

RFQ Question and Answer List

State of Ohio Standard Forms and Documents

Project Name Edison State Community College-Nursing and Health Science Project Number ESC-260001

Date posted: 6/18/2026ESC-260001-AE

Date revised: [If needed]

Below are the questions that have been received to date for the RFQ of the above-referenced project:

1. Regarding the RFQ for the **Edison State Community College Nursing and Health Science Project (Project No. ESC-260001)**, the RFQ identifies an EDGE Participation Goal of 0.0% (Section E), while the CM at Risk Selection Rating Form indicates that proposers may receive "one point for every 2 percent increase in Services compensation over the EDGE participation goal," up to a maximum of 5 points.

Can the Owner/OFCC clarify how this criterion will be evaluated? Specifically, if the stated EDGE goal is 0.0%, will proposers receive evaluation credit for voluntarily proposing EDGE-certified consultant participation, and if so, what level of participation would be required to achieve the maximum available points?

- A. The EDGE Participation Goal for Project No. ESC-260001 is 0.0%. Pursuant to Ohio Revised Code, two-year colleges are not subject to EDGE participation requirements. Therefore, no evaluation points will be awarded for proposed EDGE participation on this project.

While firms may choose to utilize EDGE-certified businesses as part of their team, voluntary EDGE participation will not be considered in the evaluation process and will not result in additional points being awarded under the CM at Risk Selection Rating Form.
