A photograph of a large industrial building, identified as a Honda factory, with the word "HONDA" in red letters on its facade. In the foreground, three tall flagpoles stand on a paved area, flying the United States flag, the Ohio state flag, and a blue and white flag. The sky is blue with scattered white clouds. The overall scene is well-lit, suggesting a clear day.

**THE DIRECTORY OF INTERNATIONAL CORPORATE INVESTMENT IN OHIO OPERATIONS** is a listing of international enterprises that have an investment or managerial interest within the State of Ohio. The report contains graphical summaries of international firms in Ohio and alphabetical company listings sorted into three categories: company name, country of ultimate parent, and county location.

This directory was created based on information obtained from Dun & Bradstreet. This information was crosschecked against company Websites and online corporate directories. There is no mandatory state filing of international status.

When using this directory, it is important to recognize that global trade and commerce are dynamic and in constant flux. The ownership and location of the companies listed is subject to change.

## Explanations

Companies, or divisions of companies, with multiple retail or service locations (e.g., ALDI food stores) were generally assigned one location in the state.

- In Section 2, which lists companies alphabetically, these consolidated listings include a statewide estimate of the total number of establishments (or sites) operated by the company.
- In Section 3, which lists companies by country, summary statistics for each country include the total number of establishments associated with these consolidated listings.
- In Section 4, which lists companies by county, consolidated listings have been assigned the location “Multiple Locations” and appear at the very end of the section.

Due to differences in methodology, time frames, and reporting formats, it is recommended that no comparisons be made between this edition and earlier editions of the International Investment report.

NAICS – North American Industry Classification System codes are assigned to a company location based upon the function of the operation. NAICS code definitions can be found at: <http://www.census.gov/eos/www/naics/>
