

# Request for Qualifications (Design-Build Contract)

## State of Ohio Standard Forms and Documents

---

**Administration of Project:** Ohio Facilities Construction Commission

Project Name	<u>Applied Science Center Renovation</u>	Response Deadline	<u>Aug. 8, 2025</u>	<u>3:00 PM</u>	local time
Project Location	<u>Clark State College</u>	Project Number	<u>CLT-25ASCR</u>		
City / County	<u>Springfield / Clark</u>	Project Manager	<u>Steve Davis</u>		
Owner	<u>Clark State College</u>	Contracting Authority	<u>OFCC</u>		
Delivery Method	<u>Design-Build</u>	Prevailing Wages	<u>State</u>		
No. of paper copies requested (stapled, not bound)	<u>0</u>	No. of electronic copies requested (PDF)	<u>1</u>		

Submit the requested number of Statements of Qualifications (Form F110-330) directly to Jill Hoobler at [procurement@ofcc.ohio.gov](mailto:procurement@ofcc.ohio.gov). See Section G of this RFQ for additional submittal instructions.

Submit all questions regarding this RFQ in writing to Jill Hoobler at [procurement@ofcc.ohio.gov](mailto:procurement@ofcc.ohio.gov) with the project number included in the subject line (no phone calls please). Questions will be answered and posted to the Opportunities page on the OFCC website at <https://ofcc.ohio.gov> on a regular basis until one week before the response deadline. The name of the party submitting a question will not be included on the Q&A document.

---

### Project Overview

#### A. Project Description

Clark State College is undertaking an interior renovation of approximately 10,000 square feet within the Applied Science Center at its Springfield, Ohio campus. This renovation is focused on modernizing and reconfiguring interior spaces to better support academic programs, enhance administrative functions, and provide a more contemporary, student centered environment.

A major component of the project includes the creation of a new administration suite for the School of Nursing and Allied Health programs, offering dedicated offices, meeting areas, and support spaces tailored to faculty, staff, and prospective students. Additional renovations will enhance instructional labs, classrooms, faculty offices, and shared collaboration areas.

The project also emphasizes the creation of welcoming and functional student spaces throughout the renovated area. These include group study areas, a medium-sized conference room for academic meetings and collaborative work, and several student lounge spaces distributed across the renovated footprint. A centrally located space with a kitchenette and vending area will provide a convenient and comfortable environment for students to relax, study, and engage informally between classes.

The interior scope of work includes the installation of modern finishes, upgraded lighting, and state-of-the-art instructional technology to improve functionality and create a high performing educational environment.

Mechanical upgrades will include air distribution systems and building controls on the first floor. Additionally, the renovation will include the installation of a wet pipe fire sprinkler system in accordance with current life safety codes.

Levin Porter Architects serves as the Criteria Architect, in partnership with Prater Engineering as the Criteria Design Engineer. The design team has collaborated closely with Clark State stakeholders to ensure the design aligns with the college's academic mission and long-term strategic goals.

The Program of Requirements ("POR") will be developed as a part of this project by the Criteria Architect/Engineer ("Criteria A/E").

All aspects of the project and related issues will be implemented and operated consistently with the Contracting Authority and/or Owner's policies and procedures.

# Request for Qualifications (Design-Build Contract)

### B. Scope of Services

The selected Design-Builder ("DB"), as a portion of its required Scope of Services and prior to submitting its proposal, will discuss and clarify with the Contracting Authority and/or Owner, the breakdown of the Agreement detailed cost components, to address the Owner's project requirements and refine the project schedule.

As required by the Agreement, and as properly authorized, provide the following categories of services: develop and maintain estimates of probable construction cost, value engineering, project schedules, and construction schedules; lead and manage the Schematic Design, Design Development, Subcontractor Prequalification and Bidding process, Construction Documents, Construction and Closeout stages.

Refer to the *Ohio Facilities Construction Manual* additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <https://ofcc.ohio.gov>.

The preconstruction and construction services are generally described below. Subcontracts including Plumbing, Fire Protection, HVAC, and Electrical trades will be awarded by the DB to prequalified vendors using a competitive process. The parties will engage in an "open book" pricing method in which all subcontracted work shall be based upon competitive pricing that will be reviewed by the Contracting Authority and the Owner, the Criteria A/E and the DB. The Contracting Authority and/or Owner shall have access to all books, records, documents and other data in the DB's possession related to itself, its subcontractors and material suppliers pertaining to bidding, pricing or performance of the Agreement.

Preconstruction Services: The DB will work cooperatively with the Contracting Authority and/or Owner, Criteria A/E and Project Team, and will provide, among other services, schedule development, estimate development, program verification, schematic design, design development, Guaranteed Maximum Price ("GMP") proposal, subcontractor prequalification and bidding, construction documents preparation, constructability review, permits, budgeting, value engineering, and preconstruction planning throughout the preconstruction stages. When the drawings and specifications are at a stage of completion specified in the Agreement, such partially completed documents (the "Basis Documents") shall be provided to the DB, together with the Architect/Engineer of Record's ("AOR") detailed listing of any incomplete design elements and the AOR's statement of intended scope with respect to such incomplete elements (the "Design Intent Statement"). Contingent upon the Contracting Authority's approval of the GMP, the parties will enter into an amendment to the Agreement establishing the Contract Sum ("GMP Amendment"). If the proposed Contract Sum exceeds the Project Budget established for construction, then the Contracting Authority may terminate the agreement with the DB and seek proposals from other firms for completion of the Project.

Construction Services: The DB shall construct the Project pursuant to the construction documents and in accordance with the schedule requirements. The DB shall hold all subcontracts and shall be fully responsible for the means and methods of construction, weekly progress meetings, testing and inspections, project safety, project completion within the schedule agreed upon in the preconstruction phase, compliance with all applicable laws and regulations including monitoring compliance with all equal employment, and prevailing wage requirements, and submitting monthly reports of these activities to the Contracting Authority. All subcontracts shall be on the subcontract form prescribed by OAC Section 153:1-03-02. The Contracting Authority reserves the right to approve the DB's selection of subcontractors and any supplemental terms to the subcontract form.

For purposes of completing the Relevant Project Experience Matrix in Section F of the Statement of Qualifications (Form F110-330), below is a list of relevant scope of work requirements for this RFQ:

1. Project Delivery Method (MP, GC, CMR, DB)
2. Role on Project (CMA, OA, CMR, DB, GC, Trade)
3. Experience with DB Project Delivery Method
4. Experience with expedited project schedule management
5. Experience with Construction Estimating and Construction Administration
6. Experience with negotiating Guaranteed Maximum Price contracts
7. Experience working in occupied facilities
8. Experience with working and communicating in a public sector environment
9. Experience/familiarity with Code, Environmental & Regulatory permitting
10. Experience with OFCC standards, OAKS CI, college and university work

## Request for Qualifications (Design-Build Contract) continued

### C. Funding / Estimated Budget

Total Project Cost	<u>\$3,000,000.00</u>	State Funding	<u>\$3,000,000.00</u>
Construction Cost	<u>\$2,700,000.00</u>	Other Funding	<u>\$-0-</u>

### D. Anticipated Schedule

DB Preconstruction Services Start	<u>11 / 25</u>
Construction Stage Notice to Proceed	<u>03 / 26</u>
Substantial Completion of all Work	<u>08 / 27</u>
DB Services Completed	<u>10 / 27</u>

### E. EDGE Participation Goal

Percent of the DB's total compensation excluding DB's Contingency*	<u>0.0%</u>
*Preconstruction Stage Compensation plus Contract Sum minus DB's Contingency	

### F. Evaluation Criteria for Selection

**Selection Criteria:** The DB will be selected using (i) qualifications-based process during the Request for Qualifications ("RFQ") stage to develop a short list and (ii) best value process during the Request for Proposal stage. The qualifications-based criteria for the RFQ is included in this announcement. The best value criteria used in evaluating proposals from short-listed firms will include such factors that are determined to derive or offer the greatest value to the State and Owner, combining both qualifications and fee.

**Short List:** Each firm responding to this RFQ will be evaluated and selected based on its qualifications and the qualifications and experience of the particular individuals identified as the candidate's proposed team for the Project. After evaluating the responses to this RFQ, the Contracting Authority will select a short list of no fewer than three candidates that it considers to be the most qualified, except if the Contracting Authority determines that fewer than three firms are qualified, it will only select the qualified firms.

**Request for Proposal:** The short-listed firms shall be sent a Request for Proposal ("RFP") that will invite the firms to submit pricing proposals containing their proposed preconstruction stage compensation, construction stage personnel costs, itemized construction stage general conditions costs, construction stage contingency percentage, construction stage design fee percentage, and design-build fee percentage. The short-listed candidates will also receive (i) form of the Agreement with the Contracting Authority containing the contract terms and conditions, (ii) set of the most recent criteria documents and (iii) proposed Project schedule.

**Pre-Proposal Meeting:** Prior to submitting a response to the RFP, the short-listed firms will be invited to meet individually with the Contracting Authority and the Owner. The purpose of the pre-proposal meeting is to permit the short-listed firms an opportunity to ask the Contracting Authority and the Owner questions in an individual setting to help the firms prepare their responses to the RFP. The Contracting Authority will notify each short-listed firm to schedule individual times for the pre-proposal meetings.

**Interview:** After submitting responses to the RFP, the short-listed firms will be interviewed by the Contracting Authority and representatives of the Owner. The purpose of the interview will be to meet the proposed Project team, become familiar with key personnel, and understand the project approach and ability to meet the stated objectives for the Project. Please be prepared to discuss with specificity the firm's capacity to conduct this work in compliance with the timetable, budget and EDGE expectations. The Contracting Authority will notify each short-listed firm to schedule individual times for the interviews.

**Selection Schedule:** Tentative schedule is subject to change.

Qualifications Due	08/08/2025
RFP issued to the Short-Listed Firms	08/2025
Interviews	09/2025
Selection of DB	10/2025

**Cancellation and Rejection:** The Contracting Authority reserves the right to reject all proposals and cancel at any time for any reason this solicitation, any portion of this solicitation or any phase of the Project. The Contracting Authority shall have no liability to any proposer arising out of such cancellation or rejection. The Contracting Authority reserves the right to waive minor variations in the selection process.

Interested DB firms must indicate on their *Statement of Qualifications*, the locations where their services will be performed in the spaces provided or by attachment in accordance with the requirements of Executive Order 2019-12D related to providing services only within the United States and the requirements of Executive Order 2022-02D prohibiting purchases

## Request for Qualifications (Design-Build Contract) continued

---

from or investment in any Russian institution or company. Failure to do so may cause their *Statement of Qualifications* to be rejected.

### G. Submittal Instructions

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Acrobat, go to Advanced, then PDF Optimizer. Also, please insert the project number and firm name followed by "SOQ" in the email subject line.

**Statements of Qualifications must be submitted electronically by email. Submittals are limited to one email with a maximum file size of 25 MB.**

Unless otherwise noted or exempt, all documents submitted to the Contracting Authority in response to this RFQ and subsequent RFP are public and will be available for inspection at the conclusion of the selection process. The following information shall remain confidential and will not be released: (1) Proposal Form(s), except for cost category subtotals which will be transferred to the Best Value Rating Form; (2) Financial Capacity; and (3) Bonding/Insurance.

Proposers are requested to submit the following information in response to this RFQ within Section H of Form F110-330.

1. **Summary:** Provide a summary, on one page or less, describing why your firm/team is the most qualified for the Project.
2. **Bonding/Insurance:** Provide evidence of capacity to provide bonding in the amount of the construction budget (e.g. a letter from your Surety agent stating that one or more Sureties will issue Bonds in the amount of the construction budget if your team is selected) and a copy of the firm's certificate of insurance showing the firm's current limits of liability for commercial general liability, employer's liability, business automobile liability, and professional liability insurance.
3. **Management Systems:** Describe the scheduling and cost control systems the firm would propose to use for the Project
4. **Self-Performed Work:** Indicate whether the firm intends to self-perform any work on the Project through a competitive process and, if so, the nature of the work and capability to self-perform.
5. **Estimating:** Demonstrated track record of performance of in-house estimating on projects comparable to the Project.
6. **Scheduling:** Demonstrated track record of performance of managing projects to the original schedule.

Firms are requested to identify professional registrations, memberships and credentials including but not limited to: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.

Project Name Applied Science Center Renovation Proposer Firm \_\_\_\_\_  
 Project Number CLT-25ASCR City, State, Zip \_\_\_\_\_

Selection Criteria		Value	Score
<b>1. Primary Firm Location and Workload (Maximum 10 points)</b>			
a. Proximity of firm to project site	Less than 50 miles	5	
	50 miles to 150 miles	2	
	More than 150 miles	0	
b. Amount of contracts awarded by Contracting Authority in previous 24 months	Less than \$500,000	5	
	\$500,000 to \$1,000,000	2	
	More than \$1,000,000	0	
<b>2. Primary Qualifications (Maximum 35 points)</b>			
a. Project management lead	Experience / ability of project manager to manage scope / budget / schedule / quality	0 - 10	Max = 25
b. Project design lead	Experience / creativity of project designer to achieve owner's vision and requirements	0 - 10	
c. Technical staff	Experience / ability of technical staff to coordinate construction documents and develop accurate estimates and schedules	0 - 5	
d. Construction administration staff	Experience / ability of field representatives to identify and solve issues during construction	0 - 10	
<b>3. Key Consultant Qualifications (Maximum 15 points)</b>			
a. Key consultants	Experience / ability of key consultants to perform effectively and collaboratively	0 - 10	
b. Proposed EDGE-certified Consultant participation*	One point for every 2 percent increase in Services compensation** over the EDGE participation goal	0 - 5	
<b>4. Overall Team Qualifications (Maximum 10 points)</b>			
a. Previous team collaboration	Less than 1 sample projects	0	Max = 3
	1 to 5 sample projects	2	
	More than 5 sample projects	3	
b. LEED*** Registered / Certified project experience	Registered LEED v4 or v4.1 projects	1	Max = 2
	Certified LEED v4 or v4.1 projects	2	
c. BIM project experience	Training and knowledge	1	Max = 3
	Direct project experience	3	
d. Team organization	Clarity of responsibility / communication demonstrated by table of organization	0 - 2	
<b>5. Overall Team Experience (Maximum 30 points)</b>			
a. Previous team performance	Past performance as indicated by evaluations and letters of reference	0 - 10	
b. Experience with similar projects / delivery methods	Less than 4 projects	0 - 3	
	4 to 6 projects	4 - 6	
	More than 6 projects	7 - 10	
c. Budget and schedule management	Performance in completing projects within original construction budget and schedule	0 - 5	
d. Knowledge of Ohio Capital Improvements process	Less than 2 projects	0 - 1	
	2 to 3 projects	2 - 3	
	More than 3 projects	4 - 5	

\* Must be comprised of consulting firm(s) and NOT the lead firm - For more information on scoring this and other criteria refer to [Document F199-01 - PS Selection Rating Rubric](#).

\*\* Preconstruction Stage Compensation plus Contract Sum minus Subcontracted Work, Self-performed Work, and DB's Contingency

\*\*\* Leadership in Energy & Environmental Design administered by Green Business Certification Inc.
