RE: Notice of Layoff Under WARN Act

To Whom It May Concern:

This notice is being provided pursuant to regulations contained in the Worker Adjustment and Retraining Notification (WARN) Act of 1988, which requires affected employers to provide notice to certain government units or officials of a pending mass layoff or permanent closure. This notice is also intended to comply with Ohio state law if/as applicable.

This is to advise you that JBT Marel, Prime Equipment Group, located at 2001 Courtright Road, Columbus, Ohio will be conducting layoffs on February 27, 2026, and while the exact schedule has not been finalized, layoffs will continue through August 2026. The site will permanently cease operations in August of 2026. The decision to close our Columbus, Ohio site is due to continued challenges and market dynamics in the turkey industry.

All Columbus employees will be notified of the closure on August 27, 2025. The total number of employees affected is 50.

A list of the affected positions impacted in Ohio is enclosed. Affected employees do not have bumping rights. Employees are not represented by a union.

All affected employees will have access to career transition services through a third-party outplacement company and support with applying for other positions within JBT Marel on the internal JBT Marel job posting system. Employees will be informed on how to apply for unemployment benefits.

For further information, please contact our local Human Resources Manager, Carole Robinson at Carole.Robinson@jbt.com or 614-253-8590.

Sincerely,

Signed by:

Shelley Bridarolli

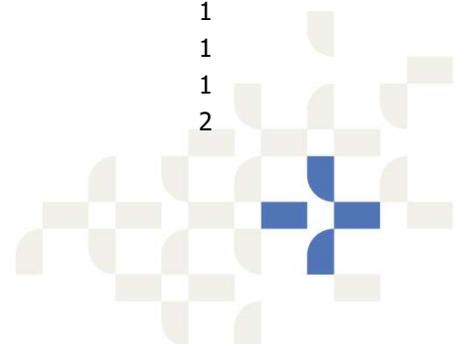

EVP & Chief Human Resources Officer

Grand Total	65

NOTICE:

This WARN notice outlines the closure of JBT Marel, Prime Equipment Group. It indicates that 50 workers will be affected. However, the "Grand Total" under the Job Titles section lists 65 employees.

The employer has clarified that 15 of these 65 employees will continue in their roles remotely, as they were already supporting multiple JBT Marel sites, including the Columbus, Ohio location. Therefore, these 15 workers will remain employed.
