Kenneth Lloyd South (Amended)
Hearing: May 7, 2025**

To Whom It May Concern:

On November 19, 2024, EAP Ohio, LLC ("EAP") filed an application with the Division of Oil and Gas Resources Management ("Division") for unit operation of the Kenneth Lloyd South Unit in Carroll and Harrison Counties, Ohio. A hearing was held on January 15, 2025, and the Division issued Chief's Order No. 2025-69 on March 12, 2025, approving unit operations for the Kenneth Lloyd South Unit.

In a request dated March 3, 2025, EAP submitted to the Division a Request for Amendment of the Kenneth Lloyd South Unit to revise its total acreage. A hearing will be held on this Request for Amendment and details on the hearing can be found in the enclosures. At the hearing, EAP will present witnesses in support of its Request to Amend Chief's Order No. 2025-69. A court reporter will be present at the hearing and will create a record.

A copy of Chief's Order 2025-69 may be found on the Division's website at <https://ohiodnr.gov/discover-and-learn/safety-conservation/about-odnr/oil-gas/unitization/00-unit-docs/00-unit-docs>. Additionally, you can submit a public records request for a paper or electronic copy of the Chief's Order by emailing unitization@dnr.ohio.gov or by calling 614-265-6922. DEADLINE FOR COMMENTS

What Happens after the Hearing Is Held?

State law requires that within 60 days after the hearing the Division must issue an order approving or denying the application. All Chief's Orders are posted to the Division's website. The Chief of the Division must issue an order approving unitization if the applicant demonstrates that (1) the operation is reasonably necessary to increase substantially the ultimate recovery of oil and gas; and (2) the value of the estimated additional recovery of oil or gas exceeds the estimated additional cost incident to conducting the operation.

More Information

The Division has authority over the permitting, drilling, operating and plugging of oil and gas wells in Ohio. This authority ensures uniform statewide regulation of oil and gas activities and promotes conservation through the effective development of oil and gas resources for the "unitization" of tracts of lands.

Ohio law, like the laws of many oil and gas producing states, provides a means to combine mineral rights from individual tracts of land to form a drilling unit to efficiently and effectively develop the oil and/or gas resources beneath those tracts. Ohio Revised Code Section 1509.28 is commonly known as Ohio's unitization law.

Unitization is available when the owners of sixty-five percent of the land overlying a pool (or part of a pool) of oil and/or gas apply to the Division to operate the pool (or part of a pool) as a drilling unit.

After receiving a unitization application, the Division reviews it and, if it has been properly submitted, the Division sets a time for a hearing.

After the hearing, the Division considers all testimony presented at the hearing and any written comments received, and then decides if the application should be granted based upon the law. An order is then issued approving or denying the application. If the application is approved, the order establishing the unit will specify the terms and conditions for unit operation on a just and reasonable basis. An order approving the application allows the applicant to drill inside the unit once all other necessary permits have been obtained.

Following an approved application, an applicant may later request an amendment to the order. Amendments to a unit order must be made in the same manner and are subject to the same conditions as the order for unit operations, including that a hearing must be held on the request.

If You Have Questions Regarding Your Interest in the Proposed Unit:
