### Project Overview

#### A. Project Description

The Thomas J. Moyer Ohio Judicial Center is located at 65 S. Front Street in Columbus, Ohio. The building was completed in 1933 as the Ohio Departments Building. In 2004 the building opened as the Ohio Judicial Center after an extensive remodeling and restoration effort. In 2011 the building was dedicated as the Thomas J. Moyer Ohio Judicial Center. The scope of work includes replacement of (3) existing cooling towers on the north side of the building. Additional scope to include, but not limited to, addressing misc. mechanical equipment, structural support, roofing, and lightning protection. Detailed cost estimates will be developed during the design phase to also accommodate the replacement of (3) cooling towers on the south side of the building and other items of work as necessitated to meet the Supreme Court's requirements.

#### B. Scope of Services

The selected A/E, as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner and/or the Contracting Authority, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Diversity, Growth & Equity (EDGE) Program as required by statute and the Agreement.

Upon award of the Agreement, the selected Architect/Engineer (A/E) will commence by developing the Program of Requirements (POR) with the owner. This is anticipated to consist of a comprehensive survey of all cooling towers/HVAC system and a tailored, recommended replacement plan with construction cost estimate. The survey should consist of a thorough inspection of, but not limited to, all cooling towers, other mechanical equipment, mechanical rooms and any other elements needed to adequately determine the existing conditions and the required scope of work for the cooling tower replacement project. Upon submission of the survey findings, the AE shall discuss with the owner to tailor the scope as needed, value engineered to fit the project budget, and finalize the program of requirements. Phasing of the cooling towers downtime will be needed as determined by building occupancy, and safe performance of the work. Note: the survey/study and information stated above are considered part of the A/E's Basic Services.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Administration, Post-Construction, and Additional Services of all types.

Refer to the *Ohio Facilities Construction Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <https://ofcc.ohio.gov>.

During the construction period, provide not less than 4 hours (excluding travel time) on-site construction administration services each week, including (1) attendance at progress meetings, (2) a written field report of each site visit, (3) on-site representation comprised of the A/E and its consultant staff involved in the primary design of the project, all having relevant and appropriate types of construction administration experience.

# Request for Qualifications (Architect / Engineer) continued

For purposes of completing the Relevant Project Experience Matrix in Section F of the *Statement of Qualifications* (Form F110-330), below is a list of relevant scope of work requirements for this RFQ:

with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The *Intent to Contract and to Perform* and / or waiver request letter and *Demonstration of Good Faith Effort* form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed via the OFCC website at <https://ofcc.ohio.gov>. The *Intent to Contract and to Perform* form is again required at the Fee Proposal stage.

**If the A/E firm intends to receive points for exceeding the EDGE Participation Goal, it must provide BOTH a completed *Commitment to Participate* form AND a completed *Statement of Intent to Contract and to Perform* forms signed by both parties with its *Statement of Qualifications*.**

For all *Statements of Qualifications*, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

Interested A/E firms must indicate on their *Statement of Qualifications*, the locations where their services will be performed in the spaces provided or by attachment in accordance with the requirements of Executive Order 2019-12D related to providing services only within the United States and the requirements of Executive Order 2022-02D prohibiting purchases from or investment in any Russian institution or company. Failure to do so may cause their *Statement of Qualifications* to be rejected.

### J. Submittal Instructions

Firms are required to submit the current version of *Statement of Qualifications* (Form F110-330) available via the OFCC website at <https://ofcc.ohio.gov>.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Acrobat, go to Advanced, then PDF Optimizer. Also, please insert the project number and firm name followed by "SOQ" in the email subject line.

**Statements of Qualifications must be submitted electronically by email. Submittals are limited to one email with a maximum file size of 25 MB.**

Firms are requested to identify professional registrations, memberships and credentials including: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
