Director's Message

Ohio, The Heart of Insurance

The State of Ohio returned to its popular “Ohio, The Heart of it All” branding in May 2023 to promote Ohio not only as a great place to visit; but also as a great place to live, learn, work, and raise a family.

Our state is thriving, and Governor DeWine wants the world to know that Ohio is the heart of technology, the heart of opportunity, the heart of adventure, and the heart of family. And that this is a brand for all of Ohio, uniting everything we love about our great state under one powerful phrase.

All of this aligns perfectly with Ohio’s rise as “The Heart of Insurance.”

Ohio has become one of the largest and most important insurance states in the country and insurance marketplaces in the world by many measurements. Insurance companies want to be here, insurance innovation is happening here, and diverse and well-paying insurance careers are available here -- all of it underpinned by a flexible, engaging, and responsive governing approach that first and foremost prioritizes consumer protection.

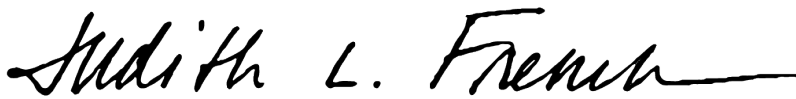

The Ohio Department of Insurance’s efforts to effectively regulate the state’s insurance industry and protect insurance consumers happens in many forms, and this past fiscal year much stood out.

The highlights include our financial solvency monitoring of insurance companies to pay consumers’ insurance claims received high marks and accreditation from the National Association of Insurance Commissioners (NAIC). A governor’s executive order officially established the department’s Ohio Mental Health Insurance Assistance Program and staff conducted robust statewide engagement. And we lowered the cost of doing insurance business in Ohio, opening up insurance industry growth and job opportunities.

All of this while we prioritized our core work of addressing consumers' insurance questions and complaints saving them millions of dollars, reviewing insurance rates, monitoring insurance business conduct, investigating insurance fraud, and much more. In addition, the department held NAIC leadership roles to help address insurance-related matters in many areas, such as race and insurance, innovation and technology, and life insurance and annuities.

As we move forward in a uniquely-evolving insurance landscape, we will embrace new insurance ideas to keep Ohio's insurance marketplace competitive and innovative with the best interests of Ohio's insurance consumers at the forefront, and ensure that Ohio remains "The Heart of Insurance."

Sincerely,

A handwritten signature in black ink that reads "Judith L. French". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Judith L. French
Director, Ohio Department of Insurance

About the Ohio Department of Insurance

Leading with Purpose

The Ohio Department of Insurance provides consumer protection through education and fair, but vigilant, regulation while promoting a stable and competitive environment for insurance companies.

The department is charged under Ohio Revised Code Chapters 17 and 39 with the responsibility of regulating the activities of 1,724 insurance companies – nearly 275 of them domiciled in Ohio – that write more than \$143 billion in premiums. The department also monitors the conduct of 317,339 insurance agents and 22,386 insurance agencies doing business in Ohio.

In addition, the department examines the financial soundness of insurance companies, as well as investigates consumer complaints and insurance fraud. Further, the department determines if services and benefits offered by companies are consistent with insurance policy provisions and Ohio law.

The department also reviews and approves more than 6,300 company filings per year for life, accident, health, managed care, and property and casualty insurance policy forms and rates.

The governor appoints the director of the department, which employs 240 full-time permanent staff.

Chris Reeg, Assistant Director Ohio Senior Health Insurance
Information Program

Jessica Schuster, Assistant Director Human Resources

Karen Vourvopoulos, Assistant Director Licensing

Jianming Xia, Assistant Director Fiscal

Department Divisions

Licensing

Licensing administers testing and issues licenses to insurance agents, insurance agencies, managing general agents, public insurance adjusters, reinsurance intermediaries, surety bail bond agents, surplus lines, third-party administrators, and viatical settlement brokers. Licensing also monitor agent's compliance with continuing education requirements and processes insurance company appointments of authorized agents.

Captive Insurance

The Office of Captive Insurance provides a structured regulatory process for the initial evaluation, licensing, reporting, analysis, and examination of captive insurance companies domiciled in Ohio. Captives are a form of self-insurance and a risk management tool for businesses. The office establishes standards for business and professional support organizations that work with captive entities. It also reviews captive insurance company strategies and their execution to assess and evaluate operational success and financial strength.

Consumer Services

Consumer Services representatives respond to a variety of insurance inquiries from consumers and investigate complaints against insurance companies and agents.

Ohio law gives insurance consumers the right to file a complaint against insurance companies, health maintenance organizations (HMOs), and insurance agents and adjusters related to automobile, homeowners, renters, certain health, life, annuities, nursing home, credit life, credit disability, and pet insurance. The different types of insurance complaints received from Ohioans are often regarding cancellations, refunds, sales practices, misrepresentation, claim, and benefit disputes.

When Consumer Services receives a complaint against an insurance company, a representative communicates with the company requesting an explanation of its position. The representative will review the company's response to determine if the issue was correctly addressed in accordance with the policy, state insurance laws, and administrative rules before explaining the outcome of the investigation to the consumer.

Consumer Services also manages an external review process that provides consumers the opportunity to request a contractual review to challenge an adverse health insurance benefit determination and to appeal, through an independent review organization, the denial, reduction, or termination of certain health care services made by their plan.

Consumer Services provides assistance through a toll-free hotline, written correspondence, social media, community outreach, and individual meetings. Consumer Services also helps monitor companies' compliance with Ohio insurance laws and regulations.

Executive

The Office of the Director includes Policy, Government Affairs, Communications, and the Office of External Affairs. Staff oversee agency operations, develop policies on insurance matters, work in collaboration with the Ohio General Assembly and the United States Congress, engage with stakeholders, and manage the department's internal and external communication, including public education initiatives.

The Legal Services, Information Technology and Security, and Fiscal and Human Resources teams handle important support functions at the Ohio Department of Insurance.

Legal Services manages regulatory transactions, administers public hearings on insurance agent and company license and enforcement issues, and provides legal assistance to other department divisions.

Information Technology and Security assist the department's regulatory oversight responsibilities through the design, implementation, and maintenance of technology infrastructure and programs. Staff also are involved with facility management and security.

The Fiscal and Human Resources teams provide operational support handling accounts payable and receivable, and budgeting as well as consulting on personnel, benefits, labor, and timekeeping and payroll.

Fraud and Enforcement

Fraud and Enforcement is responsible for investigating allegations of unlicensed insurance activity, agent misconduct, and insurance fraud.

Classified as a criminal justice agency, Fraud and Enforcement work jointly with other state, federal, and local regulatory and law enforcement agencies when allegations are multijurisdictional in nature. In addition to investigating licensed insurance agents and agencies, staff investigate consumers, medical providers, and third parties suspected of defrauding Ohio insurance companies. Confirmed insurance law violations are referred for administrative and/or criminal prosecution, and staff offer testimony regarding investigations conducted.

Market Conduct

Market Conduct monitors insurance company compliance with Ohio insurance laws and regulations by examining company business practices, such as underwriting, marketing, and claims handling.

Staff are responsible for gathering industry information from a variety of sources, including consumer complaints, company filings, and the National Association of Insurance Commissioners. The information is analyzed to determine if companies need further scrutiny. Market Conduct can require companies to take corrective action.

Ohio Senior Health Insurance Information Program (OSHIIP)

The Ohio Senior Health Insurance Information Program (OSHIIP), funded in part by a federal grant, provides Ohioans receiving Medicare and their caregivers with objective health insurance information, individual counseling, and complaint resolution.

OSHIIP staff and a statewide network of certified counselors and other partners educate consumers about Original Medicare, Medicare supplemental insurance, Medicare prescription drug coverage, Medicare Advantage plans, Medicare Savings Programs, subsidies, long-term care insurance, and other health insurance matters.

Consumers receive assistance through a toll-free hotline, individual counseling, educational seminars, webinars, community engagement, educational materials, and social media. OSHIIP resolves complex casework, enrollment, and coordination of benefit issues for Ohio's aged and disabled population.

OSHIIP's work has earned national acclaim for excellence and performance.

Product Regulation and Actuarial Services

Product Regulation and Actuarial Services reviews policy forms, endorsements, contractual provisions, and manual rules and rates for products marketed to Ohio consumers by Ohio licensed property and casualty and life and health insurance companies, and their related lines of insurance business. Policy language is reviewed for clarity and compliance with Ohio laws and rules. Rates are reviewed to ensure they are not excessive, inadequate, or unfairly discriminatory. Staff participate in risk assessment examinations to evaluate monetary reserves to pay claims, pricing, underwriting, and other insurance company financial risks.

Risk Assessment

Risk Assessment monitors the financial solvency of Ohio-based (domestic) insurance companies and monitors and coordinates regulatory oversight of the financial condition of out-of-state

(foreign), international (alien), surplus lines, and captive insurance companies.

Staff analyze financial information provided by Ohio-licensed insurance companies and review complex transactions. They also calculate and certify to the Ohio Treasurer the domestic and foreign insurance premium tax owed to the state. In addition, Risk Assessment monitors company statutory and solvency compliance. Examinations of a company's financial condition and affairs are conducted as often as the Ohio Department of Insurance director deems appropriate, but at a minimum of once every five years, as required by statute.

Department Priorities

And Objectives

Priorities

Foster Economic Development – Enhance Ohio’s ability to attract and retain insurance businesses and jobs for Ohioans through regulatory reform, while ensuring a stable insurance market for consumers. The department will review existing rules and regulations to promote flexibility, balance, transparency, and consistency.

Provide Fair and Appropriate Market Regulation – Investigate persons or entities who commit insurance fraud or are suspected of violating Ohio’s insurance laws, including those laws regarding unfair or deceptive practices. The department will provide a regulatory response that is reasonable, appropriate, and proportional.

Provide Excellent Consumer Services – Empower consumers to make informed insurance purchasing decisions by providing educational information, training, and consultation. The department will assist consumers who encounter difficulties by answering inquiries and investigating and resolving complaints.

Foster a Competitive Marketplace – Provide a regulatory environment that supports a competitive and stable insurance market for consumers. The department will assess solvency and review statutory filings of Ohio-based companies, as well as rate and policy form filings from all companies licensed in Ohio. The department will also perform audits of non-Ohio based companies and review business practices of all companies licensed in Ohio.

Objectives

- Monitor the financial solvency of insurance companies and health insuring corporations operating in Ohio and assure that companies operating in Ohio are stable and sound.
- Provide consumers with education on insurance matters, coverage options, and issues of interest to seniors.
- Provide consumers with assistance regarding insurance coverage and claims-related concerns.
- Monitor insurance sales, claim handling activities, and insurance company interactions with policyholders to ensure they are fair and comply with Ohio law.
- Investigate fraud and misconduct in a thorough and professional manner.
- Protect Ohio's senior population from predatory sales practices by strengthening regulatory measures, educating seniors, and continuing partnerships with organizations that serve senior citizens.
- Provide educational and training opportunities for staff to enhance their insurance knowledge in order to effectively monitor a complex and ever-changing insurance industry.
- Continue efforts in overseeing the licensure and education of insurance agents.
- Maintain a leadership role in the National Association of Insurance Commissioners, the U.S. standard-setting and regulatory support organization created by the chief insurance regulators from the 50 states, the District of Columbia, and five U.S. territories.
- Continue national integration of an enterprise system to facilitate e-commerce with business constituents and allow Ohio to comply with the reporting requirements of the National Association of Insurance Commissioners.

Department Accomplishments

Provide Excellent Customer Service

Governor DeWine Executive Order Established Ohio Mental Health Insurance Assistance Office

The mental wellness of Ohioans and a focus on mental health support and services for every Ohioan continued to be a major priority for Governor DeWine and the Ohio Department of Insurance.

The governor and the many partners involved in his RecoveryOhio initiative are driving transformative action. This includes the governor, hours into his second term, signing an executive order officially establishing the Ohio Mental Health Insurance Assistance Office (MHIA) within the Ohio Department of Insurance.

Employees of the Ohio Department of Insurance and the MHIA office work to protect consumers through education and vigilant regulation of insurers' compliance with insurance requirements.

Staff also help individuals, families, employers, mental health advocates, healthcare and behavioral health professionals, and many other stakeholders through direct engagement and educational material understand how to identify the mental health and substance use disorder benefits that may be in a person's health insurance plan, and how to access those benefits to receive care.

Staff provide assistance whether someone has health insurance through an employer or a government program, purchased it directly through an insurance agent or is uninsured. Staff also triage inquiries with other regulatory agencies for health insurance that is not regulated by the Ohio Department of Insurance.

More information about the MHIA office's services and educational mental health insurance material are available at insurance.ohio.gov.

Issued Joint Ohio Mental Health Parity Report Detailing Insurance Regulation and Consumer Protection Work

The Ohio Department of Insurance, Ohio Department of Mental Health and Addiction Services, and RecoveryOhio issued a joint 2023 Ohio Mental Health Parity Report that details engagement activity with consumers, payers, and other stakeholders, and identifies mental health insurance access and coverage trends and barriers, as well as the Ohio Department of Insurance's efforts regulating insurance company compliance with mental health parity laws.

The Ohio Department of Insurance reviewed health insurance products to ensure they are compliant with applicable mental health laws, helped consumers understand their mental health insurance benefits and

resolve complaints against insurance companies, and tracked trends in consumer complaints and other data to determine if further investigation of company practices is needed.

The report includes the following Ohio Department of Insurance highlights in 2022:

- The Ohio Department of Insurance handled 7,271 total complaints; 2,837 of them were specific to accident and health insurance. Of those accident and health insurance complaints, 17 were related to coverage for mental health and substance use disorder services.
- The Ohio Department of Insurance received 18 requests for external review related to mental health and substance use disorder benefits. Ohioans have the right to appeal a claim denial or an adverse benefit determination.
- The Ohio Department of Insurance continued to work with health insurance plans to promote a uniform industry understanding of the Mental Health Parity and Addiction Equity Act (MHPAEA) law and compliance. The department contracted with a firm to assist in the comprehensive review of insurers' MHPAEA compliance filings. This collaboration resulted in internal process improvements in the department's filing and review process, as well as identified areas of improvement for insurers. The department will notify all insurers of the improvement opportunities and set the expectation that the 2024 MHPAEA filings incorporate the feedback. Additionally, the department continued its involvement in MHPAEA state oversight at the national level as an active member of the National Association of Insurance Commissioners (NAIC).
- The Ohio Department of Insurance contracted with a firm to evaluate and compare the level of coverage available for mental health and substance use disorder benefits under Medicaid Managed Care Organization (MCO) plans and fully insured health plans operating in Ohio. The purpose of this study was to identify any gaps in coverages and benefits for both adolescents and adults receiving mental health and substance use disorder treatments with a MCO plan versus a fully insured plan.

More information, including about the Ohio Department of Insurance and its Ohio Mental Health Insurance Assistance Office's educational engagements, trainings, stakeholder outreach, and earned and paid media efforts can be found in the report, available at insurance.ohio.gov.

Office of Consumer Affairs Saved or Recovered \$11.2 Million for Insurance Consumers

The Ohio Department of Insurance's Office of Consumer Affairs saved or recovered \$11,209,998 million for Ohioans, received 16,657 inquiries, and handled 8,113 complaints. Claim denial and claim delay were the top complaint reasons while the coverage types most complained about were health insurance and automobile insurance. Consumer Services provides free information and services related to all types of insurance through its toll-free hotline, website, social media, community outreach, and counseling.

Medicare Education Program Generated \$50.4 Million in Savings for Ohioans

The Ohio Department of Insurance's Ohio Senior Health Insurance Information Program (OSHIIP) saved more than \$50.4 million for Ohioans on Medicare, provided one-on-one counseling to 152,874 consumers, and welcomed 455,591 attendees to public education events. OSHIIP also helped 30,798 consumers on its toll-free hotline.

Medicare Advantage "added benefits" issues/denials, marketing and enrollment issues were the top complaint issues handled. OSHIIP assisted Medicare patients, their families, and caregivers navigate the public health emergency, financial savings programs, and provided enrollment assistance.

OSHIIP provides free and objective information about Medicare and all related services, benefits, and programs through its speakers' bureau, toll-free hotline, community outreach, and counseling.

Health Insurance Decision Appeals Process Recovered \$36.3 Million for Ohioans

Ohio law affords consumers the opportunity to appeal a health insurance decision made by their insurance company. Consumers have the right to request the health plan issuer reconsider their decision, also known as an adverse benefit determination. An adverse benefit determination is a decision made by the health plan issuer, including denying, reducing, or terminating a requested health care service or payment in whole or in part.

During the fiscal year, the Ohio Department of Insurance issued its 2021 Annual Health Claims External Review Report. In 2021, 526 cases, involving more than \$5.9 million in health care benefits and services, were submitted for review by an Independent Review Organization (IRO) to determine the appropriateness of a health plan's adverse benefit determination. The health plan's determination was reversed by the IRO in 36 percent of these cases, saving Ohio health insurance consumers more than \$1.9 million.

When a health plan's internal appeal process results in an adverse benefit determination that is based on a contractual issue (not involving medical judgment or medical information), an external request may be submitted by the health plan for contractual review by the Ohio Department of Insurance.

In 2021, the department completed a contractual review of 162 cases, involving over \$938,000 in health care

benefits and services. Forty-of the 162 cases reviewed by the department resulted in the reversal of previously denied benefits, recovering over \$275,000 in additional benefits for Ohio consumers.

Since the 1999 enactment of Ohio's external review law, 9,828 cases have been reviewed by the department and/or IROs, recovering almost \$36.3 million in previously denied health care benefits and services for Ohio consumers.

Foster Economic Development

Further Established Ohio as a Leader in Insurance Innovation

The Ohio Department of Insurance, with its Emerging Products and Innovation Initiative, continued to put significant emphasis on further establishing Ohio as an insurance leader by helping cultivate an environment that brings new insurance-related ideas and associated technologies to market.

This focus is in line with the state's InnovateOhio program, which fosters an environment where existing companies can create new opportunities to grow, and startups can experiment and thrive.

Department staff engaged with InsureTech representatives of start-ups, early growth, and legacy businesses and insurance companies in Ohio and those who want to come to the state, providing regulatory insights, and discussing insurance concepts and approaches.

Department staff serve as points of contact to answer questions, provide regulatory navigation help, and review laws, rules, and regulations. Staff listen to the interests and needs of companies and startups to figure appropriate approaches while ensuring the strongest of consumer protections remain in place.

The Emerging Products and Innovation Initiative for Ohio has four guiding principles: Ensure the highest-level consumer protections. Benefit consumers with robust competition, lower costs, and choice. Keep pace with innovation, a changing marketplace, and consumer expectations. Collaborate with existing insurance companies, entrepreneurs, and the industry.

Reduced Cost of Doing Insurance Business in Ohio

The Ohio Department of Insurance decreased the insurance agent appointment fee in the state from \$15 to \$10, which should lead to an estimated \$11 million annual savings for the state's insurance industry. The savings provide a growing Ohio insurance industry with more stability, predictability, and reason to expand operations and create jobs in Ohio. The change became effective on July 1, 2023.

Increased department operational efficiency paired with a growing industry led to increased department revenue without significant expenditures, making the fee change possible.

Amendments to department rule 3901-1-57, which authorizes statutorily required fees to be collected for

certain services performed by the department for financial transactions and insurance product review, authorized the fee change.

Agent appointments are statutorily required to ensure that only properly licensed individuals are selling insurance products, and only through authorized relationships with each insurance company.

Engaged in Insuring Ohio Futures Initiative

The Ohio Department of Insurance maintained its involvement in the Insuring Ohio Futures Initiative and related topics. The initiative involves collaboration between the department, other government entities, the insurance industry, and higher education to provide insurance education and career opportunities for students, career changers, and veterans. The group also works to establish insurance-related curriculum in the state's higher education institutions.

Insurers Entered Ohio Market, \$784 Million in Premium and Franchise Taxes Certified

The Ohio Department of Insurance completed reviews of three Ohio-based and 22 out-of-state insurance company applications for admission to the Ohio market, 19 requests for additional lines of business, eight requests for surplus lines of authority, two applications for accredited reinsurer status, 19 applications for reciprocal jurisdiction reinsurer status, and one application for certified reinsurer status. Reviews on more than 44 insurance company tax amendments were completed. A total of \$784.1 million in premium and franchise taxes were certified.

Ohio's Captive Market Wrote \$1.2 Billion in Premiums

Ohio-licensed captive insurance companies wrote \$1.2 billion in premiums generating \$866,094 in premium-based fees and \$4,000 in combined licensing and renewal fees. Seven captive insurance companies are currently licensed with the Ohio Department of Insurance. Captive insurance is a form of self-insurance and a risk management tool for businesses.

Provide Fair and Appropriate Market Regulation

Received NAIC Accreditation, Staff Appointed to NAIC Leadership Roles

The Ohio Department of Insurance's comprehensive approach to regulating insurance company financial solvency to protect the state's insurance consumers received reaccreditation from the National Association of Insurance Commissioners (NAIC) for another five-year term.

The department underwent a comprehensive, independent review of its legal, financial, and organizational procedures to ensure insurance company financial solvency oversight met the criteria set by the NAIC. This includes having adequate solvency laws and regulations to protect consumers and safety-net guaranty funds, sufficient financial analysis and examination processes, and effective practices for the review of organization, licensing, redomestication, and change of control of Ohio domestic insurance companies.

The NAIC is the national standard-setting system of state-based insurance regulation in the United States and is governed by the chief insurance regulators from the 50 states, the District of Columbia, and five U.S. territories.

In additional NAIC-related news, Ohio Department of Insurance director Judith L. French was named chair of the NAIC Life Insurance and Annuities Committee and chosen for the Innovation, Cybersecurity, and Technology Committee, highlighting the selection of department staff to 20 NAIC committee and task force leadership roles in 2023. Department staff represented Ohio on the following NAIC committees and task forces:

Letter (Main) Committees: Life Insurance and Annuities (A) Committee - Chair; Innovation, Cybersecurity, and Technology (H) Committee - Member

Executive Committee Groups and Task Forces: Climate and Resiliency (EX) Task Force - Member; Long-Term Care Insurance (EX) Task Force - Member; Special (EX) Committee on Race and Insurance - Member

Task Forces Supporting Letter Committees: Life Actuarial (A) Task Force - Member; Health Actuarial (B) Task Force - Member; Regulatory Framework (B) Task Force - Member; Senior Issues (B) Task Force - Member; Casualty Actuarial and Statistical (C) Task Force - Member; Title Insurance (C) Task Force - Member; Antifraud (D) Task Force - Member; Producer Licensing (D) Task Force - Member; Accounting Practices and Procedures (E) Task Force - Member; Capital Adequacy (E) Task Force - Chair; Examination Oversight (E) Task Force - Chair; Financial Stability (E) Task Force - Member; Receivership and Insolvency (E) Task Force - Member; Reinsurance (E) Task Force - Member

Liaison Committees and Boards: NAIC/Consumer Liaison Committee - Member

Investigated Insurance Fraud and Professional Misconduct to Protect Ohioans

Insurance fraud impacts all Ohioans in the form of excess premiums. The Ohio Department of Insurance, mostly through its Fraud and Enforcement Division, works with federal, state, and local prosecutors to bring those who commit insurance fraud to justice.

Common insurance fraud allegations in Ohio involve false and inflated homeowner and automobile claims as well as allegations of arson, staged auto accidents, car thefts and burglaries, intentional damage to property, slip and fall claims, and fraudulent billings by medical providers.

Common enforcement allegations commonly received and investigated include premium theft, unauthorized surrenders made against consumer policies, the submission of forged applications, the financial exploitation of seniors, intentional misrepresentation of insurance products, annuity suitability, title agent escrow theft, bail agent misconduct, and unlicensed insurance activities.

During the fiscal year, the Fraud and Enforcement Division received more than 8,794 allegations of agent misconduct and insurance fraud from insurance companies, consumers, government agencies, and law enforcement entities. As the result of these referrals, the department opened 811 administrative and criminal investigations, identified 148 potential law violations, and took administrative and/or criminal action against 147 individuals.

Top Fraud and Enforcement Cases

Youngstown Personal Injury Attorney Convicted of Insurance Fraud

Former personal injury attorney Anthony Fusco, of Youngstown, was sentenced in October 2022 for committing felony insurance fraud after a criminal investigation confirmed Fusco had submitted altered and inflated client medical bills attempting to defraud insurance companies of nearly \$1 million dollars.

An audit of approximately 1,400 claim settlements Fusco handled revealed inflated medical bills had been included in 399 client claims submitted to 62 insurance companies. The medical bills had been inflated by \$859,464.44. According to the Ohio Supreme Court website, Fusco's law license was suspended as the result of his felony conviction.

Former Cincinnati Insurance Agent Sentenced to Prison for Defrauding Customers

Former insurance agent Seneca Birchmore, of Cincinnati, was sentenced in April 2023 in U.S. District Court and ordered to serve 24 months in prison for defrauding dozens of former clients in the Cincinnati and Dayton areas who had reported money was being automatically withdrawn from their bank accounts for insurance policies they never ordered.

While Birchmore's insurance license had been revoked years prior for writing unauthorized insurance policies, Birchmore continued the illegal activity by stealing the identities of two other agents and submitting bogus life

insurance applications with insurance companies to defraud them of \$93,000 in commissions.

Birchmore also fraudulently obtained two COVID-related Paycheck Protection Program loans totaling more than \$40,000. Birchmore claimed on both loan applications that he owned a business in his name and stated his gross income for 2019 was more than \$13 million. No such business existed.

Birchmore was charged federally and arrested in June 2022. He pleaded guilty in January 2023. Birchmore was ordered to pay nearly \$147,000 in restitution as part of his sentence.

Portsmouth-Area Resident Sentenced to Prison for Insurance Fraud

Joshua Preston, of Franklin Furnace, was ordered in November 2022 to serve three years in prison after being convicted of insurance fraud, attempted insurance fraud, and forgery.

Evidence obtained by the Ohio Department of Insurance showed Preston filed forged and fraudulent documents to obtain an equine mortality insurance policy with General Security National Insurance to insure a horse for \$150,000. Preston subsequently filed a fraudulent death claim with the insurance company and received \$150,000 in insurance proceeds.

Preston also stole the identity of an associate and fraudulently obtained a \$215,000 equine mortality insurance policy with Great American Insurance to insure three other horses. A fraudulent death claim was then filed on one of the horses as Preston attempted to defraud the insurance company of \$95,000.

Non-Resident Agency Sanctioned for Unlicensed Personnel Selling Insurance to Ohioans

Non-resident insurance agency Trupanion Managers USA, Inc., based out of Seattle, Washington, agreed in November 2022 to pay a joint civil and administrative penalty in the amount of \$105,500 after an Ohio Department of Insurance investigation confirmed the agency had 211 unlicensed employees assist Ohio consumers with the purchase of 916 pet insurance policies between March 28, 2010, and July 28, 2016.

In accordance with Ohio's insurance laws, all individuals selling, soliciting, or negotiating insurance in the state must hold an Ohio insurance license.

Cincinnati Resident Prosecuted After Submitting Bogus Medical Claims

A Hamilton County judge ordered in August 2022 that Cincinnati resident Brandis Greer, who had previously pled guilty to one count of theft, serve 200 hours of community service and pay \$20,115 in restitution to AFLAC after an Ohio Department of Insurance investigation proved Greer had filed 21 fraudulent medical claims with the insurance company. Medical providers, when contacted, confirmed treatment had never been rendered to Greer or her children as claimed.

Amelia Woman Convicted for Submitting Fraudulent Dental Insurance Claims

Rhonda Reiser, of Amelia, was ordered in March 2023 to serve five years of community control and complete 200 hours of community service after being convicted of theft and forgery. Reiser submitted 28 fraudulent dental claims, totaling \$17,413.92, to MetLife and Guardian Insurance.

Cleveland Resident Files Fraudulent Receipts with Two Insurance Claims

Toya Bradley, of Cleveland, in February 2023 admitted that she committed insurance fraud, telecommunications fraud, and theft after an Ohio Department of Insurance investigation proved she submitted nearly \$12,000 in fraudulent receipts as part of two burglary insurance claims filed with American Bankers Insurance Company and Assurant. Bradley was ordered to serve three years of community control and pay \$2,414.01 to Assurant.

Holland Man Prosecuted for Submitting Fraudulent Receipts with Insurance Claim

Christopher Green, of Holland, in December 2022 pleaded guilty in the Lucas County Court of Common Pleas to a reduced misdemeanor charge of insurance fraud after it was found that he submitted \$10,259.59 in fraudulent receipts to support a burglary claim that he filed with American Family Insurance. Green received a 180-day suspended jail sentence and was ordered to pay court costs and serve one year on probation.

Columbus Woman Prosecuted for Submitting Fraudulent Receipts with Insurance Claim

Columbus resident Megan Hart, as part of a plea agreement with the Franklin County Prosecutor's Office, in February 2023 pleaded guilty to one misdemeanor count of insurance fraud after the Ohio Department of Insurance proved she submitted \$5,576.20 in fraudulent Apple receipts as part of a theft claim filed with First American Property & Casualty Insurance Company.

Foster a Competitive Marketplace

Report Indicated Ohio's Average Homeowners and Auto Insurance Premiums Among Lowest

The National Association of Insurance Commissioners issued a report indicating that Ohio insurance consumers pay among the lowest average homeowners and automobile insurance premiums in the country. Ohioans paid an average of \$871 (seventh lowest) for homeowners insurance and \$781 (10th lowest) for auto insurance in 2020, which is the most recent data available from the NAIC. Those figures compare to the national averages of \$1,311 and \$1,047, respectively.

Ohio's Average Annual Auto Insurance Premium is Cheapest in Nation

An insure.com analysis of the average annual auto insurance premium for each state ranked Ohio as having the cheapest average premium in the country for 2023. The Ohio average is \$1,023 compared to the national average of \$1,644..

Reviewed Insurance Companies' Financials and Transactions, Conducted Examinations

The Ohio Department of Insurance's Office of Risk Assessment completed all reviews of insurance companies' quarterly and annual financial statements within timeframes prescribed by the National Association of Insurance Commissioners and met all other accreditation standards.

In all, more than 601 insurance company transactions, including three applications for domestic certificates of authority, were analyzed and reviewed. Seven mergers and acquisitions were also reviewed. Financial examinations of 35 Ohio domestic insurers were completed, including one new company qualifying examination.

Risk Assessment also participated in six regional supervisory colleges, which are joint meetings of regulators and company officials with detailed discussions about financial data, corporate governance, and enterprise risk management functions at the group level.
