The STOP Violence Against Women Act (VAWA) funding is federally administered by the Office of Justice Programs, Violence Against Women Office within the U.S. Department of Justice. The subgrant program emphasizes coordinated community approaches to reduce violence against women and to create mutually respectful partnerships between the justice system and victim services.

WHO IS OCJS

The Ohio Office of Criminal Justice Services (OCJS) is a division of the Ohio Department of Public Safety. By statute, OCJS is the lead justice planning and assistance office for the state, administering millions of dollars in state and federal criminal justice funding every year. OCJS also evaluates programs and products, develops training, resources, and best practices for criminal justice professionals and communities. OCJS has been designated by Governor Mike DeWine to administer the FY 2025 STOP Violence Against Women Act (VAWA) Grant Program.

Regional Planning Units (RPUs) provide criminal justice funding plans and technical assistance for the counties they serve. Local applicants in Cuyahoga, Franklin, and Lucas counties must apply for VAWA funding through their county RPU (refer to page 29). Applicants in all other counties, as well as projects with statewide impact, must apply directly to OCJS by visiting the [online grants management system](#).

1. A unit of local government or council of governments. A unit of local government that has legislative autonomy, jurisdiction, and authority to act in certain circumstances. 2. All applicants applying for projects under VAWA must have a collaboration board representing law enforcement, prosecution, victim service providers, and any other applicable agency/representative that will help to inform the project's activities and goals.
3. Delivery of Legal Assistance Certification (if applicable). Pursuant to [34 U.S.C. § 12291\(b\)\(12\)](#), if the state is planning to issue subgrants with STOP funds to provide legal assistance, the

See the [Sample Legal Assistance Certification Letter](#).

4. Prosecutor Eligibility Certification (if applicable)- [34 U.S. Code § 10454](#) (Grant eligibility regarding compelling victim testimony)

In order for a prosecutor’s office to be eligible to receive grant funds under this subchapter, the head of the office shall certify, to the State, Indian Tribal government, or territorial government receiving the grant funding, that the office will, during the 3-year period beginning on the date on which the grant is awarded, engage in planning, developing and implementing—

BIDDERS TRAINING

A voluntary Bidders Training webinar for the 2025 STOP Violence Against Women Act and 2025 Edward Byrne Memorial Justice Assistance Grant Funding programs will take place **June 5, 2025** from 10:00AM to 11:30AM. The training will provide information helpful for both the application preparation and review process. Please register for the webinar [here](#).

TECHNICAL ASSISTANCE

For technical assistance on any part of the VAWA application, call OCJS at 614.466.7782 or 888.448.4842 and ask to speak to a [Grants Coordinator](#). For any additional questions regarding the STOP VAWA program contact VAWA Planner Katie Fenwick at 614.644.1259 or email at KLfenwick@dps.ohio.gov.

WHAT TO EXPECT

OCJS implements a competitive three-tiered application review process:

1. Internal compliance (financial and programmatic reporting) reviews.
2. Peer (professionals from the field) and OCJS subject matter expert reviews.
3. OCJS Director Review.

Final funding recommendations are made by the OCJS Executive Director and approved by the Department of Public Safety Director.

NOTE: OCJS cautions strongly against the use of Artificial Intelligence (AI) in the drafting of an application. Tools such as ChatGPT can be problematic when employed for grant writing as specific information needed about a particular community is often lacking. Further, AI has been known to make assumptions that are inaccurate or misleading about a particular problem or program, which causes challenges during grant review. However, should your agency choose to utilize AI tools such as ChatGPT in the creation of its application, that must be disclosed in the purpose statement section of the application.

Award notifications and expectations: Applicants that are recommended for funding will be notified and required to complete all forms and pre-award conditions electronically through [the grants management system](#). **All awards will be for 12 months of funding, operating from January 1, 2026, through December 31, 2026.**

Please note: STOP Violence Against Women Act is a reimbursement grant. Projects will submit Quarterly Subgrant Reports through the online grants management system to request reimbursement for grant expenses. Reimbursements are contingent on meeting the requirements of the grant including, but not limited to, performance reporting requirements as described in the Pre-Award Conditions.

*Peer Grant Reviewer: OCJS encourages applicants to participate in the peer grant review process. Participating as a peer grant reviewer is an important role and provides an excellent opportunity for participants to strengthen grant writing skills, gain knowledge, and share programmatic best practices occurring throughout the field. Confirmation of reviewers will be based upon the number of applications that are received, availability, and other aspects related to coordinating review teams. If interested in participating as a peer grant reviewer contact Katie Fenwick at KLfenwick@dps.ohio.gov.

[ACTIVITIES THAT COMPROMISE VICTIM SAFETY AND RECOVERY](#)

OVW does not fund activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions. Below are lists of these activities, including a separate list for each OVW grant program. The first list applies across all OVW programs, and the program-specific lists may include activities that are relevant to other OVW programs, depending on the scope of a recipient's project.

1. Procedures or policies that exclude eligible victims from receiving services based on the classifications identified in 34 U.S.C. § 12291(b)(13)(A) or their actual or perceived mental or physical health condition, criminal record, employment history or status, income or lack of

- income, or the age and/or sex of their children.²
2. Procedures or policies that compromise the confidentiality of information and/or privacy of victims.
 3. Procedures or policies that require victims to take certain actions (e.g., seek an order of protection; receive counseling; participate in counseling, mediation, or restorative justice/circle processes; report to law enforcement or other authorities; seek civil or criminal remedies) or penalize them for failing to do so.
 4. Procedures or policies that fail to include conducting safety planning with victims.
 5. Project designs, products, services, and/or budgets that fail to account for the unique needs of individuals with disabilities, with limited English proficiency, or who are Deaf or hard of hearing, including accessibility for such individuals.
 6. Using technology without addressing implications for victim confidentiality, safety planning, and the need for informed consent.
 7. Partnering with individuals or organizations that support/promote practices that compromise victim safety and recovery or undermine offender accountability.

For additional information on activities that compromise victims safety please visit the [FY 2025 Application Companion Guide](#).

CONFIDENTIALITY AND PRIVACY PROTECTIONS

OVW grantees [recipients] and their subgrantees [subrecipients] are prohibited from disclosing personally identifying information collected in connection with services requested, utilized, or denied through the grantee and their subgrantee's programs, to any third party or third-party database without informed, written, reasonably time-limited consent of the person, unless compelled by statutory or court mandate. Where there is a mandate to release information, grantees and subgrantees must make reasonable attempts to provide notice to victims affected by the disclosure of information. They must also take necessary steps to protect the privacy and safety of the persons affected by the release of the information. Regarding unemancipated minors or persons with disabilities lacking capacity to consent, a parent or guardian may consent to the disclosure; however, an abuser of a minor, person with disabilities, or the minor's other parent is prohibited from giving consent to the disclosure. If a minor or a person with a legally appointed guardian is permitted by law to receive services without the parent's or guardian's consent, the minor or person with a guardian may release information without additional consent. Due to a requirement in VAWA 2013, grantees and subgrantees must document their compliance with the confidentiality and privacy provisions required under this section. ([34 U.S.C. 12291\(b\)\(2\)](#) & [28 CFR 90.4\(b\)](#)). Personally identifiable information shall not be included with any programmatic or fiscal reporting to OCJS.

Nonprofit victim service providers/agencies that receive funding under this solicitation are not required, nor should they report identifying information regarding clients served to the Homeless Management Information System. The term 'personally identifying information' or 'personal information' means individually identifying information for or about an individual including information likely to disclose the location of a victim of domestic violence, dating violence, sexual

² If an award is made, the recipient will also be subject to statutory prohibitions on discrimination. For further information on the civil rights requirements governing recipients of federal funding, see [Requirements for All OVW Applicants and Recipients](#) above. In addition, OVW regulations provide that victim eligibility for direct services is not dependent on the victim's immigration status. 28 C.F.R. § 90.4(c).

- (A) a first and last name
- (B) a home or other physical address
- (C) contact information (including a postal, e-mail or Internet protocol address, or telephone or facsimile number)
- (D) a social security number, driver license number, passport number, or student identification number; and any other information, including date of birth, racial or ethnic background, 1or religious affiliation, that would serve to identify any individual. [34 USC § 12291\(a\)\(20\)](#)

Recipients may provide sex-segregated or sex-specific programming if doing so is necessary to the essential operation of a program, so long as the recipient provides comparable services to those who cannot be provided with the sex-segregated or sex-specific programming. [\(34 U.S.C. § 12291\(b\)\(13\)\(B\)\)](#).

OHIO STOP VAWA IMPLEMENTATION PLAN

The goal of the Implementation Plan, which is applicable to federal fiscal years 2022 through 2025, is to identify and fund programs that increase the awareness of domestic violence, sexual assault, stalking, and dating violence, and to facilitate and enhance collaborative efforts amongst courts, law enforcement, prosecution, and victim service agencies to foster a stronger coordinated response toward the elimination of violence against women.

Applicants are required to demonstrate how the proposed project aligns with the state's implementation plan priorities. The full plan can be accessed at [STOP Implementation Plan \(ohio.gov\)](#).

Definitions for Identified Goals:

OCJS has previously developed a definitions document to provide guidance, clarity and expectation on the terms expressed within the plan's identified goals. The document can be accessed at STOP VAWA Implementation Plan– Definitions for Identified Goals or by [clicking here](#).

NEW AND CONTINUATION PROJECTS

A new project is one that has never received VAWA funding. If an agency applies for a project substantially similar to a previously awarded project, the project proposal is considered a continuation of the earlier program. New and continuation projects compete equally for funding.

FISCAL CONSIDERATIONS

- OCJS is committed to ensuring grant payments to Subawardees in the most cost-effective and efficient manner possible. In an effort to enhance existing accounts receivable procedures, OCJS requires all Subawardees receiving State of Ohio payments via paper check, to enroll in Electronic Funds Transfer (EFT). For organizations with multiple physical address codes, specific EFT locations (accounts) may be connected to each address code. You can access instructions [here](#).
- The unallowable costs list can be accessed [here](#).
- Applicants may apply for 12 months of funding, operating from January 1, 2026 to December 31, 2026. Applications requests must reflect realistic and allowable project costs that can be expended during the January 1, 2026 to December 31, 2026 project period.
- **A maximum of \$60,000 may be requested. Requests that exceed this funding cap will not be reviewed or considered.** The number of applications received, and the availability of funds are a few of the factors that influence the number and size of awards. The \$60,000 funding cap is only relevant to the OCJS requested costs and does not include match dollars. Federal allocation requirements mandate the VAWA funding distribution within Ohio's justice system.
- Lodging and meal per diem rates cannot exceed the rates set by the federal Government Services Administration (GSA). The rates can be found at [GSA Per Diem Rates](#).
- Mileage rates cannot exceed the rates set by Ohio Budget Management (OBM). These rates can be found at [OBM Travel Rule](#). The current OBM mileage rate is .58 per mile.
- **External Audit or Financial Report – applicants are required to upload a copy** of the organization's most recent external audit or most recent financial report to the Notes and Attachments section of the application. This allows OCJS to ensure requirements are met for 2 C.F.R. § 200.331(f). Single Audit Act Amendment of 1996, and the OMB Circular A-133. The external audit or most recent financial report should be dated within the past 24 months.
- Refer to the OCJS [Financial Budget Definition Reference Guide](#) for additional information on budget related terms.
- A cash or in-kind match of at least 25 percent is required for most VAWA subrecipients. **Nonprofit victim service providers are exempt from this requirement.**

- Each application receives a Pre-Risk Assessment to determine risks associated with financial integrity. If an applicant is determined to be moderate, high, or priority high risk, specific conditions of awards may be required as part of the award process.
 - An applicant may be deemed unqualified due to poor performance history or lack of demonstrated honesty or ethics.
- The Ohio Domestic Violence Network (ODVN) created a regionally adjusted pay schedule for some shelter staff positions that can be accessed [here](#). This document includes recommended salaries for program staff by region.

Match Requirements

All VAWA awards are required to provide a cash or in-kind match of at least 25 percent of the total project cost. The match requirement excludes nonprofit victim service providers *OCJS determines the allocation categories and will notify projects regarding their matching requirements*. Costs associated with match must be allowable, reasonable, and able to be supported with documentation. The maximum allowable match rate for volunteers must be consistent with the federal requirements set forth in [2 CFR 200.306\(e\)](#):

Volunteer services furnished by third-party professional and technical personnel, consultants, and other labor may be counted as cost sharing if the service is necessary for the program. Rates for third-party volunteer services must be consistent with those paid for similar work by the recipient or subrecipient. When the required skills are not found in the recipient's or subrecipient's workforce, rates must be consistent with those paid for similar work in the labor market where the recipient or subrecipient competes for the services involved. In either case, fringe benefits that are allowable, allocable, and reasonable may be included in the valuation.

Cash Match

Acceptable forms of Cash Match include:

- State or local budget items or appropriations identified as binding commitments of project match
- Funds contributed from private sources, like corporate or private donations
- Funds from the Housing and Community Development Act of 1974, 42 U.S.C. 5305, et. seq.
- Funds from the Appalachian Regional Development Act
- Project income

In-Kind Match

Acceptable forms of In-Kind Match include:

- Donations of expendable equipment, supplies, workshop, classroom materials, or workspace.
- The value placed on donated services must be consistent with the compensation rate paid for similar work in the organization or labor market. Loaned or donated equipment may not exceed its fair market value.
- Monetary value of donated time contributed by volunteers such as professional, technical, skilled, or unskilled personnel if services are an integral and necessary part of the project.

- Volunteer services must be documented and supported by the same methods used by the grant recipient for the recipient's own employees.

Match does not need to be applied at the exact time or in proportion to the obligation of federal funds; however, it must be obligated by the end of the project period.

Federal Allocation Requirements

OCJS determines funding categories for projects based on the agency implementing the project and the services most directly supported by the project. All the allocation categories mentioned below are disbursed based on the type of organization that benefits from the VAWA program and the type of services supported by the program; however, discretionary funding may be used for any of the categories at the discretion of OCJS.

- Law Enforcement 25%
- Prosecution 25%
- Victim Services 30% (of which 10% is a culturally specific set-aside)
- Court 5%
- Discretionary 15%

Court Allocation Category

Funds awarded from the court allocation are required to be awarded "to" courts rather than "for" courts.

Sexual Assault Set-aside

Twenty percent of funds granted to the state shall be allocated for programs or projects in two or more federal allocation categories (victim services, courts, law enforcement, and prosecution) that meaningfully address sexual assault, including stranger rape, acquaintance rape, alcohol or drug-facilitated rape, and rape within the context of an intimate partner relationship.

Culturally Specific Set-aside

Pursuant to the Violence Against Women and Department of Justice Reauthorization Act of 2005 (H.R. 3402), STOP funding decisions must take into consideration that 10% of the 30% that is allocated to victim services must be distributed to community-based organizations that provide culturally specific services.

The term 'culturally specific services' means community-based services that include culturally relevant and linguistically specific services and resources to culturally specific communities. ([42 U.S.C. 13925\(a\)\(6\)](#)).

The term 'culturally specific' means primarily directed toward racial and ethnic minority groups (as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. 300u-6(g)).

The term 'racial and ethnic minority group' means American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian Americans; Native Hawaiians and other Pacific Islanders; Blacks; and Hispanics ([12 U.S.C 300u-6\(g\)\(1\)](#)).

[42 U.S.C. 13925\(a\)\(6\).](#)

****Please note that a separate RFP will be released early July 2025 tailored specifically for nonprofit agencies whose primary purpose is to provide culturally specific services for racial and ethnic communities (as defined above).***

Food and Beverage/Costs for Refreshments and Meals

Generally, food and beverage costs are **not** allowable, and under no circumstances may OVW funding be used to supply food and/or beverages during refreshment breaks. OVW funds may be used to provide food and/or beverages for a meal at a meeting, conference, training, or other event, if one of the following applies:

- The location of the event is not in close proximity to food establishments. It should be a priority to try to secure a location near reasonably priced and accessible commercial food establishments.
- Not serving food will significantly lengthen the day or necessitate extending the meeting to achieve meeting outcomes.
- A special presentation at a conference requires a plenary address where there is no other time for food to be obtained.
- Other extenuating circumstances necessitate the provision of food.

Justification for an exception listed above must be included in the budget narrative, and funds may only be used to purchase food and/or beverages for a meal at a meeting, conference, training, or other event if OVW approves the specific expenditures in advance.

Conference Planning and Expenditure Limitations

Applicants should be aware of all applicable laws, regulations, policies, and guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of Federal funds for expenses related to conferences (which is defined to include meetings, retreats, seminars, symposiums, training and other similar events), including the provision of food and/or beverages at such events, and costs of attendance at such events. Information on pertinent laws, regulations, policies, and guidance is available [here](#).

Applicants should also be aware of the following specific restrictions on conference planning and expenditure limitations:

- Cost of Logistical Conference Planning
- Cost of Programmatic Conference Planning
- Conference Space and Audio-Visual Equipment and Services
- Prohibition on Trinkets at Conferences
- Entertainment at Conferences
- Food and Beverages at Conferences
- Prior Approval Required Before Entering into Contracts or Expending Funds for Conferences
- Conference Reporting

Updated Department of Justice and OVW guidance on conference planning, minimization of costs,

and conference cost reporting is accessible on the [OVW website](#). Federal assistance awards are governed by the provisions of 2 CFR Part 200. Additionally, OVW awards are covered by the DOJ Financial Guide. For additional information please refer [here](#).

PROGRAM ASSESSMENTS

Grantees under this program are prohibited from using OVW funds to conduct research. Funds may be used to assess their work for quality assurance and program improvement purposes, which can include but is not limited to, surveying training participants about the quality of training content and delivery or convening discussion forums with key stakeholders. Applicants considering such assessments must refer to the DOJ/OJP [decision tree](#) to ensure that the activity does not qualify as human subjects research. For additional information on federal requirements related to assessments or surveys, see the [Application Companion Guide](#).

OCJS has made available a pool of academic researchers who are willing to provide technical assistance at no cost to those applicants who seek assistance in the planning, implementation, and/or evaluation of their proposed program. These researchers are part of the Ohio Consortium of Crime Science (OCCS), and their mission is to provide evidence-based solutions to the real-world problems faced by local criminal justice agencies. Please complete all components of your proposal and note in the Project Description whether you are considering requesting assistance from the OCCS, and if so, the type of assistance you would like to have. If your grant application is funded, once all pre-award conditions have been met we will direct you to complete the “Request for Assistance” form to begin the process to be paired with appropriate researchers in the field. For further information on the OCCS and the types of assistance they can offer, please go to the [OCCS website](#).

POST AWARD REPORTING REQUIREMENTS

All VAWA subgrantees are required to submit an annual performance report referred to as the MUSKIE report. Subgrantees are required to report on any grant funded activity that occurred during the calendar year (January 1 – December 31). Project Directors listed on the application will be emailed specific reporting information as it becomes available. Failure to timely report may impact the amount or availability of future funding an organization is eligible to receive.

CIVIL RIGHTS COMPLIANCE³

As a condition for receiving funding from OVW, recipients must comply with applicable federal civil rights laws, including Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, and the Department of Justice (DOJ) regulation for the Equal Treatment of Faith-Based Organizations. Depending on the funding source, a recipient must also comply with the nondiscrimination provisions within the applicable program statutes, which may include the Omnibus Crime Control and Safe Streets Act of 1968 (“the Omnibus Crime Control and Safe Streets Act”). Collectively, these federal laws prohibit a recipient of OVW funding from discriminating either in employment (subject to the exemption for certain faith-based organizations discussed below) or in the delivery of services or benefits on the basis of race, color, national origin, sex, religion, or disability. In addition, recipients of OVW funding may not discriminate on the basis of age in the delivery of services or benefits.

³ <https://www.justice.gov/ovw/fy-2025-application-companion-guide>

As a condition of receiving funding, recipients also must comply with a nondiscrimination provision in the Violence Against Women Act (VAWA), as amended, that covers any program or activity funded in whole or in part by OVW. 34 U.S.C. § 12291(b)(13)(A). Under this provision, recipients may provide sex-segregated or sex-specific programming if doing so is necessary to the essential operation of a program (e.g., in the case of women's safety), so long as the recipient provides comparable services to those who cannot be provided with the sex-segregated or sex-specific programming. Id. § 12291(b)(13)(B).

Recipients of federal financial assistance, including subrecipients, are reminded that the denial of language assistance services can be evidence of discrimination on the basis of national origin or disability under certain circumstances. To be prepared to serve individuals who are limited in their English proficiency (LEP) because of their national origin, recipients and subrecipients may visit [this website](#), which has helpful resources including a language access [assessment and planning tool](#) and an interactive [mapping tool](#) that helps users find out the concentration of and languages spoken by LEP individuals in a community. Applicants for OVW's grant programs also must include within their project budgets sufficient costs for providing interpretation and translation services to eligible LEP individuals or explain how language access will be provided if grant funds are not needed for this purpose. This should include an explanation of other funds, services, or resources that the applicant has secured to provide language access.

Similarly, recipients are responsible for ensuring that their programs and activities are readily accessible to qualified individuals with disabilities. Applicants for OVW funding must allocate grant funds or explain how other available resources will be used to ensure access to their programs. This should include an explanation of other funds, services, or resources that the applicant has secured to provide access. Examples of how grant funds can be used include supporting American Sign Language (ASL) interpreter services for Deaf or hard of hearing individuals or adaptive equipment for individuals with mobility or cognitive disabilities. For resources, see www.ADA.gov or contact OVW.

Supporting victim safety and recovery requires programs to be accessible to people with disabilities and those who are Deaf or hard of hearing, to provide language access to LEP individuals, to ensure that any sex-segregated or sex-specific services are comparable, and generally to serve all survivors free from discrimination.

If an award is made, the recipient will also be subject to statutory prohibitions on discrimination. For further information on the civil rights requirements governing recipients of federal funding, see [Requirements for All OVW Applicants and Recipients](#) above. In addition, OVW regulations provide that victim eligibility for direct services is not dependent on the victim's immigration status. 28 C.F.R. § 90.4(c).

STOP VIOLENCE AGAINST WOMEN ACT (VAWA) Proposal Narrative Components

ATTENTION: This solicitation is for grant funding that the Ohio Department of Public Safety, Office of Criminal Justice Services (OCJS) administers that originates from the United States Department of Justice, Office of Violence Against Women. To timely continue program activities designed to maintain public safety services, OCJS will proceed with this solicitation, however, OCJS anticipates that new grant guidance may be issued in 2025 to reflect DOJ's revised policies and priorities. Updated DOJ guidance could impact terms and conditions and the availability of funding for any grants that are awarded from this solicitation. OCJS will share new grant conditions, guidance, and requirements with all grantees as they become available. In some instances, executed grant contracts may be revised or cancelled.

By submitting an application, the potential subrecipient understands that if awarded funding pursuant to this solicitation, the terms, the conditions, and the availability of continued funding are subject to future communications and guidance from DOJ.

PROBLEM STATEMENT AND UNDERSERVED POPULATION

Applicants should define, explain or clearly describe the problem or issue to be addressed, and its impact on the community. The application should clearly describe the nature and scope of the problem, including how it aligns with the definitions of identified goals, justifies the need for assistance, and relates the problem and the need for assistance to the scope of the Violence Against Women Act Grant Program. The development of the nature and scope of the problem should be data driven and the applicant will need to provide relevant state and local level data/statistics as well as agency statistics to document the problem addressed.

Applications will be evaluated on how clearly the following items have been responded to within the narrative.

- Provide local data/statistics that show how the community/population you serve has been impacted by the scope of the problem. Responses should include:
 - Population size, location, geography
 - Target population composition other important demographic information
 - Underserved population(s) that have been identified as part of the target population to receive outreach and services:

Underserved populations: The term "underserved populations" means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General or by the Secretary of Health and Human Services, as appropriate. [34 USC § 12291\(a\)\(46\)](#)

- Relevant crime data and other documentation to support the need for specialized services (may include but not limited to local law enforcement data, court and prosecution data, legal assistance, shelter, and supportive victim service activities, waiting lists)
- Discusses **both** the short and long-term consequences for the community if the problem identified is not addressed. More specifically, the applicant should discuss what will happen to the community if the proposed project is not funded.
- Identify other resources in the community that are currently available to address the problem. Responses should:
 - Explain why existing resources are not sufficient to address the problem. If no resources exist, the applicant should discuss the gaps in services, and
 - Describe how the proposed project will help alleviate those gaps.

All projects must identify at least one underserved population. All projects must describe previous strategies related to outreach, collaboration, and partnerships. The discussion must also describe the population size and demographic characteristics for the population(s).

PROJECT DESCRIPTION

Applicants should describe a plan of action that the proposed project will implement in order to address the identified problem discussed in the problem statement. The applicant must also define how the project fits within the state's [implementation plan](#).

Applications will be evaluated on how clearly the following items have been responded to within the narrative.

- Clearly describe the proposed activities and approach (i.e., model or practice) to be taken given the nature of the problem to be addressed. The approach should seem logical given the characteristics and needs of the identified target populations.
 - Explain why the particular program model(s) or best practice was selected for implementation.
 - Provide a detailed discussion on the plan to implement the model(s) or practice that is evidence-based or grounded in best practices of the field. For more information on evidence-based practices can be found [here](#).
 - Discuss the evidence that shows that the model or practice is effective with the target population, as well as the underserved populations described previously.
 - Discuss the evidence that the model(s) or practice chosen is (are) appropriate for the outcomes the program wants to achieve.
 - Note: Applicants that will be implementing lethality assessments or danger assessments must upload a copy of the tool with the application. Upload the tool with the Collaboration Board Letters as an attachment.
- Demonstrate how the applicant will implement the program in a way that incorporates the core elements of the chosen program model or best practice. Responses should describe:

 - Any data or information collected and reviewed to ensure that the program is being implemented consistently over time and across program participants.
- Describe how trauma informed services are provided for victims of domestic violence, dating violence, sexual assault and stalking who may also be victims of human trafficking. Human trafficking is defined by the use of force, fraud, or coercion to compel victims into performing labor or commercial sex acts. The vast majority of human trafficking victims also experience multiple forms of abuse, such as domestic violence, intimate partner violence, familial violence, and sexual assault. For example, victims of human trafficking may be in an intimate relationship and have children with their trafficker, who may use physical abuse as a mechanism to control and coerce the victim.⁴

- Elaborate on collaboration with community resources and how various agencies and stakeholders have played a role in sustainability, accomplishments and obstacles.

PROJECT OBJECTIVES

- Applicants should describe the outcomes or changes anticipated as a result of the proposed project. The achievement of the objectives should provide an outcome that reflects a measurable change for the target population due to the services offered by the program. Please [click here](#) on the OCJS Grants Performance Objectives and select two objectives that correspond with the application's program area.
- **Objectives should be defined to align with the state's [implementation plan](#) priorities.**
- Objectives must link to the problem statement and project description and must be consistent with the program area selected.

There are two types of objectives:

Outcome objectives describe the measured changes (impact) that will occur as a result of implementing the proposed project.

Process objectives (also known as "output") describe the "process" (activities/steps) that a program will implement.

Applications must provide two objectives, and at least one objective should be an outcome objective. Each objective should include performance indicators, baseline numbers and data collection methods that further the goal of the selected Program Area.

Performance Indicator:

Describe the evaluation method and performance indicator (measurement) tool that will be used to examine the change that will occur in the client base as a result of the services that the shelter/program provides.

The performance indicator should relate to each mandated objective.

Baseline:

Include the result of past evaluations or results of data collection efforts (this is the baseline). **If no attempts to evaluate services have been made to date (then the baseline is zero)**, indicate why this method of doing so proves to be the most effective.

Performance Data Collection:

Discuss the procedures and strategies for collecting, analyzing, storing and reporting the data. This should include discussing how anonymity and confidentiality are maintained. The application will be evaluated on how effectively it:

- Clearly identifies project objectives (measure change as a result of implementing the proposed project). If the objective demonstrates a percentage of increase then indicate how the calculation is derived (i.e. 20% out of 25 individuals).
 - **Tip:** *Be sure that using a percentage of increase makes sense, for example, 21% of 25 individuals is 4.2 which is not a 'whole' person and not inclusive of the data to be demonstrated.*
- Clearly identifies performance indicators (how you will measure that change, what instrument and/or tools are to be used, etc.).
- Clearly identifies any baseline data that exists from the most recent prior year of the project.

TIMELINE AND ACTIVITIES

Applicants should describe how the programmatic and grant administrative activities as well as the related outcomes and objectives will be reasonably achieved in the given project period. Applicants should present a timeline of activities that is comprehensive and well defined.

Applications will be evaluated on how clearly the following items have been responded to within the narrative.

 - Tasks and activities specific to the project and stated objectives.
 - Tasks and activities associated with Collaboration Board meetings.
 - Tasks and activities associated with OCJS reporting deadlines. To include:
 - Programmatic reports
 - Fiscal reports
 - Program deliverables that will be created and used throughout the project.

- The timeline of activities should be detailed, align with the project description and be clearly organized. Activities may be grouped together as daily, weekly, monthly, quarterly (divide into quarters), and annually.

ORGANIZATION AND STAFF CAPACITY

Applicants should provide a comprehensive discussion of the history and accomplishments of the organization responsible for implementing the project. Identify any key staff that will be involved in the project, including the project director and other individuals who will be responsible for administering the grant and implementing the program.

Applications will be evaluated on how clearly the following items have been responded to within the narrative.

 - Applicants should **identify/name** the specific grant programs and funding amounts that have been administered.
- Describe adequate resources available (i.e. personnel/staff, infrastructure to support additional program, computers, software, etc.) to implement the project as proposed.
- Identify key staff, including any volunteers and/or contracted staff that will be participating in the proposed project.
 - Include a description of qualifications, experience, education and training that support the role they will hold on the proposed project.

 - Special detail should be provided as to those personnel who are identified in the budget.
 - Include a description of how the implementing agency works with contracted staff, including interpreter services, to maintain confidentiality of clients.
 - Pursuant to [O.R.C §4757.02](#) B)(1): No person shall use the title "licensed professional clinical counselor," "licensed professional counselor," or any other title or description incorporating the word "counselor" or any initials used to identify persons acting in those capacities unless currently authorized under this chapter by licensure to act in the capacity indicated by the title or initials.
 - If advocates provide specialized services (e.g., legal or medical advocacy), please provide information on specific training they will receive. For example, legal advocates need to receive training on the unauthorized practice of law, protection order processes, victims' rights (including Marsy's Law) and other aspects of this role. All advocates are expected to receive an introductory 40-hour training offered by a state organization (e.g., OAESV, ODVN, OAG, etc.), training on victims' rights (including Marsy's Law) and information on new best practices or legal changes (e.g., Strangulation statute). If an advocate is

credentialed, please note if it is through OAN or NOVA.

- **OCJS may request proof of licensure and/or proof of completed training.**
- Discuss how successful completion of the project is realistic given the key staff implementing the project.
 - In cases where positions have not been filled, the applicant should clearly describe a reasonable approach and criteria to hire experienced and qualified staff.

COLLABORATION BOARD

Collaboration Boards provide leadership and direction and can help applicant agencies achieve project goals and objectives through a shared community vision. Collaboration Boards can allow for the sharing of resources to maximize capacity and project impact. Community task forces, steering committees, coalitions, working groups, advisory groups are samples of the types of Collaboration Boards that may be applicable for the project.

Collaboration Boards are comprised of the applicant agency representatives as well as various stakeholders from the community and include but are not limited to: Victim advocates from domestic violence, sexual assault and other agencies, children services, community organizations, hospitals, law enforcement, the court system, prosecutors' offices, and representatives from underserved and culturally specific community-based organizations.

Programming targeted for schools, underserved and culturally specific populations should have appropriate representation on the collaborative.

The Collaboration Board must conduct meetings at least quarterly and keep minutes of discussion items.

The application must include a description of the collaborative effort between the applicant and the Collaboration Board, as well as how it relates to the proposed project. Referrals and requests for services does not equate collaboration.

Applications will be evaluated on how clearly the following items have been responded to within the narrative.

- Identify the organizations that will participate in the Collaboration Board that will be responsible for overseeing the project.
- Describe their roles and demonstrate their commitment to the project.
- The applicant may use an existing community board or group to provide oversight to the project and act in the capacity of the Collaboration Board.

 - Partner agencies should be clearly linked with their role and function within the collaborative group.
 - Describe how the collaborative group will provide oversight of project goals and objectives.

- Provide details describing the management of the collaborative group.
 - Describe when quarterly meetings will be held, how members will be notified of upcoming meetings, and the process for distributing and maintaining records of minutes of meetings.
- FY 2025 VAWA Collaboration Board commitment letters must be submitted from each member agency and written on each member agency's letterhead.
 - Each letter must be current and must specify and reference the proposed FY 2025 VAWA grant program.
 - Each letter must describe the member agency's role and commitment to the proposed project.
 - Letters MUST be uploaded as an attachment within the Collaboration Board section of the online application.
