Domestic Violence in Ohio - 2025

These tables provide domestic violence crime counts and rates per 100,000 people for the year 2025. Data are from complete OIBRS reporting agencies. If an agency reported less than 10 offenses and/or had a rate lower than the statewide rate for domestic violence, they were excluded from the list.

NOTE: Domestic violence includes all offenses listed under Ohio Revised Code (ORC), Section 2919.25 - Domestic Violence, including incidents of Homicide, Assault, Robbery, Kidnapping/Abduction, and Sex Offenses if the offense was reported as having a victim-suspect relationship that would qualify the incident to be domestic violence. https://codes.ohio.gov/ohio-revised-code/section-2919.25
