WHAT'S NEW For 2025

We have a new state-of-the-art system and website with added functionality that will enable you to upload a NAUPA unencrypted .TXT or .HRS file, or create a report manually, and remit payment directly through our website. No need to log on to the Ohio Business Gateway, unless you prefer to. However, we hope that you find our updated site simpler and easier to use. Since we have our new system, we are now paperless! We are no longer accepting paper forms, PDFs, .CSV files, or non-NAUPA format files. For instructions, information, videos, and other helpful resources, visit our updated website at [Unclaimedfunds.ohio.gov](https://unclaimedfunds.ohio.gov).

“Attorney Unclaimed Funds”

Senate Bill 276 was passed to define a category of unclaimed funds as “Attorney Unclaimed Funds,” effective April 12, 2021. Attorney unclaimed funds that are dormant, with no owner-generated activity for a period of three years, are properly reportable to the Department of Commerce, Division of Unclaimed Funds. The property identification code for Attorney unclaimed funds is TR88.

What are “Attorney Unclaimed Funds?”

Attorney unclaimed funds are defined as:

- Interest on lawyer trust accounts (“IOLTA”) funds held pursuant to R.C. 4705.09;
- Interest on trust accounts (“IOTA”) funds held pursuant to 3953.231; and
- Residual settlement funds.

When do funds become dormant and eligible for reporting to the Division of Unclaimed Funds?

Attorney unclaimed funds held by an attorney become dormant if the owner has not accepted payment of the funds, corresponded in writing about the funds, or otherwise indicated interest in the funds for three (3) years after the funds became payable or distributable to the owner.

Can IOLTA and IOTA funds become reportable as unclaimed funds subject to remittance to the Ohio Department of Commerce Division of Unclaimed Funds?

Yes. Attorneys who are in private practice are required to annually review their business records to identify any dormant funds in which they do not have an ownership interest. If dormant funds are identified, they must make one final attempt to contact the owner of the funds at the last known address of record before submitting an Annual Report of Unclaimed Funds to the Ohio Dept. of Commerce Division of Unclaimed Funds. R.C. 169.03(A)(1). If the attorney or law firm determines it holds no reportable unclaimed funds following an examination of its records, it is still obligated to submit a “None Report” pursuant to Ohio Adm. Code 1301:10-3-03(B).

Unclaimed funds are all intangible property which is unclaimed by its owner(s) for a specific period of time, such as client funds held in an IOLTA account, funds deposited into an IOTA account for a residential real estate closing, or settlement funds held by a court, settlement administrator or attorney.

FREQUENTLY ASKED QUESTIONS

What are Unclaimed Funds?	Intangible property or accounts within financial institutions or companies—in which there has been no activity generated (or contact with the owner) regarding the property for one year or a longer period. After a designated dormancy period with no activity or contact, the property becomes “unclaimed” and—by law—must be turned over to the state. For a detailed list of unclaimed funds see the Nature of Funds Codes on page 16.
Who must file?	All businesses that operate in the state of Ohio or hold funds due to Ohio residents except 501(c)(3) hospitals and political subdivisions.
Whom do I make check or certificate out to?	Ohio Division of Unclaimed Funds.
Is a negative (NONE) report required?	Yes. A Negative (NONE) report is still required to be filed.
Is there a minimum amount to be remitted?	No minimum for non-wages; under \$50 for wages after.
How are mutual funds submitted?	Mutual Funds should be liquidated from the owners account and the proceeds remitted along with the complete owner detail. They may not be transferred into an unauthorized account in the State of Ohio’s name.
What are Ohio’s reporting deadlines?	For all non-life insurance companies, the reporting deadline is November 1 for properties dormant as of June 30. For life insurance companies the reporting deadline is May 1 for properties dormant as of December 31. No calendar election allowed.
What happens if a company does not report?	The company may incur two (2) civil penalties of \$100/day and criminal penalties of up to \$500/day for failure to report or underreporting unclaimed funds and an interest rate of 1% per month on the balance of unclaimed funds due.
Can a company file an extension?	A company can file an extension of time to file online at https://apps2.com.ohio.gov/unfd/extension/ for 30, 60, 90, or 120 days. Only one extension is allowed per reporting year.
Can unclaimed funds be reported early?	Yes, after the company complies with the due diligence mailing requirement and reporting requirements of the ORC §169.03.
What attempts are made to find the rightful owners?	The first attempt is by the company through a “due-diligence” mailing with similar information as our OUF-8. After submission, publication in a county newspaper listing owner names, owner names with \$50 or more are listed in www.missingmoney.com and division attempts to search for the owner.

ANNUAL UNCLAIMED FUNDS REVIEW GUIDELINES

I. IDENTIFYING DORMANT ACCOUNTS

Public and private businesses, financial institutions and all other entities (except for I.R.C. 501(C)(3) tax exempt hospitals and political subdivisions) that maintain account balances, write checks or hold funds in escrow for another person or persons, must file an Annual Report of Unclaimed Funds even if they have no unclaimed funds to report. The annual report is due by November 1, for accounts dormant as of the preceding June 30, for all non-life insurance companies. Annual reports from life insurance companies are due by May 1, for accounts dormant as of the preceding December 31.

Listed in Table 1 and Table 2 you will find examples of the types of accounts that can become unclaimed funds in a typical public or private corporation and a financial institution.

Agent Issued Stale Dated Payroll Checks

If your company uses a payroll processing agent to issue checks that clear on the agent's account, the agent will periodically notify the company of stale dated payroll checks that have not cleared their account. They will then redeposit these funds to the company's checking account and the checks will no longer be negotiable. The company then has the responsibility for controlling and reporting the re-deposited payroll checks as unclaimed.

If the payroll processing agent does not redeposit stale dated payroll checks back to the company's account, you need to contact the agent to determine if they review outstanding payroll checks for unclaimed funds reporting. If the agent reviews outstanding payroll checks for unclaimed funds reporting purposes, then no additional work is required. If they do not, then you should obtain an outstanding checklist from the agent, or the issuing bank, and request that funds for dormant accounts be returned so that they can be reviewed to identify reportable unclaimed accounts.

Wages, salary and commissions become dormant (1) year from the date payable. The unclaimed funds law requires that the full name and last known address of the owner be reported for each item \$50 or more. Please obtain this information from your payroll processor. Wages, salary, and commission payments less than or equal to \$50 payable on or after July 1, 2000, are exempt from unclaimed funds reporting.

Third Party Administrators for Worker's Compensation Payments or Health Benefits

If your company is self-insured for worker's compensation or health benefits, the un-cashed disbursement checks should be reviewed annually for unclaimed funds reporting. Any monies from un-cashed disbursements held by or returned to you by a third-party administrator (TPA) would be reportable as unclaimed funds. Contact your TPA to determine if they report unclaimed funds for your company. If they do not, then you should obtain an outstanding checklist and request that funds for dormant accounts be returned so that they can be reviewed to identify reportable unclaimed accounts. Worker's compensation payments become dormant one (1) year from the date payable and health benefit disbursements become dormant three (3) years from the date payable.

401K Accounts (Qualified Plans) of Former Employees with Bad Addresses

Problems with bad address accounts can occur if mandatory distribution of 401K monies, or other qualified plan monies, is not required when an employee leaves the company. These bad address accounts, with a balance of less than or equal to \$1,000, may be reported as unclaimed thirty (30) days after completing the mailing of an OUF-8 Notice of Unclaimed Funds. The Employees Retirement Income Security Act (ERISA) requires accounts of more than \$1,000 be maintained for the owner with a designated trustee.

Underlying Shares of Stock

An underlying share of stock may or may not be in the possession of the owner. The underlying shares are considered dormant and subject to unclaimed funds reporting if dividends and any other sums payable have remained unclaimed (un-cashed or RPO - Returned by the Post Office) by the owner for five (5) years. Any dividends or other distributions payable to the owner would also be reportable as unclaimed funds with the shares. The reportable underlying shares should be cancelled, and a balance certificate issued to the Ohio Department of Commerce, Division of Unclaimed Funds.

EARLY REPORTING

The dormancy periods listed for unclaimed accounts are the maximum periods that dormant accounts may be held prior to unclaimed funds verification and reporting. Dormant accounts may be reported prior to the expiration of their dormancy periods (Per section 169.11 O.R.C.) if the company complies with the due-diligence mailing and reporting requirements described in III and IV.

REQUIREMENTS FOR REPORTING JOINT ACCOUNT INFORMATION

When reporting an unclaimed account with joint owners it is necessary to determine the relationship between those owners and their Right of Survivorship. If no information is evident of the relationship of the owners, it is unknown if the joint account is a joint "AND" or a joint "OR" account, then an "AND" relationship is assumed. This means that all owners of the joint account must file a claim to receive their share of the unclaimed funds unless one of the owners has a release from the other owner, or the surviving owner has proof that the other joint owner is deceased, at which point the Right of Survivorship becomes an issue. If no information is evident of the existence of the Right of Survivorship, then NO Right of Survivorship is assumed. This means that if a joint account is reported with un-known Right of Survivorship then it is assumed that it does not exist.

Please review unclaimed joint accounts for the "AND" or "OR" relationship of the owners and the existence of the Right of Survivorship. The following table will help to determine the proper Relationship Code for joint accounts.

DETERMINING THE RELATIONSHIP CODE FOR A JOINT ACCOUNT

Relationship Code	Relationship of Owners	Right of Survivorship	Who may claim unclaimed funds and how much they are entitled to using the Wright v. Bloom guidelines.
JY	"OR"	YES	Due to the "OR" owner relationship either owner may assert a claim on the entire balance of unclaimed funds. With Right of Survivorship the surviving owner is entitled to the entire balance of unclaimed funds.
JO	"OR"	NO	Due to the "OR" owner relationship either owner may assert a claim on the entire balance of unclaimed funds. With NO Right of Survivorship, the surviving owner is entitled to one-half the unclaimed funds account balance. The deceased owner's estate would be entitled to the remaining half of the unclaimed funds.
JO	"OR"	UNKNOWN	Due to the "OR" owner relationship either owner may assert a claim on the entire balance of unclaimed funds. With UNKNOWN Right of Survivorship assume there is No Right of Survivorship. The surviving owner is entitled to one-half the unclaimed funds account balance. The deceased owner's estate would be entitled to the remaining half of the unclaimed funds.
JS	"AND"	YES	Due to the "AND" owner relationship all owners must file a claim to receive their share of an unclaimed account. With Right of Survivorship the surviving owner is entitled to the entire balance of unclaimed funds.
JT	"AND"	NO	Due to the "AND" owner relationship all owners must file a claim to receive their share of an unclaimed account. With NO Right of Survivorship, the surviving owner is entitled to one-half the unclaimed funds account balance. The deceased owner's estate would be entitled to the remaining half of the unclaimed funds.
JT	"AND"	UNKNOWN	Due to the "AND" owner relationship all owners must file a claim to receive their share of an unclaimed account. With UNKNOWN Right of Survivorship assume there is No Right of Survivorship. The surviving owner is entitled to one-half the unclaimed funds account balance. The deceased owner's estate would be entitled to the remaining half of the unclaimed funds.
JT	"UNKNOWN"	UNKNOWN	Due to the unknown owner relationship, an "AND" relationship is assumed, and all owners must file a claim to receive their share of an unclaimed account. With UNKNOWN Right of Survivorship assume there is No Right of Survivorship. The surviving owner is entitled to one-half the unclaimed funds account balance. The deceased owner's estate would be entitled to the remaining half of the unclaimed funds.

NOTE: The shares of an account to which joint owners are entitled may differ when there are more than two (2) joint owners.
