General

1. All items returned for repair work must be cleaned using NFPA 1851 guidelines or our seamstresses will not be able to work on them per Ohio OSHA regulations. You may clean the gear yourself or request cleaning through the Honeywell PPE Cleaning & Care Facility.

The cleaning/inspection fee is in addition to any non-warranty repair charges. If you wish to request a quote before authorizing non-warranty repairs, please note that on your paper work.

2. Garments ordered incorrectly (size, color, materials, options, etc.) may not be returned for credit. Check your order carefully before submitting.

3. If you need help, please contact our Customer Service Department.

Proper Measurement for Proper Fit

NOTE: When coat length, sleeve length, shoulder width, back length, inseam, or crotch rise measurements are not provided on an order, the following standard sizing is applied:

Coats: Tails™ coats have a standard length of 29" in front and 35" in the rear.

Sleeve Length: Size 38" chest and under 33" sleeve; Size 40" to 42" chest – 33 1/2" sleeve; Size 44" chest and above – 34" sleeve.

Shoulder: Standard shoulder is graded according to chest.

Inseam: Standard inseam is 30".

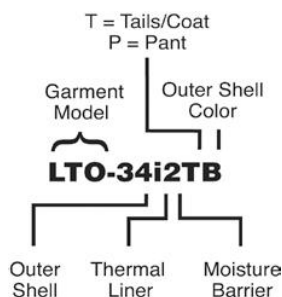

Crotch Rise: Standard rise is graded according to waist size.

Any non-proportional or unusual body dimensions should be noted on your order so our cutting room may make allowances (i.e. larger than normal biceps on a weight lifter). Please call our Customer Service Department for assistance with any fit challenges.

Ordering Requirements: Coat or Pant

- Model Numbers
- Complete measurements
- Color of outer shell
- Trim: type, color, pattern
- Garment Closures
- Lettering information (if any): type, color, size, sewn/heat set
- Custom options

How to Create Your Product Number

The color abbreviations for materials where applicable:

Final Suffix = Color

Z	Bronze
B	Black
T	Tan
C	Charcoal

Aluminized Products: Cleaning and Care Instructions

Gentex is the only manufacturer of third party certified Aluminized shell material. As the Manufacturer of the fabric they have chosen to exercise their right granted in NFPA 1851 to define how their product is cleaned and warranted. They are now limiting their warranty to 12 months from the date of manufacturer, even when following their exact cleaning and storage guidelines*, and then the warranty only covers the actual cost of the material excluding manufacturing costs.

* Clean only with a soft cloth or sponge and mild soap. Rinse thoroughly. DO NOT MACHINE WASH. Dry by hanging in a well ventilated shaded area. Use a fan to circulate the air. Do not store when wet or with any chemical contamination. Do Not clean with any compounds containing ammonia, chlorine, other oxidizing or abrasive agents. Never store folded.

GENERAL

1. All items returned for repair work must be cleaned using NFPA 1851 guidelines or our seamstresses will not be able to work on them per Ohio OSHA regulations. You may clean the gear yourself or request cleaning through the Honeywell PPE Cleaning & Care Facility.

The cleaning/inspection fee is in addition to any non-warranty repair charges. If you wish to request a quote before authorizing non-warranty repairs, please note that on your paper work.

2. Garments ordered incorrectly (size, color, materials, options, etc.) may not be returned for credit. Check your order carefully before submitting.

3. If you need help, please contact our Customer Service Department.

PROPER MEASUREMENT FOR PROPER FIT

NOTE: When coat length, sleeve length, shoulder width, back length, inseam, or crotch rise measurements are not provided on an order, the following standard sizing is applied:

Coats: Tails™ coats have a standard length of 29" in front and 35" in the rear.

Sleeve Length: Size 38" chest and under 33" sleeve; Size 40" to 42" chest – 33 1/2" sleeve; Size 44" chest and above – 34" sleeve.

Shoulder: Standard shoulder is graded according to chest.

Inseam: Standard inseam is 30".

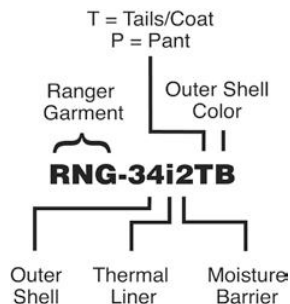

Crotch Rise: Standard rise is graded according to waist size.

Any non-proportional or unusual body dimensions should be noted on your order so our cutting room may make allowances (i.e. larger than normal biceps on a weight lifter). Please call our Customer Service Department for assistance with any fit challenges.

ORDERING REQUIREMENTS: Coat or Pant

- Model Numbers
- Complete measurements
- Color of outer shell
- Trim: type, color, pattern
- Garment Closures
- Lettering information (if any): type, color, size, sewn/heat set
- Custom options

HOW TO CREATE YOUR PRODUCT NUMBER

The color abbreviations for materials where applicable:

Final Suffix	Color

TRI-CERTIFIED GEAR

General

1. All items returned for repair work must be cleaned using NFPA 1851 guidelines or our seamstresses will not be able to work on them per Ohio OSHA regulations. You may clean the gear yourself or request cleaning through the Honeywell PPE Cleaning & Care Facility.

The cleaning/inspection fee is in addition to any non-warranty repair charges. If you wish to request a quote before authorizing non-warranty repairs, please note that on your paper work.

2. Garments ordered incorrectly (size, color, materials, options, etc.) may not be returned for credit. Check your order carefully before submitting.

3. If you need help, please contact our Customer Service Department.

Proper Measurement for Proper Fit

NOTE: When coat length, sleeve length, shoulder width, back length, inseam, or crotch rise measurements are not provided on an order, the following standard sizing is applied:

Coats: Tails™ coats have a standard length of 29" in front and 35" in the rear.

Sleeve Length: Size 38" chest and under 33" sleeve; Size 40" to 42" chest – 33.5" sleeve; Size 44" chest and above – 34" sleeve.

Shoulder: Standard shoulder is graded according to chest.

Inseam: Standard inseam is 30".

Crotch Rise: Standard rise is graded according to waist size.

Any non-proportional or unusual body dimensions should be noted on your order so our cutting room may make allowances (i.e. larger than normal biceps on a weight lifter). Please call our Customer Service Department for assistance with any fit challenges.

Ordering Requirements: Coat or Pant

- Model Numbers
- Complete measurements

- Color of outer shell
- Trim: type, color, pattern
- Garment Closures

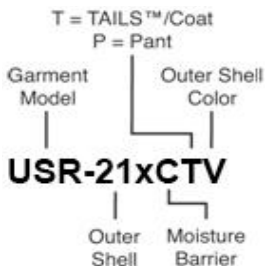

- Lettering information (if any): type, color, size, sewn/heat set
- Custom options

Tri-certified to:

- **NFPA 1951**
Technical Rescue and Recovery
- **NFPA 1999**
Emergency Medical Operations
- **NFPA 1992**
Liquid Splash and HazMat

How to Create Your Product Number

The color abbreviations for materials where applicable:

Suffix	Color	Suffix	Color
Z	Bronze	U	Royal Blue
B	Black	N	Natural

Suspenders measuring should be done when wearing bunker pants. Measure from between the left front suspender buttons, up and over the left shoulder, then down and across the back to between the right rear suspender buttons. For measurements less than 36" provide the measurement in one-inch increments. For measurements 36 to 40 inches order shorts. From 41" to 45" order regulars. From 46" to 50" inches order longs. Over 50", provide the measurement in one-inch increments.

Note: If no size is specified, regulars will be shipped.

BDUs and Jumpsuits

NFPA 1977, NFPA 1951 and NFPA 1975 BDUs AND JUMPSUITS

Choosing the Correct Product Number

Our part numbers were created because Honeywell First Responder Products has transitioned to a computer controlled production process based on an interactive database. The success of this highly flexible, highly efficient system is one of the primary reasons that our delivery is now one of the very shortest in the industry.

Item	Prefix	Highly Breathable FR Fabrics:	
Garment	UTL	Item	Prefix
		FR 88/12 cotton/nylon twill – 9.0 osy	UC
		<i>Navy, Black, Yellow</i>	
		Millenia Light™ – 5.3 osy ripstop	13
		<i>Bronze</i>	
		Nomex® Brigade 600 RS –	21
		6.0 osy ripstop	
		<i>Black, Yellow, Navy, Royal Blue, Natural</i>	

An Example of a Completed Product Number:

UTL 13xx J V

UTL = Utility Garment
 13xx = Outer Shell (The third and fourth digits will remain as “xx” in all cases as they are not applicable with these Utility garments)
 J = Jumpsuit Style
 V = Material Color

The color abbreviations for materials where applicable:

Suffix	Color	Suffix	Color
Z	Bronze	U	Royal Blue
B	Black	N	Natural
V	Navy	Y	Yellow

Note: Departments should determine suitability of selected material for their needs and availability and minimum ordering requirements of other shell colors.

Both Utility BDUs and Jumpsuits are Certified to:

- NFPA 1951 Technical Rescue Operations
- NFPA 1977 Wildland
- NFPA 1975 Station and Work Uniforms

Utility BDUs and Jumpsuits are designed to meet the needs of Law Enforcement Tactical Applications.

Dual-certified BDUs can be worn as Station Wear and for Technical Rescue Operations.

When OSHA, not NFPA compliant, is desired: WE strongly recommend the NFPA performance requirements. Currently we have only received official documentation that can legally allow this variance from NFPA 1971, yet still meet state OSHA, in CA and NY. Customers in other states must submit to us for review your state's OSHA (or equivalent). Until we make a review, we do not offer OSHA compliance opinions on these variances in not other states.

ALUMINIZED PRODUCTS: CLEANING AND CARE INSTRUCTIONS

FOR PROXIMITY WARRANTY: Recap

Gentex is the only manufacturer of third party certified Aluminized shell material. As the Manufacturer of the fabric they have chosen to exercise their right granted in NFPA 1851 to define how their product is cleaned and warranted. They are now limiting their warranty to 12 months from the date of manufacturer, even when following their exact cleaning and storage guidelines*, and then the warranty only covers the actual cost of the material excluding manufacturing costs.

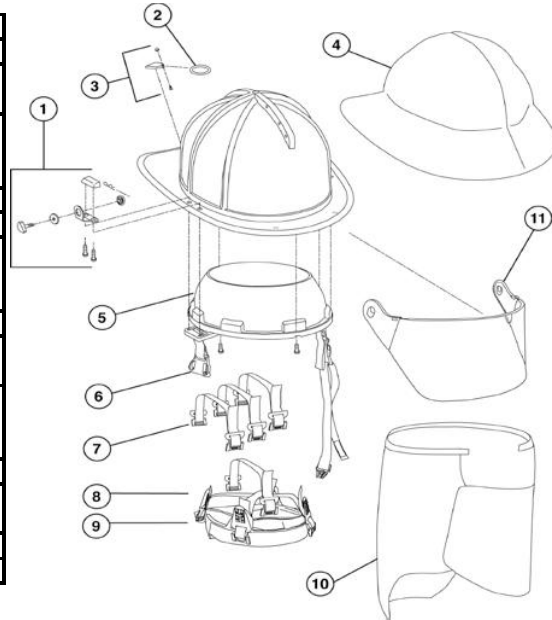

* Clean only with a soft cloth or sponge and mild soap. Rinse thoroughly. DO NOT MACHINE WASH. Dry by hanging in a well ventilated shaded area. Use a fan to circulate the air. Do not store when wet or with any chemical contamination. Do Not clean with any compounds containing ammonia, chlorine, other oxidizing or abrasive agents. Never store folded.

DuPont™ and Kevlar® are trademarks or registered trademarks of E.I. du Pont de Nemours and Company.

Sizing Cut-Style:

- Regular – “Regular” body/finger/thumb sizing per NFPA
- Cadet – Same “body” as Regular, but shorter fingers/thumb
- Special – Shorter fingers/thumb with extended body size
- Small – Fits smaller than “Regular” NFPA sizing
- Unique – Slightly shorter fingers and unique “swing thumb”
- Extra – Fits much larger than “Regular” sizing

Gentex is the only manufacturer of third party certified Aluminized shell material. As the Manufacturer of the fabric they have chosen to exercise their right granted in NFPA 1851 to define how their product is cleaned and warranted. They are now limiting their warranty to 12 months from the date of manufacturer, even when following their exact cleaning and storage guidelines*, and then the warranty only covers the actual cost of the material excluding manufacturing costs.

* Clean only with a soft cloth or sponge and mild soap. Rinse thoroughly. DO NOT MACHINE WASH. Dry by hanging in a well ventilated shaded area. Use a fan to circulate the air. Do not store when wet or with any chemical contamination. Do Not clean with any compounds containing ammonia, chlorine, other oxidizing or abrasive agents. Never store folded.

2014 PRICE LIST

Model	Item	Price
MaskMate™ Hoods (NFPA 1971, 2013 Edition)		
HD-NXNX-SQ	Square Bib, Notched Shoulders, MaskMate, 100% Nomex®	\$ 67.95
HD-PLPL-SQ	Square Bib, Notched Shoulders, MaskMate, PBI / Lenzing	\$ 70.68
HD-CKCK-SQ	Square Bib, Notched Shoulders, MaskMate, Carbon/Kevlar/Lenzing	\$ 67.95
HD-NLNL-SQ	Square Bib, Notched Shoulders, MaskMate, Nomex®/Lenzing	\$ 50.97

Reed Hoods (NFPA 1971, 2013 Edition)		
HD-Reed	Reed 3-Layer – Bronze Pbi™ Outer Shell, Crosstech® on Nomex® Facecloth Moisture Barrier, Platinum Semi-slick Light Batt Aralite Inner Liner	\$ 353.34
HD-Reed3	Reed 2-Layer Bronze Pbi™ Outer Shell, No Moisture Barrier, Platinum Semi-slick Heavy Batt	\$ 259.36

REED HOOD SIZES: Reed Hoods come in sizes from XS through XXXL. They can be custom made in extreme circumstances.

TYPE OF MASKS: The Reed Hood was originally designed to fit SCOTT AV-2000 masks. New production models have been adjusted so they can usually work with both AV-2000 and AV-3000 masks. When properly fitted they can work with many other masks too.

FITTING: Due to variations in head and mask sizes, individuals should be fitted while wearing their actual equipment. Therefore, we will be pleased to exchange any Reed Hoods that are returned in like new, unused condition with the original packaging for Reed Hoods of the same spec and current NFPA Edition, but in a different size. Contact your regional team to pre-arrange this service should you need it.

SUSPENDERS
