Below are the questions that have been received to date for the RFQ of the above-referenced project:

1. Can you please confirm if the Commitment to Participate in the EDGE Business Assistance Program and the EDGE Participation Statement of Intent to Contract and Perform are requested for this prequalification submission?
 - A. For the prequalification submission, you only need to indicate in Section 5b whether your firm holds current EDGE and/or MBE certification. The 5% EDGE participation requirement will be applied at the time you are selected for a project, so the Commitment to Participate in the EDGE Business Assistance Program and the EDGE Participation Statement of Intent to Contract and Perform are **not** required at this stage.
2. What are the requirements for us to utilize in the matrix for section F?
 - A. Section F, the *Relevant Project Experience Matrix*, is **not required** for the prequalification submission. No matrix or supplemental project listing needs to be included for this section at this stage.
3. Is there a customer specific Selection Rating Form, or can we use a standard one?
 - A. There is no customer-specific Selection Rating Form for this prequalification.
4. Could Columbus State Community College clarify whether the Architect should submit as the lead with a full consultant team, or whether architecture-only qualifications are acceptable for this prequalification?
 - A. Architecture-only qualifications are necessary for this prequalification. When selected for a project the architect will become the lead and present their team at that time.
