“PREAMBLE”

This Agreement, is hereby entered into by and between the State of Ohio, hereinafter referred to as the "Employer", and the Ohio Civil Service Employees Association, AFSCME, Local 11, AFL-CIO, hereinafter referred to as the "Union", has as its purpose the promotion of harmonious relations between the Employer and the Union; the establishment of an equitable and peaceful procedure for the resolution of differences; and the establishment of wages, hours, and other terms and conditions of employment.

ARTICLE 1 - RECOGNITION

1.01 - Exclusive Representation

The Employer recognizes the Union as the sole and exclusive bargaining representative in all matters establishing and pertaining to wages, hours, and other terms and conditions of employment for all full and part-time employees (excluding temporary, interim, intermittent and seasonal employees, except bargaining unit employees serving in an interim position) in the classifications included in certifications of the State Employment Relations Board (SERB).

These classifications include those listed in Appendices A-H (bargaining units 3, 4, 5, 6, 7, 8, 9, 13 and 14). Any classifications added to the units shall be added to the appendices as though originally included.

The Employer will not negotiate with any other union or employee organization on matters pertaining to wages, hours and other terms or conditions of employment. Nor shall the Employer permit dues deduction for another organization purporting to represent employees on these matters or negotiate with employees over wages, hours and other terms and conditions of employment.

1.02 - Inclusion/Exclusion of Existing Classifications

If it is believed that the bargaining unit status of a position has changed for a reason other than fiduciary relation, the Office of Collective Bargaining or the Union, whichever is proposing the change, shall notify the other. Following such notice, a joint or single-party petition may be filed with the State Employment Relations Board (SERB). No change in bargaining unit status shall be effective prior to a final determination by SERB.

1.03 - Fiduciary Positions

The Employer will notify the Union when it plans to declare a bargaining unit position as fiduciary. The Union shall inform the Employer of its position in writing within forty-five (45) days of receipt of such notification. In the event the Union fails to respond within forty-five (45) days, the Employer's proposal will be deemed rejected and the matter will be scheduled for arbitration. When a dispute occurs over the designation of a position as fiduciary under the provisions of Section 124.11 of the Ohio Revised Code, the matter shall be resolved through discussion between the Deputy Director of the Office of Collective Bargaining and the Executive Director of the Union. If such discussion does not resolve the matter, either party may submit the issue to a mutually agreed upon arbitrator. No change in bargaining unit status shall be effective until formal written agreement is executed between OCB and the Union or a final determination is issued by the arbitrator. Once the matter has been resolved through this Section, a joint Petition for Amendment of Certification shall be filed before SERB within thirty (30) days.

1.04 - Inclusion/Exclusion of New Classifications

The Employer will promptly notify the Union of its decision to establish all new classifications. If a new classification is a successor title to a classification covered by this Agreement with no substantial change in duties, the new classification shall automatically become a part of this Agreement.

If a new classification contains a significant part of the work now done by any classifications in these bargaining units or shares a community of interest with classifications in one of the bargaining units, the Union may notify the Employer that it believes the classification should be in the bargaining unit within thirty (30) days of its receipt of the Employer's notice. The parties will then meet within twenty-one (21) days of such notice to review the classification specifications. Where agreement is reached, the parties will file a joint Petition for Amendment of Certification before SERB to include the new classification. If unable to agree as to its inclusion or exclusion, the parties shall submit the question to the SERB for resolution.

1.05 - Bargaining Unit Work

Supervisors shall not increase, and the Employer shall make every reasonable effort to decrease the amount of bargaining unit work done by supervisors.

Supervisors shall only perform bargaining unit work to the extent that they have previously performed such work. During the life of this Agreement, the amount of bargaining unit work done by supervisors shall not

increase, and the Employer shall make every reasonable effort to decrease the amount of bargaining unit work done by supervisors.

In addition, supervisory employees shall only do bargaining unit work under the following circumstances: in cases of emergency; when necessary to provide break and/or lunch relief; to instruct or train employees; to demonstrate the proper method of accomplishing the tasks assigned; to avoid mandatory overtime; to allow the release of employees for union or other approved activities; to provide coverage for no shows or when the classification specification provides that the supervisor does, as a part of his/her job, some of the same duties as bargaining unit employees.

Except in emergency circumstances, overtime opportunities for work normally performed by bargaining unit employees shall first be offered to those unit employees who normally perform the work before it may be offered to non-bargaining unit employees.

The Employer recognizes the integrity of the bargaining units and will not take action for the purpose of eroding the bargaining units.

ARTICLE 2 - NON-DISCRIMINATION

2.01 - Non-Discrimination

Neither the Employer nor the Union shall discriminate in a way inconsistent with the laws of the United States or the State of Ohio on the basis of race, sex, creed, color, religion, age, national origin, political affiliation, disability, sexual orientation, or veteran status. Except for rules governing nepotism, neither party shall discriminate on the basis of family relationship. The Employer shall prohibit sexual harassment and take action to eliminate sexual harassment in accordance with Section 4112 of the Ohio Revised Code, and Section 703 of Title VII of the Civil Rights Act of 1964 (as amended).

The Employer may also undertake reasonable accommodation to fulfill or ensure compliance with the Americans with Disabilities Act of 1990 (ADA) and corresponding provisions of Chapter 4112 of the Ohio Revised Code. Prior to establishing reasonable accommodation which adversely affects rights established under this Agreement, the Employer will discuss the matter with a Union representative designated by the Executive Director.

The Employer shall not solicit bargaining unit employees to make political contributions or to support any political candidate, party or issue.

2.02 - Agreement Rights

No employee shall be discriminated against, intimidated, restrained, harassed or coerced in the exercise of rights granted by this Agreement, nor shall reassignments be made for these purposes.

2.03 - Equal Employment Opportunity/Affirmative Action

The Employer and the Union agree to work jointly to implement positive and aggressive equal employment opportunity/affirmative action programs to prevent discrimination and to ensure equal employment opportunity in the application of this Agreement.

The Agencies covered by this Agreement will provide the Union with copies of equal employment opportunity/affirmative action plans and programs upon request. Progress toward equal employment opportunity/affirmative action goals shall also be an appropriate subject for Labor-Management Committees.

ARTICLE 3 - UNION RIGHTS

3.01 - Access

It is agreed that the Agencies covered by this Agreement shall grant reasonable access to stewards, professional union representatives and chapter officers, defined to include President and Vice President, for the purpose of administering this Agreement. The Employer may provide a representative to accompany a non-employee union representative where security or treatment considerations do not allow non-employee access.

The Union shall furnish to the Employer in writing the names of the union representatives and their respective jurisdictional areas as soon as they are designated. Any changes shall be forwarded to the Employer by the Union as soon as changes are made.

3.02 - Stewards

The Employer agrees to recognize a reasonable number of local stewards as designated by the Union. Stewards and chapter officers as defined above shall be allowed a reasonable amount of time away from their regular duties to administer the Agreement at the facility where they work only within their own Agency unless the Agencies

involved agree to representation across agency lines. In situations where there are only a few employees of one Agency working at the facility of another Agency, agreement to such representation shall not be unreasonably withheld. A periodic check on the safety of employees who work alone in potentially hazardous areas will be made or a means of communication to the worksite base location will be provided to employees who work alone in potentially hazardous areas.

11.10 – Asbestos

If an employee from an agency not housed in a state-owned facility has reason to suspect that there may be friable asbestos in that building, he/she may request an asbestos inspection by the Public Employees Risk Reduction Program (PERRP). PERRP will investigate the complaint and issue a report to the appropriate agency, to the employee, and to the appropriate Health and Safety Committee if such committee participated in the filing of the complaint. If asbestos is found in sufficient quantities to require abatement, the Employer will inform the building owner of the need to comply with the abatement order as required under the terms of State leases.

An employee who works in a state owned building who suspects the presence of friable asbestos should report the condition to his/her supervisor and to PERRP. PERRP will investigate the complaint and issue a report to the appropriate agency, to the employee, and to the appropriate Health and Safety Committee if such committee participated in the filing of the complaint. Any friable asbestos will be abated by the Employer.

The appropriate Health and Safety Committee will be provided with a copy of the Employer's asbestos abatement plan and only licensed asbestos abatement firms will be used to perform necessary asbestos removal or abatement work.

Any employee engaged in maintenance, plumbing, electrical work, renovation or repair who may disturb or damage, or work with asbestos-containing materials, will be trained as to the proper procedures to follow. The Employer agrees to provide to each employee and his/her personal physician a complete and accurate written report of any such medical examination related to occupational exposure.

Additionally, written results of any industrial hygiene measurements or investigations related to an employee's occupational exposure shall also be provided upon request of the employee or the Union. All physical examinations required by the Federal Aviation Administration for pilots shall be paid for by the State.

Safe, chilled drinking water will be provided to all employees. Employees shall have access to restroom facilities in close proximity to their place of employment except for road or field crews. Road or field crews working at a fixed location such as a construction site shall have access to a port-a-john. Whenever restroom facilities are not available, the Employer will make a good faith effort to provide transportation for employees to travel to a restroom upon request. In institutions, employees' restrooms shall be separate from those used by residents or inmates whenever practical. The discussion of separate restrooms shall be an appropriate topic for labor/management meetings.

11.17 - Personal Property

Employees shall receive reasonable reimbursement for the cost of any personal property worn by the employee destroyed or damaged in the line of duty providing there is no finding of negligence on the part of the employee.

11.18 - Lounge Areas

Existing lounges shall be maintained by the Employer.

11.19 - Emergency Phone Use

Employees shall promptly be notified of and permitted to answer incoming emergency phone calls and make return emergency calls on a state phone.

ARTICLE 12 - STAFFING CONCERNS

The Union and the State mutually desire that staffing levels in State institutions are sufficient to insure safe, high quality, effective delivery of institutional services, and desire as well that staffing levels in non-institutional State agencies are sufficient to insure timely, high quality, effective provision of services to the public.

ARTICLE 13 - WORK WEEK, SCHEDULES AND OVERTIME

13.01 - Standard Work Week

The standard work week for full-time employees covered by this Agreement shall be forty (40) hours, exclusive of the time allotted for meal periods, consisting of five (5) consecutive work days followed by two (2) consecutive days off.

Work days and days off for full-time employees who work non-standard work weeks shall be scheduled according to current practice or so that each employee shall have at least two (2) days off in any nine (9) day period. In addition, the Employer agrees to schedule each full-time employee with at least seventeen (17) weekends off per year in the Department of Mental Health, the Department of Mental Retardation and Developmental Disabilities and the Ohio Veterans Home. The parties may mutually agree to other scheduling arrangements than those specified in this Section.

The week shall commence with the shift that includes 12:01 A.M. Sunday of each calendar week and end at the start of the shift that includes 12:00 midnight the following Saturday.

The Employer and the Union may discuss alternate work schedule arrangements as reflected in Section 13.13.

Part-time employees shall be surveyed to determine the number of hours they would like to work. The Employer shall attempt to schedule each part-time employee for his/her preferred number of hours in seniority order. Part-time employees shall receive posted schedules showing the days and number of hours they shall work.

13.02 - Work Schedules

It is understood that the Employer reserves the right to limit the number of persons to be scheduled off work at any one time, including persons on leave (excluding disability leave).

For purposes of this Agreement, "work schedules" are defined as an employee's assigned work shift (i.e., hours of the day) and days of the week and work area. Work areas, for the Departments of Mental Health, Mental Retardation, Youth Services and the Ohio Veterans Home are governed by the August 31, 1987 Memorandum of Understanding between the Employer and the Union as set forth in Appendix N. Pick-A-Post Agreements shall remain in effect for the duration of this Agreement, unless otherwise mutually agreed and/or as modified in the agency specific agreements. It is agreed that work area schedules established under Pick-A-Post Agreements do not preclude the incidental, short-term assignment of an employee out of the work area to meet unforeseen circumstances, provided such assignments are not inconsistent with the provisions of Section 13.05.

Work schedules for employees who work in five (5) day operations need not be posted. However, where the work hours of such employees are determined by schedules established by parties other than the Employer, the Employer shall notify employees of any changes in their work hours as soon as it is aware of such.

Work schedules for employees who work in seven (7) day operations shall be posted at least fourteen (14) calendar days in advance of the effective date. The work schedule shall be for a period of at least twenty-eight (28) days and shall not be changed without a fourteen (14) day notice, except in accordance with reassignment as provided for in Section 13.05.

The parties recognize that there are certain jobs which require non-standard work schedules. Such work schedules shall be for operational needs. The Employer shall notify the Union prior to the creation of any new non-standard work schedules. The Union may request a meeting with the Employer to discuss the impact of such schedules. Non-standard work schedule assignments shall not be arbitrary or capricious.

13.03 - Meal Periods

Employees (including but not limited to Correction Officers, Juvenile Correctional Officers, and MCE Investigators and Load Limit Inspectors in the Department of Public Safety) who currently work eight (8) hours straight without a meal period shall continue to do so, except as otherwise mutually agreed. Unless mutually agreed otherwise, no other employee shall be required to take less than thirty (30) minutes or more than one (1) hour for a meal period. The Employer will usually schedule meal periods near the midpoint of a shift.

Employees shall not normally be required to work during their meal period. Those employees who by the nature of their work are required by their supervisor to remain in a duty status during their meal period may, with the

approval of their supervisor, either shorten their workday by the length of the meal period or else have their meal period counted as time worked and be paid at the appropriate straight time or overtime rate, whichever is applicable. A supervisor will honor an employee's choice where reasonably possible.

13.04 - Rest Periods

Those agencies that presently have rest periods shall maintain the current practices in effect as of the effective date of this Agreement.

13.05 - Reassignments Within Institutions

A. Temporary reassignments, within institutions, may be required:

1. To meet abnormal work loads;
2. In the temporary absence of an employee where delay of the performance of duties would be unreasonable;
3. Pending recruitment.

Temporary reassignments under this Section shall not normally exceed eighteen (18) work days but under no circumstances exceed sixty (60) work days where it is in the best interest of the youth, client, resident, patient or inmate population notwithstanding provisions of Section 24.05 or pending recruitment (unless mutually agreed to by the Union and the Agency). Reassignment shall be on a seniority basis within the work area within the classification needed to provide the temporary coverage. Should more than one employee desire the available temporary reassignment, such reassignment shall be awarded on the basis of seniority, with the most senior employee being given first choice. Should no employee desire the reassignment, the least senior employee shall be reassigned first.

- B. An emergency reassignment may be required. An emergency is defined as an infrequent, unexpected, rare occurrence; not an everyday event. In no event shall an emergency reassignment of any employee exceed eight (8) work days. Emergency reassignments shall be on a seniority basis within the classification needed within the work area most able to provide the emergency coverage. Should no employee desire the reassignment, the least senior qualified employee shall be reassigned first.
- C. If a specific certificate, license, training and/or immunization is required for the reassignment, the Employer shall canvass those employees within the classification who meet these criteria in the order specified above.
- D. When the Employer has advance knowledge of planned absences that will result in the reassignment of employees, then it will notify the affected employees of the reassignment as soon as possible.
- E. The creation of additional float or relief positions is an appropriate topic for Labor/Management Committee meetings.

13.06 - Report-In Locations

All employees covered under the terms of this Agreement shall be at their report-in locations ready to commence work at their starting time. For all employees, extenuating and mitigating circumstances surrounding tardiness shall be taken into consideration by the Employer in dispensing discipline.

Employees who must report to work at some site other than their normal report-in location, which is farther from home than their normal report-in location, shall have any additional travel time counted as hours worked.

Employees who work from their homes, shall have their homes as a report-in location. For all other employees, the report-in location shall be the facility to which they are assigned.

13.07 - Overtime

Employees shall be canvassed quarterly as to whether they would like to be offered overtime opportunities. Employees who wish to be called back for overtime outside of their regular hours shall have a residence telephone and shall provide their phone number to their supervisor.

Insofar as practicable, overtime shall be equitably distributed on a rotating basis by seniority among those who normally perform the work. The parties shall negotiate specific arrangements for implementation of these overtime provisions at the local or Agency level within ninety (90) days of the effective date of this agreement. Such arrangements shall include parameters regarding the distribution of mandatory overtime. Absent mutual agreement to the contrary, overtime rosters will be purged at least every twelve (12) months. Such arrangements shall recognize that in the event the Employer has determined the need for overtime, and if a sufficient number of employees is not secured through the above provisions, the Employer shall have the right to require employee(s) who normally perform(s) the work and who are listed on the lower one-half (1/2) of the seniority roster to perform said overtime. Such mandatory overtime shall be rotated among those employees who are listed on the lower one-half (1/2) of the seniority roster. In the event enough employees are not available, the Employer may require the least senior employee(s) available to work the overtime. Good faith attempts will be made to avoid

the mandation of the same individual(s) consecutively. Assignment of mandated overtime hours is an appropriate topic for each Agency's Health and Safety Committee. The overtime policy shall not apply to overtime work which is specific to a particular employee's claim load or specialized work assignment or when the incumbent is required to finish a work assignment.

The Agency agrees to post and maintain overtime rosters which shall be provided to the steward, within a reasonable time, if so requested. The rosters shall be updated every pay period in which any affected employee earned overtime.

Employees who accept overtime following their regular shift shall be granted a ten (10) minute rest period between the shift and the overtime or as soon as operationally possible. In addition, the Employer will make every reasonable effort to furnish a meal to those employees who work four (4) or more hours of mandatory or emergency overtime and cannot be released from their jobs to obtain a meal.

An employee who is offered but refuses an overtime assignment shall be credited on the roster with the amount of overtime refused. An employee who agrees to work overtime and then fails to report for said overtime shall be credited with double the amount of overtime accepted unless extenuating circumstances arose which prevented him/her from reporting. In such cases, the employee will be credited as if he/she had refused the overtime.

An employee who is transferred or promoted to an area with a different overtime roster shall be credited with his/her aggregate overtime hours.

Except as otherwise established by the Employer an employee's posted regular schedule shall not be established in such a manner to require the Employer to pay overtime. An employee's posted regular schedule shall not be changed solely to avoid the payment of overtime within a single workweek or pay period.

Emergency Overtime

In the event of an emergency as defined in Section 13.15 notwithstanding the terms of this Article, the Agency Head or designee may assign someone to temporarily meet the emergency requirements, regardless of the overtime distribution.

13.08 - Call-Back Pay

Employees who are called to report to work and do report outside their regularly-scheduled shift will be paid a minimum of four (4) hours at the straight time regular rate of pay or actual hours worked (i.e. if actual hours worked exceeds 2.67 hours) at the overtime rate, whichever is greater providing such time does not abut the employee's regular shift. Call-back pay at straight time is excluded from the overtime calculation. Work which is to be performed at the employee's residence shall not be subject to call-back pay, but shall be paid at the applicable regular or overtime rate for the time worked.

An employee called back to take care of an emergency shall not be required to work for the entire four (4) hour period by being assigned non-emergency work.

13.09 - Report Pay

Employees who report to work as scheduled and are then informed that they are not needed will receive their full day's pay at regular rate.

13.10 - Payment for Overtime

All employees, except those in the classifications of Utility Attorney, Utility Attorney Examiner 1 and Utility Attorney Examiner 2, BWC Attorney 1, BWC Attorney 2, [if included in the unit] shall be compensated for overtime work as follows:

1. Hours in an active pay status more than forty (40) hours in any calendar week shall be compensated at the rate of one and one-half (1 1/2) times the employee's total rate of pay for each hour of such time over forty (40) hours;
2. For purposes of this Article, active pay status is defined as the conditions under which an employee is eligible to receive pay and includes, but is not limited to, vacation leave, and personal leave. Sick leave shall not be considered as active pay status for purposes of this Article.

Compensatory Time

The employee may elect to accrue compensatory time off in lieu of cash overtime payment for hours in an active pay status more than forty (40) hours worked in any calendar week. Compensatory time off will be earned on a time and one-half (1 1/2) basis. The maximum accrual of compensatory time shall be two hundred forty (240) hours. When the maximum hours of compensatory time accrual is attained, payment for overtime work shall be made. Compensatory time must be used within two hundred seventy (270) days from when it was earned. Compensatory time not used within two hundred seventy (270) days shall be paid to the employee at the employee's current regular rate of pay. Any employee who has accrued compensatory time off and requests use of this compensatory time shall be permitted to use such time off within a reasonable period after making the

request or, if such use is denied, the compensatory time requested shall be paid to the employee at his/her option to a maximum of eighty (80) hours in any pay period.

Upon termination of employment, an employee shall be paid for unused compensatory time at a rate which is the higher of:

1. The final regular rate received by the employee; or
2. The average regular rate received by the employee during the last three years of employment.

13.11 - Wash-Up Time

Employees whose jobs require it will be permitted a reasonable paid wash-up period before the end of the shift. The Labor-Management Committees may recommend to the Agency those positions which qualify for wash-up time.

13.12 - Stand-By Pay

An employee is entitled to stand-by pay if he/she is required by the Agency in writing to be on stand-by, that is, to be available for possible call to work. If it is not practical to notify an employee in writing regarding stand-by status, the Employer may utilize oral or telephone means. Stand-by status may be canceled by telephone, providing written notice of such cancellation is provided to the employee within forty-eight (48) hours. An employee entitled to stand-by pay shall receive twenty-five percent (25%) of his/her base rate of pay for each hour he/she is in stand-by status. Stand-by time will be excluded from overtime calculation. Stand-By status shall be distinguished from Call-Back status by the following: 1) Direct notice of the requirement, as in the preceding; 2) Employee's off-duty activities are specifically restricted by the Employer; 3) Employee is given a specific period of time during which he/she must respond to any summons from the Employer with the consequence of discipline for failure to respond/report. Once summoned to report, Stand-By pay will continue until the employee reports and actual work is performed, at which time the pay provisions of the Call-Back Section (Section 13.08) will apply and Stand-By pay will cease. An employee required to carry a pager while "on-call" is not in Stand-By status unless specifically notified that he/she is to be on "Stand-By" status.

13.13 - Flextime/Four Day Work Week

Where practical and feasible, hours and schedules for bargaining unit employees may include:

1. Variable starting and ending times;
2. Compressed work week, such as four 10-hour days;
3. Other flexible hour concepts.
4. Schedule adjustments for pre-scheduled medical appointments shall be made only by mutual agreement. It is understood that the Employer's refusal is not grievable.
5. The trading of shifts for pre-scheduled medical appointments shall be by mutual agreement. The refusal of the Employer is not grievable.

13.14 - Shift Rotation, Swing Shifts and Split Shifts

There shall be no rotating shifts in Rehabilitation and Correction. In other agencies with rotating shifts, the Agency Labor-Management Committee shall review the practice and recommend change if desired and operationally feasible.

Where swing shifts currently exist and are necessary to provide coverage for an employee's day off in continuous operations, they shall continue.

There shall be no split shifts for full-time employees.

13.15 - Emergency Leave

Employees directed not to report to work or sent home due to weather conditions or another emergency shall be granted leave with pay at regular rate for their scheduled work hours during the duration of the emergency. Employees required to report to work or required to stay at work during such emergency shall receive pay at time and one-half (1 1/2) for hours worked during the emergency. Any overtime worked during an emergency shall be paid at double time.

An emergency shall be considered to exist when declared by the Employer, for the county, area or facility where an employee lives or works.

For the purpose of this Section, an emergency shall not be considered to be an occurrence which is normal or reasonably foreseeable to the place of employment and/or position description of the employee.

Essential employees shall be required to work during emergencies. Essential employees who do not report as required during an emergency must show cause that they were prevented from reporting because of the emergency.

13.16 - Time Clocks

The Employer shall not add time clocks, unless the Union has been served notice and the agency has engaged in discussions with the Union. During the term of this Agreement, upon request of either party, the parties agree to establish a joint labor-management committee for the purpose of examining the impact of an automated state payroll system upon this Agreement and developing recommendations for the implementation of such a system.

ARTICLE 14 - QUALITY SERVICES THROUGH PARTNERSHIP

14.01- Statement of Principle

The Employer and the Union are mutually committed to continual improvement of quality state provided services through a joint partnership involving union leaders and staff and the bargaining unit members they represent, agency directors and their agency management staff at all levels of their organizations. This partnership of union and management shall be known as the Quality Services through Partnership (QStP). The principles of this Article shall apply in all quality improvement processes utilized in agencies with OCSEA bargaining unit employees. QStP will be jointly developed, implemented and monitored. It is recognized by the parties that QStP is a separate process from the normal collective bargaining and contract administration procedures. The purpose of QStP program will be to establish a quality work culture and environment which allows for a collaboration of management and bargaining unit talents through use of the quality processes and procedures to develop and deliver quality services through union and management teamwork and employee involvement and empowerment. As a result of their mutual commitment to improving quality services, the parties agree that quality outcomes and improvements resulting from QStP will not be used as the basis or rationale for layoffs.

14.02 - Scope of Activities

No QStP or Problem Solving Team will have authority to discuss, change, modify or infringe upon issues which are related to wages, hours and terms and conditions of employment. Whenever a matter covered by a collective bargaining agreement is raised in a QStP Quality Improvement Process Team (QIP) or Problem Solving Process Team (PSP), the matter shall be suspended until the members of the Statewide Steering Committee have expressly agreed to continued involvement by the QIP or PSP Team. The following represent general examples of items or issues which may or may not be worked on by QStP teams:

Off Limit Activities

- Salaries
- Grievances
- Union Contract
- Interpretations
- Benefits
- State Policy and Working Conditions
- Classification
- Discipline
- Working Hours

Acceptable Activities

- Agency Quality Service or Agency Product
- Work Environment Safety
- Reduction in Paperwork
- Savings in Time, Effort or the Handling of Materials
- Improvement in Process, Methods or Systems
- Improvement in Facilities, Tools or Equipment
- Elimination of Waste of Materials and Supplies
- Reductions in Hazards to People or Property

Whenever there is discussion over off-limit activities as stated above, or other matters which are normally reserved to the collective bargaining process, no final decision or action shall be taken except through the grievance or collective bargaining process as agreed to by the parties.

14.03 - Steering Committees

Quality Services through Partnership will be directed by a Joint State Steering Committee composed of an equal number of management appointees and representatives of each of the unions representing State employees which choose to participate. The parties may mutually agree to add members to the committee. Each agency shall also have a Joint Agency Steering Committee. The number and composition of the committee will be determined by consensus of the State Steering Committee membership. Each party shall determine its own representatives to serve on the statewide, agency and other QStP Committees. Time spent on authorized QStP

matters shall be considered time worked. Whenever possible, state and agency steering committee meetings will be held between the hours of 8:00 a.m. - 5:00 p.m., Monday through Friday, and employees will have their regular schedule adjusted to coincide with such meetings.

Steering Committees at each level will have the responsibility for the development of plans and activities for the implementation of principles and processes described in Section 14.01, as well as the review of plans developed by subordinate steering committees and the oversight of QStP activities within their jurisdiction. QStP issues and matters which are not resolved at the steering committee level may be referred to the next higher steering committee level for assistance and advice.

14.04 - Training

Training for all managers, supervisors, employees and union leaders and staff in the concepts, skills and techniques of the QStP processes and procedures will be conducted at the Employer's expense. It is the intent of this agreement that insofar as it is practical, bargaining unit leadership and their exempt counterparts (e.g., local union president and officers and Agency CEO or Director or Assistant Director and Deputies will attend the same training). Whenever possible, the training in QStP matters will be presented by a joint union/management team, members of which will be designated by each party. The training will consist of the training offered or authorized through the State Office of Quality, as authorized by the Joint Steering Committee.

14.05 - Employment Security Assurances

Quality outcomes and improvements resulting from QStP will not be used as the basis or rationale for layoffs. If, as the result of QStP actions or recommendations, classifications are changed or altered, jobs are abolished, or positions eliminated, management shall attempt to find other suitable employment within the employee's office, institution or county, or geographical jurisdiction, in that order for those employees affected; and if necessary, their pay shall be set in accordance with Article 38. Employees shall not be subjected to loss of pay or layoff pending suitable placement under this Section.

ARTICLE 15 - EMPLOYMENT SECURITY

As a product of the joint efforts of the State and OCSEA, the following advisory groups will operate to address matters of mutual concern regarding employment security and/or assistance to dislocated or disabled workers:

A. Joint Statewide Employment Security Committee

The Joint Statewide Employment Security Committee shall continue to function as an oversight committee on the following matters:

1. Providing assistance to dislocated State employees;
2. Exploring alternate employment opportunities within each agency for employees, from that agency or other agencies, who are disabled as a result of performance of their duties.

The Joint State/OCSEA Committee on Employment Security shall consist of not more than five (5) representatives from the Union and not more than five (5) representatives from the State. The committee will meet as needed and members will be released with pay, to include travel time, from their regularly scheduled work hours.

B. Dislocated Worker Programs

To the extent that funding through Rapid Response, or other funding source, is sufficient to support such efforts worker adjustment committees and regional worker adjustment committees shall continue.

1. Worker Adjustment Committees

In the event of an anticipated layoff at a workplace, institution or single agency where the number of employees displaced will exceed fifty (50), the State and OCSEA will jointly establish a Worker Adjustment Committee which will operate consistent with any applicable federal laws. The purpose of this committee will be to develop and implement assistance programs for displaced State employees including, but not limited to, career counseling, resume writing, job search skills development and assistance, job retraining, planning and preparation for employability, especially with other State agencies. The committees shall be composed of an equal number of representatives from the Union and the Employer and members will be released with pay, to include travel time, from their regularly scheduled work hours.

2. Regional Worker Adjustment Committees

The six (6) Regional Worker Adjustment Committees (RWAC) shall continue to function with the goal of assisting those state employees who are displaced and are not covered by a Worker Adjustment Committee as described above, (i.e. the number of employees to be displaced does not reach the threshold of fifty (50) employees in a single agency, work place or institution). The purpose of these committees will be to develop and

implement assistance programs for displaced State employees within the region, including but not limited to, career counseling, resume writing, job search skills development and assistance, job retraining, planning and preparation for employability, especially with other State agencies. Each committee shall be made up of an equal number of representatives from the Union and the Employer and members will be released with pay, to include travel time, from their regularly scheduled work hours.

C. Transitional Work Programs

Each agency may elect to form a joint committee (or to utilize its health and safety committee) to explore alternative employment opportunities within that agency, or other agencies, for employees who are disabled. These committees shall have the authority to discuss only those matters contained in this Article. These committees shall have no authority to amend or negotiate any matter, but may make recommendations regarding such matters. Each committee shall be made up of an equal number of representatives from the Union and the Employer and members will be released with pay, to include travel time, from their regularly scheduled work hours.

ARTICLE 16 - SENIORITY

16.01 - Definitions

"Institutional seniority" - the total seniority credits accrued since the employee's last date of hire or transfer into the specific institution where the employee is currently employed; except that in the Department of Rehabilitation and Correction and the Department of Youth Services transfer of institutional seniority credits into newly activated institutions shall be as follows:

 2. Bargaining unit employees who are transferred after the 30th day from the time the first youth or inmate (other than cadre) arrives shall not be permitted to transfer institution seniority credits.
- C. "Seniority credit" - the total number of pay periods during which an employee held or had a right to return to a bargaining unit position, including periods of absence resulting from suspension, leaves of absence whether paid or unpaid, disability leave, leave for periods of workers' compensation (up to three years), and layoff (for as long as the employee remains on the recall list). Part-time employees experiencing similar periods of absence shall be credited with seniority at a rate determined by the average hours in active pay status during their last six (6) full pay periods.

Except as provided under section 16.02, continuous service will be interrupted only by resignation, discharge for just cause, disability separation, failure to return from a leave of absence or failure to respond to a recall from layoff. An employee who resigns to take a position with another State agency, board or commission in a higher, same, or lower pay range and is hired within sixty (60) days has not experienced a break in seniority and service credits during the sixty (60) days.

Each full-time employee shall be credited with one seniority credit for each pay period of continuous service. Part-time and fixed-term seasonal employees will be credited with .0125 seniority credit for each non-premium hour of compensation in each pay period not to exceed one (1) seniority credit in a pay period. Service credit shall be computed in years and days as is the past practice and shall be credited for all periods for which "seniority credits" are granted.

16.02 - Exceptions

A. Return from disability separation/disability retirement

An employee who makes application for reinstatement within three years from the date of disability separation or five years from the date of disability retirement and is properly reinstated shall receive seniority credits and service credits for the period of disability separation/or disability retirement.

B. Non-bargaining unit service

Except for classifications subsequently accreted to a bargaining unit covered by this Agreement, time spent in a non-unit position subsequent to July 1, 1986, other than temporary working level assignments and assignments to interim positions, by employees who were not covered by this agreement on January 1, 1992, shall not be included in the determination of seniority credits but shall be counted for service credits. For employees covered by the Agreement on January 1, 1992, time spent in a non-unit position subsequent to January 1, 1992 - other than classifications subsequently accreted to a bargaining unit covered by this Agreement, temporary working level

assignments and assignments to interim positions - shall not be included in the determination of seniority credits but shall be counted for service credits.

C. Initial Probationary Period

An employee in an initial probationary period shall have no seniority until completion of his/her probationary period. Upon the completion of said probation, the employee will acquire seniority from his/her original date of hire. An employee who has a continuous period of temporary, interim, intermittent or seasonal employment prior to receiving a permanent appointment shall acquire seniority for such time only if that permanent appointment occurred prior to July 1, 1989.

16.03 - Ties

Ties in State seniority shall be broken in the descending numeric order of the last four digits of the employee's social security number. The highest number will be 9999 and the lowest will be 0000. Any remaining ties will be broken by lot. Ties in Institutional seniority shall be broken in the order of State seniority.

Where the relative ranking of seniority has been previously established by the time stamped on the employee Personnel Action by the Department of Administrative Services and then by comparison of the last four digits of the employee's social security number, such relative ranking shall not be changed.

16.04 - Seniority Rosters

Quarterly, the Employer shall prepare a roster of all bargaining unit employees in an institution, geographic jurisdiction or agency as appropriate. The roster will list employees in descending order of State seniority credits and will contain each employee's name, State seniority credits, and Institutional seniority credits if applicable. Seniority rosters will be provided to the chapter president or assembly president and posted in the work areas of affected employees. Each employee's individual employee seniority credits will be displayed on the employee's earnings statement.

16.05 - Conversion

The following principles and procedures shall apply to the conversion from a date-based seniority system to a system based upon seniority credits:

- A. Principles, methods or understandings used to determine seniority standing or to resolve disputes over relative seniority ranking under prior agreements will not be altered by the provisions of this Agreement. That is, if a seniority dispute has previously been raised and resolved, the prior resolution of that matter will stand.
- B. Effective September 1, 1994, seniority credits shall replace seniority dates as the basis for determining relative seniority standing or seniority rights under this Agreement.
- C. In the event that non-bargaining unit employees enter the bargaining unit, the Union shall have the opportunity to contact OCB to review and verify those employees' seniority credits. This review is to be initiated within six (6) pay periods of the pay period in which the Union is notified of the personnel action.

ARTICLE 17 - PROMOTIONS, TRANSFERS, DEMOTIONS AND RELOCATIONS

17.01 - Policy

The Employer retains the right to determine which vacancies to fill by either 1) permanent transfer pursuant to 17.07, or 2) promotion, transfer or demotion. The determination of an excess is a management right per Article 5 and is non-grievable and shall not be used to dispute the rationale for job abolishments and/or layoffs in Article 18.

The Employer retains the right to move an employee within the same facility and change the employee's job duties provided that the job duties fall within the employee's current classification specification.

The Employer has the right to move employees and positions through permanent relocations pursuant to Section 17.08.

17.02 - Definitions

- A. "Permanent transfer" "is the movement of an employee in the same classification, to a posted vacancy within the same agency from either one county to another or from one institution to another.
- B. "Promotion" is the movement of an employee to a posted vacancy in a classification with a higher pay range within the same agency. A higher pay range is defined as a pay range in which the first step or the last step has a higher pay rate than the first or last step of the pay range to which the employee is currently assigned.
- C. "Permanent relocation" is the movement of an employee and his/her position to another location within the same headquarters county. Relocations do not constitute the filling of a vacancy.
- D. "Headquarters county" is the county in which the employee is employed.

- E. "Vacancy is an opening in a permanent full-time or permanent part-time position within a specified bargaining unit covered by this Agreement which the agency determines to fill and does not include those positions identified through mutual agreement between the Union and the Agency as being subject to reorganization, changes in appointment category (type), or a movement that constitutes a demotion. Vacancies shall be filled by adhering to the following processes in the order set forth:
1. Permanent transfer as set forth in Section 17.07;
 2. Bumping or displacement as set forth in Article 18;
 3. Recall as set forth in Article 18;
 4. Reemployment as set forth in Section 18.13;
 5. Cross geographical jurisdiction bidding as set forth in Section 18.12;
 6. Promotion as set forth in Article 17;
 7. Lateral transfer as set forth in Article 17 and;
 8. Demotions as set forth in Article 17.
- F. "Lateral transfer" is defined as an employee-requested movement to a posted vacancy within the same agency which is in the same pay range as the classification the employee currently holds.
- G. "Demotion" is defined as the movement of an employee to a position in a classification with a lower pay range within the same agency. A lower pay range is defined as a pay range in which the first or last step has a lower rate of pay than the first or last step of the pay range to which the employee is currently assigned.
- H. "Inter-Agency Transfer" is defined as an employee-requested movement to a posted vacancy in a different agency. Should the employee be selected for an inter-agency transfer to a position with a higher pay range than that currently held by the employee, the employee shall be placed in the step to guarantee an increase of approximately four percent (4%). Should the employee be selected for an inter-agency transfer to a position in the same pay range currently held by the employee, the employee shall be placed in the same step of the pay range. Should the employee be selected for an inter-agency transfer to a position in a lower pay range than that currently held by the employee, the employee shall be placed in the step closest to but not to exceed the step currently held by the employee. Nothing in this section precludes the Employer from utilizing an advance step placement at its discretion.

17.03 - Posting

All vacancies within the bargaining units that the Agency intends to fill shall be posted in a conspicuous manner throughout the region, district or state as defined in Appendix J. In cases of vacancies that are to be filled by permanent transfer(s), the vacancies shall be posted only in areas of declared excess. The agencies shall declare on the vacancy posting its intent to fill by 1) permanent transfer or 2) by promotion, transfer or demotion. Further, vacancy notices will list the deadline for application, pay range, class title and shift where applicable, the knowledge, abilities, skills, and duties as specified by the position description. Vacancy notices shall be posted for at least ten (10) days. Posted vacancies shall not be withdrawn to circumvent the Agreement.

The Employer will cooperate with the Union to make job vacancies known beyond the required areas of posting. Application processes shall not be changed without mutual agreement.

17.04 – Applications

Employees may file timely applications for permanent transfers, promotions, lateral transfers or demotions. Upon receipt of all bids the Agency shall divide them as follows:

For the vacancies that the Employer intends to fill by promotion the applications shall be divided as follows:

1. All employees in the office (or offices if there is more than one office in the county), "institution" or county where the vacancy is located, who possess and are proficient in the minimum qualifications contained in the classification specification and the position description.
2. All employees within the geographic district of the Agency (see Appendix J) where the vacancy is located, who presently hold a position in the same, similar or related class series (see Appendix I), and who possess and are proficient in the minimum qualifications contained in the classification specification and the position description.
3. All other employees within the geographic district of the Agency (see Appendix J) where the vacancy is located, who possess and are proficient in the minimum qualifications contained in the classification specification and the position description.
4. All other employees of the Agency.
5. All other employees of the State (Inter-Agency Transfer).

ODOT positions designated as district-wide positions shall be reviewed pursuant to (2) and (3) above.

Employees serving either in an initial probationary period, trial period or promotional probationary period, shall not be permitted to bid on job vacancies.

An employee shall be permitted to bid on a job vacancy while receiving disability leave benefits, but shall not be eligible to fill the vacancy unless the date for the employee's return to duty is prior to or coincides with the date the job is to be filled.

17.05 – Selection

If the position is in a classification which is assigned to pay ranges one (1) through seven (7) and pay ranges twenty-three (23) through twenty-seven (27), the job shall be awarded to the qualified employee with the most State seniority unless the Agency can show that a junior employee is demonstrably superior to the senior employee. As permitted by law, affirmative action shall be a valid criterion for determining demonstrably superior.

If the position is in a classification which is assigned to pay ranges eight (8) through twelve (12) or twenty-eight (28) or higher, the job shall be awarded to an eligible bargaining unit employee on the basis of qualifications, experience and education. When these factors are substantially equal, State seniority shall be the determining factor.

Interviews may be scheduled at the discretion of the Agency. Such interviews may cease when an applicant is selected for the position.

A.1. The Agency shall first review the bids of the applicants from within the office, county or "institution."

2. If no selection is made in accordance with the above, then the Agency will first consider those employees filing bids under Sections 17.04(A)(2) and 17.04(A)(3). Employees bidding under Sections 17.04(A)(3) shall have grievance rights through Step Four (4) to grieve non-selection. Employees bidding under Sections 17.04(A)(4) or (A)(5) shall have no rights to grieve non-selection.

3. If a vacancy is not filled as a promotion pursuant to Sections 17.04 and 17.05, bids for a lateral transfer shall be considered. Consideration of lateral transfers shall be pursuant to the criteria set forth herein. The Agency shall consider requests for lateral transfers before considering external applications. Denial of such lateral transfer request(s) are grievable. The successful applicant shall possess and be proficient in the minimum qualifications of the position description and the classification specification. If there are multiple applicants, the selection will be made from the most senior applicant that meets minimum qualifications as stated above.

4. If a vacancy is not filled as a promotion pursuant to Sections 17.04 and 17.05 or by lateral transfer, bids for demotions shall be considered. Denial of such demotion requests are grievable.

B. In institutions lateral transfers shall be accomplished as follows:

1. No more than ten percent (10%) of the bargaining unit employees in an institution, as determined by the table of organization, may make lateral transfers out of that institution in a calendar year.

2. The number of bargaining unit vacancies in an institution during the previous calendar year shall be determined in the first week of January of each year. Ten percent (10%) of that number shall be determined by rounding up, and that number plus ten percent (10%) of any new vacant positions added to the Table of Organization, shall be used to determine the maximum number of vacancies that the institution shall be required to accept by lateral transfer during the ensuing year.

3. In the Department of Rehabilitation and Correction during the first twelve (12) months of operation, each newly activated institution will be required to fill the first twenty-five percent (25%) of their posted vacancies through lateral transfers from other institutions. (Additional vacancies may be filled by lateral transfers at management's discretion.) Thereafter, such institution shall accept lateral transfers in the same manner as all other institutions.

4. This Section shall not modify work areas or the application of pick-a-post agreements.

17.06 – Proficiency Instruments

The Employer may use proficiency testing to determine if an applicant meets minimum qualifications. Proficiency testing shall be used only to determine whether or not a candidate meets the minimum qualifications of the classification specification or position description and shall not be used for purpose of determining relative skills and ability.

17.07 - Permanent Transfers

A. When it is determined by the Employer that a vacancy exists in a classification for which there are excessive employees located in an institution or in counties other than the headquarters county of the vacant position, then the permanent transfer vacancy posting process may be utilized. In this case, only employees in the same classification as the posted vacancy located in the declared areas of excess shall be eligible to apply for the vacancy. Applications shall be listed according to those in the same classification who possess and are

proficient in the minimum qualifications of the classification specification and position description of the posted position in descending order of the most senior to the least senior. The applicant who possesses and is proficient in the minimum qualifications of the classification specification and position description and has the most seniority shall be selected.

- B. The successful applicant(s) for all permanent transfers shall serve a trial period equivalent to one half (1/2) the probationary period that corresponds to the classification of the vacancy as listed in Section 6.01. During this trial period, the Employer maintains the right to place the employee back in the previous site prior to the transfer if the employee fails to perform the job requirement of the new position to the Employer's satisfaction.
- C. Each agency will identify the areas deemed to be in excess and will notify the Union of excesses as soon as practicable. Notices to the Union of a layoff or job abolishment shall be considered adequate notice of an excess.

Each agency, with the Office of Collective Bargaining's approval, may negotiate with the Union to establish a procedure for the permanent transfer of positions and personnel.

17.08 - Permanent Relocation

Permanent relocations do not apply where there are pick-a-post and/or work area agreements.

Due to shifts and changes in operational need, scope, and/or mission of an agency, the Employer maintains the right to permanently relocate an employee and his/her position to another location within the same headquarters county.

Permanent relocations shall function as follows:

- A. The agency shall canvass the areas of excess for volunteers to move to the area of need. This canvass shall be accomplished by a posting of the relocation opportunity for three (3) workdays.
- B. The agency shall relocate the volunteer that possesses and is proficient in the minimum qualifications and has the most seniority.
- C. If there are no volunteers in the area(s), the agency may relocate the employee with the least seniority who possesses and is proficient in the minimum qualifications of the classification specification in the position description, to the area of need.
- D. In cases of involuntary relocation, the employee has a preferential right to return to the previous job site from which he/she was relocated for up to one year, provided that there is a need or a posted vacancy in the same classification as the relocated employee.
- E. The permanently relocated employee shall only be relocated to perform duties appropriate to the same classification which he/she holds. Such relocation(s) do not constitute the creation or filling of a vacancy pursuant to Section 17.02.

Each agency, with the Office of Collective Bargaining's approval, may negotiate with the Union to establish a procedure for the relocation of positions and personnel.

17.09 - Nepotism

No employee shall be directly supervised by a member of his/her immediate family. "Immediate family" is defined for the purposes of this Section to include: spouse or significant other ("significant other" as used in this Agreement is defined to mean one who stands in place of a spouse and who resides with the employee), child, step-child, grandchild, parent, step-parent, grandparent, great-grandparent, brother, sister, step-sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, or legal guardian or other person who stands in the place of a parent.

17.10 - ODOT Temporary Work Assignment

Nothing herein will circumvent provisions of the 1250 hour temporary work assignment referenced in paragraph D of the ODOT Agency Specific Agreement.

ARTICLE 18 – LAYOFFS

18.01 - Layoffs

Layoffs of employees covered by this Agreement shall be made pursuant to ORC 124.321-.327 and Administrative Rule 123:1-41-01 through 22, except for the modifications enumerated in this Article.

18.02 - Guidelines

Retention points shall not be considered or utilized in layoffs. Performance evaluations shall not be a factor in layoffs. Layoffs shall be on the basis of inverse order of state seniority. After the formal notice of layoff has

been issued, an employee may volunteer to accept a layoff up until two weeks prior to the effective date of the layoff.

If the affected employee is not qualified to perform the duties of the least senior person, the employee will be able to displace the next least senior person to a position he/she is qualified to perform.

An employee shall not be required to accept a position with a lesser appointment type until the employee has had the opportunity to exercise displacement rights pursuant to 18.04. This does not prevent an employee in a part-time appointment category from bumping an employee in a full-time category.

For purposes of this Article “classification series” is defined as those classifications with the same first four digits of the classification series number.

At any time, an employee can choose to accept a vacancy in lieu of bumping. Employees must exhaust all available bump options in their appointment type including vacancies before they are eligible to displace in the agency geographic jurisdiction.

18.03 - Implementation of Layoff Procedure

The Employer shall conduct a “paper layoff” except where agencies are funded by multiple funding sources where a reduction in a funding source requires the agency to reduce positions immediately. In such situations, the Employer may implement the first round of reductions without conducting a “paper layoff”. In this instance, where the resulting bumping requires a second round of layoffs, the Employer will then conduct a “paper layoff”.

The agency shall submit notice of a layoff to the Union no later than the time at which the agency submits its rationale to DAS/Division of Personnel. The Union shall be provided an opportunity to discuss the layoff with the Employer prior to the date of the “paper layoff”.

Paper Layoff

The Employer shall execute a layoff by identifying a time period when all potentially affected employees can exercise their order of displacement before implementation of the “paper layoff”. All affected employees shall exercise their order of displacement in writing so that once the “paper layoff” is implemented, employees shall assume their new positions or be placed on the recall list.

The parties agree to establish an operations area that can be used to coordinate the layoff and related personnel transactions during the time period when employee assignments will be confirmed. This operations area will include necessary management and the union representatives. OCSEA staff representatives may also be in attendance.

This procedure shall provide for the following:

- A. The Employer and the Union will share all information about the order of displacement and will make all reasonable efforts to assure that each employee receives this notice and returns the order of displacement form.
- B. All potentially affected employees will be given and will complete an Order of Displacement Form that identifies potential options. Employees will be given five (5) working days to return the form. Copies of the form will be sent by the Employer to the Union.
- C. All operations areas will have a specific schedule that will be made known to all representatives and employees.
- D. All employees will be advised that they will receive written notice of their final status when the displacement process is completed.
- E. If an employee has not completed the Order of Displacement Form and cannot be reached within fifteen (15) minutes, a union designee will make a selection on the employee's behalf. The selection shall be based on the criterion set forth in this Article. This choice will be final.
- F. At the time the Order of Displacement Form is given to affected employees, the appropriate seniority list in regards to Appendix J shall be made available to the employees for review when completing the Order of Displacement Form.

18.04 - Bumping in the Same Office, Institution or County

The affected employee may bump the least senior employee in an equal or lower position in the same, similar or related class series within the same office, institution or county (see Appendix I). Displacement shall occur in the following manner:

- A. Bump the person with the least state seniority in the same classification title.
- B. Bump the person with the least state seniority in a classification in the same or equal pay range.
- C. Bump the person with the least state seniority in the next lower classification title in the classification series from which they were displaced.

D. Bump the person with the least state seniority in a classification in the same or equal pay range of the classification title used in Section 18.04(C), in descending order.

If there are no agency specific or local agreements to the contrary, employees covered by work area agreements will be reconvened.

18.05 - Bumping in the Agency Geographic Jurisdiction

If the affected employee is unable to bump within the office, institution or county, then the affected employee may bump the least senior employee in an equal or lower position in the same, similar or related classification series (see Appendix I) and within the appropriate geographic jurisdiction of their Agency (see Appendix J) in accordance with 18.04, except that the manner of bumping is modified as follows:

- A. Affected employees will be asked to prioritize the choices pursuant to Appendix J where bumping options may be available.
- B. Once the affected employee identifies their priorities per Appendix J, the employee shall bump into a vacancy in the same classification. If no vacancy is available, then the order of bumping identified in 18.04 shall be followed.

18.06 - Previously Held Classifications

If the affected employee has exhausted all of his/her bumping rights as set forth in Sections 18.04 and 18.05, then the affected employee shall have the option to bump the least senior employee in the classification, within the geographic jurisdiction as defined by Appendix J, which the affected employee had most recently held within the five (5) year period in the chronological order that other classifications were previously held.

18.07 - Bumping Outside the Unit

- A. Bargaining unit employees shall first exhaust all bumping rights under Sections 18.04, 18.05 and 18.06. If no bumps are available, they may bump outside the bargaining unit into exempt classifications with lesser appointment category (type) according to the order of layoff provisions found in the Revised Code and Administrative Code and incorporated by reference into this Article.

Bargaining Unit employees who bump exempt positions in lesser appointment categories (types) that are outside the bargaining unit shall be given the maximum retention points available for their performance evaluations. This award of retention points is to be done under the Code provisions that state if a performance evaluation is not completed, the employee receives the maximum points available [123:1-41-09(B)(3)]. The remainder of the employee's retention points shall be calculated according to the Code provisions. (See 123:1-41-09)

- B. Once bargaining unit employees bump an exempt position outside the bargaining unit, subsequent displacements shall occur according to the appropriate provisions of the Revised Code and the Administrative Code, and the bargaining unit employees shall have no further rights except those rights set forth in Sections 18.11, 18.12 and 18.13.

18.08 - Limits

There shall be no inter-agency bumping. There shall be no inter-unit bumping except in those cases allowed by current administrative rule or where a class series overlaps more than one unit.

18.09 - Geographic Divisions

The jurisdictional layoff areas shall not be utilized. Instead, the geographic divisions of each agency shall be used (see Appendix J).

18.10 - Classification Groupings

For the purposes of this Article, Appendix I shall be changed as follows: In Unit 4 groupings 3 and 4 shall be combined.

18.11 - Recall

When it is determined by the Agency to fill a vacancy or to recall employees in a classification where the layoff occurred, the following procedure shall be adhered to:

The laid-off employee with the most state seniority from the same, similar or related classification series for whom the position does not constitute a promotion as defined in Article 17, and who prior to his/her layoff, held a classification which carried with it the same or higher pay range as the vacancy, shall be recalled first (see Appendix I). All employees who are laid-off or displaced out of their classification shall be placed on the recall list by the effective date of their layoff. An employee shall be recalled to a position provided the affected employee is qualified to perform the duties. Any employee recalled under this Article shall not serve a new probationary period, except for any employee laid off who was serving an original or promotional probationary period which shall be completed. Employees shall have recall rights for a period of twenty-four (24) months.

Notification of recall shall be by certified mail to the employee's last known address or hand delivered to the employee with proof of receipt. Employees shall maintain a current address on file with the Agency. Recall rights shall be within the Agency and within recall jurisdictions as outlined in Appendix J. If the employee fails to notify the Agency of his/her intent to report to work within seven (7) days of receipt of the notice of recall, he/she shall forfeit recall rights. Likewise, if the recalled employee does not actually return to work within thirty (30) days, recall rights shall be forfeited.

Any employee accepting or declining recall to the same, similar or related classification series and the same appointment category (type) from which the employee was laid-off or displaced shall be removed from the recall and reemployment list if recalled to his/her original classification and appointment category (type). Except that any employee declining recall to a different appointment category (type) than that from which he/she was laid-off or displaced shall be removed from the recall list for that appointment category (type).

18.12 - Bidding Rights for Employees on Layoff

Notwithstanding the provisions of Article 17 and the other provisions of this Article a laid-off employee may submit an application for any posted vacancy outside of his/her geographic area or for any posted vacancy in the same office, institution or county from which the employee was bumped, in the same, similar or related classification series from which he/she was laid-off or displaced. However, this opportunity is limited to lateral transfer and demotion. This opportunity shall be offered only in the agency from which the employee was laid-off. Applications from such laid-off employees shall be sorted and considered before any other applications pursuant to the provisions of Article 17. Among such employees submitting applications who meet the minimum qualifications as stated in the Position Description and Classification Specification the most senior applicant shall be awarded the vacancy. A laid-off employee who is offered a position and declines shall not be automatically awarded other positions for which he/she applies in the classification from which he/she was laid-off.

18.13 - Reemployment

If the vacancy is not filled pursuant to Section 18.14, then the Employer must offer reemployment rights to the classification from which an employee was laid-off or displaced provided the employee is qualified to perform the duties. Such rights shall be for twenty-four (24) months.

Any employee accepting or declining reemployment to the same classification and same appointment category (type) from which the employee was laid-off or displaced shall be removed from the recall and reemployment list if reemployed to his/her original classification and appointment category (type). Except that any employee declining reemployment to a different appointment category (type) than that from which he/she was laid-off or displaced shall be removed from the recall list for that appointment category (type).

Reemployment rights shall not exist for employees assigned to holding classifications as a result of the deletion of a classification from the classification plan.

Employees who were assigned to a holding classification because they were not performing duties consistent with their classification at the time of the Classification Modernization Study and whose classification held prior to the Classification Modernization Study still exists, will have reemployment rights to the last classification held prior to assignment to the holding classification.

Employees whose classification prior to the Classification Modernization Study was retitled or allocated to a new classification will also have reemployment rights to the retitled classification or to the classification to which their former classification was allocated.

18.14 - Placement

Notwithstanding any other provisions of Article 17, the Union and the agency or agencies may agree, in writing, to place an employee to be laid off in an existing vacancy which may not be otherwise available. Such agreement shall take precedence over any other Section/Article of this Agreement. However, such placement shall not result in the promotion of the affected employee. All employees placed into existing vacancies under this Section shall retain recall and reemployment rights pursuant to the provisions of this Article.

18.15 - Service Credits

An employee who is laid off and reemployed, i.e., not recalled by any State agency but is hired by any State agency within twenty-four (24) months, shall continue to earn service credits while on layoff.

18.16 - Inter-Agency Merger

The State agrees that the Union shall be included in discussions of inter-agency mergers. The Union will have a role in discussing bargaining unit members' continued employment and other affects on their membership. This paragraph shall not constitute a waiver of any rights.

18.17 – Alternate Procedures

Each Agency, with the Office of Collective Bargaining’s approval, may negotiate with the Union to establish procedures for moving positions and personnel in lieu of the procedures in the Article.

18.18 – Layoff Committee

The parties shall each appoint four (4) members to a committee to review, discuss, and examine the layoff process and offer solutions to unforeseen problems that might arise from the application of this Article. The committee shall meet as often as mutually determined that there is a need.

18.19 – Notice to Other Agencies

The State and the Union have a joint interest in providing job security, where possible, to State of Ohio employees. To that end, the agencies will provide information regarding their current vacancies to the Department of Administrative Services (“DAS”). This information may be provided on an on-going basis through access to a web-site listing or by other electronic or written means.

At the time an agency submits a rationale to implement a layoff, abolishment or closing, a list of affected employees and their classification and headquarters county will be made available to DAS. This list will be provided to all agencies that utilize the affected classifications. DAS will also provide to the Union, the affected agencies, and the Statewide Employment Security Committee (Article 15) access to the vacancies identified by the Departments prior to the effective date of the layoff.

Agencies and institutions receiving notice of available job vacancies shall make the information regarding the vacancies available to the employees being laid off.

Any mistakes or omissions regarding this notice provision contained in Section 18.19 are not grievable.

ARTICLE 19 - WORKING OUT OF CLASS

19.01 - Position Descriptions

New employees shall be provided a copy of their position descriptions. When position descriptions are changed, employees shall be furnished a copy. Any employee may request a copy of his/her current position description and classification specification.

19.02 - Grievance Steps

Step One (1) - Filing the Grievance With the Agency Director or Designee

If an employee or the Union believes that he/she has been assigned duties not within his/her current classification, the employee or the Union may file a grievance with the Agency Director or designee. The Agency Director or designee shall investigate and issue a decision after review and approval by the Office of Collective Bargaining, within thirty-five (35) calendar days. A copy of the Director's or designee's decision and a legible copy of the grievance form shall be provided to the grievant and OCSEA Central Office. If the parties mutually agree, a meeting to attempt to resolve the grievance may be held at the grievant's work site prior to the issuance of the decision of the Director or designee. A request by the Office of Collective Bargaining to discuss the resolution of the grievance shall not extend the twenty (20) day period within which the Union has a right to appeal the matter to arbitration under Step Two (2). If the Director or designee determines that the employee is performing duties which meet the classification concept and which constitute a substantial portion of the duties (i.e., 20% or more of the employee's time if to a higher classification or 80% of the employee's time if to a lower classification) specified in another classification specification, the Director shall order the immediate discontinuance of the inappropriate duties being performed by the employee, unless the parties agree to the reclassification of the person and position pursuant to the provisions of this Article. If the duties are determined to be those contained in a classification with a lower pay range than the employee's current classification, no monetary award will be issued.

If the duties are determined to be those contained in a classification with a higher pay range than that of the employee's current classification, the Director or designee shall issue an award of monetary relief, provided that the employee has performed the duties as previously specified for a period of four (4) or more working days. The amount of the monetary award shall be the difference between the employee's regular hourly rate of pay, and the hourly rate of pay at the applicable step of the higher pay range for the new classification. The applicable step shall be the step in the higher pay range which is approximately four percent (4%) higher than the current step rate of the employee. If a step does not exist in the higher pay range that guarantees the employee approximately a four percent (4%) increase, the employee will be placed in the last step of the higher pay range. The placement into the last step does not necessarily guarantee a four percent (4%) increase. If the higher level duties are of a permanent nature as agreed to by the Union and the Employer, the employee shall be reclassified to the higher classification.

If the duties are determined to be those contained in a classification with a lower pay range eighty percent (80%) or more of the time than that of the employee's current classification: 1.) the Director or designee shall issue an award to cease the assignment of the lower level duties, and take appropriate action to assign duties consistent with the employee's current classification; or 2.) the parties mutually agree to reclassify the employee to the lower level classification, the employee may be reassigned to the appropriate classification; or 3.) if the duties cannot be assigned by the Employer, other actions, as appropriate, may be initiated under this Agreement. Management shall discuss options with the Union.

In no event shall the monetary award be retroactive to a date earlier than four (4) working days prior to the date of the filing of the original grievance. The date of the filing of the grievance shall be determined by the postmark or other evidence of delivery, whichever is earlier, to the agency.

Step Two (2) - Appeal to Arbitration

Grievances which have not been settled under the foregoing procedure may be appealed to arbitration by the Union by providing a written appeal and a legible copy of the Working Out of Class grievance form to the Deputy Director of the Office of Collective Bargaining within twenty (20) days of the Step One (1) answer or the date such answer was due. If the Employer fails to issue the answer and legible copy of the grievance form to the Central Office, the Union may appeal the grievance to arbitration at such time as it discovers such failure to timely answer, but not more than one-hundred twenty (120) days from the original filing of the grievance.

The parties shall schedule an arbitrator to determine if an employee was performing the duties which meet the classification concept and consist of a substantial portion of the duties (i.e., 20% or more of the employee's time if to a higher classification or 80% of the employee's time if to a lower classification) as specified in the classification specification other than the one to which the employee is currently assigned and for what period of time.

Present at the hearing shall be a union representative, the grievant or the employee whose duties are being challenged, and a management representative and agency designee who will present their arguments to the arbitrator. The employee's position description will be admitted into evidence at the hearing. If the Union disagrees with the accuracy of the position description, it may file objections with the Management advocate accompanied by its version of what actual duties were performed at least two (2) days in advance of the arbitration hearing. The objections filed by the Union will be admitted into evidence. The arbitrator will issue a binding bench decision at the conclusion of the hearing, which will identify if the employee was working out of classification and for what period of time. If the arbitrator determines that the employee is performing duties in a classification which carries a higher pay range than the employee's current classification, the arbitrator shall order the Employer to immediately discontinue such assigned duties. If the arbitrator determines the duties of the position to be of a lower classification, the arbitrator shall order the Employer to immediately discontinue such assigned duties. The arbitrator's decision concerning a lower classification is restricted to determining whether duties are performed for a substantial portion of time. Only when the employee is performing duties inconsistent with the employee's original classification assignment more than 80% of the employee's time will a determination be made to instruct the Employer to discontinue the assigned duties.

The determination of a monetary award shall be in accordance with Section 19.02 Step One (1) above. However, if the Union and the Office of Collective Bargaining agree that the higher level duties are of a permanent nature and that the situation is otherwise in compliance with the provisions of this Article, they may mutually agree to reclassify the employee to the higher level classification. Likewise, the parties mutually agree to reclassify the employee to a lower classification.

The remedy ordered at any step of the grievance procedure, including a monetary award, shall be in accordance with Section 19.02 - Step One (1), above.

The expenses of the arbitrator shall be borne equally by the parties.

19.03 - Holding Classes

Grievances may be filed and processed pursuant to this Article with respect to those alleged duties performed by an individual in a holding classification which are contained in a classification which carries a higher pay range than the employee's current classification. The documents for comparison by the arbitrator shall be:

- A. The employee's current position description;
- B. The classification specification in effect at the time of the appeal, which is the non-holding equivalent to the employee's current classification; and
- C. Current classification specification containing the duties the employee or Union alleges are those of the higher classification.

At no time will an employee in a holding classification suffer a loss of their rights and benefits under this Agreement.

The remedy ordered at any step of the grievance, including a monetary award, shall be in accordance with Section 19.02 - Step One (1) above.

19.04 - No Pre-positioning

Article 19 shall not be used to pre-position employees. The parties recognize that some jobs change over time. Normal changes in job duties are not to be considered pre-positioning.

ARTICLE 20 – BENEFITS

 - (c) Termination or commencement of employment by the employee, spouse or dependent, in which case coverage becomes effective the first day of the month following the month of application.
 - (d) Reduction or increase in hours of employment by the employee (including layoff or reinstatement from layoff), spouse, or dependent, including a switch between part-time and full-time, strike, lockout, or commencement, return to work from an unpaid absence, or change in work site in which case coverage becomes effective the first day of the month following the month of application.
 - (e) Return to work through order of arbitration or settlement of a grievance, or any administrative body with authority to order the return to work of an employee.
 - (f) The employee's dependent satisfies or fails to satisfy the requirement of the definition of dependent due to attainment of age, student status or any similar circumstance as provided in the Health Plan under which the employee receives coverage.
 - (g) If the plan receives a Qualified Medical Child Support Order (QMED) pertaining to an employee's dependent, the employee may elect to add or drop the child to the plan depending upon the requirement of the QMED.
 - (h) If an employee, spouse, or dependent who is enrolled in a health plan becomes entitled to coverage (i.e. enrolled) under Part A or Part B of Title XVIII of the Social Security Act (Medicare) or Title XIX of the Social Security Act (Medicaid), other than coverage consisting solely of benefits under section 1928 of the Social Security Act (the program for distribution of pediatric vaccines).
 - (i) If an employee, spouse, or dependent is no longer entitled to coverage (i.e. enrolled) under Part A or Part B of Title XVIII of the Social Security Act (Medicare) or Title XIX of the Social Security Act (Medicaid), other than coverage consisting solely of benefits under section 1928 of the Social Security Act (the program for distribution of pediatric vaccines).

Requests for changes pursuant to sections (a) through (i) must be supported by proper documentation.

2. An employee may change health plans if the employee either no longer resides or no longer works in the service area of the employee's current health plan.

The Employer shall make all reasonable efforts to ensure that open enrollment fairs are held during open enrollment, that such open enrollment fairs are well-publicized and subject to the scheduling needs of the Employer, to facilitate employee attendance at these health fairs.

If more than twelve months pass without an open enrollment period, the Employer shall provide an opportunity for State employees to add dependents, or for those employees without health plan coverage to choose health plan coverage. The JHCC and/or appropriate sub-committee shall be consulted in the development of plans for such opportunities.

C. Eligibility

All permanent full-time and part-time employees, including established term regular and established term irregular employees, shall be eligible for health benefits as well as for the benefits provided by the Union Benefits Trust. For new employees, coverage for health care benefits as provided in this Article becomes effective on the first day of the month following the month in which the health care enrollment form is signed and submitted by the employee. Changes made during open enrollment will become effective on the first day of the new benefit period.

The following dependents are eligible for coverage:

- (1) The employee's current legal spouse;
- (2)
 - (a) The employee's unmarried children until the end of the month in which they reach 19 (including legally adopted children, children for whom the employee has been appointed legal guardian, and dependent stepchildren and foster children who normally reside with the employee);

- (4) Unmarried children of any age who are incapable of self-support due to mental retardation, severe mental illness or a physical handicap, whose disability began before age 23 and who are principally dependent on the employee. When there is an unsuccessful attempt at independent living, a child covered pursuant to this provision will be re-enrolled for coverage, provided application is made within five (5) years following the loss of coverage.
- (5) Dependent children placed for adoption in an employee's home shall be eligible for coverage under the same conditions as children born to an employee or the spouse of the employee, whether or not the adoption has become final.

When both spouses in a family are employed by the State, each may elect single coverage, or one may elect family coverage provided that the spouse who elects single coverage may not be listed as a dependent under the family coverage. A child who is eligible as an employee of the State is not also eligible as the dependent of a parent who is also a state employee.

D. COBRA

If an employee terminates his/her employment or separates from State service (other than for gross misconduct), the Employer will notify the employee of their right to choose to continue his/her health plan under the federally mandated COBRA program. Health plans shall make available conversion to an individual medical policy.

20.02 - Joint Health Care Committee

A. Membership and Purpose

The Employer agrees to retain the Joint Health Care Committee (JHCC), which shall include the labor co-chair and five (5) representatives from OCSEA/ AFSCME and one (1) each from the four remaining unions which have the largest number of State employee bargaining unit members and a like number of management representatives. Representatives from other unions may be added as non-voting members by mutual agreement of the labor and management co-chairs.

Employer, and the labor co-chair shall be designated by the Executive Director, OCSEA. The Director may request a meeting with the co-chairs at any time to explain or discuss any recommendation.

The co-chairs may jointly request the Director of DAS to provide that the costs of JHCC member attendance at conferences, seminars, or other educational opportunities (including reasonable travel, hotel and meals) be paid for JHCC members to attend events which the co-chairs mutually agree will assist in the discharge of JHCC responsibilities under this Article. Such costs will be paid from the education and communication account.

Upon agreement by the co-chairs, subcommittee members may participate in the interview process as well. The consultant will have expertise in communicating benefits information to large and diverse populations using multi-media approaches. Relevant public sector and/or labor union experience shall be given consideration in the consultant selection process. The Employer in conjunction with the consultant will work

with the communication subcommittee to update a strategic plan for communicating benefits with State employees through the use of both print and non-print means of communications. The plan will include employee education as well as provisions for employee input into and feedback concerning State employee health plans. It will also include guidelines for health plan communications with State employees. A surcharge may be added to the health plan premiums to maintain the employee education and communication program. The surcharge shall be one dollar (\$1) per month, per employee, enrolled in a health plan, and may be adjusted based upon a review of reports of revenue and expenditures of the account maintained for such purposes, as recommended by the JHCC to the DAS Director. The surcharge shall be equally split between the Employer's and the employee's premium share (e.g. fifty cents each). The funds shall be used to develop and implement communication programs for all employee health plans, mental health and substance abuse programs, and other State health programs as identified by the JHCC and to employ consultants as needed to assist the parties in health plan selection, rate negotiations or any other function determined appropriate.

In the event such a plan(s) is/are implemented, the JHCC will recommend to the Director of DAS if any HMO products will be offered to employees.
- G. If other political subdivisions or employers are permitted to enroll in the State employee health plans the State will take measures as are necessary to protect such health plans from adverse experience of such admitted subdivisions or employers.

20.05 - Employee Costs

- A. Regardless of the plan, employees will pay ten percent (10%) of the premium, provided however, that for an HMO health plan the Employer will pay the lesser of 1) ninety percent (90%) of the statewide HMO single and family average rates or 2) 90% of the Ohio Med PPO single and family rates.

Effective July 1, 2005, employees will pay fifteen percent (15%) of the premium, provided however, that for an HMO health plan, the Employer will pay the lesser of 1) eighty-five percent (85%) of the statewide HMO single and family average rates or 2) eighty-five percent (85%) of the Ohio Med PPO single and family rates.

Effective November 1st of 2003 the State will commence the process of deducting the employee's monthly share of the health care premium twice a month. The first half of the employee's share of the monthly premium will be deducted from the first paycheck that the employee receives in a month. The remaining balance of the employee's share of the monthly premium will be deducted from the second paycheck that the employee receives in a month.

- B. The Employer's premium share of ninety percent (90%) (eighty-five percent (85%) beginning July 1, 2005) shall be paid only on behalf of the following employees:

- (1) Full-time employees.

- (2) For part-time employees (including established term regular and established term irregular employees) according to the schedule in 20.05(C), provided that all part-time employees who were grandparented under the provisions of the previous Agreements shall continue to have premiums paid pursuant to those provisions.

- C. The Employer's premium share for all part-time employees shall be paid as follows:

- (1) The Employer shall pay no share of the premium for part-time employees who are in active pay status an average of less than forty (40) hours in a bi-weekly pay period. However, such employees shall have the option of self-paying the entire health plan premium.

- (2) The Employer shall pay fifty percent (50%) of the premium for part-time employees who are in active pay status an average of forty (40) hours or more but less than sixty (60) hours in a bi-weekly pay period.

- (3) The Employer shall pay seventy-five percent (75%) of the premium for part-time employees who are in active pay status an average of sixty (60) hours or more but less than eighty (80) hours in a bi-weekly pay period.

- (4) The Employer shall pay ninety percent (90%) of the premium for part-time employees who are in active pay status an average of eighty (80) hours or more in a bi-weekly pay period. Effective July 1, 2005, the Employer shall pay eighty-five percent (85%) of the premium for part-time employees who are in active pay status an average of eighty (80) hours or more in a bi-weekly pay period.

Average hours in active pay status beginning with the pay period shall be calculated semi-annually on the basis of the thirteen (13) pay periods, which start with the pay period that includes January 1 or July 1, respectively.

For newly hired part-time employees, estimated scheduled hours shall determine the Employer contribution toward the premium cost for the first six (6) months of employment. However, if an employee

has been in active pay status during at least six bi-weekly pay periods at the time that a pay period including January 1 or July 1, commences, calculations for the Employer contribution toward the premium cost shall be based upon the employee's average hours in active pay status for the number of weeks the employee worked.

Employees subject to the pro-rated Employer health plan premium share under this subsection shall be advised in writing regarding the amount of the Employer's share which applies to them. Such information shall be provided to said employees as soon as practicable after the pay periods including January 1 and July 1 of each year.

An Employee who declined enrollment in a health plan because he/she was not eligible to receive any Employer contribution pursuant to this Section, and who after a semi-annual calculation of average hours would otherwise become eligible to receive some Employer contribution, may enroll in a health plan within forty-five (45) days from the annual calculation date.

Employer payments for premium costs under this Article shall continue during unpaid family leaves granted pursuant to Section 31.01, provided the employee continues to contribute his/her share of the premium.

- D. Regardless of the plan, employee co-payments shall not exceed twenty percent (20%) of the paid charges for network services. In health plans which offer to employees the option of using a network or a non-network provider or facility, employee co-payments when using a non-network provider or facility shall not exceed forty percent (40%) of paid charges. In health plans which do not have network providers and/or network facilities, employee co-payments shall not exceed thirty percent (30%) of paid charges when using a service type (i.e., providers or facilities) for which a network option does not exist.
- E. Regardless of the plan, employee out-of-pocket maximums for a benefit period shall not exceed \$1,000 for single coverage and \$2,000 for family coverage when using network services. In health plans which offer to employees the option of using a network or non-network provider or facility, employee out-of-pocket maximums for a benefit period shall not exceed a combined total of \$2,000 for single coverage and \$4,000 for family coverage in any instance. In health plans which do not have network providers and/or network facilities, employee out-of-pocket maximums for a benefit period shall not exceed \$1,000 for a single coverage and \$2,000 for family coverage for use of a service type (i.e., providers or facilities) for which a network option does not exist.
- F. Health Care Spending Account – As soon as possible but by no later than January 1, 2005 a Health Care Spending Account will be offered to employees. The purpose of this account is for employees to use pre-tax earnings to pay for medical costs as allowed by IRS Code 125. Such medical costs may include, but are not limited to, annual deductibles, co-pays, co-insurance and medical procedures not covered by the plans like acupuncture, Lasik eye surgery, etc. The Health Care Spending Account Third Party Administrator's fee will be funded through payroll tax savings derived from the plan and administrative fees to plan participants. The planning subcommittee will develop the selection criteria for the Third Party Administrator who will administer the program and will recommend to the Director of DAS which vendor is to be selected. The annual cap for the employee contribution to the fund shall be \$500 for the first twelve months of the account's existence and will increase to \$1,000 for the second and subsequent years of the account's existence. Upon recommendation of the JHCC the Director of DAS may increase these caps.

20.06 - Ohio Med PPO And Other Self-Insured Health Plans

Except as modified by the Director of the Department of Administrative Services (DAS), who may revise or add to the requirements in this section if such revisions and/or additions are recommended by the JHCC, the following features will apply to this section.

Unless otherwise mutually agreed to by the JHCC, a health plan(s) established pursuant to 20.04 F shall have benefits comparable to those of the current Ohio Med plan and those benefit changes agreed to thereafter. In addition, such plans shall also have at least the following features unless otherwise mutually agreed to by the JHCC.

A. Employee Deductibles and Out-of-Pocket Maximum (OPM)

The in-network individual deductible is \$200, and the family deductible is \$400. The out-of-network individual deductible is \$300, and the family deductible is \$600. As soon as any individual in the family meets the individual \$200 deductible, that person shall be covered immediately even though the full family deductible has not been met.

Expenses which are applied towards meeting the individual or family deductible must be incurred during the benefit period.

As soon as any individual in the family meets the individual coverage OPM, further expenditures on behalf of that individual shall be covered in full except as indicated below. All employee expenditures on behalf of the employee and his/her dependents shall count toward satisfying the individual and/or family OPM, except that any penalties paid shall not count toward satisfying the OPM. After employee expenditures have reached the OPM, benefits are covered in full except where non-network non-participating (non-PAR) providers engage in balance billing.

B. Medical Necessity and Preventive Services

Health plans pay only for those covered services, supplies, and hospital admissions which are medically necessary or are classified as preventive services covered under the plan. Network providers and facilities are responsible for insuring that services, supplies, and admissions are medically necessary or preventive as defined by a plan. The fact that a non-network provider may prescribe, order, recommend, guarantee, or approve a service, supply, or admission does not guarantee medical necessity or make such charges an allowable expense, even though they are not specifically listed as exclusions.

C. Reimbursement, Paperwork, Balance Billing, and UCR/Allowed Amount Fees

Under the Ohio Med PPO there are different levels of reimbursement rates depending on the provider's contractual relationship with the Ohio Med Administrator.

Those levels are as follows:

Network provider's accept the administrator's reimbursement rate as payment in full for their services. Except for the office visit benefit in 20.06 (F), the plan will pay eighty percent (80%) of those services done by network providers. In those instances the employee pays twenty percent (20%) of the administrator's reimbursement rate up to the out-of-pocket maximum as defined in Section 20.05(e).

Non-network providers may or may not accept the administrator's payment as payment in full depending on whether or not they are participating (PAR) providers (see explanation below). The plan will pay sixty percent (60%) of the administrator's reimbursement rate for non-network providers. The employee pays forty percent (40%).

Some non-network providers may have contractual arrangements with the administrator, which makes them participating providers. PAR providers will accept the administrator's reimbursement rate as payment in full. Employees will pay only forty percent (40%) of the administrator's reimbursement rate up to the out-of-pocket maximum as defined in Section 20.05(e).

Non-PAR providers may not accept the administrator's reimbursement rate as payment in full and may bill enrollees for the difference between what the administrator pays and what is charged (balance-billing). Employees receiving services from non-network, non-PAR providers will pay forty percent (40%) of the administrator's reimbursement rate and may be balanced billed for the difference between the administrator's reimbursement rate and the provider's charge. Any amount above the administrator's usual reimbursement rate is not applied to the out-of-pocket maximum as defined in Section 20.05(e).

Network providers and hospitals and "PAR" providers shall accept the negotiated reimbursement amount as payment in full, except for applicable deductibles, co-pays, or penalties. They shall be prohibited from balance billing, that is, from charging any state employee or his/her dependents any additional amount other than co-pays or deductibles. Providers shall submit bills and other required paperwork on behalf of the state employee.

Reimbursement to non-network providers shall be at a level no greater than the Usual, Customary, and Reasonable fee/Allowed Amount which has been established by the plan administrator for that service or supply.

D. Coordination of Benefits

If a health plan which is self-insured or otherwise unregulated is the secondary payer, the amount which the plan will pay shall be limited to an amount that will yield a benefit no greater than what would have been paid if the plan were the primary payer. The primary plan's benefit is subtracted from the amount the plan normally pays.

J. Mental Health/Substance Abuse

20.07 - Wellness Initiative

The State and the Union are jointly committed to promoting healthy lifestyles for State of Ohio employees. To that end the Labor Co-Chair of the JHCC will serve on the State Healthy Ohioans Committee. Furthermore, those agencies that wish to develop joint labor management wellness committees to further promote wellness initiatives within their agency may do so. The activities of the wellness committees may include but are not limited to the following:

1. Identify areas where employees can exercise on state property on breaks, lunch or off hours;
2. Identify ways to acquire exercise equipment for State employees to use;
3. Disseminate wellness information to State employees in a variety of ways including but not limited to newsletters, wellness fairs, lunch seminars, internet information;
4. Secure discounts for fitness clubs/gyms for State employees;
5. Work with management to eliminate barriers to employees attending wellness events or accessing wellness information.

Such wellness initiative shall not be construed to represent a fitness for duty requirement nor shall this section be tied to any State fitness for duty requirements. The JHCC will review the progress of agency wellness programs. The JHCC will also explore incentives and disincentives for employee participation and make recommendations for implementation of Statewide Wellness Initiatives to the Director of DAS.

ARTICLE 21 - UNION BENEFITS TRUST

21.01 - Trust Governance

The Union Benefits Trust (Trust) established on January 27, 1993, shall remain in effect for the duration of this Agreement for the purpose of offering dental, life, vision and other designated benefits to State Of Ohio bargaining unit employees and their dependents. With the concurrence of the State Trustee the Trust may also offer and administer benefits for non-state public sector employee participants provided that the Employer incurs no expense or liability as a result of such action.

The Union Benefits Trust shall be governed by a Board of Trustees selected in accordance with the Trust Agreement executed on January 27, 1993, as amended from time to time. Trustees who are State employees in active pay status will receive time off with pay at their regular rate to participate in Trust meetings and conferences. The Management co-chair of the JHCC established pursuant to Article 20, or an alternate designated by OCB, shall serve as a member of the Board of Trustees.

The Trustees shall be responsible for establishing rules, regulations, and definitions of eligibility concerning Trust-provided benefits for its participants and shall have fiduciary responsibility for the administration of the Trust pursuant to the Trust Agreement and the laws of the State of Ohio. The Trust shall have the right to establish contracts with administrators and carriers for benefits and other business purposes.

21.02 - Trust Benefits for State Employees

The Trust shall offer dental, life, and vision benefits to eligible full-time and part-time employees upon an employee's completion of one (1) year of continuous State service. Except as otherwise provided for in an agency specific agreement, beginning with the effective date of this Agreement all established term employees whose total state service from the employee's original date of hire is 26 pay periods or greater, will be eligible for benefits provided by the Trust. The Employer's contribution will cease on the employee's interruption date or termination date. Trust dental benefits plans which are self-insured shall have the same coordination of benefits (COB) as applied to the Employer's self-insured health plan.

In the event a bargaining unit employee goes on extended medical disability or is receiving Workers' Compensation benefits, the Employer shall continue payments to the Trust pursuant to Section 21.05 for the period of such disability, but not beyond two (2) years.

The Trust may provide other supplemental benefits to employees and their dependents at no direct cost to the Employer. In no event shall the Trust provide Disability Gap Insurance designed to enhance the Disability Program agreed to in this Agreement.

21.03 - Payroll Deductions

The Employer shall provide payroll deduction of premiums or fees for voluntary life insurance or other voluntary benefit programs established by the Trust.

21.04 - Administrative Agreement Between the Union Benefits Trust and the Employer

The July 1, 1993, implementation agreement between the Ohio Department of Administrative Services and the Trust, as amended effective March 1, 2000, shall remain in effect unless and until the agreement is altered by mutual agreement between the Trust and the Employer.

21.05 - Payments

Effective March 1, 2003, through June 30, 2004, the Employer shall continue to transmit to the Trust an amount equal to \$50.00 per eligible employee, per month. On July 1, 2004, the amount transmitted per month per employee shall equal \$55.00. This amount shall continue until July 1, 2005, when the amount shall increase to the amount of \$65.00 continuing until further modification. The fund transmissions will include the aggregate amount of the payroll deductions for voluntary programs administered by the Trust.

If financial analysis and projections reveal that the Trust will not be able to fund basic dental, life and vision benefits in effect March 1, 2003, at existing levels of Employer contribution, the parties shall re-open this Section of the Agreement upon thirty (30) days written notice and meet and negotiate the level of Employer contribution to be effective not earlier than July 1, 2004.

21.06 - Non-Bargaining Unit Coverages for State Employees

The Employer may determine to place non-bargaining unit employees of the State in the Trust for purpose of dental, life, vision and other benefits administered by the Trust by providing not less than ninety (90) days advance written notice to the Trust. In the event such employees are placed in the Trust, they shall not be withdrawn for a period of two (2) years, and only upon not less than ninety (90) days advance written notice of such withdrawal. Non-bargaining unit employees shall not be placed in the Trust until the Employer and the Trust have agreed upon Employer contributions to the Trust for such non-bargaining unit employees and applicable administrative procedures for such transition and reasonable administrative fees to be paid to the Trust.

In order to minimize the administrative inconvenience to the Employer and such employees as a result of the employees being required to change insurance carriers and benefits administrators due to transition in or out of bargaining unit through promotion, transfer or otherwise, the Employer shall, to the extent possible, utilize the same vendors as are selected by the Trust for such benefits, providing such vendors provide services to the Employer on terms no less favorable than for the Trust. The Trust will cooperate with the Employer to the extent feasible in this regard.

ARTICLE 22 - PERFORMANCE EVALUATION

22.01 - Use

The Employer may use performance evaluations pursuant to the Ohio Administrative Code Chapter 123:1-29, except as modified by this Article. All Agencies shall use the performance evaluation form developed in January of 1988, which may be revised periodically after consultation with the Union. If an Agency chooses to use a performance evaluation instrument different than that utilized by the Department of Administrative Services, it shall consult with the Union prior to implementing the new instrument.

Effective July 1, 2001, all non-probationary employees shall be given an employee performance evaluation during the sixty (60) day period immediately preceding the employee's next step increase. Those employees who are at top step shall be evaluated annually, thereafter.

Employee performance evaluations shall be used for all purposes for which employee evaluations are normally used, including but not limited to, merit based incentive programs designed to award employees for specific form of job performance. The performance evaluation shall include a summary conclusion section for the supervisor to rate the employee's overall performance as either "satisfactory" or "unsatisfactory".

22.02 - Limits

Measures of employee performance obtained through production and/or numerical quotas shall be a criterion applied in evaluating performance. Numerical quotas or production standards, when used, shall be reasonable and not arbitrary or capricious.

Performance evaluations shall not be a factor in layoffs.

Employees shall receive and sign a copy of their evaluation forms after all comments, remarks and changes have been noted. A statement of the employee's objection to an evaluation or comment may be attached and put in the personnel file. Employees are not entitled to union representation during performance reviews.

22.03 - Appeals

An employee may appeal his/her performance evaluation, by submitting a "Performance Evaluation Review Request" to the Management designee (other than the Employer representative who performed the evaluation) within seven (7) days after the employee received the completed form for signature. A conference shall be scheduled within seven (7) working days and a written response submitted within seven (7) working days after the conference.

If the employee is still not satisfied with the response, the employee may appeal his/her performance evaluation to the Agency designee (e.g., Human Resources, Labor Relations).

This level of appeal shall not be available to any employee who has received a rating of "Meets" or "Above", in all categories.

The appeal shall contain a reason and/or documents to identify why the performance evaluation is not accurate. Any documents used by the Employer in evaluating an employee's performance shall be furnished by the Employer to the employee upon request. The Agency designee may hold a conference or do a paper review of the performance evaluation. A written response will be issued within fourteen (14) calendar days after the appeal is requested. The performance evaluation appeal process is not grievable, except as outlined below:

If an employee is denied a step increase because his/her overall performance is rated "unsatisfactory", the employee may appeal such action directly to Step Three (3) of the Grievance Procedure. If the grievance is unresolved at Step Three (3), appeal may be taken to Step Four (4) of the Grievance Procedure, The Office of Collective Bargaining. No further appeal may be taken. Should the appeal be successful, the step increase shall be retroactive to the date on which it was due. If the employee's performance evaluation is not completed on time, the employee shall not be denied a step increase.

ARTICLE 23 - PERSONNEL RECORDS

23.01 - Personnel Files

The Department of Administrative Services shall retain only such records it deems necessary for auditing purposes in order to support payroll and personnel actions. All other matters pertaining to an employee will be retained within the Agency for which the employee works. In the case of employees working for the Department of Administrative Services, all other matters pertaining to an employee will be retained within Employee Services of the Department of Administrative Services.

Employee personnel files, disciplinary records, and grievance records located at institutions shall be maintained in a manner that does not provide access to inmates, residents and youths.

23.02 - Review of Personnel Files

Employees and/or their authorized union representatives shall have the reasonable right to review the contents of their personnel files. Employees shall have access to all materials in their files except those prohibited by ORC Section 1347.08 (C). Such review may be made during normal working hours. Employees who are not normally scheduled to work when the Personnel Office is open may request to review their files through their supervisor. The supervisor will make the file available in a reasonable amount of time. Reasonable requests to provide one copy of documents in the files shall be honored at no charge.

The employee's personnel file shall not be made available to any organization or person other than the Employer or its agents, without the employee's written authorization unless pursuant to court order, subpoena, or request made pursuant to the Ohio Public Records Act.

23.03 - Employee Notification

A copy of any material to be placed in an employee's personnel file that might lead to disciplinary action or negatively affect an employee's job security or advancement shall be provided to the employee. If material is placed in an employee's personnel file without following this procedure, the material will be removed from the file at his/her request. Such material cannot be used in any disciplinary proceeding. An employee can place documents relevant to his/her work performance in his/her personnel file.

ARTICLE 24 - DISCIPLINE

24.01 - Standard

Disciplinary action shall not be imposed upon an employee except for just cause. The Employer has the burden of proof to establish just cause for any disciplinary action. In cases involving termination, if the arbitrator finds that there has been an abuse of a patient or another in the care or custody of the State of Ohio, the arbitrator does not have authority to modify the termination of an employee committing such abuse. Abuse cases which are processed through the Arbitration step of Article 25 shall be heard by an arbitrator selected from the separate panel of abuse case arbitrators established pursuant to Section 25.04. Employees of the Lottery Commission shall be governed by O.R.C. Section 3770.02(1).

24.02 - Progressive Discipline

The Employer will follow the principles of progressive discipline. Disciplinary action shall be commensurate with the offense.

Disciplinary action shall include:

- A. one or more oral reprimand(s) (with appropriate notation in employee's file);
- B. one or more written reprimand(s);
- C. working suspension;
- D. one or more fines in an amount of one (1) to five (5) days, the first fine for an employee shall not exceed three (3) days pay for any form of discipline; to be implemented only after approval from OCB.
- E. one or more day(s) suspension(s);
- F. termination

Disciplinary action shall be initiated as soon as reasonably possible consistent with the requirements of the other provisions of this Article. An arbitrator deciding a discipline grievance must consider the timeliness of the Employer's decision to begin the disciplinary process.

The deduction of fines from an employee's wages shall not require the employee's authorization for withholding of fines.

If a bargaining unit employee receives discipline which includes lost wages or fines, the Employer may offer the following forms of corrective action:

1. Actually having the employee serve the designated number of days suspended without pay; or pay the designated fine or;
2. Having the employee deplete his/her accrued personal leave, vacation, or compensatory leave banks of hours, or a combination of any of these banks under such terms as may be mutually agreed to between the Employer, employee, and the Union.

24.03 - Supervisory Intimidation

An Employer representative shall not use the knowledge of an event giving rise to the imposition of discipline to intimidate, harass or coerce an employee.

In those instances where an employee believes this section has been violated, he/she may file a grievance, including an anonymous grievance filed by and processed by the Union in which the employee's name shall not be disclosed to the Employer representative allegedly violating this section, unless the Employer determines that the Employer representative is to be disciplined.

The Employer reserves the right to reassign or discipline Employer representatives who violate this section.

Knowingly making a false statement alleging patient abuse when the statement is made with the purpose of incriminating another will subject the person making such an allegation to possible disciplinary action.

24.04 - Pre-Discipline

An employee shall be entitled to the presence of a union steward at an investigatory interview upon request and if he/she has reasonable grounds to believe that the interview may be used to support disciplinary action against him/her.

An employee has the right to a meeting prior to the imposition of a suspension, a fine, leave, reduction, working suspension or termination. The employee may waive this meeting, which shall be scheduled no earlier than three (3) days following the notification to the employee. Absent any extenuating circumstances, failure to appear at the meeting will result in a waiver of the right to a meeting. An employee who is charged, or his/her representative, may make a written request for a continuance of up to 48 hours. Such continuance shall not be unreasonably denied. A continuance may be longer than 48 hours if mutually agreed to by the parties. Prior to the meeting, the employee and his/her representative shall be informed in writing of the reasons for the contemplated discipline and the possible form of discipline. When the pre-disciplinary notice is sent, the Employer will provide a list of witnesses to the event or act known of at that time and documents known of at that time used to support the possible disciplinary action. If the Employer becomes aware of additional witnesses or documents that will be relied upon in imposing discipline, they shall also be provided to the Union and the employee. The Employer representative recommending discipline shall be present at the meeting unless inappropriate or if he/she is legitimately unable to attend. The Appointing Authority's designee shall conduct the meeting. The Union and/or the employee shall be given the opportunity to ask questions, comment, refute or rebut.

At the discretion of the Employer, in cases where a criminal investigation may occur, the pre-discipline meeting may be delayed until after disposition of the criminal charges.

24.05 - Imposition of Discipline

The Agency Head or designated Deputy Director or equivalent shall make a final decision on the recommended disciplinary action as soon as reasonably possible but no more than forty-five (45) days after the conclusion of the pre-discipline meeting. At the discretion of the Employer, the forty-five (45) day requirement will not apply in cases where a criminal investigation may occur and the Employer decides not to make a decision on the discipline until after disposition of the criminal charges.

The employee and/or union representative may submit a written presentation to the Agency Head or Acting Agency Head.

If a final decision is made to impose discipline, the employee and Union shall be notified in writing. The OCSEA Chapter President shall notify the agency head in writing of the name and address of the Union representative to receive such notice. Once the employee has received written notification of the final decision to impose discipline, the disciplinary action shall not be increased.

Disciplinary measures imposed shall be reasonable and commensurate with the offense and shall not be used solely for punishment.

The Employer will not impose discipline in the presence of other employees, clients, residents, inmates or the public except in extraordinary situations which pose a serious, immediate threat to the safety, health or well-being of others.

An employee may be placed on administrative leave or reassigned while an investigation is being conducted except that in cases of alleged abuse of patients or others in the care or custody of the State of Ohio, the employee may be reassigned only if he/she agrees to the reassignment.

24.06 - Prior Disciplinary Actions

All records relating to oral and/or written reprimands will cease to have any force and effect and will be removed from an employee's personnel file twelve (12) months after the date of the oral and/or written reprimand if there has been no other discipline imposed during the past twelve (12) months.

Records of other disciplinary action will be removed from an employee's file under the same conditions as oral/written reprimands after twenty-four (24) months if there has been no other discipline imposed during the past twenty-four (24) months.

The retention period may be extended by a period equal to employee leaves of fourteen (14) consecutive days or longer, except for approved periods of vacation leave.

24.07 - Polygraph Stress Tests

No employee shall be required to take a polygraph, voice stress or psychological stress examination as a condition of retaining employment, nor shall an employee be subject to discipline for the refusal to take such a test.

24.08 - Drug Testing

The Employer may randomly test, for drugs and alcohol, employees who have direct contact with inmates or youths, in the Departments of Rehabilitation and Correction, and Youth Services and for all employees in classifications listed in Appendix M.

Unless mandated by federal law or regulation, there will be no random drug testing of employees covered by this Agreement, except as otherwise specified in this Agreement. A listing of PCNs and the names of employees shall be provided to the Union one (1) month after this Agreement is effective. Thereafter, the list shall be provided to the Union representative designated by the Executive Director, two (2) times each year. Any drug or alcohol testing shall be conducted pursuant to Appendix M.

24.09 - Employee Assistance Program

In cases where disciplinary action is contemplated and the affected employee elects to participate in an Employee Assistance Program, the disciplinary action may be delayed until completion of the program. Upon notification by the Ohio EAP case monitor of successful completion of the program under the provisions of an Ohio EAP Participation Agreement, the Employer will meet and give serious consideration to modifying the contemplated disciplinary action. Participation in an EAP program by an employee may be considered in mitigating disciplinary action only if such participation commenced within five (5) days of a pre-disciplinary meeting or prior to the imposition of discipline, whichever is later. Separate disciplinary action may be instituted for offenses committed after the commencement of an EAP program.

ARTICLE 25 - GRIEVANCE PROCEDURE

25.01 - Process

- A. A grievance is defined as any difference, complaint or dispute between the Employer and the Union or any employee regarding the application, meaning or interpretation of this Agreement. The grievance procedure shall be the exclusive method of resolving grievances. No employee who has rights to final and binding arbitration of grievances, including disciplinary actions, may file any appeal with the State Personnel Board of Review nor may such Board receive any such appeal.
- B. Grievances may be processed by the Union on behalf of a grievant or on behalf of a group of grievants or itself setting forth the name(s) or group(s) of the grievant(s). The Union shall define the members of a group grievance by the Step Three (3) grievance meeting, unless the Union provides evidence that specific and relevant information has been denied which prevents them from defining the group. Either party may have the grievant (or one grievant representing group grievants) present at any step of the grievance procedure and the grievant is entitled to union representation at every step of the grievance procedure. Probationary employees shall have access to this grievance procedure except those who are in their initial probationary period shall not be able to grieve disciplinary actions or removals.
- C. The word "day" as used in this article means calendar day and days shall be counted by excluding the first and including the last day. When the last day falls on a Saturday, Sunday or holiday, the last day shall be the next day which is not a Saturday, Sunday or holiday.
- D. When different work locations are involved, transmittal of grievance appeals and responses shall be by U.S. mail. The mailing of the grievance appeal form shall constitute a timely appeal if it is postmarked within the appeal period. Likewise, the mailing of the answer shall constitute a timely response if it is postmarked within the answer period. The Employer will make a good faith effort to insure confidentiality.
- E. Grievances shall be presented on forms mutually agreed upon by the Employer and the Union and furnished by the Employer to the Union in sufficient quantity for distribution to all stewards. Forms shall also be available from the Employer.
- F. It is the goal of the parties to resolve grievances at the earliest possible time and the lowest level of the grievance procedure. Where the parties mutually agree, telephone and/or teleconferencing is an acceptable option for the purpose of conducting grievance meetings.
- G. Oral reprimands shall be grievable through Step Two (2). Written reprimands shall be grievable through Step Three (3). If an oral or written reprimand becomes a factor in the first subsequent disciplinary grievance

that goes to arbitration, the arbitrator may consider evidence regarding the merits of the oral or written reprimand. Any grievance of which an oral or written reprimand is an element of the claim shall not be arbitrable in accordance with this subsection.

- H. Settlement agreements that require payment or other compensation shall be initiated for payment within two payroll periods following the date the settlement agreement is fully executed. If payment is not received within three (3) pay periods, interest at the rate of one percent (1%) shall accrue commencing the first day after the payment was due, and on the same date of subsequent months.
- I. The receipt of a grievance form or the numbering of a grievance does not constitute a waiver of a claim of a procedural defect.

25.02 - Grievance Steps

Layoff, Non-Selection, Discipline and Other Advance-Step Grievances

Certain issues which by their nature cannot be settled at a preliminary step of the grievance procedure or which would become moot due to the length of time necessary to exhaust the grievance steps may by mutual agreement be filed at the appropriate advance step where the action giving rise to the grievance was initiated. A grievance involving a layoff, non-selection or a discipline shall be initiated at Step Three (3) of the grievance procedure within fourteen (14) days of notification of such action.

Discharge Grievances

The Agency shall forward a copy of the grievance with the grievance number to the Office of Collective Bargaining at the time the grievance is filed at Step Three (3). The Agency shall conduct a meeting and respond within sixty (60) days of the date the grievance was filed at Step Three (3). If the grievance is not resolved at Step Three (3), the parties shall conduct a mediation within sixty (60) days of the due date of the Step Three (3) response. Nothing in this Section precludes either party from waiving mediation and proceeding directly to arbitration. The Union may request arbitration of the grievance within sixty (60) days of the date of the mediation, but no more than one hundred eighty (180) days from the filing of the grievance. The parties shall conduct an arbitration within sixty (60) days of the date of the arbitration request. The parties agree that there shall be no more than one thirty (30) day continuance requested for arbitration. If a cancellation is initiated by an arbitrator, the arbitration shall be conducted within thirty (30) days of the date of the cancellation. However, grievances involving criminal charges or on duty actions of the employee, grievants who are unable to attend due to a disability, or grievances that involve an unfair labor practice charge, may exceed the time limits prescribed herein.

Step One (1) - Immediate Supervisor

The grievant and/or the Union shall orally raise the grievance with the grievant's supervisor who is outside of the bargaining unit. The supervisor shall be informed that this discussion constitutes the first step of the grievance procedure. All grievances must be presented not later than ten (10) working days from the date the grievant became or reasonably should have become aware of the occurrence giving rise to the grievance not to exceed a total of thirty (30) days after the event. If being on approved paid leave prevents a grievant from having knowledge of an occurrence, then the time lines shall be extended by the number of days the employee was on such leave except that in no case will the extension exceed sixty (60) days after the event. The immediate supervisor shall render an oral response to the grievance within three (3) working days after the grievance is presented. If the oral grievance is not resolved at Step One (1), the immediate supervisor shall prepare and sign a written statement acknowledging discussion of the grievance, and provide a copy to the Union and the grievant.

Step Two (2) - Intermediate Administrator

In the event the grievance is not resolved at Step One (1), a legible copy of the grievance form shall be presented in writing by the Union to the intermediate administrator or his/her designee within five (5) days of the receipt of the Step One (1) answer or the date such answer was due, whichever is earlier. The written grievance shall contain a statement of the grievant's complaint, the section(s) of the Agreement allegedly violated, if applicable, the date of the alleged violation and the relief sought. The form shall be signed and dated by the grievant. Within seven (7) days after the grievance is presented at Step Two (2), the intermediate administrator shall discuss the grievance with the Union and the grievant. The intermediate administrator shall render a written answer to the grievance within eight (8) days after such a discussion is held and provide a copy of such answer and return a legible copy of the grievance form to the grievant and a copy to one representative designated by the Union.

Step Three (3) - Agency Head or Designee

If the grievance is still unresolved, a legible copy of the grievance form shall be presented by the Union to the Agency Head or designee in writing within ten (10) days after receipt of the Step Two (2) response or after the date such response was due, whichever is earlier. Within fifteen (15) days after the receipt of the written grievance, the parties shall meet in an attempt to resolve the grievance unless the parties mutually agree otherwise. By mutual

agreement of the parties, agencies may schedule Step Three (3) meetings on a monthly basis, by geographic areas, so that all grievances that have been newly filed, that have been advanced to Step Three (3) or that have been continued since the previous month, can be heard on a regular basis.

At the Step Three (3) meeting the grievance may be settled or withdrawn, or a response shall be prepared and issued by the Agency Head or designee, within thirty-five (35) days of the meeting. The response will include a description of the events giving rise to the grievance, the rationale upon which the decision is rendered. The Agency may grant, modify or deny the remedy requested by the Union. Any grievances resolved at Step Three (3) or at earlier steps shall not be precedent setting at other institutions or agencies unless otherwise agreed to in the settlement. The response shall be forwarded to the grievant and a copy will be provided to the Union representative who was at the meeting or one who is designated by the Local Chapter. Additionally, a copy of the answer will be forwarded to the Union's Central Office. This response shall be accompanied by a legible copy of the grievance form.

Step Four (4) - Mediation/Office of Collective Bargaining

If the Agency is untimely with its response to the grievance at Step Three (3), absent a mutually agreed to time extension, the Union may appeal the grievance to Step Four (4) requesting a meeting by filing a written appeal and a legible copy of the grievance form to the Deputy Director of the Office of Collective Bargaining within fifteen (15) days of the date of the due date of the Step Three (3) answer. Upon receipt of a grievance, as a result of a failure to meet time limits by the agency, OCB shall schedule a meeting with the Staff representative and a Chapter representative within thirty (30) days of receipt of the grievance appeal in an attempt to resolve the grievance unless the parties mutually agree otherwise. Within thirty-five (35) days of the OCB meeting, OCB shall provide a written response which may grant, modify or deny the remedy being sought by the Union. The response will include the rationale upon which the decision is rendered and will be forwarded to the grievant, the Union's Step Three (3) representative(s) who attend the meeting and the OCSEA Central Office.

If the grievance is not resolved at Step Three (3), or if the Agency is untimely with its response to the grievance at Step Three (3), absent any mutually agreed to time extension, the Union may appeal the grievance to mediation by filing a written appeal and a legible copy of the grievance form to the Deputy Director of the Office of Collective Bargaining within fifteen (15) days of the receipt of the answer at Step Three (3) or the due date of the answer if no answer was given, whichever is earlier. OCB shall have sole management authority to grant, modify or deny the grievance at Steps Four (4) and Five (5).

Either the Office of Collective Bargaining or the Union may advance a grievance directly from Step Four (4) to Step Five (5) if that party believes that mediation would not be useful in resolving the dispute.

The parties shall mutually agree to a panel of at least five (5) persons to serve in the capacity of grievance mediators. The procedure for selecting this panel shall be the same as set forth in Section 25.04 for the selection of arbitrators. No mediator/arbitrator shall hear a case at both mediation and arbitration. The fees and expenses of the mediator shall be shared equally by the parties.

The mediator(s) may employ all of the techniques commonly associated with mediation, including private caucuses with the parties. The taking of oaths and the examination of witnesses shall not be permitted and no verbatim record of the proceeding shall be taken. The purpose of the mediation is to reach a mutually agreeable resolution of the dispute where possible and there will be no procedural constraints regarding the review of facts and arguments. Written material presented to the mediator will be returned to the party at the conclusion of the mediation meeting. The comments and opinions of the mediator, and any settlement offers put forth by either party shall not be admissible in subsequent arbitration of the grievance nor be introduced in any future arbitration proceedings.

If a grievance remains unresolved at the end of the mediation meeting, the mediator will provide an oral statement regarding how he/she would rule in the case based on the facts presented to him/her.

The disposition of grievances discussed during the mediation meeting will be listed by the representative from the Office of Collective Bargaining on a form mutually agreed to by the parties. A copy of the summary shall be provided to the Union within five (5) days.

The parties will consolidate cases for mediation and, whenever possible, schedule the mediation meetings at decentralized locations. A Union staff representative, grievant and a steward or chapter president as designated by the Union may be present at the mediation of a grievance. No more than two (2) of the Union representatives present including the grievant may be on paid leave by the Employer. Each party may have no more than three (3) representatives present at the mediation of a grievance.

Step Five (5) - Arbitration

Grievances which have not been settled under the foregoing procedure may be appealed to arbitration by the Union by providing written notice to the Deputy Director of the Office of Collective Bargaining within sixty (60) days of the mediation meeting or the postmarked date of the mediation waiver but no longer than ninety (90) days from the Step Three (3) response. The agencies shall send a copy of the Step Three (3) responses to the OCSEA central office and to the union representative who was at the Step Three (3) meeting or one who is designated by the local chapter.

25.03 - Arbitration Procedures

The parties agree to attempt to arrive at a joint stipulation of the facts and issues to be submitted to the arbitrator.

The Union and/or Employer may make requests for specific documents, books, papers or witnesses reasonably available from the other party and relevant to the grievance under consideration. Such requests will not be unreasonably denied.

The Employer or Union shall have the right to request the arbitrator to require the presence of witnesses and/or documents. Such requests shall be made no later than three work days prior to the start of the arbitration hearing, except under unusual circumstances where the Union or the Employer has been unaware of the need for subpoena of such witnesses or documents, in which case the request shall be made as soon as practicable. Each party shall bear the expense of its own witnesses who are not employees of the Employer.

Questions of arbitrability shall be decided by the arbitrator. Once a determination is made that a matter is arbitrable, or if such preliminary determination cannot be reasonably made, the arbitrator shall then proceed to determine the merits of the dispute.

The expenses and fees of the arbitrator shall be shared equally by the parties.

The decision and award of the arbitrator shall be final and binding on the parties. The arbitrator shall render his/her decision in writing as soon as possible, but no later than forty-five (45) days after the conclusion of the hearing, unless the parties agree otherwise.

Only disputes involving the interpretation, application or alleged violation of a provision of the Agreement shall be subject to arbitration. The arbitrator shall have no power to add to, subtract from or modify any of the terms of this Agreement, nor shall he/she impose on either party a limitation or obligation not specifically required by the expressed language of this Agreement.

If either party desires a verbatim record of the proceeding, it may cause such a record to be made provided it pays for the record. If the other party desires a copy, the cost shall be shared.

25.04 - Arbitration/Mediation Panels

The parties agree that a panel of no less than eight (8) arbitrators shall be selected to hear arbitration cases covered under this Agreement, except that all disciplinary grievances in which the discipline is the result of alleged abuse of a patient or another in the care or custody of the State of Ohio shall be submitted to a separate panel of four (4) arbitrators selected from the main arbitration panel.

The procedure for selecting the panels shall be as follows:

1. The parties will make an attempt to mutually agree on panel members.
2. If mutual agreement cannot be reached on the required number of arbitrators and mediators, then the remaining number will be selected by the following procedure: The parties shall request from the American Arbitration Association a list of at least twice plus one the number of arbitrators needed. The parties shall then alternately strike names until the proper number remains.
3. Either party may eliminate up to two (2) arbitrators or two (2) mediators from the respective panels during each year of the Agreement.
4. In replacing the arbitrators that were eliminated from the panel, the procedure enumerated in (1) and (2) above shall be used. Any arbitrator or mediator eliminated may not be placed back on the panel. The panel shall expire upon expiration of this Agreement, provided that any scheduled arbitration shall proceed without regard to such expiration. It is understood that members of an expired panel may be appointed to the successor panel upon mutual agreement of the parties.

25.05 - Time Limits

Grievances may be withdrawn at any step of the grievance procedure. Grievances not appealed within the designated time limits will be treated as withdrawn grievances.

The time limits at any step may be extended by mutual agreement of the parties involved at that particular step. Such extension(s) shall be in writing.

In the absence of such extensions at any step where a grievance response of the Employer has not been received by the grievant and the Union representative within the specified time limits, the grievant may file the grievance to the next successive step in the grievance procedure.

25.06 - Time Off, Meeting Space and Telephone Use

The grievant(s) and/or union steward will be permitted reasonable time off without loss of pay during their working hours to file or appeal grievances and to attend grievance step meetings. The steward shall be given reasonable time off without loss of pay during his/her working hours to investigate grievances. Witnesses whose testimony is relevant to the Union's presentation or argument will be permitted reasonable time off without loss of pay to attend a grievance meeting and/or respond to the Union's investigation. The steward shall not leave his/her work to investigate, file or process grievances without first notifying and making mutual arrangements with his/her supervisor or designee as well as the supervisor of any unit to be visited. Such arrangements shall not be unreasonably denied.

Upon request, the grievant and Union shall be allowed the use of an available, appropriate room, and copier, where available, for the purpose of copying the grievance trail while processing a grievance. The Union shall be permitted the reasonable use of telephone facilities for investigating or processing grievances. Any telephone tolls shall be paid by the Union.

25.07 - Other Grievance Resolution Methods

The parties agree that during the term of this Agreement each party will review the grievance history including but not limited to grievances arising from suspensions, for the purpose of developing agency specific agreements that will be designed to expedite the final resolution of grievances. Such agreements will consider effective use of existing staff resources.

25.08 - Relevant Witnesses and Information

The Union may request specific documents, books, papers or witnesses reasonably available from the Employer and relevant to the grievance under consideration. Such request shall not be unreasonably denied.

This section applies to all steps of the grievance procedure: The employer shall provide copies of documents, books and papers relevant to the grievance without charge to the Union, unless the request requires more than ninety (90) minutes of employee time to produce and/or copy, at which time the Union will be charged \$0.10 per page.

25.09 - Expedited Arbitration Procedure

In the interest of achieving a more efficient handling of disciplinary grievances, the parties agree to the following expedited arbitration procedure. This procedure is intended to replace the procedure in Section 25.02, Step Five (5), for the resolution of grievances as set forth below. The procedure will operate in the following manner:

- A. A special list of arbitrators will be chosen by the parties to hear all expedited arbitrations during the term of this Agreement.
- B. Except for patient/client related cases, the grievances presented to the arbitrator under this section will consist of disciplinary actions without pay of more than five (5), but less than ten (10) days, unless mutually agreed otherwise. The parties may submit other issues by mutual agreement.
- C. Only matters of procedural arbitrability may be addressed in this expedited procedure. Grievances where there is an issue of substantive arbitrability may only be dealt with in accordance with Section 25.02, Step Five (5).
- D. The arbitrator will normally hear at least four (4) grievances at each session unless mutually agreed otherwise. The grievances will be grouped by institution and/or geographic area and heard in that area. The parties will endeavor to develop and maintain a regular schedule for the handling of expedited arbitrations at each department or agency.
- E. Grievance presentation will be limited to a preliminary introduction, a short reiteration of facts and a brief oral argument. No briefs or transcripts shall be made. If witnesses are used to present facts, there will be no more than three (3) per side including the grievant. In cases where there is an issue of procedural arbitrability, each party will be permitted two (2) additional witnesses.
- F. The arbitrator will either give a bench decision or issue a decision within five (5) calendar days. The arbitrator can either uphold or deny the grievance or modify the relief sought. All decisions will be final and binding. Decisions issued pursuant to this procedure shall have no precedence for progressivity purposes only or unless mutually agreed otherwise by the parties.
- G. The cost of the arbitrator and the expenses of the hearing will be shared equally by the parties.

25.10 - Non-Traditional Arbitration

The parties agree to utilize a variety of non-traditional arbitration mechanisms. Such mechanisms may include but not be limited to, presentation of argument based on factual stipulations, presentation of argument without factual stipulations, and presentation of more than one case on a given day with bench decisions being orally rendered by the arbitrator. The arbitrator shall issue a written decision to the parties by the end of the hearing day.

Decisions issued pursuant to this procedure shall have precedence for progressivity purposes only or unless mutually agreed otherwise by the parties.

Except for patient/client related cases, the grievances presented to the arbitrator under this Section will consist of disciplinary actions of five (5) days or less, unless mutually agreed otherwise. In disciplinary grievances adjudicated in this forum, there shall be no mediation, and the Employer and the Union are limited to one (1) witness each. The grievant, chapter representative and staff representative are all parties to the proceeding; however, testimony will be limited to either the grievant or the union witness. The arbitrator may ask questions of the witness and/or the grievant.

The Union and Office of Collective Bargaining may jointly decide to take issue grievances to non-traditional arbitration.

25.11 – Joint Training

In an effort to reduce and resolve disputes, the parties are committed to joint training(s) for union officials, staff representatives, human resources and labor relations personnel. The parties will conduct a conference regarding contract interpretation by November, 2003.

25.12 - Miscellaneous

The parties may, by mutual agreement, alter any procedure or provision outlined herein so long as the mutual agreement does not differ from the spirit of this Article. The parties may examine procedures for the electronic filing and processing of grievances.

ARTICLE 26 - HOLIDAYS

26.01 - Observance

The following holidays will be observed:

New Year's Day - First Day in January;

Martin Luther King, Jr.'s Birthday - Third Monday in January;

President's Day - Third Monday in February;

Memorial Day - Last Monday in May;

Independence Day - Fourth day of July;

Labor Day - First Monday in September;

Columbus Day - Second Monday in October;

Veterans' Day - Eleventh day of November;

Thanksgiving Day - Fourth Thursday in November;

Any other day proclaimed by the Governor of the State of Ohio or the President of the United States.

When a holiday falls on a Sunday, the holiday is observed on the following Monday. When a holiday falls on a Saturday, the holiday is observed on the preceding Friday. For employees whose work assignment is to a seven (7) day operation, the holiday shall be celebrated on the day it actually falls. A holiday shall start at 12:01 A.M. or with the work shift that includes 12:01 A.M.

Employees who are scheduled to work more than eight (8) hours in a day, will receive the holiday pay for the hours they are normally scheduled to work. For example, employees who work a ten (10) hour day will receive ten (10) hours of holiday pay for the holiday. Employees on such alternative schedules whose day off falls on the recognized holiday shall have their next scheduled work day designated as the holiday for purposes of this Article.

Upon request, an employee may observe a religious holiday provided that the time off is charged to vacation, compensatory time, personal leave or leave without pay.

An employee on an alternate work schedule is entitled to the same number of holidays and paid holiday hours as regularly scheduled employees.

26.02 - Work on Holidays

Employees required to work on a holiday will be compensated at their discretion either at the rate of one and one-half (1 1/2) times their regular rate of pay, or granted compensatory time at the rate of one and one-half (1 1/2) times, plus straight time pay for the holiday. The choice of compensatory time or wages will be made by the employee.

Holiday work beyond regularly scheduled work shall be distributed among employees by the provisions covered in Article 13. No employees' posted regular schedule or days off shall be changed to avoid holiday premium pay. Once posted, the employee's schedule shall not be changed, except that an employee who is scheduled to work on

the holiday may be directed not to report to work on the holiday. The Agency reserves the right to determine the number of employees needed to work the holiday.

26.03 - Eligibility for Holiday Pay

An employee whose scheduled work day off falls on a holiday will receive holiday pay for that day.

An employee on vacation or scheduled sick leave during a holiday will not be charged vacation or sick leave for the holiday. Employees who are scheduled to work and call off sick the day of a holiday shall forfeit their right to holiday pay for that day.

ARTICLE 27 - PERSONAL LEAVE

27.01 - Eligibility for Personal Leave

Each employee shall be eligible for personal leave at his/her base rate of pay.

27.02 - Personal Leave Accrual

Employees shall be entitled to four (4) personal leave days each year. Eight hours of personal leave shall be credited to each employee at the end of the pay period which includes the first day of January, April, July and October of each year. Full-time employees who are hired after the start of a calendar quarter shall be credited with personal leave on a prorated basis. Part-time employees shall accrue personal leave on a prorated basis. Proration shall be based upon a formula of .015 hours per hour of non-overtime work.

This method of accrual shall take effect April 1, 1992. Prior to that time, employees will continue to accrue personal leave pursuant to the provisions of the 1989 Agreement. Employees that are on approved paid leave of absence, union leave or receiving Workers' Compensation benefits shall be credited with those personal leave hours which they normally would have accrued upon their approved return to work.

27.03 - Charge of Personal Leave

Personal leave which is used by an employee shall be charged in minimum units of one-tenth (1/10) hour.

27.04 - Notification and Approval of Use of Personal Leave

Personal leave shall be granted if an employee makes the request with a forty-eight (48) hour notice. In an emergency the request shall be made as soon as possible and the supervisor will respond promptly. The leave shall not be unreasonably denied.

When any bargaining unit, not covered by this Agreement, has filed a Notice of intent to strike or engages in a wildcat strike, the Employer reserves the right to cancel or deny all personal leave requests.

Personal leave shall not be taken on a holiday.

27.05 - Prohibitions

Personal leave may not be used to extend an employee's date of resignation or date of retirement.

27.06 - Conversion or Carry Forward of Personal Leave Credit at Year's End

Personal leave not used may be carried forward or paid at the employee's option. Payment is to be made in the first pay received in December. Maximum accrual of personal leave shall be forty (40) hours.

27.07 - Conversion of Personal Leave Credit Upon Separation from Service

An employee who is separated from state service shall be entitled to convert the unused earned amount of personal leave. This payoff shall be at the employee's regular rate of pay. Upon the death of a permanent employee, unused earned personal leave shall be converted to cash and credited to his/her estate.

27.08 - Transfer of Personal Leave Credit

An employee who transfers from one bargaining unit to another shall be credited with the unused balance of his/her personal leave credit up to the maximum personal leave accumulation permitted in the bargaining unit to which the employee transfers.

ARTICLE 28 - VACATIONS

28.01 - Rate of Accrual

Permanent employees shall be granted vacation leave with pay at regular rate as follows, except that those employees who have less than 80 hours in an active pay status in a pay period shall be credited with a prorated amount of leave according to the following schedule:

**Length of State
Service**

Accrual Rate

Hours Earned Per 80 Annual Amount Per

	Hours in Active Pay Status Per Pay Period	2080 Hours in Active Pay Status
Less than 1 year	3.1 hours	80 hours (<i>upon completion one year of service</i>)
1 year or more	3.1 hours	80 hours
5 years or more	4.6 hours	120 hours
10 years or more	6.2 hours	160 hours
15 years or more	6.9 hours	180 hours
20 years or more	7.7 hours	200 hours
25 years or more	9.2 hours	240 hours

Effective July 1, 1986, only service with state agencies, i.e. agencies whose employees are paid by the Auditor of State, will be computed for the purpose of determining the rate of accrual for new employees. Service time for vacation accrual for employees employed on that date will not be modified by the preceding sentence. An employee who has retired accordance with the provisions of any retirement plan offered by the state and who is employed by the state or any political subdivision of the state on or after June 24, 1987, shall not have his/her prior service with the state or any political subdivision of the state counted for the purpose of computing vacation leave. The accrual rate for any employee who is currently receiving a higher rate of vacation accrual will not be retroactively adjusted. All previously accrued vacation will remain to the employee's credit. The prospective accrual rate will be adjusted effective with the pay period that begins June 26, 1994.

28.02 - Maximum Accrual

Vacation credit may be accumulated to a maximum that can be earned in three (3) years. Further accumulation will not continue when the maximum is reached. When an employee's vacation reaches the maximum level, and if the employee has been denied vacation during the past twelve (12) months, the employee will be paid for the time denied but no more than 80 hours in a pay period.

Annual Rate of Vacation	Maximum Accumulation
80 hours	240 hours
120 hours	360 hours
160 hours	480 hours
180 hours	540 hours
200 hours	600 hours
240 hours	720 hours

28.03 - Procedure

Vacation leave shall be taken only at times mutually agreed to by the Agency and the employee and shall be used and charged in units of one-tenth (1/10) hour. The Agency may establish minimum staffing levels for a facility which could restrict the number of concurrent vacation leave requests which may be granted.

Employees who work in seven (7) day operations shall be given the opportunity to request vacations by a specified date each year. Employees shall be notified of this opportunity one (1) month in advance of the date. If more employees request vacation at a particular time than can be released, requests will be granted in seniority order.

Employees in seven (7) day operations can also request vacations at other times of the year. If more employees request vacation than can be released, requests will be granted on a first come/first serve basis with seniority governing if requests are made simultaneously.

Emergency vacation requests for periods of three (3) days or less may be made by employees in seven (7) day operations as soon as they are aware of the emergency. An employee shall provide the Employer with verification of the emergency upon return to work.

Other employees shall request vacation according to agency policy (work rules) unless the Employer and the Union mutually agree otherwise. The Employer shall not deny a vacation request unless the vacation would work a hardship on other employees or the Agency. The Employer shall promptly notify employees of the disposition of their vacation requests. Unless the Employer agrees otherwise, an employee's vacation will not exceed one (1) year's accrual.

If an employee going on vacation desires that his/her pay check be mailed to a given address during the vacation, he/she may make a written request to this effect. Such requests shall be honored.

When an emergency exists as defined in Section 13.15, all vacation leave requests may be denied, including those requests already approved. If an employee is called to work from a scheduled vacation leave period, the employee will have the right to take the vacation leave at a later time and will be paid at time and one-half (1/2) for the time the employee is in on-duty status. The employee shall also be reimbursed for any costs incurred as a result of canceling or returning from his/her vacation upon submission of appropriate evidence.

28.04 - Payment Upon Separation

An employee or an employee's estate will be paid for accrued vacation upon termination of state service at the time that the employee receives his/her pay check for the final period of work. Employees separating from employment with less than six (6) months total service will not be paid for any accrued vacation.

28.05 - Disposition of Work During Vacation

Insofar as practicable, during an employee's vacation the Employer shall assign non-individual work to other employees. Upon return from vacation, an employee shall be allowed reasonable time to review work done in his/her absence.

ARTICLE 29 - SICK LEAVE

29.01 - Definitions: Sick Leave for State Employees

A. "Active pay status" means the conditions under which an employee is eligible to receive pay, and includes, but is not limited to, vacation leave, sick leave, and personal leave.

B. "No pay status" means the conditions under which an employee is ineligible to receive pay and includes, but is not limited to, leave without pay, leave of absence, and disability leave.

C. "Full-time employee" means an employee whose regular hours of duty total eighty in a pay period in a state agency, and whose appointment is not for a limited period of time.

29.02 - Sick Leave Accrual

All employees shall accrue sick leave at the rate of 3.1 hours for each eighty (80) hours in active pay status, excluding overtime hours, not to exceed eighty (80) hours in one year.

Less than full-time employees shall receive 3.1 hours of sick leave for each eighty (80) hours of completed service, not to exceed eighty (80) hours in one year.

Employees that are on approved leave of absence or receiving Workers' Compensation benefits shall be credited with those sick leave hours which they normally would have accrued upon their approved return to work.

Sick leave shall be granted to employees who are unable to work because of illness or injury of the employee or a member of his/her immediate family living in the employee's household or because of medical appointments or other ongoing treatment. The definition of "immediate family" for purposes of this Article shall be: spouse, significant other ("significant other" as used in this Agreement, is defined to mean one who stands in place of a spouse, and who resides with the employee), child, step-child, grandchild, parents, step-parents, mother-in-law, father-in-law, son-in-law, daughter-in-law, grandparents, great grandparents, brother, sister, step-siblings, brother-in-law, sister-in-law or legal guardian or other person who stands in the place of a parent. Sick leave may be granted to care for an employee's child/parent(s) regardless of whether or not the child/parent(s) is currently living in the same household, but in cases in which both parents are employed by the State, only one parent may be granted sick leave to care for a child at home on the same day.

A period of up to ten (10) working days of sick leave will be allowed for parenting during the postnatal period or following an adoption.

The amount of sick leave charged against an employee's accrual shall be the amount used, charged in units of one-tenth (1/10) hour. Employees shall be paid for sick leave at the rates specified below with the effective date of this Agreement through the pay period ending November 22, 1997. A new usage period will begin with the pay period effective November 23, 1997. A new usage period will begin each year of the Agreement.

Hours Used	Percent of Regular Rate
1-40 sick leave	100%
40.1 plus sick leave*	70%

* Any sick leave utilized in excess of eighty (80) hours in any usage period shall be paid at one hundred percent (100%).

Any sick leave used during the 40.1 to 80 hours for time spent hospitalized overnight by the employee, employee's spouse or child residing with the employee or for those hours of sick leave used before or after the hospital stay that are contiguous to the hospital stay, will be paid at 100%. In the event this paragraph is found to violate the FMLA or any other State or Federal law or regulation or the implementation of such will adversely affect the provisions of this Article, the parties agree that this paragraph will be null and void.

Employees may elect to utilize sick leave to supplement an approved Disability Leave, Workers Compensation Claim or Childbirth Adoption Leave pursuant to Articles 35A .04, 34.03 and 30.08 C. Sick leave used for these supplements shall be paid at a rate of one hundred percent (100%) notwithstanding the schedule previously specified. After employees have used all of their accrued sick leave, they may, at the Employer's discretion, use accrued vacation, compensatory time or personal days or may be granted leave without pay.

29.03 - Notification

When an employee is sick and unable to report for work, he/she will notify his/her immediate supervisor or designee no later than one half (1/2) hour after starting time, unless circumstances preclude this notification. The Employer may request a statement, from a physician who has examined the employee or the member of the employee's immediate family, be submitted within a reasonable period of time. Such physician's statement must be signed by the physician or his/her designee. In institutional agencies or in agencies where staffing requires advance notice, the call must be made at least ninety (90) minutes prior to the start of the shift or in accordance with current practice, whichever period is less. Failure to notify the Employer in accordance with the provisions of this paragraph shall result in the employee forfeiting any rights to pay for the time period which elapsed prior to notification unless unusual extenuating circumstances existed to prevent such notification.

If sick leave continues past the first day, the employee will notify his/her supervisor or designee of the anticipated duration of the absence. The employee is responsible for establishing a report-in schedule that is acceptable to the supervisor for the anticipated duration of the absence. If an acceptable schedule is not established the employee will notify his/her supervisor every day pursuant to agency reporting procedures.

29.04 - Sick Leave Policy

It is the policy of the State of Ohio to not unreasonably deny sick leave to employees when requested. It is also the policy of the State to take corrective action for unauthorized use of sick leave and/or abuse of sick leave. It is further the policy of the State that when corrective and/or disciplinary action is taken, it will be applied progressively and consistently.

It is the desire of the State of Ohio that when discipline is applied it will serve the purpose of correcting the performance of the employee.

Sick Leave Policy

I. Purpose

The purpose of this policy is to establish a consistent method of authorizing employee sick leave, defining inappropriate use of sick leave and outlining the discipline and corrective action for inappropriate use. The policy provides for the equitable treatment of employees without being arbitrary and capricious, while allowing management the ability to exercise its administrative discretion fairly and consistently.

II. Definition

A. Sick Leave:

Absence granted per negotiated contract for medical reasons.

B. Unauthorized use of sick leave:

1. Failure to notify supervisor of medical absence;
2. Failure to complete standard sick leave form;
3. Failure to provide physician's verification when required;
4. Fraudulent physician verification.

C. Misuse of sick leave:

Use of sick leave for that which it was not intended or provided.

D. Pattern abuse:

Consistent periods of sick leave usage, for example:

1. Before, and/or after holidays;
2. Before, and/or after weekends or regular days off;
3. After pay days;
4. Any one specific day;
5. Absence following overtime worked;

6. Half days;
7. Continued pattern of maintaining zero or near zero leave balances;
8. Excessive absenteeism.

III. Procedure

A. Physician's verification

At the Agency Head or designee's discretion, in consultation with the Labor Relations Officer, the employee may be required to provide a statement, from a physician, who has examined the employee or the member of the employee's immediate family, for all future illness. The physician's statement shall be signed by the physician or his/her designee. This requirement shall be in effect until such time as the employee has accrued a reasonable sick leave balance. However, if the Agency Head or designee finds mitigating or extenuating circumstances surrounding the employee's use of sick leave, then the physician's verification need not be required.

Should the Agency Head or designee find it necessary to require the employee to provide the physician's verification for future illnesses, the order will be made in writing using the "Physician's Verification" form with a copy to the employee's personnel file.

Those employees who have been required to provide a physician's verification will be considered for approval only if the physician's verification is provided within three (3) days after returning to work.

B. Unauthorized use or abuse of sick leave

When unauthorized use, or abuse of sick leave is substantiated, the Agency Head or designee will effect corrective and progressive discipline, keeping in mind any extenuating or mitigating circumstances.

When progressive discipline reaches the first suspension, under this policy, a corrective counseling session will be conducted with the employee. The Agency Head or designee and Labor Relations Officer will jointly explain the serious consequences of continued unauthorized use or abuse of sick leave. The Agency Head or designee shall be available and receptive to a request for an Employee Assistance Program in accordance with Article 9 (EAP). If the above does not produce the desired positive change in performance, the Agency Head or designee will proceed with progressive discipline up to and including termination.

C. Pattern abuse

If an employee abuses sick leave in a pattern, per examples noted in the section under definitions (not limited to those listed), the Agency Head or designee may reasonably suspect pattern abuse. If it is suspected, the Agency Head or designee will notify the employee in writing that pattern abuse is suspected. The Agency Head or designee will use the "Pattern Abuse" form for notification. The notice will also invite the employee to explain, rebut, or refute the pattern abuse claim. Use of sick leave for valid reasons shall not be considered for pattern abuse.

29.05 - Carry-Over and Conversion

Employees will be offered the opportunity to convert to cash any part of their sick leave accrued and not used for the twelve (12) month period ending on the last day of the pay period in November from which the first paycheck in December is issued each year at the following rates.

Number of Hours Subject to	
Cash Conversion	Percent of Regular Rate
80	80%
72 to 79.9	75%
64 to 71.9	70%
56 to 63.9	65%
48 to 55.9	60%
47.9 and less	55%

An employee not exercising a choice will automatically have the hours carried forward. An employee who has a minimum of five (5) years of state service with the State of Ohio who terminates state service or retires, shall convert to cash any sick leave accrued at the employee's regular rate of pay earned at the time of separation within three (3) years of separation at the rate of fifty-five percent (55%) for retirement separation and fifty percent (50%) for all other separations. If an employee dies, the converted sick leave shall be credited to his/her estate. An employee who is granted military leave or leave without pay may be paid for accrued sick leave or may keep it in reserve for use upon return at his/her discretion. An employee who is re-employed, reinstated or recalled from lay off and who received a lump sum payment for unused sick leave may have such days restored by returning the amount paid by the Employer for the number of days to be restored.

Employees hired after July 1, 1986, who have previous service with political subdivisions of the State may use sick leave accrued with such prior employers but shall not be permitted to convert such sick leave to cash.

An employee who transfers from one bargaining unit to another shall be credited with the unused balance of his/her sick leave balance up to the maximum sick leave accumulation permitted in the bargaining unit to which the employee transfers.

29.06 - Leave Donation Program

Employees may donate paid leave to a fellow employee who is otherwise eligible to accrue and use sick leave and is employed by the same Agency. The intent of the leave donation program is to allow employees to voluntarily provide assistance to their co-workers who are in critical need of leave due to the serious illness or injury of the employee or a member of the employee's immediate family. The definition of immediate family as provided in rule 123:1-47-01 of the Administrative Code shall apply for the leave donation program.

- A. An employee may receive donated leave, up to the number of hours the employee is scheduled to work each pay period, if the employee who is to receive donated leave:
 1. Or a member of the employee's immediate family has a serious illness or injury;
 2. Has no accrued leave or has not been approved to receive other state-paid benefits; and
 3. Has applied for any paid leave, workers' compensation, or benefits program for which the employee is eligible. Employees who have applied for these programs may use donated leave to satisfy the waiting period for such benefits where applicable, and donated leave may be used following a waiting period, if one exists, in an amount equal to the benefit provided by the program, i.e. fifty six hours (56) pay period may be utilized by an employee who has satisfied the disability waiting period and is pending approval, this is equal to the seventy percent (70%) benefit provided by disability.
- B. Employees may donate leave if the donating employee:
 1. Voluntarily elects to donate leave and does so with the understanding that donated leave will not be returned;
 2. Donates a minimum of eight hours; and
 3. Retains a combined leave balance of at least eighty hours. Leave shall be donated in the same manner in which it would otherwise be used except that compensatory time is not eligible for donation.
- C. The leave donation program shall be administered on a pay period by pay period basis. Employees using donated leave shall be considered in active pay status and shall accrue leave and be entitled to any benefits to which they would otherwise be entitled. Leave accrued by an employee while using donated leave shall be used, if necessary, in the following pay period before additional donated leave may be received. Donated leave shall not count toward the probationary period of an employee who receives donated leave during his or her probationary period. Donated leave shall be considered sick leave, but shall never be converted into a cash benefit.
- D. Employees who wish to donate leave shall certify:
 1. The name of the employee for whom the donated leave is intended;
 2. The type of leave and number of hours to be donated;
 3. That the employee will have a minimum combined leave balance of at least eighty hours; and
 4. That the leave is donated voluntarily and the employee understands that the donated leave will not be returned.
- E. Appointing authorities shall ensure that no employees are forced to donate leave. Appointing authorities shall respect an employee's right to privacy, however appointing authorities may, with the permission of the employee who is in need of leave or a member of the employee's immediate family, inform employees of their co-worker's critical need for leave. Appointing authorities shall not directly solicit leave donations from employees. The donation of leave shall occur on a strictly voluntary basis.

29.07 – Sick Leave Pilot Programs

The parties may, by mutual agreement, enter into a joint study(s) and pilot(s) that will explore alternate sick leave provisions that could modify provisions of Article 29 and be implemented by an institution or agency or as otherwise mutually agreed to by the parties.

The parties further agree that Agencies or individual institutions, with the Agency's approval, and the Union may, with OCB approval, mutually agree to sick leave provisions that allow for alternative sick leave payment arrangements. A special joint committee will be established by OCSEA and OCB to jointly examine sick leave concepts, study sick leave use practices and design alternate sick leave program(s) that can be piloted in state agencies jointly selected by the parties. Such programs would be designed to improve sick leave practices and could

include but not be limited to concepts that include gain sharing where savings are realized, paid time off (PTO) type programs or use of time and attendance umpires. Employees who work or supplement their pay during the latter four (4) weeks of leave, as described above, shall have their pay for hours worked or supplemented so calculated that working or supplementing thirty (30%) percent of their normally scheduled work hours during the pay period shall result in a bi-weekly pay amount equal to their regular bi-weekly pay. Employees who work more than thirty (30%) percent of their regularly scheduled hours shall forfeit paid Adoption/Childbirth leave on an hour for hour basis for all excess hours.

I. Duration

Effective with the beginning of the pay period which includes July 1, 2005, the pay schedules shall be increased by four percent (4%).

36.03 - Step Movement

Effective the pay period including July 1, 2003, there shall be no non-probationary step movements, including any step movement provided for in agency specific agreements. Step movement shall resume on the pay period including July 1, 2005. No retroactive movement shall occur for the two (2) years that have been skipped. Freezing of step movements shall not affect the performance evaluation schedule.

Newly hired employees will move to the next step in their pay range after completion of probation. A. Classifications and Pay Range Changes

The Employer, through the Office of Collective Bargaining, may create classifications, change the pay range of classifications, authorize advance step hiring if needed for recruitment or other legitimate reasons, and issue or modify specifications for each classification as needed. Before proposing changes to the Department of Administrative Services, an agency must discuss them with the Union pursuant to Section 8.02. Additionally, the Office of Collective Bargaining shall notify the Union forty-five (45) days in advance of any change of pay range or specifications. Should the Union dispute the proposed action of the Employer and the parties are unable to resolve their differences, they shall resolve the issue through arbitration pursuant to Section 25.03 of this Agreement. The Union shall appeal the matter to arbitration by providing written notice to the Employer. The matter shall be submitted to a mutually agreed upon arbitrator knowledgeable in classification and compensation matters.

At the request of the Union, but not more frequently than once each four (4) years per classification, the Department of Administrative Services shall review up to eight (8) designated classifications per year for duties, responsibilities, education and/or experience, certification and/or licensure, and working condition factors. Such review shall be combined with salary survey data to determine appropriate salary range assignment. Such reviews shall be based upon a position description questionnaire survey of all incumbents in the classification, and shall be completed within 120 days of the initial request. The timelines in classifications exceeding three hundred (300) incumbents will be mutually set. Each employee shall complete his/her own PDQ. Those employees who do not complete an individual PDQ shall be assigned to the appropriate classification and pay range based on the supervisor's review. Prior to the distribution of PDQ's the Union and State shall conduct a joint training on how to complete PDQ's. The content of the training shall be mutually agreed to by DAS and the Union. The scheduling and the training shall be mutually conducted by agency personnel and the Union. The training shall be no more than two (2) hours.

If an employee is found to have been improperly classified as determined from his/her PDQ, the employee shall be allocated to the appropriate classification in accordance with the finding of DAS. If the employee is

performing duties of a lower classification, the employee shall be assigned into a lower classification and shall be placed in the step within the new pay range that provides the employee with compensation that is equal to his/her current rate or that provides the least amount of increase, but no decrease in pay. Longevity supplements shall not decrease as a result of being placed in step X. If the employee's base rate of pay exceeds the maximum rate of pay in the new pay range, the employee shall be placed in step X. If the employee is performing duties of a higher classification, the employee shall be placed in the higher classification at the step in the higher pay range which is approximately four percent (4%) higher than the current step rate of the employee. The back pay award, if any, shall be effective on the effective date of the pay range determination in accordance with this Article. The employee, through the Union, has sixty (60) days from the date the Union receives the findings of DAS to appeal the classification assignment. An employee on disability may appeal a classification assignment under this process within two (2) weeks following reinstatement from the disability.

Classification allocation appeals shall be conducted by the arbitrator selected for the Article 19 grievance reviews. The arbitrator shall determine whether the employee is appropriately allocated to the new classification, and if not, determine the classification assignment that is appropriate. If it is found that the employee is serving in a class not subject to the classification review; the employee shall receive an adjustment effective the date the study was implemented. Employees who do not complete a PDQ shall have no right to appeal the DAS determination. This appeal process shall also apply to state initiated classification reviews.

Pay adjustments pursuant to the classification review shall not be made effective before the beginning of the next fiscal year unless mutually agreed otherwise. The Union shall have the right to appeal the pay range determination directly to Step Five (5) of Article 25 within 30 days of receipt of written notice of the Department of Administrative Services determination. An Arbitrator shall have no authority to award backpay for any period of time prior to the beginning of the fiscal year that begins after the grievance award.

When a classification is reallocated to a higher pay range, employees in the affected class shall be assigned to the step in the new pay range which provides for a wage increase of approximately four percent (4%), except that no employee who has completed probation in that classification will be assigned to step one (1).

B. High Performance Work Systems

The Employer and the Union agree to maintain a joint committee to continue to examine issues raised in the joint report on high performance work systems and alternative compensation systems issued 3/13/98. The committee shall consist of up to five (5) representatives designated by the Union and the Office of Collective Bargaining. The state employee members will serve without loss of pay or travel expenses, exclusive of overtime.

The committee will include in its work consideration of ways that the recommendations contained in the report can be implemented as set out in pages 6-11. The parties agree that, except as may be mutually agreed otherwise, no pilot or project initiated as a result of this effort will conflict with, amend or abridge any provision of this Agreement. It is further agreed that no pilot or project initiated as a result of this effort will result in loss of pay or benefits, nor shall it result in the layoff of any employee.

36.06 - Roll Call Pay

Effective July 1, 2004, Correction Officers and Psychiatric Attendants in the Department of Rehabilitation and Correction shall be entitled to thirty (30) minutes of roll call pay at straight time for reporting not less than ten (10) minutes prior to the beginning of their shift. Roll call pay shall not be considered time in active pay status for the purposes of Article 13, Section 13.10.

36.07 - Longevity Pay

Beginning on the first day of the pay period within which an employee completes five (5) years of total state service, each employee will receive an automatic salary adjustment equivalent to one-half percent (1/2%) times the number of years of service times the first step of the pay rate of the employee's classification up to a total of twenty (20) years. This amount will be added to the step rate of pay.

Longevity adjustments are based solely on length of service excluding any service time earned between July 1, 2003 and June 30, 2005, inclusive. They shall not be affected by promotion, demotion or other changes in classification.

Effective July 1, 1986, only service with state agencies, i.e. agencies whose employees are paid by the Auditor of State, will be computed for the purpose of determining the rate of accrual for new employees. Service time for longevity accrual for employees will not be modified by the preceding sentence.

36.08 - Shift Differential

Bargaining unit members who are regularly assigned to work shifts shall receive a shift differential of \$.35 per hour for each hour worked in each shift beginning between the hours of 2:00 p.m. and 3:00 a.m. The shift differential shall be added to the employee's regular rate of pay.

36.09 - Schedule C Employees

Employees formerly covered by Schedule C and identified in Section 13.10 shall continue to be covered by the existing overtime practices, notwithstanding the provisions of Section 13.10.

36.10 – Agency Specific Agreements

Any Agency Specific Agreement reached during the present round of negotiations that provides for any increase in the form of salaries, bonuses or supplements, etc. is null and void as to the amount of the increase. All present supplements in agency specific agreements should continue unchanged for the duration of this Agreement.

ARTICLE 37 - WORK FORCE DEVELOPMENT

37.01 - Training and Development

The Employer and the Union recognize the importance of employee training and development as an element of productivity and quality improvement. Employee training and development is regarded as an investment rather than a cost and the parties seek to expand as well as develop employee skills through training initiatives.

37.02 - Work Force Development Fund

A. Purpose

The State shall maintain a Work Force Development Fund for the purpose of developing and supporting a comprehensive program of work force training initiatives, including but not limited to the following:

1. Basic skills development;
2. Technical and computer skills training;
3. Tuition assistance, reimbursement and vouchers;
4. Workplace redesign and technological change;
5. Labor-Management relationships and problem-solving;
6. Agency-specific projects.

B. Steering Committee

A Steering Committee consisting of eight (8) members shall determine the goals, guidelines and operating principles of the Work Force Development Fund and to oversee the administration of the programs and the fund established by this Article. The Steering Committee shall include four (4) persons designated by the Employer and four (4) persons designated by the Union, including the OCSEA Executive Director and the Director of DAS or their designees who shall serve as co-chairs. The Steering Committee may select and hire staff, consultants and service providers by majority vote.

C. Funding and Administration

The current fund administration shall be altered to reflect the accounting practices detailed in accordance with Section D of this Article. Effective July 1, 2003, the current method of funding for the Workforce Development Fund shall be modified as follows: The Employer shall make an 'Employer Contribution', and, on behalf of the employees due to a previous wage increase modification, an 'Employee Contribution'. The 'Employer Contribution' shall be ten cents (\$.10) for each hour in active payroll status, including sick leave, for each bargaining unit employee. The 'Employee Contribution' shall be five cents (\$.05) for each hour in active payroll status, including sick leave, for each bargaining unit employee. The parties agree that the net assets of the fund shall not be greater than twelve million dollars (\$12,000,000). Should the net assets of the fund exceed twelve million dollars (\$12,000,000) the Employer's share of the contributions shall cease. The Employer's contribution shall be reinstated if the net assets of the fund fall below nine million (\$9,000,000) dollars. Fund balances unexpended or encumbered in one (1) fiscal year shall be carried forward and be available in subsequent fiscal years, within the limit of the twelve million (\$12,000,000) dollars cap set forth above. No wage scale shall be increased or decreased as a result of the temporary cessation of contributions or the reinstatement of same. No later than December 31, 2003, DAS shall administer such programs through a Third Party Administrator (TPA).

D. Operations and Accounting

The Fund shall be maintained and managed using Generally Accepted Accounting Principles (GAAP). Annually and no later than three (3) months past the end of the fiscal year, the Steering Committee shall cause an audit of the fund to be completed utilizing an outside, independent auditing firm. The auditing firm selected shall prepare and complete the audit and report its findings to the Steering Committee and the Department of Administrative Services. The DAS shall ensure that all direct costs associated with the administration and operation of the Work Force Development Fund shall be paid from the fund.

E. General

The purpose of the fund is to enhance, but not duplicate, existing State work force training and development except as otherwise agreed by the Steering Committee. Should the Steering Committee determine to assume established programs, e.g., Sterling Institute, existing funding levels for the program(s) will be transferred to the Work Force Development Fund. Additionally, the parties agree that the Steering Committee will establish an employee educational financial assistance program providing payment of tuition and fees for each bargaining unit employee who applies for such benefits, in such amounts as established by the Steering Committee, subject to conditions and procedures as established by the Steering Committee.

37.03 - Orientation Training

Every new employee will receive orientation that provides an overview of the role and function of the Agency. Such orientation may also include, but is not limited to, current procedures, forms, methods, techniques, materials and equipment. This may be done on a group basis and shall be given as needed.

Employees who work in Corrections, Youth Services, MH and MR/DD facilities will be provided training in crisis intervention techniques to appropriately respond to client behavior that could result in injury to self or others.

37.04 - In-Service Training

Whenever employees are required to participate in in-service training programs, they shall be given time off from work with pay to attend such programs, including any travel time needed. Any costs incurred in such training shall be paid by the Employer. Every reasonable effort shall be made to notify employees of training opportunities through available channels of communication.

37.05 - Leave for Training/Continuing Education Programs

The Employer may grant permanent employees paid leave during regular work hours to participate in non-Agency training/continuing education programs which are directly related to work in the employee's Agency and will lead to the improvement of the employee's skills and job performance or as a part of an approved career ladder or skill expansion program. Reasonable effort will be made to equitably distribute such training opportunities among employees.

37.06 - Training Records

Except where the Union and the State have otherwise agreed, upon completion of a training/continuing education program, the participant will forward a certificate or other appropriate recognition of course completion to the appropriate Agency designee for placement in the employee's personnel file.

If such evidence is not received, additional requests for release time will not be approved.

37.07 - Pre-Retirement Programs

The Employer shall request the Public Employees Retirement System to conduct pre-retirement programs or it may conduct such programs for employees who are within one (1) year of eligibility for full retirement. Such training, if provided, shall be during regular working hours and eligible employees scheduled to work at that time shall be given time off to attend the training. Employees may attend only one (1) training session.

37.08 - Accreditation, Licensure or Certification Requirements

If accreditation, licensure or certification requirements of a position are changed and an employee serving in such a position does not possess the requirements(s), the affected employee shall meet such requirement(s) as soon as reasonably possible.

If meeting the requirement(s) requires additional in-service training and/or leave for training/continuing education programs, Sections 37.04 and 37.05 may be applied.

If an employee does not meet the requirement(s) within a reasonable period of time, the employee shall be moved into another position. If that position pays less than the employee's present salary, the employee's salary shall be frozen until such time as the employee's new pay schedule catches up with the frozen salary.

ARTICLE 38 - TECHNOLOGICAL CHANGE

Whenever new equipment or technological changes significantly affect operations, the Employer will provide notice to the Union as soon as practicable but not less than sixty (60) days in advance. The Employer, whenever possible, will provide training to employees to acquire the skills and knowledge necessary for the new procedures.

Reasonable notice shall be given in advance of any technological changes that could potentially displace employees so that employees can be retrained. Such training shall be for employees to acquire skills and knowledge necessary to adapt to the technological changes within the agency. Training will be provided on an equal opportunity basis to all employees within the affected classification; where there are limitations of resources,

state seniority shall be used to determine the order in which training opportunities are made available. An employee shall be responsible for registering for such training.

The Employer will make every reasonable effort to schedule the training during normal working hours. If the training does occur during normal working hours, then the employee to be trained shall be permitted time off to participate in the training. The training shall be at the Employer's expense.

Should an employee be unable to satisfactorily complete the required training, the Agency will make a good faith effort to place an employee into a similar position within the same geographic jurisdiction (see Appendix J). If that position is at a pay level less than the employee is presently receiving, the employee's salary shall be frozen until such time as the employee's new pay schedule catches up to the frozen salary.

ARTICLE 39 - SUB-CONTRACTING

39.01 - Contracting Out

The Employer intends to utilize bargaining unit employees to perform work which they normally perform. However, the Employer reserves the right to contract out any work it deems necessary or desirable because of greater efficiency, economy, programmatic benefits or other related factors.

If the Employer considers contracting out a function or service, which would result in the layoff of bargaining unit employees, the Employer shall provide not less than 120 days advance written notice to the Union. Upon request the Employer shall meet with the Union to discuss the reasons for the contracting proposal and provide the Union an opportunity to present alternatives.

If the Employer does contract out, any displaced employee will have the opportunity to fill existing equal rated permanent vacancies at his/her work location or other work locations of the Agency. In the event an employee needs additional training to perform the required work in such other position, which can be successfully completed within a reasonable length of time, the Employer shall provide the necessary training during working hours at the Employer's expense.

Except for government employees from other jurisdictions who are part of a state agency's organizational structure, non-state employees will not ordinarily serve as supervisors (as defined by ORC Section 4117.01 F) of any bargaining unit employees. Bargaining unit employees will not be responsible for training contract workers, except bargaining unit employees may be required to provide orientation and training related to agency policies, procedures and operations.

39.02 - Contracting-In

- A. The Union will be granted a reasonable opportunity to demonstrate that bargaining unit employees can competitively perform work, which has been previously contracted out, including access to available information regarding costs and performance audits. In considering the granting, renewal or continuation of competitively bid contracts for work normally performed by bargaining unit employees, to the extent feasible the Employer will examine information provided by the Union regarding whether or not such work can be performed with greater efficiency, economy, programmatic benefit or other related factors through the use of bargaining unit employees rather than through renewal or continuation of the contract or initial contracting out of work.
- B. Within thirty (30) days of the effective date of this Agreement the State will furnish to the Union the State agency web site addresses that identify requests for proposals (RFP) and invitation to bids (ITBS) for work it expects to contract out. The Union will receive additional State web sites within thirty (30) days of when they come on line.

39.03 – Joint Sub-Contracting Pilots

Within 120 days of this Agreement the parties will agree to the establishment of 3 Agency pilot programs that will explore Agency contracting practices and develop strategies for alternatives to contracting out. Pilots will explore the factors that motivate subcontracting, discuss future plans and develop joint strategies that will permit State employees to perform the work by meeting the agency service delivery needs.

ARTICLE 40 - INDEMNIFICATION

The Employer agrees to indemnify employees from liability incurred in the performance of their duties in accordance with Ohio Revised Code Section 9.87 and other related ORC provisions. Further the Employer may indemnify employees, under the circumstances and in accordance with the procedures set forth in the Ohio Revised Code under Section 9.87, from liability for compensatory or punitive damages incurred in the

performance of their duties by paying any judgment in, or amount negotiated in settlement of, any civil action arising under the law of the State of Ohio, the law of any other state, or under federal law. The actions of the Ohio Attorney General pursuant to the Ohio Revised Code Section 9.87 are not subject to the grievance or arbitration procedures.

Premiums for any bond required by the Employer or law for any employee to carry out his/her assigned duties shall be paid by the Employer.

ARTICLE 41 - NO STRIKE/NO LOCKOUT

There shall be no strike/no lockout during the term of this Agreement pursuant to ORC Chapter 4117.

ARTICLE 42 - SAVINGS

Should any part of this Agreement be declared invalid by operation of law or by a tribunal of competent jurisdiction, the remainder of the Agreement will not be affected thereby but will remain in full force and effect. In the event any provision is thus rendered invalid, upon written request of either party, the Employer and Union will meet promptly and negotiate a mutually satisfactory modification within thirty (30) days.

ARTICLE 43 – DURATION

43.01 - Duration of Agreement

This Agreement shall continue in full force and effect for the period March 1, 2003 through February 28, 2006, and shall constitute the entire Agreement between the parties. All rights and duties of both parties are specifically expressed in this Agreement. This Agreement concludes the collective bargaining for its term, subject only to a desire by both parties to agree mutually to amend or supplement it at any time. No verbal statements shall supersede any provisions of this Agreement.

43.02 - Renegotiations

The Union shall designate bargaining unit approximately twenty-two (22) bargaining unit members to serve on the master negotiating team (based upon one (1) member for each 2,000 bargaining unit employees or major fraction thereof, with a minimum of one (1) per unit, plus the three (3) state-wide elected officers). The parties may mutually agree to sub-divide the master teams to negotiate bargaining unit issues. If such unit negotiations cannot be sufficiently staffed by members of the master negotiating teams, the parties may mutually agree to additional members. Members of the Union negotiating team shall be paid by the Employer for the time spent in negotiations with the Employer as well as for the time spent enroute to and from such negotiations, provided that no Union negotiating team member shall receive more than eight (8) hours pay for any single day. At the request of the Union, Union negotiating team members will also be paid for at least three (3) days of negotiations preparations.

An additional forty (40) designated Union representatives shall each be allowed up to a total of twenty-four (24) hours of paid time, as requested by the Union, for purposes of consulting with the negotiating team in the development of proposals and during the final weeks of bargaining.

43.03 - Mid-Term Contractual Changes

The Employer and the Union have the power and authority to enter into amendments of this Agreement during its term constituting an addition, deletion, substitution or modification of this Agreement. Any amendment providing for an addition, deletion, substitution or modification of this Agreement must be in writing and executed by the Executive Director of the Union and the Director of the Department of Administrative Services or designee. Upon its execution, such amendment shall supersede any existing provision of this Agreement in accordance with its terms and shall continue in full force and effect for the duration of this Agreement. All other provisions of this Agreement not affected by the amendment shall continue in full force and effect for the term of this Agreement. Memoranda of Understanding, amendments and any other mutually agreed to provisions, during the term of this Agreement, become effective upon the execution by the Deputy Director of the Office of Collective Bargaining and the President of the Union. In the event such Memoranda of Understanding, amendments, or any other mutually agreed to provision require ratification by the union's membership, such ratification shall be made within sixty (60) days or such agreements shall be deemed ratified.

43.04 – Contract Dispute

Whenever there is a dispute as to the correct interpretation of a matter resolved through mediation/factfinding, the parties agree that the mediator/factfinder shall be retained to clarify the matter in the dispute. In the event the mediator/factfinder is unable to clarify the matter, it may be resolved pursuant to the Grievance Procedure.

43.05 – Ratification/Contract Finalization Payment

In consideration of ratification and/or finalization of this Agreement, employees who are covered by this collective bargaining agreement and are on the active payroll as of March 6, 2003, and November 14, 2004, shall receive a one-time two percent (2%) lump sum ratification payment in pay period that includes December 1, 2004. This two percent (2%) payment shall be based on the annualization of the top step rate of the pay range in which the employee is in on November 14, 2004, and is not to be included in the wage base. Less than full-time employees shall receive a pro-rated amount based on the number of hours worked in the twenty-six (26) pay periods preceding November 14, 2004. This payment shall not be subject to PERS withholding.

ARTICLE 44 – MISCELLANEOUS

44.01 - Agreement

To the extent that this Agreement addresses matters covered by conflicting State statutes, administrative rules, regulations or directives in effect at the time of the signing of this Agreement, except for ORC Chapter 4117, this Agreement shall take precedence and supersede all conflicting State laws.

44.02 - Operations of Rules and Law

To the extent that State statutes, regulations or rules promulgated pursuant to ORC Chapter 119 or Appointing Authority directives provide benefits to State employees in areas where this Agreement is silent, such benefits shall be determined by those statutes, regulations, rules or directives.

The Employer will satisfy its collective bargaining obligation before changing a matter which is a mandatory subject of bargaining.

44.03 - Work Rules

After the effective date of this Agreement, agency work rules or institutional rules and directives must not be in violation of this Agreement. Such work rules shall be reasonable. The Union shall be notified prior to the implementation of any new work rules and shall have the opportunity to discuss them. Likewise, after the effective date of this Agreement, all past practices and precedents may not be considered as binding authority in any proceeding arising under this Agreement.

44.04 - Successor

In the event that the Employer or any of its Agencies covered by this Agreement sells, leases, transfers or assigns any of its facilities to political subdivisions, corporations or persons, and such sale, lease, transfer or assignment would result in the layoff or termination of employees covered by this Agreement, the Agency and Employer shall attempt in good faith to arrange for the placement of such employees with the new employer or the State.

The Agency shall notify the Union in writing at least thirty (30) days in advance of the final date of any such sale, lease, transfer or assignment.

In the event the Employer plans to close an institution or part thereof it shall give ninety (90) days advance notice to the Union. The Union shall be given the opportunity to discuss the planned closure with the Employer. Should it become necessary to close an institution or part thereof, the following guidelines will be utilized:

- A. Where individual institution(s) or part(s) thereof are closed, the provisions of Article 18 will apply;
- B. The Agency(s) will seek to absorb all affected employees or help displaced workers obtain employment in other areas of the public sector;
- C. A concerted effort will be made to relocate displaced employees within the framework of any new delivery system. The Employer will seek to involve the Union and any newly-created structure in a positive program for the hiring and possible retraining of any displaced employee;
- D. In cooperation with the Union, the Agency(s) will aggressively search for any available program assistance for the purpose of job training and/or placement. The Union and the Employer will closely examine all possible avenues for human resource assistance in both the public and private sectors.

44.05 - Errata

It is the understanding of the parties that any errors in printing or typography will not alter the intent of the parties with respect to any such item.

APPENDIX K

Guidelines for Occupational Injury Leave

1. An employee of the Ohio Department of Mental Health, the Department of Mental Retardation and Developmental Disabilities, the Ohio Veterans Home, and Schools for the Deaf and Blind, Department of Rehabilitation and Correction, and the Department of Youth Services who suffers bodily injury inflicted by an inmate, patient, resident, client, youth or student in the above agencies, shall be eligible for his/her total rate of pay during the period he/she is disabled as a result of such injury but in no case to exceed 960 hours. This form of compensation shall be in lieu of Workers' Compensation. The employee shall apply for Workers' Compensation lost time benefits while he/she is receiving occupational injury leave. Workers' Compensation lost time benefits may be received, if awarded, by the employee after the occupational leave is exhausted. Employees who have been approved for OIL and are then approved for Workers' Compensation lost time benefits for a psychological illness as a continuation of the same claim for bodily injury, and who have not been paid 960 hours of OIL, shall be permitted to supplement the Workers' Compensation Benefits with OIL up to 100% of the employee's regular rate of pay, not to exceed 60 hours of OIL and with the total limit of 960 hours of OIL.
2. Pay made regarding this leave shall not be charged to the employee's accumulation of sick leave credit.
3. Employees who think they are eligible for this type of leave may apply to their Agency Designee within twenty (20) days of the incident giving rise to the injury unless physically unable to do so.
4. A statement of circumstances of the injury shall be filed with the Director of Administrative Services by the employee's Appointing Authority. This statement shall show conclusively that the injury was sustained in the line of duty and was inflicted by an inmate, patient, resident, client, youth or student and did not result from accident or from misbehavior or negligence on the part of the employee. A statement by the injured employee recounting the circumstances of the injury shall accompany the Appointing Authority's statement.
5. The Appointing Authority may also obtain and file with the Director of Administrative Services the report of a physician designated by the Director of Administrative Services as to the nature and extent of the employee's injury.
6. The employee shall be obligated to submit documentation from the attending physician indicating extent of the disability to receive necessary medical treatment and to return to active work status at the earliest time permitted by his/her attending physician. Where a medical question is at issue, the Employer shall obtain a medical opinion conducted by a physician of the specialty for which the employee is receiving treatment (if any), mutually agreed to by the State and the employee's attending physician. The independent physician shall render a medical opinion within thirty days of the selection and the decision of the independent physician shall be binding.
7. An employee on Occupation Injury Leave shall accrue sick leave and personal leave but shall not accrue vacation leave.
8. If an employee's injury or disability as covered by the above guidelines extends beyond 960 hours he/she shall immediately become subject to Article 29, "Sick Leave", of this contract.
9. An employee is disqualified from receipt of benefits if the employee engages in any occupation for wages or profit as defined in the appropriate Workers' Compensation statute. If such an employee has already received the benefits, then he/she must reimburse the State in the amount of the benefits received. The employee may be subject to disciplinary action for violation of this Article.

APPENDIX M
Drug-Free Workplace Policy

Section 1. Statement of Policy

- A. Both the State and the Union desire a workplace that is free from the adverse effects of alcohol and other drugs. As such, both parties acknowledge that substance abuse is a serious and complex, yet treatable, condition/disease that adversely affects the productive, personal and family lives of employees. The parties further acknowledge that substance abuse may lead to safety and health risks in the workplace, for the abusers, their co-workers, and the public-at-large. Accordingly, the State and the Union pledge to work collaboratively in programs designed to reduce and eradicate the abuse of alcohol and drugs.
- B. The Union recognizes the need to address problems associated with having on-duty employees under the influence of alcohol or drugs. The Union also recognizes the State's obligations under the Federal Drug-Free Workplace Act of 1988 and other Federal laws and regulations concerning the controlling of substance abuse in the workplace. At the same time, the State recognizes employees' rights to privacy and other constitutionally guaranteed rights, as well as the due process and just cause obligations of this Agreement. Both parties agree that the emphasis of any drug-free workplace programs shall be to prevent and rehabilitate employees and to abate risks created by employees who are on duty in an impaired condition.
- C. The State will periodically provide information and training programs concerning the impact of alcohol and other drug use on job performance, as well as information concerning the State's Employee Assistance Program and any other resources that an employee or his/her family may contact for assistance in overcoming an alcohol and/or other drug problem. All bargaining unit employees shall be furnished with a copy of the Employer's drug-free workplace policies within thirty (30) days of initial employment with a state agency. Additionally, each employee will similarly be provided with a written description of the Employer's drug testing policy, including the procedures under which a test may be ordered, procedures for obtaining samples for testing, how testing will be conducted and reported to the Employer and employees; and the potential consequences of refusing to submit to testing or of positive test results. In addition, managers and supervisors shall be provided training about the Drug-Free Workplace Policy and alcohol and the drug-testing program in

order to ensure that the policy and program are administered consistently, fairly, and within appropriate Constitutional parameters.

Training will be provided to all covered employees prior to implementation based upon agreement of the parties, joint training by the parties can be provided on an Agency basis. New employees who are covered will be provided notice and training prior to testing. Testing for new classifications listed in Section 7 will not commence until such time as employees are provided notice and training.

- D. Any employees suffering from a substance abuse problem shall receive the same careful consideration and offer of treatment that is presently extended under the State's existing benefit plans to those employees having other mental health and substance abuse conditions, as well as under the Employee Assistance Plan established under Article 9 of this Agreement. The same benefits and insurance coverages that are provided for all other illnesses, diseases, and/or physical or psychological conditions, under the State's established health insurance benefit plan, shall be available for individuals who accept medically approved treatment of alcoholism or drug dependency.
- E. An employee's refusal to accept referral for diagnosis or to follow the prescribed treatment will be handled in accordance with other policies relating to job performance, subject to the contractual grievance/arbitration procedures and other provisions of this Agreement. No person with a substance abuse problem shall have his/her job security or promotional opportunities jeopardized by a request for diagnosis and/or treatment. Continued unacceptable job performance, attendance, and/or behavioral problems will result in disciplinary action, up to and including termination.
- F. The confidential nature of the medical records of employees with substance abuse problems shall be maintained pursuant to both Ohio and Federal laws. Similarly, all records relating to drug tests and their results shall be maintained in accordance with Ohio and Federal laws.
- G. All Department heads, managers, and supervisors are responsible for adherence to, and implementation, enforcement, and monitoring of, this policy.

APPENDIX N

Memorandum of Understanding For Implementation of Work Areas For Mental Retardation, Department of Youth Services, and Ohio Veterans Home of 8/31/87

A. Work Areas for Mental Health, Mental Retardation, Department of Youth Services, and Ohio Veterans Home

"Work areas," for the purposes of this memorandum, shall be defined as the smallest subdivision of regular work assignment in the physical setting wherein an employee performs his/her assigned work on a regular basis. (Examples include, but are not limited to, a ward, unit, module, cottage or 1/2 a cottage, kitchen, laundry, building or facility.)

B. Selection of Work Area Process

Within thirty (30) days of the completion of the specified work area negotiations (as outlined in G), each institution shall post all the work area assignments as defined in A above) for the positions identified in Appendix N. The postings shall include the classification, exact work area, the regularly scheduled days off pursuant to Article 13, and the shift. The affected employees (in classifications listed in Appendix N) at each institution shall be canvassed jointly by the Employer and the Union in institutional seniority order with the most senior employee person being asked his/her preference first; the next most senior person second, etc. Those employees shall be permitted to select their preferred work area. The work area shall be awarded to the employee with the most institutional seniority unless the agency can show that the skills and abilities of a junior employee who has bid on the work area are demonstrably superior to the senior employee. Successful bidders shall meet any professional needs of the position. When the Employer denies an employee his/her preferred work area assignment because the employee, does not meet the professional needs, it shall be the Employers burden to demonstrate that the employee does not meet the professional needs.

The canvass will be stopped if an individual employee is not available for making the selection unless the Union and the Employer mutually agree to do otherwise. The canvass will continue once this employee is contacted and has made his/her selection. Employees on any approved leave will be canvassed as part of the regular canvass. The employee who fills the work area assignment desired by the employee on approved leave will be informed that the assignment is temporary. Upon the return to work of the employee on leave, the employee who filled that assignment will be assigned to an available opening or may express preference if there are multiple openings. The displaced employee will not have bumping rights in this instance. Every reasonable effort will be made to move the employee to the work area within fourteen (14) days of the completion of the canvass. However, in emergencies or where abnormal work loads exist in the employee's incumbent work area, assignment may be delayed up to forty-five (45) calendar days after the completion of the canvass.

C. Filling of Work Area Openings

Thereafter, employees shall be given the opportunity to bid for work area openings in their job classification in other work areas within their institutions. Work area openings shall be posted for at least ten (10) calendar days, and shall include all the information contained on the postings for the first time canvass with the additional information of the anticipated date by which the work area opening will be filled. The work area shall be awarded to the employee with the most institutional seniority unless the agency can show that the skills and abilities of a junior employee who has bid on the work area are demonstrably superior to the senior employee. Successful bidders shall meet any professional needs of the position. When the employee denies an employee his/her preferred work area opening because the employee does not meet the professional needs, it shall be the Employer's burden to demonstrate that the employee does not meet the professional needs. Employees are limited to exercising their right to bid on a work area opening to two (2) successful bids a year (excluding the

first canvassing described in B above). There shall be no more than two (2) additional work area selections resulting from the filling of a work area opening. Work area openings not filled in this manner shall be considered in accordance with the provisions of Article 17.

D. Integrity of the Work Area

The Employer shall not change the make-up and basic nature of the work areas so as to subvert any rights guaranteed by this memorandum. If, through necessary reorganization of the institution, the nature of the work area changes, such changes shall be discussed in Institutional Labor/Management Committee meetings. If agreement cannot be reached at such meetings, the proposed change shall be discussed at Department level Labor/Management Committee meetings. If agreement cannot be reached, the Union may grieve such work area changes utilizing the applicable provisions outlined in Article 25.07 and Article 25.10 of the Collective Bargaining Agreement.

E. Expansion of MH, MR, DYS, OVH, and Facilities

In the event the Employer expands any of the institutions covered by this memorandum, or constructs new ones, it shall provide timely notice to the local Chapter President and the OCSEA Executive Director. Within thirty (30) days of this notice, the local Labor/Management team will meet to discuss the new work areas at the facility. If agreement cannot be reached, the Union may grieve such work area changes utilizing the applicable provisions outlined in Article 25.07 and Article 25.10 of the Collective Bargaining Agreement.

F. Relief Assignments

Relief positions shall be put up for bid as part of the initial canvass and as they become work area openings. Relief assignment shall be utilized by the Employer as a regular assignment. All employees who work in relief positions shall be allowed to, on a daily basis, by seniority, pick the area they are to serve as relief for that day. This section shall not result in the reduction of currently filled single post assignments unless mutually agreed to by the parties. How the relief position(s) will be utilized shall be the subject of the separate local work area negotiations.

G. Specific Work Area Negotiations

Within thirty (30) days of this agreement, the local Chapter President and up to two (2) additional representatives, along with an OCSEA Staff Representative(s) shall meet with the Employer at each institution in MH, MR, DYS, OVH and to negotiate the specific work areas as defined by this memorandum. It is the goal of the parties to resolve any work area disputes in these local institutional negotiations. However, if agreement cannot be reached at such negotiations, the following procedure shall be used for the resolution of those work areas in dispute. Within forty-five (45) days of the signing of this memorandum, local officials from the appropriate institution and OCSEA Staff will meet with representatives from the appropriate agency and the Office of Collective Bargaining in a good faith effort to resolve the remaining work area disputes.

In the event the parties cannot agree, the Union and the Employer shall submit a final offer stipulating their positions on the disputed work area and the arbitrator will select the "best offer" from the detailed proposals submitted by the parties.

H. Seniority Lists

Within thirty (30) days of this agreement, the employer shall provide to the Chapter President what it believes to be the correct institutional seniority list for all affected employees. Additionally, written notification of each employee's institutional seniority shall be provided to each employee with their paycheck. Employees who believe the institutional seniority date to be in error shall meet with the appropriate management personnel and Union representative in an effort to determine the correct seniority date. If no agreement can be reached as to what is the correct institutional seniority date, the employee may utilize the grievance procedure starting at Step Three (3).

APPENDIX P - UNIT-SPECIFIC AGREEMENTS

UNIT 4 - Overtime

4.1- Overtime Roster

Bargaining Unit 4 employees shall be canvassed on a quarterly basis for their willingness to work overtime. Employees who wish to be called back for overtime outside of their regular hours shall have a residence telephone and shall provide their phone number to their supervisor. Overtime rosters by classification shall be established for each facility. Employees shall be listed according to state seniority on the appropriate classification overtime roster. The roster shall include all employees within the classification willing to work overtime regardless of the shift. Such overtime rosters shall be provided to the steward. Overtime rosters shall be posted at the sign-in location or in location(s) at the facility which enable employees to review the roster. This list shall be revised and posted each payroll period. The location(s) of overtime rosters is an appropriate subject for facility Labor/Management discussion.

4.2- Maintenance of the Roster

Overtime rosters shall include the number of voluntary overtime hours worked and refused and shall be updated each payroll period. An employee who is offered but refused overtime assignment shall be credited on the roster with the amount of overtime refused. Following the quarterly canvass for willingness to work overtime, the overtime roster shall be purged of voluntary overtime hours worked and refused, and the procedure for the calling of overtime shall begin anew. With the exception of those who refused voluntary overtime during the quarterly canvass, employees who become available for voluntary overtime shall be placed on the appropriate classification roster by state seniority but shall be credited with the same number of voluntary hours worked and refused as the employee on the roster with the greatest number of voluntary hours worked and refused.

4.3

Should management determine the need for overtime, the following procedure should be applied:

- A. Initial distribution of voluntary overtime shall be based on seniority within the classification regularly assigned the work starting with the most senior employee in the classification.
- B. After the initial distribution, voluntary overtime shall be equitably distributed on a rotating basis to those employees within the classification having the least amount of overtime worked and refused. After the initial distribution, seniority prevails only in cases of ties.
- C. An employee who agrees to work overtime and then fails to report for said overtime shall be credited with double the amount of overtime accepted, unless extenuating circumstances arose which prevented the employee from reporting. In such cases, the employee will be credited as if he/she refused the overtime.

4.4

Overtime shall be assigned by seniority in the position classification regularly assigned the work. The list of employees shall include all employees regardless of shift. If no employee in the position classification regularly assigned the work accepts the overtime assignment, it may be offered to employees on backup overtime rosters in similar direct care classifications. Overtime worked and refused by employees on backup overtime rosters in similar direct care classifications shall be included on the overtime roster described in Section 1 and 2 of this procedure. If no employee on the backup overtime rosters in similar direct care classification accepts the overtime assignment, it may then be offered to employees on a backup roster of individuals capable of performing the duties of the classification needed.

The development of backup overtime rosters is an appropriate subject for facility labor/management discussion. It is understood that backup overtime rosters are for the purpose of reducing or avoiding the need for mandatory overtime.

4.5

Overtime shall not be offered to or required of an employee on an approved leave. Employees returning from an extended leave of twenty-eight (28) days or more shall be credited with the same amount of overtime worked and refused as the employee on the roster with the greatest number of voluntary hours worked and refused.

4.6

Employees shall work no more than two (2) consecutive shifts except as required by Section 13.15.

4.7

Should adequate overtime coverage not be obtained through voluntary overtime, employees within the needed classification may be mandated to work overtime using the following procedures:

- A. After exhausting the voluntary overtime procedure and before calling mandatory overtime, exempt employees may be used to perform the needed overtime.

- B. The least senior employee(s) regularly assigned the work shall be contacted and required to work overtime.
- C. Employees who regularly perform the work shall be contacted and required to work in reverse order of seniority beginning with the least senior until the required number of staff is available.
- D. Mandatory overtime shall not be credited for voluntary overtime equalization.

4.8

An employee who is transferred or promoted to an area with a different overtime roster shall be credited with his/her aggregate overtime hours.

4.9

Specific arrangement for implementation of the overtime provisions shall be discussed at the facility Labor/Management Committee Meetings within forty-five (45) days following the effective date of this Agreement. If these matters remain unresolved in ninety (90) days following the effective date of this Agreement, it shall be discussed in an agency Labor/Management meetings that is established for this purpose.

4.10

The parties may mutually agree at facility Labor/Management meeting to utilize alternate overtime procedures.

UNIT 6

6.1 - Overtime

Overtime worked during the snow and ice season will be determined by the following procedures:

- A. Overtime will be offered to those employees who normally perform the duties in the facility where they work according to Article 13.07 and the April 1988 Joint Labor/Management Agreement.
This procedure establishes the first list of employees eligible for overtime. After this list is exhausted, Management will offer the overtime opportunity to those Unit 6 employees who are qualified and volunteer for the overtime in the county where they live. This will constitute the second list. These employees are those who normally do not perform snow and ice duties.
- B. Prior to the snow and ice season, Management will canvas those Unit 6 employees who normally do not perform snow and ice duties but are qualified and volunteer for overtime in the county where they live.
After the overtime opportunity is offered to the first list of employees and a sufficient number of employees have not accepted the overtime, the overtime opportunity will be offered to those Unit 6 employees on the second list. The second list will be arranged by seniority of those that volunteer. The overtime opportunity will be offered in rotating order. Management is not required to equalize the overtime opportunity for this list. Management will document all phone calls for call out to employees on the second list.
In the event an employee on the second list has been improperly bypassed, then the employee will be placed at the top of that list.
In the event an employee believes that he/she has been improperly bypassed for two consecutive times, the employee may file a letter of complaint directly to the Deputy Director of Labor Relations or designee who will investigate the complaint and render a decision.
- C. If the overtime requirements are still not filled, Management may call Unit 7 employees who are qualified and volunteer for overtime.
- D. If overtime opportunities are still available after the above process has been followed, Management may offer overtime opportunity to a non-bargaining unit employee.
- E. Only those employees on the first overtime list have the right to grieve under Article 25 of the contract. (Those employees who normally perform the work of snow and ice removal.)

6.2 - Overtime Roster

The Agency agrees to post and maintain overtime rosters in areas where employees work and/or report in and shall make available a copy to a facility steward upon request within a reasonable period of time not to exceed five (5) work days. In the absence of a facility steward, a union staff representative may request this information. Posted overtime rosters shall be updated at least every pay period.

6.3 - Overtime Phone Log

The employer shall establish a phone log procedure to verify phone calls to employees being called out for the purpose of overtime. In the event there is a dispute about which employee(s) was/were called out, the phone log will be used for verification. In locations where there are computer verified phone calls, the computer list may be used.

6.4 - Educational Seminars and Training

Employees shall be notified as soon as reasonably possible in advance when they are to attend training and/or seminars if such training and/or seminars require an overnight stay.

6.5 - Standby

An employee will be on stand-by and entitled to stand-by pay if he/she is required by the Agency or supervisor in writing to be on standby.

If the reason for stand-by is eliminated, management may cancel the stand-by with a telephone call direct to the employee with a follow up letter to the employee verifying the cancellation and the time canceled.

Employees in the Department of Mental Health have the right to bump in accordance with Article 18 of the collective bargaining agreement. However, employees shall not be permitted to bump into occupied positions in CSP and ACT teams (non-residential) in CSN Programs. The affected hospital and/or CSN will canvass employees pursuant to Section 18.04 following a layoff or abolishment.

V. C.S.N. Schedule Changes

The present practice of flextime scheduling shall continue and will be an appropriate topic for Labor/Management meetings.

VI. Holiday Observance

All employees that work in Community Support Network (C.S.N.) may have the observance of any of the following holidays changed based on the observance by another Mental Health Board, Agency, or another entity. The holidays are:

1. Presidents' Day
2. Columbus Day
3. Veterans' Day

These employees will still maintain the same number of holidays in the collective bargaining agreement, however they may be observed on alternative days. The alternative dates shall be determined in advance and employees shall have prior notice. The observance of these alternative days shall be an appropriate topic for the hospital labor/management committee.

If another alternative holiday observance is requested, the local Chapter President or designee will be notified as soon as possible. This request is an appropriate topic for local labor/management. The alternative observance shall be by mutual agreement.

VII. C.S.N. Report-In/Work Location Closure and/or Local Weather Emergency

Due to numerous unforeseen as well as foreseen reasons, an individual C.S.N. program site may be closed. If a work location closure or local weather emergency occurs, the following are options that both Management and the C.S.N. employee may jointly agree to use. These options are spelled out and listed below so that when such situation occurs, there will be some level of predictability. All of these options will be made available and must have prior approval by the program supervisor.

Options:

1. The employee may take appropriate leave for the day.
2. If appropriate to the program, the employee may reschedule the day for another day during that week only.
3. The employee may report to an alternative site that is approved by their supervisor. They must call in and notify the supervisor of the alternative site option. They may then perform C.S.N. related work such as Contact Logs and phone contacts to clients. The employee may use a combination of work at an alternative site and leave time to fill the day's schedule.
4. The employee may report to an alternative site and perform duties that they are qualified to perform on a unit. This also must be approved in advance by the C.S.N. supervisors and the alternative site administrator.
5. Any other arrangement that can be mutually agreed to locally as long as it does not violate the collective bargaining agreement, ODMH policy, and/or State or Federal law.

If any of these options are used, the goal is to facilitate the least disruptions of the program as well as maintaining services to the client as prescribed by the individual C.S.N. program. Accountability must be built in to any one of the options that are utilized. If one of the options are approved but later become problematic, the C.S.N. supervisor shall notify the employee as soon as possible identifying that option as no longer available.

Each C.S.N. supervisor shall meet and discuss these options as soon as possible so that employee will understand the options available to them. Each C.S.N. program option(s) will be reduced to writing. Any problems will be taken to the Agency C.S.N. problem-solving group.

DEPARTMENT OF NATURAL RESOURCES

A. Established Term Regular Hours Employees

These employees have a limited duration of work (usually more than 14 weeks) dependent upon the needs of the department. These employees work a standard forty (40) hour week. They usually have starting and ending dates based on the previous seasons work, with flexibility to extend or reduce the time up to four (4) weeks, if weather or other conditions dictate.

B. Established Term Irregular Hours Employees

These employees are employed in conditions similar to Established Term Regular Hours Employees, except they usually do not work a standard forty (40) hour work week and instead are provided an identified number of hours each fiscal year in excess of 720 hours in Parks and Recreation and 1000 hours in all other Divisions/Offices of the Department.

- a. The following outlines the agreement between OCSEA, AFSCME, Local 11, AFL-CIO and State of Ohio in regard to the above groups

 3. Established Term employees shall be appointed from a recall list by classification and work facility which list employees according to total length of employment with the State. Employees with the greatest amount of employment time shall be recalled first, pursuant to the Appendices I and J in the contract between OCSEA and the State of Ohio.
 4. Established Term employees shall be entitled to all rights and benefits of the contract except as specified in this document.
 5. Established Term Irregular Hours employees will have leave accrual prorated in the same manner as part-time permanent employees.
 6. All Established Term employees will be offered health insurance, but the employer contribution will cease with the employees interruption/termination date.

7. If the Department, because of lack of money, finds it necessary to shorten the length of employment of Established Term employees, it shall do so by seniority by district pursuant to the contract including Appendices I and J and in the spirit of the Ohio Revised Code 124.321-327 and Administrative Rule 123:1-41-01 through 22. That is to say Established Term employees shall be laid off prior to permanent employees. End of an identified employment period (as noted in the appointment/interruption) is not a layoff.
- C. Limited duration non-bargaining unit employees working in the Division of Parks and Recreation cannot exceed 720 hours in a fiscal year. All other limited duration non-bargaining unit employees of ODNR cannot exceed 1000 hours in a fiscal year.
- D. ODNR will create a new classification of Natural Resource Worker (NRW) which will include the duties of the attached classification specification. The operation of the NRW position shall be like existing ODNR established term employees and shall include the following.
 1. The NRW position will include an assignment that is of a duration of at least 720 hours per year in the Division of Parks and Recreation and 1000 hours in other divisions per fiscal year. Such positions can be created by converting Natural Resource Aide (NRA) and Natural Resource Specialist (NRS) assignments which have the potential to exceed the 720/1000 hour duration in a fiscal year. The position is seasonal in nature and does not function year round. The hours of each position can vary from year to year depending upon weather and/or operational needs.
 2. The pay range for the NRW will be the pay range shown in Table A and shall increase at the same rate and times pursuant to the collective bargaining agreement.

Effective with the pay period that includes July 1, of the following years:

Table A

Pay Range		Step 1	Step 2	Step 3	Step 4	Step 5
2002	Hourly	7.62	7.86	8.13	8.40	8.70
	Annual	15,850	16,349	16,910	17,472	18,096
2003	Hourly	7.62	7.86	8.13	8.40	8.70
	Annual	15,850	16,349	16,910	17,472	18,096
2004	Hourly	7.62	7.86	8.13	8.40	8.70
	Annual	15,850	16,349	16,910	17,472	18,096
2005	Hourly	7.92	8.17	8.46	8.74	9.05
	Annual	16,474	16,994	17,597	18,179	18,824

3. The NRW is an established term (fixed term) position and shall be entitled to all the rights and benefits of the contract, (examples include seniority credits, accruals and use of leaves, health and safety provisions and grievance rights) except as specified in the section.
- E. No existing bargaining unit position, which includes part-time and established term employees will be reduced or replaced by the creation or placement of an NRW position or limited duration, non-bargaining unit positions. This does not preclude ODNR from adjusting hours for other operational reasons. Where work is performed by NRA/S and NRW positions in a work area and ODNR wishes to reduce persons performing such work then the NRA/S will be interrupted/terminated first, based on operation considerations ODNR will make a reasonable effort to interrupt/terminate NRAs in a work area before NRWs and utilize NRWs to perform needed work provided they are qualified and/or experienced as available for the duty assignment.
- F. When a division/office intends to fill an NRW position or convert an existing NRA/NRS assignment to an NRW, the following process shall be applied:
 1. When the ODNR labor relations section receives a division/office request to fill an NRW opening or convert an NRA/NRS assignment such intended posting request will be forwarded to the ODNR assembly president five (5) days prior to the posting date where applicable. This notice where applicable shall include the name of the person(s) proposed, employee history on computer (EHOC), the expected work area and assignment, and projected number of hours.
 2. If the number of proposed conversions are fewer than ten (10), then the OCSEA/ODNR assembly president shall have five (5) business days from the date of the receipt to concur or reject. In cases when the conversions total ten (10) or more the assembly president shall have ten (10) business days from the date of the receipt to concur or reject. All proposed conversions shall be submitted to the Union for concurrence. A

diligent effort will be made to resolve any outstanding problems with the ODNR labor relations section before any disputed positions are offered or filed.

3. In the event the Union does not concur with a request to convert or no conversion is readily available to fill the job needs required, the division/office will have the option to post the position pursuant to the labor agreement. If the NRW position is posted, it shall be considered entry level and filled accordingly, except that NRA/NRS from the division/office requesting the posting, may be given first consideration to the posted NRW position. Such designation for consideration must be clearly delineated in the posting.
 4. When an NRA/NRS exceeds the 720/1000 hour threshold for a fiscal year, the division/office through the ODNR labor relations section shall notify the Union and convert the position that has exceeded the hour threshold. If the Union notifies the Department of position(s) who have verifiably exceeded the threshold, the Department will take the necessary steps to convert the position(s) in an expeditious manner.
 5. Where ODNR chooses to fill by temporary working level assignment it is committed to giving priority to NRWs over NRA/NRS where these employees are qualified and are available for the duty assignment at that work facility.
- G. ODNR agrees to limit the number of hours that can be assigned to NRA and NRS employees to 339,000 hours for the Division of Parks and Recreation in a fiscal year. In the event this section is not complied with, the Union's remedy through the grievance procedure may include the allocation of excess hours to affected bargaining unit members.
- H. ODNR agrees to limit the hours that can be assigned to NRA and NRS, up to 111,000 hours for the remainder of ODNR excluding the Division of Parks and Recreation in a fiscal year. In the event this section is not complied with, the Union's remedy through the grievance procedure may include the allocation of excess hours to affected bargaining unit members.
- I. ODNR agrees to provide OCSEA employee rosters that will assist the parties in the continued monitoring of this agreement. The rosters shall include the following:
1. On a monthly basis ODNR will provide reports on NRA/S and NRW positions. On a quarterly basis ODNR will provide reports on limited duration part-time and other less than full-time positions. The reports will show the name, cumulative hours and work location of each position.
 2. The parties shall meet on a quarterly basis to resolve outstanding issues that include but not limited to NRAs and NRW assignment, NRW conversions, avoidance of excess hours and information and discussion regarding the administration of this agreement.
- J. The parties have agreed to a side letter providing technical interpretation of matters pertaining to this Agreement.

ODNR - Mineral Resources Management

Within the Division of Mineral Resources Management (MRM), the following modifications to Article 17 and 18 are made:

For the purposes of applying Appendix J of the OCSEA Labor Agreement, the MRI classifications will have statewide promotion, layoff and displacement rights. The Division has the authority to identify reasonable geographic residency requirements for MRI vacancies and may deny actions pursuant to the promotion article if an applicant does not agree to the residency requirement identified. Residency requirement is an appropriate subject for labor-management.

Employees assigned to the classifications of Mine Rescue Coordinator (24710), Mine Safety Inspector 1 (24711) and Mine Safety Inspector 2 (24712) shall have displacement and recall rights statewide.

ODNR – Parks and Recreation Pilot Project

The guidelines set forth herein were developed by the ODNR-OCSEA Statewide Labor-Management Committee. After implementation of this Agreement, the Committee will continue to monitor its application on an ongoing basis as well as conduct a formal review after 12 months. At that time, either party may decide to discontinue this Agreement. Alternatively, the parties may agree to modify this Agreement and/or broaden its application.

ODNR and OCSEA recognize that due to the seasonal nature of many of ODNR's operations, the Department utilizes a less than full-time and less than permanent work staff. The parties further recognize that many ODNR employees in these positions are long-term, dedicated employees seeking full-time/permanent positions with the Department. Therefore, in an effort to retain experienced work staff and foster positive morale, the parties agree in the ODNR Division of Parks and Recreation only, Article 17.04 shall be modified as follows:

- A. For the vacancies that the Employer intends to fill by promotion or lateral transfer within the same classification to a higher appointment type, selection shall be made as follows. The remaining part of section 17.04 shall remain the same.

Probationary periods shall be governed by Article 6.

The order of appointment types shall be recognized in the following ascending order: Established term, part-time and full-time. In those situations when a particular part-time or established-term employee within a headquarter county has been identified as the employee that would have an inherent right under this agreement and the employee has at least one year of service in the classification, the Division may forego the posting requirements of Article 17. Instead, the Division would provide notice to the union of an appointment type change to the Union. This notice will include the following:

- Employee Name
- Work Location
- Classification and Appointment Type
- New Appointment Type
- Employee History Screen
- Draft Position Description
- Listing of Other OCSEA Employees in the Headquarter County

This information will allow the Union to verify its accuracy. If within 10 business days after notification the Union does not contest, Management will proceed with the appointment type change.

It is understood and agreed that this Agreement is not precedent setting. This Agreement shall not be used in evidence, referred to, or otherwise introduced in any subsequent arbitration, litigation or administrative hearing except for the purpose of enforcing the terms and conditions of this Agreement.

ODNR –Project Employees

In accordance with Article 7.09, ODNR and OCSEA jointly developed a “project employee” appointment type through a labor-management process. The following provisions shall apply when utilizing a project employee:

1. A project employee (PE) is a limited term (PT/FT) position that is funded through federal, state, or private funds (including matching fund grants). Hours for a PE will be flexible to fit with the program they are working on, e.g., regular and non-regular hours/months/days. Management may not take away duties being performed by bargaining unit employees and assign those duties to PE’s. PE positions will not be used to avoid filling permanent bargaining unit positions.
2. The duration of a project employee is defined as no less than 1000 hours and no more than three (3) years. Management may extend the appointment within the three (3) year limitation. Should a PE’s work be completed earlier than anticipated, the PE’s appointment may be terminated with at least a sixty (60)-day notice. Such termination will not be considered a lay-off and PE’s will have no bumping rights. PE’s will be eligible to apply for unemployment compensation at the end of their tenure. PE’s are not subject to bumping by current bargaining unit staff in the event of a reorganization/lay-off of permanent staff.
3. These positions are covered by the OCSEA Collective Bargaining Agreement (Contract) and as such will pay union dues. The PE will be entitled to union representation, pay increases, and all other contractual benefits, with the exceptions as noted in this document. PE’s will also pay into PERS. Project employees will be in the unclassified service.
4. PE positions will be posted pursuant to A/S 17.03, and will include an anticipated start and end date of the work. Current bargaining unit members will not have an inherent right to these positions, as they are temporary in nature. If it is determined that the work being performed by a PE should become permanent, this permanent position will be posted and filled pursuant to Article 17. The PE will not have an “inherent right” to the permanent position. The PE’s will not earn seniority credits during their tenure, however, if the PE completes the term of his/her appointment and is selected to fill a permanent ODNR position within sixty (60) days, seniority credits for the time served as a PE will be allotted.
5. The classification of the PE will correspond with the assigned work and the appropriate classification, using the state classification plan and pay range. As such the probationary period for a PE will correspond to the classification being utilized. The PE will show on a Division/Office table of organization as a temporary position.

The utilization of project employees will continue to be an appropriate subject of labor management.

Labor/Management Committee

For the purposes of applying Articles/Sections 8.01 and 11.00 of the labor agreement, ODNR shall have one statewide Department Labor/Management (L/M) committee, as well as our Central Office, Fountain Square L/M exclusively. This does not preclude the development and utilization of local work area L/M committees where the parties mutually agree or the development and utilization of district L/M committee as provided in Article 8 and Article 11.

Tools and Equipment

If employees are required or receive written permission from their supervisors to furnish their own tools or equipment, the Employer shall replace such tools or equipment, when they are lost due to fire, wind or theft by forcible entry when in the care or custody of the Employer or when damaged to the extent they are unusable due to no negligence by the employee. The tools or equipment will be replaced with like tools or equipment on an exchange basis, where practicable or feasible.

ODNR - Division Of Forestry

Professional Achievement Incentive Supplements

In an effort to promote professionalism and enhance the quality of services, employees within the Division of Forestry will be eligible for pay supplement equal to three percent (3%) of the classification salary base rate upon voluntarily obtaining and maintaining specific certifications. At the beginning of each fiscal year, the following classification will be eligible for the supplement upon demonstrating attainment of the Society of American Foresters (SAF) certification:

	Class	Pay Range
22321	Forestry Technician	27
22323	Forester (non-urban)	30

Further, employees in the Forester classification with the working title of Forester Urban will be eligible for the supplement upon demonstrating attainment of the International Society of Arboriculture (ISA) certification.

This supplement shall be added to the employees' base salary for all hours paid, and shall be used in the calculation of overtime pay. If an employee loses certification, he/she is no longer eligible for the supplement. Employees are required to notify management of all changes in certification. Management will not provide additional training or educational release time, etc., beyond the Department's existing applicable policies.

The pay supplement can be discontinued only upon notice of an approved layoff/job abolishment in the Division of Forestry that will result in layoff or displacement of an employee.

OHIO DEPARTMENT OF PUBLIC SAFETY

The Department of Public Safety, Division of Emergency Management Agency, utilizes federal and state funds to hire disaster relief grants employees (DRG) to coordinate federal and state funded relief programs following a disaster. The parties agree the following shall apply to all DRG appointments.

1. DRG employees shall be members of the bargaining unit.
2. The employer will establish an ending date of employment at the time of appointment, which may be extended or reduced as determined by the Employer with written notice to the employee and the Union. The Employer will provide the Union with the reasons for the extension and with a new ending date.
3. DRG employees are exempt from coverage under Article 18, Layoffs. They shall serve a one (1) year probationary period and may be removed at any time due to lack of work at the discretion of the Employer.
4. DRG employees shall not be used to avoid filling full-time or part-time permanent vacancies as defined under Article 17. No DRG employee can displace a full-time or part-time permanent employee.
5. DRG employees may only be used to fill limited duration positions following a declared federal or state disaster and shall be limited to use in the Emergency Management Agency. The two state funded and administered programs eligible to utilize disaster relief grant employees are the State Disaster Relief Program and the State Individual Assistance Program.

DEPARTMENT OF REHABILITATION AND CORRECTION

A. Hats and Ties

Hats and ties shall be considered optional parts of the standard uniform for Correction Officers. The Department reserves the right to require hats and ties when Correction Officers are representing the department outside of the institution.

B. Pick-a-Post

The Union and the DR&C shall continue Pick-A-Post for Correction Officers and Correction Counselors during the term of this Agreement.

1. Effective with the ratification of the 2003 – 2006 collective bargaining agreement, all Pick-A-Post agreements will be reviewed to (a) insure that the agreements are within their funded post allocations, (b) that the pull and move posts are removed, and (c) they are within their relief ratio.
2. The relief ratios will be determined by the Regional Director, after discussion with the Union. If needed this will be reviewed annually.
3. Each local chapter will determine whether a re-canvass is necessary.
4. No agreements shall be considered approved until approved by the Statewide Pick-A-Post Committee.
5. The Pick-A-Post Oversight Committee shall be required to meet monthly during the term of this agreement unless mutually agreed otherwise.
6. The Pick-A-Post Oversight Committee shall continue to be responsible for assuring the efficacy of the Pick-A-Post agreements through an assessment of both positive and negative impacts upon the operation of the institutions.
7. Management retains the right to deny a bid for good management reasons after consultation with the affected employee and the Union.
8. Any immediate threat to the health, safety and security of the institution shall take priority over the Pick-A-Post agreement.

Correction Officer Pick-A-Post

1. The respective Regional Director shall at least annually supply each warden with a funding letter for each institution indicating the following: a) the number of authorized correction officer positions, b) total weekly posts, and c) a relief factor designated for that prison's staff.
2. All Pick-A-Post agreements negotiated at the local level shall comply with the limits imposed by the funding letter of the Regional Director.
3. All established posts under the agreements will be filled, barring any unforeseen circumstances that affect the daily operational needs of the institution or a change in the mission of that Institution.
4. The issue of relief officers bidding shift assignments may be included in local proposed Pick-A-Post agreements, subject to approval from the Pick-A-Post Oversight Committee. No pre-existing right to bid for relief officers may be inferred from these discussions.

C. Uniform Committee

DR&C and OCSEA/AFSCME agree to form a joint labor management team to study the feasibility of alternative methods to the distribution of all uniform clothing presently issued to OCSEA/AFSCME members. The team's goal shall be to determine whether such methods would result in improved service of providing uniforms for the employees. An important element of the team's finding shall be a comparison of costs between the methods as opposed to current practice. The expenses of the current practice that shall be considered include, but are not limited to, the purchase price of uniforms, warehousing, and inventory management costs. In conjunction with its findings and recommendations, the labor/management team may make recommendations regarding proposed changes to uniform requirements and allocation numbers. If the committee recommends a change from the current method, a proposed schedule of implementation to include depletion of current inventories shall be included. The committee report may be issued as soon, as is feasible, but no later than July 1, 2004.

D. Inclement Weather Gear

DR&C agrees to provide a winter coat of sufficient warmth and quality.

DR&C and the Union agree that the Local Health and Safety Committees will determine the appropriate inclement weather gear, in the event that the Local Committees cannot reach an agreement on the appropriate gear for that institution, then the Agency Health and Safety Committee will resolve the issue. The guidelines for the Local Committees are as follows:

- a. DR&C agrees to provide the following inclement weather gear, to include but not limited to, cold weather gear, e.g., carharts, rain gear, rain shoes, sweaters, knit caps.
- b. DR&C and the Union agree that the need for inclement weather gear will be based on the post or job duties of the CO, and the physical structure, and location of the institution.
- c. DR&C agrees to allow the use of inclement weather gear that is purchased by the employee with the proviso that restrictions may be imposed on the nature and color of the inclement weather gear. The personal inclement weather gear includes but is not limited to, gloves, scarves, earmuffs, hooded sweatshirts and long underwear.

E. Uniform Cleaning

Where feasible, the Department shall provide cleaning and pressing services for employees who are required to wear uniforms. The DR&C shall provide or pay for the dry cleaning of department issued uniform items which are required to be dry cleaned to a maximum of two (2) times per year. If these services are not provided, the employee will be paid the contractual uniform cleaning allowance. The Agency Labor-Management Committee shall conduct a study of uniform cleaning services in the DR&C and shall make appropriate recommendations to the Director of the Department.

F. Vacation Allotments

The Union and DR&C agree that all institutions will update their vacation allotments at least on a yearly basis. Each November the institution personnel office shall calculate the total number of vacation days that the existing correction officer workforce will accrue in the coming year. The total number of vacation days to be accrued shall then be made available for bid by the correction officers at the annual canvass. The total number of days made available for the annual canvass shall be evenly distributed throughout the calendar year, and made available for bid to the correction officers on the various shifts in proportion to their numbers. If in calculating the number of vacation days available there is a remainder, then the remainder will be multiplied by 365. The resulting number of additional days will be added to the vacation slots available, and distributed as determined by the local labor-management committee. Each officer may bid on any number of vacation days up to the total number of days he/she will accrue during the coming calendar year. Officer bids may be for individual days and/or for grouping of days. Any available vacation days not bid upon by the correction officers shall remain available on the respective shifts for bid at a later time per Article 28.

G. CDL Testing

DR&C agrees to reimburse for the cost of testing for a Commercial Drivers License (CDL). DR&C will reimburse for the cost of the initial or one test. The employees eligible for reimbursement are those whose assignments are either transportation or their duties require the use of a CDL.

H. Overtime Policy

DR&C and the Union agree to incorporate by reference the Statewide Overtime Policy that was agreed to during the 1997-2000 agreement. For the purposes of the Statewide Overtime Policy, equalization shall mean that all employees who have elected to be eligible for overtime during the canvass period have an equal opportunity to sign on the daily rosters. In the event an eligible employee is missed for an overtime opportunity, the remedy shall be that the employee who was missed shall be offered an opportunity to work the number of hours missed at the employee's date and shift choosing. The opportunity shall be made as soon as the missed opportunity is confirmed.

OHIO DEPARTMENT OF TRANSPORTATION

A. 13.06 - Report-In Location

The report-in location(s) for ODOT field employees shall be the particular project to which they are assigned or forty (40) miles, whichever is less, year-round. Field employees who reside outside of the district to which they are assigned shall start the above mileage figures at the district line.

Field employees for purposes of this Section shall be defined as Project Inspectors or other construction personnel assigned to construction projects who do not have the district office as a normal report-in location.

B. 13.07 - Overtime

1. Distribution

Management has the sole and exclusive right to determine the need for overtime.

Insofar as practicable, overtime opportunity hours shall be equitably distributed on a rotating basis by seniority among those who normally perform the work as defined in the classification specification and/or position description. Overtime work which contains duties that are common to a classification series shall be equitably distributed among those employees within the appropriate series on that particular roster. In the event the Employer has determined the need for overtime, and if a sufficient number of employees is not secured through the above provisions, the Employer shall have the right to require the least senior employee(s) who normally performs the work to perform said overtime. The overtime policy shall not apply to overtime work which is specific to a particular employee's classification and/or position description or specialized work assignment or when the incumbent is required to finish a work assignment.

2. Roster Administration

The Agency agrees to post overtime rosters which shall be provided to the facility steward, within a reasonable time, if so requested. The rosters shall be updated every pay period in which any affected employee had overtime offered. Each ODOT Field District will implement a standard, district electronic overtime roster in accordance with this overtime policy, if one does not currently exist, not later than September 1, 2003.

Employees shall be placed on the appropriate overtime roster by classification for that facility, work unit, or project. All Highway Maintenance Workers, Project Inspectors, Bridgeworkers and Routemarkers with CDL's will be automatically placed on the appropriate overtime roster for snow and ice control. Overtime opportunity hours shall be carried from project to project and assignment to assignment. Overtime opportunities charged while on temporary working assignment will be carried back to the employee's regular roster.

An employee who is offered but refuses an overtime assignment shall be credited on the roster with the amount of overtime refused. An employee who agrees to work overtime and then fails to report for said overtime shall be credited with the amount of overtime offered, and shall be liable for discipline unless extenuating circumstances arose which prevented him/her from reporting.

Any "no contact" with an employee shall be charged as overtime refused on the overtime roster. Contact with an answering machine or person other than the employee, without reply from the employee while the need still exists, shall be considered as overtime refusal.

Overtime rosters shall be rolled-back annually at the end of the pay period which includes April 1 in order to diminish accumulated hour totals. An employee within a classification series with the lowest number of hours on a specific roster shall be reduced to zero and all other employees within that classification series on the same roster shall be reduced that same amount of hours.

3. Snow and Ice Control

During snow and ice operations employees are expected to work overtime. Consistent charged refusals to work overtime may be grounds for discipline.

For equitable distribution purposes only an employee on leave shall be considered as refusing all overtime opportunities until their next scheduled shift unless he/she has informed the supervisor as to his/her availability prior to the departure for the leave. This type of refusal shall be coded as RL and shall not be included as refusals subject to discipline in the preceding paragraph.

Snow and ice overtime call out procedure is an appropriate subject for District Labor/Management Committees. If the parties are unable to resolve this issue at the District level, the issue may be submitted to the Statewide Labor/Management Committee for resolution.

In October of each year, management shall canvass employees who do not normally perform snow and ice removal duties to volunteer for overtime opportunities to do this work when regular overtime rosters are exhausted. These employees shall be placed on auxiliary rosters in counties to where they volunteer. The first auxiliary roster is composed of qualified Unit 6 employees and overtime shall be offered in rotation by seniority order. The second auxiliary roster is composed of all other qualified employees. Management is not required to equalize overtime on auxiliary rosters. Employees on auxiliary lists have no right to grieve overtime opportunities for snow and ice removal, except that employees who are required to be on an auxiliary list shall have grievance rights under Article 25.

If an employee on the first auxiliary list believes he/she was improperly bypassed two consecutive times, the employee may file a complaint with supporting documentation to the Labor Relations Administrator in ODOT. If their complaint is substantiated, the employee shall be placed at the top of their auxiliary list.

Project Inspectors, Bridgeworkers, Routemarkers and all non-county Highway Maintenance Workers, whose classification specifications include snow and ice removal duties, will be placed on a snow and ice removal overtime roster, and will be called in rotation immediately following calls to all main list employees for snow and ice removal for that facility.

Newly hired, promoted, demoted, or lateral transferred employees under the provisions of Article 17 of this Agreement who are qualified to perform the work shall be charged on the roster with one hour more than the highest amount on the appropriate roster in their new work location.

4. Construction

In Construction, Unit 7 employees will have preference for overtime assignments over non-Unit 7 employees on the project to which they are assigned.

Anticipated overtime of four (4) hours or more that does not abut the non-Unit 7 employee's shift shall be offered to available qualified Unit 7 employee(s), whose project office is within 10 miles of the project office where the overtime exists, before being offered to non-Unit 7 employees.

In Construction, overtime rollback will be District-wide for all Project Inspectors. The rollback will occur at the end of the pay period which includes April 1. All Project Inspectors will be zeroed in year one of the contract to implement a fair and equitable system.

In construction, every reasonable effort will be made to equalize overtime opportunity hours. Construction assignments will be based upon operational needs, proximity to project, and/or employee qualifications/experience, and in consideration for the equitable distribution of overtime.

The Department further commits to provide increased construction training and schooling to improve job knowledge of employees.

5. Miscellaneous

Except as otherwise established by the Employer an employee's posted regular schedule shall not be established in such a manner to require the Employer to pay overtime. An employee's posted regular schedule shall not be changed solely to avoid the payment of overtime within a single work week or pay period.

Any dispute regarding overtime shall be raised in accordance with the timelines established under Article 25 of this contract. The timelines for filing a grievance begins the first day following the posting of the overtime roster in which the alleged violation is first shown.

Employees on an overtime roster shall provide a telephone number to their supervisor where they may be contacted by their supervisor. The agency shall establish a phone log procedure to verify phone calls to employees who are being contacted for overtime. In the event there is a dispute as to an employee having been contacted, or which employee(s) were contacted, the phone log will be used for verification. In locations where there are computer verified phone systems, the computer log may be used for verification.

Employees who accept overtime following their regular shift shall be granted a ten (10) minute rest period between the shift and the overtime or as soon as operationally possible. In addition, the Employer will make every reasonable effort to furnish a meal to those employees who work four (4) or more hours of mandatory or emergency overtime and cannot be released from their jobs to obtain a meal.

In situations where shifts are utilized, the Employer and Union may agree to alternative call-out procedures to work non-shift hours. County maintenance shifts which exceed ten (10) working days will be first filled by canvassing qualified volunteers from that work unit's regular roster for the classification specified. If there are more volunteers than shift positions, then State seniority shall be the determining factor. If the need for volunteers still exists, the remaining shift positions shall be filled by inverse seniority. This Section does not apply to shifts formed in reaction to short term operational needs.

When employees are scheduled for at least two (2) hours of overtime, arrive at the job site to perform such overtime, and the work is cancelled due to inclement weather or contractor's or employer's decision, those employees scheduled to work are entitled to two (2) hours of overtime that day.

The Unit 6 agreements 6.01, 6.02, and 6.03 are deleted by this Agreement, as those Agreements pertain to ODOT, however, paragraphs 6.4 and 6.5 are retained as outlined in Section N and O.

C. 13.08 - Call Back Pay

In ODOT, employees who are called back to work and do report outside of their regularly scheduled shift for a time period that does not abut their shift, who work two and one-half (2 ½) hours or less will be paid four (4) hours at the straight time rate and will be credited on the appropriate overtime roster with two and one-half (2 ½) hours overtime. Those employees who work more than two and one-half (2 ½) hours will be paid actual hours worked at the overtime rate of pay subject to the provisions of Article 13.10.

However, an employee called-in for snow and ice removal to work for a time period abutting his/her shift will be paid a minimum of one (1) hour at the overtime rate of pay.

D. Temporary Working Assignments

When fluctuations in workload or weather conditions necessitate the temporary transfer of employees, the Director of the Ohio Department of Transportation or designee may temporarily assign such personnel to duties other than those specified by their classification. Seniority and qualifications shall be a factor in determining which employees will be deemed available for temporary working assignments. Other criteria for selection to temporary working assignments is an appropriate topic for discussion at the District Labor/Management Committee.

Such assignments shall first be done through the solicitation of volunteers in State seniority order among all qualified employees released for the temporary working assignments. When the workload situation is such that the voluntary list is not adequate, temporary working assignments shall be made among available employees on the basis of inverse seniority.

A reasonable number of qualified employees in a classification series to be released shall be an appropriate topic for District Labor Management Committees.

When an employee is temporarily transferred, the transfer will be to a classification for which the employee is qualified. An employee(s) shall suffer no loss of pay, benefits or seniority as the result of a temporary transfer. Where such temporary transfers will be to a higher paying classification, the employee will receive the pay of the higher paying classification, but not limited to four percent (4%) above his/her current step rate of compensation.

An employee temporarily transferred by this Section shall be notified in writing at least two (2) weeks in advance of the transfer.

Prior to the implementation of temporary working assignments, a full list of classifications and job locations to which transferred employees may be assigned shall be posted in the appropriate district office and county facility and a copy of such shall be given to the District Steward.

Employees shall volunteer for the positions by state seniority after being notified of their transfer. An employee must possess the minimum qualifications for the position for which he/she is volunteering.

The Employer may designate positions on the list as "priority" positions in that these are jobs which need to be accomplished during the time period in question. If these "priority" positions are not filled by volunteers, the Employer shall fill these positions by inverse seniority among qualified transferees. Inverse selection shall be done after transferees have had the opportunity to volunteer unless there is an operational need to expedite the work of that priority position (a date may be placed on priority positions to indicate the desired starting time).

If the work of a temporary working assignment position is completed, the employee may first volunteer or be assigned to a remaining temporary working assignment position on the original list until the employee is needed in his/her regular position. Seniority shall be a factor in determining who first returns from a temporary working assignment to a particular project or particular county.

Employees assigned as field employees shall have the field employee report-in location during the assignment. Employees who volunteer for a position which is farther than their normal report-in location shall not have their additional travel time counted as hours worked. Employees who are required to accept assignments which are farther than their normal report-in location shall have their additional travel time counted as hours worked.

The duties of a temporarily transferred employee(s) shall not unduly alter the regularly scheduled assignments of permanently assigned employees. Any employee who is on a temporary transfer shall not be considered for an overtime assignment until all appropriate permanently assigned employees have been asked to work the overtime pursuant to this Agreement.

No employee temporarily transferred by this Section will be transferred in excess of one thousand two hundred fifty (1250) hours within a twelve (12) month period, unless mutually agreed to by the employee, district steward and the Agency Head or designee

Unit 7 employees on temporary working assignments shall have the right to request in writing to be assigned project work which becomes available prior to the completion of the temporary working assignment. In any event, Highway Maintenance Workers will not be placed on temporary working construction assignments while Project Inspectors are on temporary working Highway Maintenance Worker assignments, unless the affected Project Inspector waives the right to be assigned to the project.

Employees shall not be transferred under this Section to avoid the filling of permanent vacancies pursuant to Article 17 of the contract.

E. Step Three (3) Grievance Meetings

Step Three (3) grievance meetings will normally be held at the work site of the grievant. If the meeting is held at the district headquarters, the district steward will be permitted to participate in the meeting.

F. Tool Allowance

Auto Mechanics, Automotive Technicians and Auto Body Repair Workers shall receive an annual tool allowance of \$250.00 payable not later than the second pay period of April, 2003, and each year of the contract thereafter.

G. Uniform Allowance

Auto Mechanics, Automotive Technicians, Auto Body Repair Workers, Machinists, and Welders who choose to wear uniforms shall be provided a uniform allowance of \$100.00 annually payable no later than the second pay period in April, 2003, and each year of the contract thereafter.

H. 17.08 - Permanent Relocation

The contractual provisions of permanent relocation contained in Section 17.08 do not apply to ODOT transfers within a county. Prior to initiating a permanent relocation within a county, the LRO shall meet with the district steward to discuss the rationale for such relocation. If there is reason to believe that such transfers are made for other than operational needs, the employee may write a letter of complaint to his/her immediate Deputy Director. If the complaint is substantiated, the Deputy Director shall take appropriated corrective action. If the employee is not satisfied with the response of the immediate Deputy Director, he/she may appeal to the Labor Relations Administrator. The Labor Relations Administrator agrees to provide the Union, upon request, a meeting or written rationale for the permanent relocation. It is to be noted that the permanent relocation may be implemented prior to the above process.

I. Cross Training

In each district the Employer and the Union may agree to create cross-training programs to enable the work force to become more flexible, diverse, and to increase operational efficiency.

J. Office of Aviation

1. Flight Crew Duty Day

Flight Crew Duty Day is calculated from report time to one-half hour after shutdown. Report time is normally one hour prior to take-off. The time between 7:30 a.m. and the report time will not count toward the crew duty day or overtime. Flight Crew Duty Day will be calculated continuously from report time with no scheduled lunch period. On RON missions, Flight Crew Duty Day commences upon departure from the point of lodging.

2. Daily Work Hours

Flight crews will work a minimum of eight hours daily on flight and/or ground duties. Management has the authority to release flight crews from duty when missions are changed, cancelled or completed at the end of the employee's normal working hours. Minimum daily guarantee of eight hours will apply if the duty day is less than eight hours, and when flights scheduled to report after 4:30 p.m. are cancelled. Non-flying working hours shall be adjusted as necessary to ensure office coverage on days when normal operations office personnel are unavailable, not to go beyond normal office hours. A late report time is authorized in order to complete the previous day's crew rest period as outlined in the flight operations manual. Any time worked on Saturday, Sunday, or a holiday will be compensated in accordance with the contract.

3. Professional Supplements

An employee in the Aircraft Pilot Classification prior to March 1, 2003 is eligible for a professional achievement pay supplement, equal to five percent (5%) of the employee's classification salary base rate, upon obtaining and maintaining any of the following ratings or certifications that are over and above those set forth by the Department of Administrative Services, Ohio Classification Specification for the position which the employee holds, provided such additional certification is used to enhance the operational efficiency of the Office of Aviation.

A. CFII (Certified Flight Instrument Instructor)

B. A.T.P. (Airline Transport Pilot)

An employee in the Aircraft Maintenance Technician classification prior to March 1, 2003 is eligible for a professional achievement pay supplement, equal to five percent (5%) of the employee's classification salary base rate, upon obtaining and maintaining an Inspection Authorization Certificate (IA) provided such additional certification is used to enhance the operational efficiency of the Office of Aviation.

The supplements shall be added to the employees base salary for all hours paid but shall not be used in the calculation of overtime rate of pay. If an employee loses a qualifying rating or certification he/she is no longer eligible for the supplement. Employees are required to notify Management of any changes in certification or rating status. In the event of a reclassification, employees receiving a professional supplement will continue to receive the supplement as long as eligibility requirements are maintained.

4. Aircraft Maintenance Technician Tools

The classification listed above shall receive an annual tool allowance of up to \$350.00 for personal tools used for the performance of work on State aircraft. The allowance is payable semi-annually upon submission of receipts for tools purchased each contract year.

5. Operation of Aircraft by Chief Pilot

The Union recognizes that the Aviation Manager (Chief Pilot) of the Flight Operations Section of the Office of Aviation must operate aircraft in order to maintain FAR currency in the operation of aircraft, and conduct training and qualification flights. The Chief Pilot shall be permitted to operate aircraft when all available qualified flight crews have been assigned or declined a mission on any given day, or as permitted by the provisions of Article 1.05. The Employer agrees that the operation of aircraft by the Chief Pilot shall not result in the loss of an overtime opportunity for a flight crew member, except in the case of operational need or where the assignment of an overtime mission would violate the maximum crew duty day.

6. Drug and Alcohol Testing

Employees in the Office of Aviation responsible for the operation and/or maintenance of aircraft will be subject to random drug and alcohol testing. The procedures and protocols for testing shall be the same as defined in Appendix M, except that the percentage of employees tested shall be no more than thirty percent (30%) per cycle. If an employee's position control number is selected in both the Federal random and the State random pool in the same cycle, the employee would only be required to submit to one (1) test to satisfy both selections. The Union would be permitted to view the cycle listing document upon request.

K. Work Planning Labor/Management Committee

ODOT will undertake a pilot project in a district in which prior to contracting out any work that does not need to be contracted out by law, as part of the county work plan, the Agency will meet with the Union to discuss whether this work could be more cost effectively accomplished with ODOT forces. The results of this pilot will be shared with other districts.

L. Safety On Construction Projects

After July 1, 2003 all ODOT employees not already in a safety sensitive pool (CDL) regularly assigned to a construction worksite to physically monitor, inspect, or oversee construction projects shall be subject to random drug and alcohol testing in a safety sensitive position pool pursuant to Appendix M. The percentage of employees to be tested shall be no more than 20% the first year of the contract, and no more than 10% annually thereafter of the average total of the random testing pool. The procedures and protocols for testing shall be the same as defined in Appendix M. Training will be provided to all covered employees prior to implementation of this provision.

M. Probationary Period

Effective March 1, 2003, all ODOT new hires will serve an initial one (1) year probationary period.

N. Education Seminars And Training

Employees shall be notified as soon as reasonably possible in advance when they are required to attend training and/or seminars if such training and/or seminars require an overnight stay.

O. Stand-By

An employee will be on stand-by and entitled to stand-by pay if he/she is required by the Agency or supervisor in writing to be on stand-by.

If the reason for stand-by is eliminated, Management may cancel the stand-by with a telephone call direct to the employee verifying the cancellation and the time canceled.

P. Supersession

This agency supplemental agreement supercedes any conflicting contractual language.

OHIO VETERANS HOME

Scheduling

The parties agree to the continuation of the joint Labor/Management Committee to examine and discuss alternative scheduling of Licensed Practical Nurses and Hospital Aides.

Current scheduling practices (i.e., every other weekend off, restricted use of vacation on weekends, and scheduling of intermittent employees) will remain in effect unless operational need prohibits their continuation. In

the event operational need requires the cancellation of every other weekend off, the other scheduling practices listed above will cease. New scheduling practices will be discussed with the union.

Uniform Allowance

A uniform allowance of \$120.00 per year will be granted to full-time, permanent employees in the following classifications: LPN, Hospital Aide, Food Service Worker, Food Service Coordinator, Cook 1, Cook 2, Baker and Dietary Clerk. Payment will be made annually in September to all employees in the above classifications upon completion of any probationary period in such classification. Part-time employees will receive an allowance prorated on their scheduled hours.

Health and Safety

The parties agree to bring the issue of safety equipment to the first meeting of the Agency's Health and Safety Committee after the effective date of this Agreement. At that meeting, the parties will discuss and review the Occupational Safety and Health Administration (OSHA) and Public Employees Risk Reduction Program (PERRP) guidelines regarding personal protective equipment (PPE). The Committee shall develop and present recommendations to the Director or his/her designee.

Overtime

The parties agree that Unit 4 and Unit 5 employees may be mandated for overtime only one (1) time per pay period. Furthermore, the Employer agrees to maintain a back up roster for Unit 5 employees as specified in the Unit 4 Agreement. Employees volunteering for overtime will not be mandated again within the next twenty-four (24) hours following the conclusion of their overtime shift.

Medical Appointments

Employees with medical appointments scheduled three (3) days in advance may be granted flextime to cover the missed time based on operational needs. Employees working such flexed hours may be assigned to work areas at management's discretion. Such hours will not be considered as a violation of pick-a-post (Section 13.02) or overtime (Section 13.07). Employees will be required to present documentation of absence. Flexed time will be permitted to be worked within the pay period.

Work Area Postings

Appendix N will be applied to agency work areas. The parties agree to change each posting period from ten (10) days to five (5) days. An additional posting will be conducted as follows:

- 1) All day shift (0700-1530) vacancies for the classification of Nurse Aide and LPN that result following the third stage of pick-a-post will be canvassed by seniority among those employees in the identified classification who are on 2nd (1500-2330) and 3rd (2300-0730) shift. Upon selection by a 2nd or 3rd shift employee, the shift, work area and schedule of the successful candidate will be posted as a vacancy.
- 2) All fulltime vacancies, regardless of shift, that result following the third stage of pick-a-post will be canvassed by seniority among all part-time permanent employees. Upon selection by a part-time permanent employee, the shift, work area and schedule of the successful part-time employee will be posted as a vacancy.

The following three classifications will be added to the Agency Specific Agreement for the Ohio Veterans' Home to be randomly drug and alcohol tested:

- 6 54541 Boiler Operator 1
- 6 54542 Boiler Operator 2
- 4 42741 Pharmacy Attendant

OHIO BUREAU OF WORKERS' COMPENSATION

A. 18.04 - Bumping in the Same Office, Institution or County.

The affected employee may bump any less senior employee in the same, similar or related class series within the same office, institution or county (see Appendix I) provided that the affected employee is qualified to perform the duties.

When an employee in a closed classification is displaced by a more senior employee holding a same, similar, or related classification (as defined by Appendix I, Bargaining Unit 9, Group 8), the closed class will automatically be reclassified as follows:

(33311) Closed. Employer Services Analyst will be reclassified to a (66432) Employer Service Specialist at pay range 31.

(33294) Closed. Workers' Compensation Claims Representative 4 will be reclassified to a (16722) Workers' Compensation Claims Service Specialist at pay range 30.

(33293) Closed. Workers' Compensation Claims Representative 3 will be reclassified to a (16721) Workers' Compensation Medical Claims Specialist at pay range 29.

(33292) Closed. Workers' Compensation Claims Representative 2 will be reclassified to a (64432) Customer Service Assistant 2 at pay range 28.

(33411) Closed. BWC Customer Service Representative will be reclassified to a (64451) BWC Customer Service Representative at pay range 28.

B. 13.07 - Overtime.

Management has the sole and executive right to determine the need for overtime.

Insofar as practicable, overtime opportunity hours shall be equitably distributed on a rotating basis by seniority among those who normally perform the work as defined in the classification specification and/or position description. In the event the Employer has determined the need for overtime, and a sufficient number of employees is not secured through the above provisions, the Employer shall have the right to require the least senior employee who normally performs the work to perform said overtime.

The overtime policy shall not apply to overtime work which is specific to a particular employee, classification and/or position description, or specialized work assignment (e.g., work associated with lump-sum settlement teams), or when the incumbent is required to finish a work assignment, or to situations when the Bureau offers overtime opportunities to all available, qualified employees (e.g., copying or filing work).

In all other circumstances, the Bureau shall comply with the overtime policy and shall post overtime roster in accordance with Article 13 of the Contract. At those times rosters are necessary, the Bureau shall provide said rosters to the chief steward, within a reasonable time, if so requested. The rosters shall be updated every quarter in which any affected employee had overtime offered.

C. Career Ladder.

The Bureau of Workers' Compensation (hereinafter the "Bureau"), and OCSEA (hereinafter the "Union") agree to evaluate potential career ladders within the Bureau. The Personnel Department will conduct thorough job analyses to determine relevant experience, education and/or training required upon entry to each affected higher-level classification (i.e. the classification into which an employee would progress). Job analyses will also be conducted on the lower-level classifications (i.e. the classification from which an employee is progressing) to determine the extent to which the required qualifications of the affected higher-level classification are developed in the lower-level classification. The current Article 36.05 Committee shall be utilized to review the job analysis findings and make any necessary amendments to the minimum qualifications. The purpose of the Committee will be to evaluate agreed upon Classifications as listed below within the Bureau and to establish Career Ladder opportunities for Bureau employees in OCSEA. The Bureau and the Union hereby agree to submit the following Classifications for consideration within 90 days of Ratification of the Contract.

Workers' Compensation External Auditor - #66431

Workers' Compensation Underwriter - #66791

Employer Service Specialist - #66432

Both parties acknowledge that above-mentioned reviews will not affect current Pay Range assignments.

D. Workplace Mediation Program.

Notwithstanding any contractual, grievance or any other existing EEO, OCRC complaints, the BWC and Union recognize the benefits of participating in the Ohio's Workplace Mediation Program sponsored by the Ohio Commission on Dispute Resolution and Conflict Management. The BWC and Union agree to strongly encourage employees to proactively utilize the State of Ohio mediation program to resolve employee conflicts for as long as the program is in existence.

DEPARTMENT OF YOUTH SERVICES

A. Work area openings will be posted and filled pursuant to Appendix N of this Agreement; however, all DYS work area openings will be filled in accordance with State seniority.

Each agreement must include a process to open and close units within that facility.

Each agreement must address scheduling and specifically:

Combination/Relief Posts

Special Duty Shifts/Posts

Pick-A-Post agreements may, as determined by management, be re-negotiated at each Institution within 180 days of the signing the new CBA between the State of Ohio and OCSEA. Additionally, Pick-a-posts may be re-opened/negotiated when an Institution changes its mission or by mutual agreement between management and the union.

Management agrees not to request the re-negotiation of a Pick-A-Post agreement as a result of a change in mission more often than once every eighteen (18) months.

If impasse is declared and Management notifies the union, thirty (30) days later Management will implement the last proposal that was on the table. The Union has the right to grieve directly at Step 3 on the date of impasse. The grievance will be immediately moved to step 5 NTA. The NTA will be held within 14 days of impasse. The parties will each present their last best offer and the arbitrator shall select between them. The arbitrator will issue a bench decision.

Inclement Weather Gear

DYS agrees to continue providing a winter coat of sufficient warmth and quality. The selection of the winter coat as well as other appropriate inclement weather gear will be determined by the Statewide DYS Health and Safety Committee.

The guidelines for the Statewide Committee are as follows:

- a) DYS agrees to provide the following inclement weather gear, including but not limited to cold weather gear, e.g., carharts, rain gear, rain shoes, sweaters, knit caps.
- b) DYS and the Union agree that the need for inclement weather gear will be based on the post or job duties of the JCO, and the physical structure, and location of the institution.
- c) DYS agrees to allow the use of inclement weather gear that is purchased by the employee with the provision that restrictions may be imposed on the nature and color of the inclement weather gear. The personal inclement weather gear includes but is not limited to gloves, scarves, earmuffs, hooded sweatshirts and long underwear.

Roll Call

The parties agree that Roll Call will be contingent upon main table bargaining.

Uniforms

- a) The statewide Health and Safety Committee will investigate the feasibility of using a voucher system with an outside vendor for the purpose of uniform procurement.
- b) DYS and the Union agree to abide by the provisions in Article 33.

Absence Management Initiative

The parties agree to discuss at State Wide Labor Management Committee the feasibility of an absence management program to include the possibility of creating local absence management committees at each facility.

Overtime

Voluntary Overtime

- 1) Voluntary Overtime Roster will be purged quarterly.
- 2) Exhaust Voluntary Overtime Roster based on least cumulative hours/most seniority.
- 3) Voluntary Overtime Roster – sign up every quarter.
- 4) Anyone added during the quarter assumes the high hours.
- 5) Mistakes in computation and offering of overtime will be made up through equalization within the quarter.

Mandation

Each facility shall negotiate local overtime agreements, but each agreement shall include the following parameters:

- 1) 7 Day rotation.
- 2) If you volunteer for 16 hours within a 7-day mandatory cycle it will count as an 8-hour mandate.
- 3) Mandate least senior person on duty who has not been previously mandated in that cycle unless:
 - a. Employee already worked 16 consecutive hours, or
 - b. employee has volunteered 16 hours, or
 - c. the employee is in a voluntary overtime status, or
 - d. the employee has worked 4 hours preceding the start of their own shift.
- 4) Mistakes in computation and offering of overtime will be made up through equalization within the quarter.
- 5) Once every employee on the roster has been mandated in reverse seniority order, the roster is repeated.
- 6) Any relief from mandation will be offered to the mandated employees in seniority order.
- 7) It is understood that this process is intended to reduce the possibility that the least senior employee will be mandated more than twice in any seven (7) day period.
