Ohio Penal Industries

## Our Mission

- To reduce recidivism among those we touch

## Our Vision

- To reduce crime in Ohio

## Our Core Values

- Take Care Of Our Staff
- Civility Towards All
- One Team
- One Purpose
- Hope is Job One

## About Us

Ohio Penal Industries (OPI), under the direction of the Ohio Department of Rehabilitation and Correction (ODRC), provides workforce training opportunities for over 1500 offenders within 16 prisons and 29 operations in the state.

- OPI is a self-sustaining operation, meaning there is no tax burden to the citizens of Ohio.
- OPI goods and services are sold to state agencies, counties, townships and municipalities throughout the state.
- Offenders involved in OPI programming are 80% less likely to return to prison.
- Offenders provide assistance to their families, pay child support, restitution fees, court costs and fines.
- OPI programming reduces idleness in housing units which helps with the management of Ohio's prisons.

## Training and Skill Development

OPI's programs are developed with real-world employment in mind. Not only do offenders learn job specific skills, they learn soft skills such as work ethic, reliability teamwork and problem solving.

They are given on-the-job training in manufacturing facilities where they produce the quality products we offer. They are enrolled in apprenticeship programs, receive certifications and attend classes to learn new skills related to their jobs.

## The Why of it All

At the end of the day, the training and opportunities we offer assist ex-offenders in finding gainful employment and becoming productive members of society. The why of it all can be summed up in two words – restored citizen.
