Administration of Project: Local Agency

Project Name	Delaware State Park Campground Camp-store/Check-in Replacement	Response Deadline	8/17/26	5:00pm	local time
Project Location	Delaware State Park	Project Number	DNR-270073		
City / County	Delaware / Delaware	Project Manager	Ray Moone		
Owner	Ohio Department of Natural Resources	Contracting Authority	Local Agency		
Delivery Method	General Contracting	Prevailing Wages	State		
Publish Date	7/24/2026				

No. of paper copies requested (stapled, not bound) 0 No. of electronic copies requested (PDF) 1

* "Registered Design Professional includes any architect holding a certificate issued under section 4703.10 of the Revised Code, any landscape architect holding a certificate issued under section 4703.36 of the Revised Code, or any engineer holding a certificate issued under section 4733.14 of the Revised Code." (Ohio Building Code section 4101:1-2-01 Definitions)

Submit the requested number of Statements of Qualifications (Form F110-330) directly to Division of Engineering at Engineering@dnr.ohio.gov. See Section J of this RFQ for additional submittal instructions.

Submit all questions regarding this RFQ in writing to Division of Engineering@dnr.ohio.gov with the project number included in the subject line (no phone calls please). Questions will be answered and posted to the Opportunities page on the OFCC website at <http://ofcc.ohio.gov> on a regular basis until one week before the response deadline. The name of the party submitting a question will not be included on the Q&A document.

Project Overview

A. Project Description

The Ohio Department of Natural Resources (ODNR) manages campgrounds at 76 State Parks, with over 8,970 campsites. The purpose of this project is to replace the current Camp-store/Check-in building that serves the Delaware State Park Campground. continue the ongoing campground improvements that began in 2015.

ODNR is seeking professional design services for the design and construction administration required for this project.

The design for this project will include investigation and assessments of existing utilities/infrastructure (water, sewer, storm drainage, electric, paving) that will support the planned new building. This assessment will consider the condition of materials, sources of service, capacity, and expansion potential. The presence of asbestos-containing subgrade piping must also be determined to support a design plan that addresses both immediate and future facility needs.

This project will enhance user experience, demolish and replace the current Camp-store/Check-in building, address parking, and reassess and reconfigure pedestrian and vehicle traffic patterns as needed. Public and client use requirements will be defined through the development of a Program of Requirements. ADA accessibility, public appearance, Life Cycle Cost Analysis considerations and the development of potentially multiple creative design concepts will all be incorporated in the design process. Due to the existing building being demolished due to its age, a Hazardous Materials Assessment will be included. Additionally, rehabilitation of the adjacent recreation area including the putt-putt course and landscape improvements (campground entrance sign) around the Camp-store/Check-in and recreation area will be part of the project.

Phased construction efforts to maintain Camp-store and Check-in functionality need to be considered throughout the design process.

As scope and associated costs are refined, scope and budget may be added or removed as ODNR initiatives and funding allow.

B. Scope of Services

The development of a Program of Requirements (POR) will be included as part of the Professional Design as an Additional Service. The project scope will be evaluated, prioritized, and defined to align with the project budget. Evaluation of the project construction schedule will also be part of the POR stage. Upon award of the Agreement, the selected firm will commence by developing the Program of Requirements.

The selected firm shall apply for and obtain all necessary regulatory permits, maintain current estimates of probable construction costs through the design phase, and provide construction administration services. Permitting and/or coordination with United States Army Corps of Engineers (USACE), United States Fish and Wildlife Service (USFWS), ODNR Dam Safety Program, ODNR Division of Wildlife, Ohio Environmental Protection Agency (OEPA), State Historic Preservation Office (SHPO), and the local floodplain administrators will be required. The selected firm will provide the engineering analysis and calculations needed to advance the design, including structural, geotechnical, and hydraulics engineering.

All design and construction shall comply with the current editions of all applicable national, state, and local codes, as well as accessibility standards, including ADA, ICC A117.1, and the ABA Outdoor Developed Areas Guidelines. The Ohio Department of Natural Resources Division of Engineering has developed a set of design guidelines for construction projects. It is expected that all architects, engineers, consultants, and contractors will be familiar with these design guidelines which will serve as the preference for all construction projects when developing final project specifications. A complete set of current guidelines are available at [Design Guidelines for Construction Projects | Ohio Department of Natural Resources](https://ohiodnr.gov/business-and-industry/services-to-business-industry/design-guidelines-all). (<https://ohiodnr.gov/business-and-industry/services-to-business-industry/design-guidelines-all>).

The selected A/E, as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner and/or the Contracting Authority, the cost breakdown of the A/E Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Diversity, Growth & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification, Schematic Design, Design Development, Construction Document Preparation, develop & maintain estimates of probable construction cost, value engineering, project schedules & construction schedules, Life Cycle Cost Analysis (LCCA) reports, GIS As-built deliverables Bid and Award Support, Conformed Documents, Construction Administration, Post-Construction, and Additional Services of all types.

Refer to the *Ohio Facilities Construction Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <https://ofcc.ohio.gov>.

During the construction period, provide not less than 8 hours (excluding travel time) on-site construction administration services each week, including (1) attendance at progress meetings, (2) a written field report of each site visit, (3) on-site representation comprised of the A/E and its consultant staff involved in the primary design of the project, all having relevant and appropriate types of construction administration experience.

For purposes of completing the Relevant Project Experience Matrix in Section F of the *Statement of Qualifications* (Form F110-330), below is a list of relevant scope of work requirements for this RFQ:

1. Experience with similar scope (campgrounds, public use shower-houses and restrooms).
2. Experience with environmental permitting and cultural resources assessment services.
3. Ability to manage design and construction projects in an occupied State Park setting.
4. Experience coordinating with USACE.
5. Experience with public facing and architecturally unique building design concepts.
6. Ability to design project scope within budget in current market conditions with regional cost factors.
7. Experience with construction cost-estimating/analysis for natural resource facilities.
8. Experience managing the State of Ohio contract documents and OAKS CI.
9. Experience with ODNR Capital improvement projects.
10. Experience developing public use facilities able to endure inherent heavy wear and demanding conditions.

C. Estimated Budget / Funding

State Funding: \$3,000,000.00
Other Funding: \$0
Construction Cost: \$2,524,500.00
Total Project Cost: \$3,000,000.00

D. Anticipated Schedule

Professional Services Start: 12 / 26
Construction Notice to Proceed: 09 / 27
Substantial Completion of all Work: 07 / 28
Professional Services Completed: 09 / 29

E. Estimated Basic Fee Range (see note below)

8% to 10%

F. EDGE Participation Goal

Percent of initial Total A/E Fee: 5.0%

NOTE: **Basic Services** include: (1) Program Verification, (2) Schematic Design, (3) Design Development, (4) Construction Documents, (5) Bidding and Award OR GMP Proposal and Amendment (as applicable), (6) Construction Administration, and (7) Closeout services. The **Basic Fee** includes all registered design professional services and consultant services necessary for proper completion of the Basic Services, including validation of existing conditions (but not subsurface or hidden conditions) and preparation of cost estimates and design schedules for the project. The **Estimated Basic Fee Range** is calculated as a percentage of the **Estimated Budget for Construction Cost** above, including the Owner's contingency. The **Basic Fee** excludes any **Additional Services** required for the project.

G. Basic Service Providers Required (see note below)

Lead A/E Discipline: Architecture
Secondary Engineering
Disciplines: Civil Engineering
Mechanical-Electrical-Plumbing Eng.
Landscape Architecture
Surveying

Enter Secondary Discipline
Enter Secondary Discipline

H. Additional Service Providers Required

Cultural Services
Environmental Services
Hazardous Materials
Geotechnical Services
Program of Requirements
Special Inspections OBC
USACE Permitting

NOTE: The lead A/E shall be (1) any architect holding a certificate issued under section 4703.10 of the Revised Code, (2) any landscape architect holding a certificate issued under section 4703.36 of the Revised Code, or (3) any engineer holding a certificate issued under section 4733.14 of the Revised Code.

I. Evaluation Criteria for Selection

- Demonstrated ability to meet Owner's programmed project vision, scope, budget, and schedule on previous projects.
- Previous experience compatible with the proposed project (e.g., type, size).
- Relevant past work of prospective firm's proposed consultants.
- Past performance of prospective firm and its proposed consultants.
- Qualifications and experience of individuals directly involved with the project.
- Proposer's previous experience (numbers of projects, sizes of projects) when working with its proposed consultants.
- Specification writing credentials and experience.
- Experience and capabilities of creating or using Critical Path Method (CPM) schedules and of using CPM schedules as a project management resource.
- Approach to and success of using partnering and Alternative Dispute Resolution.
- Proximity of prospective firms to the project site.
- Proposer's apparent resources and capacity to meet the needs of this project.
- The selected A/E and all its consultants must have the capability to use the Internet within their normal business location(s) during normal business hours.

Interested A/E firms are required to submit the *Commitment to Participate in the EDGE Business Assistance Program* form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business(es), as a part of the A/E's team. The *Intent to Contract and to Perform* and / or waiver request letter and *Demonstration of Good Faith Effort* form(s) with complete documentation must be attached to

the A/E's Technical Proposal. Both forms can be accessed via the OFCC website at <https://ofcc.ohio.gov>. The *Intent to Contract and to Perform* form is again required at the Fee Proposal stage.

If the A/E firm intends to receive points for exceeding the EDGE Participation Goal, it must provide BOTH a completed *Commitment to Participate* form AND a completed *Statement of Intent to Contract and to Perform* form signed by both parties with its *Statement of Qualifications*.

For all *Statements of Qualifications*, please identify the EDGE-certified Business(es), by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

Interested A/E firms must indicate on their *Statement of Qualifications*, the locations where their services will be performed in the spaces provided or by attachment in accordance with the requirements of Executive Order 2019-12D related to providing services only within the United States and the requirements of Executive Order 2022-02D prohibiting purchases from or investment in any Russian institution or company. Failure to do so may cause their *Statement of Qualifications* to be rejected.

J. Submittal Instructions

Firms are required to submit the current version of *Statement of Qualifications* (Form F110-330) available via the OFCC website at <https://ofcc.ohio.gov>.

Electronic submittals, if requested, should be combined into one PDF file named with the project number listed on the RFQ and your firm's name, followed by "SOQ". Use the "print" feature of Adobe Acrobat or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Acrobat, go to Advanced, then PDF Optimizer. **Electronic submittals are limited to a maximum file size of 25 MB.**

Paper copies of the *Statement of Qualifications*, if requested, should be stapled only. Do not use special bindings or coverings of any type. Cover letters and transmittals are not necessary.

CD/DVD copies of the *Statement of Qualifications*, if requested, should have the sleeve labeled with the project number and firm name, followed by "SOQ".

Facsimile copies of the *Statement of Qualifications* will not be accepted.

Firms are requested to identify professional registrations, memberships and credentials including: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.

Registered Design Professional Selection Rating Form

State of Ohio Standard Forms and Documents

Project Name Delaware State Park Campground Campstore/Check-in Replacement Proposer Firm _____
 Project Number DNR-270073 City, State, Zip _____

Selection Criteria		Value	Score
1. Primary Firm Location, Workload and Size (Maximum 10 points)			
a. Proximity of firm to project site	Less than 150 miles	5	
	150 miles to 250 miles	2	
	More than 250 miles	0	
b. Amount of fees awarded by Contracting Authority in previous 24 months	Less than \$1,000,000	2	
	\$1,000,000 to \$2,000,000	1	
	More than \$2,000,000	0	
c. Number of licensed professionals	Less than 5 professionals	1	Max = 3
	5 to 10 professionals	2	
	More than 10 professionals	3	
2. Primary Firm Qualifications (Maximum 30 points)			
a. Project management lead	Experience / ability of project manager to manage scope / budget / schedule / quality	0 - 10	Max = 20
b. Project design lead	Experience / creativity of project designer to achieve owner's vision and requirements	0 - 10	
c. Technical staff	Experience / ability of technical staff to create fully coordinated construction documents	0 - 5	
d. Construction administration staff	Experience / ability of field representative to identify and solve issues during construction	0 - 5	
3. Key Consultant Qualifications (Maximum 20 points)			
a. Key discipline leads	Experience / ability of key consultants to perform effectively and collaboratively	0 - 15	
b. Proposed EDGE-certified Consultant participation*	One point for every 2 percent increase in professional services over the EDGE participation goal	0 - 5	
4. Overall Team Qualifications (Maximum 10 points)			
a. Previous team collaboration	Less than 4 sample projects	1	Max = 3
	4 to 6 sample projects	2	
	More than 6 sample projects	3	
b. LEED** Registered / Certified project experience	Registered LEED v4.0 or v4.1 projects	0	Max = 0
	Certified LEED v4.0 or v4.1 projects	0	
c. BIM project experience	Training and knowledge	1	Max = 3
	Direct project experience	3	
d. Team organization	Clarity of responsibility / communication demonstrated by table of organization	0 - 2	
5. Overall Team Experience (Maximum 30 points)			
a. Previous team performance	Past performance as indicated by evaluations and letters of reference	0 - 10	
b. Experience with similar projects / delivery methods	Less than 4 projects	0 - 3	
	4 to 6 projects	4 - 6	
	More than 6 projects	7 - 10	
c. Budget and schedule management	Performance in completing projects within original construction budget and schedule	0 - 5	
d. Knowledge of Ohio Capital Improvements process	Less than 4 projects	0 - 1	
	4 to 8 projects	2 - 3	
	More than 8 projects	4 - 5	
* Must be comprised of registered professional design consulting firms and NOT the lead firm - For more information on scoring this and other criteria refer to Document F199-01 - PS Selection Rating Rubric . ** Leadership in Energy & Environmental Design administered by Green Business Certification Inc.™		Subtotal
