2024 Employee Savings Guide

Your guide to savings

Effective Jan. 1, 2024, Baker Tilly Vantagen, through their myFlexDollars platform, will assume responsibility for administering our flexible spending account (FSA), health savings account (HSA) and commuter plans. These plans are a simple and convenient way for you to make the most out of your paychecks. When you enroll you can pay for health care, dependent care, and commuting expenses while saving money at the same time.

Here's how it works: You set aside a predetermined amount to be deducted from your paycheck, which is then deposited into your account. The amount that you designate is deposited before federal and state income tax withholding or Social Security is deducted.

This means the funds that you set aside to pay for your health care, dependent care, or commuting expenses are tax free, which saves you money. At the end of the year, your W-2 form will indicate your taxable income as your regular gross salary minus your plan contributions.

Important Dates

October 16-27, 2023 – Open Enrollment for flexible spending accounts. FSA enrollment is not automatic. You must enroll annually to receive the health care FSA or dependent care FSA benefit. You may also take this opportunity to review and change your commuter or health savings account contributions effective Jan. 1, 2024.

November 6, 2023 – Commuter elections. Begin making your commuter elections with Baker Tilly Vantagen.

Mid-December 2023 – You will receive your Consumer Guide and new cards in the mail. This year, enrolled employees will receive new cards. You will receive a set of two cards and they will be good for three years.

December 31, 2023 – Final service date. This is your last day to incur services for the 2023 plan year for the health care, dependent care, and limited purpose FSA. Reimbursements for expenses incurred in 2023 will be completed through Optum Financial.

January 1, 2024 – Start of the new plan year. This is your first day to incur services for the new 2024 plan year for health care, dependent care, and limited purpose FSA.

March 31, 2024 – Claims submission deadline with Optum. Last day to submit any calendar year 2023 expenses incurred for your health care FSA, dependent care FSA, and/or limited purpose FSA through Optum Financial.

Mid- to late-April 2024 – Funds rollover. Unused health care FSA and limited purpose FSA funds will rollover automatically from the 2023 plan year to your new myFlexDollars FSA.

Your card is on the way! Be on the lookout for the envelope and card in your mailbox, pictured right.

The way you use your card for commuter expenses will change in 2024. Learn more on Page 10.

Ready to Enroll?

Now is the time to plan and save!

You only have this chance to enroll in your FSA plans once a year, unless you experience an IRS approved qualifying life event. You can change your elections as many times as you'd like during the Open Enrollment period, but your final decisions must be submitted by Oct. 27, 2023.

Health Care FSA Versus Health Savings Account Enrollment

Enrollees in the Ohio Med HDHP (high deductible health plan) with a health savings account (HSA) are not eligible to also contribute to a traditional health care FSA. Instead, you can supplement your HSA with a limited purpose FSA.

A limited purpose FSA is an account that is used in tandem with an HSA to pay for eligible dental and vision expenses. This yields additional pre-tax savings for you, the consumer. Eligible expenses include dental and vision deductibles and copays, orthodontia, dentures, eye exams, contacts, and prescription glasses.

If you are participating in a health care FSA and subsequently become enrolled in the HDHP, your account will be converted to a limited purpose FSA. If you enroll in a PPO or become covered under another plan that makes you ineligible to contribute to an HSA, your contributions to the HSA must stop.

Calculate Your Contributions ... and Your Savings!

FSA Savings Calculator

Check how much you can save by participating in an FSA using the FSA savings calculator. You will be presented with the FSA savings calculator when you are enrolling in your FSA benefit.

- ➔ Enter how much you spend on eligible expenses each year.
- ➔ Arrive at your estimated annual election.
- ➔ Review your potential savings!

My HSA Planner

If you are an HSA participant, now is a great opportunity to review your HSA savings and decide if you'd like to make an adjustment. Use My HSA Planner to understand the benefits of your HSA account both short term and long term, as well as plan to grow your savings! Once you have input some basic information about yourself, your expenses, and your savings goals, My HSA Planner will assist you by providing personalized HSA results for your annual contribution target.

Flexible Spending Accounts (FSAs)

FSAs allow you to save for eligible expenses on a pre-tax basis. You can redirect a portion of your pay into a flexible spending account (FSA). Because you do not pay federal and Social Security taxes on money that goes into your FSA, you decrease your taxable income and potentially increase your spendable income. You can then use those pre-tax dollars to pay for eligible health care expenses that would have otherwise been paid with post-tax dollars. You choose how much money you want to contribute to an FSA at the beginning of each plan year, up to the plan limits, and access these funds throughout the year for qualifying expenses. There are three types of flexible spending accounts: Health care FSA (HCFSA), Limited purpose FSA (LPFSA), and Dependent care FSA (DCFSA).

When does coverage end? Participation in the FSA ends if you terminate employment. Your last day to incur an FSA expense is the last day of the month in which your employment ends. Claims for expenses incurred prior to the termination date must be submitted by the claims filing deadline. Coverage may be continued on a post-tax basis for the HCFSA or LPFSA under COBRA continuation coverage.

FSA Plan Dates

Plan year start: January 1, 2024

Last day to incur new expenses: December 31, 2024

Deadline to file claims: March 31, 2025

Health Care FSA (HCFSA)

The HCFSA provides you with the ability to save money for any IRS-allowed health expenses not covered by your group benefit plans. These expenses include deductibles, copayments and coinsurance payments, routine physicals, uninsured dental expenses and orthodontia, vision care expenses (i.e., eyeglasses or contact lenses), hearing care expenses (i.e., a hearing exam or a hearing aid), and some over-the-counter items. With the HCFSA, you can be reimbursed an amount up to the total annual contribution you have elected regardless of your account balance. You can begin to use all or some of the total amount elected as of Jan. 1, 2024. Funds may be used for eligible expenses for your spouse, federal tax dependents, or qualifying children under the age of 27.

Annual contribution limits:

Minimum \$240

Maximum \$3,050

Remember that the limit is per employee, so if you have a spouse with an FSA, they can contribute up to \$3,050 in their account as well, even if you both work for the State of Ohio.

The annual amount elected will be divided evenly over the first 24 pay periods in the plan year. Unused funds at the end of the plan year will rollover to the new plan year. For the 2024 plan year, rollover amounts have a \$50 minimum and a \$610 maximum. Amounts less than \$50 and/or in excess of \$610 will be forfeited.

Who is eligible? Any permanent full or part time state employee is eligible to enroll regardless of enrollment in the medical plan. Permanent employees who have completed one year of continuous state service (if applicable) and have sufficient pay to cover the election amount may enroll in an HCFSA. Coverage will begin the first of the following month. Enrollment must occur within 31 days of eligibility or during the Open Enrollment period. The state of Ohio permits new enrollment between Jan. 1 and Sept. 30. If you complete your one year of continuous state service (if applicable) between Oct. 1 and Dec. 31, you are eligible to enroll during Open Enrollment for the next plan year.

How do I use my funds? Paying for expenses is easy when you use the benefits card. If you do not use your card, you can quickly and easily create a claim online at myFlexDollars.com or by using the myFlexDollars mobile app. Once you submit your claim and receipts, we will reimburse you via direct deposit or check (to you or your provider).

Limited Purpose FSA (LPFSA)- for HDHP Participants Only

If you elect a high deductible health plan (HDHP), you can enroll in a LPFSA, as well as a dependent care FSA. Due to federal guidelines, participants enrolled in an HSA are not eligible to enroll in a traditional health care FSA in conjunction with their HSA. An LPFSA may be used for eligible dental and vision care expenses.

Annual contribution limits: Minimum \$240, Maximum \$3,050.

Remember that the limit is per employee, so if you have a spouse with an FSA, they can contribute up to \$3,050 in their account as well, even if you both work for the State of Ohio.

Unused funds at the end of the plan year will rollover to the new plan year. For the 2024 plan year, rollover amounts have a \$50 minimum and a \$610 maximum. Amounts less than \$50 and/or in excess of \$610 will be forfeited.

Since HSAs Also Cover Dental and Vision, Why Have Both Accounts?

Answer: To save and invest

- ➔ **Additional tax savings** — Having two accounts allows you to maximize your tax savings by contributing up to the maximum limits — using pre-tax funds — to both accounts.
- ➔ **Preserve your HSA** — By using your LPFSA for dental and vision, you're able to save your HSA balance. Since you may be able to invest portions of your HSA balance and your HSA may earn interest, you may save and potentially grow your money for the future.

HCFSA and LPFSA Rules and Regulations

- ➔ IRS regulations limit how health care accounts can be paired. If you enroll in the high deductible health plan and have a health savings account (HSA), you cannot also have an HCFSA that covers medical expenses. However, you may have a LPFSA that only covers dental and vision expenses.
- ➔ The IRS requires that all FSA purchases be verified as eligible expenses. Sometimes, purchases are automatically verified when you use your card. Other times, we will request itemized receipts. Always save your itemized receipts.
- ➔ Your full annual contribution amount is available at the beginning of the plan year, so you don't have to wait for the money to accumulate.
- ➔ Your HCFSA or LPFSA may be used to reimburse eligible expenses incurred by you, your spouse, your qualifying child, or a qualifying relative.

Note: There is no age requirement for a qualifying child if they are physically and/or mentally incapable of self-care. An eligible child of divorced parents is treated as a dependent of both, so either or both parents can establish an HCFSA or LPFSA. However, only the custodial parent of divorced or legally separated parents can be reimbursed using the DCFSA.

If you go on a leave of absence and miss deductions, your account will be closed. It is the employee's responsibility to complete the enrollment change at myFlexDollars.com to re-activate the account upon return from leave within 31 days. Re-enrollment upon return from a leave of absence is not automatic.

You have until March 31, 2025, to submit claims incurred during the plan year and are able to carry over between \$50 and \$610 of unused funds into the next plan year. Account balances under \$50 and/or in excess of \$610 will not carry over. In compliance with federal law, any money remaining in your account after the March 31, 2025, deadline, outside of the established minimum and maximum carryover limits, will be forfeited. This is more commonly known as the "use-it-or-lose-it" rule.

Dependent Care FSA (DCFSA)

A dependent care FSA (DCFSA) allows you to save for day care expenses for your child, disabled parent, or spouse which enable you and your spouse (if applicable) to work full-time and/or attend school on a full-time basis. Since DCFSA contributions are not taxed, you can reduce your taxable income by the amount you contribute to your DCFSA. Generally, expenses are eligible if they are the result of care for:

- ➔ Children under the age of 13 for whom you are entitled to a personal exemption on your federal income tax return.
- ➔ Your spouse or other dependents, including parents, who are physically or mentally incapable of self-care.

The maximum annual amount you can contribute to a dependent care FSA is \$5,000, or \$2,500 if both you and your spouse elect the benefit and you file your taxes separately. The IRS does not permit a rollover of unused funds, so plan carefully!

The annual amount elected will be divided evenly over the first 24 pay periods in the plan year. It is important to note that you can only be reimbursed for dependent care services up to the balance you have in your account. If you submit a claim for an amount that exceeds your account balance, you will be reimbursed on a pay period basis until you have made enough additional contributions to cover the expenses.

Who is eligible? Permanent full time or part time state employees are eligible the first of the month following the date of hire. For permanent employees who have a qualifying dependent(s), enrollment must occur within 31 days of eligibility or during the Open Enrollment period.

How do I use my funds? Funds in the account are easily accessed by using your benefits card with an authorized day care provider, online or through the mobile app. Your account balance is available at any time online, through the mobile app or over the phone. You can quickly and easily create your claim online or using the mobile app. Once you submit your receipts, we will reimburse you via check or direct deposit.

Dependent Care FSA (continued)

DCFSA rules and regulations

To be reimbursed through your dependent care spending account for child (under age 13) and dependent care expenses, you must meet the following conditions:

- Care must be provided in order for you to work.
- You cannot have made the care payments to someone you can claim as your dependent on your federal tax return or to your child who is under age 19.
- Your filing status must be single, qualifying widow(er) with a dependent child, married filing jointly, or married filing separately.
- You and your spouse must maintain a home that you live in for more than half the year with the qualifying child or dependent.
- While an eligible child of divorced parents is treated as a dependent of both parents for an HCFSA, only the custodial parent of divorced or legally separated parents can be reimbursed using the DCFSA.
- Once you sign up for a DCFSA and decide how much to contribute, the funds available to you depend on the actual funds in your account. Unlike an HCFSA, the entire maximum annual amount is not available at the start of the plan year, but rather after your payroll deductions are received.
- DCFSA may only be used for expenses once they are incurred. DCFSA may not be used to pay for prepaid expenses.

DCFSA eligible expense examples

Dependent care flexible spending account funds cover care costs for your eligible dependents while you work. Eligible expenses are defined by the IRS. Examples include:

Daycare and preschool

Before and after school care

Summer and holiday day camp

Care provider – babysitter, nanny, or au pair

Care of an incapacitated adult who lives with you

Enrollment Changes

Qualifying life events	Example	Documentation
Marital status A change in marital status includes marriage, death of a spouse, divorce, or annulment (legal separation is recognized under the State of Ohio's plan per Ohio law).	<ul style="list-style-type: none"> • Marriage • Divorce • Legal separation • Death of employee and/or spouse 	<ul style="list-style-type: none"> • Official or temporary copy of marriage certificate • Copy of divorce decree that includes the judge's signature and date divorce was finalized • Copy of legal separation decree including the effective date • Copy of death certificate
Change in number of tax dependents A change in number of dependents status includes the following: birth, death, adoption, and placement for adoption. You can add existing dependents not previously enrolled whenever a dependent gains eligibility as a result of a valid qualifying life event.	<ul style="list-style-type: none"> • Birth of a child • Death of a dependent • Adoption or placement for adoption of a child 	<ul style="list-style-type: none"> • Birth certificate, crib card or hospital bill • Copy of death certificate • Copy of adoption papers or other court issued forms that contain the judge's signature
Change in status of employment affecting coverage eligibility Change in employment status of the employee, or a spouse or dependent of the employee, that affects the individual's eligibility under the State of Ohio's plan, including commencement or termination of employment.	<ul style="list-style-type: none"> • Gain or loss of spouse's or dependent's employment • Change in employee's employment status 	Letter from spouse's or dependent's employer stating the date of the employment change and the nature of the change in health insurance coverage documentation
Gain or loss of dependent eligibility status An event that causes an employee's dependent to satisfy or cease to satisfy coverage requirements under the State of Ohio's plan. May include change in age, student, marital, or tax dependent status.	Gain or loss of dependent's eligibility status by attaining a specific age or changes in student, marital, or tax status	Copy of birth certificate, documentation from dependent's college such as tuition bill or diploma, marriage certificate

Coverage and cost changes	The State of Ohio may permit election changes due to cost or coverage changes. You may make a corresponding election change to your dependent care spending account benefit whenever you switch dependent care providers. However, if a relative (who is related by blood or marriage) provides custodial care for your eligible dependent, you cannot change your salary reduction amount solely on a desire to increase or decrease the amount being paid to that relative.
Open Enrollment under other employer's plan ¹	You may make an election change when your spouse or dependent makes an Open Enrollment change in coverage under their employer's plan if they participate in their employer's plan and: <ul style="list-style-type: none"> • The other employer's plan has a different period of coverage (usually a plan year) or • The other employer's plan permits mid-plan year election changes under this event
Judgment/Decree/Order ²	If a judgment, decree, or order from a divorce, legal separation (as recognized under the State of Ohio's plan), annulment, or change in legal custody requires that you provide accident or health coverage for your dependent child (including a foster child who is your dependent), you may change your election to provide coverage for the dependent child. If the order requires that another individual (including your spouse and former spouse) covers the dependent child and provides coverage under that individual's plan, you may change your election to revoke coverage only for that dependent child and only if the other individual actually provides the coverage.
Medicare/Medicaid ²	Copy of birth certificate, documentation from dependent's college such as tuition bill or diploma, marriage certificate
Health Insurance Portability and Accountability Act of 1996 (HIPAA)	If your employer's group health plan(s) are subject to HIPAA's special enrollment provision, the IRS regulations regarding HIPAA's special enrollment rights provide that an IRC § 125 cafeteria plan may permit you to change a salary reduction election to pay for the extra cost for group health coverage, on a pre-tax basis, effective retroactive to the date of the qualifying life event, if you enroll your new dependent within 31 days of one of the following qualifying life events: birth, adoption or placement for adoption. Note: A health care spending account is not subject to HIPAA's special enrollment provisions if it is funded solely by employee contributions.
Family and Medical Leave Act (FMLA) Leave of Absence	Election changes may be made under the special rules relating to changes in elections by employees taking FMLA leave. (Note: Your account can be closed with no notice for nonpayment if deductions are not received regularly.) A letter is required from the employer or personnel office stating the date the unpaid leave of absence began or the date of return to the payroll.

Notes:

1. Does not apply to a health care spending account plan.
2. Does not apply to a dependent care spending account plan.

Terminate and/or retirement of employment

If you terminate and/or retire from employment, you can continue certain HCSA and LPSA benefits. According to federal and state law, you can continue coverage if you terminate and/or retire from employment or have certain other qualifying events under COBRA. You will be notified of your rights and any containable benefit you may have after Baker Tilly Vantage has been notified of your qualifying event, termination, and/or retirement.

If you choose not to enroll in COBRA, or for the DCSA, your benefits will terminate at the end of the month in which the event occurred. You will have until March 31 of the following year to file claims incurred through the end of the month in which you terminated and/or retired. Any unclaimed funds will be forfeited according to IRS regulations.

Health Savings Account (HSA)

If you are enrolled in the Ohio Med HDHP (high deductible health plan), you also have the opportunity to establish an HSA; you can change your HSA contributions at any time. An HSA is an account you establish to pay for qualified health care expenses for you and your eligible dependents. An HSA is an excellent opportunity to save for future health care expenses or to simply save for your future. However, it is important that you understand how to contribute funds to an HSA, how to withdraw funds you have contributed and what, if any, tax implications are associated with your HSA fund. To change your HSA elections please refer to the step by step instructions on Page 2 of this guide.

An HSA provides you with great tax savings:

- Contributions made to your HSA via paycheck deductions are pre-tax.
- Earnings growth through interest and investments is not taxed.
- Withdrawals from your account are tax free, if used for qualified health care expenses.

Other program highlights include:

- Contributions to your HSA can be made through payroll deductions or you can deposit money directly into your account.
- You own the account and it's portable (you can take your HSA funds with you even if you leave).
- Balances carry over from year to year (no "use it or lose it").
- You can spend your funds on qualified health care expenses or save for your future.
- You will be given a debit card which allows you to use the money deposited in your HSA to pay for qualified expenses.
- You can begin investing once your account balance reaches \$2,000. Investment options include mutual funds and a brokerage account option. Login to myFlexDollars.com to visit the investment prospectus under resources.

For the 2024 tax year, if you enroll in an HDHP, you and the State's contributions cannot exceed the following amounts in your HSA:

\$4,150 if you elect employee only coverage, \$8,300 if you elect family coverage, and if you are age 55 or older but not enrolled in Medicare, you can contribute an additional \$1,000 catch-up contribution to your HSA.

Eligible expenses examples:

There are hundreds of eligible expenses for tax-free purchase with your account funds. Funds may even be used for eligible expenses for your spouse or eligible dependents. Go to BakerTillyVantagen.com/database to view the full list of eligible expenses.

Commuter Plans

These flexible benefits allow you to pay for your work-related transit and parking costs. Up to \$315 per month (\$3,780 annually) in parking expenses and/or \$315 per month (\$3,780 annually) in mass transit expenses can be paid on a pre-tax basis when enrolled in the commuter plan. You can enroll in one or both of these great benefits. If you are already enrolled and making contributions to either plan, you will automatically be enrolled in the new system with the same elections that are currently in the Optum system. If you would like to change your election amount or waive coverage, you must take action by Dec. 5, 2023, or your current elections will automatically carry over to 2024.

Who is eligible?

All State of Ohio employees are eligible and there's no need to wait for Open Enrollment – you can sign up at any time! Beginning Nov. 6, 2023, employees will be able to access myFlexDollars.com to enroll in commuter benefits for January 2024. Commuter orders must be completed by the fifth of the month for the following month. Employees enrolled in commuter benefits will have the \$1.40 administrative fee payroll deducted once monthly.

How it works

- ➔ Designate your monthly deduction to go into your transit/parking account each month.
- ➔ Money that is placed in your account is used to pay for qualifying transit and parking expenses.
- ➔ You may only be reimbursed up to your current account balance at any given time.
- ➔ Use your Benefit Card to draw from your balance at any time, directly with your provider of choice!

Eligible expenses include: Transit Passes – A pass, token, fare card, voucher, etc. that allows you to travel to and from work on mass transit facilities, **Vanpooling** – Expenses for transportation in a commuter highway vehicle, and **Qualified Parking** – Parking near the work site or at a location from which you commute by carpool, commuter highway vehicle, etc. The parking space cannot be by your home.

Make the most of your Commuter benefits

Simply decide how much to contribute to your commuter account up to the allowed monthly limit. The IRS sets the contribution limits. Next, manage your expenses and stay in tune with how much in expenditures you have each month. You may change your transit and parking elections at any time throughout the year based on your needs. Election changes must be submitted by the fifth of the month for the following month. Finally, make sure to spend down your balance. Available balances can be rolled over month to month, unless you terminate with the State of Ohio. Transit and parking funds will be forfeited at the end of the following month after you terminate employment. Expenses are only reimbursable if incurred while you are actively employed by the State of Ohio. Your last day to incur expenses for the plan is the date you terminate from your position. Be sure not to accumulate a balance that you will forfeit should you terminate. These are pre-tax funds and can only be used to pay for eligible commuter expenses. They cannot be refunded to participants per IRS code 1.132-9(b) Q/A 14(d).

Important: Transit and parking funds are considered two separate buckets of money and cannot be mixed. Be sure to calculate both your transit and parking expenses related to your daily commute, and elect contributions accordingly.

What's changing with your commuter benefits

- You will be receiving benefit cards in the mail which you will use to pay your provider.
- Your prepaid benefits card can be used at authorized commuter and parking merchants including online and payment kiosks.
- You will be receiving your card in the month of December, and you should immediately setup payment with your provider for January.
- If you choose to not use the benefit card and pay out of pocket for your parking expenses, you may also receive reimbursement by filing a claim at myFlexDollars.com or the mobile app (parking only).

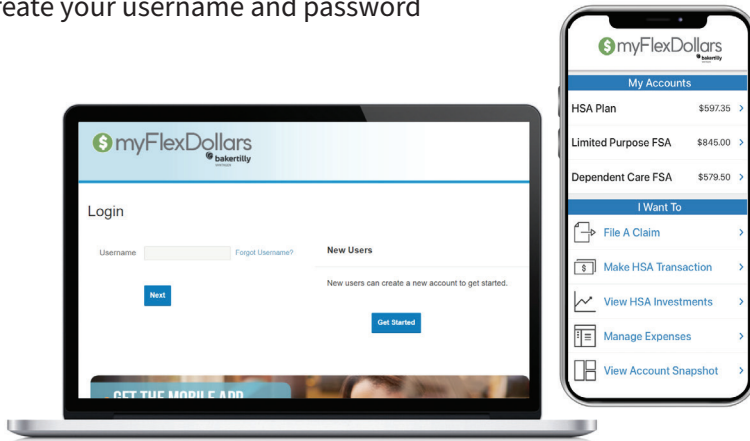

You've made a smart choice by enrolling in a pre-tax savings account! You can visit myFlexDollars.com at any time to access tools and resources and manage your expenses. This includes eligible expense lists, claim payout calendars, final service date, final filing date, plan documents, and your real-time account balance. About your card

Your Benefits Card is the most convenient way to pay for qualifying expenses. It allows you to pay your provider directly from your account so that you can receive immediate reimbursement. Just be sure to activate and sign your card before using it.

You will receive duplicate cards in discreet packaging in the mail (pictured right). You can give the second card to a spouse or dependent child (over the age of 18). If you do not need the second card, destroy it or keep it in a safe place. Your card is good for three years. Some items may require proof of eligibility, so be sure to maintain a file of all card receipts, statements, and itemized bills.

Accessing your FSA, HSA, & Commuter accounts:

Your prepaid benefits card

Using the prepaid benefits card is the quickest and most convenient way to get reimbursed. Every time you swipe your card for an eligible expense, it automatically draws funds from your accounts, so there is no need to wait for reimbursement.

myFlexDollars.com

You can submit your claims conveniently online through myFlexDollars.com. Although reimbursement is not immediate, you have access to tools that make the process easier, such as the receipt upload tool.

MFD mobile app

The myFlexDollars mobile app allows you to submit a claim on-the-go. Using your mobile device, simply choose the account type, the date, and the amount of your expense. Then use your device to take a picture of your receipt and upload it.*

*Please note that transit expenses cannot be submitted via mobile app. Transit expenses must be paid for using the pre-paid benefits card.

FSA FAQ

Question	Answer
Are pre-tax payroll deductions allowed?	Yes, up to the amount you “elect” during open enrollment up to the IRS limit.
Is the entire election available for reimbursement at start of plan year?	Yes (except Dependent Care FSAs)
Can funds roll over from year to year?	Amounts between \$50 and \$610 can be rolled over into the next year (except Dependent Care FSAs).
What distributions are allowed?	Debit Card, “Claim” – Request for reimbursement, or bill-pay Online/Mobile/ Paper
Is Documentation (substantiation) required?	Required for manual claims and if a debit card claim cannot be automatically approved.
Do you have access to funds after termination?	You have until March 31, 2025, to file for reimbursement of claims incurred through the end of the month in which you terminate/ retire. Access to your HCFSA or LPFSA may be offered through COBRA.
What expenses qualify for distribution?	Eligible expenses are determined by the type of FSA you are enrolled in. Medical FSA covers 213(d) eligible expenses including over-the-counter medication. Limited FSAs cover dental, vision and preventative care expenses. Dependent care FSA plans cover eligible dependent care expenses that allow you to work out of the home.

HSA and FSA debit cards are automatically restricted for use with medical, dental and vision service providers and for items purchased at retail that are identified as qualified medical expenses based on merchant category codes.

Employee contribution limits are announced by the IRS. For 2023, the limit for an FSA cannot exceed \$3,050 per IRS Rules.

You will be notified of the decision regarding your appeal in writing by Baker Tilly Vantagen within 31 calendar days of receipt of your written appeal.

COBRA Continuation

If you are COBRA eligible and retire or terminate employment with the State of Ohio, you will receive a packet with additional information regarding your COBRA coverage option. The packet will provide instructions for next steps and contact information. If you have unspent contributions in your HCFSAs or LPFSAs, you may continue your HCFSAs or LPFSAs (on a post-tax basis) only for the remainder of the plan year in which your qualifying event occurs. However, if you have already used or been reimbursed more than you have contributed, you cannot continue the HCFSAs or LPFSAs under COBRA.

Terminated and/or Retirement or Employment

If your employment is terminated and/or retired and you choose not to enroll in COBRA, your benefits will terminate at the end of the month in which the event occurred. You will have until March 31 of the following year to file claims incurred through the end of the month in which they terminated and/or retired. Any unclaimed funds will be forfeited according to IRS regulations.
