Pre-Service Teacher Survey Results

Reporting period from September 1, 2021 to August 31, 2022.

Description of Data:

Due to the COVID-19 pandemic-related issues, including school closures and staff transitions in Ohio during the 2019-2020 school year, the distributions of some surveys were delayed, contributing to lower response rates.

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio candidates receive an invitation to complete the survey during their professional internship (student teaching). The results of this survey are reflected here.
