Open Enrollment – Make Your Choices Now!

We know that your needs change so if you have not selected a plan, you still have time!

You have through November 30 to choose the plan that best:

- Works with all or most of your doctors.
- Covers services with the hospitals, clinics, or specialists you want.
- Offers a bit more support, such as extra unemployment assistance, access to nutritious foods, education, and wellness programs, and more.

If you want to keep your current managed care plan, you don't have to do anything.

If you decide to switch, your new plan will begin covering you on the first day of the month following your selection. For example, if you decide to switch in October, coverage by your newly selected health plan begins November 1.

Helpful resources

Ohio's Medicaid managed care plans must offer medical, vision, dental, and behavioral health services as defined by Centers for Medicaid and Medicaid Services and state law. However, to stand out from the pack, each offers its own value-added services ranging from transportation to pregnancy care to wellness rewards. To understand the differences, check out the resources below.

- **Managed Care Health Plan Comparison Guides** offers insight into required services for each plan year, as well as the unique value-added benefits each plan offers. Guides for 2026 and 2025 are available:
 - [2026 Managed Care Health Plan Comparison Guide](#)
 - [2025 Managed Care Health Plan Comparison Guide](#)
- The [Find a Managed Care Provider](#) search tool can help identify the managed care plans contracting with ("in network") your trusted providers.

- The [Open Enrollment Frequently Asked Questions](#) answers questions related to annual managed care open enrollment.

In addition, each managed care plan has a member website that you can visit to learn more about their approach to serving you:
