

General Information: The Ohio Department of Veterans Services Request for Military Service Record (ODVS-R2) is used to request information from military records. Certain identifying information is necessary to locate an individual's record of discharge from military service. Please ensure items identified as "required" are annotated and please use "N/A" for information that does not apply or is not available. Ohio Attorney General Opinion #2000-036 states that our office is prohibited from providing a copy of the DD214 without the written consent of the veteran, who is the subject of the DD214. There is no provision for veterans who are deceased or unable to sign. However, our office can provide a Certification of Military Service, which is a certified document containing some details of the veteran's service. This document can be used to apply for benefits based on eligibility.
