Shawnee State Forest
Regeneration Harvests 1997 - 2017

Harvest data - ODNR Forestry, 2017
Forest boundary - ODNR GIMS, 2017
Roads - US Census TIGER

State forest ownership shown is representative and believed to be be correct, but not warranted. State forest boundary lines on the ground are identified with signs and/or yellow paint marks on trees. Harvest data is accurate to within 2 years. Some local roads or accessways may not be included on this map. ODNR Forestry assumes no liability for damages caused by the use of this map.
Created June 05, 2017. Approved by Robert Boyles, Chief, ODNR Division of Forestry.
