### Project Overview

#### A. Project Description

Auditorium 1067 has the largest seating area for lectures within the Veterinary Medical Center and within the larger college of veterinary medicine. As the program is expanding it will be necessary to provide additional seating capacity to this auditorium. The renovation will include new lighting, ceilings, finishes and seating throughout. An antiquated A/V booth at the rear of the auditorium will be demolished to add capacity for seating. Additional seating rows will be placed at the front of the auditorium. New technology throughout will create a cohesive space for teaching and learning. HVAC upgrades are limited to replacement of any pneumatic controls, terminal air-units and testing and balancing of the space.

This project includes asset tagging. The Primary firm submitting for the project is required to have the expertise capable of meeting this prerequisite and is responsible to support their consultants to meet this requirement. The Asset Tagging Process Diagram, Asset Worksheet Template, and LOD Matrix can be accessed via the OSU FOD website (<https://fod.osu.edu/resources>) under Design Guidelines, Specifications, Standards; Specifications and Standards; Building Information Modeling (BIM).

#### B. Scope of Services

The project and construction budget as listed in this RFQ is estimated.

For projects advertised with an appropriately developed Program of Requirements (POR), upon award of the Agreement, commence with Design. For projects without such a POR, upon award of the Agreement, commence by developing the Program of Requirements.

The project shall follow the applicable University Sustainability Standards: [https://fod.osu.edu/sites/default/files/div\\_18.pdf](https://fod.osu.edu/sites/default/files/div_18.pdf).

The selected A/E, as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner and/or the Contracting Authority, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement. Required Professional Liability Insurance will be per Exhibit A – A/E Terms and Conditions Article 7.2.6
