## Department of Development

Mike DeWine, Governor  
Jon Husted, Lt. Governor

Lydia L. Mihalik, Director

August 1, 2022

**Governor DeWine, members of the General Assembly, fellow Ohioans:**

The Ohio Department of Development focuses each day on improving the lives of Ohioians. That's because we know that Ohio is the best place to live, learn, work, and play, and we want to shout that from the rooftops.

Over the 2021-22 fiscal year, Development implemented many new programs under the leadership of Governor Mike DeWine and Lt. Governor Jon Husted and supported by the General Assembly. The initial pages of this report outlines some of those programs, including:

- New funding that will provide a major boost for communities, businesses, and the people who call Ohio's 32-county Appalachian region home.
- We're making huge investments throughout the state to bring broadband service to every Ohioan.
- Development is helping pave the way for the \$20 billion Intel project in central Ohio.
- We're also helping communities prepare for economic development through brownfield remediation, demolition and site revitalization, and the Transformational Mixed-Use Development program.

Those are just a few of the new and innovative programs we're implementing, all while continuing to build on the work Development has performed for many years.

For instance, our TourismOhio office has helped the tourism industry regain ground it lost during the pandemic. Visitor spending reached \$47 billion in 2021, nearly equaling the record spending that we experienced in 2019.

Our business assistance programs are helping record numbers of businesses get off the ground and sustain their success. We've made big changes within our Minority Business Development Division, first by merging the staff of the Equal Opportunity Division at the Department of Administration Services into Development's Minority Division. We also launched two new loan programs to help minority- and women-owned businesses.

We're also helping businesses address their workforce issues through the DeWine-Husted Administration's innovative TechCred program and other initiatives. And we're building the workforce of tomorrow by providing interns to companies, including with the Diversity and Inclusion Technology Internship Program.

And our Community Services Division has stepped up its work in battling homelessness, making homes livable, and keeping utilities on for low-income Ohioans.

Ohio is stronger than ever, and we're building for the future. Our staff is focused on our mission: empowering communities to succeed through bold, diverse, and solution-focused action.

I can say to all Ohioans: At Development, we are here to help.

Respectfully,

Lydia L. Mihalik  
Director, Ohio Department of Development

## Empowering communities to succeed

At the Ohio Department of Development, that's our mission statement. But it's more than words on paper or on a sign. It's what we do every day.

In the past year, Development employees – under the leadership of Governor Mike DeWine and Lt. Governor Jon Husted – have implemented new programs and initiatives that are helping communities and the people who live in them. These efforts are making Ohioans' lives better today and far into the future.

## Enhancing minority business programs

The 2021-22 fiscal year started with a major improvement in services for minority, women-owned, and disadvantaged businesses. Beginning July 1, 2021, these businesses could become state-certified through the same office that also provides business counseling, access to capital, and other services specifically tailored to them. On that date, the state's Equal Opportunity Division, which had been housed in the Department of Administrative Services, was merged with Development's Minority Business Development Division. These certifications are now available in Development:

- **Minority Business Enterprise (MBE):** The MBE program is designed to assist minority businesses in obtaining state government contracts for goods and services.
- **Women-Owned Business Enterprise (WBE):** The WBE program is designed to assist women-owned businesses in obtaining contracts for goods and services, construction, architecture, engineering, information technology, and professional services.
- **Veteran-Friendly Business Enterprise (VBE):** The VBE Procurement program provides preference or bonus points to certified companies that compete to contract with the state to supply the goods or services it needs, including eligible construction services.
- **Encouraging Diversity, Growth and Equity (EDGE):** The EDGE program is designed to assist socially and economically disadvantaged businesses in obtaining state government contracts in the following areas: construction, architecture, and engineering; professional services; goods and services; and information technology services.

The Minority Division also has made obtaining certifications easier, by cutting in half the number of documents businesses are required to submit.

**Minority and women-owned business loans:** Also in 2021, Development's Minority Division began implementing one of the DeWine-Husted Administration's priorities by opening loan programs for minority- and women-owned businesses.

- The Women's Business Enterprise Loan Program offers loans of \$45,000 to \$500,000 at or below market rate. To qualify, businesses must be 51% ownership and control by women or be certified by the state of Ohio as a Women-owned Business Enterprise (WBE).
- The Ohio Micro-Loan Program offers loans of \$10,000 to \$45,000 at 0% interest. Businesses must be certified by the state of Ohio as a Minority Business Enterprise (MBE) or a Women-owned Business Enterprise (WBE) to be eligible.

By the end of the fiscal year on June 30, Development approved \$2,249,646 in Women's Business Enterprise Loans for 13 companies, and \$2,380,511 Ohio Micro-Loans have been approved for 59 companies.

With the start of the new fiscal year on July 1, more than \$7.6 million remains available through the Women's Business Enterprise Loan Program, and more than \$7.9 million through the Ohio Micro-Loan Program.

### MINORITY BUSINESS ASSISTANCE CENTERS

The network of MBACs around the state served more than 7,100 clients in the fiscal year, and advisors spent more than 6,500 hours counseling those clients.

Minority Business Chief Monica Womack speaks at the Alpha Phi Alpha Legislative Day at the Statehouse.

## Transformational Mixed-Use Development

In March 2022, Development recommended state support for 13 mixed-use development projects that are expected to result in more than \$2.1 billion in new Ohio payroll and spur more than \$1.4 billion in investments across the state. The Ohio Tax Credit Authority (TCA) approved a total of \$100 million in tax credits for the mixed-use development projects that will include the construction or redevelopment of more than 5.8 million square feet of transformational space.

The selected projects were the first proposals to receive state support through the Transformational Mixed-Used Development Program, which was created as part of the 133rd Ohio General Assembly's Senate Bill 39.

Of the \$100 million awarded, \$76,693,955 was awarded to major city projects and \$23,306,045 to general projects. Major city projects must be located within 10 miles of a corporation limit of Akron, Cincinnati, Cleveland, Columbus, Dayton, and Toledo. Eligible costs include land acquisition, building acquisition, demolition, site improvement, and new construction of the site.

Another round of the Transformational Mixed-Use Development Program will open in the coming months.

*Governor Mike DeWine in Trumbull County to announce funding to help demolish the former St. Joe's Hospital in Warren.*

## Brownfields

In June, Development awarded \$192 million for projects affecting 41 Ohio counties as part of the Ohio Brownfield Remediation Program. The state support for 112 brownfield remediation projects will help clean up contaminated properties in Ohio to make way for future economic development.

The grant awards include \$187.8 million for 79 clean-up projects and \$4.5 million for 33 assessment projects. These grants are in addition to the \$60 million in Ohio Brownfield Remediation Program grants awarded in April. An additional \$98 million in funds will be awarded in the coming months.

*Governor Mike DeWine announcing funding for city cleanup in Mansfield.*

The funds will help to assess and clean up industrial, commercial, and institutional brownfield sites that are abandoned, idled, or underutilized because of a known or potential release of hazardous substances or petroleum. Following site remediation, properties can be redeveloped to revitalize neighborhoods and attract new economic development.

The program is part of Governor DeWine's Ohio BUILDS Initiative.

## Site revitalization

Development awarded \$42.1 million in grant funding to help communities in nearly every Ohio county turn blighted properties into new opportunities that attract investment, business, and jobs. Eighty-seven counties will receive up to \$500,000 in grants as part of the first phase of the Ohio Building Demolition and Site Revitalization Program, which funds the demolition of dilapidated commercial and residential buildings and the revitalization of surrounding properties.

In total, approximately \$150 million in grants will be awarded for demolition and revitalization projects across the state in coming months. The program was created with the support of the Ohio General Assembly and is part of the DeWine-Husted Administration's strategic efforts to invest in Ohio's future. The program is part of Governor DeWine's Ohio BUILDS Initiative.

## BroadbandOhio

Development's Office of BroadbandOhio works to bring high-speed internet access to every Ohioan and build a best-in-class network in the state.

*Governor Mike DeWine announcing expansion of broadband in Ohio.*

- In March, the Ohio Broadband Expansion Authority awarded \$232 million to 11 internet service providers through the Ohio Residential Broadband Expansion Grant Program. The 33 expansion projects will increase broadband availability to unserved and underserved homes throughout Ohio and will affect 43,000 people in 31 counties. The authority also approved two-year agreements with providers who committed to independently fund 71 projects serving 52,000 households in 31 additional counties.
- Also in March, BroadbandOhio published Ohio's Broadband Availability Gaps Map, a new mapping resource tool that more accurately shows how many of the state's households are connected to high-speed internet, providing a clearer, more detailed picture of Ohio's broadband availability gaps. The maps provide more information to BroadbandOhio; Ohio residents; local, state and federal officials; internet service providers; and other stakeholders.
- In April, Lt. Governor Husted announced the Mt. Healthy Connectivity Pilot Project, a broadband expansion project that will provide high-speed internet to approximately 3,000 residents. The state of Ohio, Hamilton County, Mt. Healthy City Schools, and the city of Mt. Healthy have partnered with altafiber to increase digital equity and drive more access to educational, health care, and employment opportunities.
- In June, the BroadbandOhio Community Accelerator launched with four community-based teams undergoing an intensive 15-week program to learn about broadband expansion and deployment. Defiance County, Shelby County, Tuscarawas County, and the Ohio Valley Regional Development Commission have composed teams consisting of county commissioners, librarians, school officials, health officials, and other disciplines to engage with instructional staff. The four teams will work toward developing vision statements and broadband expansion strategies.

For more information, visit [BroadbandOhio.gov](https://BroadbandOhio.gov).

## MEAT PROCESSING

Development's Strategic Investment Division launched the Ohio Meat Processing Grant Program to help strengthen the local meat supply chain and reduce reliance on out-of-state meat processors. Grants of up to \$250,000 are being used by meat processors to implement processing efficiencies, expand or construct facilities at existing sites, assist in training and certification, and improve harvest services.

During the fiscal year, Development approved 126 grants totaling \$25 million to processors in 53 of Ohio's 88 counties. The Ohio Department of Development administered the program in collaboration with the Ohio Department of Agriculture.

The grants were awarded in two rounds. In the first round, \$10 million was appropriated. The program generated tremendous interest, as Development received 146 applications, requesting more than \$28 million in funds. In fact, 80 applications were filed seeking \$18 million in funds on the first day applications were accepted. Because of the interest, the Administration and legislature appropriated an additional \$15 million to fund all eligible applications.

*Director Lydia Mihalik with Tom Keller of Ohio Meat Processing Grant Program awardee TL Keller Meats.*

## Water and wastewater

Development awarded \$250 million in grant funding for 183 critical water infrastructure projects in all of Ohio's 88 counties. The Ohio BUILDS water infrastructure grant program, announced by Governor DeWine in October, was funded by the Ohio General Assembly as part of House Bill 168 with funding that was appropriated through the American Rescue Plan Act (ARPA).

Governor DeWine created the Ohio BUILDS water infrastructure grant program to reduce or eliminate the local financial burden associated with critical infrastructure needs, such as the construction of new water systems, the replacement of aging water lines, and the installation new water mains. Grants are also funding projects to prevent sewer system backups and replace failing household sewage treatment systems with new sewers.

*Director Lydia Mihalik in Washington Court House to announce the city's water infrastructure grant award.*

*Governor Mike DeWine, Director Lydia Mihalik, and other officials gathered for the signing of HB377.*

## Appalachia

In June, Governor DeWine signed House Bill 377, which makes a historic investment of \$500 million to transform Appalachian communities in 32 Ohio counties. The funding contained in the bill, which was sponsored by Rep. Thomas Hall (R-Madison Township) and Rep. D.J. Swearingen (R-Huron), will go toward the Appalachian Community Grant Program. The program is a result of Governor DeWine's "OhioBuilds – Small Communities, Big Impact – A Plan for Appalachia" proposal. Governor DeWine proposed the plan in April to help unite Appalachian communities on transformational local projects with three priorities:

*Director John Carey at Speyside Bourbon.*

- Infrastructure, including downtown development;
- Health care, such as investments in school- or community-based services to address physical and behavioral health;
- Workforce development, including public-private partnerships to build and coordinate job training.

The \$500 million investment in Appalachia allocated as part of House Bill 377 is on top of more than \$645 million in investments by the DeWine-Husted Administration since 2019 and is more than twice as much as this year's entire Appalachian Regional Commission budget covering 13 states.

*Director Lydia Mihalik attends the groundbreaking ceremony industrial park in Lawrence County.*

"Appalachian Community Grant Program – Small Communities, Big Impact – A Plan for Appalachia" includes a \$50 million planning phase to allow Appalachian communities and regional partnerships to develop transformational plans that incorporate each of the three priorities. Following the planning, \$450 million in implementation grants will be awarded to help communities and regional groups carry out projects that rejuvenate the region and stimulate economic growth.

The grant process will be administered by the Governor's Office of Appalachia, which is housed in Development.

## Business grant programs

Development awarded \$113 million to businesses through four grant programs targeting specific industries hit hard by the COVID-19 pandemic. The grant programs ended in December 2021:

- The Food and Beverage Establishment Grant helped restaurants, bars, coffee shops, and other businesses. More than 3,800 grants were issued for \$79.4 million.
- The Lodging Grant helped hotels, motels, and bed and breakfast operations. More than 690 grants were issued for \$13.6 million.
- The Entertainment Venue Grant helped theaters, music venues, spectator sports venues, museums, and other entertainment venues. More than 530 grants were awarded for \$13.8 million.
- The New Small Business Grant helped businesses that were established in 2020. More than 700 grants were awarded for \$7.2 million.

Director Lydia Mihalik tours the Harrison Paint Company in Canton.

## Export assistance

Development's efforts to assist Ohio businesses build their international marketing grew in the 2021-22 fiscal year, including the launch of the Office of Export and International Engagement. In February, Development's export office helped eight companies participate in the Arab Health trade show in the United Arab Emirates, the first such effort in many years. It is just the start as the export team is planning a return to Arab Health in 2023 and will participate in other foreign trade shows in the 2022-23 fiscal year, including the Farnborough Airshow in England.

Director Lydia Mihalik attends ceremony for the signing of a memorandum of understanding with Aragon, Spain.

## OHIO EXPORT ASSISTANCE FACTS

The export office also coordinated the visits of many foreign delegations, and it worked to develop an economic memorandum of understanding with the region of Aragon, Spain. That memorandum was signed by Director Mihalik during a virtual event in May.

Governor Mike DeWine at Intel announcement.

## Intel project

Development is working with others in Team Ohio to bring Intel to Ohio, with two semiconductor facilities currently planned for a site in Licking County. It could be the start of a project that could make central Ohio the home of one of the largest semiconductor manufacturing plants in the world.

### THE PROJECT WILL GENERATE MORE THAN 20,000 JOBS:

**3,000** INTEL JOBS earning an average of \$135,000 per year, plus benefits.

**7,000** CONSTRUCTION JOBS

**10,000 +** of additional support jobs, including electricians, engineers, supplier jobs, and jobs in restaurants, health care, housing, entertainment and more.

In addition, more than 140 existing Ohio businesses across the state are already Intel suppliers, and the project is expected to bring additional new businesses to Ohio to support the supply chain.

Visiting Lubrizol Corporation in Lake County to learn about their collaboration with Intel.

This will make Ohio a magnet to attract business and talent from across the world, as Ohio will be rightfully viewed as a world center for modern manufacturing.

Development is working on grant and tax credit programs to turn this plan into reality:

- A \$600 million Onshoring Incentive Grant: This will offset capital investment for the company as building a semiconductor plant in the U.S. costs as much as 20% to 30% more compared to those built in Asian markets. The grant is for \$300 million per fab (chip fabrication facility), and two fabs are planned as part of the initial phase to be completed by 2025. The grant is performance based, so it will not be awarded if the company's commitments aren't fulfilled.
- A \$691 million Local Infrastructure Investment: This will provide \$101.2 million for water and wastewater capacity upgrades; \$290 million in roadwork, including \$180 million for local roads and \$110 million for state roads; and \$300 million for a water reclamation facility.
- A \$650 million Job Creation Tax Credit: Intel will be eligible for an expanded Job Creation Tax Credit as a result of the mega projects legislation approved by the General Assembly and signed by Governor DeWine. If Intel meets its job creation commitments, it could receive up to an estimated benefit of \$650 million over a 30-year period. If the commitments aren't met, the full benefit of the tax credit will not be awarded.

## Development programs

Development continued to serve a growing number of clients in our communities and business.

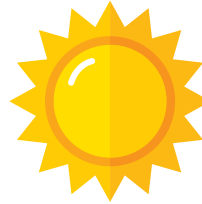

### Community Services Division

The Division provided many types of assistance to help Ohioans pay utility bills, find housing or stay in their homes, and put food on their tables.

- \$26 million was distributed to 47 Community Action Agencies to support their programs that help Ohioans at or below 200% of the federal poverty level. That is an annual income of \$55,500 for a family of four. The funding supported food banks, rental assistance, or utility assistance, depending on the needs of the community.
- \$6.2 million went to 67 emergency shelters to help with shelter operations, support services, personal protective equipment, supplies, and motel vouchers.
- \$6.4 million went to 24 agencies that serve 87 of the 88 counties to help with homeless prevention and rehousing. The funding also was used for rental assistance and supportive services.
- \$2 million went to 47 domestic violence shelters and more than \$1.3 million to 19 shelters, in 19 counties, that do not typically receive funding.
- The division continued operating the Home Relief Grant, which was originally launched in the fall of 2020, and helps Ohioans who are behind on rent, mortgage, and utility payments.
- The division served 66,341 households through the Ohio Home Energy Assistance Program's Winter Crisis Program and 32,585 through the Summer Crisis Program.
- The Home Weatherization Assistance Program improved 2,402 homes occupied by 4,945 people, including 1,338 elderly people, 966 disabled people, and 1,612 children. In addition, the Home Weatherization Assistance Program Enhancement helped 1,422 households.

## Small Business Development Centers

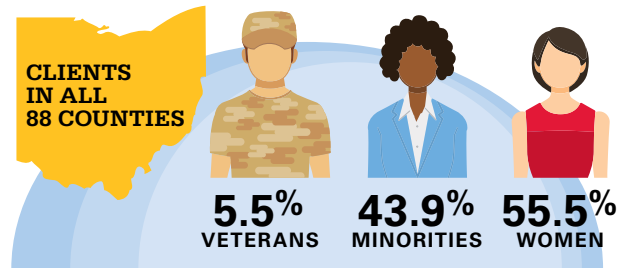

The Ohio SBDC assisted more than 13,300 clients during its most recent program year. The centers counseling efforts helped businesses boost their sales by \$134 million, create nearly 2,300 new jobs, and launch more than 500 new businesses. More than half of the SBDC's clients were women-owned businesses, and more than 1,800 clients were located in Appalachia. Despite significant growth in the client base, the SBDCs continued high-quality work, with 97.8% of clients satisfied with the help they received and 81% extremely satisfied.

# TourismOhio

TourismOhio helped the state have a successful year by running a full marketing campaign in 17 markets in Ohio, Indiana, Kentucky, West Virginia, Pennsylvania, and Michigan, encouraging travelers to take a road trip to Ohio. TourismOhio’s primary marketing message on “Ten Perfect Road Trips at Ohio.org” fit tourists’ desire to take trips close to home. For every \$1 invested in the advertising campaign, \$83 in spending and \$6 in taxes were generated in Ohio. Some of the top road trips that attracted visitors were the “Rock & Ride Road Trip” that featured Cedar Point and the Rock & Roll Hall of Fame and the “Art Road Trip” that highlighted the Cleveland Museum of Art and the Holmes County Open Air Art Museum.

TourismOhio also partnered with six professional golf tournaments in the state for its Ohio Professional Golf Trail, result in record-setting attendance of more than 130,000 spectators at the Solheim Cup in Toledo. TourismOhio’s partnership with the 2021 Rock & Roll Hall of Fame Induction Ceremony in Cleveland led to the Ohio. Find It Here. logo being prominently showcased at the nationally recognized event.

TourismOhio’s marketing efforts resulted in seven awards in 2021, its most ever. Top awards included a silver Telly for the “Reach for the Top” television commercial, a bronze Telly for a video celebrating 100,000 Instagram followers, and three PRISM awards for Ohio. Find It Here. social media promotions. TourismOhio also had a record 130 co-op advertising program partners, contributing \$1.7 million to their marketing message through the Ohio. Find It Here. brand.

2022 Ohio Tourism Day

Tourism is not only big fun, but also big business in Ohio. Economic impact data for Ohio tourism in 2021 showed \$47 billion in visitor spending that supported 411,000 jobs as well as 219 million visits, including 40 million involving overnight stays.

## Business assistance

The Ohio Tax Credit Authority continued its work in awarding Job Creation Tax Credits to businesses locating or expanding in Ohio, creating new jobs and preserving existing ones.

## Workforce

Workforce development has been a key priority for Governor DeWine and Lt. Governor Husted from Day 1 of their administration, and it's also a priority for Development.

- TechCred has been a huge win for Ohio businesses and their employees. After the most recent application round in May, 293 Ohio employers were approved for funding, resulting in Ohio employees earning up to 3,953 technology-focused credentials. That round marked a TechCred milestone, as the program officially reached and exceeded the goal outlined in the most recent state budget to fund 20,000 industry-recognized, tech-based credentials each year. Manufacturing businesses topped the list of awarded credentials, requesting nearly 1,900 tech-focused credentials. Since the start of the program, almost half of the businesses using TechCred have been awarded multiple times. Businesses can get reimbursed up to \$2,000 per credential earned by an employee.
- The Ohio Individual Microcredential Assistance Program (IMAP) helps Ohioans who are low income, partially employed, or unemployed participate in a training program and receive technology-focused credentials at no cost to them. Development funds the training providers, including two- and four-year colleges and universities, Ohio technical centers, and private businesses or institutions. Training providers are reimbursed up to \$3,000 for each credential issued. The most recent application period closed at the end of June and focused on credentials that support broadband and 5G including Fiber Optics, Telecommunications Tower Technician, and the 5G Readiness program.
- Ohio has invested more than \$5 million in Industry Sector Partnerships over the past two years. The goal of this grant is to fund collaboration between businesses, education and training providers, and other community leaders who are invested in improving their region or industry's workforce.
- For additional data on TechCred and other workforce-related programs, see Appendix 4.

### Development also administers three internship programs that can help businesses:

The Manufacturing Extension Partnership works with high schools and career/technical schools on the **MEP High School Internship Program**. It helps businesses with their workforce needs, while also providing students valuable career skills. 80 percent of interns in the program are offered full-time employment at the end of the internship. Ohio MEP reimburses 50 percent of student wages, up to a maximum of \$1,500 per student.

The **Diversity and Inclusion Technology Internship Program** gives college students great experience in business and entrepreneurship, while companies get great young, diverse talent to help them compete and grow. Development reimburses two-thirds of the intern's wages up to \$7,500. You can be a technology company or simply a company with a technological need.

The Export Internship Program places college students who have taken export-focused coursework with companies looking to expand export initiatives or start exporting. Development pays up to half of the intern's wages. Since the program began in 2012, 411 students have helped 311 Ohio companies improve their export programs.

### OHIO THIRD FRONTIER

Third Frontier and its network of partners across the state work to support innovative ideas, entrepreneurs, and companies. During fiscal year 2022, the Ohio Third Frontier Commission awarded \$8.1 million to accelerate the growth of these new and diverse startup and early-stage technology businesses. Many of these companies are applying and adapting their technologies to the current global health crisis. From innovations in health care and education, to workplace safety, transportation, and communication, Ohio is stepping up to find new answers and solutions. A list of Ohio Third Frontier awards is detailed in Appendix 8.

## OHIO COAL DEVELOPMENT OFFICE

The Ohio Coal Development Office was established in 1984 to address the environmental impediments to Ohio coal utilization. In Fiscal Years 2021-2022 no new Requests for Proposals have been issued and therefore the Ohio Coal Development Office has not encumbered any new expenses through the Ohio Coal Research and Development Program. Seven projects initiated in 2019 completed their research. Details about those projects can be found in Appendix 9.

## ENTERPRISE ZONES

In calendar year 2022, 89 Enterprise Zone Agreements were entered into by local jurisdictions and reported to Development. Enterprise Zones are agreements between local communities and local businesses, and the agreements are filed with Development. It is the responsibility of Development to certify the zone or area, act as the repository for the agreements, and generate and collect annual reports. Additional information on this program can be found in Appendix 10.

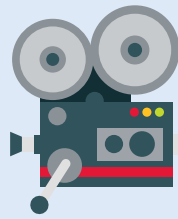

## OHIO VENTURE CAPITAL AUTHORITY

The Ohio Capital Fund was designed to provide investment capital for Ohio-based businesses in the seed or early stages of development. Development serves in an advisory role to the Ohio Venture Capital Authority and provides support and technical assistance, as required. In fiscal year 2022, the Ohio Venture Capital Authority issued \$10 million in tax credits to the debt-service reserve fund in accordance with the law establishing the Ohio Capital Fund. For additional information, visit [OhioCapitalFund.com](https://ohiocapitalfund.com).

## MOTION PICTURE TAX CREDIT

The Motion Picture Tax Credit was created in 2009 to encourage and develop a film industry in Ohio. The program provides a refundable tax credit equal to 30 percent of production, cast, and crew wages plus other eligible in-state spending. This is a performance-based incentive, and no tax credits are issued until the project is completed and requirements of the program are met.

**6 APPROVED PROJECTS**

**\$40 MILLION ALLOCATED**

## OPPORTUNITY ZONES

Communities across Ohio are poised for growth through investments Ohio is making in the Qualified Opportunity Zones. A total of 424 applications have been approved in the 2021 and 2022 application years for a total certificate amount of \$26,171,086. Nationwide, the zones are eligible for federal incentives through the 2017 tax reform legislation. Ohio added a 10% tax credit to Qualified Opportunity Zone investments. To learn more, visit [OpportunityZones.Ohio.Gov](https://OpportunityZones.Ohio.Gov). A report on Ohio Opportunity Zones can be found in Appendix 11.

## Boards and Commissions

Ohio residents assist the Ohio Department of Development by serving on boards and commissions that advise program offices. Development thanks these residents for their work.

**Broadband Expansion Authority** – The Broadband Expansion Authority reviews and approves grant applications that expand broadband throughout Ohio.

**Expo 2050 Task Force** – The task force is charged with developing and recommending a long-term vision for the Ohio Expo Center, an event venue in Columbus that is home to the Ohio State Fair, as well as nearby attractions, including the Ohio History Connection and the current Mapfre Stadium.

**Home Weatherization Assistance Program Advisory Council** – The Home Weatherization Advisory Council provides advice to the Ohio Department of Development to ensure that energy services are provided to low-income consumers.

**Minority Business Advisory Council** – The Minority Business Advisory Council advises and assists the Directors of the Development Services Agency and Department of Administrative Services in matters affecting the economic vitality of Ohio’s minority business community.

**Minority Development Financing Advisory Board** – The Minority Development Financing Advisory Board assists the Development Services Agency in creating employment opportunities and wealth in the minority business community. The Minority Development Financing Advisory Board does this by reviewing and making recommendations on loans and surety bond requests.

**Ohio Coal Development Technical Advisory Committee** – The Ohio Coal Development Technical Advisory Committee reviews, and makes recommendations concerning Ohio coal development project proposals, governance matters, and other topics related to Ohio coal development.

**New Americans Advisory Committee** – The New Americans Advisory Committee is charged with advising the Office of Opportunities for New Americans on matters of concern to Ohio’s new American population.

**Ohio Housing Trust Fund Advisory Board** – The Ohio Housing Trust Fund Advisory Board is charged with assisting the Ohio Department of Development in defining housing needs and priorities, recommending program updates to effectively benefit low- and moderate-income persons, and advising the Development Services Agency Director on the distribution of money from the Ohio Housing Trust Fund.

**Ohio Tax Credit Authority** – The Ohio Tax Credit Authority is charged with reviewing and approving applications for select tax credit assistance programs.

**Ohio Third Frontier Advisory Board** – Ohio Third Frontier Advisory Board provides guidance to the Ohio Third Frontier Commission. The members of the board represent leaders from industry, academia, and government, who advise on strategic planning, general management and coordination of programs associated with the Ohio Third Frontier.

**Ohio Third Frontier Commission** – The Ohio Third Frontier Commission is responsible for the allocation of funds appropriated by the Ohio General Assembly to support programs and activities associated with the Ohio Third Frontier.

**Ohio Venture Capital Authority** – The Ohio Venture Capital Authority oversees the Ohio Capital Fund.

**Public Benefits Advisory Board** – The Public Benefits Advisory Board ensures energy services are provided to low-income consumers in Ohio in an affordable manner.

**TourismOhio Advisory Board** – The TourismOhio Advisory Board is responsible for advising the director of the Development Services Agency and the chief of the Office of TourismOhio on strategies for promoting tourism in Ohio.

**Workers’ Compensation Board of Directors Nominating Committee** – The Workers’ Compensation Board of Directors Nominating Committee makes recommendations to the Governor for the appointment of members of the Bureau of Workers’ Compensation Board of Directors.

# Community Services Block Grant

2021 Program Summary

## Ohio Community Action Agencies' Performance Outcomes

The efforts and outcomes of CSBG are monitored through three national goals. These goals were designed to highlight the achievements of the programs, as well as monitor success in three areas:

promoting self-sufficiency, family stability, and community revitalization.

Below is how Ohio performed in 2021.

### GOAL 1 Individuals and families with low incomes are stable and achieve economic security

**176** OF PROGRAM PARTICIPANTS SUCCESSFULLY INCREASED THEIR SAVINGS

**39** PROGRAM PARTICIPANTS PURCHASED A HOME WITH INDIVIDUAL DEVELOPMENT ACCOUNT FUNDS OR OTHER SAVINGS

**1925** PROGRAM PARTICIPANTS OBTAINED A JOB

### GOAL 2 Communities where people with low incomes live are healthy and offer economic opportunity

**7256** PROGRAM PARTICIPANTS PARTICIPATED IN JOB READINESS, CAREER COACHING AND RESUME DEVELOPMENT TRAINING

**7139** HOUSEHOLDS OBTAINED SAFE AND AFFORDABLE HOUSING

**234870** INDIVIDUALS DEMONSTRATED IMPROVED PHYSICAL HEALTH AND WELL-BEING

### GOAL 3 People with low incomes are engaged and active in building opportunities in communities

**217** PROGRAM PARTICIPANTS IMPROVED THEIR LEADERSHIP SKILL

**368** Program Participants participated in Volunteer Training

## Community Services Block Grant Snapshot

**MORE THAN 426,000**

INDIVIDUALS AND 203,000  
FAMILIES WERE SERVED IN 2021

**MORE THAN 43,000**

PARTICIPANTS OBTAINED  
IMMUNIZATIONS, MEDICAL, AND  
DENTAL CARE

**MORE THAN 5,770**

CHILDREN PARTICIPATED IN  
SCHOOL READINESS ACTIVITIES

**MORE THAN 958,000**

EMERGENCY FOOD SERVICES WERE  
PROVIDED TO FAMILIES IN NEED

**MORE THAN 321,000**

TRANSPORTATION SERVICES WERE PROVIDED  
TO INDIVIDUALS OR FAMILIES

If you have questions about the Community Services Block Grant, please contact Yvonne Watson, Community Services Programs Manager at (614) 466-4394 or at [Yvonne.Watson@development.ohio.gov](mailto:Yvonne.Watson@development.ohio.gov)

## Ohio Housing Trust Fund

# SFY 2022 Ohio Housing Trust Fund Program Summaries

## CDC Grant Program (5%) (Restricted)

### Finance Fund - \$1,735,000

The Ohio Community Development Finance Fund (CDFF) will assist community-based non-profit development organizations undertaking housing, economic development, and commercial revitalization projects with a \$1,735,000 Ohio Housing Trust Fund (OHTF) CDC Set-aside. The Finance Fund will operate three core programs. The Pre-Development Program funds feasibility studies, environmental review, legal research, engineering/architectural drawings and site plans, business plans, market studies, and zoning and permit fees. The Economic Development Program funds community-based nonprofits that create long-term private-sector jobs to stabilize income for low-income communities. Funding will also be used for businesses and nonprofits affected by the COVID-19 pandemic in the form of grants, forgivable loans, and low-interest rate loans as well as a related loan loss reserve for the program. Funds will assist 13 businesses/organizations, 105 households, and 830 beneficiaries.

### Ohio CDC Association - \$600,000

The Ohio CDC Association, a state-wide membership organization of Community Development Corporations (CDCs), engages in capacity building, advocacy, and public policy development to foster socially and economically healthy communities. OCDCA will use a \$600,000 allocation from the Ohio Housing Trust Fund (OHTF) CDC Set-Aside Program for Micro Business Development. OCDCA will make awards to sub-sites selected from a competitive application review process for training and technical assistance (T&TA) and Micro Business loans. The program funds both start-up and existing enterprises. To qualify, the business owner must be low income. Funds are targeted to individuals at 50 percent or below area median income. OCDCA will assist approximately 13 CDCs with T&TA. The program will assist 244 microbusinesses with grants and loans, and 1,022 household with microenterprise operating expenses and training and technical assistance. Matching funds are committed by awarded sub-sites and OCDCA's program-generated Revolving Loan Fund. \$60,000 in administration will be used by OCDCA and \$48,000 will be provided to the sub-sites.

### Ohio CDC Association - \$175,000

The Ohio CDC Association (OCDCA) will provide cost-effective, high-quality training and technical assistance to community development professionals across the state. The activities will lead to increased capacity in the community development industry that includes CDCs, community-based groups, local units of government, and the private sector. The OHTF allows OCDCA and the industry to respond to topical concerns and industry needs allowing for greater impact, effectiveness, and efficiency across the state of Ohio. An estimated 248 LMI households will benefit from Housing and Economic Development Training and Technical Assistance and an estimated 552 LMI households will benefit from Program Support (Housing Development). All beneficiaries will be at 50 percent or below area median income. Matching funds will come from private conference sponsorship, private grants, membership dues and registration fees.

## Housing Development Assistance Program

In SFY 2022, the Ohio Housing Finance Agency (OHFA) awarded \$15 million in Ohio Housing Trust Fund dollars to provide gap financing to projects which provide units affordable to households at or below 50% area median income (AMI). OHFA estimates that a total of 967 units in 18 projects will be created or preserved with these resources. A percentage of the total units will require deeper income and rent restrictions required for HDAP. OHFA estimates that this will result in 371 units with deeper rent restrictions.

## Special Project Grant Program

### COHHIO - \$135,000

COHHIO will use Special Project funds to design and carry out a collaborative process for the development of the application to HUD for CoC Program funds. COHHIO will develop a communitywide or regionwide process involving coordination of homeless providers and other entities in the community, and monitor CoC Program recipients on compliance with the CoC Program rule and enforce compliance with the program requirements.

### COHHIO - \$165,000

COHHIO will operate the Housing Education and Fair Housing Program which will provide information and training statewide to tenants, landlords, homeowners and the public on fair housing and other housing issues. This will

include operating a toll-free Housing Information Line which will provide information regarding rental rights, fair housing rights, and state law governing the eviction process. COHHIO will also provide training and technical assistance on fair housing and other housing issues throughout the state at various trainings and conferences. In addition, COHHIO will enhance services and housing efforts for transition age youth (TAY) 18-24 years through its Youth Housing Initiative. Activities will include--facilitating the Runaway and Homeless Youth Provider Work Group; assisting the Ohio Balance of State (OBOS) in the monitoring of Coordinated Entry and agencies serving TA; and providing seminars, trainings, and technical assistance on TAY topics.

#### **COHHIO - \$250,000**

The Coalition on Homelessness and Housing in Ohio (COHHIO) will promote best practices for ending homelessness by providing training and technical assistance to homelessness providers throughout the state. This will include workshops, seminars, and other technical assistance promoting evidence-based practices and "lessons learned" to the needs of providers statewide-- especially during COVID 19 recovery efforts. The grant will also support COHHIOs efforts to improve and more consistently implement the Coordinated Entry CE system in the 17 Ohio Balance of State (OBOS) Homeless Planning Regions in order to improve the targeting, coordination, and utilization of resources for homeless and low income persons.

#### **COHHIO - \$188,750**

COHHIO will use the State Special Project funding to execute admin activities related to the implementation of the Ohio Balance of State Continuum of Care activities are required by HUD and the BOS CoC Board. This grant was awarded to COHHIO to fill a gap for services between PY 2018 and PY 2019 CoC Planning Grants. COHHIO is permitted to pay for expenses incurred dating back to 4/1/2021 to fill the gap for services the PY 2019 CoC Planning grant cannot cover.

#### **Habitat For Humanity - \$250,000**

Habitat for Humanity of Ohio, Inc will utilize \$250,000 Ohio Housing Trust Fund State Special Project funds to construct 20 single-family homes to be occupied by household with incomes at or below 50% of the Area Median Income in Akron, Cleveland, Columbus, Cincinnati, Canton, Dayton, and Toledo.

#### **OCCH - \$100,000**

OHTF Special Project funds will be used to reduce lead based paint hazards for 7 households with incomes at or below 35% of the AMI. The target area will include the following counties: Ashland, Ashtabula, Belmont, Carroll, Columbiana, Coshocton, Crawford, Geauga, Greene, Guernsey, Harrison, Jefferson, Lake, Licking, Marion, Miami, Monroe, Morgan, Noble, Muskingum, Perry, Portage, Richland, Trumbull, Tuscarawas, Warren, and Washington counties. In addition the cities of Dayton (Montgomery County) Springfield (Clark County) and Hamilton (Butler County) will be targeted in their respective highest lead based paint abatement needs area.

#### **Ohio CDC Association - \$125,000**

The AmeriCorps VISTA program was created in 1995 as a partnership between OCDCA and The Corporation for National and Community Service (CNCS). Funding will support 10 cost-share VISTA members. Matching contribution of 29 Standard VISTA members will be provided by CNCS. These members will work on housing related activities, such as developing and creating homeownership education and counseling programs, foreclosure prevention programs, home improvement and home repair programs, IDA Homeownership programs, supportive housing activities, and activities that address vacant and abandoned properties. Matching funds will come from OCDCA membership fees, member program fees and CNCS. The program will assist 1000 households, 8 businesses/organizations and 2722 beneficiaries at 50 percent or below area median income.

#### **Ohio CDC Association - \$79,400**

The Assets Ohio Individual Development Account (IDA) program is a collaboration between OCDCA and non-profit partner organizations throughout the state. The program provides low-income households with down payment assistance match for IDAs and homeownership education services, including financial planning, credit counseling, and homebuyer education. The program will leverage \$101,400 in funds from non-state, IDA participant savings match, subsite match, in-kind, and HHS Office of Refugee Resettlement (ORR). The program will benefit 21 households and 57 beneficiaries at 50 or below area median income.

## **Resident Services Coordinator Program**

The Ohio Department of Aging administers the Resident Service Coordinator Program. OHTF dollars have been awarded to ten organizations to provide part-time service coordinators for 15 properties that were part of the Ohio Housing Finance Agency's project-based Section 8 portfolio or recipients of Ohio Housing Tax Credit financing. The goal of the program is to help elderly and disabled low-income tenants identify and obtain services and benefits available in the local community. Service coordinators interact with residents, residents' families, property management and community service providers. As a result of the program, tenants have increased access to services and benefits, are able to maintain their apartments, comply with the lease terms and continue to live independently. Service coordinators reduce the burden on property managers by dealing with tenant issues and help decrease move-outs and unit turnover. Ohio Department of Aging received \$12,500 to administer the program.

## **Supportive Housing Program**

### **Aurora Project - \$209,900**

Aurora Project, Inc. will provide transitional housing for homeless single women, and households with children, with household incomes at or below 35 percent of Area Median Income in Lucas County. Funds will be used for supportive services, program operations, administration, data collection and evaluation. The project has a capacity for 11 households that includes 16 beds. Aurora Project, Inc. will serve 75 persons during the two-year period. Aurora Project, Inc. proposes that 82% of persons will exit to a permanent destination and an average length of stay of 90 days.

Volunteers of America of Ohio & Indiana proposes that 90 percent of persons will exit to or retain permanent housing for each project.

#### **VOA National Hsg - \$98,200**

VOA National Housing Corporation will provide permanent supportive housing for homeless, single men, and single women, with household incomes at or below 35 percent of Area Median Income in Lucas County. Funds will be used for program operations and administration. The project has capacity for 40 households that includes 40 beds. The agency proposes it will serve 50 households and that 70 percent of persons will exit to or retain permanent housing during the two-year period.

#### **YWCA - Canton - \$318,200**

YWCA Canton will provide permanent supportive housing for homeless, disabled households with children with incomes at or below 35 percent of Area Median Income in Stark County. Funds will be used for administration, program operations, and supportive services. The project has capacity for 26 households that includes 41 beds. The agency proposes to serve 30 households and that 96 percent of persons will exit to or retain permanent housing during the two-year period.

#### **YWCA - Columbus - \$240,300**

YWCA Columbus will provide permanent supportive housing for homeless, disabled single women, with household incomes at or below 35 percent of Area Median Income in Franklin County. Funds will be used for administration, program operations, and supportive services. The project has capacity for 91 households that includes 91 beds. The agency proposes it will serve 130 households and that 90 percent of persons will exit to or retain permanent housing during the two-year period.

#### **YWCA - Elyria - \$56,600**

The Young Womens Christian Association (YWCA) of Elyria will provide permanent supportive housing for homeless disabled single women with household incomes at or below 35 percent of Area Median Income in Lorain County. Funds will be used for program operations. The YWCA has capacity for 14 households that includes 14 beds. The agency proposes to serve 19 households and that 90 percent of persons will exit to or retain permanent housing during the two-year period.

#### **YWCA - Elyria - \$109,800**

The Young Womens Christian Association (YWCA) of Elyria will provide transitional housing for homeless single women, and female-headed households with children, with household incomes at or below 35 percent of Area Median Income in Lorain County. Funds will be used for supportive services, and program operations. The project has a capacity for 14 households that includes 19 beds. The project will serve 76 persons during the two-year period. The YWCA proposes that 83% of persons will exit to a permanent destination and an average length of stay of 180 days.

## TechCred & Workforce Programs

## TechCred & Workforce Programs

The Ohio Department of Development and the Governor’s Office of Workforce Transformation launched 3 new workforce programs in Fiscal Year 2020 which released significant funding in Fiscal Year 2022:

1. Industry Sector Partnership Grant
2. Individual Microcredential Assistance Program (IMAP)
3. TechCred

### Industry Sector Partnership Grant

In Fiscal Year 2022, the Ohio Department of Development and the Governor’s Office of Workforce Transformation provided funding for 13 grants, totaling \$2.6 million, through the Industry Sector Partnership grant. This program supports partnerships that help ensure Ohioans can participate in the workforce pipeline while meeting the needs of job creators and the local economy. The selected partnerships are located in various regions across Ohio and focus on multiple in-demand industry sectors, including healthcare, information technology, manufacturing, construction, and transportation.

The following is a list of Industry Sector Partnership grantees for Fiscal Year 2022:

Name of Industry Sector Partnership	Amount Awarded	Grant Type
Workforce Connect IT Sector Partnership (WC IT SP)	\$ 250,000.00	Industry Sector Partnerships - Accelerant Grant
The Health Collaborative Workforce Advisory Council	\$ 250,000.00	Industry Sector Partnerships - Accelerant Grant
Raise the Bar Hancock County	\$ 250,000.00	Industry Sector Partnerships - Accelerant Grant
Mahoning Valley Manufacturers Coalition	\$ 250,000.00	Industry Sector Partnerships - Accelerant Grant
ConxusNEO Industry Sector Partnerships	\$ 250,000.00	Industry Sector Partnerships - Accelerant Grant
WorkforceConnect Manufacturing Sector Partnership	\$ 250,000.00	Industry Sector Partnerships - Accelerant Grant
Great Lakes Regional Industry Sector Partnership	\$ 250,000.00	Industry Sector Partnerships - Accelerant Grant
Lorain County Manufacturing Sector Partnership	\$ 125,000.00	Industry Sector Partnerships - Accelerant Grant
Alliance for Working Together Northeast Ohio Sector Partnership	\$ 250,000.00	Industry Sector Partnerships - Accelerant Grant
Ohio IT Apprenticeship Collaborative	\$ 200,000.00	Industry Sector Partnerships - Accelerant Grant
Stark County Manufacturing Workforce Development Partnership	\$ 100,000.00	Industry Sector Partnerships - Spark Grant
Sectors with PIE CaseLAB® Career Academy & DriveOhio Smart Mobility	\$ 100,000.00	Industry Sector Partnerships - Spark Grant
Fairfield County Career Readiness Endorsement	\$ 60,000.00	Industry Sector Partnerships - Accelerant Grant

Examples of activities of the Industry Sector Partnership grantees in Fiscal Year 2022 include the following:

- Supporting local apprenticeship programs.
- Assisting with identifying career pathways for adults reentering the workforce.
- Developing a plan to utilize online tools and technological resources for training and skill development in healthcare and public safety careers.
- Utilizing marketing resources to promote the construction trades via social media and press releases.
- Establishing processes for the collection of regional, industry-specific employment data.
- Working with refugee resettlement organizations to identify young people interested in training.
- Working with local manufacturers to identify the top Manufacturing credentials needed in the region.

- Help employers transition from outdated, static job postings to skills-based job profiles to draw in a new workforce.
- Establishing new opportunities for apprenticeships and internships within key industries in the region.

## Individual Microcredential Assistance Program (IMAP)

The Individual Microcredential Assistance Program, or IMAP, helps Ohioans who are low income, partially unemployed, or totally unemployed participate in a training program to receive a credential at no cost. IMAP training providers cover all tuition, fees, and additional costs to help the individual learn new skills and earn a credential that can lead to a good job.

Reported information:

- Average wage increase percentage for credential completers:
  - FY 22: 17.9%\*
- Average hourly wage for credential completers:
  - FY 22: \$24.09\*

Demographic analysis of credential completers:

- Out of 60 credential completers choosing to respond to this optional question: 50.0% Male, 50.0% Female\*
- Out of 61 credential completers choosing to respond to this optional question: 42.6% Caucasian, 47.5% African American, 1.6% Hispanic, 1.6% Asian, and 6.6% Other\*

*\*Due to the small sample size and data anonymity concerns, regional analysis is unavailable at this time.*

Development distributed a survey to individuals who completed a Microcredential with the assistance of the IMAP program. Among those who responded to the survey upon completion of the credential, 27.3% had already obtained a new job, 16.9% had already received a raise, and 10.4% had already received a promotion. Among those who had not yet obtained a job, promotion, or raise, comments that were submitted overwhelmingly indicated that the individuals felt optimistic about the Microcredential positively impacting their future careers. Below are examples of submitted comments:

- “Completing the IMAP’s Agile Project Management credential benefited me in my job search and contributed to finding a new position. Being able to share that my time unemployed was spent pursuing education - especially an Agile program - provided a valuable talking point in my job search (not to mention the skills I gained!). A full year later, I still share the story of how Governor DeWine’s daily covid briefings brought me to an opportunity I would not have been able to pursue otherwise. Thank you, IMAP!”
- “Earning this credential has opened up many doors for me. I have been out of the workforce for 10 years and no one was willing to hire me with my employment gap. Adding this to my resume has made me shine in a lot of business’ eyes. Thank you so much for this opportunity.”
- “It has given me an opportunity to enroll as a student to one of the colleges that offered a certificate path. After 30 years of being out of school I will receive my Associates July 2022 and will go on to get my BS in Information Technology. This opportunity would not have been possible without the program. Once I graduate the certificates will help me get into my new career.”

- “Thank you for giving the opportunity to be part of this amazing program. This credential gave me the opportunity to be interviewed for several positions.”
- “I attended Tech Elevator in 2021 but was still job-seeking 2 months later and applied for the IMAP cert courses. I believe that having the ITIL4 (and the fact that I was continuing to learn during the interview and offer process) was part of what helped me gain the position I will start next week.”
- "This credential was required for admission to a computer science bachelors program. By obtaining CompTIA A+ I qualified for admission and I am now enrolled in a 4 year degree program. When I finish this degree program I will have many more job prospects for a significantly higher salary."

## TechCred

TechCred helps Ohioans learn new skills and helps employers build a stronger workforce with the skills needed in a technology-infused economy. TechCred reimburses Ohio employers who invest in upskilling their current or prospective workforce with tech-focused short-term credentials.

The table below shows funding allocations made in Fiscal Year 2022:

	Number of Employers Awarded	Number of Credentials Funded	Funding Allocated
June 2021 Application Round	263	3,149	\$3,367,037
August 2021 Application Round	267	2,400	\$3,067,720
October 2021 Application Round	252	2,997	\$3,682,421
January 2022 Application Round	370	4,434	\$5,014,928
March 2022 Application Round	342	4,121	\$4,606,159
May 2022 Application Round	293	3,953	\$4,356,910

### Reported information

Employers awarded an allocation from the TechCred program are allowed 12 (formerly 18) months from the date of award to complete credential programs and submit documentation requesting reimbursement. In Fiscal Year 2022, reimbursement requests were processed for 7,525 credentials.

- Average wage increase percentage for credential completers:
  - FY 22: 4.2%\*
- Average hourly wage for credential completers:
  - FY 22: \$30.58\*
- Demographic analysis of credential completers:
  - Out of 3,156 credential completers choosing to respond to this optional question: 76.1% Male, 23.9% Female\*
  - Out of 2,658 credential completers choosing to respond to this optional question: 89.4% Caucasian, 4.7% African American, 1.4% Hispanic, 2.1% Asian, 2.3% Other \*
- Demographic analysis of employers who have received reimbursement:
  - Out of 789 employers choosing to respond to this optional question, 664 identified as Woman Controlled/Led

- Out of 577 employers choosing to respond to this optional question, 343 identified as Minority Controlled/Led

*\*Due to the small sample size and data anonymity concerns, regional analysis is unavailable at this time.*

**Approved Credentials:**

The TechCred program is employer-driven, it allows employer applicants to suggest new short-term, tech-focused, and industry-recognized credentials for approval during each application period. The IMAP program utilizes the same list of credentials. To see a list of the 2,001 credentials that were approved at the conclusion of Fiscal Year 2022. [Click Here](#).

# Appendix 5

## Job Creation Tax Credits

**Job Creation Tax Credit Agreements Entered into in 2021**

Beneficiary	Date Agreement Executed	Local Jurisdiction	County	Total Fixed Asset Investment	Committed Created Jobs	Committed Retained Jobs	Status

## Data Center Sales Tax Exemptions

Data Center Exemption Program - Agreements Entered Into in 2021									
Beneficiary	Agreement Execution Date	Project Local Jurisdiction	Project County	Tax Credit Rate	Tax Credit Term	Status	Committed Jobs Created	Committed Jobs Retained	Committed Total Fixed Asset Investment

There were no Data Center Exemption Agreements entered into in 2021. There was a project approved by the Tax Credit Authority in 2021, but the agreement was not entered into during 2021.

# Appendix 8

## Ohio Third Frontier

**OHIO THIRD FRONTIER - PROGRAM SUMMARY**

**\$2.1 billion initiative to foster the formation, creation and attraction of new technology-based companies and jobs as well as to support existing industries to transform themselves with new, globally competitive products  
As of December 2021**

Ohio Third Frontier Program	State Funds Awarded	State Funds Expended	Cost Share Reported	Jobs Retained	Jobs Created	Total Jobs	Avg Salary
Advanced Energy Cluster Program	\$ 41,499,968	\$ 36,695,238	\$ 41,725,609	105	269	374	\$ 51,486
Advanced Imaging Cluster Program	\$ 13,542,470	\$ 12,353,382	\$ 16,305,580	43	100	143	\$ 87,958
Advanced Materials Cluster Program	\$ 14,579,672	\$ 14,127,132	\$ 19,290,463	50	52	102	\$ 70,382
Advanced Sensors Cluster Program	\$ 8,977,738	\$ 8,493,957	\$ 10,804,340	57	43	100	\$ 57,038
Biomedical Cluster Program	\$ 12,960,148	\$ 11,652,712	\$ 18,607,119	42	135	177	\$ 75,881
Biomedical Research Commercialization Program	\$ 151,749,921	\$ 151,484,869	\$ 218,153,264	744	915	1,659	\$ 64,908
Broadband Development Grant	\$ 905,000	\$ 905,000	N/A	N/A	N/A	N/A	N/A
Commercial Acceleration Loan Fund	\$ 38,700,851	\$ 24,874,025	\$ 14,414,409	151	187	338	\$ 180,860
Diversity & Inclusion Technology Internship Program	\$ 5,901,000	\$ 2,688,621	N/A	N/A	N/A	N/A	N/A
Engineering Research Commercialization Program	\$ 80,677,370	\$ 80,250,691	\$ 99,854,502	197	420	617	\$ 66,516
Entrepreneurial Service Providers Program	\$ 281,872,008	\$ 242,288,810	\$ 220,379,356	N/A	N/A	4,348	N/A
Fuel Cell Cluster Program	\$ 50,762,794	\$ 42,032,699	\$ 40,266,301	125	236	361	\$ 59,602
Incubation Program	\$ 5,125,000	\$ 5,008,182	\$ 4,003,221	N/A	N/A	N/A	N/A
Industrial Research & Development Center Program	\$ 55,491,954	\$ 47,056,749	\$ 648,925,635	2,866	1,600	4,466	\$ 58,300
Innovation Platform Program	\$ 45,458,955	\$ 43,340,235	\$ 52,411,669	72	609	681	\$ 60,360
Ohio Fellowship Grant Program	\$ 1,597,371	\$ 341,312	N/A	N/A	N/A	N/A	N/A
Ohio Research Commercialization Grant Program	\$ 13,327,588	\$ 13,267,670	\$ 6,566,056	84	202	286	\$ 59,946
Ohio Research Scholars Program	\$ 137,585,334	\$ 115,118,430	\$ 150,151,822	400	152	552	\$ 72,035
Ohio Third Frontier Internship Program	\$ 8,984,315	\$ 8,423,446	\$ 2,295,722	N/A	N/A	N/A	N/A
ONEFund	\$ 2,905,000	\$ 2,885,000	N/A	-	259	259	\$ 37,195
Open Innovation Incentive	\$ 3,864,663	\$ 3,128,055	N/A	N/A	N/A	N/A	N/A
Opioid Abuse Prevention and Treatment Technology Initiative	\$ 9,991,337	\$ 9,633,370	\$ 10,317,709	N/A	N/A	N/A	N/A
Opioid Technology Challenge Program	\$ 8,000,000	\$ 7,815,868	N/A	N/A	N/A	N/A	N/A
Photovoltaics Cluster Program	\$ 10,239,702	\$ 7,862,153	\$ 9,131,921	9	37	46	\$ 55,280
Pre-Seed Capitalization Fund	\$ 285,558,682	\$ 206,024,871	\$ 334,082,093	N/A	N/A	N/A	N/A
Targeted Industry Attraction Program	\$ 13,105,400	\$ 13,020,230	\$ 15,105,378	383	435	818	\$ 52,016
Technology Asset Grant Program	\$ 5,000,000	\$ 5,000,000	\$ 16,524,299	30	139	169	\$ 90,000
Technology Commercialization Centers Program	\$ 46,063,143	\$ 20,012,204	\$ 53,010,821	-	20	20	\$ 72,000
Technology Validation & Startup Fund	\$ 34,907,532	\$ 26,714,725	\$ 19,431,418	N/A	N/A	447	\$ 72,521
Third Frontier Action Fund	\$ 18,582,343	\$ 17,463,394	\$ 33,284,792	134	294	428	\$ 52,152
Wright Centers of Innovation - Biomedical	\$ 87,302,967	\$ 87,260,522	\$ 183,396,072	199	551	750	\$ 76,664
Wright Centers of Innovation - Engineering	\$ 148,094,300	\$ 147,247,726	\$ 302,651,415	139	1,333	1,472	\$ 61,238
Wright Mega Center of Innovation	\$ 47,962,008	\$ 47,962,008	\$ 206,109,641	-	686	686	\$ 79,638
Wright Projects Program	\$ 103,571,597	\$ 101,474,140	\$ 164,721,595	136	641	777	\$ 60,321
<b>Grand Totals</b>	<b>\$ 1,794,848,131</b>	<b>\$ 1,563,907,424</b>	<b>\$ 2,911,922,222</b>				

**BROADBAND DEVELOPMENT GRANT**

Collecting data, conducting surveys and engaging communities in facilitating local technology planning to provide support for Broadband Development Grant Projects  
(Cumulative through December 2019)

Project End Date	Organization	Project Title	State Funds Awarded	State Funds Expended	Cost Share Reported	Jobs Retained	Jobs Created for Profit	Jobs Created Not for Profit	Jobs Total Created/Retained	Average Salary (All Jobs)
4/1/2019	Connect Ohio Initiatives, LLC	Broadband Data & Planning	\$ 905,000	\$ 905,000	N/A	N/A	N/A	N/A	N/A	N/A

\* Program Launched February 2019

**ADVANCED ENERGY CLUSTER PROGRAM**  
**Addressed barriers to commercialization in Ohio for research and development of advanced energy components**  
**(Program Completed June 2017)**

Project End Date	Organization	Project Title	State Funds Awarded	State Funds Expended	Cost Share Reported	Jobs Retained	Jobs Created	Total Jobs	Average Salary (All Jobs)
12/31/2011	The Ohio State University	Engineering Clostridia for Economic Production of Biobutanol as a Biofuel	\$ 1,000,000	\$ 1,000,000	\$ 1,138,129	2	11	13	\$ 42,000

Appendix D: Criteria Used to Select Office’s Specific Types of Projects .....	17

## Purpose

The Ohio Coal Development Office was established in 1984 to address the environmental impediments to Ohio coal utilization. The office provides support for research and development projects that address the needs of the Ohio coal industry and develop technology that will utilize Ohio coal in an environmentally acceptable manner.

Established under Section 1551.35 of the Ohio Revised Code, the Ohio Coal Technical Advisory Committee is an 11-member group that reviews and makes recommendations concerning Ohio coal research and development project proposals, governance matters and other topics related to Ohio coal development. Six of the members are appointed by and serve indefinitely at the pleasure of the Director of the Ohio Department of Development, four members are appointed by the General Assembly, serving for the duration of the term in office, and one ex officio member is from the Ohio Environmental Protection Agency.

*A tugboat moves barges filled with coal on the Ohio River.*

The current members of the Ohio Coal Technical Advisory Committee are:

- **Michael Carey, Chair**  
Ohio Coal Association/Murray Energy Corp.  
Representing Coal Production Companies
- **James J. Reuther, Ph.D., Vice Chair**  
Battelle Memorial Institute  
Representing Coal Research and Development Technology
- **Larry Ward**  
United Mine Workers of America  
Representing United Mine Workers of America
- **Laurie A. Stevenson**  
Ohio EPA  
Environmental Protection Ex-Officio Member
- **Joseph Shields, Ph.D.**  
Ohio University  
Representing Coal Research and Development Technology (University)
- **Commissioner Beth Trombold**  
Public Utilities Commission of Ohio  
Representing Public Utilities Commission
- **Timothy Riordan**  
American Electric Power Service Corporation  
Representing Electric Utilities
- **Representative Don Jones**  
Ohio House of Representatives  
95th District
- **Representative Jack Cera**  
Ohio House of Representatives  
96th District
- **Senator Tim Schaffer**  
Ohio Senate, District 20
- **Senator Sandra Williams**  
Ohio Senate, District 21
- **Karen Conrad**  
Ohio Coal Development Office Director  
Ohio Department of Development

From 2020-2021 coal production in Ohio is down 23% <sup>1</sup>

In 2020 Ohio had 10 operational mines, 5 underground and 5 surface <sup>2</sup>

Of coal producing states, 14<sup>th</sup> in the Nation for total production of coal <sup>3</sup>

Ohio is one of the top 10 coal consuming states in the U.S.<sup>4</sup>

Ohio consumes 556.8 trillion BTU of coal but only produces 88.3 trillion BTU <sup>5</sup>

Ohio's coal production comes from 7 different counties<sup>6</sup>

Ohio Net Electricity Generation thousand MWh, coal-fired 3708 <sup>7,8</sup>

## Programs

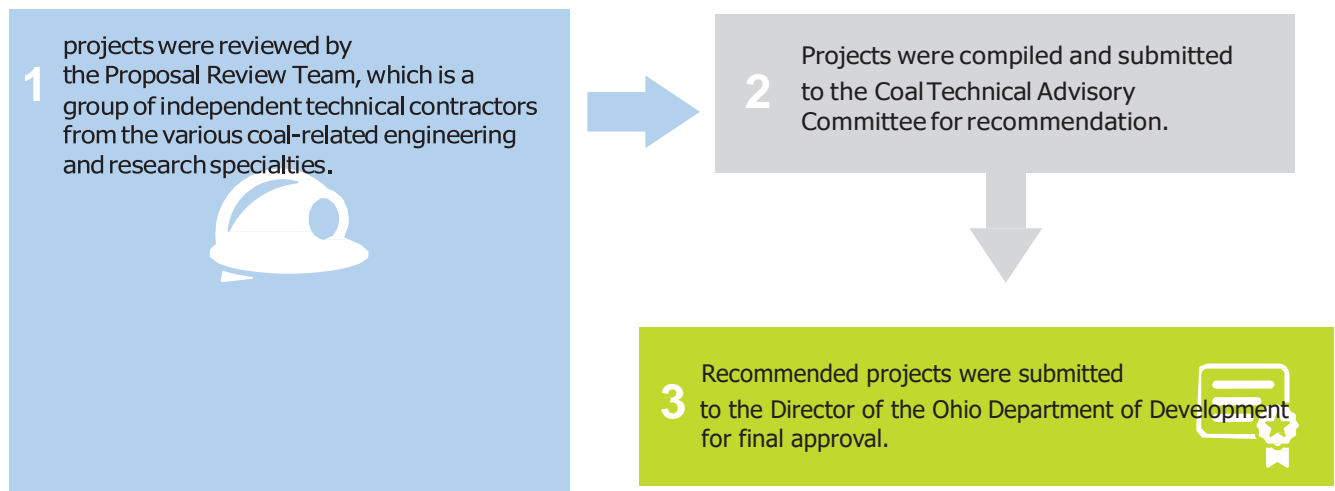

Article VIII, Section 15 of the Ohio Constitution authorizes the state to issue bonds and other obligations to support coal research and industry development. Additionally, the state may take an equity position and accept royalty payments for funded technology that reaches commercialization.

Funding priority was given to projects that provide:

- Improvements or reconstruction of existing facilities and equipment.
- Construction and operation of commercial-scale demonstration facilities.
- Technologies, equipment, and other techniques that maximize the use of Ohio coal in an environmentally acceptable and cost-effective manner.

Projects are received through a Request for Proposal process. Once projects are received, they are reviewed by a third-party evaluator. Qualified proposals are submitted to the Ohio Coal Technical Advisory Committee for recommendation. The Ohio Coal Technical Advisory Committee then recommended projects for funding to the Director of the Ohio Department of Development.

In fiscal years 2021-2022 no new Request for Proposals have been issued and therefore the Ohio Coal Development Office has not encumbered any new expenses through the Ohio Coal Research and Development Program; however, seven projects initiated in 2019 completed their research. (See Appendix XX).

## ***Market Opportunities and Constraints***

The Ohio coal and power generation industries are in a period of transition. With consideration of the low price of natural gas, the utilities have begun to close many of the older coal-fired power plants and replace those plants with gas fired units or with renewable sources of energy. For example, the 2018 Coal Agenda reported that in 2003 92% of Ohio’s power generation was coal fired. While in 2020 coal-fired power dropped to 25% with natural gas-fired power at 50.1% <sup>(9)</sup>. The total coal fired capacity of Ohio’s power plants has also dropped significantly. The 2017-2018 Coal Agenda reported Ohio coal fired capacity of 14,605 MW whereas in 2019 coal-fired generation had dropped to 8084 MW <sup>(10)</sup>.

Coal production is also in decline. A U.S. Energy Information Administration (EIA) report for Ohio shows total coal production of 7,779,100 short tons in 2019, while U.S. EIA data reports 2020 production of 3,586,500 short tons<sup>(12)</sup>, a reduction of 46%. The total number of mining employees was reported in the 2017-2018 Coal Agenda as 1,272 persons with an average salary of \$49,210. At the time of this report, the number of persons employed has dropped by half, to just over 600<sup>(13)</sup>. Currently, there are 10 active mines located throughout seven different Ohio counties. Five of these mines are surface mines and five are underground mines <sup>(2)</sup>.

## ***New Technology for Ohio Coal***

The Ohio Coal Development Office invests in technology to create new markets for Ohio coal. For example, in previous years this report has mentioned Ohio Coal-based Composite Plastics as well as Coal-to-Liquids for Jet Fuel. Work was also done on environmental issues with coal processing. The goal of the office and program is the commercialization of technologies and adoption of technologies by the market to support Ohio’s coal industry. The following are a few projects the office invested in, that have finalized their work over the past two years.

### **Catalytic Treatment of Water Contaminated by Coal Processing**

This “proof of concept” study by a team from The Ohio State University sought to design an effective coal chemical wastewater treatment unit. Multiple organic chemicals are generated during coal mining, processing, and coke manufacturing that can contaminate local soil and water if discharged without proper effluent treatment. The main objective of this proposal was to develop a catalytic remediation system to convert aromatics, like the organic chemicals mentioned, to simpler hydrocarbons, a less hazardous counterpart, before they are released or escape and pollute the surrounding soil and water table.

### **Sequestration of Regulated Selenium, Arsenic and Heavy Metals from FGD Wastewater Using Zero-Valent Iron Adsorbents**

To address current limitations of flue-gas desulfurization (FGD) wastewater treatment methods, researchers in the Department of Chemical and Environmental Engineering at the University of Cincinnati investigated novel zero-valent iron (ZVI) adsorbents to remove regulated selenium, arsenic, and heavy metal cations, such as toxic thallium, mercury, and cadmium from FGD wastewater to produce aqueous streams that are safe for discharge to the environment. In this proof-of-concept project conducted in collaboration with American Electric Power (AEP), they investigated the removal of regulated selenium, arsenic, and heavy metal cations from simulated FGD process. They identified the best adsorbents and process conditions for the removal of regulated selenium, arsenic, and heavy metal cations regulated by the U.S. Environmental Protection Agency (USEPA) based on simulated FGD wastewater compositions from historical data provided by AEP. Preliminary capital and operating costs were estimated for the adsorption process on a representative scale, e.g., 1,300 MW electric utility, and showed highly promising results.

### **Techno-Economic Feasibility Study of a Novel Process to Recover Rare Earths from Coal Preparation Plant Refuse**

Rare earth elements are required for many modern applications including semiconductors, sensors, rechargeable batteries, catalysts and magnets. In this research and development project, authored by a team from the University of Cincinnati, coal preparation plant (CPP) refuse was tested to find if it was a significant and promising source of rare earth elements (REEs). This project has a tremendous potential to introduce new technology to recover REEs from CPP refuse that is more economical and efficient than the currently investigated physical separation methods. It was possible to selectively recover REEs present in CPP refuse by employing low-cost roasting and chemical leaching methods combined with solvent extraction. Not only are REEs able to be recovered economically but after these processes the coal refuse could be landfilled together with other non-hazardous waste, because it will not carry a hazardous waste code.

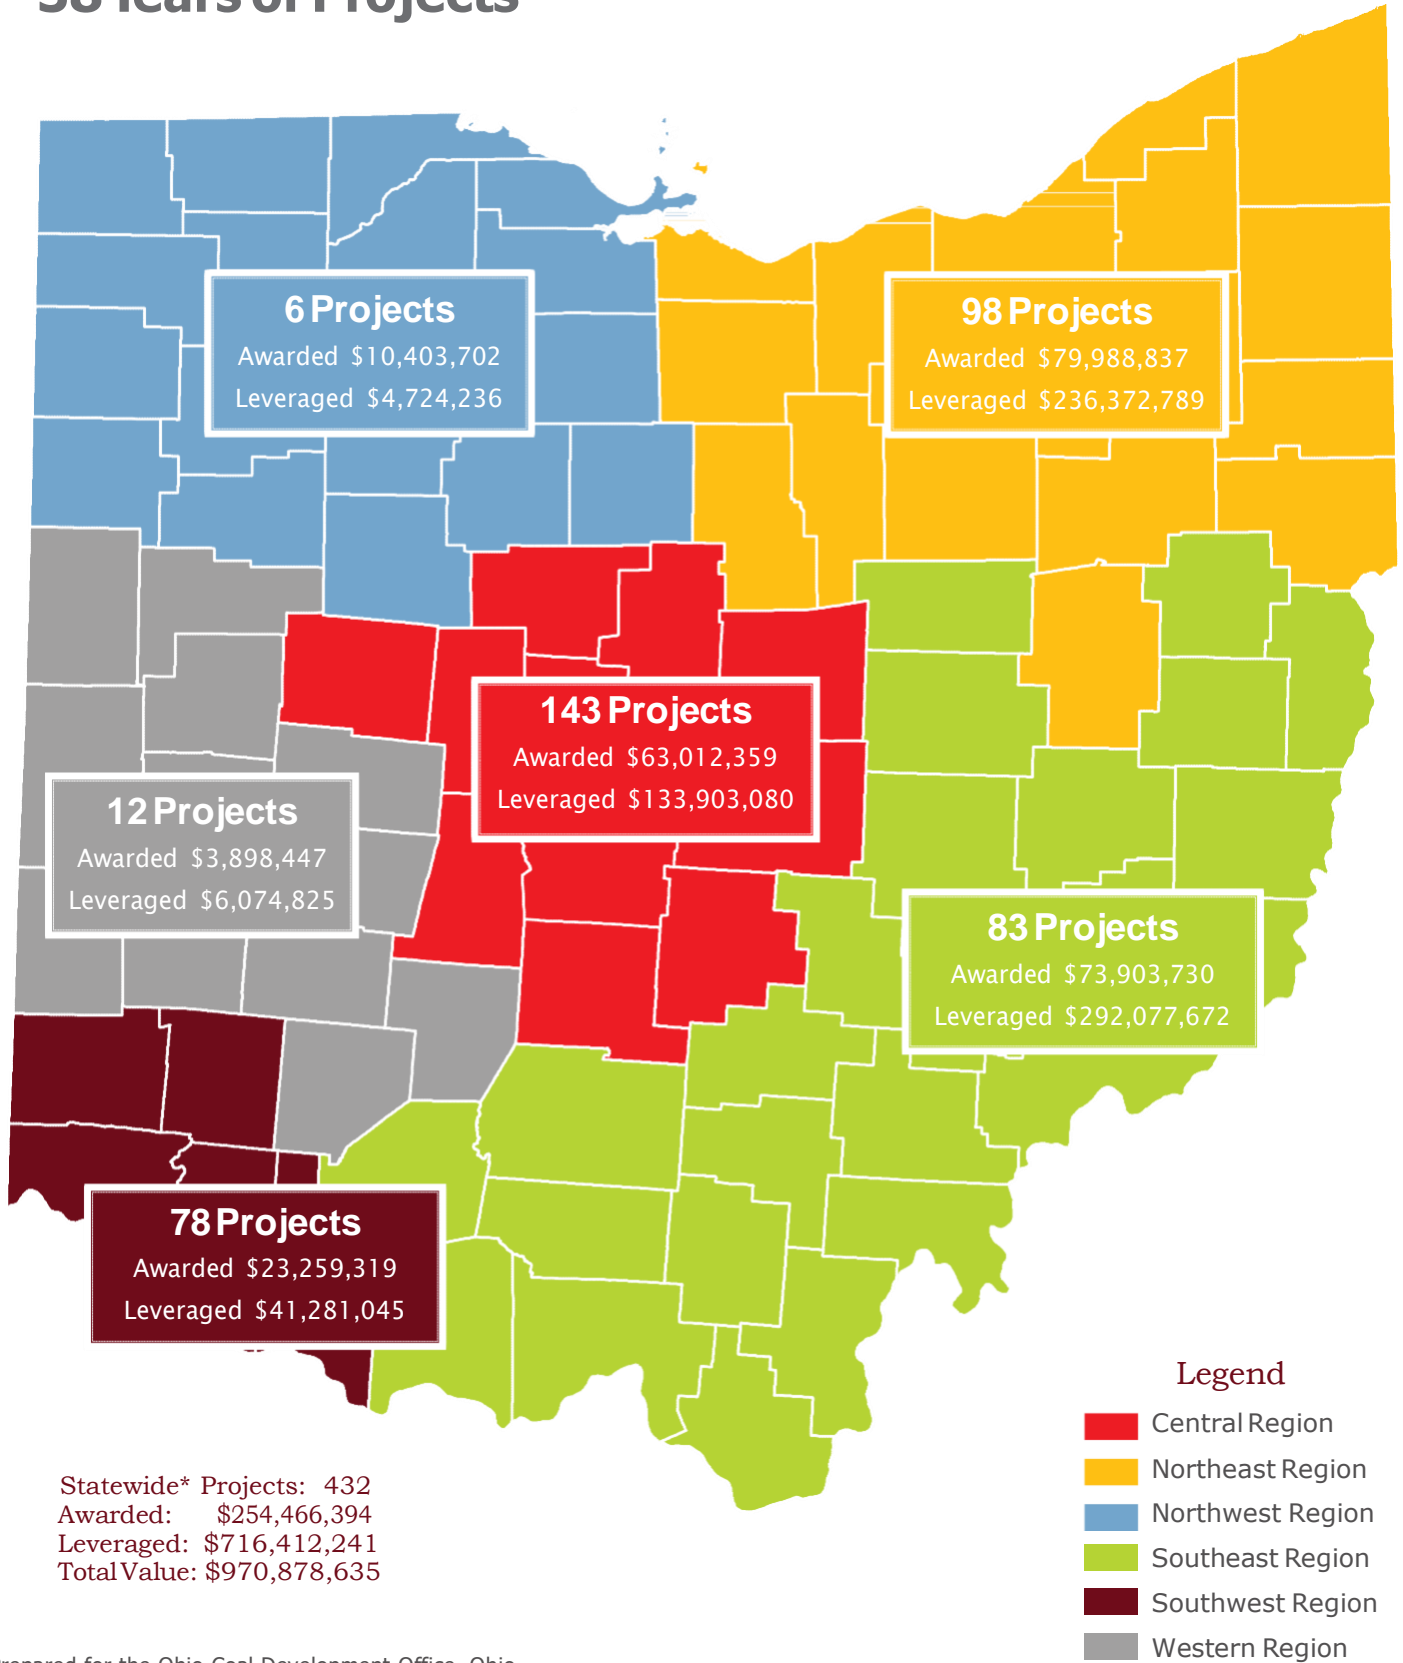

*Ohio University coal plastic composite materials; including source coal, compounded coal plastic composite material, and specimens for testing.*

*Lakin Phillips, a graduate student, works on the Ohio Coal based Composite Plastics project. Phillips received a Master's degree from Ohio University in Fall 2017.*

***Projects Completed Between Fiscal Years 2021-2022***

Appendix C - Projects Completed between FY21 and FY22, 2022)

Grantee	Title	Grant Amount
The Ohio State University	Transformational Membranes for Pre-Combustion Carbon Capture	150,000
Battelle	A Novel Process for Converting Coal to High-Value Polyurethane Products	190,000
University of Cincinnati	Sequestration of Regulated Selenium, Arsenic and Heavy Metals from FGD Wastewater Using Zero-Valent Iron Adsorbents	249,999
Ohio University	Electrochemical Extraction of Rare Earth Metals from Ohio Coal and By-Products	103,849
Ohio University	Direct Utilization of Ohio Coal in the Manufacture of High Value Plastic Composites	250,000
University of Cincinnati	Techno-Economic Feasibility Study of a Novel Process to Recover Rare Earths from Coal Preparation Plant Refuse	249,999
The Ohio State University	Catalytic Treatment of Water Contaminated by Coal Processing	249,971

**Ohio Coal Demonstration and Pilot Program Proposal Evaluation Sheet**

# Appendix 10

## Enterprise Zone Tax Credits

In Calendar Year 2021, as reported to the Ohio Department of Development (“Development”) by local Enterprise Zones for their active Enterprise Zone Agreements, local communities collected over \$226.6 million in real property taxes associated with the real property investments made in conjunction with the agreements and abated over \$38.7 million in potential real property tax. For those agreements that also provide an incentive for personal property taxes (for companies that are still obligated to pay personal property taxes), over \$1.44 million in personal property taxes associated with the personal property investment was collected and over \$4.0 million of potential personal property tax collection was foregone in 2021. Additionally, over \$27.6 million in “Other Incentives” (as defined by local communities) was provided in 2021 in conjunction with the Enterprise Zone Agreements, as reported by the local communities in their 2021 annual reports.

In 2021, Development did not receive any applications for the Ohio Enterprise Zone Program Tax Incentive Qualification Certificates (“Tier II”). The tax certificate allows the taxpayer to reduce its corporate franchise tax obligation (or personal income tax obligation, for pass-through entities) by reducing amounts included in the computations for the property factor and the payroll factor as well as some additional credits for its qualified employees. As a result of the historical changes to the corporate and personal income tax structure in Ohio, the number of annual applications has decreased dramatically since 2005.

In 2021, Development did not receive any applications regarding the incentives available under ORC Section 5709.66 (“Tier III”). The only applications received in conjunction with this benefit were received in 1995, and only one of the five applications received that year was certified.

The Gravity Project 3, LLC	The Project contemplates includes 237,000 square feet total, including 130 apartments, two courtyards, and space for two commercial tenants. The Project is expected to bolster the local economy for 15 years and begin to redevelop an area which has historically been depressed. Additionally, the Project is expected to deliver many jobs in the short term during construction, with additional jobs being moved into this area to occupy the office space that will be created.	501 W Broad St	Columbus	43215	RAM QDF LLC	\$800,000.00				\$800,000.00
