy C-1.1?	Applicant may submit a deed of ownership demonstrating they own the real estate. If additional clarification is needed, e.g. a resolved lawsuit regarding ownership, such information should be provided.

Ohio Medical Marijuana Control Program

ID	Question	Response
285	C-2.1 - Site Plan: States that we must provide a site specific plan interior and exterior to scale. Does this need to include a security overlay? Or just the elements listed in the Question (vault, waiting room, consult room, man traps, etc)? Basically in RFA I – we noticed there were interior security plans in addition to regular site plans – or do we show the security layout later once a provisional license is issued?	A security overlay does not need to be included in the application; however, security requirements will need to be met prior to the issuance of a certificate of operation.
286	C-1.1 – We have a real estate entity that holds a leasehold in the proposed property. This real estate entity has an affidavit that clearly lays out a sublease to the Dispensary entity. The affidavit also notates that both the Owner and Real Estate Entity are allowing application for a medical marijuana dispensary provisional license. Is the affidavit stating all of this enough, or does the state still need the entire lease agreements between all parties. Basically is the affidavit sufficient or does the State need all private lease agreements?	Both the owner and sub-lessor must submit a signed, notarized statement acknowledging that the sublease will be granted; however, the Applicant does not need to include the original lease agreement, only the sub-lease agreement.
287	C-2.1 & C-2.1a – One of our AKE is a licensed contractor and professional construction manager holding a contractor license in Ohio. Is there any reason this contractor cannot produce and prepare site plans and sign off on the proposed construction budget? Basically this person does this as a professional career; are they allowed to prepare and sign off on these documents? What is considered as “contractor certified”?	A contractor licensed by the Ohio Construction Industry Licensing Board who is also an associated key employee may prepare and sign off on the proposed construction budget if that individual is overseeing the construction or renovation.
288	If we happen to win the drawing and if we are approved how do we go about the county we get the licenses in? Can we pick and choose a county?	No. Applications are site-specific and dispensary locations must be specifically identified prior to applying. See OAC 3796:6-2-02(B)(2)(e),(j),(k), and (m) and 3796:6-2-04(O) .
289	Is it still allowed to form a medical advisory board for the application? If so where would you like us to indicate this?	Yes, a medical advisory board is allowed. Applicants should disclose this information under question C-4.1.

Ohio Medical Marijuana Control Program

ID	Question	Response
290	If an applicant has enough liquid assets for meeting the requirements but would rather use his other assets that you do not consider liquid, like he is selling assets that will not count as liquid (he would have of plenty of cash at the time of starting the dispensaries and would prefer not to liquidate his stocks) can the applicant disclose the non-liquid assets on application in addition to his “qualifying” liquid assets?	No. Disclosure of non-liquid assets is not required. Applicant should identify the available liquid assets and, if Applicant prefers to use funds from sources not disclosed in the Application upon award of a provisional dispensary license, Applicant must then obtain approval from the Board.
291	On question 129 in the first round of Q & A referring to Landlord providing tenant improvements and their need to show capital your answer was “Maybe.” Depending on terms of the agreement.” Could you please let us know what terms in the agreements would trigger the need to show Landlord’s available capital?	The extent to which the improvements provided by the landlord are related to those necessary for compliance with Revised Code Chapter 3796., the administrative rules adopted thereunder, and RFA II, may affect whether the terms of the agreement trigger the need to show the landlord’s available capital. If a landlord will be performing all or substantially all of the buildout, then the applicant will need to show the landlord’s available capital. If the landlord’s performance is incidental (e.g., landlord agrees to remove the previous tenant’s fixtures), then this showing is not necessary. Between these two extremes, the Board cannot give an answer without having more information.
292	The 2021 Request for Applications and Dispensary Application Instructions reference an application “link” but later states applications are submitted through an “account.” How does an Applicant establish an “account” prior to November 4 and where is the instruction guide for how to establish that specific account?	Applicants cannot establish an account to submit applications until November 4 th at 8:00 am. At that time, the “link” to access the application submission system will be posted on the website.
293	C2.1-on the interior site plans- how detailed do these need to be? Is labeling the room “dispensary department” sufficient? Or do we need to lay out the point of sales counter, and other fixtures? Do we need to include a copy of the security overlay as well, or will that be requested after provisional licensing?	All items specifically listed in the application must be included on the site plan. A security overlay does not need to be included in the application; however, security requirements will need to be met prior to the issuance of a certificate of operation.

Ohio Medical Marijuana Control Program

ID	Question	Response
294	Is there a process by which we can submit a notarized document from the landlord of the proposed dispensary location (or other appropriate entity) that one of the other current tenants of the strip mall (who operates a daycare) will be out of the location by March 2022 and therefore not disqualify the application under the 500ft requirement?	No. Applications must be compliant with all requirements at the time of application submission.
295	What is your definition of “equip a medical dispensary” regarding C-3.1 and C-3.1.1. We ask because we base this off of capital expenditures however from the certificate of operation to four months onwards there could be little costs to equip the medical dispensary.	<p>Question C-3.1 requires the budget from the time the Board awards the license until a certificate of operation is granted. During this time, the provisional dispensary awardee needs to include all expenses to take either a plot of land or an existing building and turn it into a dispensary that is fully ready to sell medical marijuana. The provisional dispensary awardee will also need to budget to hire and train a staff.</p> <p>Question C-3.1.1 requires the projected budget for the four months <i>after</i> the provisional dispensary awardee receives its certificate of operation. This will include the money necessary to purchase the provisional dispensary awardee’s initial inventory of medical marijuana from cultivators and processors.</p> <p>Applicants must include all ongoing costs to operate the dispensary, e.g., utilities, third-party vendor contracts, etc.</p>
296	Are locations required to be handicap accessible? i.e., 2nd floor location that does not have an existing tenant elevator but plans to install one.	All dispensaries must be compliant with all federal, state, and local requirements. Contact your local zoning or building department.
297	For A-4.1 do we need to list what the ownership percentage is for each person or is including the name sufficient?	Names of owners and percentages of ownership must be included.
298	A-4.1 Could you please confirm what qualifies as a Board, for example does an Advisory Board count?	For question A-4.1, a Board of Directors must be included in the organizational chart regardless of whether it is termed an “advisory board” or something else.

Ohio Medical Marijuana Control Program

ID	Question	Response
299	How can we account for ownership percentages change? For example, if someone has a 2% ownership and through the course of a business the individual's ownership increases to 3%, does the individual need to wait a certain period of time during the provisional dispensary license to increase ownership?	Applicants must notify the Board of any changes to their application pursuant to OAC 3796:6-2-02(C) . Any changes in ownership percentage could trigger a change of ownership pursuant to OAC 3796:6-2-12 .
300	Can the State provide clarification regarding the definition of "Churches". There are multiple examples of Churches that have now become Community Centers/Outreach Centers. Additionally, can the state provide clarification regarding "Church Property" and if these fall under the "Church" definition (i.e. A parking lot owned by a church with no church on site).	The General Assembly has defined "church." See R.C. 3796.30(C) . See also OAC 3796:6-2-02(B)(2)(k) .
301	Are publicly filed financial statements that show all liquid assets available to an applicant permissible for demonstrating adequate financial resources as required for items C-5.1A through C-5.3?	For all sources of capital, Applicants must provide documentation from the financial institution dated no earlier than 30 days prior to the date the application is submitted. OAC 3796:6-2-02(B)(4)(a)(i) .
302	If the zoning official checks the boxes "The area of HAS zoning in place at this time and applicant's proposed facility appears to be planned in accordance with complying with all local zoning laws and regulations in place at the time of completion of this application" and "No zoning approval was applied for and no permit was received at this time" is that sufficient evidence to meet the criteria? Or does an applicant have to provide additional evidence? And if so, what does the Board consider sufficient evidence that "the permit has been applied for or cannot yet be applied for at the time of the application submission." For example, a notarized affidavit from applicant?	The Applicant must submit a completed Notice of Proper Zoning Form and demonstrate: (1) that no moratorium is in effect that would prohibit the applicant from operating a medical marijuana dispensary at the proposed location; (2) confirmation that the proposed dispensary location is in compliance with any local zoning requirements; and (3) if a special use permit is required, the permit has been applied for or cannot yet be applied for at the time of the application submission. If the permit has been applied for, Applicant should attach a copy of the permit application. If the permit cannot yet be applied for, an affidavit providing that information would be sufficient.

Ohio Medical Marijuana Control Program

ID	Question	Response
303	What quality of services meets the definition of “community addiction services provider”? Does a call center with no on site patient activity meet the definition of a community addiction services provider? Does a drug detoxification service meet the definition of a community addiction service provider? Are only licensed facilities that are funded by federal, state, or local entities considered a community addiction services provider?	Dispensaries are no longer prohibited from being located within 500 feet of a “community addiction services provider.” However, dispensaries cannot be located within 500 feet of an opioid treatment program as defined in OAC 4729:5-21-01 . See OAC 3796:6-2-02(B)(2)(k)(ii) .
304	Can proof of assets/funds for one application come from two different sources?	Yes, Applicants may identify multiple funding sources.
305	May a REIT enter into a contingent purchase agreement for real property, commit to funding the improvements and build-out of a dispensary on that property, then enter into contingent lease agreements with three separate applicants for the same facility/property?	For purposes of OAC 3796:6-2-02(B)(2)(j) , “property owner” means the property owner at the time the application was submitted to the Board. Therefore, the REIT must own the property at the time of application.
306	Is there a residency requirement such that an owner, principal, or operator of an applicant are required to have resided, been a resident, and/or have been domiciled in Ohio for a minimum amount of time prior to the submission of the application? If so, please identify the statutory or administrative provision that imposes such a requirement and the minimum time requirement.	No.
307	Will an applicant be awarded bonus points or special consideration, for example priority ranking, for being a diverse applicant (i.e. more than 50% ownership held by diverse peoples) and/or demonstrating a commitment to employing a diverse workforce?	No. Applications will not be scored. Following the drawing, the Board will review the applications that were ranked high enough on the district drawing lists.

Ohio Medical Marijuana Control Program

ID	Question	Response
308	Will the applications be scored on a raw points basis (total points earned) or is there some weighed scoring process? Please provide the scoring rubric and/or scoring methodology.	Applications will not be scored. Following the drawing, the Board will review the applications that were ranked high enough on the district drawing lists. Any Applicant that ranks high enough in the drawing and can demonstrate compliance with Chapter 3796 of the Revised Code and the rules adopted thereunder, compliance with RFA II, and that it is not license limited, is eligible for issuance of a provisional dispensary license. See OAC 3796:6-2-04 .

Ohio Medical Marijuana Control Program

<p>309</p>	<p>Can three separate, single member limited liability companies (each with a different owner) have the same funding source and submit separate applications identifying the same parcel for a proposed dispensary location? If so, can those three limited liability companies have a legitimate option agreement to purchase an ownership interest in each other when permitted and authorized by the State of Ohio Board of Pharmacy in accordance with OAC 3796:6-2-12?</p>	<p>No. Identifying the same funding source for the same parcel of land means that there is common ownership. Even if there is not a common source of funding, having multiple applicants with overlapping option agreements seeking the same parcel of land will constitute having common ownership for the purposes of this RFA.</p> <p>The purpose of the “common ownership” prohibition for applications on the same or adjacent parcels is to prevent people from submitting multiple applications for the same or adjoining parcels. The Board is aware that some Applicants may try creative work-arounds to multiply their chances of winning a license at a specific location (or at an adjacent location). The purpose of this RFA requirement is to ensure an equal chance for licensure for all Applicants. The Board will be carefully scrutinizing applications that are seeking the same or adjoining parcels in the following circumstances:</p> <ul style="list-style-type: none"> • Separate applications are received from people or entities that seem to have some sort of prior relationship (the separate applicants are spouses, siblings, co-own another business, etc.) • Applications that have identical (or nearly identical) budgets and site plans for the same or adjoining parcels • Option agreements between applicants seeking the same or an adjoining parcel • Management or consulting agreements between applicants seeking the same or an adjoining parcel • Pledged amounts are coming from the same banking or investment accounts • Multiple applicants are relying on the same pledged assets • There are any other indicia demonstrating an attempt to circumvent the single application per parcel/adjoining parcel requirement of the RFA <p>This scrutiny may not be limited to reviewing the four corners of the applications, and may involve Board investigators sending subpoenas and conducting interviews. If the Board concludes that two or more Applicants are attempting to circumvent the one-application-per-</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
		<p>parcel rule, the Board <i>will</i> disqualify <i>all</i> applications from the Applicants (including applications for other unrelated parcels).</p> <p>NOTE: Additional application questions addressing multiple applications for the same or adjacent locations have been added to the application.</p>
310	<p>Can a lender commit funds to an applicant for purposes of complying with OAC 3796:6-2-02(B)(4) and enter into an agreement with the applicant allowing for that debt to be converted to equity (in accordance with the approval and timing requirements set forth in OAC 3796:6-2-12)?</p>	<p>Convertible debt requires a very complicated analysis involving extensive review of the specific agreements with the lender.</p> <p>A convertible debt arrangement with an entity that already owns a dispensary may trigger the five-dispensary cap provision.</p> <p>If an applicant is using convertible debt to finance their dispensary, the Applicant must list the holders of the convertible debt as owners in the application.</p>
311	<p>To-date there are no fewer than 18 medical dispensary licenses reported available in districts that appear WITHOUT a city that has opted-in to host them. Will the state be re-allocating these available licenses to cities in other districts that have in fact <u>opted-in</u>?</p>	<p>Provisional dispensary licensees are allocated by district not to a particular municipality. The Board does not intend to reallocate or modify the allocations as listed in RFA II.</p>
312	<p>Is it possible to extend the application period to January or February of 2022?</p>	<p>No.</p>
313	<p>How will applications be confirmed once submitted, will a trace number or Id number be generated?</p>	<p>Yes, each application will be assigned a unique identifying number.</p>
314	<p>Can it be considered that a dumbwaiter be used as a pass through?</p>	<p>A day-storage area with a pass-through window(s) is required. See OAC 3796:6-2-02(B)(7)(f).</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
315	<p>Question #146 from Q&A Round 1 asks: Is a site plan required or just a floorplan with the exterior view? Is it required for a new build? The Board Responded: Applicants must provide a site-specific plan for the proposed dispensary location showing the interior and exterior of the proposed facility, drawn to scale with square footage clearly illustrated. It is required for renovated locations as well as new builds.</p> <p>The Board's response is confusing. The question asks about a "site plan", which refers to a specific type of engineering drawing. The Board's response refers to a site specific plan, which merely implies that the layout needs to be specific to the actual building or site the applicant is proposing to use. Is a "site plan" required for the application?</p>	<p>A site-specific plan, not a "site plan" is required pursuant to question C-2.1.</p>
316	<p>The response to #146 says "Applicants must provide a site-specific plan for the proposed dispensary location showing the interior and exterior of the proposed facility" BUT the response to #5 says "exterior elevations are recommended but not required". These responses appear to contradict each other. Can the Board please clarify what it means by "exterior of the proposed facility". Is a photograph of the existing conditions sufficient since elevations are not required?</p>	<p>An "exterior elevation" shows how the exterior of a building will appear to a passer-by; it is a view from the side of the building.</p> <p>A site-specific plan must contain a birds-eye view of the property including the exterior.</p> <p>As the site-specific plan must be prepared by a licensed contractor or architect, they will understand the distinction between the two.</p> <p>Exterior components of the site-specific plan that must be demonstrated include the parking lot and the delivery bay.</p>
317	<p>Scenario: An applicant submits 2 applications and is willing to accept one. One of their applications is drawn in the top two in NE-1 but, upon review is found to be too close to a prohibited facility and is disqualified. Will their other application be ranked and considered for a provisional license or not ranked and not considered because the first application was already considered?</p>	<p>The Applicant's second application would be eligible for consideration if the first application was deemed ineligible due to a 500-foot rule violation.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
318	What if, unbeknownst to an applicant, an investor has used the same source of capital for another applicant, and those funds also were used on another application, would those be considered encumbered funds?	The Applicant must perform reasonable due diligence to ensure that sources of capital will be available in the event a provisional dispensary license is issued.
319	Pursuant to Question c-1.1, does an option to lease that is signed by the property owner and notarized count as a “signed, notarized statement from the owner of such real property that the owner will grant a leasehold interest to the applicant if a provisional dispensary license is issued to the applicant,” or do we need to get a SEPARATE signed, notarized statement on top of our signed, notarized option to lease?	Yes, a signed and notarized option to lease is sufficient.
320	On page 6 of the 2021 RFA and dispensary application Instructions issued. Under review process B., 2 nd paragraph it states: If more than one applicant identifies the same parcel for a proposed dispensary location, the highest ranked application on the ranked order list from the drawing that is found to be eligible for licensure shall be awarded a provisional dispensary license, and any lower ranked applications identifying the same parcel shall be ineligible for licensure at the identified location. The question is, what if the provisional license is abandoned or pulled within the 270 days or after and if the next drawn applicant happened to be on the same parcel, why wouldn't a provisional applicant be granted at the same location if it was next in line? Is that the actual intent for the award process?	<p>The Board's intent is to announce a list of all awarded provisional dispensary license at one time, not to stretch the process over an extended period of time. This provides clarity to both successful and unsuccessful applicants.</p> <p>If a provisional dispensary licensee is unable to successfully open, the Board anticipates that – just as occurred after RFA I – the Board will make an additional license available at a later round.</p>

ID	Question	Response
321	It is understood that a day storage area is a location outside of the vault. Is it therefore correct that a day storage area may be outside of the vault on a separate level? It is understood per OAC 3796:6-2-02(B)(7)(f), a day storage area with a pass-through window is required to pass product into the dispensary department. Is it therefore correct that there may be an additional day storage area without a pass-through window? [If so, may these separate day storage areas be interconnected by a [HA1]dumbwaiter?	A day-storage area with a pass-through window(s) is required. See OAC 3796:6-2-02(B)(7)(f) . Provisional dispensary licensees may work with their assigned agent to ensure adequate security measures are in place prior to any certificate of operation being issued.
322	Is it acceptable for product to move from the vault into a separate restricted access area before reaching the day-storage area?	Yes.
323	Does a university fall under the definition of secondary school and therefore be a prohibited facility?	The General Assembly has defined "school." See R.C. 3796.30(C) . See also OAC 3796:6-2-02(B)(2)(k) .
324	Can an individual loan money to an applicant and that loan be used as liquid asset requirement, if so, can one individual loan money to multiple applicants?	<p>Yes, however the individual must unconditionally commit the assets to the Applicant and may not loan more money than the individual has available or the same funds to multiple Applicants. If an applicant knows or should have known that the potential lender was allowing multiple applicants to rely on the same limited pool of funds, the Applicant runs the risk that the Board will find that the applicant does not have sufficient funding.</p> <p>If the Applicants are submitting applications for the same or an adjacent location, the response to this question may be different. See Response to Question 254.</p> <p>NOTE: The Board has added a question to the application requiring disclosure if the same funds have been committed for multiple applications.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
325	Can an individual who is an owner of an applicant loan to other applicants and that loan be counted toward liquid asset requirement- loan is not secured by ownership interest?	<p>Yes, however the individual must unconditionally commit the assets to the Applicant and may not loan more money than the individual has available or the same funds to multiple Applicants. If an applicant knows or should have known that the potential lender was allowing multiple applicants to rely on the same limited pool of funds, the Applicant runs the risk that the Board will find that the applicant does not have sufficient funding.</p> <p>If the Applicants are submitting applications for the same or an adjacent location, the response to this question may be different. See Response to Question 254.</p> <p>NOTE: The Board has added a question to the application requiring disclosure if the same funds have been committed for multiple applications.</p>
326	Question C-2.1A Asks the applicant to “Attach a detailed, site-specific construction or renovation budget and schedule demonstrating the applicant will commence dispensary operations in accordance with rule 3796:6-2-04. The budget and schedule shall be prepared by the contractor or architect for the project. The schedule must include a GANTT chart. The budget must use the 50 divisions of construction information found in the Construction Specifications Institute’s MasterFormat (2018 version).” If the landlord provides the tenant improvement, would the applicant submit the construction quotes obtained by the property owner?	Yes.

ID	Question	Response
327	<p>B-3.10 asks to "Provide a short description of the role the person will serve in for the organization and the person's responsibilities" while C-4.1 asks for "a description of the duties, responsibilities, and roles of each employee"</p> <p>We understand that C-4.1 includes an organizational chart but can these sections reflect/mirror each other? Or are there inherent differences you can highlight between these two prompts?</p>	<p>B-3.10 must only be completed for PAKEs but C-4.1 must include all positions (including key employees, support employees, and third-party vendors). Therefore, C-4.1 should include all the information contained in B-3.10 but should also include additional information.</p>
328	<p>Are applicants required to request and obtain complete & comprehensive zoning verifications including a "professionally prepared survey" in advance, for inclusion in application submission, or is the "Notice of Proper Zoning Form" sufficient submission prior to provisional license award?</p>	<p>Everything listed in the application must be submitted at the time of application.</p>
329	<p>Does a board of directors need be in place at time of application?</p>	<p>If a board of directors exists, it must be disclosed on the application.</p>
330	<p>Does a pharmacist need be on the board and present at the facility?</p>	<p>No.</p>
331	<p>Does an applicant or PAKE under question B-3.25 have to disclose application for a license that were denied due to caps on license? And if so, do we answer NA if license wasn't awarded at question B-3.25.1?</p>	<p>An Applicant does not need to disclose the denial of a license application if the application was denied solely for one or more of the following reasons: (1) your application was scored and the agency determined that your overall score was so low that you were categorically ineligible to be licensed; (2) an agency required passing scores on each question or each section, and the agency determined that you did not receive a passing grade on one question or section; (3) there was competitive scoring and other applicants had higher scores than your application; (4) you received one or more licenses, but one or more other applications were denied because of a license cap; or (5) the agency used a lottery or random drawing process and your application was not randomly selected.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
332	<p>In the application instructions, Section VII.C states (i) that if the number of applicants for any given district are less than the number the Board has allocated then each applicant for that district will obtain provisional licensing and (ii) if the number of applicants for any one district exceeds the number of permits available in said district, then “a drawing will be held to produce a <u>randomly</u>-ranked order list of <u>all</u> applications submitted for that district” will occur. Does this mean that in District 1234, which has been allocated 2 permits but has 3 applicants: ABC, DEF, and GHI, Applicant GHI which received a lower score (200) than both ABC (225) and DEF (215) could win a permit because in the randomly-ranked drawing the rankings of this District were ABC, GHI, DEF?</p>	<p>There is not a threshold or qualifying score that applications must meet or a scoring rubric. Any Applicant that ranks high enough in the drawing and can demonstrate compliance with Chapter 3796 of the Revised Code and the rules adopted thereunder, compliance with RFA II, and that it is not license limited, is eligible for issuance of a provisional dispensary license. See OAC 3796:6-2-04.</p>
333	<p>In regards to the question 122 asked in the First Period Q&A Responses posted on October 15, 2021– the state responded YES for purposes of questions B-2.1, B-3.21, B-3.22, B-3.24, and B-3.25 that an Applicant or PAKE must disclose instances where marijuana license applications were denied by state regulators as part of a state’s regular application process. Is the department stating applicants / PAKE’s need to disclose every application they applied for and did not win or every application they applied for and was denied after being awarded a provisional license? Is there a differentiation between not being awarded a license after submission (example: not high enough score to qualify) and being a denied (example: after being awarded a provisional license, having that license be revoked). If the applicant or PAKE was not awarded an actual license but need to disclose that information, how should that be presented on the application without having a provisional or operational license number?</p>	<p>An Applicant does not need to disclose the denial of a license application if the application was denied solely for one or more of the following reasons: (1) your application was scored and the agency determined that your overall score was so low that you were categorically ineligible to be licensed; (2) an agency required passing scores on each question or each section, and the agency determined that you did not receive a passing grade on one question or section; (3) there was competitive scoring and other applicants had higher scores than your application; (4) you received one or more licenses, but one or more other applications were denied because of a license cap; or (5) the agency used a lottery or random drawing process and your application was not randomly selected.</p>
334	<p>If an architect creates the proximity location map demonstrating distance of 500 ft from prohibited facilities do they need to stamp the map?</p>	<p>The map must be stamped or certified by the preparing architect.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
335	Is the intent of the mantrap to prevent the general public, minors and non-patients from accessing the dispensary department directly from the "street" (exterior of the building)? If so, can the waiting area which is the only ingress/egress point from the "street" serve as the mantrap assuming the ingress/egress door is interlocked with only door to the dispensary department? Technically this would comply with OAC 3796:6-2-02 B.7.G.	The mantrap must be a double-door entry and exit system that contains different locks on each door and will not permit a person to pass through the second door until the first door is securely locked. The mantrap must be located at the ingress/egress to the dispensary department. See OAC 3796:6-2-02(B)(7)(g) . The waiting area itself cannot serve as a mantrap.
336	If we are dispensing product directly from the vault through a pass-through window, is a day storage area still required? Additionally, if a day storage area is required, does a lockable cabinet suffice to store product in the day storage area?	A vault in conformance with C.F.R. 1301.72(a)(3)(6/30/2021) and in a location not visible to the public, and a day-storage area with pass-through window(s) are required. See OAC 3796:6-2-02(B)(7) . Provisional dispensary licensees may work with their assigned agent to ensure adequate security measures are in place prior to any certificate of operation being issued.
337	If an applicant's owners, board members, and officers are currently licensed as Associated Key Employees of existing/operating Ohio dispensaries, do such individuals need to get additional background checks?	A PAKE who has had background checks provided to the Board of Pharmacy within the last 12 months of the date of the application does not need to undergo additional background checks for the application process.
338	If an applicant's owners, board members, and officers are currently licensed as Associated Key Employees of existing/operating Ohio dispensaries, do such individuals need to sign tax authorizations for this application?	An Applicant or PAKE who has had a taxation check provided to the Board of Pharmacy within the last 12 months of the date of the application does not need to undergo an additional taxation check for the application process.
339	If a dispensary applicant has provided a third party an option to purchase whereby the right to purchase its ownership interest does not trigger unless/until (1) the board approves a change of ownership application), (2) the dispensary is built and operational for at least 1 year, and (3) the price is built into the option, our interpretation is that such third party is NOT an owner for purposes of the application. Does the BoP agree with this interpretation?	<p>This is an oversimplification of how the Board treats option agreements regarding ownership. The Board has not yet had the opportunity to address the specific fact pattern where an applicant is seeking to sell a license that it has not yet even applied for.</p> <p>The Board cannot opine as to whether any specific option agreement would constitute an ownership interest without reviewing the specific documents.</p> <p>Because it will be impossible for the Board to review such documents prior to the application deadline, the Board urges applicants to use great caution in signing option agreements to sell licenses that they have not yet even applied for.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
340	Is there a BoP or application rule that prohibits spouses from using the same financial information and source of finances under C-5 if the aggregate amount of finances available is adequate to cover the total costs needed for the number of licenses they are both willing to accept?	<p>Yes, however the individual must unconditionally commit the assets to the Applicant and may not loan more money than the individual has available or the same funds to multiple Applicants. If an applicant knows or should have known that the potential lender was allowing multiple applicants to rely on the same limited pool of funds, the Applicant runs the risk that the Board will find that the applicant does not have sufficient funding.</p> <p>If the Applicants are submitting applications for the same or an adjacent location, the response to this question may be different. See Response to Question 254.</p> <p>NOTE: The Board has added a question to the application requiring disclosure if the same funds have been committed for multiple applications.</p>
341	Does the BoP consider a "financial interest" to include financial ownership of investment securities in a publicly-held corporation that is traded on the Canadian Stock Exchange if the investment securities held by the person and the person's spouse, parent, or child, in the aggregate, do not exceed one per cent ownership in the medical marijuana entity?	No.

ID	Question	Response
344	The sample application states "If the Applicant is relying on liquid assets from an individual, provide evidence that the person has unconditionally committed such liquid assets to the use of the Applicant in the event that a dispensary license(s) is awarded to the Applicant." How does the Department define 'unconditionally committed'?	The individual agrees that, in the event a provisional dispensary license is awarded to the Applicant, the identified funds will be made available to the Applicant for purposes of constructing, renovating, opening or otherwise making the dispensary operational.
345	Per the application, statute, and regulations, fingerprints are required for all officers, board members, and prospective owners with at least a 10% ownership interest in an applicant. If an applicant entity is partially owned by another entity (in an amount greater than 10%), would the officers and board members of that entity also need to be fingerprinted, or just the officers/board members of the applicant entity?	Yes.
346	Based on the Board's response to Question 81 in FAQ Round #1, would it be correct to say that only the individual natural person implicated by OAC 3796:6-2-03 must be fingerprinted for the application, even if individual owners of the non-applicant ownership entity have an ownership interest of greater than 10%? For example, if the applicant entity is 75% owned by ABC, LLC, would only the manager of the LLC, or a natural person who is a member of the LLC if the LLC does not have a manager, be required to be fingerprinted? Or, would any individual of the LLC who holds more than 10% interest in the applicant entity be required to be fingerprinted?	Any individual of the LLC that holds more than 10% interest in the applicant entity must be fingerprinted.

Ohio Medical Marijuana Control Program

ID	Question	Response
347	Question A-4.1 asks applicants to submit an organizational chart showing all owners, officers, and board members of the provisional dispensary applicant, irrespective of ownership interest. If an applicant entity is partially owned by another entity, must applicants simply disclose the entity which holds the interest, or must applicants provide ownership interest down to the individual level (including less than 10% ownership) for each individual of the entity which partially owns the applicant entity? For example, if applicant entity is 75% owned by ABC, LLC, should applicants only disclose that 75% share, or must applicants list each individual owner of ABC, LLC? If yes, must applicants list each individual owner only above 10%, or which hold ANY ownership interest in the applicant?	Yes, all individual owners holding ANY ownership interest in the Applicant must be listed in A-4.1. This does not include individuals who own less than 10% of a publicly traded company.
348	Is it possible to receive an example of a completed survey to make sure we are providing what is needed?	No specific type of survey is required. However, the survey must contain all required information, be clearly legible and labeled, and may be divided into 8.5 by 11 inch sections.
349	Can a brokerage account be used to show proof of liquid capital, so long as an account statement with proof of funds within 30 days of the application is provided?	For purposes of RFA II, publicly traded securities and stocks can be considered as liquid assets; however, securities and stock from closely held corporations will not be considered liquid assets.
350	Does funding need to come from an owner, officer, or board member or can it be from an outside private source (that is not a bank), such as an individual outside of the organization lending the money?	If a person is providing their own money for an equity stake of the business, they are an owner. An applicant may also rely on a loan from an individual or a financial institution for some or all funding.
351	Is there any format for upload attachments aside from being less than 10 MB in size, such as font requirements or a requirement for labeling the attachments in a certain manner?	Any labeling requirements are within the application or required forms.
352	For questions A-3.10 and A-3.10.1, if applicants are owned or affiliated with unsuccessful marijuana business applications, can an Applicant indicate the application was applied for without receiving a license, or does the Board require an application number?	The application number of unsuccessful applications is not required.

ID	Question	Response
366	Where the local zoning authority requires a special use permit and will accept applications for zoning approval without a state-issued provisional license, are applicants required to have <i>at minimum</i> applied for a special use permit with the local jurisdiction <i>in advance</i> of submitting their medical marijuana dispensary application to the Board of Pharmacy, and then expected to expend the resources of receiving local zoning approval without first receiving a state-issued provisional license while their dispensary application in the drawing remains pending?	Yes. Additionally, the Notice of Proper Zoning Form must be completed by the official from the jurisdiction and submitted with the application.
367	If the local jurisdiction does not accept applications for zoning approval without the zoning applicant having received a state-issued provisional license, is written email communication from the local zoning authority indicating that the jurisdiction will not accept zoning applications from medical marijuana entities without having first received a state-issued provisional license sufficient to demonstrate that the permit <i>cannot yet be applied for at the time of submission</i> ?	The Notice of Proper Zoning Form must be completed by the official from the jurisdiction. Additionally, Applicant may submit any additional evidence (including but not limited to communications with the local zoning authority) indicating the status of any special use permit at the time of application.
368	The Notice of Proper Zoning Form itself has an option for the local zoning authority to attest that no moratorium on medical dispensaries exists within the jurisdiction. Does the zoning official checking this box suffice to demonstrate that no moratorium exists, or is supplemental documentation or evidence of the same required?	The Notice of Proper Zoning Form signed by the official and indicating that no moratorium exists is sufficient. Additional evidence may be submitted if relevant.
369	If multiple applicants use a specific outside company to provide a line of credit for the liquid assets requirement, is that considered common ownership?	If the line of credit is provided by a licensed financial institution or similar institutional lender, multiple applicants may rely on the same lender without triggering the “common ownership” prohibition. However, if the lender is a private individual or entity, the “common ownership” prohibition may be violated depending on other factors.
370	If Applicant A and Applicant B are two cannabis companies and have a joint venture partnership on only one license. Is that considered common ownership?	Yes.

ID	Question	Response
371	<p>If a parent company is unconditionally committing the liquid capital to multiple different applicants (different subsidiaries that it owns) submitting more than five applications combined, how would those different applicant entities demonstrate that the company has sufficient liquid assets for the purposes of question C.5.3? For example, could each of the different subsidiary applicants relying on the Parent Company state in its response that (i) the Parent Company is able to accept/be an indirect owner of five (5) licenses among Applicant 1, 2 and 3 pursuant to OAC 3796:6-2(F), and (ii) demonstrate that the Parent Company has unconditionally committed sufficient liquid capital to fund the five (5) highest totaling construction and operations budgets (as shown on Questions C.2 and C.4) applied for by Applicant 1, 2 and 3 combined?</p>	<p>Each Applicant should demonstrate the total capital available from the parent company and source(s) of all funding as required by OAC 3796:6-2-02(B)(4). Additionally, each Applicant should identify the total number of applications the parent company is funding and the highest total budgets that the parent company could ultimately be required to fund.</p>
372	<p>Can proof of funds be provided via a financial statement from an Australian-based bank? May proof of funds be denominated in AUD (Australian Dollars) showing USD equivalent at current exchange rate?</p>	<p>Yes.</p>
373	<p>For A-4.1, is it acceptable for the dispensary applicant to be a single member LLC with one owner/officer and no board members?</p>	<p>Yes.</p>
374	<p>For C-3.1.1, may revenue be included to offset costs so that the budget is based upon <u>net</u> cash outflow?</p>	<p>No.</p>
375	<p>Is a public bathroom for patients a requirement in the dispensary facility plan? (C-2.1)</p>	<p>All dispensaries must be compliant with all federal, state, and local requirements. Contact your local zoning or building department.</p>

Ohio Medical Marijuana Control Program

ID	Question	Response
376	<p>Entity A submits 10 applications for 10 locations. Entity A then gives all of its Section C application materials to Entities B, C, D, and E in order for each to apply on the same 10 sites using the exact same application materials for the sites (other than the ownership and entity names that are unique to the applicant entity in Application Sections A & B). All 5 entities have 100% distinct current ownership, with zero current overlapping ownership, board members or officers at the time of application submission. The only formal relationship between any of the entities is that Entity A has entered into an option agreement with each of Entities B, C, D, and E to purchase the license if those entities win a license on the properties that Entity A sourced. The option agreements between Entity A and the other entities are drafted to fully comply with BOP's "Dispensary Control and Ownership FAQ" Dated August 2019 (e.g. the option exercise is subject to BOP approval, 12 month post-COO waiting period, no cash exchanged prior to BOP approval, etc.). Would such an option agreement be deemed to be "common ownership" and disqualify all applications for all entities, or is this arrangement permissible given that there is no overlapping ownership among the entities, and the option agreement follows BOP's guidance for not violating the change of ownership restrictions.</p>	<p>The Board has not yet had the opportunity to address the specific fact pattern where an applicant is seeking to sell a license that it has not yet even applied for.</p> <p>The Board cannot opine as to whether any specific option agreement would constitute an ownership interest without reviewing the specific documents.</p> <p>Because it will be impossible for the Board to review such documents prior to the application deadline, the Board urges applicants to use great caution in signing option agreements to sell licenses that they have not yet even applied for.</p>
377	<p>Per BOP's response to Question #209 in the Q&A dated October 15, 2021, it appears consulting success fees are allowed. In the above hypothetical, if options are not permissible, would it be permissible for Entity A to enter into consulting agreements with each of Entities B, C, D, and E that require such entities to pay a success fee to Entity A if they are successful in winning a license on the properties that Entity A sourced?</p>	<p>The Board has not yet had the opportunity to address the specific fact pattern where an applicant is seeking to sell a license that it has not yet even applied for.</p> <p>The Board cannot opine as to whether any specific option agreement would constitute an ownership interest without reviewing the specific documents.</p> <p>Because it will be impossible for the Board to review such documents prior to the application deadline, the Board urges applicants to use great caution in signing option agreements to sell licenses that they have not yet even applied for.</p>

378	Assuming such consulting agreements are permissible as stated in Question #209, (a) are there any limits on how large the success fee can be; and (b) can you confirm our understanding that these consulting relationships do NOT need to be disclosed in the application? BOP's response to Question #187 states that only consultants who will be providing services after license award need to be disclosed, which suggests that this type of pre-application sharing of materials in exchange for back-end success fee would not be required to be disclosed and could be of unlimited amount.	<p>The Board has not yet had the opportunity to address the specific fact pattern where an applicant is seeking to sell a license that it has not yet even applied for.</p> <p>The Board cannot opine as to whether any specific option agreement would constitute an ownership interest without reviewing the specific documents.</p> <p>Because it will be impossible for the Board to review such documents prior to the application deadline, the Board urges applicants to use great caution in signing option agreements to sell licenses that they have not yet even applied for.</p>
379	What is the list of documents that must be notarized? Is it just the tax authorization form?	Those documents that must be notarized are clearly marked.
380	Is there a preferred technology source, PC or Mac, and is there a preferred browser (Google Chrome, Safari, Internet Explorer, Firefox) that works most effectively within the State's Application Portal?	Chrome is the preferred browser. There is no preference for use of a PC or a Mac.
381	For purposes of questions B-2.1, B-3.21, B-3.22, B-3.24, and B-3.25, would a marijuana license application (there can be hundreds of these applications) that was not selected by governmental regulators through a lottery process (meaning a complete and compliant application qualified into a final lottery but ultimately was not selected by a randomly generated system such as bingo ball or computer in a limited license jurisdiction) considered "action" and require disclosure?	An Applicant does not need to disclose the denial of a license application if the application was denied solely for one or more of the following reasons: (1) your application was scored and the agency determined that your overall score was so low that you were categorically ineligible to be licensed; (2) an agency required passing scores on each question or each section, and the agency determined that you did not receive a passing grade on one question or section; (3) there was competitive scoring and other applicants had higher scores than your application; (4) you received one or more licenses, but one or more other applications were denied because of a license cap; or (5) the agency used a lottery or random drawing process and your application was not randomly selected.

382	If an owner submitting for a dispensary has a juvenile record from 9 years ago that has been approved to be expunged but might still show up on a live scan, does this disqualify them from the application?	If there is any doubt about whether a criminal, civil, or administrative action should be reported, individuals should err on the side of caution and disclose the information. If the Board reviews the information and determines it does not apply, it will not be considered as a factor against the Applicant. The Board would rather have the Applicant disclose the information than to discover it as a potential falsification in the Application.
383	I plan on seeking a loan from a private individual if I win multiple provisional dispensary licenses. If that person is willing to sign an unconditional commitment of such money to the use for the provisional dispensary applicant in the event that I win a provisional dispensary license. Plus we are able to show a statement dated no earlier than thirty days prior to the date the application was submitted, from an institution in this state, or any other state in the United States, United States territory, or the District of Columbia plus shall be unencumbered and capable of being converted to cash within thirty days after a request to liquidate such assets. Is there anything else the Board of Pharmacy would need to approve these funds?	<p>The individual must unconditionally commit the assets to the Applicant and may not loan more money than the individual has available or the same funds to multiple Applicants. If an applicant knows or should have known that the potential lender was allowing multiple applicants to rely on the same limited pool of funds, the Applicant runs the risk that the Board will find that the applicant does not have sufficient funding.</p> <p>NOTE: The Board has added a question to the application requiring disclosure if the same funds have been committed for multiple applications.</p> <p>See, also, Answer to Question 254.</p>
384	On the budget section of C-3.1 and C-3.1.1 would the Board of Pharmacy be comfortable estimating loan payments since we can't confirm the details until next year.	Yes.

Tax Authorization Form

This form must be completed by each Prospective Associated Key Employee (owner with an aggregate ownership interest of ten percent or more in the Applicant, officer, or board member). Print and sign this form with an original, wet-ink signature. Electronic or digital signatures are not acceptable. Scan and attach a copy of the signed form, in PDF format. The State Board of Pharmacy may, in its discretion, require an owner or person who exercises substantial control over a proposed dispensary, but who has less than a ten percent ownership interest, to comply with statutory and regulatory ownership requirements. ([3796:6-2-03](#))

Business Name of Applicant:	
<p>I hereby authorize the Ohio Department of Taxation and any of its agents and/or employees to release information to the State of Ohio Board of Pharmacy including information relating to the undersigned individual as well as information regarding any business disclosed on the Application related to this tax authorization form for which the undersigned individual had an ownership interest. These records and information shall be limited to information obtained and maintained by the Ohio Department of Taxation and shall not contain any federal tax information as defined in I.R.C. 6103 and received from the Internal Revenue Service. I expressly waive the confidentiality provisions of the Ohio Revised Code, which would otherwise prohibit disclosure, and agree to hold the Ohio Department of Taxation and the State of Ohio Board of Pharmacy harmless with respect to the disclosure herein. I certify under the penalties of perjury that I am the taxpayer identified below.</p>

**Trade Secret and/or Infrastructure
Form**

(Attachment to Application Section F-1.1)

This form must be signed by an individual who may legally sign for the Applicant. The form must be printed and signed with an original, wet-ink signature. Electronic or digital signatures are not acceptable. Scan and attach a copy of the signed form, in PDF format, in response to Question F-1.1 of the online Application.

Business Name of Applicant:

Applications that are submitted may or may not be public records and subject to disclosure under the Ohio Sunshine Laws. (O.R.C. 149.43) While there are exceptions to production in Ohio statutes, federal law, and common law privileges, the Board of Pharmacy cannot guarantee that any or all data in the application will remain confidential at all times. Further, the Board of Pharmacy may use or disclose information contained in the application submission to the extent provided by law. Applicants are strongly encouraged to review the applicable law prior to submitting an application as the Board of Pharmacy is unable to provide legal advice as to the absolute confidentiality of the data received.

Applicants that assert that some or all of the application are trade secrets, as defined in O.R.C. 1333.61, or who wish to submit an express statement to comply with O.R.C. 149.433(C) and that do not want such information used or disclosed other than for the evaluation of this proposal shall:

- A. Clearly mark every page of trade secret materials in the application submission at the time the proposal is submitted with the words "TRADE SECRET" and/or "INFRASTRUCTURE RECORD," as appropriate, in capitalized, underlined, and bold type of at least 20 pt.
- B. Acknowledge that the State of Ohio does not assume liability for the use or disclosure of unmarked or unclearly marked trade secret information

C. Fill out and submit the attached "Trade Secret & Infrastructure Record Notification Form," specifying the pages of the application submission that are to be restricted and justifying the trade secret designation or infrastructure designation for each item. If no material is designated as trade secret information or as an infrastructure records, a statement of "None" should be listed on the form; and

D. Satisfy the burden established by statute and legal precedent.

The Board of Pharmacy may reject a claim that any particular information in an application submission is trade secret information if it determines that the Applicant has not met the burden of establishing the content to be trade secret information under any circumstance. Use of generic trade secret language encompassing substantial portions of the application submission or simple assertions of trade secret interest without substantive explanation of the basis therefore will not be sufficient to create a trade secret designation. Applicants should understand that the Board of Pharmacy will err on the side of disclosure of information to comply with O.R.C. 149.43.

The Applicant must defend any action seeking release of the materials that it believes to be trade secret information, and indemnify and hold harmless the State, its agents, and employees, from any judgments against the State in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives the State's award of a license. In submitting an application, the Applicant agrees that this indemnification survives as long as the trade secret information is in the possession of the Board of Pharmacy.
