

THE WORLD WALKER

The Steven Newman World Walker Perimeter Trail

Steven M. Newman, born May 31, 1954, is a Bethel native who from age 9 dreamed about walking the world and publishing books. From April 1983 to April 1987 he walked solo around the world and became known as "The World Walker." In recognition of his accomplishment, the perimeter trail, the longest trail system in Ohio State Parks, has been renamed "The Steven Newman World Walker Perimeter Trail."
