Use of any school property shall not be used to identify or acknowledge membership or non-membership in the Association. Courier service may be used by the Association as long as school business has priority. However, the Association must purchase its own materials.

GEA members may either pay the dues directly to the GEA or by dues deduction made pursuant to a properly executed Payroll Deduction Authorization form, delivered to the Treasurer of the Board. Exemptions are listed in Sections i) and j) below.

Each non-member shall be obligated to pay to the GEA, as a condition of employment, a “Fair Share Fee” for the GEA’s efforts as the collective bargaining representative. This obligation does not require any person in the bargaining unit to become a member of the GEA, nor shall the “Fair Share Fee” exceed GEA dues covering the same period of time. Exemptions are listed in Sections i) and j) below.
 - b) If the bargaining unit member chooses the payroll deduction method for payment of the “Fair Share Fee”, the deduction of the “Fair Share Fee” by the Treasurer of the Board from the payroll check of the employee and its payment to the GEA shall be automatic and does not require the written authorization of the unit member. The obligation of the Treasurer to deduct the fee shall cease upon the removal of the bargaining unit member from the Board’s active payroll for any reason.

- c) By October 1st of each year, the GEA President shall give the Treasurer of the Board a statement as to the amount of the “Fair Share Fee” for the upcoming school year. The GEA shall send a copy of the statement to any member of the bargaining unit upon request.
- d) The GEA shall establish and operate a rebate procedure by which unit members obligated to pay a “Fair Share Fee” may recover that portion of their fee that is intended for purposes other than acting as the collective bargaining representative. This rebate procedure must provide the unit member with the opportunity to appeal the GEA’s decision to the State Employment Relations Board, and must fully conform to all requirements of federal and state law.
- e) The GEA shall provide a copy of its rebate procedure to the Treasurer of the Board and shall make this information available to any bargaining unit member upon request. The GEA shall also supply the Treasurer of the Board and make available to all unit members upon request, copies of any changes in its rebate procedure.
- f) The GEA shall obtain and make available to all bargaining unit member appropriate State Employment Relations Board forms upon which the unit member may challenge the GEA rebate procedure. Any bargaining unit member who, because of bona fide religious beliefs or the teachings of a religious organization with which he/she is affiliated, objects to paying the “Fair Share Fee” shall not be required to pay the “Fair Share Fee” in compliance with federal and state laws. Any bargaining unit member who wishes to avoid paying the “Fair Share Fee” due to religious conviction must apply for an exemption to the State Employment Relations Board. The GEA shall provide forms to apply for this exemption to any interested bargaining unit member. The GEA shall place any “Fair Share Fee” from any bargaining unit member applying for a religious exemption in escrow until such time as there has been a final adjudication on the exemption, at which time the “Fair Share Fee” and escrowed monies shall either be paid to the GEA, or to a mutually agreed on charity pursuant to O.R.C.4117.09(c).
- g) The GEA shall indemnify and save the Board, individual Board members, its officers and its employees harmless against any and all claims, demands, suits, or other forms of liability arising out of any action taken or not taken by the Board or its officers or employees for the purpose of complying with any of the provisions of this Article. The Board and the GEA shall negotiate to amend this Article if any provision becomes invalid, unlawful or unenforceable. The GEA shall administer the “Fair Share Fee” in a valid, lawful and enforceable manner.
- h) The Association Financial Security – Fair Share Fee provision of this agreement applies to all bargaining unit members who were enrolled in the GEA/OEA/NEA during the 1998-99 school year.
- i) New hires shall be exempt from the Association Financial Security – Fair Share Fee provision of this Agreement for a period of two (2) fiscal years or until such time that they voluntarily enroll in the Association. Beginning in the third (3rd) year of employment, the new hires’ exemption shall cease. New hires shall not be denied the right of joining or discouraged from exercising their right to join or coerced into joining the Association during this period.
- j) Bargaining unit members who were not enrolled as members of the GEA/OEA/NEA during the 1998-99 school year shall be exempt from the Association Financial Security – Fair Share Fee provision for the duration of this Agreement or until such time that they voluntarily enroll in the Association.

Such permission shall not be denied without cause. Such visits will not interfere with typical instructional day.

SECTION 8 - Representation on Committees

A. Labor Relations Council

The Superintendent, and not more than three representatives of the Administration that may include a Board member, may meet once a month with four representatives of the Association at a mutually agreed time and place to discuss matters of mutual concern. The council may meet at a mutually agreed time and place in order to discuss matters of concern brought forth by either party, unresolved Principals' Advisory Committee issues, and, pursuant to Article II, Section 13, building safety concerns. The LRC may not be used as a substitute for collective bargaining nor may the LRC be used to discuss discipline of individual employees. Agendas will be exchanged prior to the meeting. SECTION 9 - Board Meetings

The Treasurer of the Board will furnish the President of the Association with an advance copy of the agenda and minutes to be picked up the Friday prior to the regularly scheduled Board meeting, if possible, or received by school mail on the following Monday or first day school is in session during that week. The Treasurer of the Board will furnish the President of the Association with a financial report when available.

Subject to the same time allotments generally made to the public, a representative of the Association may address the Board during any public meeting.

SECTION 10 - Administrative-Staff Communications

In the interest of improving communications between administration and staff, every effort shall be made to seek and use teacher input relating to changes in educational programs, changes of classroom situation and other matters directly affecting effective teaching. Except in an emergency, discipline of teachers will be handled at school and in private.

SECTION 11 - Evaluation

The Board and GEA acknowledge that the overarching purposes of the teacher evaluation system are to serve as a tool to advance the professional development of teachers, to inform instruction, and to assist teachers and administrators in identifying and developing best educational practices in order to provide the greatest opportunity for student learning and achievement.

The Ohio Teacher Evaluation System (OTES) reflects the spirit and intent of the State law and guidelines developed by the Ohio Department of Education per the requirements of sections 3319.111 and 3319.112 of the Ohio Revised Code. The evaluation of guidance counselors shall be in accordance with State law sections 3919.113 and will

- Q. The Teacher Evaluation Committee shall provide common training for administrators and teachers that ensure awareness of and an understanding of all processes, forms and tools used in the evaluation procedure.

SECTION 13 - Building Safety Concerns

Any teacher who becomes aware of a safety problem in a building shall immediately report the problem to the building principal. It shall be the responsibility of the building principal to investigate the problem and take appropriate corrective action. If appropriate corrective action is not taken within a reasonable period of time, the issue may be referred to the Labor Relations Committee.

ARTICLE III - STAFF REDUCTIONS AND TRANSFERS

SECTION 1 - Staff Reduction

When, by reason of decreased enrollment of pupils, return to duty of regular employees after leaves of absence, or by reason of suspension of schools or territorial changes affecting the district, the elimination of a curricular offering to students, or lack of funds, the Board determines that it is necessary to reduce the number of employees, the Board will use attrition to the extent possible. If attrition is not adequate, the Board may make a reasonable reduction. Prior to making such reduction, representative of the Board will meet with the Association and advise them of the reason for the reduction. In making such reduction, the Board will suspend teachers' contracts in accordance with the recommendation of the Superintendent. If the contemplated reduction involves the elimination of a curricular program, the Superintendent shall solicit input from the Labor Relations Council referenced in Article II, Section 8 of this contract. The Superintendent shall, within each teaching field affected, give preference to teachers on continuing contracts and then to teachers who have greater seniority. For the purpose of this section, a teacher's seniority is determined by "the date" the employee has commenced work with the Board in a bargaining unit position and, thereafter, served continuously in a bargaining unit position. For the purpose of this section, "the date" shall be defined as the first work day of the individual employee's teaching contract. A teacher who resigns his or her employment with the Board and subsequently is reemployed by the Board in a bargaining unit position within five (5) years of his/her resignation shall retain all seniority earned by him/her while previously employed by the Board once he/she has completed at least five (5) consecutive years of service with the Board in a bargaining unit position upon his/her return. Prior to completing five (5) consecutive years of service with the Board upon his/her return, the teacher shall accumulate seniority from the date of his/her most recent hire by the Board.

Should it be necessary to suspend contracts to achieve the necessary reduction in staff, limited contract teachers shall be reduced first utilizing the following order:

1. Certification/Licensure within the affected teaching field;
2. Comparable evaluations as defined in this Agreement; (Article II; Section II-Evaluation)
3. When evaluations are comparable, seniority in the District shall prevail, with the contract of the least senior limited contract teacher in the affected teaching field the first to be suspended.

If the necessary reduction of staff not be met through the suspension of limited contract teachers in the affected field through the above-mentioned method, only then shall continuing contract teachers be reduced by utilizing the following order:

1. Certification/Licensure within the affected teaching field;
2. Comparable evaluations as defined in this Agreement; (Article II; Section II-Evaluation)
3. When evaluations are comparable, seniority in the District shall prevail, with the contract of the least senior continuing contract teacher in the affected teaching field the first to be suspended.

In the case of a tie, the following provisions will be used in order of presentation:

1. Total years of Greenville teaching service (non-continuous years)

2. Total teaching experience
3. Random Lottery drawing of those with seniority ties. The procedure will work as follows: The names will be printed on 5x7 index cards and folded in half. They will be placed in a container and mixed. The Superintendent will draw the first name. That person will then become the most senior member. This process will continue until all cards have been drawn and a seniority list for the current RIF is established. A separate lottery shall be conducted for any additional RIFs that occur after the aforementioned seniority list is established. This procedure shall be conducted in the presence of the Superintendent, an Association representative and the teachers affected (if they wish to be there).

Employees whose limited contracts are suspended as a result of reduction in force shall be placed on a recall list for eighteen (18) months following the last contract day as defined in Article V; Section 1; Item B-Annual Salary Work Year. Continuing contract teachers whose contracts are suspended as a result of reduction in force shall be placed on a recall list in accordance with Section 3319.17 of the Ohio Revised Code, which provides that such teachers shall have the right of restoration to continuing contract status.

Employees whose contracts are suspended will have the right of restoration to continuing service status in the order of seniority of service in the district, if and when teaching positions become vacant or are created, in which any such employees are qualified.

Employees who are suspended shall be retained on the recall list for eighteen (18) months after the date of the last contract day as defined in Article V; Section 1; Item B-Annual Salary Work Year. An employee may be removed from the recall list if he/she:

1. Waives his/her recall rights in writing
2. Resigns
3. Fails to accept recall position for which he/she is certificated or licensed within five (5) days of notification
4. Fails to report to work within ten (10) working days after receipt of the notice of recall, unless sick or injured

Whenever possible, employees whose contracts are suspended will be used as substitutes. Employees whose contracts are suspended may maintain, at their expense, fringe benefits in effect at the time of their reduction at group rates then in effect for up to eighteen (18) months, or as otherwise may be provided by COBRA.

SECTION 2 - Documentation of Seniority Lists

By March 1st of each year, a list shall be compiled including the names of all teachers according to contract type (continuing and limited) and seniority (continuous service in the bargaining unit) including all areas of certification or licensure for each teacher. All approved leaves of absence will count toward continuous service for seniority purposes. A copy of this list shall be posted in each teacher's lounge in the District and shall be sent to the Association President. Employees shall have until March 25th to file a written challenge to the list. The list shall be binding on all employees until March 1st of the next year.

SECTION 3 - Assignment and Transfers

Copies of a list of known vacancies in teaching, administration, and supplemental positions will be posted in each school building in the Greenville City School District. Employees desiring to be considered for any such vacancy shall apply in writing to the Central Office. Employees will be notified by the appropriate administrator of his/her decision relative to their application. Any change in such assignment between buildings required by the needs of the Greenville City School District will be made known to the employee in writing as soon as possible.

Except temporarily (not to exceed one year) for good cause and with the approval of the employee, employees will not be assigned outside the scope of their teaching certificates or licenses or their major or minor field of certification or licensure in the secondary schools.

Any employee desiring to be considered for possible vacancies which may occur during the summer months shall file written notice of intention with the Central Office prior to June 1st, together with address and telephone number where he/she may be reached. If/when vacancies occur outside of the teacher work year, such vacancies shall also be posted electronically.

Where the qualifications of applicants are relatively equal, in the opinion of the Superintendent, preference shall be given to the most senior teacher on the seniority list. Seniority shall be determined by the date the employee commenced work (first day of work in the system) and served continuously in the district.

Transfers will be on a voluntary basis whenever possible. However, the proper operation of the Greenville City School District will necessarily require on occasion that involuntary transfers be made. In making involuntary transfers, the convenience, wishes and seniority of the employee will be honored to the extent that these considerations do not conflict with the instructional requirements and best interests of the Greenville City School District and the pupils. Involuntary transfers will be made only after a conference between the teacher, the principal, and the Superintendent concerning the reasons for the transfer.

When a transfer is involuntary (on the part of the teacher) and it requires the teacher to move to a new room or a new location the District shall provide:

1. Moving materials such as boxes, containers, tape etc.
2. Personnel to physically assist in the moving/boxing of materials.
3. An established moving schedule, subject to change as circumstances dictate.
4. Release time and/or substitutes when the transfer is done during the contractual school year. The teachers and building administrator will meet and confer regarding the amount of time the move will take.
5. Compensation of \$100 to the teacher for moves outside of the contractual school year, to be paid within 60 days of the completion of the move.

Representatives of the Board and Association shall jointly submit a demand for arbitration to American Arbitration Association. Selection of the arbitrator shall be according to the voluntary rules and regulations of the AAA. The cost of the arbitrator shall be paid by the losing party.

No grievance may be submitted to arbitration without the approval of the Association.

The decision of the arbitrator shall be binding on both the Board and the Association.

E. Miscellaneous

The right to process a grievance shall be forfeited if the grievance is not presented or appealed at any level of this procedure within the specific time limits or the procedures set forth herein are not complied with. If a grievance is not presented or appealed to a higher level of this procedure, it shall be deemed waived.

No reprisals of any kind shall be taken by either party or by any member of the Administration against any party of interest, or any other participant in the grievance procedure.

A grievance may be withdrawn at any level without prejudice or record.

No records, documents or communication concerning a grievance shall be placed in any personnel file of any of the participants in the grievance procedure.

No work experience of any kind shall be accepted in lieu of college training unless such work experience shall have been in or directly related to the specific vocational field in which the member is to teach. In crediting college training and work experience combined, the college training shall be credited first. The State Department of Education must verify years of work experience.

The following three paragraphs provide further clarification of the above paragraph:

Effective with the 2019-2020 school year the open house will be on the date of the “Work Day” before the first student day. The open house shall be counted as part of the teacher work day beginning with the 2019-2020 school year.

To substantiate and maintain placement on the Master’s Degree column of the negotiated salary schedule, the employee must provide the Superintendent no later than October 30th, with a copy of the official transcript indicating that a Master’s Degree has been awarded by a properly accredited University or College.

Salary increases based on placement or advancement on the salary schedule shall be retroactive to the beginning of the school year and will be disbursed equally among remaining paychecks. Increases will not be reflected in the employee’s paycheck until approved by the Board.

1. Type of certificate or license
2. Previous years' experience
3. Educational hours (official transcript) per college and/or university attended

The above information shall be the responsibility of the employee to insure that the proper verification has been received by the Superintendent prior to the dates noted above. The Superintendent will notify the teacher upon receipt of a transcript.

SECTION 2 – Compensation

A. Supplemental Duty Compensation

Employees in the bargaining unit assigned supplemental duties shall be issued a written supplemental contract in addition to their regular contract. The compensation for such additional services shall be in accordance with the supplemental duty schedules attached hereto as Schedule "D". Length of the supplemental contract shall be indicated on the contract with payment being computed on a per diem basis according to a proportion of the number of days of service divided by the supplemental contract length. As for example: Length of contract – 150 days. Date of Superintendent hiring 15 days into contract period. Service days remaining – 135 days. Per Diem rate is salary divided by 150. Daily rate would be multiplied by 135 days.

Copies of a list of known vacancies in supplemental positions will be posted in each school building in the District. Members desiring to be considered for any such vacancy shall apply to the Central Office. Members who apply will be notified in writing by the Superintendent of his/her decision relating to this application.

Any bargaining unit member who applies for a posted supplemental position will be given first consideration and an initial interview before the position can be offered to individuals outside the bargaining unit. A non-bargaining unit member, who held the supplemental position the preceding year, may be given first consideration, provided he/she has effectively fulfilled his/her duties in the judgment of the Superintendent/designee. No supplemental contract will be issued without a negotiated job description. Such job description shall be in place no later than July 1 of the effective school year of the supplemental contract. The determination of the duties contained in the job description shall be retained by the Board as preserved in the Board Rights Clause.

All non-athletic supplemental duty salaries will be paid within the next complete pay period following the completion of the contract associated with that duty. All athletic supplemental duty salaries will be paid within the next complete pay period following the completion of the final varsity game associated with that sport. All hourly rates of pay, stipends and other non-indexed compensation listed in this agreement, shall not be increased by the index increases in Schedules "A", "B" and "C".

C. Extended Service Days

All extended service agreements shall be added to this Master Agreement by addendum and shall be compensated at the employee's per diem rate. Due to the ever-changing requirements at the local, state and national levels, the Board retains the right to adjust the number of extended service days without entering into bargaining with the GEA. In the event of a need to reduce the number of extended service days, the Board agrees not to reduce the number of days by more than twenty-five percent (25%) per year. Additional ESDs may be added at the discretion of the Board/Superintendent.

Employees will be required to complete an accountability work log containing documentation of duties performed during the extended service contract. This accountability work log will be submitted to the responsible administrator at the conclusion of the contractual year's extended service days.

If extended service is reduced or expanded, the direct administrator and teacher will jointly determine what duties/responsibilities will be omitted/added from/to the next year's work log. Under no circumstances will any employee be eligible to receive both super-severance benefit and these additional ten (10) days.

SECTION 12 - Tax Sheltering the Certified or Licensed Teacher Employee's Contribution

Effective January 1, 1986, and upon approval by STRS, the Greenville Board of Education elects to commence tax sheltering ("Pick-Up") all of the mandatory contributions of members of the bargaining unit to the State Teachers Retirement System of Ohio, in accordance with Revenue Ruling 77-462, 81-36, or such other applicable

ruling, although such “pick-up” shall continue to be designated as employee contributions as permitted by Attorney General Opinions 78-049, 79-001, and 82-097, in order that the amount of the member’s income reported by the Board, as subject to federal and Ohio income tax, shall be the member’s total gross income reduced by the then current mandated percentage amount of the member’s mandatory State Teachers Retirement System Contribution. No member/s total salary shall be increased by such “pick-up”, nor shall the board’s total contribution to the State Teachers Retirement System be increased thereby. This action shall be subject to the following conditions:

- A. The “pick-up” percentage shall apply uniformly to all members of the bargaining unit as a condition of employment. The “pick-up” shall apply to all compensation including supplemental earnings paid thereafter.
- B. The “pick-up” shall not be subject to the individual member’s option.
- C. The parties agree that should the rules and regulations of the IRS, or State Teachers Retirement System, change making this procedure unworkable, the parties agree to return, without penalty, to the former method of employees/employer contributions.
- D. Payment for sick leave, personal leave, severance and supplementals, including unemployment and workers’ compensation, shall be based on the employee members’ daily gross pay prior to reduction.
- E. Such salary reduction shall not result in the salary that is less than the salary available under the state minimum salary schedule. Should the reduction calculation result in a salary that is less than the state minimum salary schedule, pro-rata reductions shall result with the member contributing that portion which falls below such state minimum level.
- F. It is to be understood by the parties that it is the responsibility of each individual member to make any necessary adjustments in any other tax sheltered annuities he has in order to be in compliance with IRS laws and regulations.
- G. The Board is not liable, nor will it be held responsible, for any related legal, IRS, STRS, or any other agencies’ penalties or decisions concerning this plan, now or in the future.
- H. The Association, and its members, both severally and individually, agree to indemnify and hold the Board harmless against any and all claims and actions that shall arise out of or by reason of any action taken by the Board in compliance with the provisions of this Article. It is further understood by the Association that STRS will account for the amount of the “pick-up”, but otherwise, STRS assumes no further liability. The current taxation or deferred taxation of the “pick-ups” is determined solely by the IRS and compliance with the guidelines set forth above. It is not guaranteed that the tax on the “pick-up” will be deferred. STRS may refuse to accept “pick-ups” if so directed by the IRS, if guidelines based upon the changing of the law are not followed, or if the qualified plan status of STRS is placed in jeopardy.

SECTION 13 - Section 125 Plan

The Board shall implement a Section 125 plan at no cost to the employees allowing employees to deduct health insurance premium contributions on a pre-tax basis.

The Plan shall also allow employees to set aside tax-free dollars for medical expenses, dependent care, or other purposes allowed under Section 125 of the Internal Revenue Service Code.

ARTICLE VI - WORKING CONDITIONS

SECTION 1 - Teaching Hours

The teacher workday shall be seven hours and fifteen minutes, plus the duties which customarily have been required to be performed before or after the workday in the past. Prior to the beginning of each school year, the board of education may adjust the actual beginning and ending times for buildings and/or for teachers within buildings so long as the teacher workday does not exceed seven (7) hours and fifteen (15) minutes plus duties.

Employees shall be entitled to at least thirty (30) consecutive minutes duty-free for their lunch period. Longer lunch periods may be scheduled. Employees may leave the school to which they are assigned during their duty-free lunch period after notifying the school office. Principals may grant requests to leave the school earlier than the end of the normal workday where the employees' duties permit and it is necessary for the employee to leave early.

In order to accommodate needed testing schedules, the Superintendent or his/her designee may adjust the school day schedule.

SECTION 2 - Teaching Load

The schedule for each full-time equivalent classroom teacher, who is assigned to a school with a teacher day of six hours or longer exclusive of the lunch period, shall include no less than two hundred (200) minutes per week for instructional planning, evaluation and conferences.

SECTION 3 – Teaching Hours Meetings

SECTION 4 - Class Size

A. Identifying Potential Risk

When a teacher or Administrator identifies a potential classroom at risk within each building district-wide, said teacher and Building Administrator shall initially have a conference to resolve the problem. If no resolution is satisfactory to both parties, the problem shall be presented to the building PAC for recommendations. The PAC's recommendations shall be presented to the Superintendent for resolution and his/her decision shall be final. Any staff member in the building may request that the PAC meet for this purpose at any time during the school year. Further, this group may choose to meet to review the principal's class lists and recommend changes prior to lists being publicly displayed at the start of school.

SECTION 5 - Student Discipline

Employees who follow the policies of the Board respecting the discipline of the students will be supported in their actions. Any case of an assault upon a teacher shall be promptly reported to the Superintendent, who will render all necessary assistance in connection with handling of the assault by law enforcement and judicial authorities.

Each school should have space in which each teacher will have a home base in which they may safely store instructional materials, supplies, and personal items. A workroom should be available containing adequate equipment and supplies to aid in the preparation of instructional materials. Neither the teacher workroom nor the lounge will be utilized for the instruction of students. There should be adequate lunchroom facilities, a teacher lounge, restroom, and lavatory facilities for employee use. Existing telephone facilities shall be made available to employees for their reasonable personal use. Adequate free parking facilities should be close to each school wherever possible.

Any teacher who becomes aware of a working facility issue in a building shall immediately report the problem to the building principal. It shall be the responsibility of the building principal to investigate the problem and take appropriate corrective action. If appropriate corrective action is not taken within a reasonable period of time, the issue may be referred to the Labor Relations Committee. Issues unresolved at this level will fall under Article IV of the Master Agreement.

SECTION 7 - Personnel File

A file for each employee shall be maintained in the Central Office. Such file shall be confidential to the extent permitted by law, except that the individual employee shall have access to his/her file upon request. The Superintendent, the Building Principal, the Treasurer of the Board, or other administrative personnel having a responsibility for such employee or his/her records, may have access to such file. Requests for such access shall be made to the Superintendent or the Treasurer of the Board. Personal files kept by the Building Principal shall be open to the employee.

When a Principal or other administrator finds it necessary to make notation in an employee's file, which reflects adversely upon the employee's conduct, service, character or personality, the employee shall be afforded an opportunity to read such notation by affixing his/her signature on the document filed. The employee also shall have the right to answer such notation and his/her answer shall be attached to the file copy and sent to all parties who have received such notation if requested by the member.

An employee may request material placed in his/her file since employment by the Board be removed. Such request shall be submitted in writing to the Superintendent. The Superintendent shall schedule a meeting with the employee within five (5) school days after receipt of the request. The employee, if he requests, may be accompanied by an Association representative. Upon agreement, the materials may be removed. If agreement on the removal of material from the files cannot be reached between the parties, the member may submit the issue to the Superintendent's level of the grievance procedure.

A member of the general public may review records of employees in the central office under the following conditions.

1. The teacher will be given oral notification as soon as possible after the request for review is made.
2. The file must be reviewed in the presence of the Superintendent or his/her designee.

4. Anonymous letters or materials shall not be placed in a teacher's file, nor shall they be made a matter of record at any administrative level.
 5. A member is entitled to a copy of material in his/her file.

SECTION 8 - Parent Complaint

When a complaint is made by a parent or parents of a student, or any other member of the public concerning an employee which is deemed serious enough to become a matter of formal record, the employee shall be informed of the complaint. The employee and his/her principal shall attempt to resolve the complaint of the complaining party. If unable to resolve the complaint at the building level, the principal will notify the superintendent or his/her designee.

Such notification by the principal to the superintendent or designee shall be submitted in writing with the issues clearly defined. A copy of this notification shall be provided to the teacher(s) involved at least one day before any meeting or conference held with the superintendent/designee, the teacher(s), and Association representative.

This provision shall not apply to complaints of child abuse or neglect which shall be reported and investigated as required by Ohio law.

SECTION 9 - Parent-Teacher Conferences

The Equivalent of two (2) parent-teacher conference days may be scheduled by the Board of Education. The Board of Education may also schedule up to the equivalent of one (1) additional parent-teacher conference day for Grade K. Parent-teacher conferences may be scheduled beyond the regular teacher day. Should parent-teacher conferences be scheduled beyond the regular teacher day, teachers will be granted compensatory time off equivalent to the number of hours assigned beyond the normal workday.

Teachers will be consulted prior to the scheduling of individual parent-teacher conferences during the school day.

A "half day" for purposes of parent-teacher conferences equals three (3) hours.

SECTION 10 - Building Staff Meetings

Bargaining unit employees assigned to a school will be required to attend one (1) staff meeting per month during the school year as called by the Principal of that school. Where the bargaining unit employee is assigned to more than one school or building he/she will only be required to attend the monthly meetings in the building of the Principal who is responsible for evaluating that individual member. Except in the case of an emergency, such staff meetings will not extend beyond one (1) hours. The Principal may schedule staff meetings during the school year in an emergency. Except in an emergency situation, the Principal shall give notice of such meeting to the affected employees not later than noon of the school day proceeding the day in which the meeting is scheduled.

SECTION 11 - Classroom Supplies

Available money will be equitably allocated from the supply account for each regular full-time employee for the purchase of unanticipated miscellaneous classroom supplies as needed. All classroom supplies must be requisitioned by purchase order presented to the Treasurer of the Board through the administration. The allocation made pursuant to this provision does not prohibit the teacher from requisitioning other essential supplies.

SECTION 12 - Substitute Teacher

Every reasonable effort shall be made to acquire or recruit substitutes for absent teachers. Except where the Superintendent and/or Principal deem it an emergency, a regularly employed teacher will not be required to cover for an absent teacher.

If an administrator assigns a member to use their conference period to cover for an absent teacher, the teacher shall be paid fifteen dollars (\$15.00)

SECTION 13 - Attendance at Professional Meetings

The Greenville City School District recognizes the importance to the instructional program of continuous staff development in job competencies and, the desirability for staff to share their knowledge and leadership with other educators. Therefore, we encourage our employees to attend a wide variety of professional growth opportunities that are designed to provide leadership and growth in areas directly related to the individual's responsibilities. Examples of professional growth opportunities include, but are not limited to, advanced course work, conventions, conferences, workshops, in-service, committee workshops, visitations, clinics, curriculum meetings, and teacher exchange visitations between and within school districts. Released time to attend professional meetings will be given to provide the opportunities for certificated or licensed personnel to advance professionally. A. Classroom Teacher

The Board of Education shall provide one (1) professional meeting per employee (per school year) provided the request falls within the funds appropriated for such activities by the Board of Education.

An overall limit of reimbursement for expenses incurred will be placed at four hundred dollars (\$400.00) and shall be limited to the following:

1. Transportation/Parking: Mileage will be reimbursed at the current district rate. If more than one teacher attends a meeting or convention, the travel allowance will be shared by those incurring expenses unless it is air travel. If an employee is unable to comply with a cancellation deadline, he/she may secure another employee to attend in the workshop to avoid loss of registration fee and undue charges to the district.

In the event an employee fails to meet a registration cancellation deadline and cannot secure another employee to attend, the employee shall be responsible to repay the District for any pre-paid registration fees provided by the District unless weather and other conditions beyond the control of the Member prevent the Member from traveling from the Greenville district to the workshop or conditions at the destination are such that access cannot be gained by the member.

It is incumbent upon the individual to insure that repayment is received by the District Treasurer for cancellation from either the conference/workshop provider or from themselves personally. Repayment may be made by personal check to the district, or by authorized payroll deduction processed through the District Treasurer.

8. Guidelines For Processing Tuition Reimbursement And Use Of Purchase Order Option: Employees shall follow the established guidelines regarding the completion and filing of purchase orders, estimating mileage, individual and group registration, deadlines, acceptable and appropriate receipts, compliance with cancellation deadlines, and any other related topics. The District Treasurer shall notify the bargaining unit members when the tuition reimbursement funds have been depleted and shall provide the GEA with an annual report accounting for the amount of dollars disbursed.

10. For accounting purposes, the date on which the course is scheduled to end shall be the date used to determine the disbursement year. Although approval of course selection makes the employee eligible for reimbursement it does not guarantee that funds will be available. Employees are encouraged to submit all documents required for reimbursement to the Superintendent in a timely manner.

For the purpose of this section, the contract year/disbursement year shall be defined as July 1 through June 30.

11. To Be Eligible For Reimbursement The Employee Must Meet The Following Qualifications: Application for tuition reimbursement must be made during the regular school year through the building principal and approved by the Superintendent prior to the first class meeting.

Appeal to the LPDC must be made in writing no later than five (5) workdays after receipt of the Superintendent’s written disapproval. The LPDC shall render a written decision regarding the appeal within twenty (20) workdays of receiving the appeal. The decision of the LPDC shall be final and binding and shall not be subject to the grievance procedure.

The Superintendent may disapprove an application for tuition reimbursement for financial reasons if allocated funds are depleted. This type of disapproval cannot be appealed to the LPDC or grieved under Article VI.

Reimbursement shall be made after the completion of course work and the submission of all required transcripts and appropriate receipts as outlined in the Guidelines. There shall be no reimbursement provided for audited course work. Reimbursement shall not exceed the actual amount paid for tuition.

Examples of directed professional leave days would include teachers in federal in-service grants, vocational, and curriculum meetings/contests.

The administration is required to document any verbal warning and provide a copy of this document to the teacher. This document shall not be placed in the personnel file, but may be kept by the employee's appropriate administrator.

2. Formal Procedure.
 - a. Formal disciplinary action shall be commensurate with the employee's offense. While this may mean termination, it may also mean the repetition of lesser discipline without progressing to the next step. The provisions of this article shall not preclude the Board of Education and administration from imposing disciplinary action less severe than immediate discharge or immediate suspension, if in the exercise of discretion, such action is warranted by the facts and circumstances of a case.
 - b. While any administrator may issue a verbal warning or written reprimand, only the Superintendent shall have authority to suspend a teacher.

ARTICLE VIII - LEAVE OF ABSENCE

SECTION 1 - Personal Leave

The Board will grant three (3) days of leave during each school year without loss of salary to employees for the purpose of transacting personal business or attending to affairs of a personal nature which cannot be conducted outside the regular school day. Except in emergency circumstances, a request for personal leave must be made to the building principal at least three (3) days prior to the time of leave and the building principal shall clear the leave with the Superintendent. Such leave will not be deducted from sick leave. Such leave may be taken in units of one-half (1/2) day cumulative to three (3) days. It is understood between the parties that personal leave is not intended to extend holidays or official school recesses. Except in emergency circumstances, a request for such leave occurring immediately prior to or following a holiday during the school year will not be granted.

Should school be closed during an employee's personal leave by "emergency", such day will not be charged to the employee as a personal day.

SECTION 2 – Personal Leave Conversion

An employee may choose conversion of unused personal leave to either sick leave or for Board purchase. If an employee chooses sick leave conversion, that employee may convert up to three (3) personal days, including half days.

If an employee selects to convert his or her unused personal leave for Board purchase, that employee may have up to three (3) whole days of personal leave paid at the current per diem for substitute teachers. All use of said personal leave is forfeited upon its purchase by the Board. Purchase of days shall be limited to full day increments of personal leave.

The selection of either conversion to sick leave or Board purchase shall be made by the employee at the end-of-the-year check-out process. An employee may not combine the two available methods of conversion of personal leave. If the employee selects the Board purchase option, payment shall be made by the Treasurer by July 30th.

Employees who do not work any days in a school year shall have no personal leave purchased by the Board.

SECTION 3 – Sick Leave

Pursuant to Section 3319.141, *Ohio Revised Code*, each employee is entitled to fifteen (15) days sick leave with pay per year, which shall be credited at the rate of one and one-fourth (1-1/4) days per month. Employees, upon approval of the Superintendent, may use sick leave for absence due to personal illness, pregnancy, injury, exposure to contagious disease which could be communicated to others, and for absence due to illness, injury or death in the employee's immediate family. For this purpose, "immediate family" includes father, mother,

brother, sister, husband, wife, child, father-in-law, mother-in-law, grandparents, grandchildren, brother-in-law, sister-in-law, son-in-law, daughter-in-law or any other person who has clearly stood in same relationship with the employee.

Employees may not be in attendance for a supplemental contract event if a personal illness is used as the reason for sick leave. If an employee uses sick leave for an immediate family member, or to attend a medical appointment they may be in attendance for the supplemental contract event. Employees may also be in attendance for a supplemental contract event if a personal day is taken.

Unused sick leave shall be cumulative up to two hundred fifteen (215) days for nine (9) month and ten (10) month contracts two hundred twenty-five (225) days for an eleven (11) month contract, and two hundred thirty-five (235) days for a twelve (12) month contract.

Employees who render part-time, seasonal, intermittent, per diem or hourly service shall be entitled to sick leave for the time actually worked at the same rate as that granted to full-time employees.

An employee must furnish the signed negotiated form to justify the use of sick leave. If medical attention is required, the employee's statement shall list the name and address of the attending physician and the dates when he/she was consulted.

Where possible, an employee must notify his/her Building Principal or designee on the evening prior to his/her absence that he/she will be absent the next day. If this is not possible, such notice must be given the next morning between 6:30 and 7:00 A.M., except in an extreme emergency. The employee must notify the Building Principal before the end of the school day on the day before the employee is to return to work. The Board will attempt at all times to maintain an adequate list of substitutes and shall call substitutes when absences occur.

Should the schools be closed during the period of an employee's sick leave by an "emergency" day or holiday, as called by the Superintendent, such employee will not be charged with a sick day.

Upon written request of an employee whose illness extends beyond the amount of his/her accumulated sick leave, the Board may grant an additional leave of absence without pay for the duration of such illness, but not to exceed two (2) consecutive school years; provided, that no sick leave shall be granted after the employee's retirement or termination of the employee's contract of employment.

Any member who has exhausted accumulated sick leave, may be granted an advance of five (5) days sick leave, however, the days shall constitute a part of the total days for which the employee is eligible during the school year.

The denial of such advancements shall be neither arbitrary nor capricious in its application.

A. Family Medical Leave Act

The Board will provide leave to eligible employees consistent with Family Medical Leave Act (FMLA) of 1993 and all subsequent amendments. Eligible employees are entitled to up to 12 weeks of unpaid family and medical leave during a 12- month period beginning July 1 and ending June 30. The District will continue to pay the District's share of the employee's health benefits during the leave. In addition, the District will restore the employee to the same or a similar position after the termination of the leave in accordance with Board policy.

In complying with the FMLA, the District will adhere to the requirements of applicable Federal and State laws.

B. Use of Sick Leave for Funerals

A maximum of five (5) days per incident may be taken for immediate family as defined in the preceding paragraph with supporting documentation (obituary notice, funeral home memorial brochure). The Superintendent may approve additional days as needed.

Additionally, sick leave may be used to attend funerals for aunts, uncles, nieces, and nephews with supporting documentation (obituary notice, funeral home memorial brochure) ONLY after personal leave days have been exhausted. A maximum of five (5) days per incident (personal and sick leave total) may be taken.

C. Extended Sick Leave for Catastrophic Illness

In the event of a catastrophic (life-threatening) illness or injury, any bargaining unit member may request and the Superintendent may grant up to ten (10) additional sick leave days per person per year, provided the following criteria are met:

All accumulated sick leave has been exhausted;

Appropriate documentation of the catastrophic illness shall be submitted to the Superintendent along with the request for the additional day(s); and

The additional sick leave days shall be used in accordance with the "immediate family" as defined in Section 2A of this Article.

Denial of a request for additional sick leave day(s) for catastrophic illness or injury shall be neither arbitrary nor capricious in its application. Denial of the request for additional day(s) shall be subject to the grievance procedure (Article IV).

D. Maternity Leave

For the purposes of this section, maternity leave shall be defined as the period of time immediately following: (1) the natural birth of a child or (2) the period of time after a child whom it is the intent of the employee to adopt is placed in the home. This may include a foster-to-adopt placement (as defined by Children's Services) or a private adoption.

Any employee (male or female) may use up to thirty (30) working days of sick leave during the school year for maternity leave. Holidays or days in which school is closed shall not be included in the thirty days. In the case of a Cesarean section, the employee shall be entitled to use up to forty (40) working days of sick leave during the school year for maternity leave.

For children born/placed during the summer break (the non-contracted teacher work days-184 days) the maternity leave will commence immediately following the birth/ placement of the child.

For example: A child is born/placed on August 5th, 2008 (a Tuesday) and the new teacher contract year starts on August 22nd, 2008 (Friday). The teacher will be entitled to use eighteen (18) paid sick leave days. If Cesarean is involved the teacher will be entitled to twenty-eight (28) paid sick leave days.

Any employee may invoke his/her Family Medical Leave Act privileges after or in place of the use of the above maternity leave. The unpaid FMLA leave will not run concurrently with the use of sick leave under this section.

SECTION 3 - Sabbatical Leave

Pursuant to Section 3319.131, Revised Code of Ohio, an employee who has completed five (5) years of service in this school district, upon the recommendation of the Superintendent and with the approval of the Board, will be granted a leave of absence not to exceed two (2) semesters with part pay, subject to the following conditions:

A. Eligibility

Not more than five percent (5%) of the professional staff of the district who are eligible may be granted sabbatical leave at any time.

B. Salary

An employee on sabbatical leave shall be paid a part salary equal to the difference between the substitutes pay and the employee's expected salary under the provision of Salary Schedule "A" or "B" whichever is applicable.

Pursuant to Section 3319.143, Revised Code of Ohio, an employee who is absent due to physical disability resulting from an assault which occurs in the course of Board employment will be granted leave with pay up to a maximum of ten (10) days where the nature of the disability and its duration has been verified by a physician's statement.

SECTION 5 - Leave Without Pay

Absence from duty for personal business (not covered by personal leave) and other causes not mentioned in Board Policy shall be classified as deduct days and result in full loss of pay for that absence. When deductions are made for such absences, the following method of computing a day's pay shall be as follows:

Total salary will be divided by the number of workdays on the contract.

This shall determine the daily rate and shall be used to determine the amount deducted.

Use of leave without pay during days when school is in session is prohibited unless extenuating circumstances apply. The Superintendent is responsible to assess these circumstances.

SECTION 6 – Use of the Employee Kiosk

Use of the Employee Kiosk, a computerized leave system, shall be used for the purpose of leave requests.

In the case of a request of Family Medical Leave Act requirements, this negotiated document should continue to be used along with the entering of the information to the Kiosk.

Professional leave requests shall be prepared on the Professional Meetings-Clinics form and will not be placed within the Employee Kiosk at the time of request.

If the parties are unable to reach agreement by the expiration date of their collective bargaining agreement or any extension thereof to which they have mutually agreed, and the impasse procedures of this contract have been completed without agreement, an impasse shall exist and either party may exercise all rights guaranteed to them pursuant to O.R.C. 4117.

It is agreed that this procedure substitutes for and replaces the impasse procedures contained in Chapter 4117 of the *Ohio Revised Code*, except as noted.

SECTION 3 - In-Term Bargaining

In the event that the parties enter into in-term bargaining, such bargaining shall last no longer than thirty (30) calendar days from the initial meeting of the parties. Therefore, both the Board and the Association, for the life of this Agreement, each voluntarily and unqualifiedly waives the right, and each agree that the other shall not be obligated to bargain collectively with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subjects or matters may not have been with the knowledge or contemplation of either or both of the parties at the time they negotiated or signed this Agreement.

In the event that any of the terms or the provisions of this Agreement shall be or become invalid or unenforceable by reason of any federal, state or local law now existing or hereafter enacted, or any decision of a court of last resort, such invalidity or unenforceability shall not affect or impair any other provision hereof.

EMPLOYEE RIGHTS
UNDER THE FAMILY AND MEDICAL LEAVE ACT
THE UNITED STATES DEPARTMENT OF LABOR WAGE AND HOUR DIVISION

Leave Entitlements

Eligible employees who work for a covered employer (see below) 12 weeks of service, plus certain leave in 12-month periods for the following reasons:

- To care for a child or placement of a child for adoption or foster care
- To care for a child (must be under 18 years of age at the time of placement)
- To care for the employee's spouse, child, or parent who is a qualifying serious health condition
- For the employee's own qualifying serious health condition that makes the employee unable to perform the employer's job
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent

Eligible employees who are covered service members' spouses, child, parents, or next of kin may also take up to 26 weeks of FMLA leave in a single 12-month period to care for the service member with a serious injury or illness.

An employee does not have to act based on the fact that it is medically necessary or otherwise, determine, an employer may not have discretion as to a request for leave.

Employees may choose, as an employer may require, use of accrued paid leave while using FMLA leave. If an employer provides accrued paid leave for FMLA leave, the employee must comply with the employer's usual paid leave policies.

Benefits & Protections

While employees are on FMLA leave, employer must continue health (and other) benefits as if the employee were not on leave.

Employees must follow FMLA rules, meet employees must be necessary for the same job or one closely related to it with equivalent pay, benefits, and other employment terms and conditions.

An employer may not interfere with an individual's FMLA rights or retaliate against an employee for using or trying to use FMLA leave, including any prohibition unrelated to the FMLA, or taking any action that may prevent an employee from using FMLA leave.

Eligibility Requirements

An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must:

- Have worked for the employer for at least 12 months;
- Have at least 1,250 hours of service in the 12 months before taking leave; and
- Work at a location where the employer has at least 50 employees within 75 miles of the employee's worksite.

*These "hours of service" requirements apply to entire shifts, not employees.

Employment Status

Generally, employees must give 30-day advance notice of the need for FMLA leave. If a leave position is given 60-day notice, an employee must notify the employer to use its policies and, generally, follow the employer's usual procedures.

Employers are not required to extend a medical diagnosis, but must provide enough information to the employee so it can determine if the leave qualifies for FMLA protection. Sufficient information includes informing an employee that the employee is or will be covered for purposes of FMLA and that FMLA, with a "serious health condition," daily activities, or that hospitalization or continuing medical treatment is necessary. Employees must inform employer if the need for FMLA leave was previously on leave or medical.

Employees can require a certification or periodic recertification supporting the need for leave. If the employee determines they are eligible to be on FMLA leave, a written notice (including what additional information) is required.

Employer Responsibilities

Once an employer receives a request that an employee's need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee in writing of the FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for that finding.

Employers must notify the employee if leave will be designated as FMLA leave, and FMLA leave must be used for designated FMLA leave.

Enforcement

Employees may file a complaint with the U.S. Department of Labor Wage and Hour Division, or they may file a private lawsuit against an employer.

The FMLA does not affect any benefit or other law (including discrimination or comparable pay laws) or any law or contract governing employment that provides greater benefits or other rights. For additional information or to file a complaint, (1-888-834-6363) TTY: 1-877-484-2421 U.S. Department of Labor Wage and Hour Division

Greenville City School's Board Policy – Family and Medical Leave – FMLA

The Board provides leave to eligible employees consistent with the Family and Medical Leave Act (FMLA). Eligible employees are entitled to up to 12 work weeks (or 36 work weeks for a parent or next of kin) of unpaid leave and medical leave in any 12-month period. The Board continues to pay the County's share of the employee's health benefits during the leave. In addition, the District will determine the employee's re-employment position after the employee returns to their role.

(To comply with the FMLA, the District adheres to the requirements of applicable laws and regulations.)

Introduction to Teacher Evaluation

The intended purpose of the Greenville City Schools Teacher Evaluation Process is to assess the teacher's performance in relation to the Ohio Department of Education Teaching Standards and to design a plan for professional growth. The evaluator will conduct the evaluation process in which the teacher will actively participate through the use of self-assessment, reflection, presentation of artifacts, and classroom demonstration(s).

In the spring of 2013, a District-wide committee was established to restructure the evaluation process and procedures. The committee consisted of six (6) members, three (3) representing the Association and three (3) representing the Administration. The committee developed the statement of purpose to guide its work.

Teacher Performance Evaluation Rubric

Instructions: The Teacher Performance Evaluation Rubric is intended to be scored holistically. This means that evaluators will assess which level provides the best overall description of the teacher. The scoring process is expected to occur upon completion of each thirty (30) minute observation and post-conference. The evaluator is to consider evidence gathered during the pre-observation conference, observation, post-observation conference, and classroom walkthroughs. When completing the performance rubric, please note that evaluators are not expected to gather evidence on all indicators for each classroom observation cycle. Likewise, teachers should not be required to submit additional evidence to address all indicators. The professionalism section of the rubric may use evidence collected during the pre-observation and post-observation conferences as well as information from the Professional Growth and/or Improvement Plan.

The goals are partially related to the rationale and meet some of the standards for SMART goals or the goals are related to the rationale, are SMART, but do not represent a challenge for the teacher.	The goals are fully related to the rationale; meet all of the standards for being SMART; and are challenging professional growth or improvement targets for the teacher.	In addition to meeting the proficient criteria, the goals have significant implications for student learning as well as teacher development.
Strategies	The strategies are not related to the goals and/or do not constitute reasonable methods for achieving the stated goals.	Some of the strategies are related to the goals, but one or more may not constitute a reasonable method for achieving the stated goals.	All strategies are related to the goals, and all represent reasonable and promising methods for achieving the stated goals.	In addition to meeting the proficient criteria, the strategies represent creative and/or collaborative approaches to professional development.
Outcomes	Neither of the outcomes is achieved, and none of the reasons for failing to achieve the outcomes are reasonable.	One of the outcomes is met, and the other is not or progress is made toward the outcomes, but they are not fully met.	Both outcomes are achieved or the teacher provides a reasonable explanation of progress and why one or both goals were not fully achieved.	In addition to meeting the proficient criteria, the teacher displays a reflective disposition toward the outcomes and their implications for future practice and student learning.

Teacher Evaluation System Model

Implementing the OTES Model: Holistic Rating

Using Evidence to Inform Holistic Performance Ratings

Defining the Performance Ratings

In accordance with Ohio Revised Code 3319.112 the rubric describes four levels of teacher performance for each standard area. Each performance rating can also be described in more general terms, as a holistic rating of teacher performance:

<p>Ineffective:</p> <p>A rating of Ineffective indicates that the teacher consistently fails to demonstrate minimum competency in one or more teaching standards. There is little or no improvement over time. The teacher requires immediate assistance and needs to be placed on an improvement plan.</p>	<p>Developing:</p> <p>A rating of Developing indicates that the teacher demonstrates minimum competency in many of the teaching standards, but may struggle with others. The teacher is making progress but requires ongoing professional support for necessary growth to occur.</p>	<p>Skilled:</p> <p>A rating of Skilled indicates that the teacher consistently meets expectations for performance and fully demonstrates most or all competencies. This rating is the rigorous, expected performance level for most experienced teachers.</p>	<p>Accomplished:</p> <p>A rating of Accomplished indicates that the teacher is a leader and model in the classroom, school, and district, exceeding expectations for performance. The teacher consistently strives to improve his or her instructional and professional practice and contributes to the school or district through the development and mentoring of colleagues.</p>
--	---	--	--

Teacher Evaluation relies on two key evaluation components: a rating of Teacher-Performance and a rating of student academic growth, each weighted at fifty percent of each evaluation. The following guidance speaks to the Teacher Performance rating component, utilizing the state model Teacher Performance Evaluation Rubric. *The following is suggested step-by-step guidance for evaluators to review and analyze multiple data points that inform teacher performance ratings.*

Step 1: Gather evidence

1a. Align evidence to each standard area. Group the evidence you have collected from time in the classroom, conferences and everyday interactions with the teacher into the ten standard areas of performance described by the Teacher Performance Evaluation Rubric.

1b. Be consistent in gathering, recording, and sharing detailed, factual evidence. Capture enough detail to accurately but succinctly describe the event, interaction, or behavior factually (without implied judgment or opinion in the recording). Share the form with teachers throughout the year so that the information can be used as a basis for changes in practice.

1c. Sort the evidence by standard area to determine where more information is needed. As the year progresses, holes in evidence coverage across standard areas may emerge. If the evidence collected is organized by standard area after each interaction, it will be automatically sorted by standard area and missing evidence will be apparent. Keep these standard areas in mind during future interactions with the teacher, since all standard areas are important for effective teaching practice.

Step 2: Issue a holistic performance rating

2a. Read all of the evidence collected up to that point within a standard area, looking for patterns. For example, if a teacher talks about wanting to improve an instructional technique in a pre-conference, demonstrates that technique in the first formal classroom observation and an informal classroom "walk-through" and asks for feedback on the

technique in the post-conference, that teacher is displaying a pattern of devoting attention to a particular area of practice. Note these patterns and take them into consideration when issuing a rating.

2b. Compare the evidence and patterns to the performance descriptors. After becoming familiar with the rubric, start by re-reading all of the Proficient performance descriptors in a standard area. Does the evidence exemplify this level of performance? Whether yes or no, look at the Accomplished or Developing performance level descriptors as well, to decide if either of them better aligns with the available evidence. If the Developing descriptor seems to be an appropriate match to the evidence, also read the Ineffective descriptor carefully to consider whether any evidence is at this level.

2c. Repeat the process above for each standard area, and then consider patterns of performance across standard areas. Once you determine a rating for each standard area, based on the available evidence from multiple interactions, look at the larger picture of performance across all standard areas. Although all standard areas are important for effective teacher practice, you may find it appropriate to more strongly weight patterns of behavior in one standard area over another. For example, if the teacher demonstrates a pattern of Developing behavior in the standard areas of Classroom Environment and Resources but exhibits solidly Proficient patterns of behavior in the standard area of Knowledge of Students and Lesson Delivery, you may use your knowledge of the situation to make sense of this information, finding that performance in the former two areas inhibits performance in other areas. As another example, you may find that some of the lost instructional time observed within a classroom is offset by the teacher's intense attention to individual student needs demonstrated throughout the class time and elsewhere. In a different case, however, you might observe that a pattern of classroom management issues such as lost instructional time is significant enough to overshadow the teacher's proficient performance in other categories. The key point is that no one standard area of performance should be considered in isolation, but should be analyzed in relation to all other areas of performance.

Step 3: Issue the end-of-year performance rating

3a. Consider all evidence from the year, paying attention to trends. In order to issue a teacher's final performance rating for the year, return to the body of collected evidence rather than just the earlier standard area- or holistic ratings. Use the process outlined to reconsider the evidence in each standard area across the arc of the entire year, taking into account observations, all conferences, and daily interactions. During this step, it is particularly important to consider trends in the teacher's performance over time. Was the teacher consistent in his or her practice, did he or she improve, or did the teacher decline in one or more areas? If a pattern of evidence in a particular standard area displays a trend of behavior or practice, the evaluator may consider placing more emphasis on the area improvement or decline.

3b. Consider minimum thresholds of competency. Flag any instance of an Ineffective rating as you prepare to issue the final performance rating. While the example of Ineffective behavior should be examined within the entire context of the evidence collected for the teacher, consider that there are minimum thresholds of competency for each of the ten standard areas described in the Teacher Performance Evaluation Rubric. It is possible that a serious deficiency in one area can and should carry more weight than positive ratings in other areas. Rely on your professional judgment, supported by the evidence you have gathered, to decide if this evidence of ineffective practice is grounds to issue a final ineffective rating, taking into account how detrimental the displayed deficiency is to the teacher's classroom, colleagues and school as a whole.

3c. Issue the final performance rating, summarize the supporting evidence, and offer areas of reinforcement and refinement. Complete the performance rating process by documenting the final teacher performance rating. Support your rating with evidence from formal and informal observations, artifacts provided by the teacher, and other appropriate evidence collected throughout the evaluation cycle. Provide succinct, targeted feedback on what professional growth needs to occur so that teachers have a clear understanding of the path to continuous growth and, improvement and have concrete examples of supports that will help them improve practice.

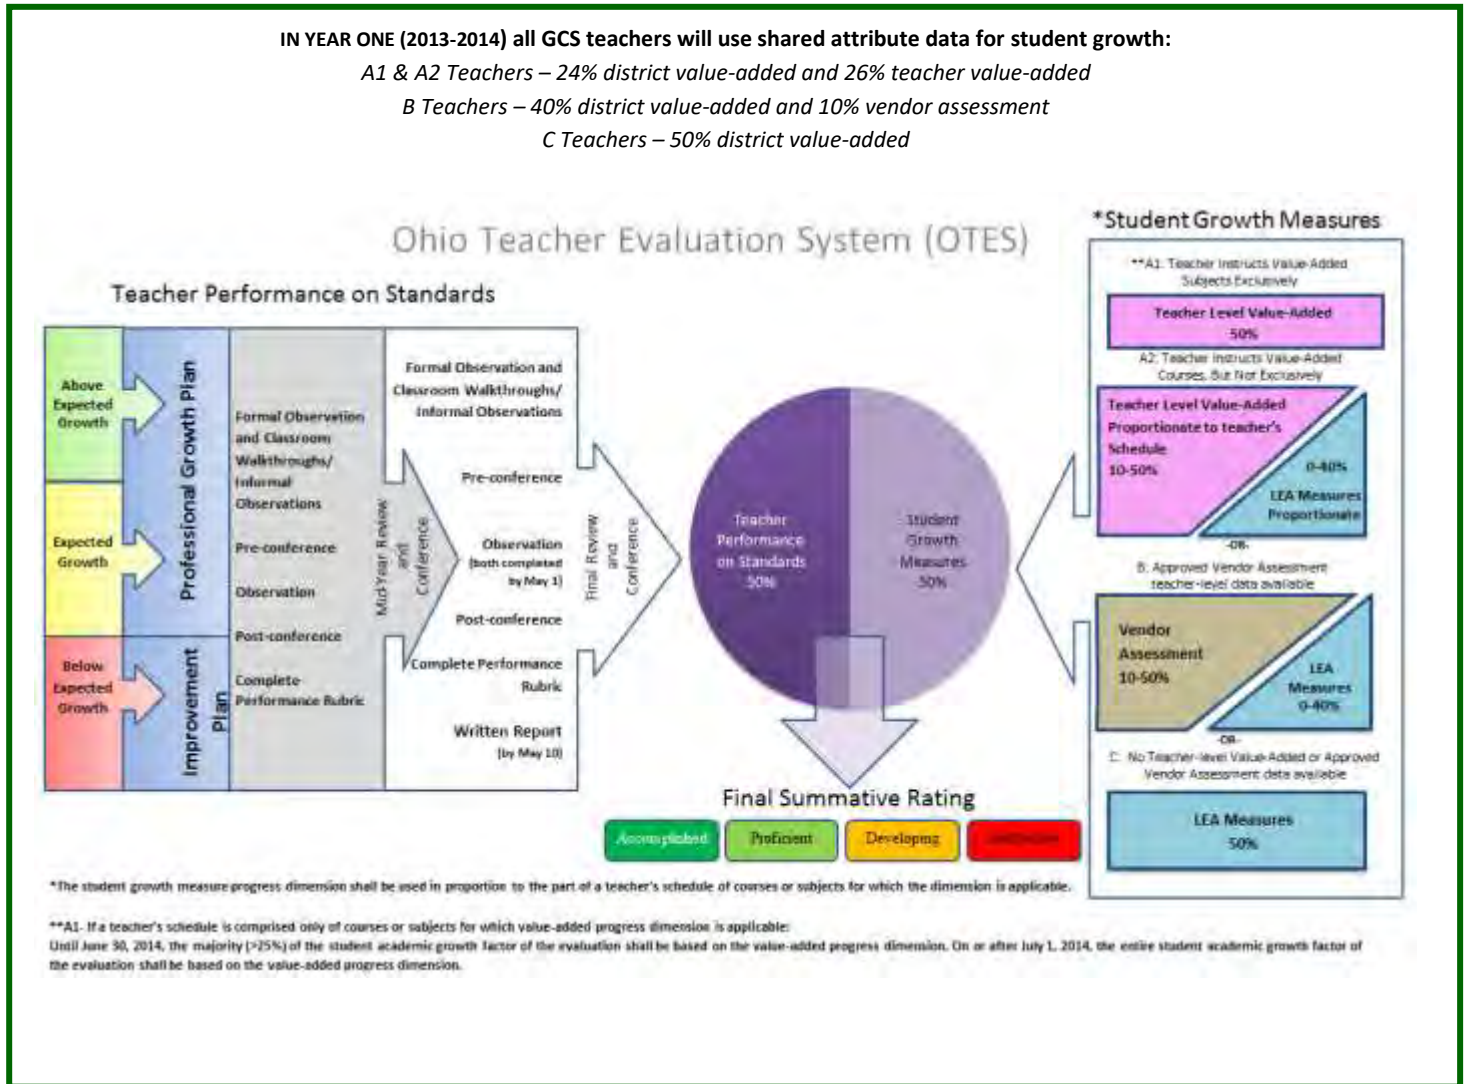

Teacher performance and student growth measures are combined in a summative teacher evaluation rating:

IN YEAR ONE (2013-2014) all GCS teachers will use shared attribute data for student growth:

A1 & A2 Teachers – 24% district value-added and 26% teacher value-added

B Teachers – 40% district value-added and 10% vendor assessment

C Teachers – 50% district value-added

Combining Teacher Performance and Student Growth Measures

Each category's sub-scores are combined on the lookup table to determine rating. The vertical axis of the lookup table represents student growth measures, and the horizontal axis on the table represents teacher performance. By using the lookup table, a final summative rating will be determined.

Student Growth		Performance		Final Summative Rating	
• Most Effective (5)	600	• Accomplished (4)	600	• Accomplished	500-600
• Above Average (4)	400	• Skilled (3)	400	• Skilled	300-499
• Average (3)	300	• Developing (2)	200	• Developing	100-299
• Approaching Average (2)	200	• Ineffective (1)	0	• Ineffective	0-99
