Director's Message

Protecting Consumers and Fostering a Stable, Competitive Ohio Insurance Marketplace

Judith L. French, Director

The Ohio Department of Insurance is committed to protecting consumers while fostering a stable and competitive insurance marketplace that serves Ohioans and remains a major contributor to the state's economy.

In 2026, a national news organization named Ohio America's Top State for Business, recognizing its low business costs, strong infrastructure, broad market access, and other competitive advantages. Ohio's business climate reinforces its position as a premier insurance state. Ohio is home to the nation's sixth-largest insurance market and the world's 16th-largest insurance market. Robust competition, a strong regulatory framework, and prudent oversight benefit consumers by helping make Ohio one of the nation's least expensive states for insurance.

Ohio's insurance industry is also a major economic engine, supporting thousands of jobs and business impacts across the state. Through partnerships with educators, employers, and public-sector organizations, the department continues to prioritize insurance talent pipeline development that ensures Ohio remains an insurance powerhouse.

The department's work is central to maintaining that stable and competitive insurance marketplace. This past year, staff recovered or saved consumers millions of dollars, resolved insurance complaints, investigated fraud and insurance professional misconduct, analyzed insurer financial solvency, reviewed insurance rates, and monitored the business conduct of insurers, agents, and other licensed professionals, taking enforcement action when warranted. Together, these efforts protect consumers and instill confidence in Ohio's insurance market.

On another front, the insurance landscape continues to evolve and faces new challenges driven by technological advancement, artificial intelligence, economic fluctuations, severe weather, and fraud, among others. The department advocates for Ohioans and plays a national leadership role in addressing insurance issues as a National Association of Insurance Commissioners (NAIC) member. Insurance is regulated primarily by the states, and the NAIC provides a forum for regulators to develop model laws, coordinate oversight, and promote consistent, effective regulation. Department staff serves in numerous committee, task force, and working group roles, shaping Ohio and national policy rooted in consumer protection and insurer financial stability.

Through prudent oversight, leadership, and investment in Ohio's insurance workforce, the department is focused on keeping the state's insurance market well-positioned to serve Ohioans for years to come.

About the Ohio Department of Insurance

The Ohio Department of Insurance provides consumer protection through education and fair, but vigilant, regulation while promoting a stable and competitive environment for insurance companies.

The department is charged under Ohio Revised Code Chapters 17 and 39 with the responsibility of regulating the activities of 1,755 insurance companies – with 270 domiciled in Ohio – that write more than $166 billion in premiums. The department also monitors the conduct of approximately 368,715 insurance agents and 24,980 insurance agencies doing business in Ohio.

In addition, the department examines the financial soundness of insurance companies as well as investigates consumer complaints and insurance fraud. Further, the department determines whether services and benefits offered by insurance companies are consistent with the provisions of insurance policies and Ohio law.

The department also reviews and approves approximately 6,300 insurance company filings per year for life, accident, health, managed care, and property and casualty insurance policy forms and rates.

The governor appoints the director of the department, which employs 269 full-time permanent staff.

Department of Insurance

The mission of the Ohio Department of Insurance is to provide consumer protection through education and fair but vigilant regulation while promoting a stable and competitive environment for insurers.

Department of Insurance

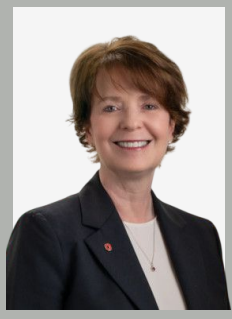

Department Leadership

The Ohio Department of Insurance is led by a dedicated team of experienced professionals committed to safeguarding the interests of Ohio's insurance consumers.

Under the guidance of the Director, our leadership team brings a wealth of knowledge and expertise to the department. They work collaboratively to ensure the effective regulation of the insurance industry, promote fair and transparent practices, and provide robust consumer protection.

The leadership's strategic vision and unwavering commitment to public service drive the department's mission to foster a stable and competitive insurance market, while maintaining the highest standards of accountability and integrity.

Judith L. French, Director

Matt Peters, Deputy Director

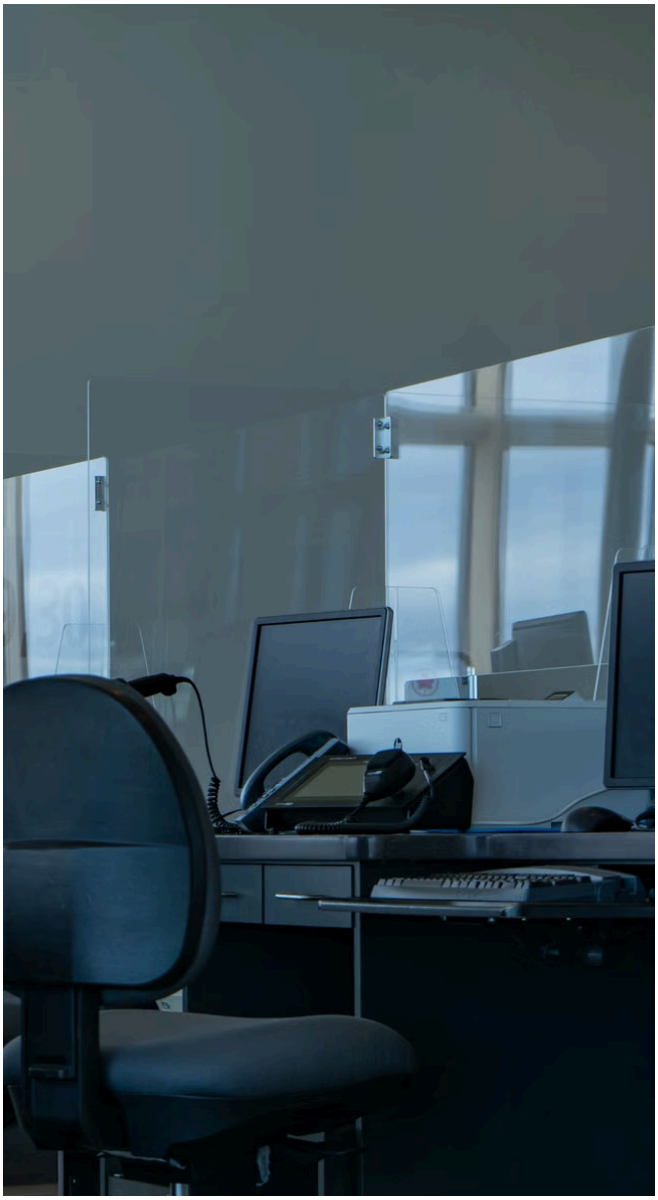

Sean Sheridan, General Counsel

Tynesia Dorsey, Chief Administrative Officer/Consumer Services

Sara Donlon, Chief of External Affairs

Captive Insurance

The Office of Captive Insurance provides a structured regulatory process for the initial evaluation, licensing, reporting, analysis, and examination of captive insurance companies domiciled in Ohio. Captives are a form of self-insurance and a risk management tool for businesses.

The office establishes standards for business and professional support organizations that work with captive entities. It also reviews captive insurance company strategies and their execution to assess and evaluate operational success and financial strength.

Department Divisions

Consumer Services

Consumer Services representatives respond to a variety of insurance inquiries from consumers and investigate complaints against insurance companies and agents.

Ohio law gives insurance consumers the right to file a complaint against insurance companies, health maintenance organizations (HMOs), and insurance agents and adjusters related to automobile, homeowners, renters, certain health, and surprise medical billing, life, annuities, nursing home, credit life, credit disability, and pet insurance. The different types of insurance complaints received from Ohioans are often regarding cancellations, refunds, sales practices, misrepresentation, claims, and benefit disputes. When Consumer Services receives a complaint against an insurance company, a representative communicates with the company requesting an explanation of its position. The representative will review the company's response to determine if the issue was correctly addressed in accordance with the policy, state insurance laws, and administrative rules before explaining the outcome of the investigation to the consumer.

Administrative rules should be followed before explaining the investigation's outcome to the consumer.

Consumer Services also manages an external review process that provides consumers the opportunity to request a contractual review to challenge an adverse health insurance benefit determination and to appeal, through an independent review organization, the denial, reduction, or termination of certain health care services made by their plan.

Consumer Services assists through a toll-free hotline, written correspondence, social media, community outreach, and individual meetings. Consumer Services also helps monitor insurance company compliance with Ohio insurance laws and regulations.

Executive

The Office of the Director includes Policy, Government Affairs, Communications, External Affairs, and the Ohio Mental Health Insurance Assistance Office (MHIA).

Staff oversee agency operations, develop policies on insurance matters, work in collaboration with the Ohio General Assembly and the United States Congress, engage with stakeholders, and manage the department's internal and external communication, including public education initiatives.

Launched under the leadership of Governor DeWine, the MHIA Office, which is part of the Ohio Department of Insurance, is the state's official resource to help consumers, mental health advocates, behavioral health providers, employers, and other stakeholders understand and access mental health and substance use disorder insurance benefits so Ohioans get the treatment they need.

Fraud and Enforcement

Fraud and Enforcement is responsible for investigating allegations of unlicensed insurance activity, agent misconduct, and insurance fraud.

Classified as a criminal justice agency, Fraud and Enforcement works jointly with other state, federal, and local regulatory and law enforcement agencies when allegations are multijurisdictional in nature.

In addition to investigating licensed insurance agents and agencies, the staff investigates consumers, medical providers, and third parties suspected of defrauding Ohio insurance companies. Confirmed insurance law violations are referred for administrative and/or criminal prosecution, and staff testifies to investigations conducted.

Legal Services, Information Technology and Security, Fiscal, and Human Resources

The Legal Services, Information Technology and Security, Fiscal, and Human Resources teams handle important support functions at the Ohio Department of Insurance.

Legal Services manages regulatory transactions, administers public hearings on insurance agent and company license and enforcement issues, and provides legal assistance to other department divisions.

Information Technology and Security assist the department's regulatory oversight responsibilities through the design, implementation, and maintenance of technology infrastructure and programs. Staff are also involved with facility management and security.

The Fiscal and Human Resources teams provide operational support, handling accounts payable and receivable, and budgeting, as well as consulting on personnel, benefits, labor, and timekeeping and payroll.

Ohio Department of Insurance

Licensing

Licensing issues licenses to insurance agents, business entities (agencies), managing general agents, third-party administrators, reinsurance intermediaries, public insurance adjusters, viatical settlement brokers, and surety bail bond agents.

In addition to issuing a wide variety of license types to insurance professionals, our trained licensing examiners oversee pre-licensing prerequisites and ensure compliance with continuing education requirements. Staff also maintain insurance company appointment records and administer business entity affiliations.

Market Conduct

Market Conduct monitors insurance company compliance with Ohio insurance laws and regulations by examining the company's business practices, such as underwriting, marketing, and claims handling.

Staff is responsible for gathering industry information from a variety of sources, including consumer complaints, company filings, and the National Association of Insurance Commissioners. The information is analyzed to determine if companies need further scrutiny. Market Conduct can require companies to take corrective action.

Ohio Senior Health Insurance Information Program

The Ohio Senior Health Insurance Information Program (OSHIIP), funded in part by a federal grant, provides Ohioans receiving Medicare and their caregivers with objective, non-biased health insurance information, individual counseling, and complaint resolution.

OSHIIP staff and a statewide network of certified counselors and other partners educate consumers about Original Medicare, Medicare supplemental insurance, Medicare prescription drug coverage, Medicare Advantage plans, Medicare Savings Programs, subsidies, long-term care insurance, and other health insurance matters.

Consumers receive assistance through a toll-free hotline, individual counseling, educational seminars, webinars, community engagement, educational materials, and social media.

Consumers receive assistance through a toll-free hotline, individual counseling, educational seminars, webinars, community engagement, educational materials, social media, and statewide volunteer counselors.

Product Regulation and Actuarial Services

Product Regulation and Actuarial Services reviews policy forms, endorsements, contractual provisions, and manual rules and rates for products marketed to Ohio consumers by Ohio-licensed property and casualty and life and health insurance companies, and their related lines of insurance business.

Policy language is reviewed for clarity and compliance with Ohio laws and rules. Rates are reviewed to ensure they are not excessive, inadequate, or unfairly discriminatory.

Staff participates in risk assessment examinations to evaluate monetary reserves to pay claims, pricing, underwriting, and other insurance company financial risks.

Risk Assessment

Risk Assessment monitors the financial solvency of Ohio-based (domestic) insurance companies and monitors and coordinates regulatory oversight of the financial condition of out-of-state (foreign), international (alien), surplus lines, and captive insurance companies.

Staff analyze financial information provided by Ohio-licensed insurance companies and review complex transactions. They also calculate and certify to the Ohio Treasurer the domestic and foreign insurance premium tax owed to the state.

In addition, Risk Assessment monitors the company's statutory and solvency compliance. Examinations of a company’s financial condition and affairs are conducted as often as the Director of the Ohio Department of Insurance deems appropriate, but at a minimum of once every five years, as required by statute.

Department Priorities and Objectives

Foster Economic Development – Enhance Ohio's ability to attract and retain insurance businesses and jobs for Ohioans through regulatory reform, while ensuring a stable insurance market for consumers. The department will review existing rules and regulations to promote flexibility, balance, transparency, and consistency.

Provide Fair and Appropriate Market Regulation – Investigate persons or entities who commit insurance fraud or are suspected of violating Ohio's insurance laws, including those laws regarding unfair or deceptive practices. The department will provide a regulatory response that is reasonable, appropriate, and proportional.

Provide Excellent Consumer Services – Empower consumers to make informed insurance purchasing decisions by providing educational information, training, and consultation. The department will assist consumers who encounter difficulties by answering inquiries and investigating and resolving complaints.

Foster a Competitive Marketplace – Provide a regulatory environment that supports a competitive and stable insurance market for consumers. The department will assess solvency and review statutory filings of Ohio-based companies, as well as rate and policy form filings from all companies licensed in Ohio. The department will also perform audits of non-Ohio based companies and review business practices of all companies licensed in Ohio.

- Monitor the financial solvency of insurance companies and health insurance corporations operating in Ohio and ensure that companies operating in Ohio are stable and sound.
- Provide consumers with education on insurance matters, coverage options, and issues of interest to seniors.
- Provide consumers with assistance regarding insurance coverage and claims-related concerns
- Monitor insurance sales, claim handling activities, and insurance company interactions with policyholders to ensure they are fair and comply with Ohio law.
- Investigate fraud and misconduct in a thorough and professional manner.
- Protect Ohio's senior population from predatory sales practices by strengthening regulatory measures, educating seniors, and continuing partnerships with organizations that serve senior citizens.
- Provide educational and training opportunities for staff to enhance their insurance knowledge in order to effectively monitor a complex and ever-changing insurance industry.
- Continue efforts in overseeing the licensure and education of insurance agents.
- Maintain a leadership role in the National Association of Insurance Commissioners, the U.S. standard-setting and regulatory support organization created by the chief insurance regulators from the 50 states, the District of Columbia, and five U.S. territories.
- Continue national integration of an enterprise system to facilitate e-commerce with business constituents and allow Ohio to comply with the reporting requirements of the National Association of Insurance Commissioners.

Department Accomplishments

WORKFORCE DEVELOPMENT

Advanced Workforce Development to Strengthen Ohio's Insurance Talent Pipeline

The Ohio Department of Insurance continued to advance workforce development initiatives that support Ohio's position as a leading destination for insurance careers, innovation, and business growth. As one of the state's largest economic sectors, Ohio's insurance industry faces increasing demand for skilled professionals as a significant portion of the workforce approaches retirement.

According to a Regionomics workforce analysis, more than 100,000 new insurance professionals will be needed in Ohio by 2031. To help meet this demand, the department collaborated with Governor Mike DeWine's Office of Workforce Transformation, JobsOhio, the National Association of Insurance Commissioners, educational institutions, and industry leaders to expand career awareness and strengthen pathways into the profession.

Through partnerships such as Insuring Ohio Futures, the department promoted insurance as a rewarding career option for students, career changers, veterans, and other job seekers. These efforts connected individuals with educational programs, training opportunities, internships, and career resources while helping employers address workforce needs. The department participated in workforce engagement events, including hosting a career forum for insurance interns, and worked with stakeholders across the state to align talent development strategies with the evolving needs of Ohio's insurance marketplace.

In addition, Insuring Ohio Futures and the department expanded student engagement through initiatives such as the Virtual Fellowship and the Invest Student Challenge. These programs provided students with opportunities to explore insurance careers, build industry knowledge, connect with professionals, and develop skills related to financial literacy, risk management, and career readiness.

The department also supported Insurance Careers Month, recognized annually by Governor Mike DeWine, to highlight the industry's economic impact and diverse career opportunities.

Partnered in the Insuring Ohio Futures Initiative

Through its ongoing involvement in the Insuring Ohio Futures Initiative, the Ohio Department of Insurance continued to support the growth and development of Ohio's insurance workforce while helping expand awareness of career opportunities across the industry. As a collaborative partnership among state agencies, higher education institutions, insurance organizations, and workforce development leaders, the initiative is focused on creating clear pathways for students, career changers, veterans, and emerging professionals to enter and succeed in insurance-related careers.

The department advanced efforts to align education, training, and workforce needs with the evolving demands of the insurance sector. These efforts include promoting insurance as an attainable and rewarding career choice, supporting risk management and insurance degree and certificate programs across Ohio, and strengthening connections between employers and future talent.

Through this comprehensive approach, Insuring Ohio Futures continues to cultivate a skilled and diverse workforce, elevate the profile of Ohio's insurance industry, and reinforce the state's position as a leading hub for insurance innovation, business growth, and economic opportunity.

Connected Future Insurance Professionals with Public Service

The Ohio Department of Insurance hosted an educational forum for college interns from insurance companies, agencies, and the department to provide a deeper understanding of Ohio's insurance industry and the important role of insurance regulation. The event offered participants an opportunity to explore career pathways within both the public and private sectors while learning how the department serves and protects Ohio consumers.

Supporting workforce development remains a key priority for the department as it works to strengthen Ohio's insurance talent pipeline and introduce emerging professionals to the wide range of career opportunities available within the industry.

INSURANCE INNOVATION

Reinforced Ohio's Position as a Hub for Insurance Innovation

The Ohio Department of Insurance reinforced Ohio's position as a national hub for insurance innovation with its Emerging Products and Innovation Initiative. The program is designed to encourage the development and responsible introduction of new insurance products, services, and technologies within the state's marketplace.

In partnership with InnovateOhio, the department engaged with startups, expanding companies, and established insurers — both Ohio-based and those seeking to enter the market — to support the exploration of emerging ideas and business models. This included providing regulatory clarity, assisting with compliance questions, and helping innovators better understand Ohio's insurance framework.

Department staff served as accessible resources throughout the process, offering guidance that balanced innovation with strong consumer safeguards and sound market practices. This hands-on approach helped facilitate responsible market entry while maintaining regulatory integrity.

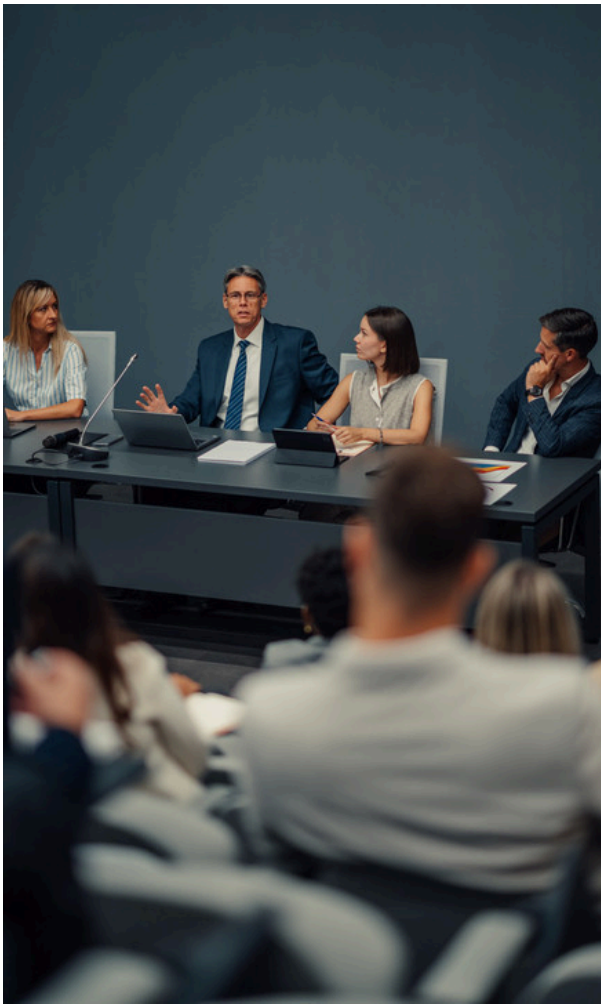

Grounded in the principles of consumer protection, competition, adaptability, and collaboration, the initiative reflects Ohio's ongoing commitment to fostering a modern insurance marketplace that supports innovation while protecting policyholders.

INSURER OVERSIGHT AND SOLVENCY

Insurers Entered Ohio Market, $877 Million in Premium and Franchise Taxes Certified

The Ohio Department of Insurance's Office of Risk Assessment completed reviews of 40 company admission applications. These included two applications from Ohio-based insurance companies and 18 from out-of-state insurers seeking authority to operate in the Ohio market. The office also reviewed seven requests for surplus lines authority, five applications for accredited reinsurer status, seven applications for reciprocal jurisdiction reinsurer status, and one application for a viatical provider license.

In addition, the office reviewed 25 requests for new lines of business. The Office of Risk Assessment also completed reviews of more than 31 insurance company tax amendments. A total of $877 million in premium, franchise, and fire marshal taxes was certified.

Reviewed Insurance Companies' Financials and Transactions, Conducted Examinations

The Ohio Department of Insurance's Office of Risk Assessment completed all reviews of insurance companies' quarterly and annual financial statements within timeframes prescribed by the National Association of Insurance Commissioners and met all other accreditation standards.

In all, more than 585 insurance company transactions, including two applications for domestic certificate of authority, were analyzed and reviewed. Two mergers and acquisitions and two redomestications to Ohio were also reviewed. Financial examinations of 64 Ohio domestic insurers were completed, including two new company qualifying examinations.

Risk Assessment also participated in two regional supervisory colleges, which is a joint meeting of regulators and company officials with detailed discussions about financial data, corporate governance, and enterprise risk management functions at the group level.

Ohio's Captive Market Wrote $535.6 Million in Premiums

Ohio-licensed captive insurance companies wrote $535.6 million in premiums, generating $558,779 in premium-based fees and $4,500 in combined licensing and renewal fees.

Ten captive insurance companies are currently licensed with the Ohio Department of Insurance. Two new captive insurance companies were reviewed and approved.

Captive insurance is a form of self-insurance and a risk management tool for businesses.

INSURANCE FRAUD AND MISCONDUCT

Combated Insurance Fraud and Professional Misconduct to Protect Consumers

Insurance fraud costs U.S. consumers and businesses a staggering $308.6 billion annually, equating to approximately $932 per person and more than $70,000 over a lifetime, according to the Coalition Against Insurance Fraud. These losses translate into higher premiums and increased financial strain for policyholders.

To protect Ohio consumers, the Ohio Department of Insurance prioritizes the detection, investigation, and prosecution of insurance fraud and professional misconduct. Through its Fraud and Enforcement Division, the department collaborates closely with federal, state, and local law enforcement and prosecutorial partners to hold offenders accountable and safeguard the integrity of the insurance marketplace.

Fraud investigations in Ohio commonly involve allegations such as false or inflated property and automobile claims, arson, staged accidents, vehicle theft, burglary, intentional property damage, slip-and-fall schemes, and fraudulent medical billing practices. Enforcement cases also include premium theft, forged applications, unauthorized policy transactions, financial exploitation of seniors, misrepresentation of insurance products, annuity suitability concerns, escrow theft by title agents, bail agent misconduct, and unlicensed insurance activity.

The Ohio Department of Insurance Fraud and Enforcement Division received more than 10,116 allegations of agent misconduct and insurance fraud from insurance companies, consumers, government agencies, and law enforcement entities. As a result of these referrals, the department opened 1,822 administrative and criminal investigations, identified 373 potential law violations, and took administrative and/or criminal action against 286 individuals.

Issued Joint Ohio Mental Health Parity Report Highlighting Consumer Protection and Support

The Ohio Department of Insurance, in partnership with the Ohio Department of Behavioral Health and RecoveryOhio, released the latest annual Joint Ohio Mental Health Parity Report. The report outlines statewide engagement with consumers, insurers, and stakeholders; identifies trends and barriers related to mental health and substance use disorder coverage; and summarizes the department's regulatory efforts to ensure compliance with mental health parity laws.

As part of its oversight responsibilities, the Ohio Department of Insurance reviews health insurance products for compliance with applicable mental health requirements, assists consumers in understanding their benefits, resolves coverage complaints, and monitors complaint data and trends to determine whether further regulatory action is warranted.

Key highlights from the report include:

Processed 4,250 accident and health insurance complaints, including 20 related specifically to mental health and substance use disorder coverage.

Reviewed 22 external review requests involving mental health and substance use disorder benefits, with 17 medical-related cases evaluated by independent review organizations and five contractual case reviewed internally.

Received 38 phone calls and 24 emails through the Ohio Mental Health Insurance Assistance Office, with inquiries primarily focused on finding coverage options, accessing treatment, understanding benefits, and resolving insurance-related issues.

In addition to consumer assistance, the Ohio Department of Insurance works closely with health plans to promote consistent understanding and application of mental health parity requirements. Ongoing communication with insurers helps support compliance, clarify regulatory expectations, and strengthen overall consumer protections across Ohio's health insurance market.

Worked to Improve Ohioans' Access to Mental Health Insurance Benefits

Improving access to mental health care remained a key priority for Governor Mike DeWine and the Ohio Department of Insurance. In 2023, Governor DeWine issued an executive order establishing the Ohio Mental Health Insurance Assistance Office (MHIA) within the department, creating a dedicated state resource focused on mental health and substance use disorder insurance assistance.

Throughout this year, MHIA provided direct support to individuals, families, health care providers, employers, and advocates by helping them better understand mental health insurance benefits, navigate coverage options, and resolve questions about them. The office also assisted with complaints and appeals involving denied services, working to ensure consumers could more effectively access the benefits available to them.

In addition to case assistance, MHIA developed and shared educational resources and training tools to increase awareness of mental health insurance rights and reduce barriers to care. Its impact was strengthened through collaboration with partners including RecoveryOhio, the Ohio Department of Behavioral Health, the Ohio Department of Medicaid, the U.S. Department of Labor, and other stakeholders committed to improving behavioral health outcomes across the state.

Supported Behavioral Health Wellness Visit Legislation

Efforts to strengthen access to behavioral health care in Ohio continue, with ongoing collaboration among policymakers and stakeholders focused on improving awareness and utilization of mental health insurance benefits.

The Ohio Department of Insurance and its Ohio Mental Health Insurance Assistance Office continue to play a key role in supporting education, outreach, and consumer assistance related to behavioral health coverage.

One proposal, House Bill 724, the Annual Behavioral Health Wellness Check, seeks to expand preventive care by requiring health insurance plans in Ohio to cover one annual behavioral health wellness visit for children and adults without cost-sharing. The visit would include behavioral health screenings, risk assessments, education, and referrals to additional services when needed.

The legislation builds on recommendations from the Ohio Mental Health Insurance Working Group, established through a 2023 executive order and supported by the Ohio Department of Insurance. While the bill has not yet advanced as of July 2026, it reflects ongoing efforts to improve access to behavioral health care.

RecoveryOhio's Mental Health Day at the Ohio State Fair Raised Awareness and Connected Fairgoers to Resources

The Ohio Department of Insurance's Ohio Mental Health Insurance Assistance Office, along with other state agencies, participated in RecoveryOhio's Mental Health Day at the Ohio State Fair to engage with fairgoers and share information about behavioral health services and available insurance coverage options for individuals and families.

This important day provided an opportunity for state partners to connect directly with the public, raise awareness of mental health and substance use disorder resources, and highlight tools available to help Ohioans access care and understand their insurance benefits.

RecoveryOhio, established under Governor Mike DeWine's leadership, brings together state agencies and partners to coordinate efforts addressing mental illness and substance use disorders, with a focus on improving the health and well-being of Ohio residents.

Ohio Ranked Among States with Lowest Auto and Homeowners Insurance Premiums

According to the latest data from the National Association of Insurance Commissioners (NAIC), Ohio stands out as one of the states where insurance consumers benefit from some of the lowest average premiums in the country for both auto and homeowners insurance. In 2023, the most recent data available, Ohioans paid an average of $947 for auto insurance, ranking 11th lowest nationwide, and $1,116 for homeowners insurance, placing sixth lowest.

This contrasts with the national averages of $1,282 for auto insurance and $1,737 for homeowners insurance, highlighting Ohio's competitive insurance market and affordability for residents.

Saved or Recovered $11.2 Million for Insurance Consumers

The Ohio Department of Insurance's Consumer Services Division saved or recovered $11,243,509 during the fiscal year for Ohio insurance consumers. In addition, staff fielded 19,382 inquiries and resolved 10,164 complaints. Claim denial and claim delay were the top complaint reasons, while the coverage types most complained about were health insurance and automobile insurance.

Through various communication channels, the Office of Consumer Affairs offers invaluable resources and assistance free of charge. Staff also engage with communities through outreach efforts and provide counseling to ensure Ohioans are informed and supported in navigating all facets of insurance.

Health Insurance Decision Appeals Process Recovered $54.4 Million for Ohioans

Ohio's external review law allows consumers to appeal a health insurance decision made by their insurance company. Consumers have the right to request the health plan issuer reconsider their decision, also known as an adverse benefit determination. An adverse benefit determination is a decision made by the health plan issuer, including denying, reducing, or terminating a requested health care service or payment in whole or in part.

In 2024, 754 cases, involving almost $23 million in health care benefits and services, were submitted for review by an Independent Review Organization (IRO) to determine the appropriateness of a health plan's adverse benefit determination.

The health plan's determination was reversed by the IRO in 41 percent of these cases, saving Ohio health insurance consumers more than $11.66 million. When a health plan's internal appeal process results in an adverse benefit determination that is based on a contractual issue (not involving medical judgment or medical information), an external request may be submitted by the health plan for contractual review by the Ohio Department of Insurance.

In 2024, the department completed a contractual review of 143 cases, involving over $789,000 in health care benefits and services. Thirty-four of the143 cases reviewed by the department resulted in the reversal of previously denied benefits, recovering over $140,000 in additional benefits for Ohio consumers.

Since the 1999 enactment of Ohio's external review law, 12,326 cases have been reviewed by the department and/or IROs, recovering almost $54.4 million in previously denied health care benefits and services for Ohio consumers.

The Heart of Insurance

Ohio State Fair 2025

Engaged Ohioans at the Ohio State Fair

The Ohio Department of Insurance participated in the Ohio State Fair as part of its ongoing commitment to public outreach and consumer education, continuing a long-standing tradition of connecting directly with Ohioans in a highly accessible setting.

Throughout the event, department staff were stationed at the booth in the Bricker Marketplace Building, where they engaged with fair attendees on a wide range of insurance topics. Visitors received assistance with general insurance questions, guidance on understanding coverage options, and information designed to help them better navigate common insurance issues such as policy selection, claims processes, and consumer protections.

In addition to one-on-one conversations, staff distributed educational materials and resources intended to improve insurance literacy and empower consumers to make more informed decisions about their coverage. The interactive setting also allowed attendees to raise specific concerns and receive practical, easy-to-understand explanations tailored to their situations.

Supported Ohioans with Severe Weather Preparedness and Recovery

Helping Ohioans prepare for and recover from severe weather events remained a key focus of the Ohio Department of Insurance. Working in coordination with local emergency management agencies and state and federal partners, the department provided insurance-related guidance to individuals and communities impacted by severe storms.

Department staff supported recovery efforts, assisting residents with understanding insurance coverage, filing claims, and navigating available recovery resources.

Throughout the storm season, the department continued to emphasize the importance of preparedness, encouraging Ohioans to review their insurance policies, understand coverage limitations such as flood exclusions, and maintain documentation of personal property. Outreach also focused on helping residents avoid fraud and identify reputable contractors during the recovery process.

To further support preparedness efforts, the department promoted its Severe Weather Preparation and Recovery resources, which provide safety guidance, insurance education, and recovery tips designed to help Ohioans respond effectively before and after severe weather events.

Public Input Sought on Medicare Access Study for End-Stage Renal Disease Patients

The Ohio Department of Insurance sought public input to support the development of a report for the Ohio General Assembly examining Medicare access for individuals with end-stage renal disease (ESRD). The study aimed to better understand how Ohioans applied for Medicare, identify potential gaps in eligibility, and explore opportunities to improve access to coverage for those affected by ESRD, the most advanced stage of chronic kidney disease.

ESRD occurs when the kidneys can no longer function properly, often requiring ongoing treatments such as dialysis or kidney transplantation. The department invited feedback from individuals, caregivers, health care professionals, and other stakeholders with relevant experience to help inform the report's findings and recommendations.

The department partnered with an external vendor to assist in developing the study for submission to the Ohio General Assembly.

Trusted Medicare Resource Delivered $72 Million in Savings to Older and Disabled Ohioans

For more than three decades, the Ohio Senior Health Insurance Information Program (OSHIIP) has served as a trusted source of Medicare information and assistance for Ohioans.

During the past fiscal year, the program continued its mission by helping Medicare beneficiaries save or recover more than $71.8 million through personalized counseling, claims assistance, and enrollment support.

OSHIIP provides free, unbiased guidance to Medicare beneficiaries, their families, and caregivers, helping them better understand their health coverage options and connect with programs that can lower health care costs.

Through its knowledgeable staff, volunteer counselors, and statewide outreach efforts, the program empowers Ohioans to make informed decisions about their Medicare coverage.

Over the past year, OSHIIP's impact included:

- •. Delivering individualized counseling and claims assistance to 307,382 Ohioans.
- •. Educating 485,658 people through community presentations, workshops, and outreach events.
- •. Providing Medicare assistance to 69,680 Ohioans with disabilities.
- •. Connecting with 205,258 underserved residents, including individuals in rural communities, low-income households, and those for whom English is a second language.
- •. Helping 295,435 individuals enroll in Medicare savings programs and other cost-effective health plan options.
- •. Responding to 42,958 calls through its statewide toll-free Medicare helpline.

Throughout the year, OSHIIP remained focused on helping consumers navigate an increasingly complex Medicare landscape. Counselors assisted beneficiaries with Medicare Advantage and prescription drug plan questions, enrollment and coverage issues, billing concerns, and other challenges affecting access to care. The program also continued to expand its educational outreach by offering both in-person and virtual presentations, including its "Welcome to Medicare" and "Medicare Checkup" programs, ensuring Ohioans across the state have access to reliable Medicare information and personalized assistance.

Intern Day

Connected Interns with Public Service and the Role of Insurance Regulation in Ohio

The Ohio Department of Insurance hosted an educational forum on July 14 for insurance company and agency interns from across the state as well as department interns. Approximately 50 college students attended the event to learn more about Ohio's insurance industry, the department's regulatory responsibilities, and insurance-related career paths.

Supporting workforce development remains a key priority for Director French as department staff work to strengthen Ohio's insurance talent pipeline and introduce emerging professionals to the wide range of career opportunities available within the industry. Growth and retirements in the industry have created opportunities for entry and advancement in many different and well-paying career paths.

Executive's Todd Walker served as the event host, and Director French addressed the group, sharing her career journey, the rewarding career opportunities available in insurance, the importance of Ohio's insurance sector, and the meaningful impact of public service.

The forum also featured presentations by department staff from several divisions. Speakers provided an overview of their areas of expertise, shared their personal career journeys, explained the role and work of their respective divisions, and answered questions.

The day also included a guided tour with Executive's Ben Allison of the Ohio Statehouse.

STAKEHOLDER ENGAGEMENT AND INSURANCE LEGISLATION

Statewide Outreach Strengthened Industry and Community Connections

Ohio Department of Insurance Director Judith L. French participated in outreach and speaking engagements across the state, connecting with insurance stakeholders to communicate departmental priorities and address current regulatory and industry issues.

The engagements included meetings and presentations with trade associations, insurance companies, insurance agents, business leaders, government officials, and community organizations. Discussions focused on Ohio's insurance regulatory framework, the state's competitive insurance marketplace, insurance rates, consumer protection, insurance fraud prevention, financial solvency, workforce development, insurance innovation, and the department's involvement in national and international insurance initiatives.

Through these engagements, Director French reinforced the department's commitment to collaboration, regulatory consistency, and preserving Ohio's leadership position within the insurance industry.

Ohio Implemented Insurance Updates Through Biennial Budget Legislation

Insurance-related provisions in Ohio’s biennial budget, House Bill 96, became effective on Sept. 30, 2025, introducing updates affecting health coverage, provider reimbursement, licensing processes, and consumer protections.

The legislation requires health plan issuers to expand provider payment options with at least one fee-free method, improves transparency around payment fees, and prohibits mandatory credit card acceptance. It also ensures reimbursement for certified registered nurse anesthetists is not based solely on provider type but may vary based on performance measures.

Administrative changes streamline licensing requirements, while long-term care insurance updates align continuing education deadlines with license renewal cycles and clarify enforcement standards.

The Ohio Department of Insurance was also directed to evaluate Medicare application processes for individuals with end-stage renal disease and report findings to the General Assembly. In addition, the department will establish a temporary outreach program to help Medicaid recipients explore private insurance options.

Additional provisions updated motor vehicle financial product rules, Assigned Risk Plan requirements, and uninsured driver reporting procedures, all aimed at improving transparency, access, and consumer protections within Ohio’s insurance system.

IAIS International Association of Insurance Supervisors

Standards and Supervisory Practices Committee (SSC) Committee Membership

The SSC develops, maintains, and refines global insurance-supervision standards, including the Insurance Core Principles (ICPs) for all insurers and intermediaries, and ComFrame with the Insurance Capital Standard (ICS) for internationally active insurance groups.

It also supports Members in effectively implementing these standards by sharing good supervisory practices, deepening understanding of supervisory issues, and facilitating capacity building.

Phone: +1 614-728-1099
Bio: Director of the Ohio Department of Insurance and former Justice of the Ohio Supreme Court. Appointed by Governor Mike DeWine in 2021.

Director French Selected Co-Chair of IAIS Standards and Supervisory Practices Committee

Ohio Department of Insurance Director Judith L. French was selected to serve as co-chair of the International Association of Insurance Supervisors' (IAIS) newly formed Standards and Supervisory Practices Committee. The committee guides the development and maintenance of global insurance standards and supports IAIS members, which includes the National Association of Insurance Commissioners as a partner, in implementing strong supervisory practices, such as financial monitoring of insurers and more.

Through international engagement, Director French and the NAIC represent the interests of U.S. state insurance regulators while contributing to the development of sound international insurance standards.

The IAIS, a voluntary membership organization of insurance supervisors from over 190 jurisdictions, serves as the international standards-setting body for the insurance sector. It develops and assists in the implementation of principles, standards, and guidance for the supervision of the insurance industry.

Initiatives Adopted to Strengthen Consumer Claims Payment Protections

The National Association of Insurance Commissioners (NAIC) adopted three initiatives aimed at strengthening consumer protections and ensuring insurers could meet obligations to policyholders, particularly in the life insurance and annuity sectors.

The Ohio Department of Insurance played a key leadership role in advancing these efforts through its participation in NAIC committees.

The approved measures included a new Generator of Economic Scenarios, updated reserving standards for fixed annuities , and Actuarial Guideline 55, which increased transparency around certain reinsurance agreements. Together, these actions enhanced financial oversight and supported more consistent regulatory standards across states. These initiatives followed approval by the NAIC Life Insurance and Annuities Committee earlier in the year, reflecting coordinated national efforts to strengthen insurer solvency and consumer protections.

Ohio Department of Insurance Staff Selected for NAIC Leadership Roles

The Ohio Department of Insurance plays a prominent role in national insurance regulation through leadership appointments within the National Association of Insurance Commissioners (NAIC). Ohio staff have been selected to serve on 19 NAIC committees and task forces in 2026, reflecting the department's continued influence in shaping national insurance policy and regulatory standards.

The department's leadership engagement includes participation in key NAIC committees focused on life insurance and annuities, financial condition oversight, and international insurance relations. In addition, Ohio representation extends to the Risk-Based Capital Model Governance Task Force, which supports the development of capital standards used to assess insurer financial strength.

Ohio staff also hold leadership positions within NAIC working groups, including chairing the Examination Oversight Task Force and serving as vice chair of the Capital Adequacy Task Force. These roles involve guiding collaborative regulatory efforts that support consistent oversight and financial stability across the insurance industry.

NAIC Leadership Roles

Letter Committees

- Life Insurance and Annuities (A) Committee – Member
- Financial Condition (E) Committee – Member
- International Insurance Relations (G) Committee – Member

Executive Committee Groups and Task Forces

- Risk-Based Capital Model Governance (EX) Task Force – Member

Task Forces

- Life Actuarial (A) Task Force – Member
- Health Actuarial (B) Task Force – Member
- Regulatory Framework (B) Task Force – Member
- Senior Issues (B) Task Force – Member
- Casualty Actuarial and Statistical (C) Task Force – Member
- Homeowners Market Data Call (C) Task Force – Member
- Anti-Fraud (D) Task Force – Member
- Producer Licensing (D) Task Force - Member
- Accounting Practices and Procedures (E) Task Force – Member
- Capital Adequacy (E) Task Force – Vice Chair
- Examination Oversight (E) Task Force – Chair
- Financial Stability (E) Task Force – Member
- Invested Assets (E) Task Force – Member
- Reinsurance (E) Task Force – Member

Liaison Committees and Boards

- NAIC/Consumer Liaison Committee – Member

NAIC Sets 2026 Strategic Priorities Focused on Modernization and Risk

The National Association of Insurance Commissioners (NAIC), which includes the Ohio Department of Insurance and insurance regulators from all U.S. states and territories, established its 2026 strategic priorities to guide the state-based insurance regulatory system in response to evolving market conditions and emerging risks.

The priorities focus on strengthening insurer financial oversight, enhancing data and analytics capabilities, improving catastrophe preparedness and resilience, and addressing risks and opportunities associated with emerging technologies. Key areas of emphasis include updating capital and investment frameworks to support insurer solvency, expanding data tools to improve market monitoring and early risk detection, and increasing coordination on disaster resilience through improved modeling, mitigation strategies, and public-private collaboration.

The NAIC also prioritized oversight of artificial intelligence, cybersecurity, and other emerging technologies, with efforts aimed at supporting responsible innovation while maintaining strong consumer protections.
These priorities reflect a continued effort to modernize insurance regulation, strengthen market stability, and enhance consumer protection across the U.S. insurance system.

The NAIC, established in 1871, serves as the standard-setting organization for insurance regulation in the United States, bringing together insurance regulators from all 50 states, the District of Columbia, and five U.S. territories. Through its committees and task forces, it provides data, expertise, and analysis to support effective regulation and consumer protection nationwide.
