President Subramanian asked for the record if each member of the Board had an opportunity to review the Report and Recommendation, transcript, exhibits, and objections in the matter of Erin A. Gibbons, R.D.H. that were made available on the Board Member Portal?

President Subramanian informed the Board that both Ms. Gibbons and Assistant Attorney General Bockbrader had requested to present oral arguments.

President Subramanian stated that the Board's minutes serve as the official record of the proceedings. He explained that the Board would only consider the evidence presented during the administrative hearing in this matter.

The Board's Chief Legal Counsel, Christopher Cellier, asked Ms. Gibbons if she had attorney representation and whether her attorney would also be presenting oral arguments to the Board. Ms. Gibbons stated that she did have an attorney. However, she stated her attorney was in court on another matter and would not be presenting oral arguments. Mr. Cellier stated that Ms. Gibbons' attorney submitted objections in writing prior to the meeting and that the Board members had the opportunity to review those objections. He then indicated that she could proceed with her oral arguments.

*Erin A. Gibbons, R.D.H.*

Ms. Gibbons stated as she read the Board's argument drafted against her in this matter, she felt physically sick at how far this has gone. She said this was completely unpredictable. She quoted "Ms. Gibbons continues to blame and attack others" and then said to the Board members that she did not know who she blamed or who she attacked, and this information paints her to look like a horror of a human being and that it was false speculation without knowing her. Ms. Gibbons spoke then to her personality as a kind and loving person, giving to her church and community, volunteering to help children and the needy.

Ms. Gibbons stated that she felt this matter has been a violation to her civil rights as her health record has been used to discriminate against her. Ms. Gibbons stated that she has been spoken to and treated derogatorily and mis-diagnosed by unqualified individuals. She stated that this experience has been inconceivable and humiliating. She said that she is currently under the care of a Psychiatrist to talk through this 3-year experience.

Ms. Gibbons said that she started over in life with a new career that she loves, has worked hard to obtain her degree, put herself through school, and is a dedicated, talented hygienist who takes pride in her profession. She stated that is inconceivable to her that she may be restricted from something she is so passionate about. She stated that she made a mistake at the beginning when applying for a license that she could not be sorrier for and has paid dearly for her actions. She then asked the Board to allow her to continue to do what she loves and takes pride in.

*Katherine Bockbrader, Esq.*

Ms. Bockbrader stated that she was glad to hear Ms. Gibbons state that today she is sorry for not being truthful with the Board when she applied for her license and that she has a passion for being a hygienist. However, it was unfortunate that Ms. Gibbons still does not acknowledge her violations of the consent agreement. Ms. Bockbrader explained to the Board that Ms. Gibbons had some DUIs in the past, which was why the Board, by consent agreement, asked her to be monitored and do drug and alcohol screenings and Ms. Gibbons agreed. She agreed not to use drugs and alcohol, but she proceeded to continue to use alcohol very soon after she signed the consent agreement and continued to do use alcohol even after she signed an Addendum to the consent.

Ms. Bockbrader said that the Hearing Examiner went through her case very thoroughly and detailed all of the mitigating factors before recommending that her license be revoked. Ms. Bockbrader stated that revocation of Ms. Gibbons license is one option or if they did not want to revoke her license, if they think she can in the future allow herself to be regulated, be responsible, understand the consequences of her actions, and work to do what she needs to do to get her license, then she would recommend that Ms. Gibbons has conditions to do that. She reminded the Board members that in his objections, Ms. Gibbons lawyer asked you to have no monitoring terms for alcohol and drugs and she urged against that based on Ms. Gibbons own expert testifying that she that she had an alcohol use disorder and recommended that she have an exit consultation and outpatient treatment.

Ms. Bockbrader said that if the Board chooses to allow Ms. Gibbons a chance to get her license back then she recommended that they suspend her license for a length of time which they feel is appropriate and that a condition of her reinstatement should be that Ms. Gibbons complete outpatient treatment, comply with whatever

aftercare that the outpatient treatment provider advises for her to do, and that she sign up for Ohio Physicians Health Program (OPHP) before she can be reinstated. Ms. Bockbrader stated that after Ms. Gibbons is reinstated, she could be subject to similar probationary terms as what were in her original impairment consent agreement for whatever timeframe the Board deemed appropriate.

Ms. Bockbrader commented that it was good that Ms. Gibbons has indicated that she is now in mental health treatment because one of the concerns at the hearing was that her alcohol use and her mental health issues were inter-related. She reiterated that if the Board feels that Ms. Gibbons has potential in the future to come back, then she needs to show that she is capable of being responsible and understanding that she is subject to regulations of the career to be a hygienist. She stated that when you are a licensee you have certain requirements that people in other jobs do not have and Ms. Gibbons needs to have an understanding of that and the consequences of her actions to be able to practice again.

Ms. Bockbrader concluded by reminding the Board members that if they wanted to revise the proposed order of the Hearing Examiner, they needed to ensure they stated their rationale for the change. She also encouraged them to make sure they stated the conditions for reinstatement, what she must do to continue to practice, and any probationary terms.

Ms. Gibbons requested a moment to provide further comment. President Subramanian asked her to pause a moment and proceeded to ask Ms. Bockbrader if she had any further comments. Ms. Bockbrader thanked President Subramanian for allowing her to present her comments and indicated that she had nothing further to discuss.

President Subramanian thanked Ms. Bockbrader and then explained that Ms. Gibbons would have a few additional moments to speak to the Board.

#### *Erin A. Gibbons, R.D.H.*

Ms. Gibbons said that the psychologist who testified for her never recommended that she get outpatient treatment. She stated that she did not have a problem and that has been misstated today. Ms. Gibbons said to reinforce what she was explaining she claims to have been diagnosed as an alcoholic by members of this Board, or a member of someone that is unqualified to do so. Ms. Gibbons said that a professional psychologist examined her and on the stand during the hearing, he said she did not need treatment and she did not have a problem.

President Subramanian indicated the end of the discussions and called upon Ms. Carr to make a motion to enter quasi-judicial deliberations to discuss the matter of Erin A. Gibbons, R.D.H.

#### Quasi-Judicial Deliberations

### Enforcement Update

Deputy Director Russell provided the Enforcement Update by informing the Board that there were seven (7) cases pending hearing, four (4) of which have been continued indefinitely. He stated that there was one (1) case pending the Hearing Examiners Report and Recommendation which the Board had just heard oral arguments on and will be voted on later in the meeting. There are eleven (11) licensees and certificate holders under current suspension, thirty-seven (37) licensees and certificate holders with older suspensions, and currently the Board has three hundred (300) active cases. Deputy Director Russell said that there was one (1) referral to QUIP. He informed the members that fifty-four (54) cases have been reviewed by the Board Secretaries and are recommending they be closed at this time with seven (7) warning letters having been issued. He noted that there are twenty-five (25) licensees currently on probation.

Deputy Director Russell indicated to the Board members the detail of two hundred and fifty (250) cases being investigated by the Board that are over 90 days old by type and by age. Director Kamdar made note that there has been a backlog of cases during the past ten to eleven (10-11) months due to the vacancy in our Chief Legal Counsel position. However, he indicated that the Board would begin to see a change in these numbers over the next few months due to the recent hire of Mr. Cellier and the added efforts of the SIP to get the Board back on track with enforcement matters.

Due to the requirement in Chapter 4715.03(B) of the Ohio Revised Code, that "A concurrence of a majority of the members of the board shall be required to... ...(6) Dismiss any complaint filed with the board.", Deputy Director Russell reviewed the cases to be closed with the Board.

*Motion by Dr. Krob, second by Dr. Bean, to approve all licenses, registrations, and certifications as listed that have been issued since the November Board meeting.*

Ms. Scaramucci inquired that with regards to the applicants for coronal polishing certificates, if the Board was still approving courses with clinical components and if the two (2) applicants as listed had completed a clinical component. President Subramanian indicated that the applicants did complete the coursework including the clinical component. He then stated that a brief discussion on new licensing formalities would be held at the end of the meeting and that Dr. Bean and Ms. Carr would be presenting. He then thanked Ms. Scaramucci for bringing this to the attention of the Board.

## Anything for the Good of the Board

### Certifying Dental Assistant in Ohio

President Subramanian stated that before he provided his President's Update, he invited Dr. Bean and Ms. Carr to present to the Board regarding "Certifying Dental Assistants in Ohio". He stated that they both have invested a significant amount of time and effort in researching the various certification examinations for dental assistants

that are currently available. Their summary document was included in the documentation for the Board meeting. He then asked them to present their findings.

Dr. Bean stated that as was shared with the Board members prior to the meeting that day, the Commission on Ohio Dental Assistant Certification (OCDAC) has not offered any examinations during the last ten (10) months due to the COVID-19 pandemic. The Board office has been getting calls and emails from stakeholders in the dental assisting space seeking resolution.

Dr. Bean stated that they were able to share with them some of the information discovered out about functions that are delegable to certified assistants, what type of supervision is required, how a dental assistant might obtain or demonstrate additional knowledge, and identify or obtain function-specific knowledge. She stated that what we were hoping was to be able to offer an alternative pathway for those dental assistants seeking to become certified.

*Motion by Dr. Bean, second by Ms. Carr, that the Board temporarily accept the National Entry Level Dental Assistant (NELDA) examination for certification of dental assistants through December 31, 2021 as administered by the Dental Assisting National Board (DANB) for dental assistant applicants to apply as certified assistants due to the COVID-19 pandemic related pause in examinations by the Ohio Commission on Dental Assistant Certification (OCDAC).*

Dr. Bean stated that alternative pathway to certification is in an effort to allow more dental assistants to receive their certification thereby allowing them to become a major contribution to the dental team.

Discussion followed wherein Dr. Krob asked Dr. Bean whether this is to be effective only during the pandemic or was the suggestion to the Board to consider this examination as a permanent resolution moving forward. Dr. Bean stated that she and Ms. Carr would like to investigate this issue and the examinations further as this would be a temporary measure until the end of the year. She stated that they are unsure as to the continued status of the OCDAC examination and also aware of at least one (1) additional certifying agency they would like to research more thoroughly.

Dr. Bauer asked how many states currently accept the DANB NELDA examination for certification. Dr. Bean stated that it was her understanding that a significant number of states accept this examination although she did not have an exact number. Ms. Carr stated that she had not noticed the exact number of states that recognize the NELDA examination but commented she knows that the DANB examinations have a long-standing reputation for being valid, reliable examinations in dental assisting.

5. The Board is comprised of thirteen (13) members and must have quorum of its members (seven (7)) in attendance to be considered a meeting and hold discussions.
6. Board members should not discuss Board business outside of a meeting, or over the phone or an email as in a “round robin” discussion.
7. If an email is sent out to all Board members it is permitted to discuss the content of the email with Board staff, but it is not permitted to discuss the content with each other, and they should not perform a “reply all” to the email as it is a violation of the Open Meetings Act. They may, however, reply individually to the sender.
8. Exceptions to Board discussions are permitted under Ohio Revised Code Section 121.22(G) as Executive Sessions or Quasi-judicial Sessions. The Board is required to make a motion to recess for these types of discussions, must state the specific reason for the session, and only discuss the issue or matter as was the topic that was stated in the motion.
