Section I: Title XX Administration
Ohio Department of Mental Health and Addiction Services

The Social Services Block Grant (SSBG) is a flexible funding source that allows States and Territories to tailor social service programming to their population’s needs. Through the SSBG States provide essential social services that help achieve a myriad of goals to reduce dependency and promote self-sufficiency; protect children and adults from neglect, abuse and exploitation; and help individuals who are unable to take care of themselves to stay in their homes or to find the best institutional arrangements. OhioMHAS is responsible for the administration of the **mental health** portion of the Social Services Block Grant according to Section 5101.46 of the Ohio Revised Code in collaboration with Ohio Department of Job and Family Services which has the relationship with the federal agency, Health and Human Services, Administration for Children and Families, Office of Community Services. The funds available to OhioMHAS are allocated to the county Alcohol, Drug Addiction, and Mental Health Services Boards and the community mental health board. The Boards contract with local service providers for the provision of the services. The administrative responsibilities of OhioMHAS include, but are not necessarily limited to the following:

1. Assist in the preparation and publication of the Comprehensive Social Services Plan.
2. Project estimated expenditures.
3. Allocate available Title XX resources to the Boards.
4. Maintain accountability for the use of federal funds.
5. Comply with all program reporting responsibilities.
6. Comply with all auditing requirements.
7. Maintain overall supervision, control and oversight of all Title XX activities funded through OhioMHAS.

All questions concerning the administration or operation of the mental health component of the Title XX program should be directed to the appropriate Alcohol, Drug Addiction, and Mental Health (ADAMH) Board, or the Manager of Title XX in the Office of Quality, Planning and Research, OhioMHAS.

Section II describes the tentative Title XX allocation to each Board for the period covered in this Plan. The amounts are based on OhioMHAS’ estimate of available Title XX resources and are subject to change.

Section III is a crosswalk between federal Title XX definitions and Ohio Administrative Code Definitions of mental health services.

Section IV defines the description of the services that will be used in the mental health portion of the Title XX Program.

Section V includes a statewide budget for mental health expenditures for Title XX. OhioMHAS will maintain a copy of the individual County Service Profiles (budgets) that detail the anticipated types of services, expenditures, and number of recipients that will be funded through the mental health component of Title XX for the duration of the plan.

The following is the contact information for the 50 combined Alcohol Drug Addiction and one Mental Health Services Boards that contract for the provision of mental health services funded by Title XX in 88 counties:
