ADDITIONAL TRAINING OPTIONS

OFA Close to Home Series

Fire Blast Trailer

Grain Bin Trailer

Mobile Search & Rescue Training Lab

The OFA Close to Home series brings training to students while offering the same expert instructors and the Academy's extensive range of apparatus, equipment and training simulators. To better manage time and resources, students can select from a range of courses taught at a location and time near them. Close to Home has three delivery types:

Direct Delivery:

Individual courses are offered at the department's location of choice, and at times selected by the department. The OFA has a list of designated direct delivery courses that departments can select from.

Regional Delivery:

These are courses offered as a single course or in groups of courses (mini fire schools) made available to multiple departments in a region. If these courses are offered to firefighters from three or more departments and they meet the minimum student requirements, the Academy will provide the course(s) at no cost.

Custom Delivery:

This selection is for specific training needs designated by your department. There may be a hazard in your coverage area your department needs to know how to deal with, or you may need a more advanced course for an area your department already is proficient in. With Custom Delivery, the Academy works with your department to put together a course that meets your department's needs.

Ohio Fire Online Training System (OFOTS)

OFOTS Courses

The Academy has arranged for greatly reduced pricing on online training memberships for all Ohio fire departments, EMS agencies, individual firefighters and EMS providers. Memberships feature content from Public Safety Group (PSG) RECERT, 24/7 – Fire and 24/7 – EMS and Action Training Systems. This content can be used during initial certification training or for continuing education requirements. Every course is approved by the OFA to meet your department or individual training needs.

First Responder Traumatic Stress Resources

Department of
Mental Health &
Addiction Services

Ohio's first responders stand ready to protect, defend and provide life-saving services to our citizens, 24 hours a day, 365 days a year. However, the often dangerous nature of their work places them in constant risk, physically, mentally and emotionally. The Ohio Mental Health and Addiction Services' first responder liaison serves as a resource to first responders, their agencies, Ohio's vast network of behavioral healthcare providers and the community at large and is available for trainings and information.

More info at: mha.ohio.gov/Schools-and-Communities/First-Responders

Campus: Courses held at the Academy's Reynoldsburg location

Online: Courses delivered entirely through online presentation

Hybrid: Courses that begin online and finish on campus
