If the Proposal contains elements that exceed the requirements of the RFP, the Proposal should state the degree to which the requirement will be exceeded and how this will be accomplished. Proposals should be prepared simply and economically, providing a straightforward, concise, and complete description of the Contractor's proposal and capabilities to perform the Agreement. Emphasis should be on completeness, specificity, and clarity of content.

- 6.7. Proposals are a Public Record. Once proposals have been reviewed, they will be forwarded to the ODH Project Evaluation Committee to begin the evaluation process. After proposals are opened, they are public records as defined in Ohio Revised Code Section 146.43 and are subject to all laws appurtenant thereto. Contractor may request that certain information, such as trade secrets or proprietary data, be designated as confidential and not considered as public records. - 6.10. Correction of Proposal Before Scheduled Opening. If a Contractor withdraws its proposal and resubmits it with revisions, the revisions should be clearly identified and initialed by the Contractor. Any corrections must be completed off the ODH premises.
- 6.11. Correction after Scheduled Opening. ODH may permit a Contractor alleging an inadvertent error to correct its proposal after opening, only if the mistake and the correction are clearly evident from the proposal and correction does not affect the amount of the proposal or otherwise give the Contractor an unfair competitive advantage.
- 6.12. Proposals are Firm for 90 Days. Unless stated otherwise, once opened all proposals are irrevocable for ninety (90) days. Beyond ninety (90) days, the Contractor will have the option to honor their proposal or make a written request to withdraw their proposal from consideration.

- 6.13.1. Proposals are not in compliance with the required format stated in the RFP.
  - 6.13.2. Proposals do not address all of the requirements of the RFP.
  - 6.13.3. The price is excessive in comparison with market conditions or with the available funds of the Agency.
  - 6.13.4. ODH determines that awarding any item is not in the best interest of the Agency.
- 6.14. Alternative Proposals. A Contractor may desire to submit an alternative proposal that achieves the purpose, specifications and scope of ODH's request. A Contractor submitting an alternative proposal shall clearly identify and quantify the advantages of the alternative.
- 6.15. Proposal Preparation. ODH assumes no responsibility for costs incurred by the Contractor prior to the award of the Agreement resulting from this RFP. Proposals may not include any amounts attributable to its preparation.
- 6.16. Contractor May Request Clarification. If a Contractor discovers an inconsistency, error or omission in this RFP, the Contractor should request clarification from ODH Office of Procurement Services. Such clarification may be made only through email. No other form of clarification is acceptable. Failure of Contractor to comply may result in the Contractor being deemed not responsive.
- 6.17. Communication Prior to the Response Due Date. From the Release Date of this RFP until the date of the Agreement award, there shall be no communications concerning this RFP between any Contractor who may ultimately submit a Proposal and any employee of ODH involved in the issuing of the RFP, or any other state employee who is in any way involved in the ODH project, except as follows:
- An ODH employee may send communications to potential Contractors with a link to ODH's RFP announcement after the Release Date to encourage a diversity of Contractors to submit a Proposal.
- 6.18. ODH Modifications to the RFP. When it is necessary to modify an RFP prior to the RFP opening, ODH does so by written addendum only. Revisions to an RFP, after the RFP opening, shall be distributed to only those Contractors that submitted a proposal. A Contractor may elect to withdraw the proposal, provided that the Contractor files a written request within ten (10) calendar days of DOH's distribution of the addendum.
- 6.19. Unit Costs. Contractors shall not insert a unit cost of more than two (2) digits to the right of the decimal point. Digits beyond the two (2) will be dropped and not used in the evaluation of the proposal.
- 6.20. Responsive Contractor. A Contractor is responsive if its proposal responds to the RFP completely and contains no irregularities or deviations from the RFP that would affect the proposal or otherwise give the Contractor an unfair advantage.
- 6.21. Responsible Contractor. ODH will determine if a Contractor is responsible using the following factors:
- 6.21.1. Experience of the Contractor.

- 6.21.2. Contractor's financial condition.
  - 6.21.3. Contractor's conduct and performance on previous Agreement.
  - 6.21.4. Contractor's facilities.
  - 6.21.5. Contractor's management skills.
  - 6.21.6. Contractor's ability to execute the Agreement properly.
  - 6.21.7. Review of Federal and State debarment lists.
- 6.22. Information Requested. ODH may request additional information to evaluate a Contractor's responsiveness to the RFP or to evaluate a Contractor's responsibility. If a Contractor does not provide the requested information, it may adversely impact ODH evaluation of the Contractor's responsiveness or responsibility.
- 6.23. Samples. ODH may require Contractors to provide samples or examples of work, at the Contractor's expense. Samples must be clearly identified by the Contractor, the RFP number, and the item the sample represents. ODH will return samples that are not destroyed in testing, at the Contractor's expense, upon the Contractor's timely request. ODH may keep the samples of the Contractor awarded the Agreement until the completion of the Agreement.
- 6.24. Estimated Usage. Unless otherwise stated, the usage indicated for each item(s), if applicable, are to be considered as estimates only and should be considered as information relative to potential purchases that may be made from the Agreement. ODH makes no representation or guarantee as to the actual amount of the item(s) to be purchased.
- 6.25. Technical Proposal Evaluation. Proposals submitted by Contractors that do not meet the minimum requirements will not be evaluated. Proposals determined by ODH to lack completeness, specificity or clarity of content may be deemed nonresponsive and, therefore, will not be evaluated. The remaining proposals will be evaluated, scored, and ranked by a committee of selected staff. Proposals will be evaluated by the technical review criteria.

The evaluation committee will assign a numerical rating to each technical competency in the above section 4 table of the RFP based upon a review of that Contractor's Proposal. The ratings are to be awarded as follows:

0 Points	Does Not Meet	Proposal does not comply with the requirements.
1 Point	Weak	Response does not substantially meet the requirements.
2 Points	Moderate	Proposal meets most of the requirements but is weak in some areas.
3 Points	Meets	Proposal meets all requirements.
4 Points	Strong	Proposal substantially exceeds requirements.
5 Points	Greatly Exceeds	Proposal significantly exceeds requirements.

The value assigned to each criterion is only a value used to determine which Proposal is the most advantageous to the Agency in relation to the other Proposals that ODH received.

The evaluation committee will evaluate each proposal and award up to the maximum amount specified for each criterion. A proposal must receive a total technical score of at least 300 points (60 percent of the maximum total technical score of 500) for ODH to consider awarding an Agreement for that proposal.

- 6.26. Presentations and Interviews. ODH may require top Contractors to be interviewed. Such interviews will provide a Contractor with an opportunity to present its Proposal and to ensure a mutual understanding of the Proposal's content. This will also allow ODH an opportunity to test or probe the professionalism, qualifications, skills, and work knowledge of the proposed candidates. The interviews will be scheduled at the convenience and discretion of ODH. ODH may record any presentations and interviews. The one (1) to three (3) highest scoring Contractors; but no more than the top three (3) may be required to participate. Interviews will be scheduled to be held in Columbus, Ohio at the Contractor's expense, if applicable.
- 6.27. Cost Proposal Evaluation. ODH will calculate the Contractor's Cost Proposal points after the Contractor's total technical points are determined, using the following method:

Cost Points = (Lowest Contractor's Cost/Contractor's cost) x Maximum Allowable Cost Points as indicated in the "Scoring Breakdown" table. In this method, the lowest cost proposed will receive the maximum allowable points.

The number of points assigned to the cost evaluation will be prorated, with the lowest accepted Cost Proposal given the maximum number of points possible for this criterion. Other acceptable Cost Proposals will be scored as the ratio of the lowest Cost Proposal to the Proposal being scored, multiplied by the maximum number of points possible for this criterion.

- 6.28. Final Stages of Evaluation Contractor with the highest point total from all phases of the evaluation (Technical Points + Cost Points) will be recommended for the next phase of the evaluation.

Technical Score: \_\_\_\_\_ + Cost Score: \_\_\_\_\_ + MBE Score \_\_\_\_\_ = Total Score: \_\_\_\_\_

If ODH finds that one or more Proposals should be given further consideration, ODH may select one or more of the highest-ranking Proposals to move to the next phase. ODH may alternatively choose to bypass any or all subsequent phases and make an award based solely on the Proposal evaluation phase.

- 6.29. Clarifications & Corrections. During the evaluation process, ODH may request clarifications from any potential Contractor under active consideration and may give any Contractor the opportunity to correct defects in its Proposal if ODH believes doing so does not result in an unfair advantage for the Contractor and it is in ODH's best interests. Any clarification response that is broader in scope than what ODH has requested may result in the Contractor's proposal being disqualified.
- 6.30. Agreement Negotiation. It is at the discretion of DOH whether to permit negotiations. A Contractor must not submit a proposal assuming there will be an opportunity to negotiate any aspects of the RFP. When it has been determined that it is in the Agency's best interest to conduct negotiations, ODH may request a submission of a best and final quotation.
- 6.31. Agreement Award. The ODH Project Committee evaluating the Proposals and, if applicable, the Presentations will recommend to the Director of Health the award of an Agreement based upon the total Contractor score and whether awarding an Agreement will result in obtaining the best value and advantage to ODH. The Director's award of an Agreement will be identified by the Director's signature on the Agreement. The Director's award is final and not appealable. ODH at any time may determine that award of an Agreement is not in the best interest of ODH and may reject, cancel, or re-issue this RFP in whole or in part.
- 6.32. Agreement Contents. If this RFP results in an Agreement award, the Agreement will consist of this RFP, along with attachments, addenda, purchase orders, change orders, and terms and conditions. ODH reserves the right to award multiple Agreement under this RFP.
- 6.33. Contractor Start Date. ODH expects the Contractor to commence work upon Agreement execution. If the Contractor is unable or unwilling to commence work, ODH reserves the right to cancel the award and resume the evaluation process with the next most advantageous proposal.
- 6.34. Non-Collusion Certification. The Contractor certifies that he/she is (sole owner, partner, president, secretary, etc.) of the party making the forgoing proposal, that such proposal is genuine and not collusive or sham; that Contractor has not colluded, conspired or agreed, directly or indirectly, with any Contractor or person, to submit a sham proposal; or colluded or conspired to have another not proposal; and has not in any manner, directly or indirectly, sought by agreement or collusion, or communication or conference, with any person to fix the proposal price of its proposal or any other Contractor, or to fix any overhead, profit or cost element of the proposal price, or of that of any other Contractor, to secure any advantage against any Contractor or any person or persons interested in the Agreement and that all statements contained in the proposal are true; and further, that the Contractor has not, directly or indirectly, submitted this proposal, or the contents thereof, or divulged any related information or data to any association or to any member or agent of any association.
- 6.35. ODH Withdrawal of the RFP. ODH reserves the right to withdraw the RFP at any time prior to the award the Agreement.
