Exhibit 1 Contractor's Price List

BACKGROUND

The State recognizes that it is sometimes advantageous to do business with some manufacturers under a State term contract rather than through a competitive bidding or proposal process. In such cases, the State will enter into a contract with the manufacturer provided that the manufacturer offers its goods and ancillary services at the same prices that the manufacturer offers those goods and services to its distributors, or if the manufacturer has no distributors, the prices that the manufacturer offers to its similarly situated most favored customers for each product or service.

The State also recognizes that some manufacturers work primarily through dealers for various reasons, including offering customer's better support through dealers that have a local presence in the service area. Because of this, the State may sometimes agree to work directly with a manufacturer's dealers. But, if the Contractor is not the manufacturer of the goods or services under this contract, the Contractor must submit a letter from the manufacturer that assures the State that the Contractor will have sufficient quantities of the offered products for the duration of the Contract and any extensions to meet the State's needs under the Contract and that the Contractor is an authorized dealer in the manufacturer's goods or services. The letter must identify each product or service that the Contractor will supply under this Contract. The letter must also contain an assurance of the availability through the dealer of repair and spare parts for equipment covered by this Contract for five (5) years from the date of purchase. It must also contain an assurance that software maintenance will be available under the terms of this Contract either from the dealer or the manufacturer for six (6) years from the date of acceptance. (This assurance is not necessary for PC and PC-based server software with a permanent license fee of less than \$5,000.00 per copy.) The manufacturer's letter must be signed by an authorized official of the manufacturer and submitted with the executed copies of this Contract.

This state term contract (the "Contract") establishes terms and conditions under which a State agency (including any board, instrumentality or other political body) or political subdivision may acquire the Contractor's goods or services at the Contractor's best pricing. But this Contract only permits such; it in no manner obligates any State agency to do so.

STANDARD TERMS & CONDITIONS

I. CONTRACT TERM PROVISIONS:

- A. APPROPRIATION OF FUNDS.** The State of Ohio's funds are contingent upon the availability of lawful appropriations by the Ohio General Assembly. If the General Assembly fails at any time to continue funding for the payments or any other obligations due by the State under this Contract, the State will be released from its obligations on the date funding expires.

The current General Assembly cannot commit a future General Assembly to an expenditure. Therefore, this Contract will automatically expire at the end of the current applicable biennium. The State may renew this Contract in the next biennium by issuing written notice to the Contractor or by actions of the State of the decision to do so.

- B. OBM CERTIFICATION.** None of the rights, duties, or obligations in this Contract will be binding on the State, and the Contractor will not begin its performance, until all the following conditions have been met:
1. All statutory provisions under the Ohio Revised Code, including Section 126.07, have been met.
 2. All necessary funds are made available by the appropriate state agencies.
 3. If required, approval of this Contract is given by the Controlling Board of Ohio; and
 4. If the State is relying on Federal or third-party funds for this Contract the State gives the Contractor written notice that such funds have been made available.

C. TERMINATION / SUSPENSION.

1. **Contract Termination.** If Contractor fails to perform any one of its obligations under this Contract, it will be in default and the State may terminate this Contract in accordance with this section. The termination will be effective on the date delineated by the State.
 - a. **Termination for Default.** If Contractor's default is unable to be cured in a reasonable time, the State may terminate the Contract by written notice to the Contractor.
 - b. **Termination for Unremedied Default.** If Contractor's default may be cured within a reasonable time, the State will provide written notice to Contractor specifying the default and the time within which Contractor must correct the default. If Contractor fails to cure the specified default within the time required, the State may terminate the Contract. If DAS does not give timely notice of a default to Contractor, the State has not waived any of the State's rights or remedies concerning the default.
 - c. **Termination for Persistent Default.** The State may terminate this Contract by written notice to Contractor for defaults that are cured, but are persistent. "Persistent" means three or more defaults. After the State has notified Contractor of its third default, the State may terminate this Contract without providing Contractor with an opportunity to cure, if Contractor defaults for a fourth time. The four defaults are not required to be related to each other in any way.
 - d. **Termination for Endangered Performance.** The State may terminate this Contract by written notice to the Contractor if the State determines that the performance of the Contract is endangered through no fault of the State.
 - e. **Termination for Financial Instability.** The State may terminate this contract by written notice to Contractor if a petition in bankruptcy or similar proceeding has been filed by or against the Contractor.
 - f. **Termination for Delinquency, Violation of Law.** The State may terminate this Contract by written notice, if it determines that Contractor is delinquent in its payment of federal, state or local taxes, workers' compensation, insurance premiums, unemployment compensation contributions, child support, court costs or any other obligation owed to a state agency or political subdivision. The State also may cancel this Contract, if it determines that Contractor has violated any law during the performance of this Contract. However, the State may not terminate this Contract if the Contractor has entered into a repayment agreement with which the Contractor is current

- g. **Termination for Subcontractor Default.** The State may terminate this contract for the default of the Contractor or any of its subcontractors. The Contractor will be solely responsible for satisfying any claims of its subcontractors for any suspension or termination and will indemnify the State for any liability to them. Subcontractors will hold the State harmless for any damage caused to them from a suspension or termination. The subcontractors will look solely to the Contractor for any compensation to which they may be entitled.
 - h. **Termination for Failure to Retain Certification.** Pursuant to O.R.C. Section 123.151 and 123.152 of the Revised Code, the State may certify businesses for participation in state sponsored business assistance programs. After certification is obtained it is the responsibility of the Contractor to maintain certification. If the Contractor is awarded a contract pursuant to a certification program and fails to renew its certification and/or is decertified, the State may immediately cancel the contract.
 - i. **Termination for Convenience.** The State may terminate this Contract for its convenience after issuing written notice to the Contractor. If the termination is for the convenience of the State, the Contractor will be entitled to compensation for any Deliverable that the Contractor has delivered before the termination. Such compensation will be the Contractor's exclusive remedy in the case of termination for convenience and will be available to the Contractor only after the Contractor has submitted a proper invoice for such, with the invoice reflecting the amount determined by the State to be owing to the Contractor.
 - j. **Termination, Effectiveness, Contractor Responsibilities.** The notice of termination whether for cause or without cause will be effective as soon as Contractor receives it. Upon receipt of the notice of termination, Contractor will immediately cease all work on the Project, if applicable, and refuse any additional orders and take all steps necessary to minimize the costs the Contractor will incur related to this Contract. The Contractor will immediately prepare a report and deliver it to the State. The report must detail either the work completed at the time of termination or the orders received and not processed prior to termination, and if applicable, the percentage of the Project's completion, estimated time for delivery of all orders received prior to termination, any costs incurred by the Contractor in doing the Project to date and any deliverables completed or partially completed but not delivered to the State at the time of termination. Any and all work, whether completed or not, will be delivered to the State along with the specified report. However, if delivery in that manner would not be in the State's interest, then the Contractor will propose a suitable alternate form of delivery.
2. **Contract Suspension.** If Contractor fails to perform any one of its obligations under this Contract, it will be in default and the State may suspend rather than terminate this Contract where the State believes that doing so would better serve its interest.

In the case of a suspension for the State's convenience, the amount of compensation due to the Contractor for work performed before the suspension will be determined in the same manner as provided in this section for termination for the State's convenience or the Contractor may be entitled to compensation for work performed before the suspension, less any damage to the State resulting from the Contractor's breach of this Contract or other fault.

The notice of suspension, whether with or without cause, will be effective immediately on the Contractor's receipt of the notice. The Contractor will immediately prepare a report and deliver it to the State as is required in the case of termination.

II. CONTRACT REMEDIES:

- A. **ACTUAL DAMAGES.** Contractor is liable to the State of Ohio for all actual and direct damages caused by Contractor's default. The State may buy substitute supplies or services, from a third party, for those that were to be provided by Contractor. The State may recover the costs associated with acquiring substitute supplies or services, less any expenses or costs saved by Contractor's default, from Contractor.
- B. **LIQUIDATED DAMAGES.** If actual and direct damages are uncertain or difficult to determine, the State may recover liquidated damages in the amount of 1% of the value of the order, deliverable or milestone that is the subject of the default, for every day that the default is not cured by the Contractor.

In doing so, the Contractor warrants that:

1. The dealer has been given a copy of this Contract, and a duly authorized representative of the dealer has agreed, in writing, to be bound by the terms and conditions in this Contract.
2. Such agreement specifically provides that it is for the benefit of the State as well as the Contractor.
3. The Contractor agrees to remain liable under this Contract for the services of any dealer to perform and any breach of the dealer under this Contract.
4. Payments under this Contract for the services of any dealer may be made directly to that dealer, and the Contractor will look solely to the dealer for any payments due the Contractor once the State has paid the dealer.
5. To the extent that there is any liability to the State arising from doing business with a dealer that has not signed the agreement required under this section with the Contractor, the Contractor would indemnify the State for such liability.

If the Contractor wants to designate a dealer that will not receive payments (a "distributor"), the Contractor may do so by identifying the person or organization as a distributor in the authorizing letter. In such cases, information regarding taxpayer identification and payment addressing may be omitted, as may the distributor's W9 form. All other requirements and obligations for designating a dealer apply to designating a distributor.

- B. INDEPENDENT CONTRACTOR ACKNOWLEDGEMENT.** It is fully understood and agreed that Contractor is an independent contractor and is not an agent, servant, or employee of the State of Ohio or the Ohio Department of Administrative Services. Contractor declares that it is engaged as an independent business and has complied with all applicable federal, state, and local laws regarding business permits and licenses of any kind, including but not limited to any insurance coverage, workers' compensation, or unemployment compensation that is required in the normal course of business and will assume all responsibility for any federal, state, municipal or other tax liabilities. Additionally, Contractor understands that as an independent contractor, it is not a public employee and is not entitled to contributions from the State to any public employee retirement system.

Contractor acknowledges and agrees any individual providing personal services under this agreement is not a public employee for purposes of Chapter 145 of the Ohio Revised Code. Unless Contractor is a "business entity" as that term is defined in O.R.C. Section 145.037 ("an entity with five or more employees that is a corporation, association, firm, limited liability company, partnership, sole proprietorship, or other entity engaged in business") Contractor shall have any individual performing services under the agreement complete and submit to the ordering agency the Independent Contractor/Worker Acknowledgement found at the following link: <https://www.opers.org/forms-archive/PEDACKN.pdf#zoom=80>).

Contractor's failure to complete and submit the Independent Contractor/Worker Acknowledgement prior to commencement of the work, service or deliverable, provided under this contract, shall serve as Contractor's certification that contractor is a "Business entity" as the term is defined in O.R.C. Section 145.037.

- C. POLITICAL SUBDIVISIONS.** This Contract may be relied on by Ohio political subdivisions, including Ohio cities and counties ("Political Subdivisions"). Whenever a Political Subdivision relies on this Contract to issue a purchase order, the Political Subdivision will step into the shoes of the State under this Contract for purposes of its order, and, as to the Political Subdivision's order, this Contract will be between the Contractor and the Political Subdivision. The Contractor will look solely to the Political Subdivision's performance, including but not limited to payment, and will hold the State harmless with regard to such orders and the Political Subdivision's performance. But the State will have the right to terminate this Contract and seek such remedies on termination as this Contract provides should the Contractor fail to honor its obligations under an order from a Political Subdivision. Nothing in this Contract requires the Contractor to accept an order from a Political Subdivision where the Contractor reasonably believes that the Political Subdivision is or will be unable to perform its obligations in relation to that order.

III. PRICING PROVISIONS:

- A. ECONOMIC PRICE ADJUSTMENT.** The State will be entitled to a price decrease any time the Contractor or any of its distributors sells a product or a service to any similarly situated most favored customer for less than the price agreed to between the State and the Contractor under this Contract. Any time the Contractor or any of its distributors sells a product or provides a service to any customer or dealer for less than it is available to the State under this Contract, the Contractor must notify the State of that event within thirty (30) calendar days of its occurrence and immediately reduce the price of the affected goods or services to the State under this Contract. The Contractor will also notify the State within thirty (30) calendar days of any general reduction in the price of any product or service covered by this Contract even if the general reduction does not place the price of the product or service below the price available to the State under this Contract. The purpose of this notice of a general reduction in price is to allow the State to assess the value the State believes it is receiving under this Contract in light of the general reduction. If the State believes it is appropriate, the State will ask to renegotiate the price under this Contract of the goods and services affected by the general reduction in price. If the Contractor and the State cannot agree on a renegotiated price, the State will have the right, on notice to the Contractor, to immediately remove the affected products and services from this Contract.
- B. NOTIFICATION OF PRICE INCREASE.** If this Contract permits any price increases, the Contractor must notify the Department of Administrative Services, Office of State Purchasing and any affected State customers of the increase at least sixty (60) days before the effective date of the price increase. State customers must be notified at their purchase order "bill to" address contained in the applicable purchase order(s). This notification must specify, when applicable, the product serial number, location, current price, increased price, and applicable purchase order number.

IV. MERCHANDISE PROVISIONS:

- A. EQUIPMENT WARRANTY.** If any electrical equipment, mechanical device, computer hardware, telecommunications hardware, or other type of physical machinery ("Equipment") will be a part of any Deliverable, the following warranties

apply. The Contractor warrants that the Equipment fully complies with all government environmental and safety standards applicable to the Equipment. The Contractor also warrants for the warranty period described in the next paragraph that the Equipment will perform substantially in accordance with its user manuals, technical materials, and related writings published by the manufacturer with respect to such Equipment, and that such Equipment will achieve any function described in such writings. The foregoing warranty will not apply to Equipment that is modified or damaged after title passes to the State.

The Contractor will do the following if any Equipment does not meet the above warranties:

1. Cause the Equipment to perform substantially in accordance with the user manuals, technical materials, and related writings published by the manufacturer with respect to the Equipment, or if that is not commercially practicable; then
2. Grant the State a refund equal to the amount the State paid for the Equipment.

For all Equipment, the warranty period will be the longer of one (1) year after acceptance or the Equipment's standard warranty period.

- B. PRODUCT RECALL.** In the event product delivered has been recalled, seized, or embargoed and/or has been determined to be misbranded, adulterated, or found to be unfit for human consumption by the packer, processor, manufacturer or by any State or Federal regulatory agency, the Contractor shall be responsible to notify the State through DAS, Office of State Purchasing and all ordering agencies/entities within two business days after notice has been given. Contractor shall, at the option of the ordering agency, either reimburse the purchase price or provide an equivalent replacement product at no additional cost. Contractor shall be responsible for removal and/or replacement of the affected product within a reasonable time as determined by the ordering agency. At the option of the ordering agency, Contractor may be required to reimburse storage and/or handling fees to be calculated from time of delivery and acceptance to actual removal. Contractor will bear all costs associated with the removal and proper disposal of the affected product. Failure to reimburse the purchase price or provide equivalent replacement product will be considered a default.
- C. QUALITY ASSURANCE.** At the option of DAS or the participating agency, samples may be taken from deliveries made and submitted for laboratory tests. The State will bear the cost of testing when samples are found to be in compliance with the Contract. If samples do not conform to the Contract, Contractor will bear the costs of testing and the State will apply the terms and conditions of the Termination provision of this Contract.
- D. RETURN GOODS POLICY.** The State will apply the following Return Goods Policy on all purchases made under the Contract. The Contractor acknowledges to have read, understood, and agrees to this Policy.
1. Return goods, when due to Contractor error (i.e. over-shipment, defective merchandise, unapproved substitution, etc.) shall be returned to the Contractor, at the Contractor's expense. The Contractor shall make arrangements to remove the return goods from the ordering agency premises within seven (7) calendar days after notification. The Contractor shall not apply any restocking or other charges to the ordering agency. At the option of the ordering agency, replacement items may be accepted and will be shipped within seven (7) calendar days of notification. Failure of the Contractor to arrange for return of the items within the specified time will result in the items being deemed as abandoned property and the ordering agency will dispose of accordingly.
 2. Return goods of regular catalog stock merchandise, when due to agency error (i.e. over purchase, discontinued use, inventory reduction, etc.) will be accepted by the Contractor if notice is given by the agency within six (6) months of delivery and acceptance. All items to be returned must be unused and in their original containers and in suitable condition for resale. The ordering agency will be responsible for all transportation costs associated with both the original shipment of items to the agency and the subsequent return of the items to the location designated by the Contractor. The Contractor may assess a restocking fee associated with the return of the items to the location designated by the Contractor. The Contractor may assess a restocking fee not to exceed their standard published restocking fee or equivalent restocking fee that is assessed to other customers of the Contractor. Return of regular stock catalog merchandise, when delivery and acceptance exceed six (6) months will be at the option of the Contractor.
 3. For orders of custom manufactured items, the Contractor will provide a production sample of the item to the ordering agency for acceptance. The production sample will be identical to the item to be provided. The ordering agency will provide written acceptance of the item prior to the Contractor continuing with production. Once delivery and acceptance has been completed and the ordering agency determines for any reason that any remaining quantities will not be used, the agency may request the return of the custom manufactured items. Acceptance of the return of custom manufactured items will be at the option of the Contractor. If the Contractor agrees to the return of these items, the agency will be responsible for all costs associated with packaging, shipment and transportation, to include the original shipment to the agency and subsequent return of goods to the location designated by the Contractor. The Contractor may assess restocking fees that are equivalent to restocking fees that are normally assessed to other customers or as published by the Contractor. Failure of the Contractor to provide a production sample and obtain written approval form the ordering agency will result in the Contractor bearing all responsibility and costs associated with the return of these goods.

V. MAINTENANCE PROVISIONS:

- A. EQUIPMENT MAINTENANCE.** If this Contract involves computer or telecommunications hardware or other mechanical or electrical Equipment (use of the word "Equipment" means all the foregoing) as a Deliverable, then, during the warranty period and during any period covered by annual maintenance, the Contractor will provide Equipment maintenance to keep the Equipment in or restore the Equipment to good working order. This maintenance will include preventative and remedial maintenance, installation of safety changes, and installation of engineering changes based upon the specific needs of the individual item of Equipment. This maintenance will also include the repair, replacement, or exchange deemed necessary to keep the Equipment in good working order. For purposes of this Contract, Equipment restored to good working condition means Equipment that performs in accordance with the manufacturer's published specifications.

The Contractor will exert its best efforts to perform all fault isolation and problem determination attributed to the Equipment covered under this Contract. The following services are outside the scope of this Contract:

1. Maintenance to bring the Equipment into compliance with any law, rule, or regulation if such law, rule, or regulation was not in effect on the acceptance date.
2. Repair and replacement work or increase in maintenance time as a result of damage or loss resulting from accident, casualty, neglect, misuse, or abuse if such is the State's fault (and beyond normal wear and tear), damage resulting from improper packing or failure to follow prescribed shipping instruction (If such is done by the State), failure of electrical power, air conditioning or humidity control, use of supplies not approved by the original manufacturer of the Equipment as describe or included in the Contractor's proposal, or causes other than ordinary use of Equipment.
3. Furnishing platens, supplies, or accessories, making specification changes, or adding, or removing approved accessories, attachments or other devices except as set forth herein.
4. Maintenance or increase in maintenance time resulting from any improper use, maintenance, or connection to other equipment (not done by the Contractor) that results in damage to the Equipment.
5. Activities required restoring the Equipment to good operating condition if the problem has resulted from someone other than Contractor's authorized service personnel repairing, modifying or performing any maintenance service on the Equipment.

- B. EQUIPMENT MAINTENANCE CONTINUITY.** This section applies if Equipment will be a Deliverable under this Contract. If the Contractor is unable to provide maintenance services to meet the State's ongoing performance requirements and if, in the State's sole opinion, the Contractor is unlikely to resume providing warranty services that meets the State's ongoing performance requirement, the Contractor will be in default, and the State will be entitled to the remedies in the default section of this Contract. But the State will also be entitled to the following items from the Contractor:

1. All information necessary for the State to perform the maintenance, including but not limited to logic diagrams, maintenance manuals and system and unit schematics with all changes noted.
2. A listing of suppliers capable of supplying necessary spare parts.
3. Adequate information to permit the State to have spare parts manufactured elsewhere; and
4. A listing of spare parts and their recommended replacement schedule that will enable the State to create a centralized inventory of spare parts.

Any information in items (1) through (4) above that are rightfully identified by the Contractor as proprietary information will be maintained in confidence by the State except where disclosure to a third-party is necessary for the State to continue the maintenance. However, the State will require any third-party to whom disclosure is made to agree to hold the proprietary information in confidence and to make no further disclosure of it. Further, the State agrees that any such proprietary information will be used solely to perform maintenance for the State and will be returned to the Contractor or destroyed on completion of such use.

- C. EQUIPMENT MAINTENANCE STANDARDS.** This section applies if Equipment will be a Deliverable under this Contract. Except in the case of excusable delay, remedial Equipment maintenance by the Contractor will be completed within eight (8) business hours after notification by the State that maintenance is required. In the case of preventative maintenance, the Contractor will perform such in accordance with the manufacturer's published schedule and specifications. If maintenance is not completed within eight (8) hours after notification by the State, the Contractor will be in default. Failure of the Contractor to meet or maintain these requirements will provide the State with the same rights and remedies as specified elsewhere in this Contract for default, except that the Contractor will only have eight (8) hours to remedy a default. The Contractor will provide adequate staff to provide the maintenance required by this Contract.

- D. MAINTENANCE ACCESS (GENERAL).** The section applies if any software or Equipment will be a Deliverable under this Contract. The State will provide the Contractor with reasonable access to the Deliverable to perform maintenance. All maintenance that requires the Deliverable to be inoperable must be performed outside the State's customary working hours except when the Deliverable is already inoperable. Preventative or scheduled maintenance will be performed at mutually agreeable times, within the parameters of the manufacturer's published schedule.
- E. PRINCIPAL PERIOD OF MAINTENANCE (GENERAL).** This section applies if software or Equipment will be a Deliverable under this Contract. Maintenance will be available nine (9) working hours per weekday, between 8:00 a.m. and 5:00 p.m. Eastern Standard Time. Travel time and expenses related to remedial and preventative maintenance will not be considered billable but will be included in the price of the maintenance.

VI. IT PROVISIONS:

- A. LICENSE IN COMMERCIAL MATERIAL.** As used in this section, "Commercial Material" means anything that has been developed at private expense by the Contractor or a third party, commercially available in the marketplace, subject to intellectual property rights, and readily copy able through duplication on magnetic media, paper, or other media. Examples include the written reports, books, pictures, videos, movies, computer programs, and computer source code and documentation.

Any commercial Material that the Contractor intends to deliver as a Deliverable must have the scope of the license granted in such material disclosed in Exhibit 1 or as an attachment referenced in Exhibit 1, if that scope of license is different than the scope of license contained in this section for Commercial Materials. Except for Commercial Material that is software ("Commercial Software"), if the Commercial Material is copyrighted and published material, then the State will have the rights permitted under the Federal copyright laws for each copy of the Commercial Material delivered to it by the Contractor.

Except for Commercial Software, if the Commercial Material is patented, then the State will have the rights permitted under the Federal patent laws for each copy of the Commercial Material delivered to it by the Contractor.

For Commercial Software, the State will have the perpetual rights in item (1) through (8) of this section or as expressly stated otherwise in this Contract. The Commercial Software may be:

1. Used or copied for use in or with the computer or computers for which it was acquired, including use at any State installation to which such computer or computers may be transferred.
2. Used or copied for use in with a backup computer for disaster recovery and disaster recovery testing purposes or if any computer for which it was acquired is inoperative.
3. Reproduced for safekeeping (archives) or backup purposes.
4. Modified, adapted, or combined with other computer software, provided that the modified, combined, or adapted portions of the derivative software incorporating any of the Commercial Software will be subject to same restrictions on use.
5. Disclosed to and reproduced for use on behalf of the State by support service contractors or their subcontractors, subject to the same restrictions on use; and
6. Used or copied for use in or transferred to a replacement computer.

However:

7. If Commercial Software delivered under this Contract is published and copyrighted, it is licensed to the State without disclosure prohibitions; and
8. If any Commercial Software is delivered under this Contract with the copyright notice in 17 U.S.C. 401, it will be presumed to be published, copyrighted, and licensed to the State without disclosure restrictions unless a statement substantially as follows accompanies the copyright notice: "Unpublished-rights reserved under the copyright laws of the United States". The State will treat such Commercial Software as Confidential Information to the extent that such is actually the case.

In case any other scope of license (e.g., MIP's, tier, concurrent users, enterprise, site, or otherwise) the foregoing will apply except as modified expressly by the applicable license description, which must be incorporated as part of Exhibit 1. If the Contractor provides greater license rights in and item included in Exhibit 1 to its general customer base for the Software's list price, those additional license rights will also be provided to the State without additional cost or obligation. No license description may reduce the rights in items 1 through 6 above; it may only define the extent of use if the use is other than a CPU license.

- B. SOFTWARE WARRANTY.** If Exhibit 1 includes work to develop custom software as a Deliverable, then, on delivery and for one (1) year after the date of acceptance of any Deliverable that includes custom software, the Contractor warrants that:
1. The software will operate on the computer(s) for which the software is intended in the manner described in the relevant software documentation.

2. The software will be free of any material defects.
3. The Contractor will deliver and maintain relevant and complete software documentation, commentary, and source code.
4. The source code language used to code the software is readily available in the commercial market, widely used and accepted for the type of programming involved, and support programming in the language is reasonably available in the open market; and
5. The software and all maintenance will be provided in a professional, timely, and efficient manner. For Commercial Software developed by the Contractor or licensed from a third party, the Contractor represents and warrants that it either has the right or has obtained a binding commitment from the third party licensor (if applicable) to make the following warranties and maintenance obligations directly to the State. During the warranty period described in the next paragraph, the Contractor will:
 6. Maintain or cause the third-party licensor to maintain the Commercial Software so that it operates in the manner described in its documentation.
 7. Supply technical bulletins and updated user guides.
 8. Supply the State with updates, improvements, enhancements, and modifications to the Commercial Software and documentation and, if available, the commentary and the source code.
 9. Correct or replace the software and/or remedy any material programming error that is attributable to the Contractor or the third-party licensor; and
 10. Maintain or obtain a commitment from the third-party licensor to maintain the Commercial Software so that it will properly operate in conjunction with changes in the operating environment for which it was designed.

For Commercial Software designed for mainframe platforms and for Commercial Software designed for PC or PC-based servers and costing more than \$5,000.00 per license or per copy, the warranty period will be the longer of one (1) year after acceptance or the licensor's standard warranty period. For Commercial Software designed for PC or PC-based servers and costing less than \$5,000.00 per license or per copy, the warranty period will be the longer of three (3) months after acceptance of the licensor's standard warranty period.

For PC and PC-based servers, the warranty will not include updates, improvements, enhancements, or modifications to the Commercial Software and documentation if such are not provided as part of the licensor's standard warranty or license fee.

Software documentation means well written, readily understood, clear, and concise instructions for the software's users as well as a system administrator. The software documentation will provide the users of the software with meaningful instructions on how to take full advantage of all of the capabilities designed for end users. It also means installation and system administration documentation for a system administrator to allow proper control, configuration, and management of the software. Source code means the uncompiled operating instructions. The source code will be provided in the language in which it was written and will include commentary that will allow a competent programmer proficient in the source language to readily interpret the source code and understand the purpose of all routines and subroutines contained within the source code.

- C. SOFTWARE MAINTENANCE.** If this Contract involves any custom software as a Deliverable, then, during the warranty period, the Contractor will correct any material programming errors that are attributable to the Contractor, within a reasonable time, provided that the State notifies the Contractors, either orally or in writing, of a problem with the software and provides sufficient information to identify the problem. Contractor's response to a programming error will depend upon the severity of the problem. In the case of programming errors that slow the processing of data by a small degree, render minor and non-critical functions of the System inoperable or unstable, or require users or administrations to employ work-arounds to fully use the software, Contractor will respond to requests for resolution within four (4) business hours and begin working on a proper solution within one (1) business day, dedicating the resources of one (1) qualified programmer full-time to fixing the problem. In the case of any defects with more significant consequences, including those that render key functions of the software inoperable or significantly slow data processing, the Contractor will respond within two (2) business hours of notification and, if requested, provide on-site assistance and dedicate all available resources to resolving the problem.

For Commercial Software other than PC or PC-based server software costing less than \$5,000.00 per copy or license, the Contractor will provide maintenance during the warranty period at no cost to the State. That maintenance will be the standard maintenance program that the licensor, whether the Contractor or a third party, normally provides to its client base. But, at a minimum, that maintenance program must include all new releases, updates, patches, and fixes to the commercial Software. It will also include a commitment to keep the software current with the operating environment in which it is designed to function and to correct material defects that the State finds in the software in a timely fashion.

Additionally, the Contractor will make (or obtain a commitment from the third-party licensor to make) maintenance available for the product for at least five (5) years after the warranty period. The Contractor will limit or obtain a commitment from the third-party licensor, if applicable, to limit increases in the annual fee for maintenance to no more than five percent (5%) annually. If the licensor, whether it is the Contractor or a third-party, is unable to provide maintenance during that period, then the licensor must do one (1) of the following two (2) things: (a) give the State a

pro rata refund of the license fee based on a five (5) year useful life; or (b) release the source code for the software to the State for use by the State solely for the purpose of maintaining the copy(ies) of the software for which the State has a proper license. For purposes of receiving the source code, the State agrees to treat it as confidential and to be obligated to the requirements under the Confidentiality Section of this Contract with respect to the source code. That is, with respect to the source code that the State gets under this section, the State will do all the things that the Confidentiality Section requires the contractor to do in handling the State's Confidential Information. In the case of third-party Commercial Software, the Contractor warrants that it has legally bound the third-party licensor to the obligations of this Contract or that the contractor has the right to make these commitments directly to the State.

For Commercial Software designed for PC or PC-based server platforms and costing less than \$5,000.00 per copy or license, the Contractor will provide the maintenance and/or user assistance during the warranty period at no additional cost to the State that the Contractor or the third-party licensor makes generally available at no additional charge to its other customers. That maintenance will be the standard maintenance program that the licensor, whether the Contractor or a third-party, normally provides to its client base.

- D. UPGRADES.** After an initial acquisition of a license in Commercial Software, the State may want to acquire a broader license than the original. Or the State may later want to migrate to another platform on which to use the Commercial Software. When the Contractor or third-party licensor make the broader license generally available to its customer base or makes the version of the Commercial Software that runs on the new platform to which the State wants to migrate, then the State will have a right to upgrade any of its licenses to that broader license or to acquire the version of the Software that is appropriate for the new platform that the State intends to use. In these cases, the Contractor will provide the broader license or other version of the Commercial Software in exchange for a license fee that is based on the lesser of the following:
1. The Contractor's (or third party's) standard upgrade or migration fee.
 2. The upgrade or migration fee in Exhibit 1.
 3. Or the difference between the license fee originally paid and the then-current license fee for the license or version of the Commercial Software that the State seeks to acquire. This will not apply to Commercial Software for PCs and PC-based server software with a license fee of less than \$5,000.00, unless the Contractor or third-party licensor makes upgrade packages available for the Commercial Software to other customers. If PC or PC-based server software upgrades are available, the State will be entitled to the most favorable license fee which is made available to other similarly situated most favored customers or dealers, as appropriate.

VII. OWNERSHIP/TITLE PROVISIONS:

- A. ACCEPTANCE.** The acceptance procedure for Deliverables will be an informal review by the agency acquiring the Deliverables to ensure that each Deliverable meets the warranties in this Contract. The State will have up to thirty (30) days after installation to do this. The State will not issue a formal letter of acceptance, and passage of thirty (30) days will imply acceptance, though the State will issue a notice of noncompliance if a Deliverable does not meet the warranties in this Contract. If the State issues a letter of noncompliance, then the Contractor will have thirty (30) calendar days to correct the problems listed in the noncompliance letter. If the Contractor fails to do so, the Contractor will be in default without a cure period. If the State has issued a noncompliance letter, the Deliverable will not be accepted until the State issues a letter of acceptance indicating that each problem noted in the noncompliance letters has been cured. If the problems have been fixed during the thirty (30) day period, the State will issue the acceptance letter within fifteen (15) days after all defect have been fixed.
- B. DELIVERIES.** All deliveries will be F.O.B. Destination. Freight Prepaid.
- C. OWNERSHIP OF DELIVERABLES.** Notwithstanding this contract cannot be used for software development, all custom work done by the Contractor and covered by this Contract will be treated as "work for hire" on behalf of the State, with all rights, title, and interest in all intellectual property that comes into existence through the Contractor's custom work being assigned to the State. Additionally, the Contractor waives any shop rights, author rights, and similar retained interests in custom developed material. The Contractor will provide the State with all assistance reasonably needed to vest such rights of ownership in the State. But the Contractor will retain ownership of all tools, methods, techniques, standards, and other development procedures, as well as generic and preexisting shells, subroutines, and similar material incorporated in any custom Deliverable ("Pre-existing Materials").

The Contractor will grant the State a worldwide, non-exclusive, royalty-free perpetual license to use, modify, sell, and otherwise distribute all Pre-existing Materials that are incorporated in any custom-developed Deliverable rather than grant the State ownership of the Pre-existing Materials. The Contractor will not include in any custom Deliverable any intellectual property unless such has been created under this Contract or qualifies as Pre-existing Material. If the Contractor wants to incorporate any Pre-existing materials in a custom Deliverable, the Contractor must disclose that and obtain written approval from the State for doing so in advance. On request of the Contractor, the State will incorporate any proprietary notice of the Contractor may reasonably want for any Pre-existing Materials included in a custom Deliverable in all copies the State makes of that Deliverable.

Subject to the limitations and obligations of the State with respect to Pre-existing Materials, the State may make all custom Deliverables available to the general public without any proprietary notices of any kind.

- D. **PASSAGE OF TITLE.** Title to any Deliverable will pass to the State only on acceptance of the Deliverable. All risk of loss will remain with the Contractor until title to the Deliverable passes to the State.

VIII. GENERAL PROVISIONS:

- A. **CONTRACT RENEWAL.** This Contract may be renewed solely at the discretion of the Department of Administrative Services for a period of one month. Any further renewals will be by mutual agreement between the contractor and the Department of Administrative Services for any number of times and for any period of time. The cumulative time of all mutual renewals may not exceed two years.
- B. **CONTROLLING BOARD AUTHORIZATION.** The State's obligations under this Contract are subject to the Ohio Controlling Board's continuing authorization to use state term contracts. If the Ohio Controlling Board fails to authorize or withdraws its authorization for this program, this Contract will terminate, and the Contractor may not take any more orders under this Contract.
- C. **OHIO ETHICS.** Contractor represents that it and its employees engaged in the administration or performance of this Contract are knowledgeable of and understand the Ohio Ethics and Conflict of Interest laws. Contractor further represents that neither Contractor nor any of its employees will do any act that is inconsistent with such laws.
- D. **OHIO PAYMENT CARD.** Participating state agencies purchasing supplies from the Contract may use the Ohio Payment Card. Such purchases may not exceed \$2,500 unless the Office of Budget & Management has approved the agency to exceed this limit. In the event that OBM increases the dollar limit for payment cards for all state agencies, notice of such increase will be posted on the Department of Administrative Services, Office of Procurement Services website. Participating state agencies are required to use the Ohio Payment Card in accordance with the Ohio, Office of Budget and Management's current guidelines for the Ohio Payment Card and the participating agency's approved plan filed with the Office of Budget of Management. Contractor may process a payment in the payment card network only upon delivery and acceptance of the supplies or services ordered. For partial deliveries or performance, Contractor may process a payment for the amount delivered or completed only and not for the entire amount ordered by the participating agency. Upon completion of the delivery of remaining supplies or services, Contractor may process a payment request in the payment card network for the remainder of the order. Contractor will receive payment through its merchant bank within the time frame agreed upon between Contractor and its merchant bank. The Contractor should expect normal processing fees from its merchant bank for payment card transaction which may not be passed on to the agency making the purchase.
- E. **TRAVEL EXPENSES.** Any travel or per diem required by the Contractor to do its obligations under this Contract will be at the Contractor's expense. The State will pay for any additional travel that it requests only with prior written approval. All additional travel and per diem that the State requests in addition to what this Contract requires the Contractor to provide at the Contractor's expense will be paid in accordance with the Office of Budget and Management's Travel Rules in Rule 126-1-02 of the Ohio Administrative Code.
- F. **ENTIRE AGREEMENT.** This Contract consists of this document; the Contractor's offer letter, and if applicable the Contractor's letter(s) designating authorized dealers and Exhibit 1. The foregoing constitutes the entire agreement between the parties, and any changes or modifications to this Contract must be in writing.
- G. **Expenditure of Public Funds on Offshore Services.** The Contractor affirms to have read and understands Executive Order 2011-12K and shall abide by those requirements in the performance of this Contract. Notwithstanding any other terms of this Contract, the State reserves the right to recover any funds paid for services the Contractor performs outside of the United States for which it did not receive a waiver. The State does not waive any other rights and remedies provided the State in this Contract.

The Offeror must complete the attached [Contractor/Subcontractor Affirmation and Disclosure form 5.2.8](#) to abide with Executive Order 2011-12K affirming no services of the Contractor or its subcontractors under this Contract will be performed outside the United States. During the performance of this Contract, the Contractor must not change the location(s) of the country where the services are performed, change the location(s) of the country where the data are maintained, or made available unless a duly signed waiver from the State has been attained to perform the services outside the United States.

- H. **ORC 9.76 (B).** Pursuant to Ohio Revised Code 9.76 (B) Contractor warrants that Contractor is not boycotting any jurisdiction with whom the State of Ohio can enjoy open trade, including Israel, and will not do so during the contract period.
