Contact Information

- Contact information may change throughout the year, OTSO will keep sub-grantees as up to date as possible.
- These Contact Information slides will be updated as needed. Please refer back to these slides.

Traffic Safety Grant Program Overview

- The Federal Highway Safety Act of 1966 directed the National Highway Traffic Safety Administration (NHTSA) and the Federal Highway Administration (FHWA) of the U.S. Department of Transportation to jointly administer various highway safety projects. This federal grant program provides federal funds administered through the Ohio Department of Public Safety (ODPS) / Ohio Traffic Safety Office (OTSO) to eligible entities to be used in part for, but not limited to, traffic safety education, enforcement and engineering projects.

Traffic Safety Grant Program Overview

- Funds are to be used for short-term highway safety support, with the intent that other sources of funding will sustain programs over the long term.
- The federal grant program operates on a reimbursement basis.
- OTSO will use the following criteria to determine each grant proposal's funding eligibility:
 - Met the submission deadline
 - Met the minimum proposal requirements
 - Explained how the proposal specifically helps reduce Ohio's traffic-related fatal crashes

Traffic Safety Grant Program Overview

- OTSO will award grants based on:
 - The amount of funding available to OTSO
 - The total number of proposals submitted to OTSO
 - Past performance of the sub-grantee (if applicable)
- OTSO reserves the right to limit the number of grants awarded and the awarded amounts at any time based on available funding, ability to impact statewide goals and performance.

Traffic Safety Grant Program Overview

- FFY 2025 Traffic Safety Grant Proposals must be submitted via the website no later than 11:59 p.m. on Thursday, May 23, 2024.
- Late proposals will not be considered for funding. OTSO is not responsible for an applicant's personal computer or internet access failure occurring at the proposal deadline. In the event that OTSO experiences an internal server malfunction, OTSO will notify Proposal Administrators of an updated submission deadline.

Competitive Grants Funding Priorities

- Ohio has joined the national effort, *Toward Zero Deaths: A National Strategy on Highway Safety*.
- According to preliminary 2023 data, there were 1,240 fatalities on Ohio's roads. Ohio's current fatality rate is 1.12 fatalities per 100 million vehicle miles traveled.
- Competitive grants will be directed toward those state and local community traffic safety activities that will have the greatest impact toward fatal crash reduction.
- Each proposal should focus on one or more of these issues:
 - Alcohol/drug-impaired driving
 - Occupant protection
 - And/or Speed management

Problem Identification Process

- For FFY 2025, OTSO worked with the University of Akron to conduct an in-depth analysis of traffic crash data to identify and prioritize traffic safety problems and to target fatal crash locations for traffic safety programming. OTSO focuses the majority of its grant funding on these areas. They have been identified as locations where programming may have the most impact on a statewide level.
- The data used in this process include traffic crash data from 2021, 2022, and preliminary 2023.

Standard Proposal Guidelines for All Grants

Reimbursement Only Policy

- This federal grant program operates on a reimbursement basis. The administering agency must first incur the cost for approved expenditures and then apply for the reimbursement. Appropriate and accurate documentation will be required for each expense.

Standard Proposal Guidelines for All Grants

Eligible Entities

- To be eligible to receive funds under this federal grant program, the proposing agency must be one of the following:

Standard Proposal Guidelines for All Grants

Required Personnel

- Each proposal is required to have at least one of each of the following:
 - **Authorizing Official** – the authorizing official is usually the head of an organization/agency. This individual must possess or have the ability to obtain the legislative authority to enter into an agreement with OTSO, should the proposal be approved for funding.

Should the proposal be approved for OTSO funding, this individual will oversee the daily activities of the grant and ensure that the scope of work and evaluation are completed as proposed. This individual will also serve as the primary contact person for the grant.
 - **Fiscal Officer** – The fiscal officer is responsible for the fiscal activities of the agency. This individual is responsible for overseeing the grant's budget, as well as submitting properly prepared claims for reimbursement to OTSO.

All Safe Communities grant-related activities must be conducted under the following guidelines:

Data Collection and Analysis

- All Safe Communities programs are required to collect and update local jurisdiction data. Gather information such as demographics, assessments of high risk crash locations or situations, costs due to injury, and other pertinent data to establish clear problem identification in the county.

Coalition Building

- The Safe Communities program cannot survive solely on the efforts of the coordinator. The coordinator must seek the active participation and partnership of law enforcement, schools, government officials, engineers, service organizations, health and medical providers, businesses, media, county/community leaders and others interested in improving traffic safety in the community. The coalition should reflect the ethnic/non-English speaking diversity of the county. The coalition should strive to establish community ownership and support for traffic safety related programs.

Safe Communities Program

Coalition Building (cont.)

- Safe Communities programs must conduct a minimum of four coalition meetings during the grant period. Copies of signature rosters and coalition meeting agenda must be kept on file and made available upon OTSO request. Costs relating to food for meetings, award banquets, etc. are not allowable.
- In addition to the regular coalition meetings, Safe Communities must conduct at least one public engagement meeting in FFY2025. The U.S. Department of Transportation defines meaningful public involvement as a process that proactively seeks **full** representation from the community, considers public comments and feedback, and incorporates that feedback into a project, program, or plan. The impact of community contributions encourages early and continuous public involvement and brings diverse viewpoints and values into the transportation decision-making process. This process enables the community and agencies to make better-informed decisions through collaborative efforts.

 - Impaired Driving/Drugged Driving

Safe Communities Requirements (cont.)

- Use the resources in its community for promotional and educational materials.

Safe Communities Program

Safe Communities Requirements (cont.)

- In addition to distributing materials and the two required kick off events, and required media event, Safe Communities must take advantage of opportunities to interact with the community. See chart below for the minimum number of “events” (in addition to the kick-off events) required by grant amount. An acceptable event is where you set up a table, booth, tent, etc. and interact with the public to deliver OTSO approved traffic safety messaging to the appropriate target audience. **(i.e., going to a kid’s event to talk to parents about impaired driving is not acceptable)**. These events must include activities where there is interaction beyond distributing materials. Spin wheels, corn hole, school presentations, and presentations to local groups are examples of activities that when combined with education and pre and post surveys are acceptable. **Virtual events above and beyond the required minimum number of in-person events must be submitted in the grant proposal.** Events will be reviewed to ensure all traffic safety problems are addressed in the community.

Minimum Number of Events	Maximum Funding Amount
20	\$137,500.00
18	\$ 93,500.00
16	\$ 71,500.00
14	\$ 55,000.00
