Re: Plant Closure WARN Notification

Dear Ms. Handberg:

This is to inform you that Whole Foods Market's Midwest Region will be permanently closing its entire Toledo Store located at 3420 Secor Road Toledo, OH 43606 effective December 5, 2023. The closing will impact approximately 99 employees. We can make available to you if needed the job titles of the positions to be affected and the number of affected employees in each job classification. There are no bumping rights available, and no union represents the affected employees.

Whole Foods Market will continue to provide full pay to the affected Team Members through the effective facility closing date to the extent necessary to meet our WARN Notice obligations. During this time, it is Whole Foods Market's intent to work with affected employees to secure other positions within our Whole Foods Market stores and facilities to the extent possible.

We look forward to working with you to assist our workers in any way possible. My contact information is below should you require any additional information.

Sincerely,

Doug Patrick
Executive Leader, Team Member Services
Midwest Region
