Re: Pixelle Specialty Solutions, LLC – WARN Notice – Fremont Facility

Dear ODJFS:

Please be advised that Pixelle Specialty Solutions, LLC (the “Company”) has announced that it will permanently close its Fremont, Ohio converting facility located at 2275 Commerce Drive, Fremont, OH 43420.

The closure results from the Company’s agreement to sell its Carbonless business, the primary manufacturing activity at the Fremont facility. The purchaser will not continue operations in Fremont and intends to transition production to an existing operating location in Wisconsin. Consequently, the Company will permanently cease operations at the Fremont facility.

The closure will result in the permanent separation of approximately sixty-one employees. The first separations are expected on December 1, 2026, with additional separations occurring in stages as needed to complete production, meet customer commitments, and support the business transition.

Attached is a list of the job titles for the positions affected, and the number of affected employees in each job classification.

The employees affected are not represented by a union, and there is no bumping rights associated with these employment separations.

Affected employees will receive individual written notice regarding the permanent closure and their anticipated separation dates.

For further information regarding this matter, please contact Karen Jacques, Chief Human Resources Officer, Pixelle Specialty Solutions, LLC, at (920) 960-3489 or karen.jacques@pixelle.com.

Sincerely,

Karen Jacques

Chief Human Resources Officer
