

Ohio's Home- and Community-Based Waiver Programs for Older Adults and People with Disabilities

Home- and community-based services (HCBS) allow Ohioans covered by Medicaid to get healthcare services and support in their own home or community instead of a nursing home, hospital, or other long-term care facility. Ohio Department of Medicaid (ODM) offers four HCBS waiver programs serving older adults and people with disabilities. Each program gives enrollees control over their care while remaining in their communities.

The following pages offer a glimpse into each HCBS waiver program, what it takes to be eligible and the state agency that oversees the program.

HCBS Waiver Programs for Older Adults and People with Disabilities

Ohio has four waiver programs for older adults and people who have disabilities who meet a nursing facility level of care. The "Waiver Comparison Chart" on pages 4 and 5 shows what each program offers and who is eligible. The Ohio Administrative Code links below provide state regulations and details on each program.

The four programs are listed below with links to the Ohio Administrative Rule about the program:

1. **Assisted Living**- serves people aged 21 and older who live in an Ohio Department of Aging certified licensed residential care facility.

Base Eligibility

To get services from Ohio's HCBS waiver programs for older adults and people with physical disabilities, certain conditions must be met. All programs require people to:

- Be eligible for Medicaid. This means a person will:
 - Be a United States citizen or meet Medicaid citizenship requirements.
 - Have or get a Social Security number.
 - Be an Ohio resident.
 - Meet financial requirements.
- Meet a nursing facility (NF) based level of care (i.e., intermediate or skilled) as outlined in [Rule 5160-3-08 - Ohio Administrative Code | Ohio Laws](#).
- Need and use at least one waiver service monthly. See the Waiver Comparison Chart on pages 4 and 5 for a list of services.
- Services offered in the program can meet health-related needs in ways that are safe for the enrollee while in a community setting instead of a nursing facility.
- Agree to participate in the person-centered planning process.

Complete eligibility regulations are described in Chapter [5160:1 | Ohio Department of Medicaid | Eligibility](#). People will be assessed for eligibility during the enrollment process.

Request to Enroll

The first step to access HCBS waiver programs is to make a request. Ohio Department of Medicaid's Form 02399 is used to request a waiver and is submitted to either the County Department of Job and Family Services or the regional PASSPORT Administrative Agency. The request for Medicaid Home and Community-Based Services (HCBS) Waiver form can be found here: [ODM02399fillx.pdf \(ohio.gov\)](#).
