Office of Criminal Justice Services

Non-Domestic Violent Crime in Ohio - 2025

These tables reflect non-domestic violent crime counts and rates per 100,000 people for the year 2025. Data are from complete OIBRS reporting agencies. If an agency reported less than 10 offenses and/or had a rate lower than the statewide rate for non-domestic violent crime, they were excluded from the list.

NOTE: If a violent crime was reported as having a victim-suspect relationship that would qualify the incident to be domestic violence, this incident was not included in the non-domestic violent crime total.

Table 1: Statewide Non-Domestic Violent Crime Total and Rate

Population Covered	Percent of Population Covered	Total Reported Offenses	Rate/100,000 People
10,653,467	89	23,652	222

Table 2: Non-Domestic Violent Crime Total and Rate by Agency

ORI	Agency Name	County	Population	Total Reported Offenses	Rate/100,000 People
OH0181700	East Cleveland	Cuyahoga	13,311	165	1,239.6
