Camsky West (2021) Unit :

APPLICATION

Pursuant to Ohio Revised Code Section 1509.28, Gulfport Appalachia, LLC (“Gulfport”), hereby respectfully requests the Chief of the Ohio Department of Natural Resources’ Division of Oil and Gas Resources Management (“Division”) to issue an order authorizing Gulfport to operate the Unitized Formation and applicable land area in Belmont County, Ohio (hereinafter, the “Camsky West (2021) Unit”)¹ as a unit according to the Unit Plan attached hereto and as more fully described herein. Gulfport makes this request for the purpose of substantially increasing the ultimate recovery of oil and natural gas, including related liquids, from the Unitized Formation, and to protect the correlative rights of unit owners, consistent with the public policy of Ohio to conserve and develop the state’s natural resources and prevent waste.

**I.
APPLICANT INFORMATION**

Gulfport is a corporation organized under the laws of the State of Delaware. Gulfport has its principal office in Oklahoma City, Oklahoma and is registered in good standing as an “owner” with the Division.

Gulfport designates to receive service, and respectfully requests that all orders, correspondence, pleadings and documents from the Division and other persons concerning this filing be served upon, the following:

¹ The Camsky West Unit (2021) will be referred to throughout the application as the Camsky West Unit for ease of reference.

II. PROJECT DESCRIPTION

The Camsky West Unit is located in Belmont County, Ohio, and consists of forty (40) separate tracts of land. See Exhibit A-1 thru A-6 of the Unit Operating Agreement (showing the plat and tract participations, respectively). The total land area in the Camsky West Unit is approximately 771.003 surveyed acres. Gulfport has the right to drill on and produce from approximately 660.54749098 acres of the proposed unit through its leasehold interest and working interest approval rights committed to the Camsky West Unit by Gulfport and Rice Drilling D, LLC – approximately eighty-five percent (85.67378998%) of the unit area, which is greater than the sixty-five percent (65%) threshold required by Ohio Revised Code § 1509.28.² As more specifically described herein, Gulfport seeks authority to drill and complete two horizontal well(s) in the Unitized Formation from a single well pad to efficiently test, develop, and operate the Unitized Formation for oil, natural gas, and related liquids production.

Gulfport's plan for unit operations (the "Unit Plan") is attached to this Application and consists of the Unit Agreement, attached as Exhibit 1; and the Unit Operating Agreement, attached as Exhibit 2. Among other things, the Unit Plan allocates unit production and expenses based upon each tract's surface acreage participation in the unit; includes a carry provision for those unit participants unable to meet their financial obligations, the amount of which is based upon the risks of and costs related to the project; and conforms to industry standards for the drilling and operating of horizontal wells generally used by the Applicant with other interest owners.

III. TESTIMONY

The following pre-filed testimony has been attached to the Application supporting the Camsky West Unit's formation: (i) testimony from a Geologist establishing that the Unitized Formation is part of a pool and supporting the Unit Plan's recommended allocation of unit production and expenses on a surface acreage basis;³ (ii) testimony from a Reservoir Engineer establishing that unitization is reasonably necessary to increase substantially the recovery of oil and gas, and that the value of the estimated additional resource recovery from unit operations

² See Prepared Direct Testimony of Zac McCoy at 2-3, attached as Exhibit 5.

³ See Prepared Direct Testimony of Steve Bridges, attached as Exhibit 3.

exceeds its additional costs;⁴ and (iii) testimony from an operational Landman with firsthand knowledge of Gulfport's Ohio development who describes the project generally, the Unit Plan, efforts to lease unleased owners, and the approvals received for unit development.⁵

IV.
THE CHIEF SHOULD GRANT THIS APPLICATION

A. Legal Standard

Ohio Revised Code § 1509.28 requires the Chief of the Division to issue an order providing for the unit operation of a pool – or a part thereof – if it is reasonably necessary to increase substantially the ultimate recovery of oil and gas, and the value of the estimated additional resource recovery from the unit's operations exceeds its additional costs. See Ohio Rev. Code § 1509.28(A).

The Chief's order must be on terms and conditions that are just and reasonable and prescribe a plan for unit operations that includes the following:

- (1) a description of the unit area;
- (2) a statement of the nature of the contemplated operations;
- (3) an allocation of production from the unit area not used in unit operations, or otherwise lost, to the separately owned tracts;
- (4) a provision addressing credits and charges to be made for the investment in wells, tanks, pumps, and other equipment contributed to unit operations by owners in the unit;
- (5) a provision addressing how unit operation expenses shall be determined and charged to the separately owned tracts in the unit, and how they will be paid;
- (6) a provision, if necessary, for carrying someone unable to meet their financial obligations in connection with the unit;
- (7) a provision for the supervision and conduct of unit operations in which each person has a vote with a value corresponding to the percentage of unit operations expenses chargeable against that person's interest;
- (8) the time when operations shall commence and the manner in which, and circumstances under which, unit operations will terminate; and
- (9) such other provisions appropriate for engaging in unit operation and for the protection or adjustment of correlative rights.

See Ohio Rev. Code § 1509.28(A). The Chief's order becomes effective once approved in writing by those working-interest owners who will be responsible for paying at least sixty-five percent of the costs of the unit's operations and by royalty and unleased fee-owners of sixty-five

⁴ See Prepared Direct Testimony of Adam Kopf, attached as Exhibit 4.

⁵ See Prepared Direct Testimony of Zac McCoy, attached as Exhibit 5.

percent of the unit's acreage. Once effective, production that is "allocated to a separately owned tract shall be deemed, for all purposes, to have been actually produced from such tract, and all operations *** [conducted] upon any portion of the unit area shall be deemed for all purposes the conduct of such operations and production from any lease or contract for lands any portion of which is included in the unit area." Ohio Rev. Code § 1509.28.

B. Gulfport's Application Meets this Standard

i. *The Unitized Formation is Part of a Pool*

The "Unitized Formation" consists of the subsurface portion of the Unit Area (i.e., the lands shown on Exhibit A-1 and identified in Exhibit A-2 thru A-6 to the Unit Operating Agreement) at a depth located from fifty feet above the top of the Utica Shale to fifty feet below the top of the Trenton Limestone formation, and frequently referred to as the Utica/Point Pleasant formation. The evidence presented in this Application establishes that the Unitized Formation is part of a pool and thus an appropriate subject of unit operation under Ohio Rev. Code § 1509.28.⁶ Additionally, that evidence establishes that the Unitized Formation is likely to be reasonably uniformly distributed throughout the Unit Area – and thus that it is reasonable for the Unit Plan to allocate unit production and expenses to separately owned tracts on a surface acreage basis.⁷

ii. *Unit Operations Are Reasonably Necessary to Increase Substantially the Ultimate Recovery of Oil and Gas*

The evidence presented in this Application establishes that unit operations are reasonably necessary to increase substantially the ultimate recovery of oil and gas from the lands making up the Camsky West Unit. The Unit Plan contemplates the potential drilling of approximately two (2) horizontal well(s) from a single well pad, with lateral lengths of approximately 11,437-12,015 feet and with the potential for additional unit wells in the event they are necessary to fully recover the resource.⁸ Gulfport estimates that the ultimate recovery from this unit development could be as much as 44.5 billion cubic feet (Bcf) of natural gas from the Unitized Formation.⁹ Absent unit development, that recovery would be substantially less: First, the evidence shows that it is unlikely that vertical development of the unit would ever take place because it is likely

⁶ A "pool" is defined under Ohio law as "an underground reservoir containing a common accumulation of oil or gas, or both, but does not include a gas storage reservoir." Ohio Rev. Code § 1509.01(E). See also Exhibit 3 at 2-3.

⁷ Exhibit 3 at 3-5.

⁸ See, e.g., Exhibit 5 at 4-5.

⁹ See, e.g., Exhibit 4 at 3-6. We emphasize that these are only estimates, and like the rest of the estimates set forth in this Application, they should be treated as simply estimates based upon the best information available at the time.

to be uneconomic – resulting in potentially no resource recovery from the Unitized Formation.¹⁰ Second, simply relying on shorter horizontal laterals to develop the Unitized Formation underlying the Camsky West Unit would be uneconomical. Oil and gas recovery from horizontal drilling methods is directly related to the length of the lateral – limit a lateral’s length and you limit its ultimate recovery. Here, in absence of unit operations being granted, the unleased and uncommitted tracts would prevent the development of all wells in the unit area and lead to stranding the corresponding reserves.¹¹

The evidence thus shows that the contemplated unit operations are reasonably necessary to allow for, much less increase substantially, the recovery of oil and gas from the Unitized Formation.¹²

iii. *The Value of Additional Recovery Exceeds Its Additional Costs*

As set forth in Adam Kopf’s testimony, Gulfport estimates the difference in net present value between the two scenarios (i.e., the difference between in the “Unitized Scenario” and in the “Non-Unitized Scenario – Economic Analysis” referred to in Exhibit 5) is approximately \$8.139 million¹³ at a net present value discounted at 10% per annum; or \$22.640¹⁴ million at an undiscounted net cash flow. See Exhibit 5, showing for each proposed well the estimated value of the well’s production and the estimated drilling and operating costs (incorporated here as if fully written herein). In particular, it shows that the capital/drilling costs will average \$9.941¹⁵ million per well. Incorporated into this analysis are both fixed and variable operating cost estimates estimated to be realized to maintain production for the life of the well.¹⁶ Further, when assuming a \$2.75 per Mcf gas price¹⁷ the undiscounted gross revenue for the Camsky West Unit is \$122.3 million. Thus, the evidence establishes that the value of the estimated recovery exceeds the estimated additional costs incident to conducting unit operations.

¹⁷ *Id.* at 6. This estimate includes all revenue and expenses (capital and operating) at a flat price assumption of \$2.75/Mcf gas price.

iv. *The Unit Plan Meets the Requirements of Ohio Revised Code § 1509.28*

The Unit Plan proposed by Gulfport meets the requirements set forth in Ohio Revised Code § 1509.28. The unit area is described in the Unit Agreement at Article 1, as well as on Exhibit A-1 thru A-6 to the Unit Operating Agreement. The nature of the contemplated unit operations can be found generally in the Unit Agreement at Article 3, with greater specificity throughout the Unit Agreement and Unit Operating Agreement.¹⁸ Unit production and unit expenses are allocated on a surface acreage basis as set forth in the Unit Agreement at Articles 3 through 5 (generally), except where otherwise allocated by the Unit Operating Agreement.¹⁹ Payment of unit expenses is addressed generally in Article 3 of the Unit Agreement.²⁰ No provision for credits and charges related to contributions made by owners in the unit area regarding wells, tanks, pumps and other equipment for unit operations are addressed in the Unit Operating Agreement because none are contemplated.²¹ The Unit Plan provides for various carries in the event a participant is unable to meet its financial obligations related to the unit – see, e.g., Article VI of the Unit Operating Agreement.²² Voting provisions related to the supervision and conduct of unit operations are set forth in Article XV of the Unit Operating Agreement, with each person having a vote that has a value corresponding to the percentage of unit expenses chargeable against that person’s interest.²³ Commencement and termination of operations are addressed in Articles 11 and 12 of the Unit Agreement.

V.
APPROVALS

As of the filing of this Application, the Unit Plan has been agreed to or approved by approximately eighty-five percent (85.67378998%) of Working Interest Owners. See Exhibit 5 at 2-4, and Exhibit 6. Said approval exceeds the statutory minimum requirements set forth in Ohio Revised Code § 1509.28.

VI.
HEARING

Ohio Revised Code § 1509.28 requires the Chief to hold a hearing to consider this Application, when requested by sixty-five percent (65%) of the owners of the land area

underlying the proposed unit. Ohio Rev. Code § 1509.28(A). That threshold level is met here. Accordingly, Gulfport respectfully requests that the Division schedule a hearing at an available hearing room located at the Division's Columbus complex for the earliest available unitization docket, to consider the Application filed herein.

VII.
CONCLUSION

Ohio Revised Code § 1509.28 requires the Chief of the Division to issue an order for the unit operation of a pool – or a part thereof – if it is reasonably necessary to increase substantially the recovery of oil and gas, and the value of the estimated additional recovery from the unit's operations exceeds its additional costs. Gulfport respectfully submits that the Application meets this standard, and that the terms and conditions of the Unit Plan are just and reasonable and satisfy the requirements of Ohio Revised Code § 1509.28(B). Gulfport therefore asks the Chief to issue an order authorizing Gulfport to operate the Camsky West Unit according to the Unit Plan attached hereto.

UNIT AGREEMENT
THE CAMSKY WEST (2021) UNIT
YORK AND WASHINGTON TOWNSHIPS
BELMONT COUNTY, OHIO

THIS AGREEMENT, entered into as of this 21st day of April, 2021, by the parties subscribing, ratifying, approving, consenting to, or bound to the original of this instrument, a counterpart thereof, or other instrument agreeing to become a party hereto; and by those parties participating as a result of an order issued by the Division of Oil and Gas Resources Management (“Division”) pursuant to Ohio Revised Code Section 1509.28.

WITNESSETH:

WHEREAS, in the interest of the public welfare and to promote conservation and increase the ultimate recovery of oil, natural gas, and other substances from the Camsky West Unit, in York and Washington Townships, Belmont County, Ohio, and to avoid waste and protect the correlative rights of the owners of interests therein, it is deemed necessary and desirable to enter into and approve this Agreement to create and establish a unit comprising the Unit Area under the applicable laws of the State of Ohio to unitize the Oil and Gas Rights in and to the Unitized Formation in order to conduct Unit Operations as herein provided; and,

WHEREAS, this Agreement generally maintains a 1/8th royalty (12.5%) and allocates responsibility for the supervision and conduct of Unit Operations, and responsibility for the payment of Unit Expenses, to Working Interest Owners based upon each owner’s pro rata interest in the unit acreage;

NOW THEREFORE, in consideration of the premises and of the mutual agreements herein contained, it is agreed and approved as follows:

ARTICLE 1: DEFINITIONS

As used in this Agreement:

Effective Date is the time and date this Agreement becomes effective as provided in Article 11.

Oil and Gas Rights are the rights to investigate, explore, prospect, drill, develop, market, transport, and operate within the Unit Area for the production of Unitized Substances, or to share in the production so obtained or the proceeds thereof, including without limitation the conducting of exploration, geologic and/or geophysical surveys by seismograph, core test, gravity and/or magnetic methods, the injecting of gas, water, air or other fluids into the Unitized Formation, the installation, operation and maintenance of monitoring facilities, the laying of pipelines, building of roads, tanks, power stations, telephone lines, and/or other structures.

Person is any individual, corporation, partnership, association, receiver, trustee, curator, executor, administrator, guardian, fiduciary, or other representative of any kind, any department, agency, or instrumentality of the state, or any governmental subdivision thereof, or any other entity capable of holding an interest in the Unitized Substances or Unitized Formation.

Royalty Interest means a right to or interest in any portion of the Unitized Substances or proceeds from the sale thereof other than a Working Interest.

Royalty Owner is a Person who owns a Royalty Interest.

Tract means the land identified by a tract number in Exhibit A-2 thru A-6 to the Unit Operating Agreement.

Tract Participation means the fractional interest shown on Exhibit A-2 thru A-6 to the Unit Operating Agreement for allocating Unitized Substances to a Tract.

Uncommitted Working Interest Owner is a Working Interest Owner, other than an unleased mineral owner, who has not agreed to, ratified or otherwise approved this Plan. Uncommitted Working Interest Owners are likely, but not necessarily, to have obtained their interest by lease.

Unit Area means the lands shown on the plat attached as Exhibit A-1 and identified on Exhibit A-2, A-3 and A-4 to the Unit Operating Agreement, including also areas to which this Agreement may be extended as herein provided.

Unit Equipment means all personal property, lease and well equipment, plants, and other facilities and equipment taken over or otherwise acquired for the unit account for use in Unit Operations.

Unit Expense means all cost, expense, investment and indebtedness incurred by Working Interest Owners or Unit Operator pursuant to this Agreement and the Unit Operating Agreement for or on account of Unit Operations, but shall not include post-production costs attributable to Royalty Owner interests.

Unitized Formation means the subsurface portion of the Unit Area located from fifty feet above the top of the Utica Shale (at an approximate depth of 9,248 feet) to fifty feet below the top of the Trenton Limestone formation (at an approximate depth of 10,015 feet).

Unit Operating Agreement means the modified A.A.P.L. Form 610-1982 Model Form Operating Agreement, dated April 21, 2021, for the Camsky West Unit, which is attached hereto. Such Unit Operating Agreement contains provisions for credits and charges among Working Interest Owners for their respective investments in, and expenses for, Unit Operations, including a provision, if necessary, for carrying any Person unable or electing not to participate in Unit Operations. In addition, the Unit Operating Agreement also contains provisions relating to the supervision and conduct of Unit Operations and the manner in which Working Interest Owners may vote. The Unit Operating Agreement is hereby confirmed and by reference made a part of this Agreement. In the event of a conflict between such agreements, the terms of the Unit Operating Agreement shall govern.

Unit Operations are all operations conducted pursuant to this Agreement and the Unit Operating Agreement.

Unit Operator is the Person designated by Working Interest Owners under the Unit Operating Agreement to conduct Unit Operations.

Unit Participation is the sum of the interests obtained by multiplying the Working Interest of a Working Interest Owner in each Tract by the Tract Participation of such Tract.

Unitized Substances are all oil, gas, gaseous substances, sulfur, condensate, distillate, and all associated and constituent liquid or liquefiable hydrocarbons within or produced from the Unitized Formation.

Working Interest means an interest in Unitized Substances in the Unit Area by virtue of a lease, operating agreement, fee title, or otherwise, including a carried interest, the owner of which is obligated to pay, either in cash or out of production or otherwise, a portion of the Unit Expense; however, Oil and Gas Rights that are free of a lease or other instrument creating a Working Interest shall be regarded as a Working Interest to the extent of 7/8ths (87.5%) thereof and a Royalty Interest to the extent of the remaining 1/8th (12.5%). A Royalty Interest created out of a Working Interest subsequent to the participation of, subscription to, ratification of, approval by, or consent to this Agreement by the owner of such Working Interest shall continue to be subject to such Working Interest burdens and obligations that are stated in this Agreement and the Unit Operating Agreement.

Working Interest Owner is a Person who owns a Working Interest.

ARTICLE 2: CREATION AND EFFECT OF UNIT

Oil and Gas Rights Unitized. All Royalty Interests and Working Interests in Oil and Gas Rights in and to the lands identified on Exhibits A-1 thru A-6 to the Unit Operating Agreement are hereby unitized insofar as, and only insofar as, the respective Oil and Gas Rights pertain to the Unitized Formation, so that Unit Operations may be conducted with respect to the Unitized Formation as if the Unit Area had been included in a single lease executed by all Royalty Owners, as lessors, in favor of all Working Interest Owners, as lessees, and as if the lease contained all of the provisions of this Agreement.

Personal Property Excepted. All lease and well equipment, materials, and other facilities heretofore or hereafter placed by any of the Working Interest Owners on the lands covered hereby shall be deemed to be and shall remain personal property belonging to, and may be removed by, Working Interest Owners with the prior consent of Unit Operator. The rights and interests therein, as among Working Interest Owners, are set forth in the Unit Operating Agreement.

Operations. If an order is issued granting Unit Operator the authority to conduct Unit Operations, the operations conducted pursuant to the order of the chief shall constitute a fulfillment of all the express or implied obligations of each lease or contract covering lands in the unit area to the extent of that compliance with such obligations cannot be had because of the order of the chief

Continuation of Leases and Term Interests. Unit Operations conducted upon any part of the Unit Area or production of Unitized Substances from any part of the Unitized Formation, except for the purpose of determining payments to Royalty Owners, shall be considered as operations upon or production from each portion of each Tract, and such production or operations shall continue in effect each lease or term, mineral or Royalty Interest, as to all Tracts and formations covered or affected by this Unit Agreement just as if such Unit Operations had been conducted and a well had been drilled on and was producing from each portion of each Tract. It is agreed that each lease shall remain in full force and effect from the date of execution hereof until the Effective Date, and thereafter in accordance with its terms and this Agreement.

Titles Unaffected by Unitization. Nothing herein shall be construed to result in any transfer of title to Oil and Gas Rights by any Person to any other Person or to Unit Operator.

Pre-existing Conditions in Unit Area. Working Interest Owners shall not be liable for or assume any obligation with respect to (i) the restoration or remediation of any condition associated with the Unit Area that existed prior to the Effective Date of this Agreement, or (ii) the removal and/or plugging and abandonment of any wellbore, equipment, fixtures, facilities or other property located in, on or under the Unit Area prior to the Effective Date of this Agreement. Working Interest Owners reserve the right to elect, but shall not have the obligation, to use for injection and/or operational purposes any nonproducing or abandoned wells or dry holes, and any other wells completed in the Unitized Formation.

ARTICLE 3: UNIT OPERATIONS

Unit Operator. Unit Operator shall have the exclusive right to conduct Unit Operations, which shall conform to the provisions of this Agreement and the Unit Operating Agreement.

Unit Expenses. Except as otherwise provided in the Unit Operating Agreement, Unit Expenses shall be allocated to each Tract in the proportion that the surface acres of each Tract bears to the surface acres of the Unit Area, and shall be paid by the respective Working Interest Owners. Oil and Gas Rights that are free of a lease or other instrument creating a Working Interest shall be regarded as a Working Interest to the extent of 7/8ths (87.5%) thereof and a Royalty Interest to the extent of the remaining 1/8th (12.5%) thereof.

ARTICLE 4: TRACT PARTICIPATIONS

Tract Participations. The Tract Participation of each Tract is identified in Exhibit A-2 thru A-6 to the Unit Operating Agreement and shall be determined solely upon an acreage basis as the proportion that the Tract surface acreage bears to the total surface acreage of the Unit Area. The Tract Participation of each Tract has been calculated as follows: SURFACE ACRES IN EACH TRACT DIVIDED BY THE TOTAL SURFACE ACRES WITHIN THE UNIT AREA. The Tract Participations as shown in Exhibit A-2 thru A-6 to the Unit Operating Agreement are accepted and approved as being fair and equitable.

ARTICLE 5: ALLOCATION OF UNITIZED SUBSTANCES

Allocation of Unitized Substances. All Unitized Substances produced and saved shall be allocated to the several Tracts in accordance with the respective Tract Participations effective during the period that the Unitized Substances were produced. The amount of Unitized Substances allocated to each Tract, regardless of whether the amount is more or less than the actual production of Unitized Substances from the well or wells, if any, on such Tract, shall be deemed for all purposes to have been produced from such Tract.

Distribution Within Tracts. The Unitized Substances allocated to each Tract or portion thereof shall be distributed among, or accounted for to, the Persons entitled to share in the production from such Tract or portion thereof in the same manner, in the same proportions, and upon the same conditions as they would have participated and shared in the production from such Tract, or in the proceeds thereof, had this Agreement not been entered into, and with the same legal effect. If any Oil and Gas Rights in a Tract hereafter become divided and owned in severalty as to different parts of the Tract, the owners of the divided interests, in the absence of an agreement providing for a different division, shall share in the Unitized Substances allocated

to the Tract, or in the proceeds thereof, in proportion to the surface acreage of their respective parts of the Tract. Any royalty or other payment which depends upon per well production or pipeline runs from a well or wells on a Tract shall, after the Effective Date, be determined by dividing the Unitized Substances allocated to the Tract by the number of wells on the Tract capable of producing Unitized Substances on the Effective Date; however, if any Tract has no well thereon capable of producing Unitized Substances on the Effective Date, the Tract shall, for the purpose of this determination, be deemed to have one (1) such well thereon.

ARTICLE 6: USE OR LOSS OF UNITIZED SUBSTANCES

Use of Unitized Substances. Working Interest Owners may use or consume Unitized Substances for Unit Operations, including but not limited to, the injection thereof into the Unitized Formation.

Royalty Payments. No royalty, overriding royalty, production, or other payments shall be payable on account of Unitized Substances used, lost, or consumed in Unit Operations.

ARTICLE 7: TITLES

Warranty and Indemnity. Each Person who, by acceptance of produced Unitized Substances or the proceeds from a sale thereof, may claim to own a Working Interest or Royalty Interest in and to any Tract or in the Unitized Substances allocated thereto, shall be deemed to have warranted its title to such interest, and, upon receipt of the Unitized Substances or the proceeds from a sale thereof to the credit of such interest, shall indemnify and hold harmless all other Persons in interest from any loss due to failure, in whole or in part, of its title to any such interest.

Production Where Title is in Dispute. If the title or right of any Person claiming the right to receive in kind all or any portion of the Unitized Substances allocated to a Tract is in dispute, Unit Operator at the direction of Working Interest Owners may: Require that the Person to whom such Unitized Substances are delivered or to whom the proceeds from a sale thereof are paid furnish security for the proper accounting therefor to the rightful owner or owners if the title or right of such Person fails in whole or in part; or withhold and market the portion of Unitized Substances with respect to which title or right is in dispute, and hold the proceeds thereof until such time as the title or right thereto is established by a final judgment of a court of competent jurisdiction or otherwise to the satisfaction of Working Interest Owners, whereupon the proceeds so held shall be paid to the Person rightfully entitled thereto.

Transfer of Title. Any conveyance of all or any part of any interest owned by any Person hereto with respect to any Tract shall be made expressly subject to this Agreement. No change of title shall be binding upon Unit Operator, or upon any Person hereto other than the Person so transferring, until 7:00 a.m. on the first day of the calendar month next succeeding the date of receipt by Unit Operator of a certified copy of the recorded instrument evidencing such change in ownership.

ARTICLE 8: EASEMENTS, GRANTS, OR USE OF SURFACE

Grant of Easements. Subject to the terms and conditions of the various leases, Unit Operator shall have the right of ingress and egress along with the right to use as much of the surface of the land within the Unit Area as may be reasonably necessary for Unit Operations and the removal of Unitized Substances from the Unit Area.

Use of Water. Subject to the terms and conditions of the various leases, Unit Operator shall have and is hereby granted free use of water from the Unit Area for Unit Operations, except water from any well, lake, pond, or irrigation ditch of a Royalty Owner. Unit Operator may convert dry or abandoned wells in the Unit Area for use as water supply or disposal wells.

Surface Damages. Subject to the terms and conditions of the various leases, Working Interest Owners shall reimburse the owner for the market value prevailing in the area of growing crops, livestock, timber, fences, improvements, and structures on the Unit Area that are destroyed or damaged as a result of Unit Operations.

Unitized Property. Notwithstanding anything in this Article 8 to the contrary, and except where otherwise authorized by the Division, there shall be no Unit Operations conducted on the surface of any property located within the Camsky West Unit, and there shall be no right of ingress and egress over and no right to use the surface waters of any surface lands located

within the Camsky West Unit, owned by an interest owner identified in Exhibit A-3 to the Unit Operating Agreement, unless said interest owner is not the owner of the surface estate.

ARTICLE 9: CHANGE OF TITLE

Covenant Running with the Land. This Agreement shall extend to, be binding upon, and inure to the benefit of, the respective heirs, devisees, legal representatives, successors, and assigns of the parties hereto, and shall constitute a covenant running with the lands, leases, and interests conveyed hereby.

Waiver of Rights of Partition. Each party to this Agreement understands and acknowledges, and is hereby deemed to covenant and agree, that during the term of this Agreement it will not resort to any action to, and shall not, partition Oil and Gas Rights, the Unit Area, the Unitized Formation, the Unitized Substances or the Unit Equipment, and to that extent waives the benefits of all laws authorizing such partition.

ARTICLE 10: RELATIONSHIPS OF PERSONS

No Partnership. All duties, obligations, and liabilities arising hereunder shall be several and not joint or collective. This Agreement is not intended to and shall not be construed to create an association or trust, or to impose a partnership or fiduciary duty, obligation, or liability. Each Person affected hereby shall be individually responsible for its own obligations.

No Joint or Cooperative Refining, Sale or Marketing. This Agreement is not intended and shall not be construed to provide, directly or indirectly, for any joint or cooperative refining, sale or marketing of Unitized Substances.

ARTICLE 11: EFFECTIVE DATE

Effective Date. This Agreement shall become effective, and operations may commence hereunder, as of the date of an effective order approving this unit by the Division in accordance with the provisions of Ohio Revised Code Section 1509.28; provided, however, that Working Interest Owners may terminate this Agreement in the event of a material modification by the Division of all or any part of this Agreement or the Unit Operating Agreement in such order by filing a notice of termination with the Division within thirty (30) days of such order becoming final and no longer subject to further appeal. In the event a dispute arises or exists with respect to this Agreement, the Unit Operating Agreement, or the order approving this unit issued by the Division, Unit Operator may, in its sole discretion, hold the revenues from the sale of Unitized Substances until such time as such dispute is resolved or, in the Unit Operator's opinion, it is appropriate to distribute such revenues.

Certificate of Effectiveness. Unit Operator shall file with the Division and for record in the county or counties in which the land affected is located a certificate stating the Effective Date.

ARTICLE 12: TERM

Term. This Agreement, unless sooner terminated in the manner hereinafter provided, shall remain in effect for five (5) years from the Effective Date and as long thereafter as Unitized Substances are produced, or are capable of being produced, in paying quantities from the Unit Area without a cessation of more than ninety (90) consecutive days, or so long as other Unit Operations are conducted without a cessation of more than ninety (90) consecutive days, unless sooner terminated by Working Interest Owners owning a combined Unit Participation of fifty-one percent (51%) or more whenever such Working Interest Owners determine that Unit Operations are no longer warranted. The date of any termination hereunder shall be known as the "Termination Date."

Effect of Termination. Upon termination of this Agreement, the further development and operation of the Unitized Formation as a unit shall cease. Each oil and gas lease and other agreement covering lands within the Unit Area shall remain in force for one hundred eighty (180) days after the date on which this Agreement terminates, and for such further period as is provided by the lease or other agreement. The relationships among owners of Oil and Gas Rights shall thereafter be governed by the terms and provisions of the leases and other instruments, not including this Agreement, affecting the separate Tracts.

Certificate of Termination. Upon termination of this Agreement, Unit Operator shall file with the Division and for record in the county or counties in which the land affected is located a certificate stating that this Agreement has terminated and the Termination Date.

Salvaging Equipment Upon Termination. If not otherwise granted by the leases or other instruments affecting the separate Tracts, Working Interest Owners shall have a period of six (6) months after the Termination Date within which to salvage and remove Unit Equipment.

ARTICLE 13: APPROVAL

Original, Counterpart, or Other Instrument. An owner of Oil and Gas Rights or its agent may approve this Agreement by signing the original, a counterpart thereof, or other instrument approving this Agreement. The signing of any such instrument shall have the same effect as if all Persons had signed the same instrument.

Commitment of Interests to Unit. The approval of this Agreement by a Person or their agent shall bind that Person and commit all interests owned or controlled by that Person as of the date of such approval, and additional interests thereafter acquired.

Joinder in Dual Capacity. Execution as herein provided by any Person, as either Working Interest Owner or a Royalty Owner, shall commit all interests owned or controlled by such Person as of the date of such execution and any additional interest thereafter acquired.

ARTICLE 14: MISCELLANEOUS

Determinations by Working Interest Owners. All decisions, determinations, or approvals by Working Interest Owners hereunder shall be made pursuant to the voting procedure of the Unit Operating Agreement unless otherwise provided herein.

Severability of Provisions. The provisions of this Agreement are severable and if any section, sentence, clause or part thereof is held to be invalid for any reason, such invalidity shall not be construed to affect the validity of the remaining provisions of this Agreement.

Laws and Regulations. This Agreement shall be governed by and subject to the laws of the State of Ohio, to the valid rules, regulations, orders and permits of the Division, and to all other applicable federal, state, and municipal laws, rules, regulations, orders, and ordinances. Any change of the Unit Area or any amendment to this Agreement or the Unit Operating Agreement shall be in accordance with Ohio law.

OPERATING AGREEMENT

THIS AGREEMENT, entered into by and between Gulfport Appalachia, LLC, hereinafter designated and referred to as "Operator", and the signatory party or parties other than Operator, sometimes hereinafter referred to individually herein as "Non-Operator", and collectively as "Non-Operators".

WITNESSETH:

WHEREAS, the parties to this agreement are owners of oil and gas leases and/or oil and gas interests in the land identified in Exhibit "A", and the parties hereto have reached an agreement to explore and develop these leases and/or oil and gas interests for the production of oil and gas to the extent and as hereinafter provided,

NOW, THEREFORE, it is agreed as follows:

ARTICLE I. DEFINITIONS

As used in this agreement, the following words and terms shall have the meanings here ascribed to them:

- A. The term "oil and gas" shall mean oil, gas, casinghead gas, gas condensate, and all other liquid or gaseous hydrocarbons and other marketable substances produced therewith, unless an intent to limit the inclusiveness of this term is specifically stated.
- B. The terms "oil and gas lease", "lease" and "leasehold" shall mean the oil and gas leases covering tracts of land lying within the Contract Area which are owned by the parties to this agreement.
- C. The term "oil and gas interests" shall mean unleased fee and mineral interests in tracts of land lying within the Contract Area which are owned by parties to this agreement.
- D. The term "Contract Area" or "Unit" shall mean a leasehold interests and oil and gas interests intended to be developed and operated for oil and gas purposes under this agreement. Such lands, oil and gas leasehold interests and oil and gas interests are described in Exhibit "A", and Exhibit "A-1."
- E. The term "drilling unit" shall mean the area fixed for the drilling of one well by order or rule of any state or federal body having authority. If a drilling unit is not fixed by any such rule or order, a drilling unit shall be the drilling unit as established by the pattern of drilling in the Contract Area or as fixed by express agreement of the Drilling Parties.
- F. The term "drillsite" shall mean the oil and gas lease or interest on which a proposed well is to be located.
- G. The terms "Drilling Party" and "Consenting Party" shall mean a party who agrees to join in and pay its share of the cost of any operation conducted under the provisions of this agreement.
- H. The terms "Non-Drilling Party" and "Non-Consenting Party" shall mean a party who elects not to participate in a proposed operation.
- I. The term "lateral" shall mean that portion of the well bore that deviates from approximate vertical orientation to approximate horizontal orientation and all well bore beyond such deviation to total depth.
- J. The term "horizontal well" shall mean a well drilled, completed or recompleted in a manner in which the horizontal component of the completion interval in the objective formation(s) exceeds the vertical component thereof and which horizontal component exceeds a minimum of one hundred feet (100') in the objective formation(s).
- K. The term "multi-lateral well" shall mean a well which contains more than one lateral and in which the well bores deviate from approximate vertical orientation to approximate horizontal orientation in order to drill within and test a specific geological interval, utilizing deviation equipment, services, and technology. This shall include similar operations conducted in the reentry of an existing well bore.
- L. The term "total depth", applied to all multi-lateral or horizontal wells drilled pursuant to this agreement, shall mean the distance from the surface of the ground to the terminus of the well bore. Each lateral taken together with the common vertical well bore shall be considered a single well bore and shall have a corresponding total depth. When the proposed operation(s) is the drilling of, or operations on, a well containing a lateral component, the term "depth" wherever used in the agreement shall be deemed to read "total measured depth" insofar as it applies to such well.
- M. The term "deepen" when used in conjunction with a multi-lateral or horizontal well shall mean an operation whereby a lateral is drilled to a distance greater than the distance set out in the well proposal approved by the participating parties.
- N. For the purposes of this agreement, as to a horizontal or multi-lateral well, the term "plug back" shall mean an operation to test or complete the well at a stratigraphically shallower geological horizon in which the operation has been or is being completed and which is not within an existing lateral.

Unless the context otherwise clearly indicates, words used in the singular include the plural, the plural includes the singular, and the neuter gender includes the masculine and the feminine.

ARTICLE II. EXHIBITS

The following exhibits, as indicated below and attached hereto, are incorporated in and made a part hereof:

- A. Exhibit "A", shall include the following information:
 - (1) Identification of lands subject to this agreement,
 - (2) Restrictions, if any, as to depths, formations, or substances,
 - (3) Percentages or fractional interests of parties to this agreement,
 - (4) Oil and gas leases and/or oil and gas interests subject to this agreement,
 - (5) Addresses of parties for notice purposes.
- B. Exhibit "B", Form of Lease.
- C. Exhibit "C", Accounting Procedure.
- D. Exhibit "D", Insurance.
- E. Exhibit "E", Gas Balancing Agreement.
- F. Exhibit "F", ~~Non-Discrimination and Certification of Non-Segregated Facilities.~~
- G. Exhibit "G", ~~Tax Partnership.~~ Notice of Operating Agreement and Financing Statement

If any provision of any exhibit, except Exhibits "E" and "G", is inconsistent with any provision contained in the body of this agreement, the provisions in the body of this agreement shall prevail.

A. Oil and Gas Interests:

If any party owns ^{or acquires} / an oil and gas interest in the Contract Area, that interest shall be treated for all purposes of this agreement and during the term hereof as if it were covered by the form of oil and gas lease attached hereto as Exhibit "B", and the owner thereof shall be deemed to own both the royalty interest reserved in such lease and the interest of the lessee thereunder, **subject to Article XV.N of this Agreement.**

B. Interests of Parties in Costs and Production:

Unless changed by other provisions, all costs and liabilities incurred in operations under this agreement shall be borne and paid, and all equipment and materials acquired in operations on the Contract Area shall be owned, by the parties as their interests are set forth in Exhibit "A". In the same manner, the parties shall also own all production of oil and gas from the Contract Area subject to the payment of royalties / to the extent of 12.5% which shall be borne as hereinafter set forth.

Regardless of which party has contributed the lease(s) and/or oil and gas interest(s) hereto on which royalty is due and payable, each party entitled to receive a share of production of oil and gas from the Contract Area shall bear and shall pay or deliver, or cause to be paid or delivered, to the extent of its interest in such production, the royalty amount stipulated hereinabove and shall hold the other parties free from any liability therefor. No party shall ever be responsible, however, on a price basis higher than the price received by such party, to any other party's lessor or royalty owner, and if any such other party's lessor or royalty owner should demand and receive settlement on a higher price basis, the party contributing the affected lease shall bear the additional royalty burden attributable to such higher price.

Nothing contained in this Article III.B. shall be deemed an assignment or cross-assignment of interests covered hereby.

C. Excess Royalties, Overriding Royalties and Other Payments:

Unless changed by other provisions, if the interest of any party in any lease covered hereby is subject to any royalty, overriding royalty, production payment or other burden on production in excess of the amount stipulated in Article III.B., such party so burdened shall assume and alone bear all such excess obligations and shall indemnify and hold the other parties hereto harmless from any and all claims and demands for payment asserted by owners of such excess burden.

D. Subsequently Created Interests:

If any party should hereafter create an overriding royalty, production payment or other burden payable out of production attributable to its working interest hereunder, or if such a burden existed prior to this agreement and is not set forth in Exhibit "A", or was not disclosed in writing to all other parties prior to the execution of this agreement by all parties, or is not a jointly acknowledged and **or does not appear of record in the records of the county in which the Contract Area is located as of the execution of this agreement** accepted obligation of all parties / (any such interest being hereinafter referred to as "subsequently created interest" irrespective of the timing of its creation and the party out of whose working interest the subsequently created interest is derived being hereinafter referred to as "burdened party"), and:

1. If the burdened party is required under this agreement to assign or relinquish to any other party, or parties, all or a portion of its working interest and/or the production attributable thereto, said other party, or parties, shall receive said assignment and/or production free and clear of said subsequently created interest and the burdened party shall indemnify and save said other party, or parties, harmless from any and all claims and demands for payment asserted by owners of the subsequently created interest; and,
2. If the burdened party fails to pay, when due, its share of expenses chargeable hereunder, all provisions of Article VII.B. shall be enforceable against the subsequently created interest in the same manner as they are enforceable against the working interest of the burdened party.

ARTICLE IV.
TITLES

A. Title Examination:

Title examination shall be made on the drillsite of any proposed well prior to commencement of drilling operations or, if the Drilling Parties so request, title examination shall be made on the leases and/or oil and gas interests included, or planned to be included, in the drilling unit ^{and through which will be drilled} / ~~around~~ such well /. The opinion will include the ownership of the working interest, minerals, royalty, overriding royalty and production payments under the applicable leases. At the time a well is proposed, each party contributing leases and/or oil and gas interests to the drillsite, or to be included in such drilling unit, shall furnish to Operator all abstracts (including federal lease status reports), title opinions, title papers and curative material in its possession free of charge. All such information not in the possession of or made available to Operator by the parties, but necessary for the examination of the title, shall be obtained by Operator. Operator shall cause title to be examined by attorneys on its staff or by outside attorneys. Copies of all title opinions shall be furnished to each party hereto. The cost incurred by Operator in this title program shall be borne as follows:

~~Option No. 1: Costs incurred by Operator in procuring abstracts and title examination (including preliminary, supplemental, shut in gas royalty opinions and division order title opinions) shall be a part of the administrative overhead as provided in Exhibit "C", and shall not be a direct charge, whether performed by Operator's staff attorneys or by outside attorneys.~~

ARTICLE IV
continued

1 Option No. 2: Costs incurred by Operator in procuring abstracts and ~~fees paid outside attorneys~~ for title examination
 2 (including preliminary, supplemental, shut-in gas royalty opinions and division order title opinions) shall be borne by the Drilling Parties
 3 in the proportion that the interest of each Drilling Party bears to the total interest of all Drilling Parties as such interests appear in Ex-
 4 hibit "A". ~~Operator shall make no charge for~~ ^{All} services rendered by its staff attorneys or other personnel in the performance of the above
 5 functions ~~shall be billed at rates that are not greater than those charged by independent third parties providing such services.~~

6 **Also see Article XV.D.3.**

7 Each party shall be responsible for securing curative matter and pooling amendments or agreements required in connection
 8 with leases or oil and gas interests contributed by such party. Operator shall be responsible for the preparation and recording of pooling
 9 designations or declarations as well as the conduct of hearings before governmental agencies for the securing of spacing or pooling orders.
 10 This shall not prevent any party from appearing on its own behalf at any such hearing. **Costs incurred by Operator in procuring spacing**
 11 **and pooling orders including fees paid to outside attorneys shall be borne by the Drilling Parties. Also see Article XV.D.1.**

12 No well shall be drilled on the Contract Area until after (1) the title to the drillsite or drilling unit has been examined as above
 13 provided, and (2) the title has been approved by the examining attorney or title has been accepted by all of the parties who are to par-
 14 ticipate in the drilling of the well.

16 **B. Loss of Title:**

18 1. Failure of Title: Should any oil and gas interest or lease, or interest therein, be lost through failure of title, which loss results in a
 19 reduction of interest from that shown on Exhibit "A", the party contributing the affected lease or interest shall have ninety (90) days
 20 from final determination of title failure to acquire a new lease or other instrument curing the entirety of the title failure, which acquisi-
 21 tion will not be subject to Article VIII.B., and failing to do so, this agreement, nevertheless, shall continue in force as to all remaining oil
 22 and gas leases and interests: and,

23 (a) The party whose oil and gas lease or interest is affected by the title failure shall bear alone the entire loss and it shall not be
 24 entitled to recover from Operator or the other parties any development or operating costs which it may have theretofore paid or incurred,
 25 but there shall be no additional liability on its part to the other parties hereto by reason of such title failure;

26 (b) There shall be no retroactive adjustment of expenses incurred or revenues received from the operation of the interest which has
 27 been lost, but the interests of the parties shall be revised on an acreage basis, as of the time it is determined finally that title failure has oc-
 28 curred, so that the interest of the party whose lease or interest is affected by the title failure will thereafter be reduced in the Contract
 29 Area by the amount of the interest lost;

30 (c) If the proportionate interest of the other parties hereto in any producing well theretofore drilled on the Contract Area is
 31 increased by reason of the title failure, the party whose title has failed shall receive the proceeds attributable to the increase in such in-
 32 terest (less costs and burdens attributable thereto) until it has been reimbursed for unrecovered costs paid by it in connection with such
 33 well;

34 (d) Should any person not a party to this agreement, who is determined to be the owner of any interest in the title which has
 35 failed, pay in any manner any part of the cost of operation, development, or equipment, such amount shall be paid to the party or parties
 36 who bore the costs which are so refunded;

37 (e) Any liability to account to a third party for prior production of oil and gas which arises by reason of title failure shall be
 38 borne by the party or parties whose title failed in the same proportions in which they shared in such prior production; and,

39 (f) No charge shall be made to the joint account for legal expenses, fees or salaries, in connection with the defense of the interest
 40 claimed by any party hereto, it being the intention of the parties hereto that each shall defend title to its interest and bear all expenses in
 41 connection therewith.

43 ~~2. Loss by Non Payment or Erroneous Payment of Amount Due: If, through mistake or oversight, any rental, shut in well~~
 44 ~~payment, minimum royalty or royalty payment, is not paid or is erroneously paid, and as a result a lease or interest therein terminates,~~
 45 ~~there shall be no monetary liability against the party who failed to make such payment. Unless the party who failed to make the required~~
 46 ~~payment secures a new lease covering the same interest within ninety (90) days from the discovery of the failure to make proper payment,~~
 47 ~~which acquisition will not be subject to Article VIII.B., the interests of the parties shall be revised on an acreage basis, effective as of the~~
 48 ~~date of termination of the lease involved, and the party who failed to make proper payment will no longer be credited with an interest in~~
 49 ~~the Contract Area on account of ownership of the lease or interest which has terminated. In the event the party who failed to make the~~
 50 ~~required payment shall not have been fully reimbursed, at the time of the loss, from the proceeds of the sale of oil and gas attributable to~~
 51 ~~the lost interest, calculated on an acreage basis, for the development and operating costs theretofore paid on account of such interest, it~~
 52 ~~shall be reimbursed for unrecovered actual costs theretofore paid by it (but not for its share of the cost of any dry hole previously drilled~~
 53 ~~or wells previously abandoned) from so much of the following as is necessary to effect reimbursement:~~

54 (a) ~~Proceeds of oil and gas, less operating expenses, theretofore accrued to the credit of the lost interest, on an acreage basis,~~
 55 ~~up to the amount of unrecovered costs;~~

56 (b) ~~Proceeds, less operating expenses, thereafter accrued attributable to the lost interest on an acreage basis, of that portion of~~
 57 ~~oil and gas thereafter produced and marketed (excluding production from any wells thereafter drilled) which, in the absence of such lease~~
 58 ~~termination, would be attributable to the lost interest on an acreage basis, up to the amount of unrecovered costs, the proceeds of said~~
 59 ~~portion of the oil and gas to be contributed by the other parties in proportion to their respective interest; and,~~

60 (c) ~~Any monies, up to the amount of unrecovered costs, that may be paid by any party who is, or becomes, the owner of the interest~~
 61 ~~lost, for the privilege of participating in the Contract Area or becoming a party to this agreement.~~

63 3. Other Losses: All losses incurred, other than those set forth in Articles IV.B.1. and ~~IV.B.2.~~ above, shall be joint losses
 64 and shall be borne by all parties in proportion to their interests. There shall be no readjustment of interests in the remaining portion of
 65 the Contract Area.

**ARTICLE V.
OPERATOR**

A. Designation and Responsibilities of Operator:

Gulfport Appalachia, LLC shall be the Operator of the Contract Area, and shall conduct and direct and have full control of all operations on the Contract Area as permitted and required by, and within the limits of this agreement. It shall conduct all such operations in a good and workmanlike manner, but it shall have no liability as Operator to the other parties for losses sustained or liabilities incurred, except such as may result from gross negligence or willful misconduct.

B. Resignation or Removal of Operator and Selection of Successor:

1. Resignation or Removal of Operator: Operator may resign at any time by giving written notice thereof to Non-Operators. If Operator terminates its legal existence, no longer owns an interest hereunder in the Contract Area, or is no longer capable of serving as Operator, Operator shall be deemed to have resigned without any action by Non-Operators, except the selection of a successor. Operator may be removed if it fails or refuses to carry out its duties hereunder, or becomes insolvent, bankrupt or is placed in receivership, by the affirmative vote of two (2) or more Non-Operators owning a majority interest based on ownership as shown on Exhibit "A" remaining after excluding the voting interest of Operator. Such resignation or removal shall not become effective until 7:00 o'clock A.M. on the first day of the calendar month following the expiration of ninety (90) days after the giving of notice of resignation by Operator or action by the Non-Operators to remove Operator, unless a successor Operator has been selected and assumes the duties of Operator at an earlier date. Operator, after effective date of resignation or removal, shall be bound by the terms hereof as a Non-Operator. A change of a corporate name or structure of Operator or transfer of Operator's interest to any ~~single~~ ^{affiliate,} subsidiary, parent or successor corporation shall not be the basis for removal of Operator.

2. Selection of Successor Operator: Upon the resignation or removal of Operator, a successor Operator shall be selected by the parties. The successor Operator shall be selected from the parties owning an interest in the Contract Area at the time such successor Operator is selected. The successor Operator shall be selected by the affirmative vote of two (2) or more parties owning a majority interest based on ownership as shown on Exhibit "A"; provided, however, if an Operator which has been removed fails to vote or votes only to succeed itself, the successor Operator shall be selected by the affirmative vote of two (2) or more parties owning a majority interest based on ownership as shown on Exhibit "A" remaining after excluding the voting interest of the Operator that was removed.

C. Employees:

The number of employees used by Operator in conducting operations hereunder, their selection, and the hours of labor and the compensation for services performed shall be determined by Operator, and all such employees shall be the employees of Operator.

D. Drilling Contracts:

All wells drilled on the Contract Area shall be drilled on a competitive contract basis at the usual rates prevailing in the area. If it so desires, Operator may employ its own tools and equipment in the drilling of wells, but its charges therefor shall not exceed the prevailing rates in the area ~~and the rate of such charges shall be agreed upon by the parties in writing before drilling operations are commenced,~~ and such work shall be performed by Operator under the same terms and conditions as are customary and usual in the area in contracts of independent contractors who are doing work of a similar nature.

**ARTICLE VI.
DRILLING AND DEVELOPMENT**

A. Initial Well:

On or before the 16th day of October, 2022, Operator shall commence the drilling of a well for oil and gas at the following location:
Operator anticipates the drilling of the initial well within one (1) year off the effective date of unitization order issued by division.
and shall thereafter continue the drilling of the well with due diligence to
unless granite or other practically impenetrable substance or condition in the hole, which renders further drilling impractical, is encountered at a lesser depth, or unless all parties agree to complete or abandon the well at a lesser depth.

Operator shall make reasonable tests of all formations encountered during drilling which give indication of containing oil and gas in quantities sufficient to test, unless this agreement shall be limited in its application to a specific formation or formations, in which event Operator shall be required to test only the formation or formations to which this agreement may apply.

ARTICLE VI

1 If, in Operator's judgment, the well will not produce oil or gas in paying quantities, and it wishes to plug and abandon the
2 well as a dry hole, the provisions of Article VI.E.1. shall thereafter apply.

3 **The Operator may propose the drilling of an Initial Well. Each Initial Well proposal shall be in writing and shall contain, at a**
4 **minimum, the following: (i) the proposed location of the Initial Well, including the proposed surface and bottom hole location; (ii)**
5 **the AFE setting forth the estimated cost to drill and complete the Initial Well; (iii) the proposed total depth and the drilling**
6 **program/prognosis for same if available; (iv) the configuration of the proposed Contract Area (as hereinafter defined) for such**
7 **Initial Well; and an executed JOA for the Initial Well being proposed covering the Contract Area for said well. A Party receiving an**
8 **Initial Well proposal shall have a response period of thirty (30) days after receipt of the proposal within which to notify the Operator**
9 **whether they elect to participate in the cost of the Initial Well. A party failing to respond to an Initial Well proposal made pursuant**
10 **to this provision within the thirty (30) day response period shall be deemed a Non-Consenting Party and shall be subject to the**
11 **following:**

12 **In the event a Party elects not to participate (a Non-Consenting Party) in the Initial Well proposed in the Contract Area**
13 **pursuant to Article VI.A., upon the timely commencement of actual drilling operations on such Well, such Non-Consenting Party**
14 **shall be deemed to have relinquished to the Consenting Parties, and the Consenting Parties shall own and be entitled to receive, in**
15 **proportion to their respective interests, all of such Non-Consenting Party's interest in the well and share of production therefrom**
16 **until the proceeds of the sale of such share, calculated at the well, or market value thereof if such share is not sold, (after deducting**
17 **production taxes, excise taxes, royalty, overriding royalty and other interests not excepted by Article III.D. payable out of or**
18 **measured by the production from such well accruing with respect to such interest until it reverts) shall equal the total of the**
19 **following: (a) 300% of such Non-Consenting Party's share of the cost of any newly acquired surface equipment beyond the wellhead**
20 **connections (including, but not limited to, stock tanks, separators, treaters, pumping equipment and piping), plus 300% of such Non-**
21 **Consenting Party's share of the cost of operation of the well commencing with first production and continuing until such Non-**
22 **Consenting Party's relinquished interest shall revert to it under other provisions of this Article, it being agreed that such Non-**
23 **Consenting Party's share of such costs and equipment will be that interest which would have been chargeable to such Non-**
24 **Consenting Party had it participated in the well from the beginning of the operations; and (b) 300% of that portion of the costs and**
25 **expenses of drilling, testing and completing, after deducting any cash contributions received under Article VIII.C., and 300% of that**
26 **portion of the cost of newly acquired equipment in the well (to and including wellhead connections), which would have been**
27 **chargeable to such Non-Consenting Party if it had participated therein.**

28
29 **B. Subsequent Operations:**

30 1. Proposed Operations: Should any party hereto desire to drill any well on the Contract Area other than the well provided
31 for in Article VI.A., or to rework, deepen or plug back a dry hole drilled at the joint expense of all parties or a well jointly owned by all
32 the parties and not then producing in paying quantities, the party desiring to drill, rework, deepen or plug back such a well shall give the
33 other parties written notice of the proposed operation, specifying the work to be performed, the location, proposed depth, objective forma-
34 tion and the estimated cost of the operation. The parties receiving such a notice shall have thirty (30) days after receipt of the notice
35 within which to notify the party wishing to do the work whether they elect to participate in the cost of the proposed operation. If a drill-
36 ing rig is on location, notice of a proposal to rework, plug back or drill deeper may be given by telephone and the response period shall be
37 limited to forty-eight (48) hours, exclusive of Saturday, Sunday, and legal holidays. Failure of a party receiving such notice to reply within
38 the period above fixed shall constitute an election by that party not to participate in the cost of the proposed operation. Any notice or
39 response given by telephone shall be promptly confirmed in writing.

40
41 If all parties elect to participate in such a proposed operation, Operator shall, within ~~ninety (90)~~ **one hundred twenty (120)** days after expiration of the notice
42 period of thirty (30) days (or as promptly as possible after the expiration of the forty-eight (48) hour period when a drilling rig is on loca-
43 tion, as the case may be), actually commence the proposed operation and complete it with due diligence at the risk and expense of all par-
44 ties hereto; provided, however, said commencement date may be extended upon written notice of same by Operator to the other parties,
45 for a period of up to thirty (30) additional days if, in the sole opinion of Operator, such additional time is reasonably necessary to obtain
46 permits from governmental authorities, surface rights (including rights-of-way) or appropriate drilling equipment, or to complete title ex-
47 amination or curative matter required for title approval or acceptance. Notwithstanding the force majeure provisions of Article XI, if the
48 actual operation has not been commenced within the time provided (including any extension thereof as specifically permitted herein) and
49 if any party hereto still desires to conduct said operation, written notice proposing same must be resubmitted to the other parties in accor-
50 dance with the provisions hereof as if no prior proposal had been made.

51 **Nothing contained herein shall prohibit Operator or the participating parties from actually commencing the proposed operation**
52 **before the expiration of the notice period nor shall the timing of such commencement affect in any way the validity of a party's**
53 **election or deemed election.**

54 2. Operations by Less than All Parties: If any party receiving such notice as provided in Article VI.B.1. or VII.D.1. (Option
55 No. 2) elects not to participate in the proposed operation, then, in order to be entitled to the benefits of this Article, the party or parties
56 giving the notice and such other parties as shall elect to participate in the operation shall, within ~~ninety (90)~~ **one hundred twenty (120)** days after the expiration of
57 the notice period of thirty (30) days (or as promptly as possible after the expiration of the forty-eight (48) hour period when a drilling rig is
58 on location, as the case may be) actually commence the proposed operation and complete it with due diligence. Operator shall perform all
59 work for the account of the Consenting Parties; provided, however, if no drilling rig or other equipment is on location, and if Operator is
60 a Non-Consenting Party, the Consenting Parties shall either: (a) request Operator to perform the work required by such proposed opera-
61 tion for the account of the Consenting Parties, or (b) designate one (1) of the Consenting Parties as Operator to perform such work. Con-
62 senting Parties, when conducting operations on the Contract Area pursuant to this Article VI.B.2., shall comply with all terms and con-
63 ditions of this agreement.

64
65
66 If less than all parties approve any proposed operation, the proposing party, immediately after the expiration of the applicable
67 notice period, shall advise the Consenting Parties of the total interest of the parties approving such operation and its recommendation as
68 to whether the Consenting Parties should proceed with the operation as proposed. Each Consenting Party, within forty-eight (48) hours
69
70

ARTICLE VI
continued

1 (exclusive of Saturday, Sunday and legal holidays) after receipt of such notice, shall advise the proposing party of its desire to (a) limit par-
2 ticipation to such party's interest as shown on Exhibit "A" or (b) carry its proportionate part of Non-Consenting Parties' interests, and
3 failure to advise the proposing party shall be deemed an election under (a). In the event a drilling rig is on location, the time permitted for
4 such a response shall not exceed a total of forty-eight (48) hours (inclusive of Saturday, Sunday and legal holidays). The proposing party,
5 at its election, may withdraw such proposal if there is insufficient participation and shall promptly notify all parties of such decision.

6
7
8

9 The entire cost and risk of conducting such operations shall be borne by the Consenting Parties in the proportions they have
10 elected to bear same under the terms of the preceding paragraph.* Consenting Parties shall keep the leasehold estates involved in such
11 operations free and clear of all liens and encumbrances of every kind created by or arising from the operations of the Consenting Parties.
12 If such an operation results in a dry hole, the Consenting Parties shall plug and abandon the well and restore the surface location at their
13 sole cost, risk and expense. If any well drilled, reworked, deepened or plugged back under the provisions of this Article results in a pro-
14 ducer of oil and/or gas in paying quantities, the Consenting Parties shall complete and equip the well to produce at their sole cost and risk,
15 *The Consenting Parties shall bear proportionately the well costs attributed to any unleased or uncommitted owners in the Contract
16 Area.

17 and the well shall then be turned over to Operator and shall be operated by it at the expense and for the account of the Consenting Par-
18 ties. Upon commencement of operations for the drilling, reworking, deepening or plugging back of any such well by Consenting Parties
19 in accordance with the provisions of this Article, each Non-Consenting Party shall be deemed to have relinquished to Consenting Parties,
20 and the Consenting Parties shall own and be entitled to receive, in proportion to their respective interests, all of such Non-Consenting
21 Party's interest in the well and share of production therefrom until the proceeds of the sale of such share, calculated at the well, or
22 market value thereof if such share is not sold, (after deducting production taxes, excise taxes, royalty, overriding royalty and other in-
23 terests not excepted by Article III.D. payable out of or measured by the production from such well accruing with respect to such interest
24 until it reverts) shall equal the total of the following:

25
26
27

28 (a) ~~100%~~^{200%} of each such Non-Consenting Party's share of the cost of any newly acquired surface equipment beyond the wellhead
29 (including, but not limited to, stock tanks, separators, treaters, pumping equipment and piping), plus / ~~100%~~^{200%} of each such
30 Non-Consenting Party's share of the cost of operation of the well commencing with first production and continuing until each such Non-
31 Consenting Party's relinquished interest shall revert to it under other provisions of this Article, it being agreed that each Non-
32 Consenting Party's share of such costs and equipment will be that interest which would have been chargeable to such Non-Consenting
33 Party had it participated in the well from the beginning of the operations; and

34
35
36

37 (b) 200 % of that portion of the costs and expenses of drilling, reworking, deepening, plugging back, testing and completing,
38 after deducting any cash contributions received under Article VIII.C., and two % of that portion of the cost of newly acquired equip-
39 ment in the well (to and including the wellhead connections), which would have been chargeable to such Non-Consenting Party if it had
40 participated therein.

41
42
43

44 An election not to participate in the drilling or the deepening of a well shall be deemed an election not to participate in any re-
45 working or plugging back operation proposed in such a well, or portion thereof, to which the initial Non-Consent election applied that is
46 conducted at any time prior to full recovery by the Consenting Parties of the Non-Consenting Party's recoupment account. Any such
47 reworking or plugging back operation conducted during the recoupment period shall be deemed part of the cost of operation of said well
48 and there shall be added to the sums to be recouped by the Consenting Parties / ~~one~~^{two} hundred percent (~~100%~~^{200%}) of that portion of the costs of
49 the reworking or plugging back operation which would have been chargeable to such Non-Consenting Party had it participated therein. If
50 such a reworking or plugging back operation is proposed during such recoupment period, the provisions of this Article VI.B. shall be ap-
51 plicable as between said Consenting Parties in said well.

52
53
54

55 During the period of time Consenting Parties are entitled to receive Non-Consenting Party's share of production, or the
56 proceeds therefrom, Consenting Parties shall be responsible for the payment of all production, severance, excise, gathering and other
57 taxes, and all royalty, overriding royalty and other burdens applicable to Non-Consenting Party's share of production not excepted by Ar-
58 ticle III.D.

59
60
61

62 In the case of any reworking, plugging back or deeper drilling operation, the Consenting Parties shall be permitted to use, free
63 of cost, all casing, tubing and other equipment in the well, but the ownership of all such equipment shall remain unchanged; and upon
64 abandonment of a well after such reworking, plugging back or deeper drilling, the Consenting Parties shall account for all such equip-
65 ment to the owners thereof, with each party receiving its proportionate part in kind or in value, less cost of salvage.

66
67

68 Within sixty (60) days after the completion of any operation under this Article, the party conducting the operations for the
69 Consenting Parties shall furnish each Non-Consenting Party with an inventory of the equipment in and connected to the well, and an
70 itemized statement of the cost of drilling, deepening, plugging back, testing, completing, and equipping the well for production; or, at its

ARTICLE VI
continued

1 option, the operating party, in lieu of an itemized statement of such costs of operation, may submit a detailed statement of monthly bill-
2 ings. Each month thereafter, during the time the Consenting Parties are being reimbursed as provided above, the party conducting the
3 operations for the Consenting Parties shall furnish the Non-Consenting Parties with an itemized statement of all costs and liabilities in-
4 curred in the operation of the well, together with a statement of the quantity of oil and gas produced from it and the amount of proceeds
5 realized from the sale of the well's working interest production during the preceding month. In determining the quantity of oil and gas
6 produced during any month, Consenting Parties shall use industry accepted methods such as, but not limited to, metering or periodic
7 well tests. Any amount realized from the sale or other disposition of equipment newly acquired in connection with any such operation
8 which would have been owned by a Non-Consenting Party had it participated therein shall be credited against the total unreturned costs
9 of the work done and of the equipment purchased in determining when the interest of such Non-Consenting Party shall revert to it as
10 above provided; and if there is a credit balance, it shall be paid to such Non-Consenting Party.

11

12

13 If and when the Consenting Parties recover from a Non-Consenting Party's relinquished interest the amounts provided for above,
14 the relinquished interests of such Non-Consenting Party shall automatically revert to it /, and, from and after such reversion, such Non-
15 Consenting Party shall own the same interest in such well, the material and equipment in or pertaining thereto, and the production
16 therefrom as such Non-Consenting Party would have been entitled to had it participated in the drilling, reworking, deepening or plugging
17 back of said well. Thereafter, such Non-Consenting Party shall be charged with and shall pay its proportionate part of the further costs of
18 the operation of said well in accordance with the terms of this agreement and the Accounting Procedure attached hereto.

19

20

21

22 Notwithstanding the provisions of this Article VI.B.2., it is agreed that without the mutual consent of all parties, no wells shall
23 be completed in or produced from a source of supply from which a well located elsewhere on the Contract Area is producing, unless such
24 well conforms to the then-existing well spacing pattern for such source of supply.

25

26

27

28 ~~The provisions of this Article shall have no application whatsoever to the drilling of the initial well described in Article VI.A.~~
29 ~~except (a) as to Article VII.D.1. (Option No. 2), if selected, or (b) as to the reworking, deepening and plugging back of such initial well~~
30 ~~after it has been drilled to the depth specified in Article VI.A. if it shall thereafter prove to be a dry hole or, if initially completed for pro-~~
31 ~~duction, ceases to produce in paying quantities.~~

32

33

34

35 3. Stand-By Time: When a well which has been drilled or deepened has reached its authorized depth and all tests have been
36 completed, and the results thereof furnished to the parties, stand-by costs incurred pending response to a party's notice proposing a
37 reworking, deepening, plugging back or completing operation in such a well shall be charged and borne as part of the drilling or deepening
38 operation just completed. Stand-by costs subsequent to all parties responding, or expiration of the response time permitted, whichever
39 first occurs, and prior to agreement as to the participating interests of all Consenting Parties pursuant to the terms of the second gram-
40 matical paragraph of Article VI.B.2., shall be charged to and borne as part of the proposed operation, but if the proposal is subsequently
41 withdrawn because of insufficient participation, such stand-by costs shall be allocated between the Consenting Parties in the proportion
42 each Consenting Party's interest as shown on Exhibit "A" bears to the total interest as shown on Exhibit "A" of all Consenting Par-
43 ties.

44

45

46

47 4. Sidetracking: Except as hereinafter provided, those provisions of this agreement applicable to a "deepening" operation shall
48 also be applicable to any proposal to directionally control and intentionally deviate a well from vertical so as to change the bottom hole
49 location (herein call "sidetracking"), unless done to straighten the hole or to drill around junk in the hole or because of other
50 mechanical difficulties. Any party having the right to participate in a proposed sidetracking operation that does not own an interest in the
51 affected well bore at the time of the notice shall, upon electing to participate, tender to the well bore owners its proportionate share (equal
52 to its interest in the sidetracking operation) of the value of that portion of the existing well bore to be utilized as follows:

53

54

55 (a) If the proposal is for sidetracking an existing dry hole, reimbursement shall be on the basis of the actual costs incurred in
56 the initial drilling of the well down to the depth at which the sidetracking operation is initiated.

56

57

58 (b) If the proposal is for sidetracking a well which has previously produced, reimbursement shall be on the basis of the well's
59 salvable materials and equipment down to the depth at which the sidetracking operation is initiated, determined in accordance with the
60 provisions of Exhibit "C", less the estimated cost of salvaging and the estimated cost of plugging and abandoning.

61

62

63 In the event that notice for a sidetracking operation is given while the drilling rig to be utilized is on location, the response period
64 shall be limited to forty-eight (48) hours, exclusive of Saturday, Sunday and legal holidays; provided, however, any party may request and
65 receive up to eight (8) additional days after expiration of the forty-eight (48) hours within which to respond by paying for all stand-by time
66 incurred during such extended response period. If more than one party elects to take such additional time to respond to the notice, stand
67 by costs shall be allocated between the parties taking additional time to respond on a day-to-day basis in the proportion each electing par-
68 ty's interest as shown on Exhibit "A" bears to the total interest as shown on Exhibit "A" of all the electing parties. In all other in-
69 stances the response period to a proposal for sidetracking shall be limited to thirty (30) days.

1 C. TAKING PRODUCTION IN KIND:
2

3 Each party shall take in kind or separately dispose of its proportionate share of all oil and gas produced from the Contract Area,
4 exclusive of production which may be used in development and producing operations and in preparing and treating oil and gas for
5 marketing purposes and production unavoidably lost. Any extra expenditure incurred in the taking in kind or separate disposition by any
6 party of its proportionate share of the production shall be borne by such party. Any party taking its share of production in kind shall be
7 required to pay for only its proportionate share of such part of Operator's surface facilities which it uses.
8

9 Each party shall execute such division orders and contracts as may be necessary for the sale of its interest in production from
10 the Contract Area, and, except as provided in Article VII.B., shall be entitled to receive payment directly from the purchaser thereof for
11 its share of all production.
12

13 In the event any party shall fail to make the arrangements necessary to take in kind or separately dispose of its proportionate share of
14 the oil / ~~produced from the Contract Area, Operator shall have the right, subject to the revocation at will by the party owning it, but not~~
~~and/or gas~~ ~~and/or gas~~
15 the obligation, to purchase such oil / or sell it to others at any time and from time to time, for the account of the non-taking party at the
16 ~~best price / obtainable in the area for~~ ~~received from the sale of~~ ~~best price / obtainable in the area for~~ such production. Any such purchase or sale by Operator shall be subject always to the right of the
17 owner of the production to exercise at any time its right to take in kind, or separately dispose of, its share of all oil / ~~not previously~~
~~and/or gas~~ ~~and/or gas~~
18 delivered to a purchaser. Any purchase or sale by Operator of any other party's share of oil / shall be only for such reasonable periods of
19 time as are consistent with the minimum needs of the industry under the particular circumstances, but in no event for a period in excess
20 of one (1) year.
21

22 In the event one or more parties' separate disposition of its share of the gas causes split-stream deliveries to separate pipelines and/or
23 deliveries which on a day-to-day basis for any reason are not exactly equal to a party's respective proportionate share of total gas sales to
24 be allocated to it, the balancing or accounting between the respective accounts of the parties shall be in accordance with any gas balancing
25 agreement between the parties hereto, whether such an agreement is attached as Exhibit "E", or is a separate agreement.
26

27 D. Access to Contract Area and Information:
28

29 Each party shall have access to the Contract Area at all reasonable times, at its sole cost and risk to inspect or observe operations,
30 and shall have access at reasonable times to information pertaining to the development or operation thereof, including Operator's books
31 and records relating thereto. Operator, upon request, shall furnish each of the other parties with copies of all forms or reports filed with
32 governmental agencies, ~~daily drilling reports, well logs, / tank tables, daily gauge and run tickets and reports of stock on hand at the first of~~
~~and actual monthly oil and gas production and sales volumes~~
33 each month, and shall make available samples of any cores or cuttings taken from any well drilled on the Contract Area. The cost of
34 gathering and furnishing information to Non-Operator, other than that specified above, shall be charged to the Non-Operator that re-
35 quests the Information. **Non-consenting parties shall be denied access to the well location and well information during the non-consent**
36 **period.**
37

38 E. Abandonment of Wells:
39

40 1. Abandonment of Dry Holes: Except for any well drilled or deepened pursuant to Article VI.B.2., any well which has been
41 drilled or deepened under the terms of this agreement and is proposed to be completed as a dry hole shall not be plugged and abandoned
42 without the consent of all parties. Should Operator, after diligent effort, be unable to contact any party, or should any party fail to reply
43 within forty-eight (48) hours (exclusive of Saturday, Sunday and legal holidays) after receipt of notice of the proposal to plug and abandon
44 such well, such party shall be deemed to have consented to the proposed abandonment. All such wells shall be plugged and abandoned in
45 accordance with applicable regulations and at the cost, risk and expense of the parties who participated in the cost of drilling or deepening
46 such well. Any party who objects to plugging and abandoning such well shall have the right to take over the well and conduct further
47 operations in search of oil and/or gas subject to the provisions of Article VI.B.

48 2. Abandonment of Wells that have Produced: Except for any well in which a Non-Consent operation has been conducted
49 hereunder for which the Consenting Parties have not been fully reimbursed as herein provided, any well which has been completed as a
50 producer shall not be plugged and abandoned without the consent of all parties / ~~who participated in the cost of drilling the well~~
51 ~~Failure of a party to make written election within thirty (30) days will be deemed to be a consent to the abandonment of the well.~~ If all parties consent to such abandonment, the well shall
52 be plugged and abandoned in accordance with applicable regulations and at the cost, risk and expense of all the parties hereto. If, within
53 thirty (30) days after receipt of notice of the proposed abandonment of any well, all parties do not agree to the abandonment of such well,
54 those wishing to continue its operation from the interval(s) of the formation(s) then open to production shall tender to each of the other
55 parties its proportionate share of the value of the well's salvable material and equipment, determined in accordance with the provisions of
56 Exhibit "C", less the estimated cost of salvaging and the estimated cost of plugging and abandoning. / Each abandoning party shall assign
57 the non-abandoning parties, without warranty, express or implied, as to title or as to quantity, or fitness for use of the equipment and
58 material, all of its interest in the well and related equipment, together with its interest in the leasehold estate as to, but only as to, the in-
59 terval or intervals of the formation or formations then open to production. If the interest of the abandoning party is or includes an oil and
60 gas interest, such party shall execute and deliver to the non-abandoning party or parties an oil and gas lease, limited to the interval or in-
61 tervals of the formation or formations then open to production, for a term of one (1) year and so long thereafter as oil and/or gas is pro-
62 duced from the interval or intervals of the formation or formations covered thereby, such lease to be on the form attached as Exhibit

2 assignments or leases to, the assignees shall be in a ratio based upon the relationship of their respective percentage of participation in the
3 Contract Area to the aggregate of the percentages of participation in the Contract Area of all assignees. There shall be no readjustment of
4 interests in the remaining portion of the Contract Area.

5

6 Thereafter, abandoning parties shall have no further responsibility, liability, or interest in the operation of or production from
7 the well in the interval or intervals then open other than the royalties retained in any lease made under the terms of this Article. ~~Upon re-~~
8 ~~quest,~~ **At the election of the Non-Operators,** / Operator shall continue to operate the assigned well for the account of the non-abandoning parties at the rates and charges con-
9 templated by this agreement, plus any additional cost and charges which may arise as the result of the separate ownership of the assigned
10 well. Upon proposed abandonment of the producing interval(s) assigned or leased, the assignor or lessor shall then have the option to
11 repurchase its prior interest in the well (using the same valuation formula) and participate in further operations therein subject to the pro-
12 visions hereof.

13

14 3. Abandonment of Non-Consent Operations: The provisions of Article VI.E.1. or VI.E.2 above shall be applicable as between
15 Consenting Parties in the event of the proposed abandonment of any well excepted from said Articles; provided, however, no well shall be
16 permanently plugged and abandoned unless and until all parties having the right to conduct further operations therein have been notified
17 of the proposed abandonment and afforded the opportunity to elect to take over the well in accordance with the provisions of this Article

ARTICLE VII.
EXPENDITURES AND LIABILITY OF PARTIES

23 **A. Liability of Parties:**

24

25 The liability of the parties shall be several, not joint or collective. Each party shall be responsible only for its obligations, and
26 shall be liable only for its proportionate share of the costs of developing and operating the Contract Area. Accordingly, the liens granted
27 among the parties in Article VII.B. are given to secure only the debts of each severally. It is not the intention of the parties to create, nor
28 shall this agreement be construed as creating, a mining or other partnership or association, or to render the parties liable as partners.

30 **B. Liens and Payment Defaults:**

31

32 Each Non-Operator grants to Operator a lien upon its oil and gas rights in the Contract Area, and a security interest in its share
33 of oil and/or gas when extracted and its interest in all equipment, to secure payment of its share of expense, together with interest thereon
34 at the rate provided in Exhibit "C". To the extent that Operator has a security interest under the Uniform Commercial Code of the
35 state, Operator shall be entitled to exercise the rights and remedies of a secured party under the Code. The bringing of a suit and the ob-
36 taining of judgment by Operator for the secured indebtedness shall not be deemed an election of remedies or otherwise affect the lien
37 rights or security interest as security for the payment thereof. In addition, upon default by any Non-Operator in the payment of its share
38 of expense, Operator shall have the right, without prejudice to other rights or remedies, to collect from the purchaser the proceeds from
39 the sale of such Non-Operator's share of oil and/or gas until the amount owed by such Non-Operator, plus interest, has been paid. Each
40 purchaser shall be entitled to rely upon Operator's written statement concerning the amount of any default. Operator grants a like lien
41 and security interest to the Non-Operators to secure payment of Operator's proportionate share of expense.

42

43 If any party fails or is unable to pay its share of expense within sixty (60) days after rendition of a statement therefor by
44 Operator, the non-defaulting parties, including Operator, shall, upon request by Operator, pay the unpaid amount in the proportion that
45 the interest of each such party bears to the interest of all such parties. Each party so paying its share of the unpaid amount shall, to obtain
46 reimbursement thereof, be subrogated to the security rights described in the foregoing paragraph.

47

48 **C. Payments and Accounting:**

49

50 Except as herein otherwise specifically provided, Operator shall promptly pay and discharge expenses incurred in the development
51 and operation of the Contract Area pursuant to this agreement and shall charge each of the parties hereto with their respective propor-
52 tionate shares upon the expense basis provided in Exhibit "C". Operator shall keep an accurate record of the joint account hereunder,
53 showing expenses incurred and charges and credits made and received.

54

55 Operator, at its election, shall have the right from time to time to demand and receive from the other parties payment in advance
56 of their respective shares of the estimated amount of the expense to be incurred in operations hereunder during the next succeeding
57 month, which right may be exercised only by submission to each such party of an itemized statement of such estimated expense, together
58 with an invoice for its share thereof. Each such statement and invoice for the payment in advance of estimated expense shall be submitted
59 on or before the 20th day of the next preceding month. Each party shall pay to Operator its proportionate share of such estimate within
60 fifteen (15) days after such estimate and invoice is received. If any party fails to pay its share of said estimate within said time, the amount
61 due shall bear interest as provided in Exhibit "C" until paid. Proper adjustment shall be made monthly between advances and actual ex-
62 pense to the end that each party shall bear and pay its proportionate share of actual expenses incurred, and no more.

63

64 **D. Limitation of Expenditures:**

65

66 1. Drill or Deepen: Without the consent of all parties, no well shall be drilled or deepened, except any well drilled or deepened
67 pursuant to the provisions of Article VI.B.2. of this agreement. Consent to the drilling or deepening shall include:

68

69

70

ARTICLE VII
continued

1 **Option No. 1:** All necessary expenditures for the drilling or deepening, testing, completing and equipping of the well, including
2 necessary tankage and/or surface facilities.

3 **See Article XV.G.**

4 **Option No. 2:** All necessary expenditures for the drilling or deepening and testing of the well. When such well has reached its
5 authorized depth, and all tests have been completed, and the results thereof furnished to the parties, Operator shall give immediate notice
6 to the Non-Operators who have the right to participate in the completion costs. The parties receiving such notice shall have forty-eight
7 (48) hours (exclusive of Saturday, Sunday and legal holidays) in which to elect to participate in the setting of casing and the completion at-
8 tempt. Such election, when made, shall include consent to all necessary expenditures for the completing and equipping of such well, in-
9 cluding necessary tankage and/or surface facilities. Failure of any party receiving such notice to reply within the period above fixed shall
10 constitute an election by that party not to participate in the cost of the completion attempt. If one or more, but less than all of the parties,
11 elect to set pipe and to attempt a completion, the provisions of Article VI.B.2. hereof (the phrase "reworking, deepening or plugging
12 back" as contained in Article VI.B.2. shall be deemed to include "completing") shall apply to the operations thereafter conducted by less
13 than all parties.

14 **See Article XV.G.**

15 2. **Rework or Plug Back:** Without the consent of all parties, no well shall be reworked or plugged back except a well reworked or
16 plugged back pursuant to the provisions of Article VI.B.2. of this agreement. Consent to the reworking or plugging back of a well shall
17 include all necessary expenditures in conducting such operations and completing and equipping of said well, including necessary tankage
18 and/or surface facilities.

19
20 3. **Other Operations:** Without the consent of all parties, Operator shall not undertake any single project reasonably estimated
21 to require an expenditure in excess of Fifty Thousand Dollars (\$ 50,000.00)
22 except in connection with a well, the drilling, reworking, deepening, completing, recompleting, or plugging back of which has been
23 previously authorized by or pursuant to this agreement; provided, however, that, in case of explosion, fire, flood or other sudden
24 emergency, whether of the same or different nature, Operator may take such steps and incur such expenses as in its opinion are required
25 to deal with the emergency to safeguard life and property but Operator, as promptly as possible, shall report the emergency to the other
26 parties. If Operator prepares an authority for expenditure (AFE) for its own use, Operator shall furnish any Non-Operator so requesting
27 an information copy thereof for any single project costing in excess of Fifty Thousand
28 Dollars (\$ 50,000.00) but less than the amount first set forth above in this paragraph. **An AFE is an estimate**
29 **only of costs and in no way shall the execution of an AFE limit the liability of any party.**

30
31 **E. Rentals, Shut-in Well Payments and Minimum Royalties:**

32
33 Rentals, shut-in well payments and minimum royalties which may be required under the terms of any lease shall be paid by the
34 party or parties who subjected such lease to this agreement at its or their expense. In the event two or more parties own and have con-
35 tributed interests in the same lease to this agreement, such parties may designate one of such parties to make said payments for and on
36 behalf of all such parties. Any party may request, and shall be entitled to receive, proper evidence of all such payments. In the event of
37 failure to make proper payment of any rental, shut-in well payment or minimum royalty through mistake or oversight where such pay-
38 ment is required to continue the lease in force, any loss which results from such non-payment shall be borne in accordance with the pro-
39 visions of Article ~~IV.B.2.~~ **IV.B.3.**

40
41 Operator shall notify Non-Operator of the anticipated completion of a shut-in gas well ^{drilled hereunder} /, or the shutting in or return to production
42 of a producing gas well ^{drilled hereunder} /, at least five (5) days (excluding Saturday, Sunday and legal holidays), or at the earliest opportunity permitted by
43 circumstances, prior to taking such action, but assumes no liability for failure to do so. In the event of failure by Operator to so notify
44 Non-Operator, the loss of any lease contributed hereto by Non-Operator for failure to make timely payments of any shut-in well payment
45 ^{attributable to a well drilled hereunder} / shall be borne jointly by the parties hereto under the provisions of Article IV.B.3.

46
47 **F. Taxes:**

48
49 Beginning with the first calendar year after the effective date hereof, Operator shall render for ad valorem taxation all property
50 subject to this agreement which by law should be rendered for such taxes, and it shall pay all such taxes assessed thereon before they
51 become delinquent. Prior to the rendition date, each Non-Operator shall furnish Operator information as to burdens (to include, but not
52 be limited to, royalties, overriding royalties and production payments) on leases and oil and gas interests contributed by such Non-
53 Operator. If the assessed valuation of any leasehold estate is reduced by reason of its being subject to outstanding excess royalties, over-
54 riding royalties or production payments, the reduction in ad valorem taxes resulting therefrom shall inure to the benefit of the owner or
55 owners of such leasehold estate, and Operator shall adjust the charge to such owner or owners so as to reflect the benefit of such reduc-
56 tion. If the ad valorem taxes are based in whole or in part upon separate valuations of each party's working interest, then notwithstanding
57 anything to the contrary herein, charges to the joint account shall be made and paid by the parties hereto in accordance with the tax
58 value generated by each party's working interest. Operator shall bill the other parties for their proportionate shares of all tax payments in
59 the manner provided in Exhibit "C".

60
61 If Operator considers any tax assessment improper, Operator may, at its discretion, protest within the time and manner
62 prescribed by law, and prosecute the protest to a final determination, unless all parties agree to abandon the protest prior to final deter-
63 mination. During the pendency of administrative or judicial proceedings, Operator may elect to pay, under protest, all such taxes and any
64 interest and penalty. When any such protested assessment shall have been finally determined, Operator shall pay the tax for the joint ac-
65 count, together with any interest and penalty accrued, and the total cost shall then be assessed against the parties, and be paid by them, as
66 provided in Exhibit "C".

67
68 Each party shall pay or cause to be paid all production, severance, excise, gathering and other taxes imposed upon or with respect
69 to the production or handling of such party's share of oil and/or gas produced under the terms of this agreement.

70

ARTICLE VII
continued

1 **G. Insurance:**

2

3 At all times while operations are conducted hereunder, Operator shall comply with the workmen's compensation law of
4 the state where the operations are being conducted; provided, however, that Operator may be a self-insurer for liability under said com-
5 pensation laws in which event the only charge that shall be made to the joint account shall be as provided in Exhibit "C". Operator shall
6 also carry or provide insurance for the benefit of the joint account of the parties as outlined in Exhibit "D", attached to and made a part
7 hereof. Operator shall require all contractors engaged in work on or for the Contract Area to comply with the workmen's compensation
8 law of the state where the operations are being conducted and to maintain such other insurance as Operator may require.

9

10 ~~In the event automobile public liability insurance is specified in said Exhibit "D", or subsequently receives the approval of the~~
11 ~~parties, no direct charge shall be made by Operator for premiums paid for such insurance for Operator's automotive equipment.~~

12

13

14

15

16 **A. Surrender of Leases:**

17

18 The leases covered by this agreement, insofar as they embrace acreage in the Contract Area, shall not be surrendered in whole
19 or in part unless all parties consent thereto; **however, no consent shall be necessary to release a lease which has expired or otherwise**
20 **terminated or if release is required by law or order of notice of violation from the regulatory agency having jurisdiction, and notice of**
such release shall be provided to the other parties.

21 However, should any party desire to surrender its interest in any lease or in any portion thereof, and the other parties do not
22 agree or consent thereto, the party desiring to surrender shall assign, without express or implied warranty of title, all of its interest in
23 such lease, or portion thereof, and any well, material and equipment which may be located thereon and any rights in production
24 thereafter secured, to the parties not consenting to such surrender. If the interest of the assigning party is or includes an oil and gas in-
25 terest, the assigning party shall execute and deliver to the party or parties not consenting to such surrender an oil and gas lease covering
26 such oil and gas interest for a term of one (1) year and so long thereafter as oil and/or gas is produced / from the land covered thereby, such
27 lease to be on the form attached hereto as Exhibit "B". Upon such assignment or lease, the assigning party shall be relieved from all
28 obligations thereafter accruing, but not theretofore accrued, with respect to the interest assigned or leased and the operation of any well
29 attributable thereto, and the assigning party shall have no further interest in the assigned or leased premises and its equipment and pro-
30 duction other than the royalties retained in any lease made under the terms of this Article. The party assignee or lessee shall pay to the
31 party assignor or lessor the reasonable salvage value of the latter's interest in any wells and equipment attributable to the assigned or leas-
32 ed acreage. The value of all material shall be determined in accordance with the provisions of Exhibit "C", less the estimated cost of
33 salvaging and the estimated cost of plugging and abandoning. If the assignment or lease is in favor of more than one party, the interest
34 shall be shared by such parties in the proportions that the interest of each bears to the total interest of all such parties.

35

36 Any assignment, lease or surrender made under this provision shall not reduce or change the assignor's, lessor's or surrendering
37 party's interest as it was immediately before the assignment, lease or surrender in the balance of the Contract Area; and the acreage
38 assigned, leased or surrendered, and subsequent operations thereon, shall not thereafter be subject to the terms and provisions of this
39 agreement.

40

41 **B. Renewal or Extension of Leases:**

42

43 If any party secures a renewal of any oil and gas lease subject to this agreement, all other parties shall be notified promptly, and
44 shall have the right for a period of thirty (30) days following receipt of such notice in which to elect to participate in the ownership of the
45 renewal lease, insofar as such lease affects lands within the Contract Area, by paying to the party who acquired it their several proper pro-
46 portionate shares of the acquisition cost allocated to that part of such lease within the Contract Area, which shall be in proportion to the
47 interests held at that time by the parties in the Contract Area.

48

49 If some, but less than all, of the parties elect to participate in the purchase of a renewal lease, it shall be owned by the parties
50 who elect to participate therein, in a ratio based upon the relationship of their respective percentage of participation in the Contract Area
51 to the aggregate of the percentages of participation in the Contract Area of all parties participating in the purchase of such renewal lease.
52 Any renewal lease in which less than all parties elect to participate shall not be subject to this agreement.

53

54 Each party who participates in the purchase of a renewal lease shall be given an assignment of its proportionate interest therein
55 by the acquiring party.

56

57 The provisions of this Article shall apply to renewal leases whether they are for the entire interest covered by the expiring lease
58 or cover only a portion of its area or an interest therein. Any renewal lease taken before the expiration of its predecessor lease, or taken or
59 contracted for within six (6) months after the expiration of the existing lease shall be subject to this provision; but any lease taken or con-
60 tracted for more than six (6) months after the expiration of an existing lease shall not be deemed a renewal lease and shall not be subject to
61 the provisions of this agreement.

62

63 The provisions in this Article shall also be applicable to extensions of oil and gas leases.

64

65 **C. Acreage or Cash Contributions:**

66

67 While this agreement is in force, if any party contracts for a contribution of cash towards the drilling of a well or any other
68 operation on the Contract Area, such contribution shall be paid to the party who conducted the drilling or other operation and shall be
69 applied by it against the cost of such drilling or other operation. If the contribution be in the form of acreage, the party to whom the con-
70 tribution is made shall promptly tender an assignment of the acreage, without warranty of title, to the Drilling Parties in the proportions

ARTICLE VIII
continued

1 said Drilling Parties shared the cost of drilling the well. Such acreage shall become a separate Contract Area and, to the extent possible, be
 2 governed by provisions identical to this agreement. Each party shall promptly notify all other parties of any acreage or cash contributions
 3 it may obtain in support of any well or any other operation on the Contract Area. The above provisions shall also be applicable to op-
 4 tional rights to earn acreage outside the Contract Area which are in support of a well drilled inside the Contract Area.

5
 6 If any party contracts for any consideration relating to disposition of such party's share of substances produced hereunder, such
 7 consideration shall not be deemed a contribution as contemplated in this Article VIII.C.

8
 9 **D. Maintenance of Uniform Interests:**

10
 11 ~~For the purpose of maintaining uniformity of ownership in the oil and gas leasehold interests covered by this agreement, no~~
 12 ~~party shall sell, encumber, transfer or make other disposition of its interest in the leases embraced within the Contract Area and in wells,~~
 13 ~~equipment and production unless such disposition covers either:~~

- 14
 15 1. ~~the entire interest of the party in all leases and equipment and production; or~~
 16
 17 2. ~~an equal undivided interest in all leases and equipment and production in the Contract Area.~~

18
 19 Every ~~such~~ sale, encumbrance, transfer or other disposition made by any party shall be made expressly subject to this agreement
 20 and shall be made without prejudice to the right of the other parties.

21
 22 If, at any time the interest of any party is divided among and owned by ~~four~~^{two} or more co-owners, Operator, at its discretion, may
 23 require such co-owners to appoint a single trustee or agent with full authority to receive notices, approve expenditures, receive billings for
 24 and approve and pay such party's share of the joint expenses, and to deal generally with, and with power to bind, the co-owners of such
 25 party's interest within the scope of the operations embraced in this agreement; however, all such co-owners shall have the right to enter
 26 into and execute all contracts or agreements for the disposition of their respective shares of the oil and gas produced from the Contract
 27 Area and they shall have the right to receive, separately, payment of the sale proceeds thereof.
 28 ~~Also see Article XV.E.~~

29 **E. Waiver of Rights to Partition:**

30
 31 If permitted by the laws of the state or states in which the property covered hereby is located, each party hereto owning an
 32 undivided interest in the Contract Area waives any and all rights it may have to partition and have set aside to it in severalty its undivided
 33 interest therein.

34
 35 ~~**F. Preferential Right to Purchase:**~~

36
 37 ~~Should any party desire to sell all or any part of its interests under this agreement, or its rights and interests in the Contract~~
 38 ~~Area, it shall promptly give written notice to the other parties, with full information concerning its proposed sale, which shall include the~~
 39 ~~name and address of the prospective purchaser (who must be ready, willing and able to purchase), the purchase price, and all other terms~~
 40 ~~of the offer. The other parties shall then have an optional prior right, for a period of ten (10) days after receipt of the notice, to purchase~~
 41 ~~on the same terms and conditions the interest which the other party proposes to sell; and, if this optional right is exercised, the purchas-~~
 42 ~~ing parties shall share the purchased interest in the proportions that the interest of each bears to the total interest of all purchasing par-~~
 43 ~~ties. However, there shall be no preferential right to purchase in those cases where any party wishes to mortgage its interests, or to~~
 44 ~~dispose of its interests by merger, reorganization, consolidation, or sale of all or substantially all of its assets to a subsidiary or parent com-~~
 45 ~~pany or to a subsidiary of a parent company, or to any company in which any one party owns a majority of the stock.~~

46
 47 **ARTICLE IX.**
 48 **INTERNAL REVENUE CODE ELECTION**

49
 50 This agreement is not intended to create, and shall not be construed to create, a relationship of partnership or an association
 51 for profit between or among the parties hereto. Notwithstanding any provision herein that the rights and liabilities hereunder are several
 52 and not joint or collective, or that this agreement and operations hereunder shall not constitute a partnership, if, for federal income tax
 53 purposes, this agreement and the operations hereunder are regarded as a partnership, each party hereby affected elects to be excluded
 54 from the application of all of the provisions of Subchapter "K", Chapter 1, Subtitle "A", of the Internal Revenue Code of 1954, as per-
 55 mitted and authorized by Section 761 of the Code and the regulations promulgated thereunder. Operator is authorized and directed to ex-
 56 ecute on behalf of each party hereby affected such evidence of this election as may be required by the Secretary of the Treasury of the
 57 United States or the Federal Internal Revenue Service, including specifically, but not by way of limitation, all of the returns, statements,
 58 and the data required by Federal Regulations 1.761. Should there be any requirement that each party hereby affected give further
 59 evidence of this election, each such party shall execute such documents and furnish such other evidence as may be required by the
 60 Federal Internal Revenue Service or as may be necessary to evidence this election. No such party shall give any notices or take any other
 61 action inconsistent with the election made hereby. If any present or future income tax laws of the state or states in which the Contract
 62 Area is located or any future income tax laws of the United States contain provisions similar to those in Subchapter "K", Chapter 1,
 63 Subtitle "A", of the Internal Revenue Code of 1954, under which an election similar to that provided by Section 761 of the Code is per-
 64 mitted, each party hereby affected shall make such election as may be permitted or required by such laws. In making the foregoing elec-
 65 tion, each such party states that the income derived by such party from operations hereunder can be adequately determined without the
 66 computation of partnership taxable income.

**ARTICLE X.
CLAIMS AND LAWSUITS**

Operator may settle any single uninsured third party damage claim or suit arising from operations hereunder if the expenditure does not exceed Fifty Thousand Dollars (\$ 50,000.00) and if the payment is in complete settlement of such claim or suit. If the amount required for settlement exceeds the above amount, the parties hereto shall assume and take over the further handling of the claim or suit, unless such authority is delegated to Operator. All costs and expenses of handling, settling, or otherwise discharging such claim or suit shall be at the joint expense of the parties participating in the operation from which the claim or suit arises. If a claim is made against any party or if any party is sued on account of any matter arising from operations hereunder over which such individual has no control because of the rights given Operator by this agreement, such party shall immediately notify all other parties, and the claim or suit shall be treated as any other claim or suit involving operations hereunder.

**ARTICLE XI.
FORCE MAJEURE**

If any party is rendered unable, wholly or in part, by force majeure to carry out its obligations under this agreement, other than the obligation to make money payments, that party shall give to all other parties prompt written notice of the force majeure with reasonably full particulars concerning it; thereupon, the obligations of the party giving the notice, so far as they are affected by the force majeure, shall be suspending during, but no longer than, the continuance of the force majeure. The affected party shall use all reasonable diligence to remove the force majeure situation as quickly as practicable.

The requirement that any force majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes, lockouts, or other labor difficulty by the party involved, contrary to its wishes; how all such difficulties shall be handled shall be entirely within the discretion of the party concerned.

The term "force majeure", as here employed, shall mean an act of God, strike, lockout, or other industrial disturbance, act of the public enemy, war, blockade, public riot, lightning, fire, storm, flood, explosion, governmental action, governmental delay, restraint or inaction, unavailability of equipment, and any other cause, whether of the kind specifically enumerated above or otherwise, which is not reasonably within the control of the party claiming suspension.

**ARTICLE XII.
NOTICES**

All notices authorized or required between the parties and required by any of the provisions of this agreement, unless otherwise specifically provided, shall be given in writing by mail or telegram, postage or charges prepaid, or by telex or telecopier and addressed to the parties to whom the notice is given at the addresses listed on Exhibit "A". The originating notice given under any provision hereof shall be deemed given only when received by the party to whom such notice is directed, and the time for such party to give any notice in response thereto shall run from the date the originating notice is received. The second or any responsive notice shall be deemed given when deposited in the mail or with the telegraph company, with postage or charges prepaid, or sent by telex or telecopier. Each party shall have the right to change its address at any time, and from time to time, by giving written notice thereof to all other parties.

**ARTICLE XIII.
TERM OF AGREEMENT**

This agreement shall remain in full force and effect as to the oil and gas leases and/or oil and gas interests subject hereto for the period of time selected below; provided, however, no party hereto shall ever be construed as having any right, title or interest in or to any lease or oil and gas interest contributed by any other party beyond the term of this agreement.

~~Option No. 1: So long as any of the oil and gas leases subject to this agreement remain or are continued in force as to any part of the Contract Area, whether by production, extension, renewal, or otherwise.~~

Option No. 2: In the event the well described in Article VI.A., or any subsequent well drilled under any provision of this agreement, results in production of oil and/or gas in paying quantities, this agreement shall continue in force so long as any such well or wells produce, or are capable of production, and for an additional period of 90 days from cessation of all production; provided, however, if, prior to the expiration of such additional period, one or more of the parties hereto are engaged in drilling, reworking, deepening, plugging back, testing or attempting to complete a well or wells hereunder, this agreement shall continue in force until such operations have been completed and if production results therefrom, this agreement shall continue in force as provided herein. In the event the well described in Article VI.A., or any subsequent well drilled hereunder, results in a dry hole, and no other well is producing, or capable of producing oil and/or gas from the Contract Area, this agreement shall terminate unless drilling, deepening, plugging back or reworking operations are commenced within 90 days from the date of abandonment of said well.

It is agreed, however, that the termination of this agreement shall not relieve any party hereto from any liability which has accrued or attached prior to the date of such termination.

**ARTICLE XIV.
COMPLIANCE WITH LAWS AND REGULATIONS**

A. Laws, Regulations and Orders:

This agreement shall be subject to the conservation laws of the state in which the Contract Area is located, to the valid rules, regulations, and orders of any duly constituted regulatory body of said state; and to all other applicable federal, state, and local laws, ordinances, rules, regulations, and orders.

B. Governing Law:

This agreement and all matters pertaining hereto, including, but not limited to, matters of performance, non-performance, breach, remedies, procedures, rights, duties, and interpretation or construction, shall be governed and determined by the law of the state in which the Contract Area is located. ~~If the Contract Area is in two or more states, the law of the state of _____ shall govern.~~

C. Regulatory Agencies:

Nothing herein contained shall grant, or be construed to grant, Operator the right or authority to waive or release any rights, privileges, or obligations which Non-Operators may have under federal or state laws or under rules, regulations or orders promulgated under such laws in reference to oil, gas and mineral operations, including the location, operation, or production of wells, on tracts offsetting or adjacent to the Contract Area.

With respect to operations hereunder, Non-Operators agree to release Operator from any and all losses, damages, injuries, claims and causes of action arising out of, incident to or resulting directly or indirectly from Operator's interpretation or application of rules, rulings, regulations or orders of the Department of Energy or predecessor or successor agencies to the extent such interpretation or application was made in good faith. Each Non-Operator further agrees to reimburse Operator for any amounts applicable to such Non-Operator's share of production that Operator may be required to refund, rebate or pay as a result of such an incorrect interpretation or application, together with interest and penalties thereon owing by Operator as a result of such incorrect interpretation or application.

Non-Operators authorize Operator to prepare and submit such documents as may be required to be submitted to the purchaser of any crude oil sold hereunder or to any other person or entity pursuant to the requirements of the "Crude Oil Windfall Profit Tax Act of 1980", as same may be amended from time to time ("Act"), and any valid regulations or rules which may be issued by the Treasury Department from time to time pursuant to said Act. Each party hereto agrees to furnish any and all certifications or other information which is required to be furnished by said Act in a timely manner and in sufficient detail to permit compliance with said Act.

**ARTICLE XV.
OTHER PROVISIONS**

A. Conflicts:

Notwithstanding anything herein contained to the contrary, it is understood and agreed that if there is any conflict between any part of or all of the terms and provisions of Article XV and any other terms and provisions of this agreement, the terms and provisions of this Article XV shall prevail and control.

B. Priority of Operations:

If at any time there is more than one operation proposed in connection with any well subject to this agreement and if the Consenting Parties do not agree on the sequence of proposed operations, such proposed operations shall be conducted in the following sequence:

- First -testing, coring or logging
- Second -completion attempts without plugging back in ascending order from deepest to shallowest depths;
- Third -sidetracking in the order of least deviation from the original bottomhole location to the greatest deviation;
- Fourth -deepening of a well below the authorized depth in descending order from shallowest to deepest depths;
- Fifth plugging back and completion attempts in ascending order from deepest to shallowest depths.

C. Netting and Setoff:

Except for any payments related to charges on any joint interest billing that a Non-Operator has disputed in good faith, in the event that Non-Operator does not remit payment for any operating costs or charges assessable to Non-Operators and permitted under this Operating Agreement within forty five (45) days after the date payment is due, Operator is authorized to deduct such costs or charges, and to remit to such Non-Operators their respective net share of any proceeds attributable to the interest of such Non-Operators being received directly from any purchasers of production from the Contract Area. The foregoing provisions shall not diminish Operator's lien rights contained within this agreement.

ARTICLE XV

1 **D. Miscellaneous Costs:**

2 The following expenses shall be a direct charge, borne by the Joint Account as provided in Exhibit "C", and shall not be included as
3 administrative overhead as set forth in Part III of Exhibit "C":

4 1. All reasonable costs incurred by Operator, and necessary in its sole judgment, in obtaining spacing, pooling or other
5 orders or rulings from state regulatory bodies or courts regarding the Contract Area.

6 2. All reasonable costs incurred by Operator in complying with the Natural Gas Policy Act of 1978, or in complying with
7 federal, state or local law for the obtaining and monitoring of any well classifications required in the Natural Gas Policy Act of 1978; or in
8 complying with any laws administered by, or any rules or regulations promulgated by, through, or under the United States Department of
9 Energy regarding the Contract Area.

10 3. The reasonable costs of Operator's in-house abstracting and title examination employees billed as Direct Charges,
11 Labor, under the attached Exhibit "C", Accounting Procedure, Joint Operations, provided such services are comparable in price and
12 quality to third party providers.

13

14 **E. Multiple Billing:**

15 In no event shall Operator be required to make more than three billings for the entire interest credited to each Non-operator on
16 Exhibit "A". If any Non-Operator to this agreement disposes of any part or all of the interest credited to it on Exhibit "A", hereinafter
17 referred to as "Selling Party", such Selling Party shall be solely responsible for billing its assignee or assignees and shall remain primarily
18 liable to the other Parties for the interest or interests assigned until such time as Selling Party has 1) designated and qualified the assignees
19 to receive the billing for its interest, 2) designated assignees have been approved and accepted by Operator, and 3) has furnished to
20 Operator written notice of the conveyance and photocopy of the recorded assignments by which the transfer is made. The sale or other
21 disposition of any interest in the leases covered by this agreement shall be made specifically subject to the provisions of this Article.
22 Operator's approval will not be unreasonably withheld.

23

24 **F. Prepayment of Costs and Expenses:**

25 Notwithstanding any other provisions of this agreement, and without prejudice to any other rights of the Operator, when under
26 an approved AFE an operation, on any well within the Contract Area is proposed under the terms hereof, where the cost of such an
27 operation is reasonably expected to be in excess of \$50,000.00, Operator will have the right to request and receive from each Non-Operator
28 payment in advance, as provided in this Article XV.F below, of its respective share of (i) the costs of any well to be drilled hereunder to
29 which such Non-Operator has consented, and (ii) the cost of any completion, reworking, recompletion, sidetracking, deepening, plugging
30 back operation or any other operation hereunder to which such Non-Operator has consented (any such operation under clause (i) or (ii)
31 being herein called a "Drilling Operation"). Such request for advance payment may be made on all Non-Operators in writing and may be
32 either mailed, hand-delivered or transmitted by facsimile machine.

33 Any request by Operator for an advanced payment of a Drilling Operation shall be made no sooner than thirty (30) days prior to
34 such time as Operator in good faith reasonably expects to actually commence such Drilling Operation. A Non-Operator consenting to such
35 operation and receiving a request for advance payment will within thirty (30) days of the receipt of such written request, pay to Operator
36 in cash the full amount of such request. Operator will credit the amount to the Non-Operator's account for the payment of such Non-
37 Operator's share of costs of such Drilling Operation and, following the end of each month, Operator will charge such account with such
38 Non-Operator's share of actual costs incurred during such month.

39 In the event that a Drilling Operation is not conducted within the one hundred twenty (120) day time period, (or as extended), all
40 as provided in Article VI.B.1, Operator shall immediately refund to Non-Operator any advanced payment made by Non-Operator, it being
41 understood that such refund shall be made no later than thirty (30) days after the expiration of said applicable period. Payment of an
42 advance will not relieve a Non-Operator of the obligation to pay such Non-Operator's share of the actual cost of a Drilling Operation and,
43 when the actual costs have been determined, Operator will adjust the accounts of the parties by refunding any net amounts due or
44 invoicing the parties for additional sums owing, which additional sums shall be paid in accordance with the Accounting Procedure.

45 In the event a Non-Operator to which a request for advance payment was made does not, within the time and manner above
46 provided and after five (5) days written notice of non-payment to such Non-Operator, fully satisfy the request for advance payment as
47 provided in this Paragraph G, then Operator may, in the Operator's sole discretion at any time prior to actual payment, exercise any one
48 or more of the following rights and remedies: (a) if the advance was requested for any Drilling Operation, Operator may notify such Non-
49 Operator that such Non-Operator is deemed to have relinquished its interest in the well to which the Drilling Operation relates and to have
50 elected to go non-consent on such Drilling Operation under Article VI.B.2; or (b) exercise any and all other rights and remedies available
51 to the Operator under this agreement and applicable law. Each of the parties to this agreement hereby agrees to execute and deliver to the
52 other parties hereto any and all documents, agreements and acknowledgments necessary to evidence any actions taken by the Operator
53 pursuant to the provisions of this Paragraph F. All remedies herein provided are cumulative and not alternative, and no failure to exercise
54 or delay in exercising any such right will operate as a waiver thereof.

55

56 **G. Horizontal Wells:**

57 1. Notwithstanding anything contained herein to the contrary, (i) the provisions of Article VII.D.1 Option No. 1 shall apply to
58 any "horizontal well" (hereinafter defined) proposed hereunder, and (ii) the provisions of Article VII.D.1. Option No. 2 shall apply
59 to all other wells proposed hereunder that are not expressly proposed as "horizontal wells". To be effective as a "horizontal well
60 proposal", such proposal must include an AFE, the corresponding Unit and Contract Area size and dimensions within which the
61 well will be drilled, and other accompanying documents that clearly stipulate that the well being proposed is a horizontal well. As to
62 any possible conflicts that may arise during the completion phase of a horizontal well, priority shall be given first to a lateral drain
63 hole of the authorized depth, and then to objective formations in ascending order above the authorized depth, and then to objective
64 formations in descending order below the authorized depth.

65 2. Operator shall have the right to cease drilling a horizontal well at any time, for any reason, and such horizontal well shall be
66 deemed to have reached its objective depth so long as Operator has drilled such horizontal well to the objective formation and has
67 drilled laterally in the objective formation for a distance which is at least equal to fifty percent (50%) of the length of the total
68 horizontal drainhole displacement (displacement from true vertical) proposed for the operation.

1 H. Deeper Drilling:

2 In the event any Consenting Party desires to drill or deepen a Non-Consent well to a depth below the initial proposed objective
3 formation or interval, such party shall give notice thereof, complying with the requirements of Article VI.B.1., to all parties
4 (including Non-Consenting Parties except any Non-Consenting Party that declined to participate in an Initial Well Proposal which
5 caused it to forfeit its lease rights to such deeper objective formation or interval within the proposed Unit or Contract Area).
6 Thereupon, Article VI.B. shall apply and all parties receiving such notice shall have the right to participate or not participate in the
7 drilling or deepening of such well pursuant to said Article VI.B. In the event, however, any Non-Consenting Party elects to
8 participate in the deeper drilling operation, such Non-Consenting Party shall pay or make reimbursement (as the case may be) of the
9 following costs and expenses:

10 1. If the proposal to drill deeper is made prior to the completion or proposed completion of such Non-Consent well as a dry
11 hole or prior to completion of such well as a commercial well, such Non-Consenting Party shall pay (or reimburse Consenting Parties
12 for, as the case may be) that share of costs and expenses incurred in drilling said well from the surface to total depth, as deepened or
13 proposed to be deepened, which Non-Consenting Party would have paid if said well had initially been proposed to be drilled to said
14 depth and Non-Consenting Party had agreed to participate therein; provided, however, all costs for testing and completion or
15 attempted completion of the well incurred by Consenting Parties prior to the point of actual operations to drill deeper than the
16 Initial Proposed Objective shall be for the sole account of Consenting Parties; and

17 2. If the proposal is made for a Non-Consent well that has been previously completed as a commercial well but is no longer
18 producing in paying quantities, such Non-Consenting Party shall, in addition to paying all costs of re-entering said well and
19 deepening the same below its total depth, also reimburse Consenting Parties for the proportional share of the Non-Consenting
20 Parties share of the actual part of any unrecovered costs to drill, complete and equip such well.

21 The foregoing shall not imply a right of any Consenting Party to propose any deeper drilling operation for a Non-Consent well prior
22 to completion of the drilling of such well to casing point for its Initial Proposed Objective without the consent of all other Consenting
23 Parties.

24 The provisions of this Article XV.H. shall not apply to the takeover of a well by Non-Consenting Parties in the event all
25 Consenting Parties elect to permanently plug and abandon the same, but such right of Non-Consenting Parties shall be governed by
26 Article VI.E.3.

27
28 I. Sidetracking:

29 Notwithstanding the provisions of Article VI.B(4), "Sidetracking", such paragraph shall not be applicable to operations in the
30 lateral portion of a horizontal or multi-lateral well. Drilling operations which are intended to recover penetration of the target
31 interval which are conducted in a horizontal or multi-lateral well shall be considered as included in the original proposed drilling
32 operations.

33
34 J. Further Assurances:

35 In connection with this agreement, the parties agree to execute and deliver such additional documents and instruments and to
36 perform such additional acts as may be necessary or appropriate to effectuate, carry out, and perform all the terms, provisions and
37 conditions of this agreement. Without limiting the generality of the foregoing, the parties agree to execute and deliver to Operator one or
38 more Memoranda of Agreement in the form of Exhibit "F" in recordable form, giving notice of the existence of this Operating Agreement,
39 which Operator shall cause to be recorded in the county or counties in which any portion of the Contract Area is located.

40
41 K. Covenants Running with the Land:

42 The terms, provisions, covenants and conditions of this agreement shall be deemed to be covenants running with the lands,
43 the lease or leases and leasehold estate covered hereby, and all of the terms, provisions, covenants and conditions of this agreement
44 shall be binding upon and inure to the benefit of the parties hereto, their respective successors and assigns.

45
46 L. Headings:

47 All headings in this agreement are for reference purposes only and have no binding effect on the terms, conditions or
48 provisions of this agreement.

49
50 M. Non-Participation in a Completion Election Proposal for a Vertical Well:

51 The parties agree that to the extent a party participates in the drilling of a vertical well proposed as an Initial Well under
52 Article VI.A, and such party makes a non-consent election as to the completion proposed under Article VII.D.2, the non-consenting
53 party shall be subject to the provisions of non-consent penalties as set forth in Article VI.B.2 with respect to that well for all costs
54 incurred thereafter. Such non-consent election shall not act to cause a forfeiture of leasehold rights within the proposed unit of the
55 Initial Well.

56
57 N. Indemnity for Access to Contract Area:

58 Each Non-Operator shall indemnify and hold Operator harmless against any and all liability in excess of insurance coverage
59 carried for the joint account for injury to each such Non-Operator's officers, employees and/or agents resulting from and in any way
60 relating to such officers, employees, and/or agents presence on the Contract Area. The Non-Operators indemnity to Operator shall
61 also apply to any other person whose presence on the Contract Area is at the insistence of such Non-Operator.

62
63 O. Voting by the parties:

64 Unless otherwise provided for herein, each party to this agreement shall have a voting interest equal to its Unit participation.
65 All decisions, determinations, consents or approvals of the parties, unless otherwise provided for herein or in the Unit Agreement
66 Attached hereto, shall be made by the affirmative vote of one or more parties having a combined voting interest of at least fifty-one
67 Percent (51%).

*UNLEASED MINERAL INTEREST OWNER
 **UNCOMMITTED WORKING INTEREST OWNER
 ***REMAINDERMAN - Under Ohio law, an oil and gas lease must be granted by the life tenant and remainderman. The life tenant has the present interest and the minerals are attributed accordingly. At the time the life tenancy terminates, the remainderman's interest vests.
 ****Potential mineral interest claim under Ohio's Marketable Title Act (O.R.C. 5301.47, et seq). Due to uncertainty and pending decisions at the appellate level and Ohio Supreme Court, Applicant has listed and made efforts on the reserving and the surface side of this parcel. Applicant endorses neither claim to ownership of the property interests nor any interpretation of the Ohio Marketable Title Act or other law that has been or may be advanced or asserted by or against the owner.

 ***REMAINDERMAN - Under Ohio law, an oil and gas lease must be granted by the life tenant and remainderman. The life tenant has the present interest and the minerals are attributed accordingly. At the time the life tenancy terminates, the remainderman's interest vests.
 ****Potential mineral interest claim under Ohio's Marketable Title Act (O.R.C. 5301.47, et seq). Due to uncertainty and pending decisions at the appellate level and Ohio Supreme Court, Gulfport has listed and made efforts on the reserving and the surface side of this parcel. Gulfport endorses neither claim to ownership of the property interests nor any interpretation of the Ohio Marketable Title Act or other law that has been or may be advanced or asserted by or against the owner.

 ***REMAINDERMAN - Under Ohio law, an oil and gas lease must be granted by the life tenant and remainderman. The life tenant has the present interest and the minerals are attributed accordingly. At the time the life tenancy terminates, the remainderman's interest vests.
 ****Potential mineral interest claim under Ohio's Marketable Title Act (O.R.C. 5301.47, et seq). Due to uncertainty and pending decisions at the appellate level and Ohio Supreme Court, Gulfport has listed and made efforts on the reserving and the surface side of this parcel. Gulfport endorses neither claim to ownership of the property interests nor any interpretation of the Ohio Marketable Title Act or other law that has been or may be advanced or asserted by or against the owner.

*UNLEASED MINERAL INTEREST OWNER
 **UNCOMMITTED WORKING INTEREST OWNER
 ***REMAINDERMAN - Under Ohio law, an oil and gas lease must be granted by the life tenant and remainderman. The life tenant has the present interest and the minerals are attributed accordingly. At the time the life tenancy terminates, the remainderman's interest vests.
 ****Potential mineral interest claim under Ohio's Marketable Title Act (O.R.C. 5301.47, et seq). Due to uncertainty and pending decisions at the appellate level and Ohio Supreme Court, Applicant has listed and made efforts on the reserving and the surface side of this parcel. Applicant endorses neither claim to ownership of the property interests nor any interpretation of the Ohio Marketable Title Act or other law that has been or may be advanced or asserted by or against the owner.

**PAID-UP
OIL & GAS LEASE**

This Lease made this _____ day of _____ 2021, by and between _____, of _____ hereinafter collectively called "Lessor," and **GULFPORT APPALACHIA, LLC**, a Delaware Limited Liability Company with a mailing address of 3001 Quail Springs Parkway, Oklahoma City, OK 73134, hereinafter called "Lessee."

WITNESSETH, that for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and of the mutual covenants and agreements hereinafter set forth, the Lessor and Lessee agree as follows:

LEASING CLAUSE. Lessor hereby leases exclusively to Lessee all the oil and gas (including, but not limited to coal seam gas, coalbed methane gas, coalbed gas, methane gas, gob gas, occluded methane/natural gas and all associated natural gas and other hydrocarbons and non-hydrocarbons contained in, associated with, emitting from, or produced/originating within any formation, gob area, mined-out area, coal seam, and all communicating zones), and their liquid or gaseous constituents, whether hydrocarbon or non-hydrocarbon, underlying the land herein leased, together with such exclusive rights as may be necessary or convenient for Lessee, at its election, to explore for, develop, produce, measure, and market production from the Leasehold, and from adjoining lands, using methods and techniques which are not restricted to current technology, including the right to conduct exclusive geophysical and other exploratory tests; to drill, maintain, operate, cease to operate, plug, abandon, and remove wells; to use or install roads, electric power and telephone facilities, and to construct pipelines with appurtenant facilities, including data acquisition, compression and collection facilities for use in the production and transportation of products from the Leasehold or from neighboring lands across the Leasehold, to use oil, gas, and non-domestic water sources, free of cost, to store gas of any kind underground, regardless of the source thereof, including the injecting of gas therein and removing the same therefrom; to protect stored gas; to operate, maintain, repair, and remove material and equipment.

DESCRIPTION. The Leasehold is located in the Township of _____, in the County of _____, in the State of Ohio, and described as follows:

Tax Parcel Identification Number; Twp/Section/Twp No/Range/Qtr:
_____ ; ____/____/____/____ :

and is bounded formerly or currently as follows:

- On the North by lands of _____;
- On the East by lands of _____;
- On the South by lands of _____;
- On the West by lands of _____;

"See Exhibit "A" attached hereto and made a part hereof for Other Provisions of this lease"

Including the lands acquired from _____, by virtue of Warranty Deed, dated _____, and recorded in Deed Book _____, at Page _____, at the Recorder's office of _____ County, Ohio, and described for the purposes of this agreement as containing a total of _____ acres, whether actually more or less, and including contiguous interest owned by Lessor. This Lease also covers and includes, in addition to that above described, all land, if any, contiguous or adjacent to or adjoining the land above described and (a) owned or claimed by Lessor by limitation, prescription, possession, reversion or unrecorded instrument or (b) as to which Lessor has a preference right of acquisition. Lessor agrees to execute any supplemental instrument requested by Lessee for a more complete or accurate description of said land.

LEASE TERM. This Lease shall remain in force for a primary term of **Five (5) years** from 12:00 A.M. _____, 2021 (effective date) to 11:59 P.M. _____, 2026 (last day of primary term) and shall continue beyond the primary term as to the entirety of the Leasehold if any of the following is satisfied: (i) operations are conducted on the Leasehold or lands pooled/unitized therewith in search of oil, gas, or their constituents, or (ii) a well deemed by Lessee to be capable of production is located on the Leasehold or lands pooled/unitized therewith, or (iii) oil or gas, or their constituents, are produced from the Leasehold or lands pooled/unitized therewith, or (iv) if the Leasehold or lands pooled/unitized therewith is used for the underground storage of gas, or for the protection of stored gas, or (v) if prescribed payments are made, or (vi) if Lessee's operations are delayed, postponed or interrupted as a result of any coal, stone or other mining or mining related operation under any existing and effective lease, permit or authorization covering such operations on the leased premises or on other lands affecting the leased premises, such delay will automatically extend the primary or secondary term of this oil and gas lease without additional compensation or performance by Lessee for a period of time equal to any such delay, postponement or interruption. If there is any dispute concerning the extension of this Lease beyond the primary term by reason of any of the alternative mechanisms specified herein, the payment to the Lessor of the prescribed payments provided below shall be conclusive evidence that the Lease has been extended beyond the primary term.

EXHIBIT "B"

EXTENSION OF PRIMARY TERM. Lessee has the option to extend the primary term of this Lease for one additional term of five (5) years from the expiration of the primary term of this Lease; said extension to be under the same terms and conditions as contained in this Lease. Lessee may exercise this option to extend this Lease if on or before the expiration date of the primary term of this Lease, Lessee pays or tenders to the Lessor or to the Lessor's credit an extension payment of the same consideration as was paid in this lease per Leasehold acre, only insofar as those acres intended to be renewed by Lessee. Exercise of this option is at Lessee's sole discretion and may be invoked by Lessee where no other alternative of the Lease Term clause extends this Lease beyond the primary term.

NO AUTOMATIC TERMINATION OR FORFEITURE.

(A) CONSTRUCTION OF LEASE: The language of this Lease (including, but not limited to, the Lease Term and Extension of Term clauses) shall never be read as language of special limitation. This Lease shall be construed against termination, forfeiture, cancellation or expiration and in favor of giving effect to the continuation of this Lease where the circumstances exist to maintain this Lease in effect under any of the alternative mechanisms set forth above. In connection therewith, (i) a well shall be deemed to be capable of production if it has the capacity to produce a profit over operating costs, without regard to any capital costs to drill or equip the well, or to deliver the oil or gas to market, and (ii) the Lessee shall be deemed to be conducting operations in search of oil or gas, or their constituents, if the Lessee is engaged in geophysical and other exploratory work including, but not limited to, activities to drill an initial well, to drill a new well, or to rework, stimulate, deepen, sidetrack, frac, plug back in the same or different formation or repair a well or equipment on the Leasehold or any lands pooled/unitized therewith (such activities shall include, but not be limited to, performing any preliminary or preparatory work necessary for drilling, conducting internal technical analysis to initiate and/or further develop a well, obtaining permits and approvals associated therewith and may include reasonable gaps in activities provided that there is a continuum of activities showing a good faith effort to develop a well or that the cessation or interruption of activities was beyond the control of Lessee, including interruptions caused by the acts of third parties over whom Lessee has no control or regulatory delays associated with any approval process required for conducting such activities).

(B) LIMITATION OF FORFEITURE: This Lease shall never be subject to a civil action or proceeding to enforce a claim of termination, cancellation, expiration or forfeiture due to any action or inaction by the Lessee, including, but not limited to making any prescribed payments authorized under the terms of this Lease, unless the Lessee has received written notice of Lessor's demand and thereafter fails or refuses to satisfy or provide justification responding to Lessor's demand within 60 days from the receipt of such notice. If Lessee timely responds to Lessor's demand, but in good faith disagrees with Lessor's position and sets forth the reasons therefore, such a response shall be deemed to satisfy this provision, this Lease shall continue in full force and effect and no further damages (or other claims for relief) will accrue in Lessor's favor during the pendency of the dispute, other than claims for payments that may be due under the terms of this Lease.

PAYMENTS TO LESSOR. In addition to the bonus paid by Lessee for the execution hereof, Lessee covenants to pay Lessor, proportionate to Lessor's percentage of ownership, as follows:

(A) DELAY RENTAL: To pay Lessor as Delay Rental, after the first year, at the rate of five dollars (\$5.00) per net acre per year payable in advance. **The parties hereto agree that this is a Paid-Up Lease with no further Delay Rental and/or Delay in Marketing payments due to Lessor during the primary term hereof.**

(B) ROYALTY: To pay Lessor as Royalty, less all taxes, assessments, and adjustments on production from the Leasehold, as follows:

1. OIL: To deliver to the credit of Lessor, free of cost, a Royalty of the equal **sixteen percent (16.00%)** part of all oil and any constituents thereof produced and marketed from the Leasehold.

2. GAS: To pay Lessor an amount equal to **sixteen percent (16.00%)** of the revenue realized by Lessee for all gas and the constituents thereof produced and marketed from the Leasehold, less the cost to transport, treat and process the gas and any losses in volumes to point of measurement that determines the revenue realized by Lessee. Lessee may withhold Royalty payment until such time as the total withheld exceeds fifty dollars (\$50.00).

(C) DELAY IN MARKETING: In the event that Lessee drills a well on the Leasehold or lands pooled/unitized therewith that is awaiting completion, or that Lessee deems to be capable of production, but does not market producible gas, oil, or their constituents therefrom, and there is no other basis for extending this Lease, Lessee shall pay after the primary term and until such time as marketing is established (or Lessee surrenders the Lease) a Delay in Marketing payment equal in amount and frequency to the annual Delay Rental payment, and this Lease shall remain in full force and effect to the same extent as payment of Royalty.

(D) SHUT-IN: In the event that production of oil, gas, or their constituents is interrupted and not marketed for a period of twelve (12) months, and there is no producing well on the Leasehold or lands pooled/unitized therewith, Lessee shall thereafter, as Royalty for constructive production, pay a Shut-in Royalty equal in amount and frequency to the annual Delay Rental payment until such time as production is re-established (or lessee surrenders the Lease) and this Lease shall remain in full force and effect. During Shut-in, Lessee shall have the right to rework, stimulate, or deepen any well on the Leasehold or to drill a new well on the Leasehold in an effort to re-establish production, whether from an original producing formation or from a different formation. In the event that the production from the only producing well on the Leasehold is interrupted for a period of less than twelve (12) months, this Lease shall remain in full force and effect without payment of Royalty or Shut-in Royalty.

(E) DAMAGES: Lessee will remove unnecessary equipment and materials and reclaim all disturbed lands at the completion of activities, and Lessee agrees to repair any damaged improvements to the land and pay for the loss of growing crops or marketable timber.

(F) MANNER OF PAYMENT: Lessee shall make or tender all payments due hereunder by check, payable to Lessor, at Lessor's last known address, and Lessee may withhold any payment pending notification by Lessor of a change in address. Payment may be tendered by mail or any comparable method (e.g., Federal Express), and payment is deemed complete upon mailing or dispatch. Where the due date for any payment specified herein falls on a holiday, Saturday or Sunday, payment tendered (mailed or dispatched) on the next business day is timely.

EXHIBIT "B"

(G) CHANGE IN LAND OWNERSHIP: Lessee shall not be bound by any change in the ownership of the Leasehold until furnished with such documentation as Lessee may reasonably require. Pending the receipt of documentation, Lessee may elect either to continue to make or withhold payments as if such a change had not occurred.

(H) TITLE: If Lessee receives evidence that Lessor does not have title to all or any part of the rights herein leased, Lessee may immediately withhold payments that would be otherwise due and payable hereunder to Lessor until the adverse claim is fully resolved.

(I) LIENS: Lessee may at its option pay and discharge any past due taxes, mortgages, judgments, or other liens and encumbrances on or against any land or interest included in the Leasehold; and Lessee shall be entitled to recover from the debtor, with legal interest and costs, by deduction from any future payments to Lessor or by any other lawful means. In the event the leased lands are encumbered by a prior mortgage, then, notwithstanding anything contained herein to the contrary, Lessee shall have the right to suspend the payment of any royalties due hereunder, without liability for interest, until such time as Lessor obtains at its own expense a subordination of the mortgage in a form acceptable to Lessee.

(J) CHARACTERIZATION OF PAYMENTS: Payments set forth herein are covenants, not special limitations, regardless of the manner in which these payments may be invoked. Any failure on the part of the Lessee to timely or otherwise properly tender payment can never result in an automatic termination, expiration, cancellation, or forfeiture of this Lease. Lessor recognizes and acknowledges that oil and gas lease payments, in the form of rental, bonus and royalty, can vary depending on multiple factors and that this Lease is the product of good faith negotiations. Lessor hereby agrees that the payment terms, as set forth herein, and any bonus payments paid to Lessor constitute full consideration for the Leasehold. Lessor further agrees that such payment terms and bonus payments are final and that Lessor will not seek to amend or modify the lease payments, or seek additional consideration based upon any differing terms which Lessee has or will negotiate with any other lessor/oil and gas owner.

(K) PAYMENT REDUCTIONS: If Lessor owns a lesser interest in the oil or gas than the entire undivided fee simple estate, then the bonus rentals (except for Delay Rental payments as set forth above), royalties and shut-in royalties hereunder shall be paid to Lessor only in the proportion which Lessor's interest bears to the whole and undivided fee.

UNITIZATION AND POOLING. Lessor grants Lessee the right to pool, unitize, or combine all or parts of the Leasehold with other lands, whether contiguous or not contiguous, leased or unleased, whether owned by Lessee or by others, at a time before or after drilling to create drilling or production units either by contract right or pursuant to governmental authorization. Pooling or unitizing in one or more instances shall not exhaust Lessee's pooling and unitizing rights hereunder, and Lessee is granted the right to change the size, shape, and conditions of operation or payment of any unit created. Lessor agrees to accept and receive out of the production or the revenue realized from the production of such unit, such proportional share of the Royalty from each unit well as the number of Leasehold acres included in the unit bears to the total number of acres in the unit. Otherwise, as to any part of the unit, drilling, operations in preparation for drilling, production, or shut-in production from the unit, or payment of Royalty, Shut-in Royalty, Delay in Marketing payment or Delay Rental attributable to any part of the unit (including non-Leasehold land) shall have the same effect upon the terms of this Lease as if a well were located on, or the subject activity attributable to, the Leasehold. In the event of conflict or inconsistency between the Leasehold acres ascribed to the Lease, and the local property tax assessment calculation of the lands covered by the Lease, or the deeded acreage amount, Lessee may, at its option, rely on the latter as being determinative for the purposes of this paragraph.

FACILITIES. Lessee shall not drill a well on the Leasehold within 500 feet of any structure located on the Leasehold without Lessor's written consent. Lessor shall not erect any building or structure, or plant any trees within 200 feet of a well or within 25 feet of a pipeline without Lessee's written consent. Lessor shall not improve, modify, degrade, or restrict roads and facilities built by Lessee without Lessee's written consent.

CONVERSION TO STORAGE. Lessee is hereby granted the right to convert the Leasehold or lands pooled/unitized therewith to gas storage. At the time of conversion, Lessee shall pay Lessor's proportionate part for the estimated recoverable gas remaining in any well drilled pursuant to this Lease using methods of calculating gas reserves as are generally accepted by the natural gas industry and, in the event that all wells on the Leasehold and/or lands pooled/unitized therewith have permanently ceased production, Lessor shall be paid a Conversion to Storage payment in an amount equal to Delay Rental for as long thereafter as the Leasehold or lands pooled/unitized therewith is/are used for gas storage or for protection of gas storage; such Conversion to Storage payment shall first become due upon the next ensuing Delay Rental anniversary date. The use of any part of the Leasehold or lands pooled or unitized therewith for the underground storage of gas, or for the protection of stored gas will extend this Lease beyond the primary term as to all rights granted by this Lease, including but not limited to production rights, regardless of whether the production and storage rights are owned together or separately.

TITLE AND INTERESTS. Lessor hereby warrants and agrees to defend title to the Leasehold and covenants that Lessee shall have quiet enjoyment hereunder and shall have benefit of the doctrine of after acquired title. Should any person having title to the Leasehold fail to execute this Lease, the Lease shall nevertheless be binding upon all persons who do execute it as Lessor.

LEASE DEVELOPMENT. There is no implied covenant to drill, prevent drainage, further develop or market production within the primary term or any extension of term of this Lease. There shall be no Leasehold forfeiture, termination, expiration or cancellation for failure to comply with said implied covenants. Provisions herein, including, but not limited to the prescribed payments, constitute full compensation for the privileges herein granted.

EXHIBIT "B"

COVENANTS. This Lease and its expressed or implied covenants shall not be subject to termination, forfeiture of rights, or damages due to failure to comply with obligations if compliance is effectively prevented by federal, state, or local law, regulation, or decree, or the acts of God and/or third parties over whom Lessee has no control.

RIGHT OF FIRST REFUSAL. If at any time within the primary term of this Lease or any continuation or extension thereof, Lessor receives any bona fide offer, acceptable to Lessor, to grant an additional lease ("Top Lease") covering all or part of the Leasehold, Lessee shall have the continuing option by meeting any such offer to acquire a Top Lease on equivalent terms and conditions. Any offer must be in writing and must set forth the proposed Lessee's name, bonus consideration and royalty consideration to be paid for such Top Lease, and include a copy of the lease form to be utilized reflecting all pertinent and relevant terms and conditions of the Top Lease. Lessee shall have fifteen (15) days after receipt from Lessor of a complete copy of any such offer to advise Lessor in writing of its election to enter into an oil and gas lease with Lessor on equivalent terms and conditions. If Lessee fails to notify Lessor within the aforesaid fifteen (15) day period of its election to meet any such bona fide offer, Lessor shall have the right to accept said offer. Any Top Lease granted by Lessor in violation of this provision shall be null and void.

ARBITRATION. In the event of a disagreement between Lessor and Lessee concerning this Lease or the associated Order of Payment, performance thereunder, or damages caused by Lessee's operations, the resolution of all such disputes shall be determined by arbitration in accordance with the rules of the American Arbitration Association. Arbitration shall be the exclusive remedy and cover all disputes, including but not limited to, the formation, execution, validity and performance of the Lease and Order of Payment. All fees and costs associated with the arbitration shall be borne equally by Lessor and Lessee.

ENTIRE CONTRACT. The entire agreement between Lessor and Lessee is embodied herein and in the associated Order of Payment (if any). No oral warranties, representations, or promises have been made or relied upon by either party as an inducement to or modification of this Lease.

TITLE CURATIVE. Lessor agrees to execute affidavits, corrections, ratifications, amendments, permits and other instruments as may be necessary to carry out the purpose of this lease.

SURRENDER. Lessee, at any time, and from time to time, may surrender and cancel this Lease as to all or any part of the Leasehold by recording a Surrender of Lease and thereupon this Lease, and the rights and obligations of the parties hereunder, shall terminate as to the part so surrendered; provided, however, that upon each surrender as to any part of the Leasehold, Lessee shall have reasonable and convenient easements for then existing wells, pipelines, pole lines, roadways and other facilities on the lands surrendered.

SUCCESSORS. All rights, duties, and liabilities herein benefit and bind Lessor and Lessee and their heirs, successors, and assigns.

FORCE MAJEURE. All express or implied covenants of this Lease shall be subject to all applicable laws, rules, regulations and orders. When drilling, reworking, production or other operations hereunder, or Lessee's fulfillment of its obligations hereunder are prevented or delayed by such laws, rules, regulations or orders, or by inability to obtain necessary permits, equipment, services, material, water, electricity, fuel, access or easements, or by fire, flood, adverse weather conditions, war, sabotage, rebellion, insurrection, riot, strike or labor disputes, or by inability to obtain a satisfactory market for production or failure of purchasers or carriers to take or transport such production, or by any other cause not reasonably within Lessee's control, this Lease shall not terminate, in whole or in part, because of such prevention or delay, and, at Lessee's option, the period of such prevention or delay shall be added to the term hereof. Lessee shall not be liable in damages for breach of any express or implied covenants of this Lease for failure to comply therewith, if compliance is prevented by, or failure is the result of any applicable laws, rules, regulations or orders or operation of force majeure.

SEVERABILITY. This Lease is intended to comply with all applicable laws, rules, regulations, ordinances and governmental orders. If any provision of this Lease is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall survive and continue in full force and effect to the maximum extent allowed by law. If a court of competent jurisdiction holds any provision of this Lease invalid, void, or unenforceable under applicable law, the court shall give the provision the greatest effect possible under the law and modify the provision so as to conform to applicable law if that can be done in a manner which does not frustrate the purpose of this Lease.

WARRANTY. Lessor hereby warrants and agrees to defend the title to the lands herein described, and agrees that the Lessee shall have the right at any time to redeem for Lessor by payment any mortgages, taxes, or other liens on the above described lands, in the event of default of payment by Lessor, and be subrogated to the rights of the holder thereof.

COUNTERPARTS. This Lease may be executed in one or more counterparts, each of which will be deemed to be an original copy of this Lease and all of which, when taken together, will be deemed to constitute one and the same agreement.

14 1. DEFINITIONS

15
16 All terms used in this Accounting Procedure shall have the following meaning, unless otherwise expressly defined in the Agreement:
17

18 **"Affiliate"** means for a person, another person that controls, is controlled by, or is under common control with that person. In this
19 definition, (a) control means the ownership by one person, directly or indirectly, of more than fifty percent (50%) of the voting securities
20 of a corporation or, for other persons, the equivalent ownership interest (such as partnership interests), and (b) "person" means an
21 individual, corporation, partnership, trust, estate, unincorporated organization, association, or other legal entity.
22

23 **"Agreement"** means the operating agreement, farmout agreement, or other contract between the Parties to which this Accounting
24 Procedure is attached.
25

26 **"Controllable Material"** means Material that, at the time of acquisition or disposition by the Joint Account, as applicable, is so classified
27 in the Material Classification Manual most recently recommended by the Council of Petroleum Accountants Societies (COPAS).
28

29 **"Equalized Freight"** means the procedure of charging transportation cost to the Joint Account based upon the distance from the nearest
30 Railway Receiving Point to the property.
31

32 **"Excluded Amount"** means a specified excluded trucking amount most recently recommended by COPAS.
33

34 **"Field Office"** means a structure, or portion of a structure, whether a temporary or permanent installation, the primary function of which is
35 to directly serve daily operation and maintenance activities of the Joint Property and which serves as a staging area for directly chargeable
36 field personnel.
37

38 **"First Level Supervision"** means those employees whose primary function in Joint Operations is the direct oversight of the Operator's
39 field employees and/or contract labor directly employed On-site in a field operating capacity. First Level Supervision functions may
40 include, but are not limited to:
41

- 42 • Responsibility for field employees and contract labor engaged in activities that can include field operations, maintenance,
43 construction, well remedial work, equipment movement and drilling
- 44 • Responsibility for day-to-day direct oversight of rig operations
- 45 • Responsibility for day-to-day direct oversight of construction operations
- 46 • Coordination of job priorities and approval of work procedures
- 47 • Responsibility for optimal resource utilization (equipment, Materials, personnel)
- 48 • Responsibility for meeting production and field operating expense targets
- 49 • Representation of the Parties in local matters involving community, vendors, regulatory agents and landowners, as an incidental
50 part of the supervisor's operating responsibilities
- 51 • Responsibility for all emergency responses with field staff
- 52 • Responsibility for implementing safety and environmental practices
- 53 • Responsibility for field adherence to company policy
- 54 • Responsibility for employment decisions and performance appraisals for field personnel
- 55 • Oversight of sub-groups for field functions such as electrical, safety, environmental, telecommunications, which may have group
56 or team leaders.
57

58 **"Joint Account"** means the account showing the charges paid and credits received in the conduct of the Joint Operations that are to be
59 shared by the Parties, but does not include proceeds attributable to hydrocarbons and by-products produced under the Agreement.
60

61 **"Joint Operations"** means all operations necessary or proper for the exploration, appraisal, development, production, protection,
62 maintenance, repair, abandonment, and restoration of the Joint Property.
63
64
65
66

1 **“Joint Property”** means the real and personal property subject to the Agreement.
2

3 **“Laws”** means any laws, rules, regulations, decrees, and orders of the United States of America or any state thereof and all other
4 governmental bodies, agencies, and other authorities having jurisdiction over or affecting the provisions contained in or the transactions
5 contemplated by the Agreement or the Parties and their operations, whether such laws now exist or are hereafter amended, enacted,
6 promulgated or issued.
7

8 **“Material”** means personal property, equipment, supplies, or consumables acquired or held for use by the Joint Property.
9

10 **“Non-Operators”** means the Parties to the Agreement other than the Operator.
11

12 **“Offshore Facilities”** means platforms, surface and subsea development and production systems, and other support systems such as oil and
13 gas handling facilities, living quarters, offices, shops, cranes, electrical supply equipment and systems, fuel and water storage and piping,
14 heliport, marine docking installations, communication facilities, navigation aids, and other similar facilities necessary in the conduct of
15 offshore operations, all of which are located offshore.
16

17 **“Off-site”** means any location that is not considered On-site as defined in this Accounting Procedure.
18

19 **“On-site”** means on the Joint Property when in direct conduct of Joint Operations. The term “On-site” shall also include that portion of
20 Offshore Facilities, Shore Base Facilities, fabrication yards, and staging areas from which Joint Operations are conducted, or other
21 facilities that directly control equipment on the Joint Property, regardless of whether such facilities are owned by the Joint Account.
22

23 **“Operator”** means the Party designated pursuant to the Agreement to conduct the Joint Operations.
24

25 **“Parties”** means legal entities signatory to the Agreement or their successors and assigns. Parties shall be referred to individually as
26 “Party.”
27

28 **“Participating Interest”** means the percentage of the costs and risks of conducting an operation under the Agreement that a Party agrees,
29 or is otherwise obligated, to pay and bear.
30

31 **“Participating Party”** means a Party that approves a proposed operation or otherwise agrees, or becomes liable, to pay and bear a share of
32 the costs and risks of conducting an operation under the Agreement.
33

34 **“Personal Expenses”** means reimbursed costs for travel and temporary living expenses.
35

36 **“Railway Receiving Point”** means the railhead nearest the Joint Property for which freight rates are published, even though an actual
37 railhead may not exist.
38

39 **“Shore Base Facilities”** means onshore support facilities that during Joint Operations provide such services to the Joint Property as a
40 receiving and transshipment point for Materials; debarkation point for drilling and production personnel and services; communication,
41 scheduling and dispatching center; and other associated functions serving the Joint Property.
42

43 **“Supply Store”** means a recognized source or common stock point for a given Material item.
44

45 **“Technical Services”** means services providing specific engineering, geoscience, or other professional skills, such as those performed by
46 engineers, geologists, geophysicists, and technicians, required to handle specific operating conditions and problems for the benefit of Joint
47 Operations; provided, however, Technical Services shall not include those functions specifically identified as overhead under the second
48 paragraph of the introduction of Section III (*Overhead*). Technical Services may be provided by the Operator, Operator’s Affiliate, Non-
49 Operator, Non-Operator Affiliates, and/or third parties.
50

51 2. **STATEMENTS AND BILLINGS** 52

53 The Operator shall bill Non-Operators on or before the last day of the month for their proportionate share of the Joint Account for the
54 preceding month. Such bills shall be accompanied by statements that identify the AFE (authority for expenditure), lease or facility, and all
55 charges and credits summarized by appropriate categories of investment and expense. Controllable Material shall be separately identified
56 and fully described in detail, or at the Operator’s option, Controllable Material may be summarized by major Material classifications.
57 Intangible drilling costs, audit adjustments, and unusual charges and credits shall be separately and clearly identified.
58

59 The Operator may make available to Non-Operators any statements and bills required under Section I.2 and/or Section I.3.A (*Advances*
60 *and Payments by the Parties*) via email, electronic data interchange, internet websites or other equivalent electronic media in lieu of paper
61 copies. The Operator shall provide the Non-Operators instructions and any necessary information to access and receive the statements and
62 bills within the timeframes specified herein. A statement or billing shall be deemed as delivered twenty-four (24) hours (exclusive of
63 weekends and holidays) after the Operator notifies the Non-Operator that the statement or billing is available on the website and/or sent via
64 email or electronic data interchange transmission. Each Non-Operator individually shall elect to receive statements and billings
65 electronically, if available from the Operator, or request paper copies. Such election may be changed upon thirty (30) days prior written
66 notice to the Operator.

1 **3. ADVANCES AND PAYMENTS BY THE PARTIES**

2
3 A. Unless otherwise provided for in the Agreement, the Operator may require the Non-Operators to advance their share of the estimated
4 cash outlay for the succeeding month's operations within fifteen (15) days after receipt of the advance request or by the first day of
5 the month for which the advance is required, whichever is later. The Operator shall adjust each monthly billing to reflect advances
6 received from the Non-Operators for such month. If a refund is due, the Operator shall apply the amount to be refunded to the
7 subsequent month's billing or advance, unless the Non-Operator sends the Operator a written request for a cash refund. The Operator
8 shall remit the refund to the Non-Operator within fifteen (15) days of receipt of such written request.

9
10 B. Except as provided below, each Party shall pay its proportionate share of all bills in full within thirty (30) ~~fifteen (15)~~ days of receipt
11 date.
12 If
13 payment is not made within such time, the unpaid balance shall bear interest compounded monthly at the prime rate published by the
14 *Wall Street Journal* on the first day of each month the payment is delinquent, plus three percent (3%), per annum, or the maximum
15 contract rate permitted by the applicable usury Laws governing the Joint Property, whichever is the lesser, plus attorney's fees, court
16 costs, and other costs in connection with the collection of unpaid amounts. If the *Wall Street Journal* ceases to be published or
17 discontinues publishing a prime rate, the unpaid balance shall bear interest compounded monthly at the prime rate published by the
18 Federal Reserve plus three percent (3%), per annum. Interest shall begin accruing on the first day of the month in which the payment
19 was due. Payment shall not be reduced or delayed as a result of inquiries or anticipated credits unless the Operator has agreed.
20 Notwithstanding the foregoing, the Non-Operator may reduce payment, provided it furnishes documentation and explanation to the
21 Operator at the time payment is made, to the extent such reduction is caused by:

- 22 (1) being billed at an incorrect working interest or Participating Interest that is higher than such Non-Operator's actual working
23 interest or Participating Interest, as applicable; or
24 (2) being billed for a project or AFE requiring approval of the Parties under the Agreement that the Non-Operator has not approved
25 or is not otherwise obligated to pay under the Agreement; or
26 (3) being billed for a property in which the Non-Operator no longer owns a working interest, provided the Non-Operator has
27 furnished the Operator a copy of the recorded assignment or letter in-lieu. Notwithstanding the foregoing, the Non-Operator
28 shall remain responsible for paying bills attributable to the interest it sold or transferred for any bills rendered during the thirty
29 (30) day period following the Operator's receipt of such written notice; or
30 (4) charges outside the adjustment period, as provided in Section I.4 (*Adjustments*).

31 **4. ADJUSTMENTS**

32
33 A. Payment of any such bills shall not prejudice the right of any Party to protest or question the correctness thereof; however, all bills
34 and statements, including payout statements, rendered during any calendar year shall conclusively be presumed to be true and correct,
35 with respect only to expenditures, after twenty-four (24) months following the end of any such calendar year, unless within said
36 period a Party takes specific detailed written exception thereto making a claim for adjustment. The Operator shall provide a response
37 to all written exceptions, whether or not contained in an audit report, within the time periods prescribed in Section I.5 (*Expenditure*
38 *Audits*).

39
40 B. All adjustments initiated by the Operator, except those described in items (1) through (4) of this Section I.4.B, are limited to the
41 twenty-four (24) month period following the end of the calendar year in which the original charge appeared or should have appeared
42 on the Operator's Joint Account statement or payout statement. Adjustments that may be made beyond the twenty-four (24) month
43 period are limited to adjustments resulting from the following:

- 44
45 (1) a physical inventory of Controllable Material as provided for in Section V (*Inventories of Controllable Material*), or
46 (2) an offsetting entry (whether in whole or in part) that is the direct result of a specific joint interest audit exception granted by the
47 Operator relating to another property, or
48 (3) a government/regulatory audit, or
49 (4) a working interest ownership or Participating Interest adjustment.

50
51 **5. EXPENDITURE AUDITS**

52
53 A. A Non-Operator, upon written notice to the Operator and all other Non-Operators, shall have the right to audit the Operator's
54 accounts and records relating to the Joint Account within the twenty-four (24) month period following the end of such calendar year in
55 which such bill was rendered; however, conducting an audit shall not extend the time for the taking of written exception to and the
56 adjustment of accounts as provided for in Section I.4 (*Adjustments*). Any Party that is subject to payout accounting under the
57 Agreement shall have the right to audit the accounts and records of the Party responsible for preparing the payout statements, or of
58 the Party furnishing information to the Party responsible for preparing payout statements. Audits of payout accounts may include the
59 volumes of hydrocarbons produced and saved and proceeds received for such hydrocarbons as they pertain to payout accounting
60 required under the Agreement. Unless otherwise provided in the Agreement, audits of a payout account shall be conducted within the
61 twenty-four (24) month period following the end of the calendar year in which the payout statement was rendered.

62
63 Where there are two or more Non-Operators, the Non-Operators shall make every reasonable effort to conduct a joint audit in a
64 manner that will result in a minimum of inconvenience to the Operator. The Operator shall bear no portion of the Non-Operators'
65 audit cost incurred under this paragraph unless agreed to by the Operator. The audits shall not be conducted more than once each year
66 without prior approval of the Operator, except upon the resignation or removal of the Operator, and shall be made at the expense of

1 those Non-Operators approving such audit.
2

3 The Non-Operator leading the audit (hereinafter “lead audit company”) shall issue the audit report within ninety (90) days after
4 completion of the audit testing and analysis; however, the ninety (90) day time period shall not extend the twenty-four (24) month
5 requirement for taking specific detailed written exception as required in Section I.4.A (*Adjustments*) above. All claims shall be
6 supported with sufficient documentation.
7

8 A timely filed written exception or audit report containing written exceptions (hereinafter “written exceptions”) shall, with respect to
9 the claims made therein, preclude the Operator from asserting a statute of limitations defense against such claims, and the Operator
10 hereby waives its right to assert any statute of limitations defense against such claims for so long as any Non-Operator continues to
11 comply with the deadlines for resolving exceptions provided in this Accounting Procedure. If the Non-Operators fail to comply with
12 the additional deadlines in Section I.5.B or I.5.C, the Operator’s waiver of its rights to assert a statute of limitations defense against
13 the claims brought by the Non-Operators shall lapse, and such claims shall then be subject to the applicable statute of limitations,
14 provided that such waiver shall not lapse in the event that the Operator has failed to comply with the deadlines in Section I.5.B or
15 I.5.C.
16

17 B. The Operator shall provide a written response to all exceptions in an audit report within one hundred eighty (180) days after Operator
18 receives such report. Denied exceptions should be accompanied by a substantive response. If the Operator fails to provide substantive
19 response to an exception within this one hundred eighty (180) day period, the Operator will owe interest on that exception or portion
20 thereof, if ultimately granted, from the date it received the audit report. Interest shall be calculated using the rate set forth in Section
21 I.3.B (*Advances and Payments by the Parties*).
22

23 C. The lead audit company shall reply to the Operator’s response to an audit report within ninety (90) days of receipt, and the Operator
24 shall reply to the lead audit company’s follow-up response within ninety (90) days of receipt; provided, however, each Non-Operator
25 shall have the right to represent itself if it disagrees with the lead audit company’s position or believes the lead audit company is not
26 adequately fulfilling its duties. Unless otherwise provided for in Section I.5.E, if the Operator fails to provide substantive response
27 to an exception within this ninety (90) day period, the Operator will owe interest on that exception or portion thereof, if ultimately
28 granted, from the date it received the audit report. Interest shall be calculated using the rate set forth in Section I.3.B (*Advances and*
29 *Payments by the Parties*).
30

31 D. If any Party fails to meet the deadlines in Sections I.5.B or I.5.C or if any audit issues are outstanding fifteen (15) months after
32 Operator receives the audit report, the Operator or any Non-Operator participating in the audit has the right to call a resolution
33 meeting, as set forth in this Section I.5.D or it may invoke the dispute resolution procedures included in the Agreement, if applicable.
34 The meeting will require one month’s written notice to the Operator and all Non-Operators participating in the audit. The meeting
35 shall be held at the Operator’s office or mutually agreed location, and shall be attended by representatives of the Parties with
36 authority to resolve such outstanding issues. Any Party who fails to attend the resolution meeting shall be bound by any resolution
37 reached at the meeting. The lead audit company will make good faith efforts to coordinate the response and positions of the
38 Non-Operator participants throughout the resolution process; however, each Non-Operator shall have the right to represent itself.
39 Attendees will make good faith efforts to resolve outstanding issues, and each Party will be required to present substantive information
40 supporting its position. A resolution meeting may be held as often as agreed to by the Parties. Issues unresolved at one meeting may
41 be discussed at subsequent meetings until each such issue is resolved.
42

43 If the Agreement contains no dispute resolution procedures and the audit issues cannot be resolved by negotiation, the dispute shall
44 be submitted to mediation. In such event, promptly following one Party’s written request for mediation, the Parties to the dispute
45 shall choose a mutually acceptable mediator and share the costs of mediation services equally. The Parties shall each have present
46 at the mediation at least one individual who has the authority to settle the dispute. The Parties shall make reasonable efforts to
47 ensure that the mediation commences within sixty (60) days of the date of the mediation request. Notwithstanding the above, any
48 Party may file a lawsuit or complaint (1) if the Parties are unable after reasonable efforts, to commence mediation within sixty (60)
49 days of the date of the mediation request, (2) for statute of limitations reasons, or (3) to seek a preliminary injunction or other
50 provisional judicial relief, if in its sole judgment an injunction or other provisional relief is necessary to avoid irreparable damage or
51 to preserve the status quo. Despite such action, the Parties shall continue to try to resolve the dispute by mediation.
52

53 E. (*Optional Provision – Forfeiture Penalties*)

54 *If the Non-Operators fail to meet the deadline in Section I.5.C, any unresolved exceptions that were not addressed by the Non-*
55 *Operators within one (1) year following receipt of the last substantive response of the Operator shall be deemed to have been*
56 *withdrawn by the Non-Operators. If the Operator fails to meet the deadlines in Section I.5.B or I.5.C, any unresolved exceptions that*
57 *were not addressed by the Operator within one (1) year following receipt of the audit report or receipt of the last substantive response*
58 *of the Non-Operators, whichever is later, shall be deemed to have been granted by the Operator and adjustments shall be made,*
59 *without interest, to the Joint Account.*
60

61 6. APPROVAL BY PARTIES

62 A. GENERAL MATTERS

63
64
65 Where an approval or other agreement of the Parties or Non-Operators is expressly required under other Sections of this Accounting
66 Procedure and if the Agreement to which this Accounting Procedure is attached contains no contrary provisions in regard thereto, the

1 Operator shall notify all Non-Operators of the Operator's proposal and the agreement or approval of a majority in interest of the
2 Non-Operators shall be controlling on all Non-Operators.

3
4 This Section I.6.A applies to specific situations of limited duration where a Party proposes to change the accounting for charges from
5 that prescribed in this Accounting Procedure. This provision does not apply to amendments to this Accounting Procedure, which are
6 covered by Section I.6.B.

7
8 **B. AMENDMENTS**

9
10 If the Agreement to which this Accounting Procedure is attached contains no contrary provisions in regard thereto, this Accounting
11 Procedure can be amended by an affirmative vote of two (2) or more Parties, one of which is the Operator,
12 having a combined working interest of at least Sixty-Five percent (65 %), which approval shall be binding on all Parties,
13 provided, however, approval of at least one (1) Non-Operator shall be required.

14
15 **C. AFFILIATES**

16
17 For the purpose of administering the voting procedures of Sections I.6.A and I.6.B, if Parties to this Agreement are Affiliates of each
18 other, then such Affiliates shall be combined and treated as a single Party having the combined working interest or Participating
19 Interest of such Affiliates.

20
21 For the purposes of administering the voting procedures in Section I.6.A, if a Non-Operator is an Affiliate of the Operator, votes
22 under Section I.6.A shall require the majority in interest of the Non-Operator(s) after excluding the interest of the Operator's
23 Affiliate.

24
25 **II. DIRECT CHARGES**

26
27 The Operator shall charge the Joint Account with the following items:

28
29 **1. RENTALS AND ROYALTIES**

30
31 Lease rentals and royalties paid by the Operator, on behalf of all Parties, for the Joint Operations.

32
33 **2. LABOR**

34
35 **A. Salaries and wages, including incentive compensation programs as set forth in COPAS MFI-37 ("Chargeability of Incentive
36 Compensation Programs"), for:**

- 37
38 (1) Operator's field employees directly employed On-site in the conduct of Joint Operations,
39
40 (2) Operator's employees directly employed on Shore Base Facilities, Offshore Facilities, or other facilities serving the Joint
41 Property if such costs are not charged under Section II.6 (*Equipment and Facilities Furnished by Operator*) or are not a
42 function covered under Section III (*Overhead*),
43
44 (3) Operator's employees providing First Level Supervision,
45
46 (4) Operator's employees providing On-site Technical Services for the Joint Property if such charges are excluded from the
47 overhead rates in Section III (*Overhead*),
48
49 (5) Operator's employees providing Off-site Technical Services for the Joint Property if such charges are excluded from the
50 overhead rates in Section III (*Overhead*).

51
52 Charges for the Operator's employees identified in Section II.2.A may be made based on the employee's actual salaries and wages,
53 or in lieu thereof, a day rate representing the Operator's average salaries and wages of the employee's specific job category.

54
55 Charges for personnel chargeable under this Section II.2.A who are foreign nationals shall not exceed comparable compensation paid
56 to an equivalent U.S. employee pursuant to this Section II.2, unless otherwise approved by the Parties pursuant to Section
57 I.6.A (*General Matters*).

58
59 **B. Operator's cost of holiday, vacation, sickness, and disability benefits, and other customary allowances paid to employees whose
60 salaries and wages are chargeable to the Joint Account under Section II.2.A, excluding severance payments or other termination
61 allowances. Such costs under this Section II.2.B may be charged on a "when and as-paid basis" or by "percentage assessment" on the
62 amount of salaries and wages chargeable to the Joint Account under Section II.2.A. If percentage assessment is used, the rate shall
63 be based on the Operator's cost experience.**

64
65 **C. Expenditures or contributions made pursuant to assessments imposed by governmental authority that are applicable to costs
66 chargeable to the Joint Account under Sections II.2.A and B.**

1 D. Personal Expenses of personnel whose salaries and wages are chargeable to the Joint Account under Section II.2.A when the
2 expenses are incurred in connection with directly chargeable activities.

3
4 E. Reasonable relocation costs incurred in transferring to the Joint Property personnel whose salaries and wages are chargeable to the
5 Joint Account under Section II.2.A. Notwithstanding the foregoing, relocation costs that result from reorganization or merger of a
6 Party, or that are for the primary benefit of the Operator, shall not be chargeable to the Joint Account. Extraordinary relocation
7 costs, such as those incurred as a result of transfers from remote locations, such as Alaska or overseas, shall not be charged to the
8 Joint Account unless approved by the Parties pursuant to Section I.6.A (*General Matters*).

9
10 ~~F. Training costs as specified in COPAS MFI-35 (“Charging of Training Costs to the Joint Account”) for personnel whose salaries and~~
11 ~~wages are chargeable under Section II.2.A. This training charge shall include the wages, salaries, training course cost, and Personal~~
12 ~~Expenses incurred during the training session. The training cost shall be charged or allocated to the property or properties directly~~
13 ~~benefiting from the training. The cost of the training course shall not exceed prevailing commercial rates, where such rates are~~
14 ~~available.~~

15
16 G. Operator’s current cost of established plans for employee benefits, as described in COPAS MFI-27 (“Employee Benefits Chargeable
17 to Joint Operations and Subject to Percentage Limitation”), applicable to the Operator’s labor costs chargeable to the Joint Account
18 under Sections II.2.A and B based on the Operator’s actual cost not to exceed the employee benefits limitation percentage most
19 recently recommended by COPAS.

20
21 H. Award payments to employees, in accordance with COPAS MFI-49 (“Awards to Employees and Contractors”) for personnel whose
22 salaries and wages are chargeable under Section II.2.A.

23
24 **3. MATERIAL**

25
26 Material purchased or furnished by the Operator for use on the Joint Property in the conduct of Joint Operations as provided under Section
27 IV (*Material Purchases, Transfers, and Dispositions*). Only such Material shall be purchased for or transferred to the Joint Property as
28 may be required for immediate use or is reasonably practical and consistent with efficient and economical operations. The accumulation
29 of surplus stocks shall be avoided.

30
31 **4. TRANSPORTATION**

32
33 A. Transportation of the Operator’s, Operator’s Affiliate’s, or contractor’s personnel necessary for Joint Operations.

34
35 B. Transportation of Material between the Joint Property and another property, or from the Operator’s warehouse or other storage point
36 to the Joint Property, shall be charged to the receiving property using one of the methods listed below. Transportation of Material
37 from the Joint Property to the Operator’s warehouse or other storage point shall be paid for by the Joint Property using one of the
38 methods listed below:

39
40 (1) If the actual trucking charge is less than or equal to the Excluded Amount the Operator may charge actual trucking cost or a
41 theoretical charge from the Railway Receiving Point to the Joint Property. The basis for the theoretical charge is the per
42 hundred weight charge plus fuel surcharges from the Railway Receiving Point to the Joint Property. The Operator shall
43 consistently apply the selected alternative.

44
45 (2) If the actual trucking charge is greater than the Excluded Amount, the Operator shall charge Equalized Freight. Accessorial
46 charges such as loading and unloading costs, split pick-up costs, detention, call out charges, and permit fees shall be charged
47 directly to the Joint Property and shall not be included when calculating the Equalized Freight.

48
49 **5. SERVICES**

50
51 The cost of contract services, equipment, and utilities used in the conduct of Joint Operations, except for contract services, equipment, and
52 utilities covered by Section III (*Overhead*), or Section II.7 (*Affiliates*), or excluded under Section II.9 (*Legal Expense*). Awards paid to
53 contractors shall be chargeable pursuant to COPAS MFI-49 (“Awards to Employees and Contractors”).

54
55 The costs of third party Technical Services are chargeable to the extent excluded from the overhead rates under Section III (*Overhead*).

56
57 **6. EQUIPMENT AND FACILITIES FURNISHED BY OPERATOR**

58
59 In the absence of a separately negotiated agreement, equipment and facilities furnished by the Operator will be charged as follows:

60
61 A. The Operator shall charge the Joint Account for use of Operator-owned equipment and facilities, including but not limited to
62 production facilities, Shore Base Facilities, Offshore Facilities, and Field Offices, at rates commensurate with the costs of ownership
63 and operation. The cost of Field Offices shall be chargeable to the extent the Field Offices provide direct service to personnel who
64 are chargeable pursuant to Section II.2.A (*Labor*). Such rates may include labor, maintenance, repairs, other operating expense,
65 insurance, taxes, depreciation using straight line depreciation method, and interest on gross investment less accumulated depreciation
66 not to exceed Twelve percent (12%) per annum; provided, however, depreciation shall not be charged when the

1 equipment and facilities investment have been fully depreciated. The rate may include an element of the estimated cost for
2 abandonment, reclamation, and dismantlement. Such rates shall not exceed the average commercial rates currently prevailing in the
3 immediate area of the Joint Property.
4

- 5 B. In lieu of charges in Section II.6.A above, the Operator may elect to use average commercial rates prevailing in the immediate area
6 of the Joint Property, less twenty percent (20%). If equipment and facilities are charged under this Section II.6.B, the Operator shall
7 adequately document and support commercial rates and shall periodically review and update the rate and the supporting
8 documentation. For automotive equipment, the Operator may elect to use rates published by the Petroleum Motor Transport
9 Association (PMTA) or such other organization recognized by COPAS as the official source of rates.
10

11 7. AFFILIATES

12

- 13 A. Charges for an Affiliate's goods and/or services used in operations requiring an AFE or other authorization from the Non-Operators
14 may be made without the approval of the Parties provided (i) the Affiliate is identified and the Affiliate goods and services are
15 specifically detailed in the approved AFE or other authorization, and (ii) the total costs for such Affiliate's goods and services billed
16 to such individual project do not exceed \$ 50,000.00 . If the total costs for an Affiliate's goods and services charged to such
17 individual project are not specifically detailed in the approved AFE or authorization or exceed such amount, charges for such
18 Affiliate shall require approval of the Parties, pursuant to Section I.6.A (*General Matters*).
19

- 20 B. For an Affiliate's goods and/or services used in operations not requiring an AFE or other authorization from the Non-Operators,
21 charges for such Affiliate's goods and services shall require approval of the Parties, pursuant to Section I.6.A (*General Matters*), if the
22 charges exceed \$ 100,000.00 in a given calendar year.
23

- 24 C. The cost of the Affiliate's goods or services shall not exceed average commercial rates prevailing in the area of the Joint Property,
25 unless the Operator obtains the Non-Operators' approval of such rates. The Operator shall adequately document and support
26 commercial rates and shall periodically review and update the rate and the supporting documentation; provided, however,
27 documentation of commercial rates shall not be required if the Operator obtains Non-Operator approval of its Affiliate's rates or
28 charges prior to billing Non-Operators for such Affiliate's goods and services. Notwithstanding the foregoing, direct charges for
29 Affiliate-owned communication facilities or systems shall be made pursuant to Section II.12 (*Communications*).
30

31 If the Parties fail to designate an amount in Sections II.7.A or II.7.B, in each instance the amount deemed adopted by the Parties as a
32 result of such omission shall be the amount established as the Operator's expenditure limitation in the Agreement. If the Agreement
33 does not contain an Operator's expenditure limitation, the amount deemed adopted by the Parties as a result of such omission shall be
34 zero dollars (\$ 0.00).
35

36 8. DAMAGES AND LOSSES TO JOINT PROPERTY

37

38 All costs or expenses necessary for the repair or replacement of Joint Property resulting from damages or losses incurred, except to the
39 extent such damages or losses result from a Party's or Parties' gross negligence or willful misconduct, in which case such Party or Parties
40 shall be solely liable.
41

42 The Operator shall furnish the Non-Operator written notice of damages or losses incurred as soon as practicable after a report has been
43 received by the Operator.
44

45 9. LEGAL EXPENSE

46

47 Recording fees and costs of handling, settling, or otherwise discharging litigation, claims, and liens incurred in or resulting from
48 operations under the Agreement, or necessary to protect or recover the Joint Property, to the extent permitted under the Agreement. Costs
49 of the Operator's or Affiliate's legal staff or outside attorneys, including fees and expenses, are not chargeable unless approved by the
50 Parties pursuant to Section I.6.A (*General Matters*) or otherwise provided for in the Agreement.
51

52 Notwithstanding the foregoing paragraph, costs for procuring abstracts, fees paid to outside attorneys for title examinations (including
53 preliminary, supplemental, shut-in royalty opinions, division order title opinions), and curative work shall be chargeable to the extent
54 permitted as a direct charge in the Agreement.
55

57 10. TAXES AND PERMITS

58

59 All taxes and permitting fees of every kind and nature, assessed or levied upon or in connection with the Joint Property, or the production
60 therefrom, and which have been paid by the Operator for the benefit of the Parties, including penalties and interest, except to the extent the
61 penalties and interest result from the Operator's gross negligence or willful misconduct.
62

63 If ad valorem taxes paid by the Operator are based in whole or in part upon separate valuations of each Party's working interest, then
64 notwithstanding any contrary provisions, the charges to the Parties will be made in accordance with the tax value generated by each Party's
65 working interest.
66

1 Costs of tax consultants or advisors, the Operator's employees, or Operator's Affiliate employees in matters regarding ad valorem or other
2 tax matters, are not permitted as direct charges unless approved by the Parties pursuant to Section I.6.A (*General Matters*).

3
4 Charges to the Joint Account resulting from sales/use tax audits, including extrapolated amounts and penalties and interest, are permitted,
5 provided the Non-Operator shall be allowed to review the invoices and other underlying source documents which served as the basis for
6 tax charges and to determine that the correct amount of taxes were charged to the Joint Account. If the Non-Operator is not permitted to
7 review such documentation, the sales/use tax amount shall not be directly charged unless the Operator can conclusively document the
8 amount owed by the Joint Account.

9
10 **11. INSURANCE**

11
12 Net premiums paid for insurance required to be carried for Joint Operations for the protection of the Parties. If Joint Operations are
13 conducted at locations where the Operator acts as self-insurer in regard to its worker's compensation and employer's liability insurance
14 obligation, the Operator shall charge the Joint Account manual rates for the risk assumed in its self-insurance program as regulated by the
15 jurisdiction governing the Joint Property. In the case of offshore operations in federal waters, the manual rates of the adjacent state shall be
16 used for personnel performing work On-site, and such rates shall be adjusted for offshore operations by the U.S. Longshoreman and
17 Harbor Workers (USL&H) or Jones Act surcharge, as appropriate.

18
19 **12. COMMUNICATIONS**

20
21 Costs of acquiring, leasing, installing, operating, repairing, and maintaining communication facilities or systems, including satellite, radio
22 and microwave facilities, between the Joint Property and the Operator's office(s) directly responsible for field operations in accordance
23 with the provisions of COPAS MFI-44 ("Field Computer and Communication Systems"). If the communications facilities or systems
24 serving the Joint Property are Operator-owned, charges to the Joint Account shall be made as provided in Section II.6 (*Equipment and*
25 *Facilities Furnished by Operator*). If the communication facilities or systems serving the Joint Property are owned by the Operator's
26 Affiliate, charges to the Joint Account shall not exceed average commercial rates prevailing in the area of the Joint Property. The Operator
27 shall adequately document and support commercial rates and shall periodically review and update the rate and the supporting
28 documentation.

29
30 **13. ECOLOGICAL, ENVIRONMENTAL, AND SAFETY**

31
32 Costs incurred for Technical Services and drafting to comply with ecological, environmental and safety Laws or standards recommended by
33 Occupational Safety and Health Administration (OSHA) or other regulatory authorities. All other labor and functions incurred for
34 ecological, environmental and safety matters, including management, administration, and permitting, shall be covered by Sections II.2
35 (*Labor*), II.5 (*Services*), or Section III (*Overhead*), as applicable.

36
37 Costs to provide or have available pollution containment and removal equipment plus actual costs of control and cleanup and resulting
38 responsibilities of oil and other spills as well as discharges from permitted outfalls as required by applicable Laws, or other pollution
39 containment and removal equipment deemed appropriate by the Operator for prudent operations, are directly chargeable.

40
41 **14. ABANDONMENT AND RECLAMATION**

42
43 Costs incurred for abandonment and reclamation of the Joint Property, including costs required by lease agreements or by Laws.

44
45 **15. OTHER EXPENDITURES**

46
47 Any other expenditure not covered or dealt with in the foregoing provisions of this Section II (*Direct Charges*), or in Section III
48 (*Overhead*) and which is of direct benefit to the Joint Property and is incurred by the Operator in the necessary and proper conduct of the
49 Joint Operations. Charges made under this Section II.15 shall require approval of the Parties, pursuant to Section I.6.A (*General Matters*).

50
51
52 **III. OVERHEAD**

53
54 As compensation for costs not specifically identified as chargeable to the Joint Account pursuant to Section II (*Direct Charges*), the Operator
55 shall charge the Joint Account in accordance with this Section III.

56
57 Functions included in the overhead rates regardless of whether performed by the Operator, Operator's Affiliates or third parties and regardless
58 of location, shall include, but not be limited to, costs and expenses of:

- 59
60
- 61 • warehousing, other than for warehouses that are jointly owned under this Agreement
 - 62 • design and drafting (except when allowed as a direct charge under Sections II.13, III.1.A(ii), and III.2, Option B)
 - 63 • inventory costs not chargeable under Section V (*Inventories of Controllable Material*)
 - 64 • procurement
 - 65 • administration
 - 66 • accounting and auditing
 - gas dispatching and gas chart integration

- 1 • human resources
- 2 • management
- 3 • supervision not directly charged under Section II.2 (*Labor*)
- 4 • legal services not directly chargeable under Section II.9 (*Legal Expense*)
- 5 • taxation, other than those costs identified as directly chargeable under Section II.10 (*Taxes and Permits*)
- 6 • preparation and monitoring of permits and certifications; preparing regulatory reports; appearances before or meetings with
- 7 governmental agencies or other authorities having jurisdiction over the Joint Property, other than On-site inspections; reviewing,
- 8 interpreting, or submitting comments on or lobbying with respect to Laws or proposed Laws.

9
10 Overhead charges shall include the salaries or wages plus applicable payroll burdens, benefits, and Personal Expenses of personnel performing
11 overhead functions, as well as office and other related expenses of overhead functions.

12
13 **1. OVERHEAD—DRILLING AND PRODUCING OPERATIONS**

14
15 As compensation for costs incurred but not chargeable under Section II (*Direct Charges*) and not covered by other provisions of this
16 Section III, the Operator shall charge on either:

- 17 (Alternative 1) Fixed Rate Basis, Section III.1.B.
- 18 (Alternative 2) Percentage Basis, Section III.1.C.

19
20
21 **A. TECHNICAL SERVICES**

22
23 (i) Except as otherwise provided in Section II.13 (*Ecological Environmental, and Safety*) and Section III.2 (*Overhead – Major*
24 *Construction and Catastrophe*), or by approval of the Parties pursuant to Section I.6.A (*General Matters*), the salaries, wages,
25 related payroll burdens and benefits, and Personal Expenses for **On-site** Technical Services, including third party Technical
26 Services:

- 27 (Alternative 1 – Direct) shall be charged direct to the Joint Account.
- 28 (Alternative 2 – Overhead) shall be covered by the overhead rates.

29
30
31 (ii) Except as otherwise provided in Section II.13 (*Ecological, Environmental, and Safety*) and Section III.2 (*Overhead – Major*
32 *Construction and Catastrophe*), or by approval of the Parties pursuant to Section I.6.A (*General Matters*), the salaries, wages,
33 related payroll burdens and benefits, and Personal Expenses for **Off-site** Technical Services, including third party Technical
34 Services:

- 35 (Alternative 1 – All Overhead) shall be covered by the overhead rates.
- 36 (Alternative 2 – All Direct) shall be charged direct to the Joint Account.
- 37 (Alternative 3 – Drilling Direct) shall be charged direct to the Joint Account, only to the extent such Technical Services
38 are directly attributable to drilling, re-drilling, deepening, or sidetracking operations, through completion, temporary
39 abandonment, or abandonment if a dry hole. Off-site Technical Services for all other operations, including workover,
40 recompletion, abandonment of producing wells, and the construction or expansion of fixed assets not covered by Section
41 III.2 (*Overhead - Major Construction and Catastrophe*) shall be covered by the overhead rates.

42
43 Notwithstanding anything to the contrary in this Section III, Technical Services provided by Operator’s Affiliates are subject to limitations
44 set forth in Section II.7 (*Affiliates*). Charges for Technical personnel performing non-technical work shall not be governed by this Section
45 III.1.A, but instead governed by other provisions of this Accounting Procedure relating to the type of work being performed.

46
47
48
49

51 **B. OVERHEAD—FIXED RATE BASIS**

52
53 (1) The Operator shall charge the Joint Account at the following rates per well per month:

- 54 Drilling Well Rate per month \$ 12,000.00 (prorated for less than a full month)
- 55
- 56 Producing Well Rate per month \$ 1,200.00

57
58
59 (2) Application of Overhead—Drilling Well Rate shall be as follows:

- 60 (a) Charges for onshore drilling wells shall begin on the location work begins ~~spud date~~ and terminate on the date the drilling and/or
61 completion
62 equipment used on the well is released, whichever occurs later. Charges for offshore and inland waters drilling wells shall
63 begin on the date the drilling or completion equipment arrives on location and terminate on the date the drilling or completion
64 equipment moves off location, or is released, whichever occurs first. No charge shall be made during suspension of drilling
65 and/or completion operations for fifteen (15) or more consecutive calendar days.

(b) Charges for any well undergoing any type of workover, recompletion, and/or abandonment for a period of five (5) or more consecutive work-days shall be made at the Drilling Well Rate. Such charges shall be applied for the period from date operations, with rig or other units used in operations, commence through date of rig or other unit release, except that no charges shall be made during suspension of operations for fifteen (15) or more consecutive calendar days.

(3) Application of Overhead—Producing Well Rate shall be as follows:

(a) An active well that is produced, injected into for recovery or disposal, or used to obtain water supply to support operations for any portion of the month shall be considered as a one-well charge for the entire month.

(b) Each active completion in a multi-completed well shall be considered as a one-well charge provided each completion is considered a separate well by the governing regulatory authority.

(c) A one-well charge shall be made for the month in which plugging and abandonment operations are completed on any well, unless the Drilling Well Rate applies, as provided in Sections III.1.B.(2)(a) or (b). This one-well charge shall be made whether or not the well has produced.

(d) An active gas well shut in because of overproduction or failure of a purchaser, processor, or transporter to take production shall be considered as a one-well charge provided the gas well is directly connected to a permanent sales outlet.

(e) Any well not meeting the criteria set forth in Sections III.1.B.(3) (a), (b), (c), or (d) shall not qualify for a producing overhead charge.

(4) The well rates shall be adjusted on the first day of April each year following the effective date of the Agreement; provided, however, if this Accounting Procedure is attached to or otherwise governing the payout accounting under a farmout agreement, the rates shall be adjusted on the first day of April each year following the effective date of such farmout agreement. The adjustment shall be computed by applying the adjustment factor most recently published by COPAS. The adjusted rates shall be the initial or amended rates agreed to by the Parties increased or decreased by the adjustment factor described herein, for each year from the effective date of such rates, in accordance with COPAS MFI-47 (“Adjustment of Overhead Rates”).

C. ~~OVERHEAD—PERCENTAGE BASIS~~

~~(1) Operator shall charge the Joint Account at the following rates:~~

~~(a) Development Rate _____ percent (____%) of the cost of development of the Joint Property, exclusive of costs provided under Section II.9 (Legal Expense) and all Material salvage credits.~~

~~(b) Operating Rate _____ percent (____%) of the cost of operating the Joint Property, exclusive of costs provided under Sections II.1 (Rentals and Royalties) and II.9 (Legal Expense); all Material salvage credits; the value of substances purchased for enhanced recovery; all property and ad valorem taxes, and any other taxes and assessments that are levied, assessed, and paid upon the mineral interest in and to the Joint Property.~~

~~(2) Application of Overhead—Percentage Basis shall be as follows:~~

~~(a) The Development Rate shall be applied to all costs in connection with:~~

- ~~[i] drilling, redrilling, sidetracking, or deepening of a well~~
- ~~[ii] a well undergoing plugback or workover operations for a period of five (5) or more consecutive work days~~
- ~~[iii] preliminary expenditures necessary in preparation for drilling~~
- ~~[iv] expenditures incurred in abandoning when the well is not completed as a producer~~
- ~~[v] construction or installation of fixed assets, the expansion of fixed assets and any other project clearly discernible as a fixed asset, other than Major Construction or Catastrophe as defined in Section III.2 (Overhead Major Construction and Catastrophe).~~

~~(b) The Operating Rate shall be applied to all other costs in connection with Joint Operations, except those subject to Section III.2 (Overhead Major Construction and Catastrophe).~~

2. **OVERHEAD—MAJOR CONSTRUCTION AND CATASTROPHE**

To compensate the Operator for overhead costs incurred in connection with a Major Construction project or Catastrophe, the Operator shall either negotiate a rate prior to the beginning of the project, or shall charge the Joint Account for overhead based on the following rates for any Major Construction project in excess of the Operator’s expenditure limit under the Agreement, or for any Catastrophe regardless of the amount. If the Agreement to which this Accounting Procedure is attached does not contain an expenditure limit, Major Construction Overhead shall be assessed for any single Major Construction project costing in excess of \$100,000 gross.

1 Major Construction shall mean the construction and installation of fixed assets, the expansion of fixed assets, and any other project clearly
2 discernible as a fixed asset required for the development and operation of the Joint Property, or in the dismantlement, abandonment,
3 removal, and restoration of platforms, production equipment, and other operating facilities.
4

5 Catastrophe is defined as a sudden calamitous event bringing damage, loss, or destruction to property or the environment, such as an oil
6 spill, blowout, explosion, fire, storm, hurricane, or other disaster. The overhead rate shall be applied to those costs necessary to restore the
7 Joint Property to the equivalent condition that existed prior to the event.
8

9 A. If the Operator absorbs the engineering, design and drafting costs related to the project:
10

11 (1) 7% of total costs if such costs are less than \$100,000; plus
12

13 (2) 5% of total costs in excess of \$100,000 but less than \$1,000,000; plus
14

15 (3) 4% of total costs in excess of \$1,000,000.
16

17 B. If the Operator charges engineering, design and drafting costs related to the project directly to the Joint Account:
18

19 (1) 5% of total costs if such costs are less than \$100,000; plus
20

21 (2) 3% of total costs in excess of \$100,000 but less than \$1,000,000; plus
22

23 (3) 2% of total costs in excess of \$1,000,000.
24

25 Total cost shall mean the gross cost of any one project. For the purpose of this paragraph, the component parts of a single Major
26 Construction project shall not be treated separately, and the cost of drilling and workover wells and purchasing and installing pumping
27 units and downhole artificial lift equipment shall be excluded. For Catastrophes, the rates shall be applied to all costs associated with each
28 single occurrence or event.
29

30 On each project, the Operator shall advise the Non-Operator(s) in advance which of the above options shall apply.
31

32 For the purposes of calculating Catastrophe Overhead, the cost of drilling relief wells, substitute wells, or conducting other well operations
33 directly resulting from the catastrophic event shall be included. Expenditures to which these rates apply shall not be reduced by salvage or
34 insurance recoveries. Expenditures that qualify for Major Construction or Catastrophe Overhead shall not qualify for overhead under any
35 other overhead provisions.
36

37 In the event of any conflict between the provisions of this Section III.2 and the provisions of Sections II.2 (*Labor*), II.5 (*Services*), or II.7
38 (*Affiliates*), the provisions of this Section III.2 shall govern.
39

40 3. AMENDMENT OF OVERHEAD RATES 41

42 The overhead rates provided for in this Section III may be amended from time to time if, in practice, the rates are found to be insufficient
43 or excessive, in accordance with the provisions of Section I.6.B (*Amendments*).
44

45 IV. MATERIAL PURCHASES, TRANSFERS, AND DISPOSITIONS 46

47 The Operator is responsible for Joint Account Material and shall make proper and timely charges and credits for direct purchases, transfers, and
48 dispositions. The Operator shall provide all Material for use in the conduct of Joint Operations; however, Material may be supplied by the Non-
49 Operators, at the Operator's option. Material furnished by any Party shall be furnished without any express or implied warranties as to quality,
50 fitness for use, or any other matter.
51

52 1. DIRECT PURCHASES 53

54 Direct purchases shall be charged to the Joint Account at the price paid by the Operator after deduction of all discounts received. The
55 Operator shall make good faith efforts to take discounts offered by suppliers, but shall not be liable for failure to take discounts except to
56 the extent such failure was the result of the Operator's gross negligence or willful misconduct. A direct purchase shall be deemed to occur
57 when an agreement is made between an Operator and a third party for the acquisition of Material for a specific well site or location.
58 Material provided by the Operator under "vendor stocking programs," where the initial use is for a Joint Property and title of the Material
59 does not pass from the manufacturer, distributor, or agent until usage, is considered a direct purchase. If Material is found to be defective
60 or is returned to the manufacturer, distributor, or agent for any other reason, credit shall be passed to the Joint Account within sixty (60)
61 days after the Operator has received adjustment from the manufacturer, distributor, or agent.
62
63
64
65
66

1 **2. TRANSFERS**

2
3 A transfer is determined to occur when the Operator (i) furnishes Material from a storage facility or from another operated property, (ii) has
4 assumed liability for the storage costs and changes in value, and (iii) has previously secured and held title to the transferred Material.
5 Similarly, the removal of Material from the Joint Property to a storage facility or to another operated property is also considered a transfer;
6 provided, however, Material that is moved from the Joint Property to a storage location for safe-keeping pending disposition may remain
7 charged to the Joint Account and is not considered a transfer. Material shall be disposed of in accordance with Section IV.3 (*Disposition of*
8 *Surplus*) and the Agreement to which this Accounting Procedure is attached.

9
10 **A. PRICING**

11
12 The value of Material transferred to/from the Joint Property should generally reflect the market value on the date of physical transfer.
13 Regardless of the pricing method used, the Operator shall make available to the Non-Operators sufficient documentation to verify the
14 Material valuation. When higher than specification grade or size tubulars are used in the conduct of Joint Operations, the Operator
15 shall charge the Joint Account at the equivalent price for well design specification tubulars, unless such higher specification grade or
16 sized tubulars are approved by the Parties pursuant to Section I.6.A (*General Matters*). Transfers of new Material will be priced
17 using one of the following pricing methods; provided, however, the Operator shall use consistent pricing methods, and not alternate
18 between methods for the purpose of choosing the method most favorable to the Operator for a specific transfer:

- 19
20 (1) Using published prices in effect on date of movement as adjusted by the appropriate COPAS Historical Price Multiplier (HPM)
21 or prices provided by the COPAS Computerized Equipment Pricing System (CEPS).
22
23 (a) For oil country tubulars and line pipe, the published price shall be based upon eastern mill carload base prices (Houston,
24 Texas, for special end) adjusted as of date of movement, plus transportation cost as defined in Section IV.2.B (*Freight*).
25
26 (b) For other Material, the published price shall be the published list price in effect at date of movement, as listed by a Supply
27 Store nearest the Joint Property where like Material is normally available, or point of manufacture plus transportation
28 costs as defined in Section IV.2.B (*Freight*).
29
30 (2) Based on a price quotation from a vendor that reflects a current realistic acquisition cost.
31
32 (3) Based on the amount paid by the Operator for like Material in the vicinity of the Joint Property within the previous twelve (12)
33 months from the date of physical transfer.
34
35 (4) As agreed to by the Participating Parties for Material being transferred to the Joint Property, and by the Parties owning the
36 Material for Material being transferred from the Joint Property.

37
38 **B. FREIGHT**

39
40 Transportation costs shall be added to the Material transfer price using the method prescribed by the COPAS Computerized
41 Equipment Pricing System (CEPS). If not using CEPS, transportation costs shall be calculated as follows:

- 42
43 (1) Transportation costs for oil country tubulars and line pipe shall be calculated using the distance from eastern mill to the
44 Railway Receiving Point based on the carload weight basis as recommended by the COPAS MFI-38 (“Material Pricing
45 Manual”) and other COPAS MFIs in effect at the time of the transfer.
46
47 (2) Transportation costs for special mill items shall be calculated from that mill's shipping point to the Railway Receiving Point.
48 For transportation costs from other than eastern mills, the 30,000-pound interstate truck rate shall be used. Transportation costs
49 for macaroni tubing shall be calculated based on the interstate truck rate per weight of tubing transferred to the Railway
50 Receiving Point.
51
52 (3) Transportation costs for special end tubular goods shall be calculated using the interstate truck rate from Houston, Texas, to the
53 Railway Receiving Point.
54
55 (4) Transportation costs for Material other than that described in Sections IV.2.B.(1) through (3), shall be calculated from the
56 Supply Store or point of manufacture, whichever is appropriate, to the Railway Receiving Point

57
58 Regardless of whether using CEPS or manually calculating transportation costs, transportation costs from the Railway Receiving Point
59 to the Joint Property are in addition to the foregoing, and may be charged to the Joint Account based on actual costs incurred. All
60 transportation costs are subject to Equalized Freight as provided in Section II.4 (*Transportation*) of this Accounting Procedure.

61
62 **C. TAXES**

63
64 Sales and use taxes shall be added to the Material transfer price using either the method contained in the COPAS Computerized
65 Equipment Pricing System (CEPS) or the applicable tax rate in effect for the Joint Property at the time and place of transfer. In either
66 case, the Joint Account shall be charged or credited at the rate that would have governed had the Material been a direct purchase.

1 D. CONDITION

2
3 (1) Condition "A" – New and unused Material in sound and serviceable condition shall be charged at one hundred percent (100%)
4 of the price as determined in Sections IV.2.A (*Pricing*), IV.2.B (*Freight*), and IV.2.C (*Taxes*). Material transferred from the
5 Joint Property that was not placed in service shall be credited as charged without gain or loss; provided, however, any unused
6 Material that was charged to the Joint Account through a direct purchase will be credited to the Joint Account at the original
7 cost paid less restocking fees charged by the vendor. New and unused Material transferred from the Joint Property may be
8 credited at a price other than the price originally charged to the Joint Account provided such price is approved by the Parties
9 owning such Material, pursuant to Section 1.6.A (*General Matters*). All refurbishing costs required or necessary to return the
10 Material to original condition or to correct handling, transportation, or other damages will be borne by the divesting property.
11 The Joint Account is responsible for Material preparation, handling, and transportation costs for new and unused Material
12 charged to the Joint Property either through a direct purchase or transfer. Any preparation costs incurred, including any internal
13 or external coating and wrapping, will be credited on new Material provided these services were not repeated for such Material
14 for the receiving property.

15
16 (2) Condition "B" – Used Material in sound and serviceable condition and suitable for reuse without reconditioning shall be priced
17 by multiplying the price determined in Sections IV.2.A (*Pricing*), IV.2.B (*Freight*), and IV.2.C (*Taxes*) by seventy-five percent
18 (75%).

19
20 Except as provided in Section IV.2.D(3), all reconditioning costs required to return the Material to Condition "B" or to correct
21 handling, transportation or other damages will be borne by the divesting property.

22
23 If the Material was originally charged to the Joint Account as used Material and placed in service for the Joint Property, the
24 Material will be credited at the price determined in Sections IV.2.A (*Pricing*), IV.2.B (*Freight*), and IV.2.C (*Taxes*) multiplied
25 by sixty-five percent (65%).

26
27 Unless otherwise agreed to by the Parties that paid for such Material, used Material transferred from the Joint Property that was
28 not placed in service on the property shall be credited as charged without gain or loss.

29
30 (3) Condition "C" – Material that is not in sound and serviceable condition and not suitable for its original function until after
31 reconditioning shall be priced by multiplying the price determined in Sections IV.2.A (*Pricing*), IV.2.B (*Freight*), and IV.2.C
32 (*Taxes*) by fifty percent (50%).

33
34 The cost of reconditioning may be charged to the receiving property to the extent Condition "C" value, plus cost of
35 reconditioning, does not exceed Condition "B" value.

36
37 (4) Condition "D" – Material that (i) is no longer suitable for its original purpose but useable for some other purpose, (ii) is
38 obsolete, or (iii) does not meet original specifications but still has value and can be used in other applications as a substitute for
39 items with different specifications, is considered Condition "D" Material. Casing, tubing, or drill pipe used as line pipe shall be
40 priced as Grade A and B seamless line pipe of comparable size and weight. Used casing, tubing, or drill pipe utilized as line
41 pipe shall be priced at used line pipe prices. Casing, tubing, or drill pipe used as higher pressure service lines than standard line
42 pipe, e.g., power oil lines, shall be priced under normal pricing procedures for casing, tubing, or drill pipe. Upset tubular goods
43 shall be priced on a non-upset basis. For other items, the price used should result in the Joint Account being charged or credited
44 with the value of the service rendered or use of the Material, or as agreed to by the Parties pursuant to Section 1.6.A (*General*
45 *Matters*).

46
47 (5) Condition "E" – Junk shall be priced at prevailing scrap value prices.

48
49 E. OTHER PRICING PROVISIONS

50
51 (1) Preparation Costs

52
53 Subject to Section II (*Direct Charges*) and Section III (*Overhead*) of this Accounting Procedure, costs incurred by the Operator
54 in making Material serviceable including inspection, third party surveillance services, and other similar services will be charged
55 to the Joint Account at prices which reflect the Operator's actual costs of the services. Documentation must be provided to the
56 Non-Operators upon request to support the cost of service. New coating and/or wrapping shall be considered a component of
57 the Materials and priced in accordance with Sections IV.1 (*Direct Purchases*) or IV.2.A (*Pricing*), as applicable. No charges or
58 credits shall be made for used coating or wrapping. Charges and credits for inspections shall be made in accordance with
59 COPAS MFI-38 ("Material Pricing Manual").

60
61 (2) Loading and Unloading Costs

62
63 Loading and unloading costs related to the movement of the Material to the Joint Property shall be charged in accordance with
64 the methods specified in COPAS MFI-38 ("Material Pricing Manual").

1 **3. DISPOSITION OF SURPLUS**

2
3 Surplus Material is that Material, whether new or used, that is no longer required for Joint Operations. The Operator may purchase, but
4 shall be under no obligation to purchase, the interest of the Non-Operators in surplus Material.

5
6 Dispositions for the purpose of this procedure are considered to be the relinquishment of title of the Material from the Joint Property to
7 either a third party, a Non-Operator, or to the Operator. To avoid the accumulation of surplus Material, the Operator should make good
8 faith efforts to dispose of surplus within twelve (12) months through buy/sale agreements, trade, sale to a third party, division in kind, or
9 other dispositions as agreed to by the Parties.

10
11 Disposal of surplus Materials shall be made in accordance with the terms of the Agreement to which this Accounting Procedure is
12 attached. If the Agreement contains no provisions governing disposal of surplus Material, the following terms shall apply:

- 13
14 • The Operator may, through a sale to an unrelated third party or entity, dispose of surplus Material having a gross sale value that
15 is less than or equal to the Operator's expenditure limit as set forth in the Agreement to which this Accounting Procedure is
16 attached without the prior approval of the Parties owning such Material.
- 17
18 • If the gross sale value exceeds the Agreement expenditure limit, the disposal must be agreed to by the Parties owning such
19 Material.
- 20
21 • Operator may purchase surplus Condition "A" or "B" Material without approval of the Parties owning such Material, based on
22 the pricing methods set forth in Section IV.2 (*Transfers*).
- 23
24 • Operator may purchase Condition "C" Material without prior approval of the Parties owning such Material if the value of the
25 Materials, based on the pricing methods set forth in Section IV.2 (*Transfers*), is less than or equal to the Operator's expenditure
26 limitation set forth in the Agreement. The Operator shall provide documentation supporting the classification of the Material as
27 Condition C.
- 28
29 • Operator may dispose of Condition "D" or "E" Material under procedures normally utilized by Operator without prior approval
30 of the Parties owning such Material.

31
32 **4. SPECIAL PRICING PROVISIONS**

33
34 **A. PREMIUM PRICING**

35
36 Whenever Material is available only at inflated prices due to national emergencies, strikes, government imposed foreign trade
37 restrictions, or other unusual causes over which the Operator has no control, for direct purchase the Operator may charge the Joint
38 Account for the required Material at the Operator's actual cost incurred in providing such Material, making it suitable for use, and
39 moving it to the Joint Property. Material transferred or disposed of during premium pricing situations shall be valued in accordance
40 with Section IV.2 (*Transfers*) or Section IV.3 (*Disposition of Surplus*), as applicable.

41
42 **B. SHOP-MADE ITEMS**

43
44 Items fabricated by the Operator's employees, or by contract laborers under the direction of the Operator, shall be priced using the
45 value of the Material used to construct the item plus the cost of labor to fabricate the item. If the Material is from the Operator's
46 scrap or junk account, the Material shall be priced at either twenty-five percent (25%) of the current price as determined in Section
47 IV.2.A (*Pricing*) or scrap value, whichever is higher. In no event shall the amount charged exceed the value of the item
48 commensurate with its use.

49
50 **C. MILL REJECTS**

51
52 Mill rejects purchased as "limited service" casing or tubing shall be priced at eighty percent (80%) of K-55/J-55 price as determined in
53 Section IV.2 (*Transfers*). Line pipe converted to casing or tubing with casing or tubing couplings attached shall be priced as K-55/J-
54 55 casing or tubing at the nearest size and weight.

55
56
57 **V. INVENTORIES OF CONTROLLABLE MATERIAL**

58
59
60 The Operator shall maintain records of Controllable Material charged to the Joint Account, with sufficient detail to perform physical inventories.

61
62 Adjustments to the Joint Account by the Operator resulting from a physical inventory of Controllable Material shall be made within twelve (12)
63 months following the taking of the inventory or receipt of Non-Operator inventory report. Charges and credits for overages or shortages will be
64 valued for the Joint Account in accordance with Section IV.2 (*Transfers*) and shall be based on the Condition "B" prices in effect on the date of
65 physical inventory unless the inventorying Parties can provide sufficient evidence another Material condition applies.

1 **1. DIRECTED INVENTORIES**

2
3 Physical inventories shall be performed by the Operator upon written request of a majority in working interests of the Non-Operators
4 (hereinafter, "directed inventory"); provided, however, the Operator shall not be required to perform directed inventories more frequently
5 than once every five (5) years. Directed inventories shall be commenced within one hundred eighty (180) days after the Operator receives
6 written notice that a majority in interest of the Non-Operators has requested the inventory. All Parties shall be governed by the results of
7 any directed inventory.
8

9 Expenses of directed inventories will be borne by the Joint Account; provided, however, costs associated with any post-report follow-up
10 work in settling the inventory will be absorbed by the Party incurring such costs. The Operator is expected to exercise judgment in keeping
11 expenses within reasonable limits. Any anticipated disproportionate or extraordinary costs should be discussed and agreed upon prior to
12 commencement of the inventory. Expenses of directed inventories may include the following:
13

- 14 A. A per diem rate for each inventory person, representative of actual salaries, wages, and payroll burdens and benefits of the personnel
15 performing the inventory or a rate agreed to by the Parties pursuant to Section I.6.A (*General Matters*). The per diem rate shall also
16 be applied to a reasonable number of days for pre-inventory work and report preparation.
17
18 B. Actual transportation costs and Personal Expenses for the inventory team.
19
20 C. Reasonable charges for report preparation and distribution to the Non-Operators.
21

22 **2. NON-DIRECTED INVENTORIES**

23
24 A. OPERATOR INVENTORIES
25

26 Physical inventories that are not requested by the Non-Operators may be performed by the Operator, at the Operator's discretion. The
27 expenses of conducting such Operator-initiated inventories shall not be charged to the Joint Account.
28

29 B. NON-OPERATOR INVENTORIES
30

31 Subject to the terms of the Agreement to which this Accounting Procedure is attached, the Non-Operators may conduct a physical
32 inventory at reasonable times at their sole cost and risk after giving the Operator at least ninety (90) days prior written notice. The
33 Non-Operator inventory report shall be furnished to the Operator in writing within ninety (90) days of completing the inventory
34 fieldwork.
35

36 C. SPECIAL INVENTORIES
37

38 The expense of conducting inventories other than those described in Sections V.1 (*Directed Inventories*), V.2.A (*Operator*
39 *Inventories*), or V.2.B (*Non-Operator Inventories*), shall be charged to the Party requesting such inventory; provided, however,
40 inventories required due to a change of Operator shall be charged to the Joint Account in the same manner as described in Section
41 V.1 (*Directed Inventories*).

EXHIBIT "D"

Attached to and made a part of that certain Operating Agreement dated April 21, 2021, for the Camsky West Unit.

Insurance

Operator shall at all times while conducting operations hereunder carry insurance to protect and save the parties hereto harmless as follows:

(a) Workman's Compensation Insurance in accordance with the laws of the state in which the operations are to be conducted, and Employer's Liability Insurance with limits not less than \$500,000.00 for any one person, and not less than \$500,000.00 for any one accident.

(b) General Liability Insurance with limits of not less than \$5,000,000.00 for any one person, and \$5,000,000.00 for any one accident; and Property Damage Liability Insurance with limits of not less than \$5,000,000.00 per accident. \$5,000,000.00 combined single limit.

(c) Automobile Public Liability Insurance with limits of not less than \$1,000,000.00 for any one person, and not less than \$1,000,000.00 for any one accident; and Automobile Property Damage Insurance with limits of not less than \$1,000,000.00 to cover all automotive equipment. \$1,000,000.00 combined single limit.

(d) Excess Liability Umbrella Form (Bodily injuries and Property Damage) with limits of \$5,000,000.00 each occurrence.

(e) Well Control including Blowout and Cratering Hazard Property Damage, Pollution and Saline Coverage, Underground Resources and Equipment Hazard with limits of \$1,000,000.00 each occurrence.

Operator shall require all other contractors or subcontractors conducting operations hereunder to carry insurance of such types and in such amounts as Operator deems adequate to protect the parties hereto. No liability shall attach to Operator in the exercise of its good-faith judgment as to the types and amounts of insurance, if any, to be required of such other contractors.

Operator shall at all times comply with the laws of the state in which the operations are to be conducted covering Workman's Compensation Insurance. Any other insurance desired by a party hereto shall be carried by such party at its own cost and expense.

In the event of loss not covered by the insurance provided for herein, such loss shall be charged to the joint account and borne by the parties in accordance with their respective percentage of ownership as determined by this agreement.

It is further understood and agreed that Operator is not a warrantor of the financial responsibility of the insurer with whom such insurance is carried, and that except for willful negligence, Operator shall not be liable to Non-Operator for any loss suffered on account of the insufficiency of the insurance carried, or of insurer with whom carried. Operator shall not be liable to Non-Operator for any loss accruing by reason of Operator's inability to procure or maintain the insurance above mentioned. Operator agrees that if at any time during the life of this agreement it is unable to obtain or maintain such insurance, it shall immediately notify in writing Non-Operators of such fact.

11 **BY AND BETWEEN** GULFPORT APPALACHIA, LLC, Operator **(“OPERATING AGREEMENT”)**
12 **AND**
13 **RELATING TO THE** OHIO **AREA,**
14 BELMONT **COUNTY/PARISH, STATE OF** OHIO

15 **1. DEFINITIONS**

16 The following definitions shall apply to this Agreement:

17 1.01 "Arm's Length Agreement" shall mean any gas sales agreement with an unaffiliated purchaser or any gas sales
18 agreement with an affiliated purchaser where the sales price and delivery conditions under such agreement are
19 representative of prices and delivery conditions existing under other similar agreements in the area between
20 unaffiliated parties at the same time for natural gas of comparable quality and quantity.

21 1.02 "Balancing Area" shall mean (select one):

22 each well subject to the Operating Agreement that produces Gas or is allocated a share of Gas production. If a
23 single well is completed in two or more producing intervals, each producing interval from which the Gas
24 production is not commingled in the wellbore shall be considered a separate well.

25 all of the acreage and depths subject to the Operating Agreement.

26 _____
27 _____
28 _____
29 _____

30 1.03 "Full Share of Current Production" shall mean the Percentage Interest of each Party in the Gas actually produced
31 from the Balancing Area during each month.

32 1.04 "Gas" shall mean all hydrocarbons produced or producible from the Balancing Area, whether from a well classified
33 as an oil well or gas well by the regulatory agency having jurisdiction in such matters, which are or may be made
34 available for sale or separate disposition by the Parties, excluding oil, condensate and other liquids recovered by
35 field equipment operated for the joint account. "Gas" does not include gas used in joint operations, such as for fuel,
36 recycling or reinjection, or which is vented or lost prior to its sale or delivery from the Balancing Area.

37 1.05 "Makeup Gas" shall mean any Gas taken by an Underproduced Party from the Balancing Area in excess of its Full
38 Share of Current Production, whether pursuant to Section 3.3 or Section 4.1 hereof.

39 1.06 "Mcf" shall mean one thousand cubic feet. A cubic foot of Gas shall mean the volume of gas contained in one cubic
40 foot of space at a standard pressure base and at a standard temperature base.

41 1.07 "MMBtu" shall mean one million British Thermal Units. A British Thermal Unit shall mean the quantity of heat
42 required to raise one pound avoirdupois of pure water from 58.5 degrees Fahrenheit to 59.5 degrees Fahrenheit at a
43 constant pressure of 14.73 pounds per square inch absolute.

44 1.08 "Operator" shall mean the individual or entity designated under the terms of the Operating Agreement or, in the
45 event this Agreement is not employed in connection with an operating agreement, the individual or entity
46 designated as the operator of the well(s) located in the Balancing Area.

47 1.09 "Overproduced Party" shall mean any Party having taken a greater quantity of Gas from the Balancing Area than
48 the Percentage interest of such Party in the cumulative quantity of all Gas produced from the Balancing Area.

49 1.10 "Overproduction" shall mean the cumulative quantity of Gas taken by a Party in excess of its Percentage Interest in
50 the cumulative quantity of all Gas produced from the Balancing Area.

51 1.11 "Party" shall mean those individuals or entities subject to this Agreement, and their respective heirs, successors,
52 transferees and assigns.

53 1.12 "Percentage Interest" shall mean the percentage or decimal interest of each Party in the Gas produced from the
54 Balancing Area pursuant to the Operating Agreement covering the Balancing Area.

55 1.13 "Royalty" shall mean payments on production of Gas from the Balancing Area to all owners of royalties, overriding
56 royalties, production payments or similar interests.

57 1.14 "Underproduced Party" shall mean any Party having taken a lesser quantity of Gas from the Balancing Area than
58 the Percentage Interest of such Party in the cumulative quantity of all Gas produced from the Balancing Area.

59 1.15 "Underproduction" shall mean the deficiency between the cumulative quantity of Gas taken by a Party and its
60 Percentage Interest in the cumulative quantity of all Gas produced from the Balancing Area.

61 1.16 (Optional) "Winter Period" shall mean the month(s) of November and December in one
62 calendar year and the month(s) of January through March in the succeeding calendar year.

63 **2. BALANCING AREA**

64 2.1 If this Agreement covers more than one Balancing Area, it shall be applied as if each Balancing Area were covered
65 by separate but identical agreements. All balancing hereunder shall be on the basis of Gas taken from the Balancing Area
66 measured in (Alternative 1) Mcfs or (Alternative 2) MMBtus.

67 2.2 In the event that all or part of the Gas deliverable from a Balancing Area is or becomes subject to one or more
68 maximum lawful prices, any Gas not subject to price controls shall be considered as produced from a single Balancing Area
69 and Gas subject to each maximum lawful price category shall be considered produced from a separate Balancing Area.

70 **3. RIGHT OF PARTIES TO TAKE GAS**

71 3.1 Each Party desiring to take Gas will notify the Operator, or cause the Operator to be notified, of the volumes
72 nominated, the name of the transporting pipeline and the pipeline contract number (if available) and meter station relating
73 to such delivery, sufficiently in advance for the Operator, acting with reasonable diligence, to meet all nomination and other
74

A.A.P.L. FORM 610-E - GAS BALANCING AGREEMENT - 1992

1 requirements. Operator is authorized to deliver the volumes so nominated and confirmed (if confirmation is required) to the
2 transporting pipeline in accordance with the terms of this Agreement.

3 3.2 Each Party shall make a reasonable, good faith effort to take its Full Share of Current Production each month, to the
4 extent that such production is required to maintain leases in effect, to protect the producing capacity of a well or reservoir, to
5 preserve correlative rights, or to maintain oil production.

6 3.3 When a Party fails for any reason to take its Full Share of Current Production (as such Share may be reduced by the
7 right of the other Parties to make up for Underproduction as provided herein), the other Parties shall be entitled to take any
8 Gas which such Party fails to take. To the extent practicable, such Gas shall be made available initially to each Underproduced
9 Party in the proportion that its Percentage Interest in the Balancing Area bears to the total Percentage Interests of all
10 Underproduced Parties desiring to take such Gas. If all such Gas is not taken by the Underproduced Parties, the portion not
11 taken shall then be made available to the other Parties in the proportion that their respective Percentage Interests in the
12 Balancing Area bear to the total Percentage Interests of such Parties.

13 3.4 All Gas taken by a Party in accordance with the provisions of this Agreement, regardless of whether such Party is
14 underproduced or overproduced, shall be regarded as Gas taken for its own account with title thereto being in such taking
15 Party.

16 3.5 Notwithstanding the provisions of Section 3.3 hereof, no Overproduced Party shall be entitled in any month to take any
17 Gas in excess of three hundred percent (300%) of its Percentage Interest of the Balancing Area's then-current Maximum
18 Monthly Availability; provided, however, that this limitation shall not apply to the extent that it would preclude production
19 that is required to maintain leases in effect, to protect the producing capacity of a well or reservoir, to preserve correlative
20 rights, or to maintain oil production. "Maximum Monthly Availability" shall mean the maximum average monthly rate of
21 production at which Gas can be delivered from the Balancing Area, as determined by the Operator, considering the maximum
22 efficient well rate for each well within the Balancing Area, the maximum allowable(s) set by the appropriate regulatory agency,
23 mode of operation, production facility capabilities and pipeline pressures.

24 3.6 In the event that a Party fails to make arrangements to take its Full Share of Current Production required to be
25 produced to maintain leases in effect, to protect the producing capacity of a well or reservoir, to preserve correlative rights, or
26 to maintain oil production, the Operator may sell any part of such Party's Full Share of Current Production that such Party fails
27 to take for the account of such Party and render to such Party, on a current basis, the full proceeds of the sale, less any
28 reasonable marketing, compression, treating, gathering or transportation costs incurred directly in connection with the sale of
29 such Full Share of Current Production. In making the sale contemplated herein, the Operator shall be obligated only to obtain
30 such price and conditions for the sale as are reasonable under the circumstances and shall not be obligated to share any of its
31 markets. Any such sale by Operator under the terms hereof shall be only for such reasonable periods of time as are consistent
32 with the minimum needs of the industry under the particular circumstances, but in no event for a period in excess of one
33 year. Notwithstanding the provisions of Article 3.4 hereof, Gas sold by Operator for a Party under the provisions hereof shall
34 be deemed to be Gas taken for the account of such Party.

35 4. IN-KIND BALANCING

36 4.1 Effective the first day of any calendar month following at least Thirty / (30) days' prior
37 written notice to the Operator, any Underproduced Party may begin taking, in addition to its Full Share of Current
38 Production and any Makeup Gas taken pursuant to Section 3.3 of this Agreement, a share of current production determined
39 by multiplying twenty-five / percent (25%) of the Full Shares of Current Production of all Overproduced Parties by
40 a fraction, the numerator of which is the Percentage Interest of such Underproduced Party and the denominator of which
41 is the total of the Percentage Interests of all Underproduced Parties desiring to take Makeup Gas. In no event will an
42 Overproduced Party be required to provide more than twenty-five / percent (25%) of its Full Share of Current
43 Production for Makeup Gas. The Operator will promptly notify all Overproduced Parties of the election of an Underproduced
44 Party to begin taking Makeup Gas.

45 4.2 (**Optional - Seasonal Limitation on Makeup - Option 1**) Notwithstanding the provisions of Section 4.1, the
46 average monthly amount of Makeup Gas taken by an Underproduced Party during the Winter Period pursuant to Section 4.1
47 shall not exceed the average monthly amount of Makeup Gas taken by such Underproduced Party during the
48 _____ (_____) months immediately preceding the Winter Period.

49 4.2 (**Optional - Seasonal Limitation on Makeup - Option 2**) Notwithstanding the provisions of Section 4.1, no
50 Overproduced Party will be required to provide more than fifteen / percent (15%) of its Full Share
51 of Current Production for Makeup Gas during the Winter Period.

52 4.3 (**Optional**) Notwithstanding any other provision of this Agreement, at such time and for so long as Operator, or
53 (insofar as concerns production by the Operator) any Underproduced Party, determines in good faith that an Overproduced
54 Party has produced all of its share of the ultimately recoverable reserves in the Balancing Area, such Overproduced Party may
55 be required to make available for Makeup Gas, upon the demand of the Operator or any Underproduced Party, up to
56 One Hundred percent (100%) of such Overproduced Party's Full Share of Current Production.

57 5. STATEMENT OF GAS BALANCES

58 5.1 The Operator will maintain appropriate accounting on a monthly and cumulative basis of the volumes of Gas that each
59 Party is entitled to receive and the volumes of Gas actually taken or sold for each Party's account. Within forty-five (45) days
60 after the month of production, the Operator will furnish a statement for such month showing (1) each Party's Full Share of
61 Current Production, (2) the total volume of Gas actually taken or sold for each Party's account, (3) the difference between
62 the volume taken by each Party and that Party's Full Share of Current Production, (4) the Overproduction or
63 Underproduction of each Party, and (5) other data as recommended by the provisions of the Council of Petroleum
64 Accountants Societies Bulletin No.24, as amended or supplemented hereafter. Each Party taking Gas will promptly provide to
65 the Operator any data required by the Operator for preparation of the statements required hereunder.

66 5.2 If any Party fails to provide the data required herein for four (4) consecutive production months, the Operator, or
67 where the Operator has failed to provide data, another Party, may audit the production and Gas sales and transportation
68 volumes of the non-reporting Party to provide the required data. Such audit shall be conducted only after reasonable notice and
69 during normal business hours in the office of the Party whose records are being audited. All costs associated with such audit
70 will be charged to the account of the Party failing to provide the required data.

71 6. PAYMENTS ON PRODUCTION

72 6.1 Each Party taking Gas shall pay or cause to be paid all production and severance taxes due on all volumes of Gas
73 actually taken by such Party.

74 6.2 (**Alternative 1 - Entitlements**) Each Party shall pay or cause to be paid all Royalty due with respect to Royalty

owners to whom it is accountable as if such Party were taking its Full Share of Current Production, and only its Full Share of Current Production.

6.2.1 **(Optional - For use only with Section 6.2 - Alternative I - Entitlement)** Upon written request of a Party taking less than its Full Share of Current Production in a given month ("Current Underproducer"), any Party taking more than its Full Share of Current Production in such month ("Current Overproducer") will pay to such Current Underproducer an amount each month equal to the Royalty percentage of the proceeds received by the Current Overproducer for that portion of the Current Underproducer's Full Share of Current Production taken by the Current Overproducer; provided, however, that such payment will not exceed the Royalty percentage that is common to all Royalty burdens in the Balancing Area. Payments made pursuant to this Section 6.2.1 will be deemed payments to the Underproduced Party's Royalty owners for purposes of Section 7.5.

6.2 **(Alternative 2 - Sales)** Each Party shall pay or cause to be paid Royalty due with respect to Royalty owners to whom it is accountable based on the volume of Gas actually taken for its account.

6.3 In the event that any governmental authority requires that Royalty payments be made on any other basis than that provided for in this Section 6, each Party agrees to make such Royalty payments accordingly, commencing on the effective date required by such governmental authority, and the method provided for herein shall be thereby superseded.

7. CASH SETTLEMENTS

7.1 Upon the earlier of the plugging and abandonment of the last producing interval in the Balancing Area, the termination of the Operating Agreement or any pooling or unit agreement covering the Balancing Area, or at any time no Gas is taken from the Balancing Area for a period of twelve (12) consecutive months, any Party may give written notice calling for cash settlement of the Gas production imbalances among the Parties. Such notice shall be given to all Parties in the Balancing Area.

7.2 Within sixty (60) days after the notice calling for cash settlement under Section 7.1, the Operator will distribute to each Party a Final Gas Settlement Statement detailing the quantity of Overproduction owed by each Overproduced Party to each Underproduced Party and identifying the month to which such Overproduction is attributed, pursuant to the methodology set out in Section 7.4.

7.3 **(Alternative I - Direct Party-to-Party Settlement)** Within sixty (60) days after receipt of the Final Gas Settlement Statement, each Overproduced Party will pay to each Underproduced Party entitled to settlement the appropriate cash settlement, accompanied by appropriate accounting detail. At the time of payment, the Overproduced Party will notify the Operator of the Gas imbalance settled by the Overproduced Party's payment.

7.3 **(Alternative 2 - Settlement Through Operator)** Within sixty (60) days after receipt of the Final Gas Settlement Statement, each Overproduced Party will send its cash settlement, accompanied by appropriate accounting detail, to the Operator. The Operator will distribute the monies so received, along with any settlement owed by the Operator as an Overproduced Party, to each Underproduced Party to whom settlement is due within ninety (90) days after issuance of the Final Gas Settlement Statement. In the event that any Overproduced Party fails to pay any settlement due hereunder, the Operator may turn over responsibility for the collection of such settlement to the Party to whom it is owed, and the Operator will have no further responsibility with regard to such settlement.

7.3.1 **(Optional - For use only with Section 7.3, Alternative 2 - Settlement Through Operator)** Any Party shall have the right at any time upon thirty (30) days' prior written notice to all other Parties to demand that any settlements due such Party for Overproduction be paid directly to such Party by the Overproduced Party, rather than being paid through the Operator. In the event that an Overproduced Party pays the Operator any sums due to an Underproduced Party at any time after thirty (30) days following the receipt of the notice provided for herein, the Overproduced Party will continue to be liable to such Underproduced Party for any sums so paid, until payment is actually received by the Underproduced Party.

7.4 **(Alternative 1 - Historical Sales Basis)** The amount of the cash settlement will be based on the proceeds received by the Overproduced Party under an Arm's Length Agreement for the Gas taken from time to time by the Overproduced Party in excess of the Overproduced Party's Full Share of Current Production. Any Makeup Gas taken by the Underproduced Party prior to monetary settlement hereunder will be applied to offset Overproduction chronologically in the order of accrual.

7.4 **(Alternative 2 - Most Recent Sales Basis)** The amount of the cash settlement will be based on the proceeds received by the Overproduced Party under an Arm's Length Agreement for the volume of Gas that constituted Overproduction by the Overproduced Party from the Balancing Area. For the purpose of implementing the cash settlement provision of the Section 7, an Overproduced Party will not be considered to have produced any of an Underproduced Party's share of Gas until the Overproduced Party has produced cumulatively all of its Percentage Interest share of the Gas ultimately produced from the Balancing Area.

7.5 The values used for calculating the cash settlement under Section 7.4 will include all proceeds received for the sale of the Gas by the Overproduced Party calculated at the Balancing Area, after deducting any production or severance taxes paid and any Royalty actually paid by the Overproduced Party to an Underproduced Party's Royalty owner(s), to the extent said payments amounted to a discharge of said Underproduced Party's Royalty obligation, as well as any reasonable marketing, compression, treating, gathering or transportation costs incurred directly in connection with the sale of the Overproduction.

7.5.1 **(Optional - For Valuation Under Percentage of Proceeds Contracts)** For Overproduction sold under a gas purchase contract providing for payment based on a percentage of the proceeds obtained by the purchaser upon resale of residue gas and liquid hydrocarbons extracted at a gas processing plant, the values used for calculating cash settlement will include proceeds received by the Overproduced Party for both the liquid hydrocarbons and the residue gas attributable to the Overproduction.

7.5.2 **(Optional - Valuation for Processed Gas - Option 1)** For Overproduction processed for the account of the Overproduced Party at a gas processing plant for the extraction of liquid hydrocarbons, the full quantity of the Overproduction will be valued for purposes of cash settlement at the prices received by the Overproduced Party for the sale of the residue gas attributable to the Overproduction without regard to proceeds attributable to liquid hydrocarbons which may have been extracted from the Overproduction.

7.5.2 **(Optional - Valuation for Processed Gas - Option 2)** For Overproduction processed for the account of the Overproduced Party at a gas processing plant for the extraction of liquid hydrocarbons, the values used for calculating cash settlement will include the proceeds received by the Overproduced Party for the sale of the liquid hydrocarbons extracted from the Overproduction, less the actual reasonable costs incurred by the Overproduced Party to process the Overproduction and to transport, fractionate and handle the liquid hydrocarbons extracted therefrom prior to sale.

7.6 To the extent the Overproduced Party did not sell all Overproduction under an Arm's Length Agreement, the cash settlement will be based on the weighted average price received by the Overproduced Party for any gas sold from the

Balancing Area under Arm's Length Agreements during the months to which such Overproduction is attributed. In the event that no sales under Arm's Length Agreements were made during any such month, the cash settlement for such month will be based on the spot sales prices published for the applicable geographic area during such month in a mutually acceptable pricing bulletin.

7.7 Interest compounded at the rate of Zero percent (0%) per annum or the maximum lawful rate of interest applicable to the Balancing Area, whichever is less, will accrue for all amounts due under Section 7.1 beginning the first day following the date payment is due pursuant to Section 7.3. Such interest shall be borne by the Operator or any Overproduced Party in the proportion that their respective delays beyond the deadline set out in Sections 7.2 and 7.3 contributed to the accrual of the interest.

7.8 In lieu of the cash settlement required by Section 7.3, an Overproduced Party may deliver to the Underproduced Party an offer to settle its Overproduction in-kind and at such rates, quantities, times and sources as may be agreed upon by the Underproduced Party. If the Parties are unable to agree upon the manner in which such in-kind settlement gas will be furnished within sixty (60) days after the Overproduced Party's offer to settle in kind, which period may be extended by agreement of said Parties, the Overproduced Party shall make a cash settlement as provided in Section 7.3. The making of an in-kind settlement offer under this Section 7.8 will not delay the accrual of interest on the cash settlement should the Parties fail to reach agreement on an in-kind settlement.

7.9 **(Optional - For Balancing Areas Subject to Federal Price Regulation)** That portion of any monies collected by an Overproduced Party for Overproduction which is subject to refund by orders of the Federal Energy Regulatory Commission or other governmental authority may be withheld by the Overproduced Party until such prices are fully approved by such governmental authority, unless the Underproduced Party furnishes a corporate undertaking, acceptable to the Overproduced Party, agreeing to hold the Overproduced Party harmless from financial loss due to refund orders by such governmental authority.

7.10 **(Optional - Interim Cash Balancing)** At any time during the term of this Agreement, any Overproduced Party may, in its sole discretion, make cash settlement(s) with the Underproduced Parties covering all or part of its outstanding Gas imbalance, provided that such settlements must be made with all Underproduced Parties proportionately based on the relative imbalances of the Underproduced Parties, and provided further that such settlements may not be made more often than once every twenty-four (24) months. Such settlements will be calculated in the same manner provided above for final cash settlements. The Overproduced Party will provide Operator a detailed accounting of any such cash settlement within thirty (30) days after the settlement is made.

8. TESTING

Notwithstanding any provision of this Agreement to the contrary, any Party shall have the right, from time to time, to produce and take up to one hundred percent (100%) of a well's entire Gas stream to meet the reasonable deliverability test(s) required by such Party's Gas purchaser, and the right to take any Makeup Gas shall be subordinate to the right of any Party to conduct such tests; provided, however, that such tests shall be conducted in accordance with prudent operating practices only after Thirty (30) days' prior written notice to the Operator and shall last no longer Forty-eight (48) hours.

9. OPERATING COSTS

Nothing in this Agreement shall change or affect any Party's obligation to pay its proportionate share of all costs and liabilities incurred in operations on or in connection with the Balancing Area, as its share thereof is set forth in the Operating Agreement, irrespective of whether any Party is at any time selling and using Gas or whether such sales or use are in proportion to its Percentage Interest in the Balancing Area.

10. LIQUIDS

The Parties shall share proportionately in and own all liquid hydrocarbons recovered with Gas by field equipment operated for the joint account in accordance with their Percentage Interests in the Balancing Area.

11. AUDIT RIGHTS

Notwithstanding any provision in this Agreement or any other agreement between the Parties hereto, and further notwithstanding any termination or cancellation of this Agreement, for a period of two (2) years from the end of the calendar year in which any information to be furnished under Section 5 or 7 hereof is supplied, any Party shall have the right to audit the records of any other Party regarding quantity, including but not limited to information regarding Btu-content. Any Underproduced Party shall have the right for a period of two (2) years from the end of the calendar year in which any cash settlement is received pursuant to Section 7 to audit the records of any Overproduced Party as to all matters concerning values, including but not limited to information regarding prices and disposition of Gas from the Balancing Area. Any such audit shall be conducted at the expense of the Party or Parties desiring such audit, and shall be conducted, after reasonable notice, during normal business hours in the office of the Party whose records are being audited. Each Party hereto agrees to maintain records as to the volumes and prices of Gas sold each month and the volumes of Gas used in its own operations, along with the Royalty paid on any such Gas used by a Party in its own operations. The audit rights provided for in this Section 11 shall be in addition to those provided for in Section 5.2 of this Agreement.

12. MISCELLANEOUS

12.1 As between the Parties, in the event of any conflict between the provisions of this Agreement and the provisions of any gas sales contract, or in the event of any conflict between the provisions of this Agreement and the provisions of the Operating Agreement, the provisions of this Agreement shall govern.

12.2 Each Party agrees to defend, indemnify and hold harmless all other Parties from and against any and all liability for any claims, which may be asserted by any third party which now or hereafter stands in a contractual relationship with such indemnifying Party and which arise out of the operation of this Agreement or any activities of such indemnifying Party under the provisions of this Agreement, and does further agree to save the other Parties harmless from all judgments or damages sustained and costs incurred in connection therewith.

12.3 Except as otherwise provided in this Agreement, Operator is authorized to administer the provisions of this Agreement, but shall have no liability to the other Parties for losses sustained or liability incurred which arise out of or in connection with the performance of Operator's duties hereunder, except such as may result from Operator's gross negligence or willful misconduct. Operator shall not be liable to any Underproduced Party for the failure of any Overproduced Party, (other than Operator) to pay any amounts owed pursuant to the terms hereof.

12.4 This Agreement shall remain in full force and effect for as long as the Operating Agreement shall remain in force and effect as to the Balancing Area, and thereafter until the Gas accounts between the Parties are settled in full, and shall inure to the benefit of and be binding upon the Parties hereto, and their respective heirs, successors, legal representatives

1 and assigns, if any. The Parties hereto agree to give notice of the existence of this Agreement to any successor in interest of
2 any such Party and to provide that any such successor shall be bound by this Agreement, and shall further make any transfer of
3 any interest subject to the Operating Agreement, or any part thereof, also subject to the terms of this Agreement.

4 12.5 Unless the context clearly indicates otherwise, words used in the singular include the plural, the plural includes the
5 singular, and the neuter gender includes the masculine and the feminine.

6 12.6 In the event that any "Optional" provision of this Agreement is not adopted by the Parties to this Agreement by a
7 typed, printed or handwritten indication, such provision shall not form a part of this Agreement, and no inference shall be
8 made concerning the intent of the Parties in such event. In the event that any "Alternative" provision of this Agreement is not
9 so adopted by the Parties, Alternative 1 in each such instance shall be deemed to have been adopted by the Parties as a result
10 of any such omission. In those cases where it is indicated that an Optional provision may be used only if a specific Alternative
11 is selected: (i) an election to include said Optional provision shall not be effective unless the Alternative in question is selected;
12 and (ii) the election to include said Optional provision must be expressly indicated hereon, it being understood that the
13 selection of an Alternative either expressly or by default as provided herein shall not, in and of itself, constitute an election to
14 include an associated Optional provision.

15 12.7 This Agreement shall bind the Parties in accordance with the provisions hereof, and nothing herein shall be construed
16 or interpreted as creating any rights in any person or entity not a signatory hereto, or as being a stipulation in favor of any
17 such person or entity.

18 12.8 If contemporaneously with this Agreement becoming effective, or thereafter, any Party requests that any other Party
19 execute an appropriate memorandum or notice of this Agreement in order to give third parties notice of record of same and
20 submits same for execution in recordable form, such memorandum or notice shall be duly executed by the Party to which such
21 request is made and delivered promptly thereafter to the Party making the request. Upon receipt, the Party making the request
22 shall cause the memorandum or notice to be duly recorded in the appropriate real property or other records affecting the
23 Balancing Area.

24 12.9 In the event Internal Revenue Service regulations require a uniform method of computing taxable income by all
25 Parties, each Party agrees to compute and report income to the Internal Revenue Service (**select one**) as if such Party were
26 taking its Full Share of Current Production during each relevant tax period in accordance with such regulations, insofar as same
27 relate to entitlement method tax computations; or based on the quantity of Gas taken for its account in accordance with
28 such regulations, insofar as same relate to sales method tax computations.

29 **13. ASSIGNMENT AND RIGHTS UPON ASSIGNMENT**

30 13.1 Subject to the provisions of Sections 13.2 (if elected) and 13.3 hereof, and notwithstanding anything in this Agreement
31 or in the Operating Agreement to the contrary, if any Party assigns (including any sale, exchange or other transfer) any of its
32 working interest in the Balancing Area when such Party is an Underproduced or Overproduced Party, the assignment or other
33 act of transfer shall, insofar as the Parties hereto are concerned, include all interest of the assigning or transferring Party in the
34 Gas, all rights to receive or obligations to provide or take Makeup Gas and all rights to receive or obligations to make any
35 monetary payment which may ultimately be due hereunder, as applicable. Operator and each of the other Parties hereto shall
36 thereafter treat the assignment accordingly, and the assigning or transferring Party shall look solely to its assignee or other
37 transferee for any interest in the Gas or monetary payment that such Party may have or to which it may be entitled, and shall
38 cause its assignee or other transferee to assume its obligations hereunder.

39 13.2 (**Optional - Cash Settlement Upon Assignment**) Notwithstanding anything in this Agreement (including but not
40 limited to the provisions of Section 13.1 hereof) or in the Operating Agreement to the contrary, and subject to the provisions
41 of Section 13.3 hereof, in the event an Overproduced Party intends to sell, assign, exchange or otherwise transfer any of its
42 interest in a Balancing Area, such Overproduced Party shall notify in writing the other working interest owners who are
43 Parties hereto in such Balancing Area of such fact at least Thirty (30) days prior to closing the
44 transaction. Thereafter, any Underproduced Party may demand from such Overproduced Party in writing, within
45 Thirty (30) days after receipt of the Overproduced Party's notice, a cash settlement of its
46 Underproduction from the Balancing Area. The Operator shall be notified of any such demand and of any cash settlement
47 pursuant to this Section 13, and the Overproduction and Underproduction of each Party shall be adjusted accordingly. Any cash
48 settlement pursuant to this Section 13 shall be paid by the Overproduced Party on or before the earlier to occur (i) of sixty (60)
49 days after receipt of the Underproduced Party's demand or (ii) at the closing of the transaction in which the Overproduced
50 Party sells, assigns, exchanges or otherwise transfers its interest in a Balancing Area on the same basis as otherwise set forth in
51 Sections 7.3 through 7.6 hereof, and shall bear interest at the rate set forth in Section 7.7 hereof, beginning sixty (60) days
52 after the Overproduced Party's sale, assignment, exchange or transfer of its interest in the Balancing Area for any amounts not
53 paid. Provided, however, if any Underproduced Party does not so demand such cash settlement of its Underproduction from the
54 Balancing Area, such Underproduced Party shall look exclusively to the assignee or other successor in interest of the
55 Overproduced Party giving notice hereunder for the satisfaction of such Underproduced Party's Underproduction in accordance
56 with the provisions of Section 13.1 hereof.

57 13.3 The provisions of this Section 13 shall not be applicable in the event any Party mortgages its interest or disposes of its
58 interest by merger, reorganization, consolidation or sale of substantially all of its assets to a subsidiary or parent company, or to
59 any company in which any parent or subsidiary of such Party owns a majority of the stock of such company.

PREPARED DIRECT TESTIMONY OF STEVE BRIDGES

INTRODUCTION.

Q1. Please state your name and business address.

A1. My name is Steve Bridges and my business address is 3001 Quail Springs Parkway, Oklahoma City, Oklahoma 73134.

Q2. Who is your employer?

A2. Gulfport Appalachia, LLC (“Gulfport”).

Q3. What is your position with Gulfport?

A3. Vice President of Exploration.

Q4. Please describe your professional responsibilities at Gulfport.

A4. As Vice President, I oversee the entire geoscience team including exploration and the geological operations for all of Gulfport’s operational areas.

Q5. Starting with college, would you describe your education background?

A5. I graduated with a Bachelor of Science in Geology from Arkansas Tech University and a Master of Science in Geology from Oklahoma State University.

Q6. Would you briefly describe your professional experience?

A6. I have thirty-five years of petroleum geology related experience with twenty of those years working as a consultant to various companies including Range Resources, EOG, and Samson Resources. Fifteen of those years were spent working in-house at exploration companies in various positions including operations, exploration, technical lead, and management. I have been employed by, or a consultant for, Gulfport for over twelve years and was the initial geologist working Ohio.

Q7. Are you a member of any professional associations?

A7. Yes, I’m an active member of SPWLA and AAPG and a former AAPG delegate. I have also served as President, Past President, President Elect, Vice President and Secretary of the Oklahoma City Geological Society.

Q8. Are you familiar with Gulfport’s Application for Unit Operations with respect to the Camsky West Unit?

A8. Yes.

Q9. Could you please describe the Camsky West Unit, in terms of its general location, surface acreage, and subsurface depth?

A9. Yes. The Camsky West Unit consists of forty (40) distinct tracts of land totaling 771.003 acres in York and Washington Townships of Belmont County, Ohio. Exhibit GEO-1 in the Application depicts the geographical location of the proposed unit in Belmont County in relation to the surrounding counties. The Unitized Formation described in the Application is the subsurface portion of the Camsky West Unit found at a depth located from 50' above the top of the Utica Shale, to 50' below the top of the Trenton Limestone formation.

UNITIZED FORMATION IS PART OF A POOL.

Q10. In geological terms, what does the term “pool” mean in connection with unitization?

A10. A pool is a separate underground reservoir or common petroleum accumulation that can yield hydrocarbons when drilled and completed.

Q11. Ohio Revised Code § 1509.01(E) defines the term “pool” as follows: “Pool means an underground reservoir containing a common accumulation of oil or gas, or both, but does not include a gas storage reservoir. Each zone of a geological structure that is completely separated from any other zone in the same structure may contain a separate pool.” Does this definition of “pool” apply to the Camsky West Unit?

A11. Yes. Geologic mapping shows the entire Camsky West Unit to be underlain by the Utica/Point Pleasant stratigraphic section. This interval is very uniform in thickness throughout the Camsky West Unit area and the hydrocarbon accumulation extends in all directions from this location. Rock properties and reservoir characteristics are laterally consistent throughout the entire Unit and constitute a common source of supply. This indicates that the production would be similar from all wells drilled in and around the Unit. Therefore, the unitized interval qualifies as part of a pool with the entire pool being the Utica/Point Pleasant interval extending far beyond the currently defined Camsky West Unit.

Q12. How do geologists investigate the geologic characteristics of a shale play in the Utica/Point Pleasant formation?

A12. Geologists utilize available well-log and rock material, to determine rock properties such as porosity, permeability, fluid saturation, composition, and thermal history.

Well-logs are also correlated regionally to identify and map pertinent thicknesses and rock property distributions. All of this is used to characterize the Utica/Point Pleasant pool.

Q13. Generally speaking, what sources of data would you review and analyze in order to assess the geologic characteristics of a potential shale play?

A13. I would look at all available applicable data, but mainly general well data, core, well log and production data along with any publications, studies or data that relate to the potential play area.

Q14. How is this data obtained, and what is it meant to show about the formation?

A14. We obtain data from public sources such as the ODNR, and proprietary vendors of well and well-log data. We also collect cores and well-log data taken from Gulfport operated or non-operated interest wells and some acquired through data trades with other operators. The data are used to build a database of consistent formation tops and reservoir properties which are then used to create various maps in order to characterize and delineate the play.

Q15. What data sources did you use in determining the geologic features of the Camsky West Unit?

A15. Mapping derived from Gulfport's geological databases provides the structural position and thickness of the Utica pool in and around the Unit. Open-hole pilot well logs from wells drilled to the underlying Trenton Limestone in the area were used to construct Exhibits GEO-1 and GEO-2 in the Unit Application. Using nearby available wells with Trenton Limestone penetrations in the area, Exhibit GEO-1 shows a well approximately 0.7 miles to the northwest and one well approximately 1.8 miles to the southwest of the surface pad location. The cross-section found in Exhibit GEO-2 has been flattened to a datum at the top of the Trenton Limestone to show the uniform thickness of the Utica/Point Pleasant across the Unit and surrounding area.

Q16. What do these exhibits tell us about the Camsky West Unit?

A16. Exhibit GEO-1 is a location map showing the Camsky West Unit along with the location of the pilot-well well-logs used in the cross-section found on Exhibit GEO-2. The cross-section shows similar thickness and well-log properties of the

Utica/Point Pleasant between the two open-hole logs and a similar predicted thickness and log properties within the Camsky West Unit.

Q17. What is the approximate depth of the Utica/Point Pleasant pool under the Camsky West Unit?

A17. The top of the Utica/Point Pleasant pool is expected to be encountered at approximately 9,298' feet True Vertical Depth. Estimated total true vertical thickness of the Utica/Point Pleasant is approximately 667', (Utica ~ 553' and Point Pleasant ~ 114').

Q18. Are there geologic and/or drilling risks associated with the proposed Camsky West Unit?

A18. Yes, there are risks associated with drilling horizontal wells, such as problems or risks related to the actual drilling process. Additional geological risks include encountering unexpected geologic structure, faults and natural fractures.

Q19. Which formations are included in the proposed Camsky West Unit?

A19. The Unitized section described in the Camsky West Unit application is the Utica/Point Pleasant interval. It includes depths from 50 feet above our top of the Utica Shale pick down to 50 feet below our top of the Trenton Limestone pick.

Q20. How and why were these formations chosen?

A20. During our exploration and development and characterization of the Utica/Point Pleasant play area, we have determined that a common hydrocarbon source and reservoir accumulation containing producible hydrocarbons exist within this interval. If wells are properly drilled and completed, economic recoverable hydrocarbons can be produced. This interval in the Camsky West Unit is located within this productive portion of the Utica/Point Pleasant play.

Q21. Based on the data you analyzed, should the area be considered a pool?

A21. Yes.

Q22. Could you please explain why?

A22. Gulfport's analysis of the regional Utica/Point Pleasant interval indicates the reservoir properties anticipated for the Camsky West Unit in the Utica/Point Pleasant would be included as a part of the pool.

ALLOCATION METHODOLOGY

Q23. Are you generally familiar with the manner in which unit plans allocate production and unit expenses to parcels within the unit?

A23. Yes.

Q24. You testified earlier that the Utica/Point Pleasant formation underlying the Camsky West Unit has a relatively uniform thickness and reservoir quality. Given those characteristics, what would be an appropriate method of allocating production and unit expenses among the parcels contained in the Camsky West Unit?

A24. Yes, because of the reservoir quality and relatively uniform thickness across the unit. An appropriate method of allocation would be on a surface-acreage basis.

Q25. Is this method used elsewhere?

A25. Yes.

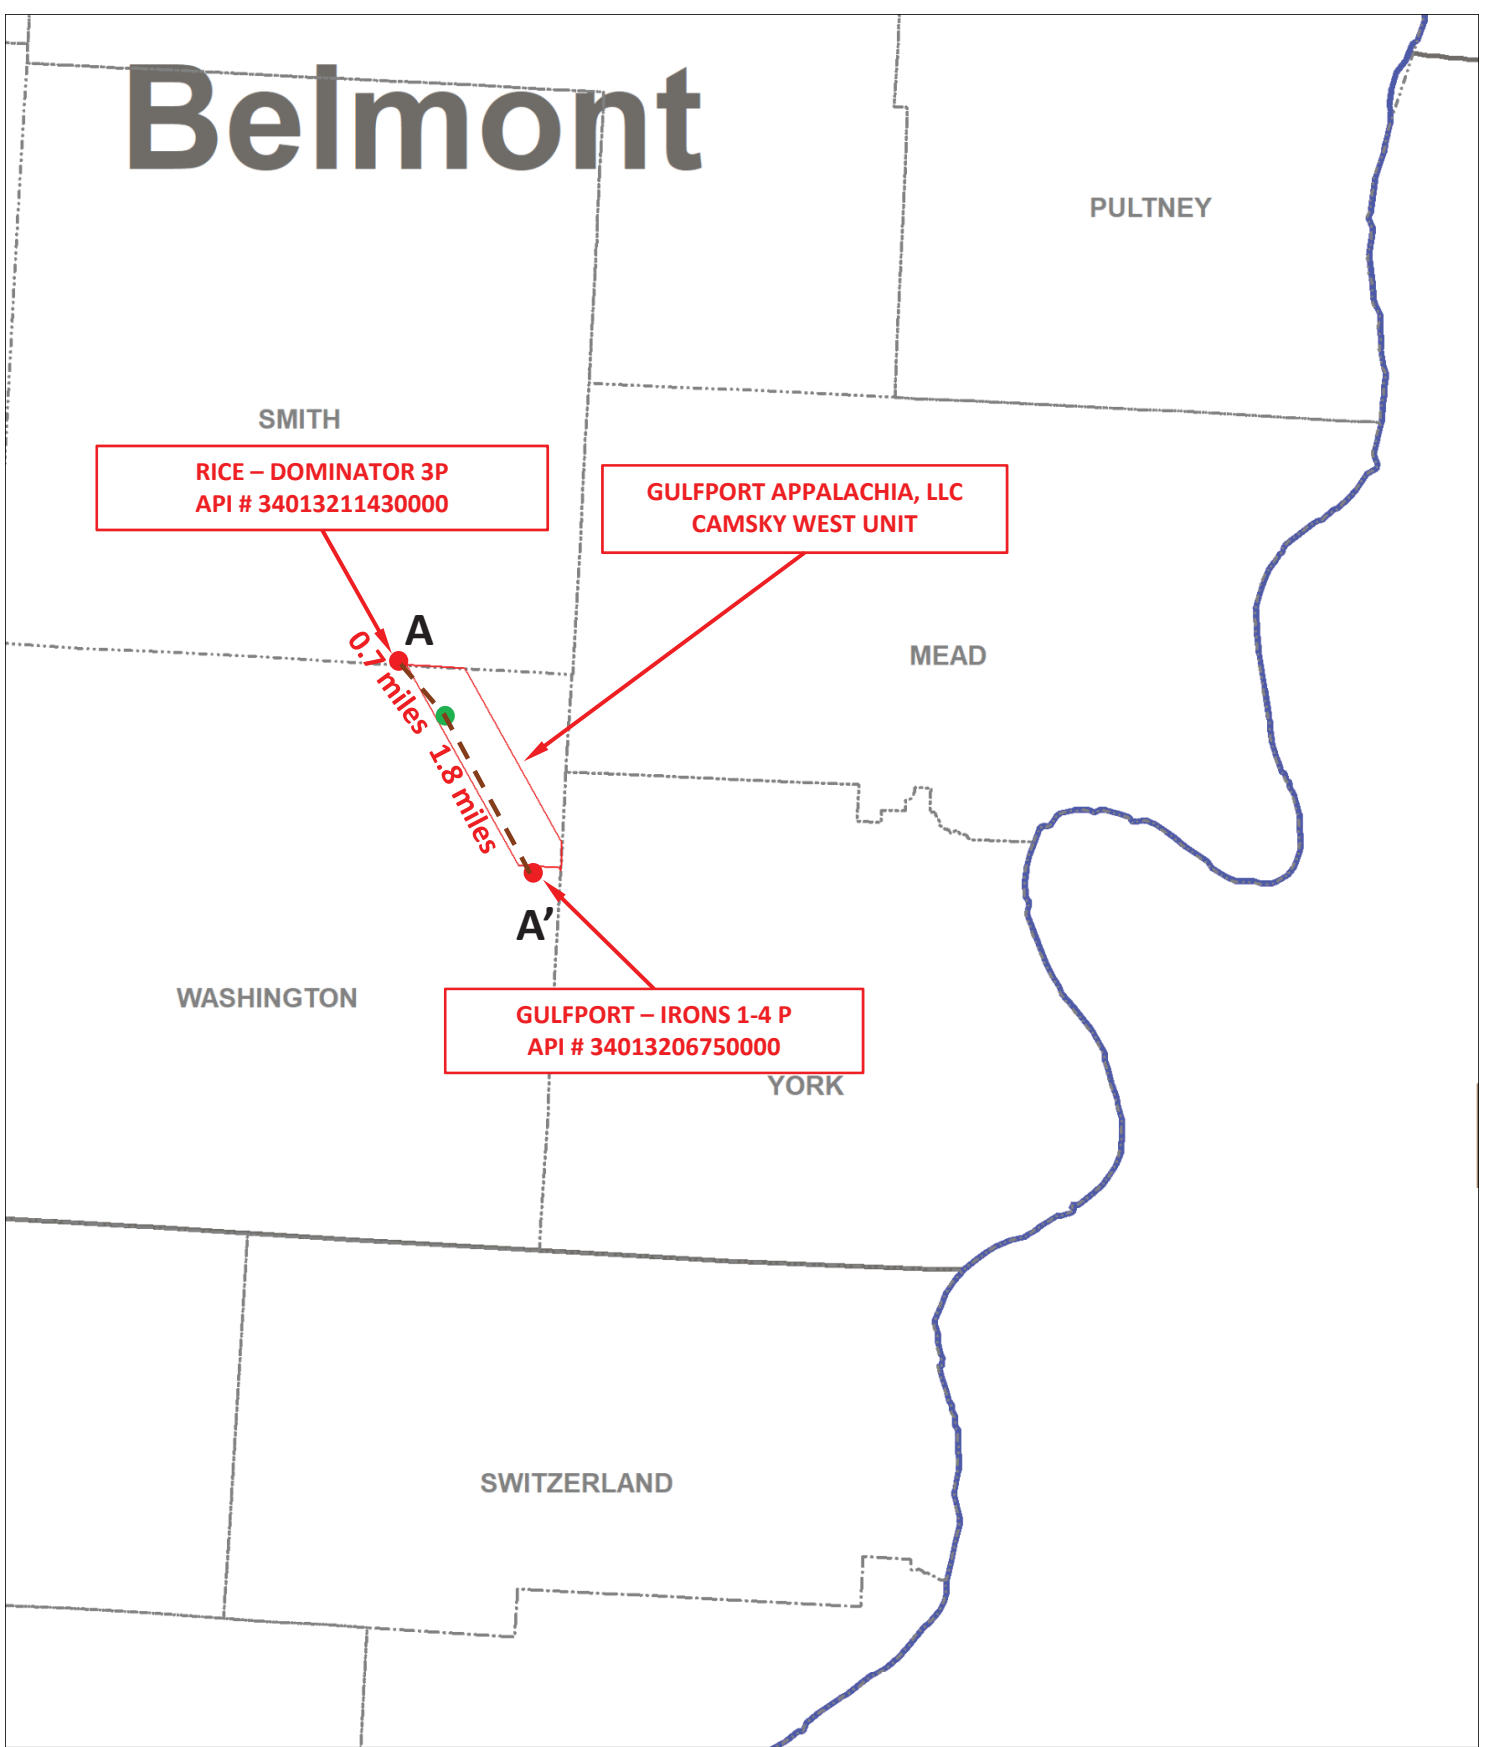

Q26. What method of allocation is utilized in the unit plan for the Camsky West Unit?

A26. Based on the testimony of Zac McCoy, production and unit expenses are allocated on a surface-acreage basis.

Q27. Does this conclude your testimony?

A27. Yes.

PREPARED DIRECT TESTIMONY OF ADAM KOPF

1 **Q1. Please introduce yourself.**

2 A1. My name is Adam Kopf and my business address is 3001 Quail Springs Parkway,
3 Oklahoma City, Oklahoma 73134. I am a Resource Development Engineer for Gulfport
4 Appalachia, LLC.

5 **Q2. What is the purpose of your testimony today?**

6 A2. I am testifying in support of the Application of Gulfport Appalachia, LLC for Unit
7 Operation filed with respect to the Camsky West Unit, consisting of forty (40) separate
8 tracts of land totaling approximately 771.003 acres in Belmont County, Ohio. My
9 testimony addresses the following: (1) unit operations for the Camsky West Unit are
10 reasonably necessary to increase substantially the recovery of oil and gas and (2) the
11 value of the estimated additional recovery due to unit operations exceeds the estimated
12 additional costs.

13 **Q3. Can you summarize your educational experience for me?**

14 A3. I hold a Bachelors of Science in Chemical Engineering from Oklahoma State University.

15 **Q4. Are you a member of any professional associations?**

16 A4. I am a member of The Society of Petroleum Engineers.

17 **Q5. How long have you been a Reservoir Engineer for Gulfport?**

18 A5. Since March 2017, or approximately 4 years.

19 **Q6. What other work experiences have you had?**

20 A6. I currently have 7 years of full time experience. Along with my work experience at
21 Gulfport, I have also worked for Chesapeake Energy as a Field Engineer, a Petrotech
22 Engineer, and a Completions Engineer.

23 **Q7. What does being a reservoir engineer entail?**

24 A7. I perform reserve evaluations estimating reserves and recoveries. I analyze the economics
25 and risk assessment of developmental wells and projects. I calculate how many
26 hydrocarbons are believed to exist or remain on Gulfport properties as well as how much
27 we can economically expect to produce.

28 **Q8. How do you do that?**

29 A8. There are several methods available such as volumetric analysis, utilizing analogous
30 offset production, and decline-curve analysis that can be used to make projections about
31 how much hydrocarbon exists and how much can be produced. Geologic data, drilling

1 and fracturing techniques, and costs are considered to estimate economics.

2 **Q9. Did you perform any calculations to support Gulfport's application for unitization**
3 **for the proposed Camsky West Unit?**

4 A9. Yes, I did.

5 **Q10. And did you perform those calculations yourself, or did someone assist you?**

6 A10. I performed the calculations myself.

7 **Q11. What sort of calculations were you asked to perform?**

8 A11. I estimated the reserves for both non-unitized and unitized scenarios for the Camsky
9 West Unit. Under the current un-unitized acreage, Gulfport would be precluded from
10 development when considering the exclusion of parcels with uncommitted, unleased, or
11 partially unleased interests. If the acreage were approved for full development, Gulfport
12 would be able to drill two horizontal wells (approximately 11,726' average lateral length)
13 from a single pad in the unit.

14 **Q12. Why horizontal wells?**

15 A12. The vast majority of unconventional shale reservoirs cannot be produced at economic
16 flow rates and do not produce economic volumes of oil and gas without the use of
17 horizontal drilling and the assistance of stimulation treatments like hydraulic fracturing.
18 This largely explains why Utica Shale exploration and production in Ohio is a recent
19 development. The permeability of shale formations, including the Utica formation, is
20 extremely low. In order for hydrocarbons found in the shale reservoir to flow at economic
21 rates, the surface area open to flow must be maximized. Thus far, horizontal multi-stage,
22 hydraulically-fractured wells are the most efficient way that the oil and gas industry has
23 been able to maximize the surface area exposed to the reservoir for flow purposes.

24 **Q13. How are horizontal wells drilled?**

25 A13. Horizontal drilling is the process of drilling down vertically to a point commonly referred
26 to as the kickoff point, and then gradually turning the wellbore to drill and place the
27 wellbore in the desired hydrocarbon bearing formation – in this case, the Utica shale –
28 horizontally in order to maximize the areal contact of the reservoir. This technology,
29 along with hydraulically fracturing the formation, is required to economically develop
30 unconventional resources like shale gas formations.

31 **Q14. How deep is the desired hydrocarbon bearing formation that you are referring to?**

1 A14. It depends on the well being drilled, but for the proposed Camsky West Unit, it is likely
2 to be approximately 9,298' TVD (true vertical depth) based on data gathered from an
3 offset that was recently drilled.

4 **Q15. Is horizontal drilling common in the oil and gas industry?**

5 A15. Yes. The oil and gas industry has been drilling horizontal wells for many years. Also,
6 hydraulic fracturing has been used in the oil and gas industry for more than seventy years.
7 The combination of hydraulic fracturing and horizontal drilling is what is allowing shale
8 formations like the Utica to finally be developed.

9 **Q16. Is it fair to say, then, that horizontal wells are the predominant method used to**
10 **develop shale formations like the Utica today?**

11 A16. Yes.

12 **Q17. Turning specifically to the Camsky West Unit, have you made an estimate of the**
13 **production you anticipate from the proposed unit's operations?**

14 A17. Yes, I have evaluated and estimated the production potential from the Utica formation in
15 the Camsky West Unit and believe that the gross production from unitized operations, as
16 proposed in this application, if successful, could be as much as 44.5 BCF of gas.

17 **Q18. How did you make those estimates?**

18 A18. From analogy of offset Utica horizontal wells and from decline-curve analysis. There are
19 horizontal Utica wells located within approximately 5 miles of the proposed unit that I
20 believe have similar characteristics in terms of fluid type and production profile;
21 therefore, data from those wells were used in my calculations.

22 **Q19. Once you had that data from the other Utica shale wells, what did you do with it?**

23 A19. I used actual production data from those wells to develop an average Utica production
24 profile or "type curve" using decline-curve analysis. With all wells, production and
25 pressure is highest at the onset and gradually decreases to a point where production
26 cannot be sustained without some degree of additional stimulation. These declines can be
27 plotted and, for wells within the same formation, tend to exhibit similar characteristics.
28 In the type curve process, data from the first day of production for all the wells are all
29 aligned, and the production volumes are then averaged. This will produce the average
30 production profile of the wells included in the type curve. A mathematical expression is
31 then used to match the existing production and forecast the future production that is

1 expected to be produced from the well. This is referred to as "decline-curve analysis."
2 Type curves are routinely used in the industry to estimate reserves.

3 **Q20. I see that you've qualified your calculations as an estimate. Does that mean that you**
4 **cannot calculate the production from these wells ahead of time with mathematical**
5 **certainty?**

6 A20. Yes, that is correct. The ultimate recovery of a well cannot be known until it has
7 produced its last drop, which will not be for many years. However, we have established
8 production and test data in the area.

9 **Q21. In your professional opinion, would it be economic to develop the Camsky West**
10 **Unit using traditional vertical drilling?**

11 A21. No. These unconventional reservoirs cannot be produced at economic flow rates or do
12 not produce economic volumes of oil and gas without the use of horizontal drilling and
13 the assistance of stimulation treatments. This largely explains why the Utica Shale had
14 not been developed prior to the recent horizontal activity in Ohio.

15 **Q22. Are the estimates that you made based on good engineering practices and accepted**
16 **methods in the industry?**

17 A22. Yes.

18 **Q23. Do you have the calculations you performed?**

19 A23. Yes. The summary of my calculations is attached to this prepared testimony as Exhibit
20 "AK-1".

21 **Q24. Can you summarize what your calculations show?**

22 A24. First, I looked at the economics of non-unitization. In this case, Gulfport would be
23 precluded from development of the unit when considering the exclusion of parcels with
24 uncommitted, unleased, or partially unleased interests.

25 **Q25. Did you also estimate what could be recovered if operations in this area are unitized,**
26 **as is being proposed by this application?**

27 A25. Yes. In that case, a unitization order would provide for accounting of unleased, partially
28 leased, and/or otherwise uncommitted interests, allowing Gulfport to fully develop the
29 unit with two horizontal laterals. The Camsky West A lateral would measure
30 approximately 12,015', and the Camsky West B lateral would measure approximately
31 11,437'.

1 **Q26. Can you summarize what those calculations show?**

2 A26. Yes. Under the current un-unitized acreage, Gulfport would be precluded from
3 development of the unit. If unitization occurs, Gulfport will be able to produce
4 approximately 44.6 BCF of gas over the productive life of the two wells.

5 **Q27. Is the unitized recovery due solely to being able to drill beneath the currently
6 uncommitted, unleased, or partially leased parcels?**

7 A27. No. The oil and gas from those parcels accounts for part of the increase, but the majority
8 of the increase is from what would otherwise be stranded reserves associated with fully
9 leased parcels that could not be produced unless the Division approves the unitization
10 application for full unit operation. The oil and gas reserves associated with the fully
11 leased parcels would forever be left behind if not produced through unit operation by
12 these wells. Drilling an additional well or wells to try to recover those stranded reserves
13 is simply not economically feasible.

14 **Q28. Let's shift our focus to the economic calculations for this project. Have you made
15 an estimate of the economics of the proposed development of the Camsky West
16 Unit?**

17 A28. Yes.

18 **Q29. Would you walk us through your economic evaluation, beginning with your
19 estimate of the anticipated revenue stream from the Camsky West Unit
20 development?**

21 A29. During the reserve estimation process, not only were the ultimate reserve numbers
22 estimated, but the production profile of the reservoir hydrocarbons over time was also
23 developed. The production profile and a price scenario were used to develop the
24 revenues that are expected from the proposed unit's development.

25 **Q30. What do you mean when you say "production profile over time of the reservoir
26 hydrocarbons," and why is it important?**

27 A30. I am referring to the actual production we expect on a daily or monthly basis for the
28 well's entire life. This is important when doing an economic evaluation in which revenue
29 from future production is discounted in order to obtain the net present value and rate of
30 return for the specific project.

31 **Q31. What price scenario did you use?**

1 A31. A six-year forward strip price for February 24th, 2021 was used. This is the market's
2 current view of what gas and oil prices will be in the future and are not guaranteed to be
3 the price received for the produced hydrocarbons from the Camsky West Unit. I have
4 attached those figures as Exhibit "AK-2".

5 **Q32. What about anticipated capital and operating expenses?**

6 A32. Capital and operating expenses were incorporated as well. The total estimated capital is
7 based on the anticipated costs for any processes related to pre-drill operations, drilling,
8 completions, facilities, and initially producing the well. The basis for this estimate comes
9 from recent costs we have experienced with our Utica formation development in the state
10 of Ohio. These costs were adjusted to correspond to the respective lateral length of each
11 lateral within the proposed unit. Also incorporated into the analysis are both fixed and
12 variable operating cost estimates estimated to be realized to maintain production for the
13 life of the well.

14 **Q33. Based on this information and your professional judgment, does the value of the**
15 **estimated recovery from the operations proposed for the Camsky West Unit exceed**
16 **its estimated costs?**

17 A33. Yes. The total estimated cost of developing the Camsky West Unit is approximately
18 \$19.9 million. Undiscounted Net Cash Flow is \$22.6 million and using a 10% discount
19 rate, the net present value is approximately \$8.14 million.

20 **Q34. In your professional opinion, do you believe that the proposed unit operations for**
21 **the Camsky West Unit are reasonably necessary to increase substantially the**
22 **ultimate recovery of oil and gas from the unit area?**

23 A34. Yes. It is my professional opinion that unit operations are reasonably necessary to
24 increase substantially the ultimate recovery of oil and gas from the unit area. This area
25 would not be able to be fully developed without unit operations. Further, unit operation
26 will protect the correlative rights of all of the mineral owners by effectively and
27 efficiently draining all of the reserves, eliminating any waste of mineral resources
28 associated with stranded reserves. There is no doubt in my mind that unit operation will
29 substantially increase the ultimate recovery of oil and gas from this unit area.

30 **Q35. In your professional opinion, does the value of increased recovery attributable to**
31 **unit operations exceed the estimated additional costs of unit operation?**

1 A35. Yes. To increase the exposure to the reservoir and produce the maximum amount of
2 hydrocarbons, placing horizontal wells across the entire proposed unit is ideal. This limits
3 the capital cost by limiting the number of required surface locations and wells and
4 maximizes the production from the proposed unit's operations. Without the proposed
5 unit operations, we would not be able to fully develop this area. As indicated above, the
6 estimated development of the proposed unit would require \$19.9 million in capital, and
7 would have an undiscounted net cash flow of \$22.6 million and a net present value
8 discounted at 10% per annum of approximately \$8.14 million. Thus, the value of the
9 increased recovery significantly outweighs the increased cost of unitized operation.
10 Financially, it makes sense to operate as a unit.

11 **Q36. And your opinions are based on your education and professional experience?**

12 A36. Yes.

13 **Q37. Does this conclude your testimony?**

14 A37. Yes.

Oklahoma City, Oklahoma 73134

Attorney for Applicant,
Gulfport Appalachia, LLC

Date: April 21, 2021

1 **INTRODUCTION.**

2 **Q1. Please state your name and business address.**

3 A1. My name is Zac McCoy and my business address is 3001 Quail Springs Parkway,
4 Oklahoma City, Oklahoma 73134

5 **Q2. Who is your employer?**

6 A2. Gulfport Appalachia, LLC (“Gulfport”)

7 **Q3. What is your position with Gulfport?**

8 A3. I am a Division Landman.

9 **Q4. Please describe your professional responsibilities at Gulfport.**

10 A4. My responsibilities include reviewing and clearing title to well locations as part of
11 managing a multi-rig schedule, managing land brokers for lease acquisitions and
12 title abstracts, managing title attorneys for preparation of drilling title opinions and
13 confirmation of title prior to operations, negotiating and drafting various
14 agreements to facilitate leasehold acquisitions and drilling operations, and
15 providing operations departments with land support that is critical to ongoing
16 development of leasehold.

17 **Q5. Starting with college, please describe your educational background.**

18 A5. I graduated from The University of Oklahoma with a Bachelor of Arts in 2004.

19 **Q6. Please briefly describe your professional experience.**

20 A6. I began my career in September of 2004 as Landman for Jackfork Land, Inc.,
21 before moving on to Continental Land Resources, Inc. in December of 2006, where
22 I became a Project Manager in September 2007. In February 2012 I joined
23 Gulfport Energy Corporation as a Landman. In July of 2019, I was promoted to
24 Division Landman. I have accumulated nearly 8 years of experience working as a
25 landman in the Appalachian Basin.

26 **Q7. What do you do as a Division Landman?**

27 A7. Please see A4.

28 **Q8. Are you a member of any professional associations?**

29 A8. Yes, I am a member of Oklahoma City Association of Professional Landmen, and
30 American Association of Professional Landmen (“AAPL”). I am recognized as a
31 Certified Professional Landman (“CPL”), of which is the highest certification

Direct Testimony of Zac McCoy, Landman

1 granted to landmen by the AAPL. The CPL certification can be attained by way of
2 a combination of experience, education, and passing of a challenging written exam.
3 I am required to perform 50 hours of continuing education every 5 years in order to
4 maintain my CPL certification.

5 **Q9. Have you ever been involved in combining or pooling oil and gas interests for**
6 **development in other states?**

7 A9. No.

8 **Q10. Were you involved in the preparation of Gulfport's Application for**
9 **Unitization with respect to the Camsky West Unit?**

10 A10. Yes, after our initial lease acquisition covering the relevant land, I have assisted in
11 the formation of the Camsky West Unit in its present configuration and have been
12 involved with the preparation of this application for unitization.

13 **Q11. Can you generally describe the Camsky West Unit?**

14 A11. Yes. The Camsky West Unit consists of forty (40) distinct parcels of land totaling
15 approximately 771.003 surveyed acres of land in York and Washington Townships,
16 Belmont County, State of Ohio.

17 **EFFORTS MADE BY GULFPORT TO LEASE UNIT TRACTS.**

18 **Q12. The Application submitted by Gulfport indicates that it holds the oil and gas**
19 **operational rights to 660.54749098 acres of the proposed 771.00300000**
20 **surveyed acre Unit. Would you describe how Gulfport acquired its rights?**

21 A12. Gulfport began acquiring these leasehold rights in 2013 through its own leasing
22 efforts and through its JV Agreement with Rice Drilling D, LLC which is further
23 detailed in the Affidavit of Fact.

24 **Q13. What percentage of the total acreage of the Camsky West Unit is committed to**
25 **the unit and thus, Gulfport has the right to drill, produce, and appropriate**
26 **production therefrom?**

27 A13. 85.67378998%

28 **Q14. Is this calculation method the industry standard for determining an**
29 **Operator's committed working interest ownership?**

30 A14. Yes. In my experience this is the way an Operator's committed working interest
31 ownership is always calculated.

Direct Testimony of Zac McCoy, Landman

1 **Q15. Using this calculation method, what is the unleased ownership in the Unit?**

2 A15. 12.49534814%

3 **Q16. What tracts make up this percentage?**

4 A16. 1, 6, 7, 14-18, 21, 22, 24, 27, 28, 32B, 32C, 35-37 and 40.

5 **Q17. Does Gulfport have voluntary agreements with any interest owners in these**
6 **parcels with unleased ownership?**

7 A17. Yes. Gulfport has voluntary agreements with interest owners in Tracts 1, 6, 7, 15-
8 17, 21, 22, 24, 27, 32B, 32C, 35, 36 and 37.

9 **Q18. For the unleased, partially unleased and partially uncommitted parcels, how**
10 **has Gulfport treated those under a non-unitized scenario?**

11 A18. Gulfport has shown those parcels with a 400' setback.

12 **Q19. Have other working interest owners in the Camsky West Unit approved the**
13 **Unit Plan prior to filing this Application?**

14 A19. No.

15 **Q20. Why was Gulfport not able to acquire the commitment of oil and gas rights to**
16 **all of the acreage in the proposed Unit?**

17 A20. As to the unleased and partially unleased tracts, some of these tracts are subject to
18 ancient mineral reservations which fall in the chain of title in the 1900's. Because
19 of the passage of time since these reservations, the interest has passed through
20 several estates, most of which have not been probated. Gulfport is conducting
21 extensive and time consuming heirship research which includes applying Ohio's
22 intestacy laws and employing multiple databases such as: Ancestry.com, Westlaw,
23 Accurint, and Family Search.

24 **Q21. Could you describe the location of the leased, unleased, partially unleased, and**
25 **uncommitted parcels within the Camsky West Unit?**

26 A21. Yes. Exhibit ZM-2 thru ZM-3 are attached hereto, with plats showing each of the
27 tracts in the Camsky West Unit.

28 **Q22. Have you prepared a log detailing Gulfport's efforts to obtain an agreement**
29 **from the unleased, partially unleased, non-conforming, and uncommitted**
30 **interest owners in the proposed Unit?**

31 A22. Yes. I have outlined Gulfport's communications in Exhibit ZM 1.1.

Direct Testimony of Zac McCoy, Landman

1 **UNIT PLAN PROVISIONS.**

2 **Q23. Would you describe generally the development plan for the Camsky West**
3 **Unit?**

4 **A23.** Gulfport plans to develop the Camsky West Unit from the Charlotte padsite. The
5 Charlotte padsite will be adequately built to support the drilling of multiple
6 horizontal wells; all in a southeasterly orientation planned in the Unit. The Unit is
7 currently configured to include two horizontal wellbores, with a projected lateral
8 length of approximately 11,437-12,015 feet.

9 **Q24. Can you describe the location of the proposed wellbores within the Camsky**
10 **West Unit?**

11 **A24.** Yes. I have attached as Exhibit ZM-2 & ZM-3 to my testimony a plat showing the
12 configuration of the wellbores.

13 **Q25. Do you know where the drilling and completion equipment will be located on**
14 **the pad?**

15 **A25.** Yes, We have acquired surface use agreements with the surface owners of those
16 parcels. Our plan to develop the surface location is to do so pursuant to the terms
17 of that agreement.

18 **Q26. If the Division were to issue an order authorizing the proposed Unit, and if**
19 **Gulfport agreed with the terms and conditions of that order, how long**
20 **thereafter would Gulfport drill the exploratory well contemplated by the**
21 **petition?**

22 **A26.** We plan to drill the initial well in the fourth quarter of 2021.

23 **Q27. Does Gulfport have a specific timeline for drilling additional wells in the**
24 **Camsky West Unit?**

25 **A27.** Subsequent wells will be drilled at some indeterminate time following the drilling
26 of the initial well.

27 **Q28. What are the benefits to this type of Unit development?**

28 **A28.** Developing the Camsky West Unit in the manner previously described protects the
29 correlative rights of the Unit participants while also providing for substantial
30 environmental and economic benefits. Drilling, completing and producing multiple
31 horizontal wells from a single pad site significantly reduces the environmental

Direct Testimony of Zac McCoy, Landman

1 impact by allowing Gulfport to build a single access road rather than many, reduce
2 traffic, and allow for the development of acreage that might not otherwise be
3 available for development due to various surface limitations (terrain, residences,
4 etc.). Developing the Utica Shale via the drilling of vertical wells is not
5 practicable, as this reservoir cannot be produced at economic flow rates or volumes
6 with vertical drilling, and due to the fact that even if economically feasible, surface
7 limitations set out above would prevent the practical well spacing necessary to
8 efficiently and effectively produce the reservoir. Horizontal drilling negates these
9 issues by allowing for a central pad locations to develop mineral acreage
10 underlying otherwise inaccessible lands with a minimum of surface disturbance.

11 **Q29. So is it fair to say that the benefits of this type of development are substantial?**

12 **A29.** Yes, the type of development planned by Gulfport for the Camsky West Unit offers
13 significant benefits not only to the operator, but also to the landowners in the Unit
14 and the surrounding area.

15 **Q30. Are you familiar with the Unit Plan proposed by Gulfport for the Camsky**
16 **West Unit?**

17 **A30.** Yes. The Unit Plan proposed by Gulfport is set out in two documents attached to
18 the Application. The first, the Unit Agreement, establishes the non-operating
19 relationship between the parties in the Unit. The second, the Unit Operating
20 Agreement, establishes how the Unit will be explored, developed, and produced.

21 **Q31. Let's turn first to the Unit Agreement, marked as Exhibit 1 to the Application.**
22 **Would you describe briefly what it does?**

23 **A31.** Yes. The Unit Agreement in effect combines the oil and gas rights in the Camsky
24 West Unit so that they can be developed as if they were part of a single oil and gas
25 lease.

26 **Q32. Are mineral rights to all geological formations combined under the Unit**
27 **Agreement?**

28 **A32.** No. The Unit Agreement only Unitizes the oil and gas rights located fifty feet
29 above the top of the Utica Shale to fifty feet below the top of the Trenton
30 Limestone formation, defined in the Agreement as the "Unitized Formation," to
31 allow development of the Utica Shale formation.

Direct Testimony of Zac McCoy, Landman

1 **Q33. How will production proceeds from the Camsky West Unit be allocated among**
2 **royalty interest owners and working interest owners in the Unit?**

3 A33. On a surface-acreage basis. Under Article 4 of the Unit Agreement, every tract is
4 assigned a tract participation percentage based on surface acreage and shown on
5 Exhibits A-2 thru A-6 to the Unit Operating Agreement. Article 5 of the Unit
6 Agreement allocates production based on each individual's proportionate
7 ownership of that tract participation.

8 **Q34. Why use a surface-acreage basis as the method of allocation?**

9 A34. Based on the testimony of Steve Bridges attached to the Application as Exhibit 3, a
10 surface-acreage basis is an appropriate method of allocation because the formation
11 thickness and reservoir quality of the Unitized Formation is expected to be
12 consistent across the Camsky West Unit.

13 **Q35. Would you go through an example from Exhibit A-2 to the Unit Operating**
14 **Agreement to illustrate how a surface-acreage allocation would be applied to**
15 **the Camsky West Unit?**

16 A35. Yes. The sixth column on Exhibit A-2 to the Unit Operating Agreement, entitled
17 "Surface Acres in Unit," shows the number of surface acres in each tract of land
18 within the Camsky West Unit. Column seven on Exhibit A-2 shows the related
19 tract participation of each tract, which is calculated by taking the total number of
20 surface acres in the tract and dividing it by the total number of surface acres in the
21 Unit. So, for example, if you look at Tract Number 3 on Exhibit A-2, it shows that
22 Bounty Minerals, LLC ("Bounty") interest comprises 19.441 net surface acres in
23 the 771.003 acre Camsky West Unit, which equates to a tract participation of
24 approximately 2.52152067% (19.441/771.003).

25 **Q36. What does that mean in terms of production allocated to that particular**
26 **Bounty tract?**

27 A36. It would mean that roughly 2.52152067% of all production from the Camsky West
28 Unit would be allocated to the Bounty tract, and would be distributed based on the
29 terms of the lease or other pertinent documents affecting the ownership to
30 production proceeds from the tract.

31 **Q37. In your experience, is that a customary way to allocate production in a Unit?**

Direct Testimony of Zac McCoy, Landman

1 A37. In my experience, surface-acreage allocation is both fair and customary for
2 horizontal shale development.

3 **Q38. How are Unit expenses allocated?**

4 A38. Similarly to production, Unit expenses are allocated on a surface-acreage basis.
5 Article 3 of the Unit Agreement provides that expenses, unless otherwise allocated
6 in the Unit Operating Agreement, will be allocated to each tract of land within the
7 Unit based on the proportion that the surface acres of each particular tract bears to
8 the surface acres in the entire Unit.

9 **Q39. Who pays the Unit expenses?**

10 A39. Working interest owners.

11 **Q40. Do the royalty owners pay any part of the Unit expenses?**

12 A40. No. Royalty interest owners are responsible only for their proportionate share of
13 taxes and post-production costs, which are deducted from their share of the
14 proceeds from sales of production of hydrocarbons from the Unit area.

15 **Q41. Let's turn to the Unit Operating Agreement, marked as Exhibit 2 to the**
16 **Application. It appears to be based upon a form document. Could you please**
17 **identify that form document?**

18 A41. Yes. The Unit Operating Agreement is based upon *A.A.P.L. Form 610 – Model*
19 *Form Operating Agreement – 1982*, which we typically use when we enter into
20 joint operating agreements with other parties.

21 **Q42. Are you familiar with the custom and usage of the Form 610 and other similar**
22 **agreements in the industry?**

23 A42. Yes. The Form 610, together with its exhibits, is commonly used in the industry
24 and is frequently modified to address the development objectives of the parties. As
25 a landman, I have been involved in negotiating and modifying versions of A.A.P.L.
26 operating agreements.

27 **Q43. Turning to the Unit Operating Agreement in particular, does it address how**
28 **Unit expenses are determined and paid?**

29 A43. Yes. Article III of the Unit Operating Agreement provides that all costs and
30 liabilities incurred in operations shall be borne and paid by the working interest
31 owners, in accordance with their Unit Participation percentages. Those percentages

Direct Testimony of Zac McCoy, Landman

1 can be found in Exhibits A-2 thru A-6 to the Unit Operating Agreement. Also, the
2 Unit Operating Agreement has attached to it an accounting procedure identified as
3 Exhibit C.

4 **Q44. What is the purpose of the document marked as Exhibit C in connection with**
5 **the Camsky West Unit Operating Agreement?**

6 A44. The document presents information concerning how Unit expenses are determined
7 and paid.

8 **Q45. At the top of each page of Exhibit C, there appears a label that reads:**
9 **“COPAS 2005 Accounting Procedure, Recommended by COPAS, Inc.” Are**
10 **you familiar with this society?**

11 A45. Yes, COPAS stands for the Council of Petroleum Accountants Societies.

12 **Q46. Is this COPAS document used in oil and gas operations across the country?**

13 A46. Yes. It is commonly used in the industry.

14 **Q47. In your opinion, is this COPAS document generally accepted in the industry?**

15 A47. Yes. This was drafted by an organization whose membership encompasses various
16 companies and sectors across the industry, and, as a result, is designed to be fair.

17 **Q48. Will there be in-kind contributions made by owners in the Unit area for Unit**
18 **operations, such as contributions of equipment?**

19 A48. No, Gulfport does not anticipate in-kind contributions for the Unit Operations.

20 **Q49. Are there times when a working interest owner in the Unit chooses not to – or**
21 **cannot – pay their allocated share of the Unit expenses?**

22 A49. Yes. Joint Operating Agreements account for such occurrences, which are not
23 uncommon. The agreements allow working interest owners the flexibility to
24 decline to participate in an operation that they may not believe will be a profitable
25 venture or that they cannot afford. The remaining parties can then proceed at their
26 own risk and expense.

27 **Q50. Generally, how is the working interest accounted for when an owner chooses**
28 **not to participate in an operation?**

29 A50. A working interest owner who cannot or chooses not to participate in an operation
30 is considered a non-consenting party. If the remaining working interest owners
31 decide to proceed with the operation, the consenting parties bear the full cost and

Direct Testimony of Zac McCoy, Landman

1 expense of the operation. A non-consenting party is deemed to have relinquished
2 its interest in that operation until the well revenues pay out the costs that would
3 have been attributed to that party, plus a prescribed risk penalty or non-consent
4 penalty.

5 **Q51. What is a risk penalty or non-consent penalty, and why are they included in**
6 **the agreement?**

7 A51. A risk penalty or non-consent penalty is a means to compensate consenting parties
8 for the financial risks of proceeding with a well that may be a non-producer when
9 one or more working interest owners do not consent to pay their share of the costs
10 of drilling said well. A non-consent penalty can also serve as a means to allow a
11 working interest owner to finance participation in a well when unable to advance
12 its share of drilling costs.

13 **Q52. Can a working interest owner choose to go non-consent in the initial well in**
14 **the Camsky West Unit?**

15 A52. Yes. If a working interest owner chooses not to participate in the Unit's initial
16 well, Article VI.A of the Unit Operating Agreement provides that the working
17 interest owner shall be deemed to have relinquished to the other parties its working
18 interest in the Unit with a back-in provision with a risk factor of 300%.

19 **Q53. Does the Unit Operating Agreement treat the initial well and subsequent**
20 **operations differently in terms of going non-consent, and if so, why?**

21 A53. Yes. Subsequent operations have a smaller risk factor of 200%. A lack of
22 information as to whether the well will be economic makes participation in the
23 initial well a riskier endeavor than subsequent operations, when information gained
24 from the initial well reduces the risk factor going forward. Therefore, it is common
25 for joint operating agreements to distinguish risk factors between initial and
26 subsequent operations.

27 **Q54. But if the working interest owner still has a royalty interest in the Unit, that**
28 **royalty interest would remain in place and be paid?**

29 A54. Yes. The royalty interest would still be paid even if the working interest is being
30 used to pay off a risk factor.

31 **Q55. What is the risk factor for subsequent operations set out in the Unit Operating**

Direct Testimony of Zac McCoy, Landman

1 **Agreement?**

2 A55. 200%, as set out in Article VI.B of the Unit Operating Agreement.

3 **Q56. Are the percentages included in the Unit Operating Agreement unusual?**

4 A56. No, not for joint operating agreements used in horizontal drilling programs.

5 Because of the significant costs associated with drilling horizontally to the Utica
6 Shale (often in excess of \$10,000,000 to plan, drill, and complete) and because the
7 Utica Shale is an unconventional play (where uneven geological performance is
8 possible), it is common for companies to incorporate into their joint operating
9 agreements a risk factor proportionate to the substantial financial commitment.

10 **Q57. Have you seen risk factor levels of 200% to 300% in other parts of the country
11 that you've worked in and are familiar with?**

12 A57. Yes. Those numbers are not unusual, and in fact higher numbers are sometimes
13 seen in the early stages of a play's development due to the relative lack of
14 information and the corresponding risk.

15 **Q58. How are decisions made regarding Unit operations?**

16 A58. Article V of the Unit Operating Agreement designates Gulfport as the Unit
17 Operator, with full operational authority for the supervision and conduct of
18 operations of the Unit. Additionally, except where otherwise provided, Article XV
19 of the Unit Operating agreement sets forth a voting procedure for any decision,
20 determination or action to be taken by the Unit participants. Under the voting
21 procedure, each Unit participant has a vote that corresponds in value to that
22 participant's allocated responsibility for the payment of Unit expenses.

23 **Q59. I believe you've already described generally the documents in Exhibits A and
24 C to the Unit Operating Agreement. Let's turn therefore to Exhibit B of the
25 Unit Operating Agreement. What is it?**

26 A59. Exhibit B is Gulfport's standard oil and gas lease form, which we attached to the
27 joint operating agreement to govern any unleased interests owned by the parties.
28 Article III.A of the Unit Operating Agreement provides that if any party owns or
29 acquires an oil and gas interest in the Contract Area, then that interest shall be
30 treated for all purposes of the Unit Operating Agreement as if it were covered by
31 the form of lease attached as Exhibit B.

Direct Testimony of Zac McCoy, Landman

1 **Q60. Does this oil and gas lease contain standard provisions that Gulfport uses in**
2 **connection with its drilling operations in Ohio and elsewhere?**

3 A60. Yes.

4 **Q61. Moving on to Exhibit D of the Unit Operating Agreement, would you describe**
5 **what it is?**

6 A61. Exhibit D is the insurance exhibit to the joint operating agreement. It outlines
7 coverage amounts and limitations, and the insurance terms for operations
8 conducted under the Unit Operating Agreement.

9 **Q62. Are the terms of insurance contained in Exhibit D substantially similar to**
10 **those employed in connection with Gulfport's other Unitized projects in the**
11 **State of Ohio?**

12 A62. Yes.

13 **Q63. Based upon your education and professional experience, do you view the**
14 **terms of Exhibit D as reasonable?**

15 A63. Yes.

16 **Q64. Would you next describe Exhibit E of the Unit Operating Agreement?**

17 A64. Exhibit E is the Gas Balancing Agreement, which sets out the rights and
18 obligations of the parties with respect to marketing and selling any production from
19 the Contract Area.

20 **Q65. Would you give me an example of how Exhibit E might come into play?**

21 A65. Yes. Assuming that Company A is the operator of a well, and Company B is the
22 non-operator, the fact that Company A will drill, complete, and secure pipeline to
23 the well, does not preclude Company B from negotiating its own marketing
24 agreements. In the event that Company B wishes to do so, the Gas Balancing
25 Agreement would provide protection for both companies on volumes,
26 underproduction, failure to take production, maintaining the leases, etc.

27 **Q66. Are the terms contained in Exhibit E substantially similar to those employed**
28 **in connection with Gulfport's other Unitized projects in the State of Ohio?**

29 A66. Yes.

30 **Q67. Has Gulfport documented which of the working interest owners included**
31 **within the Camsky West Unit have given their consent to the proposed**

Direct Testimony of Zac McCoy, Landman

1 **Unitization?**

2 A67. Yes. Exhibit 6.1 to the application documents the approvals for the Unit Plan
3 received from working interest owners included with the Camsky West Unit up to
4 the time the Application was filed.

5 **Q68. Does the Application contain a list of those mineral owners who have not**
6 **previously agreed to enter into any oil and gas lease with respect to the tracts**
7 **they own within the Camsky West Unit?**

8 A68. Yes, Exhibit A-3 to the Unit Operating Agreement lists the “Unitized parties,”
9 being the fee mineral owners who remain unleased.

10 **Q69. In your professional opinion, given your education and experience, are Unit**
11 **operations for the proposed Camsky West Unit reasonably necessary to**
12 **increase substantially the ultimate recovery of oil and gas?**

13 A69. Yes. Unit operations for the Camsky West Unit will minimize waste and allow for
14 the most efficient recovery of oil and gas. By drilling horizontally, Gulfport can
15 develop a larger area with a much smaller surface disturbance than through the
16 drilling of vertical wells. Without Unit operations, we would not be able to
17 develop the Unit area, so it’s fair to say that Unit operations are necessary to
18 increase substantially the recovery of oil and gas. I believe that the Camsky West
19 Unit represents a reasonable and efficient means to develop the Utica Shale.

**AFFIDAVIT OF EFFORTS TO LEASE MINERAL OWNERS AND COMMIT
UNCOMMITTED WORKING INTEREST OWNERS**

The undersigned, being first duly sworn according to the law, makes this Affidavit and deposes and says that:

1. Affiant, Zac McCoy, employed by Gulfport Appalachia, LLC (“Gulfport”) as a Division Landman. Affiant’s job responsibilities include the acquisition of leases in certain areas of Ohio, including Belmont County, Ohio. Affiant has personal knowledge of the matters set forth in this affidavit, and the following information is true to the best of Affiant’s knowledge and belief.
2. Gulfport, either directly or through its land brokers (collectively, the “Applicant”) has made diligent efforts to locate, acquire or negotiate mutually acceptable terms that would permit the Applicant to voluntarily include unleased Tracts 1, 6, 7, 14-18, 21, 22, 24, 27, 28, 32B, 32C, 35-37 and 40 (the “Unleased Parcels”) in the Camsky West Unit including written communication via certified mailings of offer letters, phone calls, in-person visits, and research conducted as provided herein. Those efforts are documented in the attached exhibit.
3. The Affiant states that the Applicant will continue to make every effort to obtain an Oil and Gas Lease with the mineral owners of the Unleased Parcels as found within this unit.
4. The Applicant has made diligent efforts to locate, acquire or negotiate mutually acceptable terms that would permit the Applicant to voluntarily include uncommitted parcels, being Tracts 16, 17, 22 and 24 (the “Uncommitted Parcels”) in the unit including written communication, phone calls, in-person visits, and research conducted as provided herein. Those efforts are documented in the attached exhibit.
5. The Affiant states that Applicant will continue to make every effort to obtain a lease exchange agreement with the owner of the Uncommitted Parcels as found within this unit.

Further Affiant sayeth naught.

Dated this 27th day of April, 2021.

Zac McCoy, Affiant
Division Landman
Gulfport Appalachia, LLC

4/23/2018	Research - Applicant performed research through Ancestry.com and found a Thomas McKennan Hearne that died in Wheeling, Ohio County, WV on 4/30/1936. Said Thomas Hearne married Mary Chapline Milton on 6/23/1921. Mary Hearne also died in Wheeling, Ohio County, WV on 7/9/1973. Applicant searched the Ohio County Probate Court for both probates.					
4/23/2018 - 5/15/2018	Research - Applicant obtained a copy of the Last Will and Testament of Thomas Mck. Hearne filed in Ohio County, WV in Wheeling, WV. Said document gives the rest, residue and remainder of his estate, real, personal and mixed, of every kind unto John G. Hoffmann, III, and the Security Trust Company, as trustees. The said Trustees shall divide the aforesaid residue of his estate into two equal parts. One of such parts intended by him for the use and benefit of his daughter, Lucy Milton Hearne, and the other part intended by him for his son, William H. Hearne, II. The aforesaid trustees shall accumulate the net income derived from each of said parts until said children shall respectively attain the age of twenty-one years. It is his will and he hereby directs that the said trustees shall, from and after the time that each of his children shall attain the age of twenty-one years, pay unto each child respectively attaining the age of twenty-one years as aforesaid the whole of the net income derived from the corpus of the trust fund hereby established and set up for such child, and the trustees shall this continue to hold the corpus of each of such trust funds in trust for his aforesaid two children until each of such children shall respectively attain the age of thirty-five years, at which time the trust hereby established shall terminate and the corpus and principal shall pass and be distributed absolutely and in fee simple unto each child as such child respectively attains the age of thirty-five years.					
5/16/2018	Research - Applicant determined Lucy Milton Hearne was born 11/3/1922 and married Omer F. Hamann. Therefore Lucy turned 35 on 11/3/1957 and per the Last Will and Testament of Thomas Mck. Hearne, 50% of this interest vested fee simple to Lucy Milton Hamann.					
5/17/2018	Research - Applicant determined Lucy Milton Hamann died 12/22/2007 in San Diego County, CA. Applicant was able to obtain a copy of her probate, Case No. 37-2008-00151213-PR-PW-CTL. Said probate gives the residue of the estate to the then acting Trustee of the trust established June 28, 1974 of which Lucy was the Trustor, and she directs that the residue of the estate shall be added to, administered and distributed as a part of that trust, according to the provisions of that trust on the date of her death. Bank of America and her son, William Frederick Hamann are named Co-Executor of the Will and if William Frederick Hamann fails or ceases to act, she appoints her daughter, Mary Depetrillo, as Co-Executor to act with Bank of America.					
5/17/2018	Research - Applicant has determined U.S. Trust, Bank of America Private Wealth Management and William Frederick Hamann, as co-trustees of the Lucy Milton Hamann's trust established June 28, 1974 owns a mineral interest in the above mentioned parcels.					
5/21/2018	Certified Mail - Applicant sent offer letter via certified mail to William Hamann, co-trustee, to 7570 Meadow Ridge Ct., Riverside, CA 92507. Tracking No. 7015 0640 0002 5558 4082.					
6/4/2018	Phone Call - Applicant returned a phone call from Trustee, William Hamann at 951-776-xxxx. Mr. Hamann has a few questions. Applicant is working on answering these.					
6/6/2018	Certified Mail - Applicant received the certified receipt from the offer letter mentioned above.					
7/19/2018	Phone Call - Applicant spoke with Mineral Owner. Mineral Owner prefers to sell this interest instead of lease them. Applicant has made an offer to purchase the interest.					
7/25/2018	Mail - Applicant sent Mineral Owner an Oil, Gas and Mineral Deed for the purchase of this interest.					
7/30/2018	Phone Call - Applicant spoke with Mineral Owner. Mineral Owner has decided to not sign anything in regard to this interest and has asked to not be contacted any longer.					
9/19/2019 – 4/14/2021	The parties and interest associated therewith are currently subject to a filed complaint (Case No. 19-CV-335 Belmont County Court of Common Pleas) seeking declaratory judgement and quiet title to settle an ownership dispute on an undivided 24.5% interest in Tract 37. The Applicant continues to monitor the dispute and will make efforts to negotiate a voluntary agreement with the prevailing parties once the interest is adjudicated.

DUE DILIGENCE AFFIDAVIT

I, Zac McCoy, being first duly sworn and cautioned, affirm and state as follows:

1. Affiant is competent to testify on the matters contained in this affidavit.
2. Affiant, Zac McCoy is employed at Gulfport Appalachia, LLC (“Gulfport”) as a Division Landman and job responsibilities include the acquisition of leases in certain areas of Ohio, including Belmont County, Ohio.
3. Affiant has the authority to sign this Affidavit on behalf of Gulfport.
4. Pursuant to Ohio Revised Code § 1509.28, Gulfport has filed an application with the Chief of the Division of Oil and Gas Resources Management (“DOGRM”) requesting an order authorizing Gulfport to operate the Unitized Formation and applicable land area, identified as the Camsky West (“Application”). The Camsky West is located in Belmont County, Ohio, and as a unit of an entire pool or part thereof consists of 40 separate tracts of land covering approximately 771.003 acres.
5. As a function of Affiant’s job duties, Affiant, or persons under Affiant’s direction or supervision, has personal knowledge of the matters set forth in this affidavit. Further, Affiant, or persons under Affiant’s direction or supervision, has reviewed all documents which reflect Gulfport’s efforts to identify and locate mineral interest owners within the proposed unit.
6. Affiant attests that Gulfport exercised reasonable due diligence to identify all mineral interest owners within the proposed unit and ascertain their current addresses prior to filing its application with DOGRM. These efforts included performing title work, court records, reviewing marriage and birth records, death records, searching county auditor tax records, searching records maintained by the United States Postal Service, utilizing electronic resources, etc. Affiant further attests that where it was not reasonably possible or practicable to identify all of mineral interest owners’ identities or addresses, Gulfport will provide notice by publication of a hearing scheduled pursuant to R.C. 1509.28.
7. Affiant further attests that, to the best of its knowledge and belief, the names and addresses of mineral interest owners it provided to DOGRM were accurate at the time Affiant filed its Application thereto with DOGRM.
8. Affiant understands that the DOGRM is relying on the statements and representations contained in this Affidavit to verify that Gulfport has acted using ordinary standards of due diligence to identify and locate mineral interest owners for tracts contained within the proposed unit. Further, Gulfport understands DOGRM expects Gulfport to provide to DOGRM updated mineral interest owners information, if any, as soon as is practicable, and understands that updated information may result in a new or rescheduled unitization hearing.
9. Nothing in this Affidavit shall constitute a waiver of right in law or equity by the DOGRM or Gulfport.
10. Affiant states that the above statements are true and accurate to the best of Affiant’s knowledge and belief.

****Potential mineral interest claim under Ohio's Marketable Title Act (O.R.C. 5301.47, et seq). Due to uncertainty and pending decisions at the appellate level and Ohio Supreme Court, Gulfport has listed and made efforts on the reserving and the surface side of this parcel. Gulfport endorses neither claim to ownership of the property interests nor any interpretation of the Ohio Marketable Title Act or other law that has been or may be advanced or asserted by or against the owner.
