SUBJECT: UH and Premier State Directed Payment Preprints

This memo offers direction to Managed Care Organizations (MCOs) concerning the state directed payments (SDPs) to University Hospitals and Premier Health.

The MCOs should refrain from sending payment to providers until these two preprints have received final approval from the Centers for Medicare and Medicaid Services (CMS). ODM will send notification to the MCOs once received.

In the meantime, MCOs should continue to track payments due to providers so that a true-up payment can be made once the state directed payment is approved.

Questions regarding this policy guidance letter may be directed to the Managed Care Policy section of ODM: ManagedCarePolicy@medicaid.ohio.gov
