UHC strongly encourages providers to request within 14 days. If a provider calls UHC they are given an email address that can also be used to set up a peer-to-peer review.</p>

The provider also has the option to request a provider appeal and/or work with the member to request a member appeal. A member appeal and a provider appeal can be requested at the same time and the processes can run parallel to each other; however, they are two separate and distinct appeal processes. Providers are required to exhaust the provider appeal process prior to requesting an external medical review (EMR).

<p>The final step available to a provider is to request an External Medical Review (EMR). The EMR process is only available when providers receive a prior authorization or claim denial based on medical necessity from a Managed Care Organization or the OhioRISE plan. The EMR process is currently unavailable for denials from MyCare Ohio Plans or the Single Pharmacy Benefit Manager (SPBM). The EMR request must be submitted through the EMR entity portal and NOT to the Managed Care Organization or OhioRISE plan.</p>								
<p>How does a provider request an EMR?</p>	<p>The request for EMR must be submitted to the EMR entity within 30 calendar days of the written notification that the MCO and/or OhioRISE Plan internal provider appeals process has been exhausted. Providers must complete the "Ohio Medicaid MCE External Review Request" form located at www.hmspermedion.com (select Contract Information and Ohio Medicaid) and submit to Permedion together with the required supporting documentation including:</p> <ol style="list-style-type: none"> 1. Copies of all adverse decision letters from MCE (initial and appeal) 2. All medical records, statements (or letters) from treating health care providers, or other information that provider wants considered in reviewing case that were not previously submitted to the MCE during its review process. (Records already provided to the MCO or OhioRISE plan during the provider appeals process do not need to be resubmitted to the EMR entity portal because the EMR entity will request this information from the MCE). <p>Providers need to upload the request form and all supporting documentation to Permedion's provider portal located at https://ecenter.hmsy.com/ (new users will send their documentation through secured email at IMR@gainwelltechnologies.com to establish portal access).</p> <p>For more information about the External Medical Review, please contact Permedion at 1-800-473-0802, Option 2.</p>
