BY AND BETWEEN THE

CITY OF CINCINNATI

AND

CINCINNATI FIRE FIGHTERS UNION LOCAL 48

INTERNATIONAL ASSOCIATION OF FIRE FIGHTERS, AFL-CIO

THIS AGREEMENT is made between the City of Cincinnati, hereinafter referred to as the "City," and Cincinnati Fire Fighters Union Local 48, International Association of Fire Fighters, AFL-CIO, hereinafter referred to as the "Union."

WITNESSETH:

MISSION STATEMENT

The Cincinnati Fire Department and the Cincinnati Fire Fighters Union Local 48 are committed to providing the best quality service to the citizens of Cincinnati. We will provide professional and safe response to fire, explosive, medical, and environmental emergencies. We are dedicated to minimizing the loss of life and property through suppression, rescue, education, enforcement, investigation, and other innovative programs.

ARTICLE 1 - CONTRACT SUPREMACY

Unless otherwise provided herein, the terms and conditions of employment set forth in this Agreement are subject to the laws of the United States, the State of Ohio, the City of Cincinnati and all applicable Administrative Rules and Regulations, which have the effect of law. In the case of conflict between the terms and conditions herein and otherwise applicable State and local law or regulation, this Agreement shall prevail pursuant to Ohio Revised Code §4117.10(A).

ARTICLE 2- RECOGNITION

The City of Cincinnati shall recognize Local 48, Cincinnati Fire Fighters Union, International Association of Fire Fighters, AFL/CIO as the sole and exclusive bargaining agent for all members of the Cincinnati Fire Department in all sworn ranks up to and including members of the rank of District Chief in all matters pertaining to wages, hours of work, fringe benefits and working conditions.

ARTICLE 3- DEFINITIONS

Member or employee shall mean a sworn employee of the Cincinnati Fire Department who is represented by the union.

The male pronoun or adjective where used refers to female also, unless otherwise indicated.

ARTICLE 4- WAGES, FRINGE BENEFITS AND WORKING CONDITIONS

Section 4.1 The wages, fringe benefits and working conditions for employees covered by this Agreement shall be in accordance with the specific articles provided herein. Wage rates

under this Agreement are as established for the appropriate classification in Division 2 of Chapter 307 of the Cincinnati Municipal Code.

Section 4.2 Negotiated changes in wages paid to employees covered by this Agreement are established in Appendix A, which is attached hereto and made a part hereof.

ARTICLE 5- MANAGEMENT RIGHTS

The Union recognizes that the employer expressly maintains all management rights set forth in Ohio Revised Code §4117.08(C), 1-9. With respect to those management rights, the City of Cincinnati shall have the clear right to make decisions in all areas, on a unilateral basis, and such decisions, except as provided herein, shall not be subject to the grievance procedure.

The exercise by the City of Cincinnati of, its waiver of, or its failure to exercise its full right of management on any matter or occasion shall not be precedent or binding on the City, nor the subject or basis of any grievance. The City's right of management shall not be amended or limited by any claim or unwritten custom, past practice or informal agreement.

Nothing in this article shall abrogate or alter the other articles of this agreement.

ARTICLE 6- GRIEVANCE PROCEDURE / REVIEW PANEL

A grievance is an allegation that a term or terms of this Agreement have been violated by the City of Cincinnati, the Cincinnati Fire Department or their respective agents or officers. The Union is the sole and exclusive bargaining agent for all members, and the City has expressed its prior intent to refuse to recognize any grievance beyond Step 1 not previously reviewed, approved and filed by the Union. The Union further agrees that it has a duty to represent fairly all bargaining unit members during the administration and enforcement of this Agreement and shall not act in an arbitrary, discriminatory or capricious manner or in bad faith.

Disciplinary grievances involving suspensions (or equivalent loss of time) of more than 48hours (or 40-hours for 40-hour members) without pay, demotion, discharge, or termination shall advance automatically to Step 2 of the grievance procedure.

Local 48 may initiate a grievance as the grievant, in its own name, on behalf of the membership, provided such grievance is filed in writing within the timeframes stipulated contained in this article.

Step One: Company Officer or Appropriate Supervisor Level

The grievance must be presented in writing to the Company Officer or appropriate supervisor within fifteen (15) calendar days of the date on which the grievant became aware of the incident causing the grievance. The Company Officer or appropriate supervisor will attempt to adjust the grievance and must render his decision within fifteen (15) calendar days of the date the grievance was presented to him. In the event a Company Officer or appropriate supervisor has no authority to adjust the grievance, he shall forward said grievance to the next level of command that does have the authority to adjust the grievance. In the event that the grievance directly involves the member's Company Officer or appropriate supervisor, he shall forward said grievance to the next level of command that does have the authority to adjust the grievance.

In the event the Company Officer or appropriate supervisor fails to adjust the grievance to the satisfaction of the grievant, the grievance shall be presented at Step Two within forty-five (45) calendar days from the date on which the grievant became aware of the incident causing the grievance.

Procedure for grievances beyond Step One:

If the grievant is not satisfied with the adjustment, if any, in Step One, and wishes to carry his grievance further, the following provisions shall be observed. The grievance shall be submitted on a Union Grievance Form, with a full statement of particulars, and each succeeding step of the grievance procedure must be initiated within ten (10) calendar days of receipt of the decision being appealed. When any grievance goes beyond Step One, the Union and the City shall meet within ten (10) calendar days after the grievance has been submitted, unless both parties agree that a meeting is not necessary. Once the grievance has been submitted at the Step Two level, no additions or changes may be made to the original statement of particulars as the grievance progresses through additional steps of the grievance procedure.

A written decision shall be made by the higher level of supervisor at each step within ten (10) calendar days of the meeting between the parties.

Step Two: Fire Chief Level.

If the Union is not satisfied with the decision or adjustment at Step One, it shall present the grievance on the Union Grievance Form to the Fire Chief or his designee. The Fire Chief or his designee shall issue a written response within ten (10) calendar days of the date the grievance was presented if there is no meeting between the parties, or, if there is a meeting, within ten (10) calendar days thereafter.

Step Three: Mediation Level.

If the Union is not satisfied with the decision or adjustment at Step Two, the Union may, within ten (10) calendar days after receipt of the Step Two decision, submit the grievance for grievance mediation in accordance with the procedures in Appendix C.

However, parties may mutually agree not to mediate a particular grievance and advance the grievance directly to Step 4 Arbitration Level. If either party requests grievance mediation, the parties shall mediate the grievance in accordance with the procedures in Appendix C.

Step Four: Arbitration Level.

If the Union is not satisfied with the decision or adjustment at Step Two or Step Three, whichever is applicable, it may submit the grievance to the Director of Human Resources or his designee with notice that the grievance is being posted for arbitration, and a copy of a "Request for Arbitration Panel" signed by the appropriate Union officials.

The Director of Human Resources or his designee may adjust the grievance in favor of the Union or submit the matter to arbitration. If the Director of Human Resources or his designee fails to adjust the grievance or sign the "Request for Arbitration Panel," the "Request for Arbitration Panel" shall be filed by the Union, in writing, with the American Arbitration Association ("AAA") or the Arbitration and Mediation Service (AMS) within twenty (20) calendar days from the date the grievance was presented to the Director of Human Resources or his designee, with a copy of said notice to the Director of Human Resources or his designee. The AAA or AMS shall forward a list of nine (9) arbitrators to the parties, and the selection and conduct of the arbitration shall be in accordance with AAA or AMS rules.

The arbitrator shall have no authority to amend, modify, nullify, ignore, add to, or subtract from the specific provision of this Agreement. He shall only consider and make a decision with respect to the specific issue submitted to him by the parties, and shall

have no authority to make a decision on any other issue not so submitted. To the extent that the arbitrator's decision is in accordance with the provisions of this Section, it shall be final and binding on all parties. The cost of the arbitrator shall be paid by the party whom the arbitrator rules against.

Grievances Not Filed Within Stated Time Limits: Any grievance not filed within the stated limits or grievances not pursued by the Union shall be deemed settled on the basis of the City's last answer. Any grievance not taken up by Management within the stated time limits will be moved to the next step. However, time limits may be extended by mutual agreement between parties if exceptional or unusual circumstances or conditions exist.

Grievances Concerning Pay Step Denials: If a grievance on a pay step denial is granted, a gross pay adjustment shall be made to the date the pay step should have gone into effect.

Lawsuits or Administrative Charges: A member filing a lawsuit or administrative charge waives his right to file a grievance or to seek arbitration on the matter in dispute.

Disciplinary Actions: Disciplinary actions that are appealable to the Civil Service Commission may, at the option of member, be appealed to either the Civil Service Commission or taken through the above grievance and arbitration procedure, but not both. If the grievance and arbitration procedure is selected, the grievance may be advanced directly to Step Three or Step Four by mutual agreement of the parties. In the event that the member elects to appeal to the Civil Service Commission, he or she shall have forty (40) calendar days from the date the disciplinary action is served in which to convert the appeal to the grievance arbitration process.

Legal Representation and Witnesses: The Union shall be permitted to have legal representation

at any level of the Grievance Procedure beyond Step Two.

The Union and/or grievant shall have the right to have witnesses at any level of the grievance hearing or Review Panel. However, only one (1) on-duty witness shall receive full pay and benefits for all on-duty time spent at the hearing.

Disciplinary Actions up to and including Twenty-Four (24) Hours: shall be submitted to either; the Review Panel or where applicable, the Civil Service Commission ("CSC").

A list of members for the Review Panel shall be established. The list shall consist of members of the Fire Department who are covered by this Labor Management Agreement. They shall volunteer to serve for a period of one (1) year.

The city shall not be required to back-fill on overtime for the presence of a member/grievant, witness, or panelist while they are in attendance at a Review Panel hearing.

For each day that reviews are scheduled, three (3) panelists shall be selected by lot by drawing names in the presence of the Fire Chief and the President of Local 48, or their designated representatives. Panelists shall only be permitted to review discipline of bargaining unit members of their own rank. In the event that there are not a sufficient number of panelists willing to serve at the effected members rank, the panel shall be open to all other ranks. No member who is assigned to the same company or who is related by blood or marriage to a member/grievant shall be eligible to serve on that day's panel. No member who signed off on the member's discipline or who is related by blood or marriage to any member who signed off on the discipline shall be eligible to sit on that day's Review Panel.

All cases to be heard by a particular panel shall be identified prior to the selection of the panel. The Panel shall hear all of the cases within fourteen (14) calendar days after it's selection and shall determine if there was just cause for the disciplinary penalty. The Panel may affirm, reverse or reduce the disciplinary penalty and shall issue its written decision within seven (7) calendar days. The decision of the Review Panel shall be final and binding.

Eligibility to be a member of the Review Panel shall be limited to members with at least three (3) years experience in the Fire Department. Panelists may not have any sustained suspensions or demotions within the previous three (3) calendar years. Each prospective panelist must undergo two (2) hours of mutually developed mandatory training.

The member shall be entitled to a representative of his/her choice and to call witnesses. The Review Panel shall be entitled to review all investigative records, interviews, or any other records relating to the issue to be decided.

All Review Panel members shall be free from coercion, intimidation, discrimination, threats or other detrimental actions based on their activities on the Review Panel.

The Review Panel Rules are outlined in the mutually agreed upon side letter. Changes to the side letter may be made only with mutual agreement between the City and the Union.

APPENDIX C- GRIEVANCE MEDIATION PROCEDURES

In recognition of the desirability of resolving disputes by mutual agreement, the Union and the City, hereinafter referred to as the “parties,” mutually agree to the following policies and procedures for the mediation of grievances pending arbitration, pursuant to the provisions of Article 6 of the collective bargaining agreement between the parties.

1. Grievance mediation is available to the parties at Step Three of the grievance procedure.
2. A grievance will be referred to mediation at the request of the Union unless the parties mutually agree to not mediate a particular grievance.
3. The parties shall mutually agree to a mediator to serve in the capacity of grievance mediator. The mediator must be an experienced mediator and/or arbitrator with mediation skills. The mediator may serve as an arbitrator for the same issue for which he or she is a mediator only with the agreement of both parties.
4. The mediator will be asked to provide a schedule of available dates. Cases will be scheduled in a manner which assures that the mediator will be able to handle multiple cases on each date, unless otherwise mutually agreed.
5. The grievant shall be represented by the Union and shall have the right to be present at the mediation conference. The City and the Union may each have no more than three (3) representatives (not counting the grievant) as participants in the mediation effort. Neither party shall be represented by an attorney. On the day of the mediation, persons representing the parties shall be vested that day with full authority to resolve the issues being considered.
6. The mediator may employ all of the techniques commonly associated with mediation,

including private caucuses with the parties. The taking of oaths and the examination of witnesses shall not be permitted, and no verbatim record of the proceeding shall be taken. The purpose of the mediation effort is to reach a mutually agreeable resolution of the dispute. There will be no procedural constraints regarding the review of facts and arguments. There shall be no formal evidence rules. Written materials presented to the mediator will be returned to the party presenting them at the conclusion of the mediation conference.

7. Mediation efforts will be informal in nature and shall not include written opinions or recommendations from the mediator unless mutually agreed to by the parties and the mediator. In the event that a grievance which has been mediated is appealed to arbitration, there shall be no reference in the arbitration proceeding to the fact that a mediation conference was or was not held. Nothing said or done by the mediator or the parties may be referenced or introduced into evidence at the arbitration hearing.
8. At the mediation conference the mediator shall first seek to assist the parties in reaching a mutually satisfactory settlement of the grievance which is within the parameters of the collective bargaining agreement. If a settlement is reached, a settlement agreement will be entered into in writing at the mediation conference. The mediator shall not have the authority to compel the resolution of a grievance.
9. If a grievance remains unresolved at the end of the mediation conference the mediator may, if requested by either party, render a verbal opinion as to how the grievance is likely to be decided if it is presented at arbitration. This opinion is non-binding and inadmissible in any subsequent arbitration proceeding.

10. If a settlement is not reached, the matter may go forward to Step Four Arbitration Level.
All applicable time limits for appealing a grievance to arbitration contained in the collective bargaining agreement shall commence on the day of the mediation conference.
11. The dates, times and places of mediation conferences will be determined by mutual agreement of the parties. Each party shall designate a representative responsible for scheduling mediation conferences.
12. The parties agree to hold grievance mediations within 30 calendar days after a grievance is advanced to mediation, provided the mediator has dates available in that 30 calendar day period. If the mediator does not have available dates in the 30 calendar day window, the first available date that works for both parties shall be used.
13. The fees and expenses to be charged by the mediator shall be negotiated between him or her and the parties. Fees and expenses for grievance mediation shall be paid equally by the City and the Union.
14. The parties agree to mutually examine and review the grievance mediation process and procedures adopted herein twelve (12) months from the date of execution of the collective bargaining agreement. The purpose of said examination and review is to revise, alter, correct or otherwise improve the grievance mediation process and procedures if such is deemed necessary.

APPENDIX E - EMPLOYEE ALCOHOL AND DRUG TESTING

Section 1. Statement of Policy.

It is the policy of the City of Cincinnati that the public has the right to expect persons employed by the City in its Fire Department will be free from the effects of drugs and alcohol. The City, as the employer, has the right to expect its employees to report for work fit and able for duty and to set a positive example for the community. The purposes of this policy shall be achieved in such manner as not to violate any established constitutional rights of the employees of the Fire Department.

Section 2. Testing Information.

All employees shall be informed of the Fire Department drug and alcohol testing policy. No employee shall be tested before they have been provided a reasonable opportunity to obtain this information.

Section 3. Prohibitions.

Employees shall be prohibited from:

- a) Reporting to work or working under the influence of alcohol;
- b) Consuming alcohol at any time during the workday or consuming alcohol anywhere on any City premises or job sites, including City buildings, properties, vehicles and the employee's personal vehicle while engaged in City business, (provided that employees who decline overtime opportunity due to consuming alcohol four (4) hours prior to the start of work shall not be penalized in terms of their position on the overtime list or disciplined for declining a call-out for this reason);
- c) Possessing, using, selling, purchasing, manufacturing, dispensing or delivering any illegal drug at any time and at any place;

- d) Abusing any prescription drug;
- e) Failing to adhere to any limitations or restrictions imposed by their physicians in connection with any prescribed medications, and immediately reporting to their supervisor any restrictions imposed by their physicians.

Section 4. Drug and Alcohol Testing Permitted.

- A. i. Reasonable Suspicion. Reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the employee. The observations may include indications of chronic and/or withdrawal effects of alcohol/drugs. The supervisor shall record, in writing, his observations which created a reasonable suspicion. The supervisor shall immediately seek a second supervisor to confirm such suspicion. The second supervisor shall also record, in writing, his observations which confirm reasonable suspicion.
- ii. When reasonable suspicion that an employee is under the influence of drugs/alcohol is documented, the employee will be immediately removed from duty. The employee shall be immediately transported to the City's designated collection site for drug/alcohol testing, by a supervisor.

The department shall take all reasonable steps to prevent the employee from driving, up to and including transporting the employee home if necessary. If it is not possible to prevent the employee from driving, the Department shall notify the Police. After drug/alcohol testing, the employee will be placed in a SWP or SWOP status until the drug/alcohol test results are known.

- iii. If a reasonable suspicion alcohol test is not administered within two hours

following the determination that the employee should be tested, the supervisor shall prepare and maintain on file, a written record stating the reasons the test was not administered. If an alcohol test or drug test is not administered within eight hours of determination, attempts to administer an alcohol test shall cease, and the supervisor shall state in the written record the reasons for not administering the test. Employees shall not be subjected to random medical testing involving blood or urine analysis or other similar or related tests for the purpose of discovering possible drug or alcohol abuse, except as specifically provided for in this Appendix E.

- B. Random Testing. During the workday, employees are subject to random testing for drugs or alcohol. The annual number of such random tests shall total a maximum of 200 employees covered by this Contract. The 200 set forth above shall be divided as follows: a maximum of 80 of the members shall be tested for Alcohol and a maximum of 120 of the members shall be tested for drugs. Such tests shall be spread reasonably throughout the year. The City shall contract with an outside contractor who shall select employees for random testing using a scientifically valid method and lists of employees supplied by the City each month.

Employees notified of their selection for random testing shall proceed immediately to the collection site. Employees who are on approved leave, off duty, or already absent at the time of their selection will be excused but remain subject to future random testing.

- C. Post Accident. An Employee driving on duty who is involved in a vehicular accident, or an employee driving a city vehicle whether on or off duty, shall be tested for drugs and

alcohol as soon as practical following the accident if any of the following occurs:

- i. The accident involves the loss of human life or bodily injury to any person who, as a result of the injury, receives emergency medical treatment away from the scene of the accident; or
- ii. The driver receives a citation under state or local law for a moving traffic violation arising from the accident or;
- iii. One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be towed away from the scene;
- iv. The accident causes damage to property other than a motor vehicle and the investigating supervisor reasonably believes that the property damage is of an amount greater than \$5,000.00

Notwithstanding the above, when the investigating supervisor determines immediately after the accident that the accident was not caused by negligence on the part of the employee, (e.g. the employee is stopped and gets rear-ended by another driver), the employee will not be required to submit to post-accident testing.

Section 5. Order to Submit to Testing.

An employee's refusal or failure, when ordered, to promptly submit to a test permitted by and properly ordered under the provisions of this Appendix shall subject the employee to discipline, but the employee's taking of the test shall not be construed as a waiver of any objection or rights that he may possess. The principle of "obey and then grieve" shall apply in the event of a dispute over whether a test is permitted and properly ordered under this Appendix.

Section 6. Test to be Conducted.

In conducting the testing authorized by this Contract, the City shall comply with the following:

- a) The lab performing drug tests shall be federally certified to do drug testing. The facility collecting and testing breath specimens shall hold all legally necessary licenses and be agreed to by the Union.
- b) Collection of breath and urine samples shall be conducted in a manner which is consistent with HHS guidelines. Strict chain of custody procedures which are consistent with HHS guidelines must be followed for all samples. The Union and the City agree that the security of the specimens is absolutely necessary. Therefore, the City agrees that if the chain of custody of a sample is broken in any way, any positive test shall be invalid and may not be used for any purpose.
- c) Urine specimens shall be collected in private, except in the circumstances described in 49 C.F.R. §40.25(e)(2), or as set forth herein.
- d) A split urine sample shall be collected in all cases of drug testing for an independent analysis in the event of a positive test result. All urine samples must be stored and preserved in a manner that conforms to HHS guidelines.
- e) Employees have the right for a Union representative to be present during any pre-collection interviews of employees intended to determine whether reasonable suspicion exists, but the exercise of such right shall not unreasonably delay the collection of the sample. For alcohol tests, "unreasonable delay" means twenty (20) minutes or more; for drug tests, "unreasonable delay" means two (2) hours. Prior to submitting a urine or breath specimen, the employee will be required to sign a consent-refusal form and will

be subject to discipline for refusing to sign such a form; provided, an employee's refusal to consent is not a waiver of any objection to the test the employee would otherwise have.

- f) The City's drug testing lab will confirm any urine sample that tests positive in initial screening for drugs by testing a portion of the same sample by gas chromatography/mass spectrometry (GC/MS). All positive confirmed samples and related paperwork must be retained for at least twelve (12) months or (provided written notice is given the lab by the City or Union, before the expiration of the twelve (12)-month period) for the duration of any grievance, disciplinary action or legal proceeding, whichever is longer.
- g) The City will provide employees who test positive for alcohol or drugs with an opportunity to have the split urine or blood specimen tested by a clinical laboratory or hospital facility of the employee's choosing, at the employee's own expense, providing the employee notifies the City within seventy-two (72) hours of receiving the positive results and provided further that the laboratory or clinic and the testing procedure, including chain of custody, meets or exceeds the standards established in this Appendix. If the drug/alcohol test from the laboratory chosen by the employee is negative, the city will fully reimburse the member for the cost of the second drug/alcohol test.
- h) The City will require that its drug testing lab and breath testing facility report that a specimen is positive only if both the initial screening and confirmation test are positive. Drug test results shall be evaluated by the Medical Review Physician in a manner to ensure that an employee's legal drug use and diet are properly taken into account when evaluating the test results. For the purpose of this Appendix, a positive drug test result

means the presence of drugs and/or their metabolites in an employee that equals or exceeds the levels set forth in Section 7 below. The parties agree that should any information concerning such testing or the results thereof be obtained by the City inconsistent with the understandings expressed herein (e.g., billings for testing that reveal the nature or number of tests administered), the City will not use such information in any manner or form adverse to the employee's interests.

- i) With regard to alcohol testing, the vendor contracted by the City shall assure that only federally certified individuals using certified equipment shall conduct initial tests. An initial positive alcohol level of .04 grams per 210L of breath shall be considered positive for purposes of authorizing the conduct of the confirming alcohol test. If initial screen results are negative, i.e., below the positive level, testing shall be discontinued, all samples destroyed and records of the testing expunged from the employee's personnel file. Only employees with screen test results that are positive on the initial screen shall be subject to confirmation testing for alcohol. With respect to confirmation testing, a positive alcohol level shall be .04 grams per 100 ml of blood. If confirmatory testing results are negative, i.e., below the positive level, all records of the testing shall be expunged from the employee's personnel file.
- j) Provide each employee tested with a copy of all information and reports received by the City in connection with the testing and the results.

Section 7. Drug Testing Standards (HHS Standards).

- A. Screening Test Standards. The lab shall use an immunoassay which meets the requirements of the Food and Drug Administration for commercial distribution. The following initial immunoassay test cutoff levels shall be used when screening urine

specimens to determine whether they are negative for the eight (8) drugs or classes of drugs:

Initial Test Level

Marijuana metabolites.....	50ng/ml
Cocaine metabolites.....	300ng/ml
Opiate metabolites*	2000ng/ml

*If immunoassay is specific for free morphine, the initial testing level is 25ng/ml. (These numbers may be revised to remain consistent with HHS guidelines.)

- B. Confirmatory Test Standards. All urine specimens identified as positive on the initial screening test shall be confirmed using GC/MS techniques at the cutoff levels listed below. All confirmations shall be by quantitative analysis.

Confirmatory Test Levels

Marijuana metabolites*	15ng/ml
Cocaine metabolites**	150ng/ml
Opiates: Morphine.....	2000ng/ml
Codeine.....	300ng/ml

(These numbers may be revised to remain consistent with HHS guidelines.)

- C. Testing for Other Prescription Drugs. Any tests for prescription drugs not listed above shall use the screening test cut-off levels and the confirmatory GC/MS test cut-off levels for such drugs established by the testing laboratory selected by the City in accordance with the standards established by this Contract or HHS standards, if any.
- D. Medical Review Physician ("MRP"). The Medical Review Physician must be a licensed physician who is familiar with the characteristics of the tests used (sensitivity, specificity, and predictive value) and the facilities running the tests. The MRP shall not be 1. Affiliated with the City's Employee Health Service or 2. An employee of the City of Cincinnati. The role of the MRP will be to review and interpret positive drug test results. He shall examine alternate medical explanations for any positive test results. This may include conducting a medical interview with the affected employee, review of the employee's medical history, review of the chain of custody and review of any other relevant biomedical factors. The MRP must review all medical records made available by the testing employee when a confirmed positive test could have resulted from legally prescribed medication. An employee shall be expected to cooperate promptly with the MRP. The MRP may verify a test as positive without interviewing the affected employee if more than five (5) days elapse after the MRP first attempts to telephone the employee.
- E. Return to Duty: Prior to returning to duty after testing positive for drugs/alcohol the employee shall submit to a drug/alcohol test. The employee may return to duty once a negative drug/alcohol test has been obtained. The employee shall be administered the

same screen(s) (drug and/or alcohol) that was used in obtaining the original positive result.

Section 8. Disciplinary Action.

The City will not discharge an employee who tests positive a first time, but may suspend such employee. The length of such suspension shall be determined on a case-by-case basis but shall not exceed two 24-hour shifts (for 48-hour employees) or 4 (four) 10-hour calendar days (for 40-hour employees) unless the employee has failed before the end of such suspension period to provide the City with the results of an evaluation. This limitation on discipline shall not limit the City in imposing additional discipline for gross misconduct which may be coincident with an employee's improper drug or alcohol use. In order to avoid additional discipline, the employee (who tests positive the first time) must:

- a) Cooperate in an evaluation for chemical dependency by an individual qualified under 49 C.F.R. Part 382 to be a Substance Abuse Professional and provide the City with a copy of the evaluation;
- b) Successfully complete all counseling, treatment or after-care (of up to twelve (12) months) recommended by the Substance Abuse Professional;
- c) Discontinue (and not resume) the use of illegal drugs and/or misuse of alcohol;
- d) Agree to authorize all persons involved in evaluating, counseling, diagnosing and treating the employee to disclose to the personnel specified in Section 12, the employee's evaluation, progress, cooperation, drug and alcohol use and successful completion or non-completion of counseling and treatment, and any threat to property or safety involved in the employee performing job duties or returning to active duty;

- e) Agree to submit to follow-up testing, at times determined by the City, up to eight (8) times per twelve (12) month period for thirty-six (36) months, (i.e., the thirty- six (36) month period beginning after the employee's return from suspension); and,
- f) Agree that during this period in (e), above, if the employee tests positive again or otherwise violates this Appendix the employee may be subject to discipline.

Employees who do not agree to act or who do not act in accordance with the foregoing shall be subject to discipline. This Appendix shall not be construed as an obligation on the part of the City to retain an employee on active status throughout the period of rehabilitation if it is appropriately determined that the employee's current use of alcohol or drugs prevents such individual from performing his duties or whose continuance on active status would constitute a direct threat to the property and safety of others.

Employees who test positive more than once are subject to discipline. Employees who refuse to cooperate in a permitted test are subject to discipline.

Section 9. Right of Appeal.

The employee has the right to challenge the results of the drug or alcohol tests and any discipline imposed. Any evidence concerning test results which is obtained in violation of the standards contained in this Appendix shall not be admissible in any disciplinary proceeding involving the employee.

Section 10. Voluntary Request for Assistance.

An employee may voluntarily enter rehabilitation without a requirement of prior testing. Any employee who does so shall not be disciplined, provided such employee has not been directed to take a test prior to submission to voluntary rehabilitation, but the employee must:

- a) Agree to cooperate in and successfully complete appropriate treatment as determined by the Substance Abuse Professional(s) or physician(s) involved;
- b) Discontinue use of illegal drugs or misuse of alcohol;
- c) Agree to authorize persons involved in counseling, diagnosing and treating the employee to disclose to the City's personnel as specified in Section 12, the employee's progress, cooperation, drug and alcohol use, completion or non- completion of counseling and treatment and any threat to property or safety perceived in connection with the employee's continued performance of his or her job duties;
- d) Complete any course of counseling or treatment prescribed, including an "after- care" group for a period of up to twelve (12) months; and,
- e) Agree to submit to random testing up to eight (8) times per twelve (12) month period for the following thirty-six (36) months, (i.e., the thirty-six (36) months following entry into treatment).

Employees who do not agree to act or who do not act in accordance with the foregoing shall be subject to discipline. This Appendix shall not be construed as an obligation on the part of the City to retain an employee on active status throughout the period of rehabilitation if it is appropriately determined that the employee's current use of alcohol or drugs prevents such individual from safely performing his duties or whose continuance on active status would constitute a direct threat to property or safety.

Section 11. Treatment.

Treatment and rehabilitation costs arising out of the employee's first use of such services shall be paid for by the employee's insurance program, subject to any deductible, co-payment

and policy limits under the employee's insurance program. Employees will be allowed to use their accrued and earned leave (vacation, holiday, sick leave, or comp time) or at the employee's option, take an unpaid leave of absence for the necessary time off involved in a rehabilitation program. Other than as specified in this Section or required by law, the City shall have no obligation to pay for or insure treatment or rehabilitation.

Section 12. Employee Assistance Program.

The City provides a Public Employee Assistance Program (PEAP). Voluntary requests for assistance with drug and/or alcohol problems shall be held strictly confidential by the PEAP. Only upon written authorization by the employee may the PEAP inform the Fire Chief, the Human Resources Director, or their designees, of any such request or any treatment that may be given and those City employees shall hold such information strictly confidential. All such information shall also be available to the Union officer(s) to whom disclosure is specifically authorized if the employee authorizes such disclosure, in writing. An employee voluntarily seeking assistance shall not be disciplined under this Appendix for seeking such assistance (except for failure to fulfill obligations under Section 10 of this appendix).

Section 13. Duty Assignment After Treatment.

Once an employee successfully completes rehabilitation, he shall be returned to his regular duty assignment (provided the employee is then in compliance with Section 8 or 10, whichever applies). Once treatment and any follow-up care is completed, and the applicable contract expungement period has passed (without any positives or any drug/alcohol policy violations) since the employee returned from a suspension after an initial positive or voluntarily requested assistance under Section 10, the employee's personnel file shall be purged of any

reference to his drug or alcohol problem, and all such records shall be stored by the City in a completely separate medical file.

Section 14. Union Held Harmless.

This drug and alcohol-testing program was initiated at the request of the City. The City assumes sole responsibility for the administration of this policy and shall be solely liable for any legal obligations and costs arising out of the provisions and/or application of this Contract relating to drug and alcohol testing. The Union shall be held harmless for the violation or alleged violation of any employee rights arising from the City's administration of the drug and alcohol-testing program.

Section 15. Changes in Testing Procedures.

The parties recognize that during the life of this Contract there may be improvements in the technology of testing procedures which provide more accurate testing. In that event, the parties agree to refer such changes for discussion at the LMC.

Section 16. Conflict With Other Laws.

This Appendix is in no way intended to supersede or waive any constitutional rights that the employee may be entitled to under the Federal or State constitutions.

Section 17. Definitions.

"Illegal Drugs" means controlled substances listed in 21 C.F.R. Part 1308 that are not being used under the supervision of a licensed health care professional, or otherwise in accordance with federal law.

"Abuse of Prescription Drugs" means (i) to use a prescribed drug contrary to the instructions of the doctor or dentist who prescribed it or the instructions that accompany the drug, (ii) to obtain

prescription drugs under false pretenses, or (iii) to obtain multiple prescriptions for the same or similar drug without full disclosure to the prescribing health care professional.

"Misuse of Alcohol" means to consume ethyl, methyl or isopropyl alcohol in violation of this Appendix, any applicable last chance agreement or the written recommendations of any person or program treating or counseling the employee for chemical dependency.

"Refuse Cooperate to" means (i) to obstruct the specimen collection process, (ii) to attempt to or to tamper with the collection or testing process, or (iii) to fail to provide breath and urine specimens adequate for testing when directed to do so, without promptly establishing a medical basis for the failure to provide such specimens. If the employee is alleged to have tampered with the initial specimen, the employee shall be given the opportunity to provide a second specimen in the presence of a lab employee. This second specimen shall be collected at the time the first specimen is questioned.

"Under the Influence of Alcohol" means an alcohol concentration of .04 or more or actions, appearance, speech or body odors which cause two supervisors to conclude that an employee is unable to work safely or effectively because of alcohol consumption.
