

Home- and Community-Based Services Provider Rate Increases

In accordance with the budget bill adopted by the 134th General Assembly, the Ohio Department of Medicaid is implementing rate increases for many of Ohio's fee-for-service home- and community-based services (HCBS) waiver programs.

The rate increases are a result of House Bill (HB)10, Ohio's biennium budget for state fiscal years 2022 and 2023. They affect the following state plan services and waiver services supported through the Ohio Department of Medicaid (ODM), the Ohio Department of Aging (ODA) and the Ohio Department of Developmental Disabilities (DODD).

NOTE: The MyCare Ohio plans' contracts for these waiver services are based on the Fee-for-Service rates and therefore will be applicable to the MyCare Ohio waiver providers.

Percentage increases for program-specific services are listed below and go into effect for ODA- and ODM-supported services November 1, 2021. Rate increases for services supported through DODD are effective January 1, 2022.
