**Legislative Update:**

Austin Lucous, Legislative Director

November 2025

**Recent activity**

**Introduced:**

- H.B. 509 – Enact the Better Access to Health Care Act (Rep. Gross / Rep. Baker)
  - Modifies several sections of the Revised Code and introduces new section 4723.439, which allows certain APRNs to practice independently after meeting specific criteria, such as practicing in a clinical setting for two thousand hours.
  - Abolishes the requirement for APRNs to practice under a standard care arrangement with a collaborating physician or podiatrist, after meeting certain conditions.
  - Establishes the criteria that need to be met for an APRN to practice without a standard care arrangement, which involves documented clinical experience and collaboration.
  - Changes include redefining collaboration and supervision requirements, revising reimbursement terms for services provided by certified nurse-midwives, and updating definitions for designations and roles within advanced practice nursing.
  - Enhances the authority of APRNs in making critical patient care decisions, such as issuing inpatient discharge and follow-up care.
  - Provides expanded prescriptive authority to APRNs and adjusts the regulatory framework governing their collaboration agreements.
  - Removes certain collaborative requirements, allowing APRNs autonomy in prescribing medication and ordering certain patient services.
  - It repeals sections 4723.45 and 5164.73 and updates various sections related to nursing education, licensing, practice, and collaboration standards.
  - **First Hearing (Sponsor) in House Medicaid Committee on 10/21/2025**

**Passed Committee:**

- H.B. 253 – License advanced practice respiratory therapists (Rep. John / Rep. Young)
  - Recognizes and regulates the practice of advanced practice respiratory therapists, who are individuals that perform services – pursuant to a supervision agreement with a physician – for the diagnosis and treatment of cardiopulmonary diseases or conditions.
  - Requires an advanced practice respiratory therapist to hold a license issued by the State Medical Board and establishes criminal penalties for violators.
  - Allows the holder of an advanced practice respiratory therapist license to perform certain services authorized by the supervising physician, which may include ordering, prescribing, and administering drugs and medical devices.

- Coordinates the State Medical Board's licensing and regulatory procedures for advanced practice respiratory therapists with those for respiratory therapists and other health care professionals also regulated by the Board.
- **Fourth Hearing (All Testimony) in House Health Committee on 11/5/2025**
- H.B. 377 – Regards use of light-based medical devices for hair removal (Rep. Deeter)
  - Grants physicians the authority to delegate up to five PAs, APRNs, RNs, and LPNs at one time with off-site supervision for laser hair removal procedures.
  - Removes requirement for a physician to perform an in-person evaluation of a patient to determine if the application of the specific light-based medical device is appropriate.
  - **Fourth Hearing (All Testimony) in House Health Committee on 11/5/2025**
    - **Amended on 10/29/2025 to include the current definition of “Advanced Practice Registered Nurse” for purposes of the bill.**

### Committee Hearings:

- H.B. 59 – Revise and streamline the state's occupational regulations (Rep. Fowler-Arthur / Rep. Hiner)
  - **Second Hearing (All Testimony) in House General Government Committee on 11/4/2025**
