1.2 Employees covered under this Collective Bargaining Agreement shall be all full-time employees occupying the classifications of Carpenter, Electrician, Glazier, Painter, Plumber, Bricklayer and Cement Finisher. The Employer and the Union, upon mutual agreement, may include new classifications from the 16 crafts represented.

1.3 Temporary employees are excluded from this Bargaining Unit, and are not covered by this Agreement.

2.2 The management rights reserved to the Employer hereunder include, but are not limited to, the following:

- A. The rights to determine matters of inherent managerial policy, which includes, but is not limited to, areas of discretion or policy, such as functions and programs, standards of services, the overall budget, and the utilization of technology and organizational structure. This includes the right to determine the existence of or non-existence of facts which are the basis of CMHA management decisions, to establish, continue or change policies and/or practices necessary to carry out its mission, and the right to change or abolish such policies and/or practices based upon management's findings of fact.
- B. To direct, supervise, evaluate or hire employees, to effectively direct the work force to determine the amount of supervision necessary, and the method or process by which work is to be performed, and to establish methods for evaluations of work performed.
- C. To maintain and improve the efficiency and effectiveness of governmental operations, including the right to determine the frequency and type of services to be rendered, to adopt and carry out cost control and general improvement programs, to determine the purchase and control of materials, tools, machines or equipment to be used, the number and type of facilities

and locations; and, the discontinuation of any services, facility location, equipment, materials or method of operation.

- D. To determine the overall methods, process, means or personnel by which operations are to be conducted, including the right to contract for materials, machines and equipment necessary to carry out its operations.
- E. To suspend, discipline, demote or discharge for just cause, or layoff, transfer, assigns, schedule, promote or retain employees.

- G. To determine the adequacy of the work force, or to layoff, terminate, or relieve employees from duty for lack of work or economic reasons, and to determine the facts as to the adequacy of the work force.

It is the intent of this Section that the Employer reserves the right to determine the number and size of its workforce, the duties to be assigned to its employees, and the necessity for

layoffs or other reductions in force subject only to specific restrictions agreed to in this or other Articles of this Agreement. This language is intended to supersede and eliminate any prior agreements between the parties or past practices relating to this subject matter that are not contained within the specific terms of this Agreement. This language is not intended to limit or restrict any other right of either party under this Agreement.

- H. To determine the overall mission of the Employer.
- I. Management retains the right to adopt, revise and enforce reasonable working rules and standards of conduct.
- J. The Employer reserves the right to conduct an annual performance evaluation of bargaining unit personnel.

**ARTICLE 3
AGREEMENT CONSTRUCTION AND WAIVER
CLAUSE**

3.1 The article or paragraph titles in this Agreement are for editorial identification of their related texts and do not limit or control that text.

3.2 When used herein, words of either gender shall be construed as referring to both genders unless the context clearly requires otherwise.

3.3 In the event that any portion of this Agreement

should be found to be unlawful by a court of competent jurisdiction, or any other body acting within its jurisdiction and in a quasi judicial capacity, the balance of this Agreement shall remain fully effective, and the Agreement in its totality shall be read as if the unlawful clause or provision was not included therein.

3.4 The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in full in this Agreement Therefore, the Employer and the Union for the term of this Agreement, each voluntarily and unqualifiedly waive the right, and each agrees that the other shall not be obligated to bargain collectively, with respect to any subject or matter referred to or covered in this Agreement, or with respect to any subject or matter not specifically referred to or covered by this Agreement, even though such subject or matter may not have been within the knowledge or contemplation of either or both of the parties at the time they negotiated or signed this Agreement, provided, however, that nothing herein contained shall be interpreted as precluding the right of the parties, assuming mutual agreement, to negotiate on any such subject or matters which develop after entering into this Agreement.

3.5 There shall be quarterly Labor Management Meetings to facilitate good relations between the employees and employer. The employees will select three (3) union members to represent the Building Trades. These representatives shall be compensated

for their time during these meetings. Safety shall be a constant agenda item.

ARTICLE 4 DUES CHECK OFF

4.1 The Employer, for all employees who sign individual authorizations on the form of the applicable Trade Union, shall, in accordance with such authorization, deduct from the periodic pay, Union dues. The Employer agrees to remit such dues as directed by the applicable Trade Union by the 20th day of the month following their deduction, and shall also provide to the Union an appropriate form recording the number of hours worked by each employee and the dues deducted.

4.2 The term "dues", as used herein, will include only the regular payment required equally of all members which has been certified in writing to CMHA by a duly authorized official of the Union, as the amount designated as membership dues pursuant to the constitution and/or bylaws of the Union. Excluded specifically from any authorization for deductions are fines, penalties, contributions, assessments, or similar types of payments.

4.3 It is agreed by and between the parties to this agreement that certification by the Union of the dues to be deducted under any check off authorization constitutes an absolute defense to the Company against any claim by the employee or any Union benefiting from this check off position that such dues have been illegally assessed or levied. It is further agreed by and between the parties to this agreement that the Union on whose behalf the authorization has been executed will indemnify and hold harmless the Company from any claim, loss, damage or expense or legal fees incurred by

reason of any action or inaction taken by the Company in reliance upon any employee check off authorization or revocation thereof.

4.4 All employees in the Bargaining Unit who have not provided to CMHA signed union dues check off authorizations within 60 days after the effective date of this Agreement (or, for probationary employees hired after the effective date of this agreement, within 60 days of the initial date of employment) shall pay a fair share fee in accordance with this Article.

4.5 The Union shall certify in writing to CMHA the amount of the fair share, which shall represent only the non-members' proportionate share of Union expenditures germane to collective bargaining and shall in no event exceed regular periodic dues charged to Union members. Such certification by the Union shall be deemed to include the Union's certification that the computed fair share does not include any amounts that are not reflective of expenses germane to collective bargaining and that such fair share complies in all respects with applicable law including required procedures for employee challenges to fair share determinations.

4.6 CMHA will begin fair share fee deductions for all employees subject thereto for the first full pay period following receipt of the Union's certification of the amount of the fair share, and will remit such to the Union in accordance with the procedures of this agreement for remitting dues.

4.7 The Union agrees to indemnify CMHA, the members of the CMHA Board of Commissioners and all agents thereof, of and from any cost, loss or expense, including damages and attorney fees, incurred by reason

of any fair share deduction made in reliance on a Union certification.

**ARTICLE 5
UNION REPRESENTATION**

5.1 Each Craft Union may appoint a Steward, who will be identified by a letter submitted by the Union to the Executive Director of the Housing Authority. Stewards shall not serve as either Coordinators or Assistant Coordinators.

5.2 All Stewards will perform the work of their trade classification and will be given reasonable time, subject to the need to maintain the Employer's services, for the involvement necessary in conducting Union business, without loss of pay. All Stewards will inform their direct supervisor and obtain his/her consent prior to leaving work duties to attend to such union business, and will report the time spent to that supervisor. The Steward or Business Agent is obligated to provide the supervisor with the following information in advance of Union Business, on the form provided by the Employer:

- A. Purpose of the Union Business (i.e., grievance, disciplinary hearing, other).
- B. The names of stewards and other employees involved.
- C. Actual time spent on Union business (from start to conclusion).
- D. The department of the steward.
- E. The department of the employee.
- F. The name of the aggrieved employee's supervisor giving permission.

5.3 The Steward shall enter all the information on a work order, which will be processed in accordance with normal work order procedures.

5.4 The Union Business Agents shall be permitted reasonable access to work areas in order to conduct legitimate Union business. A Business Agent must secure advance permission from the department head, or his/her authorized representative, if there is a need to contact an employee on the Employer's time.

**ARTICLE 6
PROBATIONARY PERIOD**

6.1 All new journeyman employees in the Bargaining Unit shall serve a probationary period of 90 days worked. At any time during a new employee's probationary period, the employee may be terminated for any reason without recourse to any of the procedures contained in this Agreement.

**ARTICLE 7
SENIORITY, LAYOFFS AND RECALL**

7.1 Seniority shall mean the employee's length of continuous service with the Employer from his/her most recent date of hire in this bargaining unit, including time prior to the effective date of this Agreement.

7.2 Probationary employees shall not acquire seniority during their probationary period upon successful completion of the probationary period; such employees shall acquire seniority retroactive to the first day of the probationary period.

7.3 For temporary employees who become regular, full-time employees as of January 1, 1998, their most

recent date of hire shall become their seniority date, except that they may not have a seniority date, which supersedes that of any full-time regular person in the same craft, who is on the payroll as of January 1, 1998. In such cases, the temporary employee shall be assigned a seniority date which is one day less than the least senior full-time regular employee. If employees have the same seniority date, the tie will be broken by the last digit of the employees' social security numbers, with the highest digit being the most senior. The second tie breaker will be the month and day of the employee's birthdays, with the earliest month and day being the most senior.

7.4 An employee shall lose his/her seniority if:

- A. The employee is terminated for just cause, voluntarily quits or retires;
- B. The employee accepts a position with the Employer in management, or any other position not in this bargaining unit; provided that seniority shall not be lost if the employee is returned to a position in the bargaining unit within 12 months of the initial reassignment out of the unit.
- C. The employee is on layoff for a period exceeding twelve consecutive months.

7.5 The Employer and the Union shall jointly maintain a seniority list, which shall be updated from time to time as required. In the event that more than one employee is hired on the same date, the company shall designate the order of hire for purposes of seniority.

7.6 No employees will be laid off if subcontractors are performing work within the scope and capabilities of bargaining unit employees unless said subcontracting is occurring at sites currently referred to as Asset Management Properties ("AMPS") that have demonstrated three (3) consecutive months of negative fiscal data or directives from the U.S. Department of Housing and Urban Development or legislative changes necessitate. If employees have been laid off, no subcontracting of work traditionally performed by the laid off employee's craft shall occur at sites currently referred to as AMPS not meeting the definition as described above unless that subcontracting is due to work falling under modernization or capitally funded projects.

7.6.1 An AMP subcontracting pursuant to Article 7.6 can no longer subcontract under the provisions of that Article once that AMP has achieved positive year to date fiscal data.

7.7 The Employer will attempt to avoid layoffs, so long as the Employer determines that current levels of employment in the Bargaining Unit are consistent with available funding and effective and efficient operation of the agency. The Employer retains the right to determine that circumstances that necessitate a layoff, and to determine the number of employees who will be subject to layoff, the classifications in which layoffs will occur, and other conditions of the layoff. Any layoffs shall be by seniority in accordance with the other provisions of this Article.

7.8 Whenever it becomes necessary because of lack of work or lack of funds to reduce the work force, the Employer shall layoff in the following order:

1. Any temporary or seasonal part-time Employees within the classification shall be first to be laid off.

2. Any probationary Employees within the classification shall be next to be laid off.

3. Next to be laid off will be part-time Employees, starting with Employees with the least seniority, within the classification affected.

4. Next to be laid off will be full-time Employees, starting with Employees with the least seniority, within the classification affected.

7.8 The employee with the most seniority shall be recalled first, provided the employee is eligible for recall. Employees shall be recalled only for open positions in the classification from which they were laid off.

7.9 Employees having seniority shall be eligible for re-employment for 12 months from the date of initial layoff. The Employer will notify the employee entitled to re-employment and the union by certified mail sent to the last known address of the employee, as recorded in the personnel files of the Employer. If the employee refuses re-employment or fails to appear at the Employer's premises for re-employment within three (3) business days after receiving the Employer's re-employment notice, the employee shall lose all seniority rights. It shall be the responsibility of the employee to provide the Employer with written notice of his/her current address.

ARTICLE 8 DISCIPLINE

8.1 An employee can be disciplined for any reason constituting just cause. New employees who are on a ninety working days probationary status are not entitled to an administrative hearing.

8.2 Following are the usual actions taken in sequence in dealing with employee offenses. It is not required that every step be taken in every case; gross and extreme misconduct can result in recommendation for immediate dismissal. Bargaining Unit employees shall have the right to Union representation at all disciplinary proceedings.

- A. Verbal Reprimand: This will take the form of a personal reprimand from the employee's immediate supervisor that the employee has violated some rule or policy and warning that such behavior is not to be repeated. While this is the lightest form of penalty, it should be taken seriously. The supervisor must make memorandum note of the warning, and enter it into the employee's personnel file.

- B. Written Reprimand: This is a reprimand and warning to the employee in writing with a copy filed in the employee's record, where the offense has been more serious or where previous verbal warnings have been ignored. A written reprimand is a serious matter. A copy of the written reprimand is given to the employee and the Chief Steward.

- C. Probation: When performance or behavior is deemed severe, or when there are numerous instances of a less severe nature, an employee may be placed on probation for not less than thirty (30) days, nor more than ninety (90) days for the same charge. Such action is taken by the Executive Director's designee at an informal hearing requested by the department head. The action is to be documented, as to cause, duration, and expected behavior. The employee's performance or behavior will be evaluated during the probationary period. At the expiration of the probationary period the employee may be removed from probation, provided performance or behavior is acceptable. When performance or behavior is not acceptable, the employee is scheduled for a formal hearing.
- D. Pre-Suspension/Termination Hearings: Within fifteen (15) days after knowledge of an infraction that could result in a suspension or termination, the Employer shall conduct an investigation into the facts surrounding the incident.

If the Employer determines that an infraction has occurred, the affected employee shall be issued a written notice of hearing according to the following procedure.

1. A written notice shall be given to an employee who is the subject of pending discipline that may result in suspension or termination of his/her employment. Such notice shall be given to the employee at least five (5) working days in advance of the hearing and must contain the following information:
 - a. The charges being brought against the employee;
 - b. The date, time and place of the pre-disciplinary hearing;
 - c. The right to have a union staff representative, one officer and steward present;
 - d. The right to cross-examine any witnesses;
 - e. The right to have voluntary witnesses present to offer testimony on behalf of the employee; and
 - f. A statement notifying the employee that absent any extenuating circumstances, failure to appear at the hearing will result in a waiver of the employee's right to a hearing.

2. Within ten (10) working days following written notification, the Employer shall conduct a hearing. The employee, and/or his/her witnesses will not be docked in pay for time in attendance at a hearing. The employee has a right to present witnesses. Failure to appear for the hearing, absent a justified extenuating circumstances, or to respond to the notification will be regarded as voluntary acceptance of the suspension or dismissal.
3. Within seven (7) working days after the hearing the Employer shall issue a written disposition to the employee and his/her representative.
4. Any time limits under this policy may be extended upon mutual consent of both parties. Such consent will not be unreasonably denied.

E. Suspension/Unpaid Administrative Leave: An employee may be suspended without pay (unpaid administrative leave) when performance or behavior is deemed severe and probation may not change the performance or behavior. Such action is recommended by the Executive

Director's designee at an informal hearing requested by the department head. An employee may also be suspended from duty without pay (unpaid administrative leave) pending investigation of charges if circumstances warrant such an action.

If the investigation does not bear out the charges and the employee is retained, the employee will be paid for the period of unpaid administrative leave.

8.3 The disciplinary procedure specified in this Article shall apply only to disciplinary actions based upon employee misconduct. Such procedures shall not apply to layoffs or terminations due to lack of work or organizational restructuring, demotions or terminations due to lack of ability, or any other matters not based upon employee misconduct.

8.4 Disciplinary actions taken beyond the last two years of the date of an infraction may not be used as a basis for determining the level of discipline when disciplining employees.

8.5 Employees shall with the approval of the Building Trades Supervisor make an appointment with Human Resources to review their personnel files.

ARTICLE 9 GRIEVANCE AND ARBITRATION

9.1 The term "grievance" shall mean an allegation by a bargaining unit employee or union representative that there has been a breach, misinterpretation, or improper application of this Agreement. It is not

intended that the grievance procedure be used to effect changes in the Articles of this Agreement, nor those matters not covered by this Agreement.

Step One

The issues shall be presented in writing by the employee, signed, endorsed by the steward or union representative and presented to the employee's immediate supervisor within seven (7) working days of the date of the occurrence or when the employee should have reasonably had knowledge of the occurrence. The shop steward may be in attendance at this discussion. The resolution of a grievance presented at Step One must be completed and documented within seven (7) working days. Grievances processed to the second step of the procedure shall be endorsed by the Shop Steward or Union Representative.

Step Two

If no agreement is reached at Step One, the grievance shall be presented by the union to the department director within seven (7) working days. The Director shall note his/her disposition of the grievance and return the grievance no later than seven working days following presentation of the written grievance. In the event the Director fails to return the grievance within the specified time, the grievance shall automatically progress to Step Three, unless a time extension is requested and mutually agreed to.

Step Three

In the event the Union is dissatisfied with the disposition of the grievance at Step Two, the

grievance shall be presented by the Union to the Director of Human Resources within seven working days of receipt of the decision of the department director. Within ten (10) working days thereafter, the Union, the grievant and the Director of Human Resources shall meet to discuss the grievance. If the grievance is settled at the grievance meeting, the settlement shall be reduced to writing and signed by the Union and the Employer, with a copy delivered to the employee within seven (7) working days. If the grievance is not settled at the grievance meeting, the Director of Human Resources shall, within fourteen (14) calendar days of the date of the meeting, deliver the Employer's formal written position to the Union.

Step Four

If the grievance is not satisfactorily settled at Step Three, the Union may, within ten (10) working days after receipt of the employers Step Three response, demand arbitration by written notice to the Employer signed by the aggrieved employee and a Union representative. The parties will then jointly submit the matter to the Federal Mediation & Conciliation Service for processing.

9.2 Any grievance not presented in accordance with the time limitations stated in this Article shall be deemed to be adjusted or waived. If the Employer fails to deliver its final written position at Step Three in accordance with the time limitation set forth therein, the Employer shall be deemed to have accepted the Union position. The Employer and the Union may agree in writing to an extension of the time limitations for presentation of a grievance or a response to a grievance.

9.3 No settlement of any grievance shall constitute a change, modification or addition to the Collective Bargaining Agreement unless specifically so stated in the written grievance settlement.

9.4 Any arbitration conducted pursuant to this Article shall proceed in accordance with the labor arbitration rules of the American Arbitration Association.

9.5 The failure to demand arbitration in accordance with the time limitation of this Article shall constitute a waiver of the right to arbitrate, unless the Employer and the Union agree in writing to an extension of such time.

9.6 The award of the arbitrator selected by the parties upon any grievance within his/her jurisdiction shall be final and binding upon the parties to this Agreement and the aggrieved employee. The fees and expenses of the arbitrator, as well as the cost of furnishing the hearing room and transcript, if any, shall be borne equally by the Employer and the Union.

9.7 In all arbitrations conducted under this Article, the arbitrator shall have no authority to add to, detract from or in any way alter the provisions of this Agreement. The arbitrator shall have no authority to award punitive or compensatory damages, but shall have jurisdiction to award back pay and/or benefits.

9.8 Nothing contained herein shall be construed as preventing the Employer and the Union from settling, by mutual agreement, any dispute or grievance prior to a final decision by the arbitrator.

ARTICLE 10 SAFETY

10.1 It is agreed that safety must be a prime concern and responsibility of all parties. Therefore, the Employer accepts its responsibility to provide safe working conditions, tools, equipment, and working methods for its employees. The employee(s) accepts the responsibility to follow all safety rules and safe working methods of the Employer.

10.2 Employees are responsible for reporting unsafe conditions or practices; the Employer is responsible for correcting unsafe conditions or practices. Employees are responsible for properly using and caring for facilities, vehicles and equipment, tools and supplies provided by the Employer and the Employer is responsible for safe and proper care of the same.

Any employee wishing to report a safety violation must complete the CMHA Safety Violation Report. The responsible supervisor shall acknowledge all reports of safety complaints and forward copies to the Director of Human Resources and the Safety Committee.

10.3 An employee acting in good faith and without recrimination has the right to refuse to work under conditions he/she reasonably believes present an imminent danger of death or serious harm to the employee or to others, provided that such conditions are not such as normally exist or might reasonably be expected to occur in his/her position. Any incident of work refusal shall immediately be reported to the Director of Human Resources and the Safety Committee. The Safety Committee will advise the Employer whether they

believe any corrective action is necessary which may eliminate or reduce a potential danger or hazard. The recommendations of the Safety Committee are advisory only, and shall not bind the Employer or prevent the employee(s) from filing a safety complaint or grievance.

10.4 When workplace engineering and work practice controls fail to adequately protect employees from safety hazards or reduce health hazards to an acceptable level, the Employer shall provide personal protective equipment, except when OSHA specifically requires engineering and work practice controls. The equipment provided must meet the requirements of OSHA or agencies referred to by OSHA (e.g., ANSI, MSHA, NIOSH). Failure to utilize or wear safety equipment an/or personal protective equipment where it has been deemed necessary shall subject the offending employee to disciplinary action.

10.5 The Union will appoint two employee representatives to the Safety Committee.

It is understood that the Committee is a fact-finding and communication vehicle only. The responsibilities of the Committee are as follows:

- A. Review all health and safety complaints and make recommendations for corrective action.
- B. Review all reports of work related incidents and/ or accidents which involve damage to equipment or vehicles and/or injury of employees or others. The Committee shall not have the authority to determine whether safety violations have occurred or to recommend discipline.

- C. The Committee shall immediately convene upon notice of a work refusal and shall perform the functions stated in section 10.3.
- D. Recommend safety-training programs.
- E. Make such recommendations, as the Committee deems necessary regarding safe work practices and methods, equipment, tools and facilities.

The Committee's responsibility in general is to drive the CMHA safety program. The Employer's responsibility is to coordinate their efforts and monitor compliance with Occupational Safety and Health Administration requirements.

10.6 Any employee seeking remedy before any other agency on a safety or health complaint shall not be eligible to have his/her grievance heard before an arbitrator under the terms of this Agreement. The Union shall be bound to follow the redress procedure elected by the employee.

ARTICLE 11 TOOLS, EQUIPMENT AND SUPPLIES

11.1 Employees are not authorized to use or borrow CMHA tools, equipment or supplies for personal use, either on or off the premises.

11.2 In the event tools, equipment or supplies issued to an employee for use in performing assigned job duties are lost, stolen, or damaged, it is the employee's responsibility to report such loss to the supervisor. The

supervisor will investigate the circumstances of the loss. If the employee is responsible for the damage or loss, the supervisor will inform the employee of the determination, charge the employee for the reasonable value of the property and reissue replacements as appropriate. Employees may reimburse CMHA either by check or through payroll deduction

11.3 Tools, equipment and supplies provided to employees by CMHA for use in the performance of their duties remain the property of CMHA and must be returned upon termination of CMHA employment. The cost of any outstanding property will be deducted from the employee's final paycheck.

11.4 On a yearly basis, CMHA will provide to employees a list of their tools, equipment and supplies.

ARTICLE 12 UNIFORMS

12.1 The Employer agrees to provide to each employee in the Bargaining Unit, together with cleaning and maintenance, ten (10) changes of uniforms, two (2) of which may be coveralls, and one (1) jacket of design, weight and fabric as determined appropriate by the Employer. Painters shall have the option of selecting white painters pants. It is understood that such uniforms will remain the property of the Employer and/or the Employer's uniform supplier, and, upon termination of employment, the employees shall return such uniforms or be charged by the Employer.

12.2 Employees may wear T-shirts where hot working conditions exist. The T-shirt must be in accordance with acceptable uniform standards and must bear the CMHA logo, and may bear the Union logo. The Employer and

Union shall establish a committee to determine the design of the T-shirt. The Union logo may not be displayed on any other CMHA property.

T-shirts shall not be worn in the steam pits or other areas where exposure to hot pipes or steam is expected. Any Employee who chooses to wear a T-shirt shall keep a long-sleeve uniform shirt in his/her locker in the event he/she is assigned duties in an exposed area.

12.3 The Employer will provide to each employee a locker at a location to be determined by the Employer, which will be used to store the employee's uniforms and other personal items.

**ARTICLE 13
SUBCONTRACTING NON-EMERGENCY WORK**

13.1 The Employer agrees to notify the Union, in writing, in advance of any non-emergency subcontracting of work anticipated to have a value over \$15,000 and under \$75,000, and to supply to the Union information about any such subcontracting. The Union will supply a list of contractors to the Company for any such bargaining unit work, which the Employer desires to contract out within five working days. The Employer agrees to allow such contractors to competitively bid such work and to objectively consider any such bids on the same basis as all other contractors.

13.2 The parties recognize that CMHA's procurement policy require that contracts valued at \$75,000 or more must be publicly advertised. Contractors identified by the Union shall nonetheless be entitled to bid upon publicly advertised work, on the same terms and conditions as all other contractors.

13.3 It is recognized that the Employer has rights and obligations in contracting for matters relating to its operations. The exercise of the Employer's contracting or subcontracting rights include essential public needs where it is uneconomical for the Employer's employees to perform said work. The Employer agrees that it will not lay off employees who have completed their probationary periods and have Bargaining Unit status because of the exercise of its contracting and subcontracting rights unless said contracting or subcontracting is done under the provisions set forth in Article 7.6 of the Collective Bargaining Agreement.. It shall not be considered a lay off if the employee is transferred or given other duties at the same pay.

13.4 Nothing contained herein shall be interpreted to preclude the right of the Employer to contract or subcontract work, regardless of whether such work is of a character customarily performed by employees in the Bargaining Unit, so long as no employees who have completed their probationary period and are covered by this Agreement are laid off, as defined above, as a result of the contracting or subcontracting. Welfare to work participants shall not displace permanent bargaining unit employees, nor shall they be used to reduce the number of hours worked by bargaining unit employees.

ARTICLE 14 ASSIGNMENT OF WORK

14.1 Work customarily performed by employees within the Bargaining Unit shall not be performed by the supervisors or other personnel not included within the Bargaining Unit unless such work is deemed necessary due to an emergency or when safety may be in jeopardy.

14.2 All job vacancies within the Bargaining Unit's scope of work shall be filled by the craft union historically assigned jurisdiction to perform that work. The Employer shall notify the union of vacancies when an opening occurs, The individual(s) assigned to fill the position shall meet all the necessary skills and requirements to perform such work. Any conflict among crafts as to the jurisdiction of the skill shall be resolved by the Exclusive Bargaining Representative.

14.3 The Union agrees to aggressively address the need to increase the number of female and minority candidates referred for employment.

The Employer agrees to notify the Union, on an annual basis, of the progress made toward increasing the diversity of the workforce.

ARTICLE 15 LEAD CRAFTSPERSON

15.1 The position of Lead Craftsperson will be established for each craft with five (5) or more CMHA employees signatory to the CMHA Collective Bargaining Agreement.

15.2 A Lead Craftsperson will be selected by the Department Director from among the CMHA employees for each craft per the provisions set forth in Article 15.1. Each Lead Craftsperson and a designated assistant if deemed necessary, is appointed by the Department Director and may be replaced at his discretion. The craft coordinator selected will receive additional compensation per hour above the negotiated rate of the craft in which he/she is employed.
