PREAMBLE

Teachers have a professional obligation to help students realize their full potential as worthy and effective members of society. To fulfill this obligation each teacher shall strive to:

Make the well-being of students the teacher's fundamental value in all decision making and actions.

Fulfill all professional responsibilities with honesty and integrity.

Protect students from conditions harmful to learning, or to health and safety.

Avoid using the teacher's professional relationship with any student for personal gain or advantage.

Be a positive role model for students in dress, grooming, attendance and punctuality.

AGREEMENT

This Agreement, developed and agreed to by the Springfield, Ohio, Board of Education, hereinafter referred to as the "Board", and the Springfield Education Association affiliated with the Ohio Education Association and the National Education Association, hereinafter referred to as the "Association", shall be in force from July 1, 2020 through June 30, 2023, except as otherwise provided.

ARTICLE ONE - RECOGNITION

The Board recognizes the Association as the sole and exclusive bargaining representative for all professional, non-supervisory, certificated/licensed personnel, including, by way of illustration, full and regular part-time contracted teachers, full and part-time employees as listed in Article Five, Sections O and P, , but excluding tutors, adult education instructors, summer school teachers, substitute teachers, athletic directors, and excluding, further, all administrators, supervisory personnel and confidential employees of the Board.

Unless a different meaning is indicated in the text, the term "teachers" shall be used throughout this Agreement to apply to all bargaining unit employees irrespective of their particular job titles.

ARTICLE TWO - NEGOTIATIONS PROCEDURES

- A. **Negotiation Meetings** A request for the initiation of negotiations may be submitted in writing by the Association to the Superintendent, or by the administration to the President of the Association no sooner than one hundred twenty (120) days nor later than ninety (90) days prior to the expiration of the Agreement.

A mutually convenient meeting shall be held to submit written proposals for bargaining. Such meeting shall take place on or after April 15th of the year the Agreement expires unless other dates are mutually agreed upon.

Thereafter, negotiation meetings shall be held at such times and places as are agreed to by the members of the Joint Negotiation Committee.

Except by mutual agreement of the parties, new proposals will not be submitted at any meeting subsequent to the first meeting.

Negotiation meetings shall not be conducted during the regular school day except as mutually agreed.

The chairman of either team may call a recess for caucus of reasonable length at any time.

- B. **Membership of the Joint Negotiation Committee.** The Board and the Association shall each be entitled to five representatives or designees and three observers to conduct negotiations. Neither party in any negotiations shall have any control over the selection of the negotiating representatives of the other party. Any pressure or coercion by one party to influence the selection of representatives of the other party shall be contrary to good faith negotiations. All negotiations shall be conducted exclusively between said representatives and designees. Each team of representatives shall be authorized to admit no more than two consultants at one time to such meetings. Such consultants, if any, shall be designated prior to the opening of each Joint Negotiation Committee meeting, and shall have the right to speak to the Committee when called upon by either party. No action to coerce or censor or penalize any negotiating participant shall be made or implied by any other member as a result of participation in the negotiation process.

- C. **Confidentiality/News Conferences/News Releases.** Negotiations will be conducted confidentially and in private except as information and progress reports of negotiations are released to the public either through jointly-prepared news releases or jointly-held press conferences following the expiration of the Agreement. Such news releases will be made or press conferences will be held periodically as the parties may mutually agree, but in no event less frequently than every thirty (30) days, until agreement is reached or negotiations reach ultimate impasse. Jointly-held press conferences will be structured so that the

Administration and the Association will have an equal opportunity to provide any information deemed appropriate under the circumstances. Disclosure of information in any jointly-prepared news release or at any jointly-held press conference will not be deemed to violate the confidentiality of the negotiations or be used as the basis for any unfair labor practice charge.

- D. **Exchange of Information.** The Board agrees to furnish to the Association available information concerning the financial resources of the district, adopted budgets, and such other information as may reasonably be required. The Association agrees to furnish to the Board available information on its proposals and such other information as may reasonably be required. Nothing contained in the above shall be construed to require that the Board or the Association provide any information not already available or to provide such information in any form other than that in which it would normally be provided.
- E. **Impasse in Negotiations.** The parties mutually agree to the following dispute resolution procedure as an alternative to and in lieu of the dispute resolution procedure provided in § 4117.14 of the Ohio Revised Code.

If the parties have not settled all issues for a successor agreement 21 days before the expiration of the current agreement, the Federal Mediation and Conciliation Service shall be requested to assign a mediator to assist the parties in their further negotiations.

If the parties are unable to reach agreement by the expiration of the current agreement, or any extension thereof to which they have mutually agreed, and the parties have engaged in mediation as directed by the Federal Mediator during the 14 days immediately preceding the expiration of their current agreement, teachers in the bargaining unit shall have the right to strike at or following the expiration of the contract, provided the Association has given the Board and the State Employment Relations Board a ten-day written notice of its intent to strike as required by § 4117.14 of the Ohio Revised Code.

- F. **Agreement.** When agreement is reached it shall be reduced to writing by the Joint Negotiation Committee and be submitted to the Association. When approved by the membership of the Association, the Agreement shall be signed by the Association and be submitted to the Board for its action. Thereupon, after Board approval, the Agreement shall be binding contractual obligation upon the parties during the stated term of the agreement.

ARTICLE THREE - GRIEVANCE PROCEDURES

A. Definitions.

1. A "grievance" shall mean a claim by a teacher or the Association that there has been a violation, misinterpretation or misapplication of one or more of the provisions of the Agreement. Such claim shall specify the part of the Agreement which is claimed to have been violated.
2. A "grievant" is the person or persons making the claim.
3. A "party of interest" is the person or persons making the claim and any person who might be required to take action or against whom action might be taken in order to resolve the claim.
4. The term "days" shall mean teacher work days during the school year and week days during summer months.

B. Purpose. The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to alleged grievances which may arise from time to time. Both parties agree that these proceedings shall be kept as informal and confidential as may be appropriate at any level of the procedure.

C. Procedure. Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered a maximum and every effort should be made to expedite the process. Any grievances not appealed within the time limits set forth below shall be considered settled on the basis of the last decision. If an answer to a grievance is not received within the time limits set forth below, it may automatically be appealed to the next level. The time limits specified may, however, be extended by mutual agreement.

LEVEL ONE

Within twenty (20) days of an event or condition or the teacher's knowledge of the event, that the teacher considers to be a grievance, he/she may file a written grievance by completing Step I of a Grievance Report Form and submitting it to his/her immediate supervisor. If no grievance is filed within the specified time, the grievance shall be considered waived.

Within five (5) days of the filing of the grievance, a hearing shall be arranged between the grievant, the immediate supervisor, and Association representative, and other parties who may be needed to give information relative to the claim. The written disposition shall be given to the aggrieved and the Association within ten (10) days of the hearing.

LEVEL TWO

If the grievant is not satisfied by the disposition of the immediate supervisor, he/she may continue the grievance with the Superintendent or his/her designated representative within five (5) days after the disposition in Level One, by completing Step 2 of the Grievance Report Form and submitting it to the Superintendent or his/her designee. Within the next ten (10) days a hearing shall be arranged between the grievant, the Superintendent or his/her designated representative (who must be someone other than the grievant's immediate supervisor), and a representative of the Association and other parties that may be needed to give information relative to the claim. In the event a grievance involves the Superintendent or his/her designee, as being a "party of interest" against whom action might be taken, the Level Two hearing shall be conducted by another administrator designated by the Superintendent. The written disposition shall be given to the grievant and the Association within ten (10) days of the Level Two hearing.

Any grievances alleging a violation of either evaluation procedure shall be initiated at Level Two.

LEVEL THREE

If the grievant is not satisfied with the disposition on Level Two, he/she may request that the issue be presented at a mediation conference, which shall be presided over by a mediator provided by the Federal Mediation and Conciliation Services. Such request must be made in writing within five (5) days after the grievant receives the Level Two disposition.

Mediation conferences will be scheduled at the earliest date that the mediator, the parties and their representatives are reasonably available for such purpose. Mediation conferences will be held at the Board offices or at such other suitable place as the mediator directs.

Mediation conferences will be conducted informally. No record of the conference will be made and everything said at the mediation conference by the parties and their representatives will be regarded as settlement discussions. The mediator shall have the authority to meet separately with any person or persons having knowledge of the grievance. The mediator will keep confidential anything stated to him in a private session, unless the person or persons involved agree otherwise.

If the parties resolve the grievance through mediation, they shall reduce the terms of their settlement agreement to writing. Unless the Administration and the Association agree otherwise, the resolution of the grievance through mediation shall be on a "no-precedent" basis.

The costs of grievance mediation shall be shared equally by the Association and the Board.

LEVEL FOUR

If the grievance is not resolved at the Level Three mediation conference, the Association may request that the issue be submitted to arbitration. Such request must be made in writing within ten (10) days after the Level Three mediation conference is concluded.

Upon the filing of such request with the Superintendent, the Board and the OEA Labor Relations Consultant or the Consultant's designee shall jointly request a panel of nine (9) arbitrators from the American Arbitration Association, from which names shall be alternately stricken by the parties. The last name remaining on the list shall be appointed to hear the grievance.

The costs of grievance arbitration shall be paid by the unsuccessful party (the Association or the Board) unless the grievance is sustained in part and denied in part, in which case the costs of the arbitration shall be shared equally by the Association and the Board.

The arbitrator shall have the authority to consider only a single grievance unless the parties mutually agree to submit more than one grievance involving a common question of fact. The arbitrator's decision shall be in writing and a copy sent to all parties present at the hearing. The decision of the arbitrator shall be binding on all parties.

The arbitrator shall not have the authority to add to, subtract from, modify, change, or alter any of the provisions of this Agreement, nor add to, detract from, or modify the language therein in arriving at a determination of any issue presented within the limitations expressed herein.

The arbitrator shall in no way interfere with management prerogatives involving Board's discretion, nor limit or interfere in any way with the powers, duties, and responsibilities of the Board under its policies, applicable law, and rules and regulations having the force and effect of law.

Any teacher involved in the arbitration will be excused with full pay for the hearing during school hours if the hearing is held at such a time. Absences of teachers to attend such hearing shall be charged against Association Leave, except for the grievant, the Association representative, and arbitrator requested witnesses, who are members of the bargaining unit.

D. Miscellaneous

1. No reprisals of any kind shall be taken by either party or by any member of the administration against any party in interest, any school representative, any member of the bargaining unit, or any other participant in the grievance procedure by reason of such participation.
2. No teacher may be represented by any teacher organization other than the Association in a grievance initiated pursuant to this procedure.

3. No teacher shall be denied the right to legal advice and/or counsel in any of the levels listed above.
4. A grievant may appear on his/her behalf or may be represented at any and all steps of the Grievance Procedure by the Association's Labor Relations Consultant, or by Association's counsel, or by any other person of the grievant's choice except that the grievant may not be represented by an officer or employee of any teacher's organization other than the recognized bargaining agent. A grievance may be withdrawn at any level without prejudice or record.
5. If a grievance affects a group or class of teachers, the Association may submit, within twenty (20) days after the Association actually first knows, or reasonably should have known, of the event or condition, such grievance in writing directly to the Superintendent's designee and the processing of such grievance shall be commenced at Level Two.
6. Decisions rendered at all levels of the grievance procedure shall be in writing setting forth the decision and the reasons therefore and shall be transmitted promptly to all parties of interest.
7. No records, documents, or communications concerning a grievance shall be placed in the personnel file of any of the participants in the procedures described in this Agreement.
8. Forms for filing grievances, making reports, and other necessary documents shall be jointly prepared and given appropriate distribution to facilitate operation of the grievance procedure.
9. Other than not limiting the individual rights of a teacher to discuss the grievance informally with members of the administration through normal channel of communication, the parties agree that any dispute which is or could be the subject of a grievance is to be resolved exclusively through the grievance procedure of this Agreement.
10. Building faculty representatives and other representatives of the Association shall not interrupt the educational program in processing grievances and shall report to the office of the building being visited and state the purpose of the visit immediately upon arrival.
11. The following items shall not be the basis of any grievance filed under the procedure outlined in the process:
 - a. Nonrenewal of any teacher's limited contract;
 - b. The content of any teacher evaluation.

12. Processing of grievances at Levels One and Two shall be during nonschool hours except as otherwise approved by the Board.
13. In any grievance concerning an error in the pay rate of a teacher, the twenty (20) day time limit for filing the grievance in writing at Level One shall not begin to run until the teacher has actual knowledge of the error, and the grievance may proceed only if presented in writing within twenty (20) days after the teacher has such actual knowledge.
14. In any grievance concerning the termination of a teacher's limited, continuing or supplemental contract for just cause or any other discipline resulting in loss of pay, the grievant shall have the right and option to waive Level Three - Mediation and proceed immediately from Level Two to Level Four - Arbitration.
15. Notwithstanding any other provisions of this Agreement, the termination of limited and continuing teacher contracts shall be for just cause and shall be reviewable only through this grievance procedure (and not through the procedures specified in Ohio Revised Code Section 3319.16 and 3319.161, which are hereby expressly superseded)

ARTICLE FOUR - RIGHTS

MANAGEMENT RIGHTS

Except as otherwise expressly provided in this Agreement, the Board reserves and retains solely and exclusively all of its rights to manage, direct, and control the operations of the District. The exercise of these powers, rights, authorities, duties and responsibilities by the Board, the adoption of policies, rules, regulations and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only by the specific and express terms of this Agreement.

ASSOCIATION RIGHTS

- A. **Exclusive Association Rights.** In addition to the rights of the Association as exclusive bargaining representative provided in Chapter 4117 of the Ohio Revised Code, the Association shall enjoy the following rights during the term of this Agreement:
 1. The Association may conduct conferences with teachers on school time, with permission of the building principal. The conduct of such business shall not interfere with instruction.
 2. Bulletin board space shall be designated in each building for the general use of the Association. Such bulletin board space shall be in the main office

area of each building and shall be in addition to that space provided in the lounge area when at all possible.

B. Association Release Time

1. Full/Part Release Time - Association President.

The Association may annually request full or partial release time for its President, provided that if partial release time is requested, the President and his/her building principal agree on a work schedule for the President that meets the needs of the building. The Association shall reimburse the Board in advance on a monthly basis as invoiced by the Board for the President's (full or partial) gross compensation, including the Board's employer share of contribution of retirement and all fringe benefits, such as cost of Workers' Compensation, hospitalization, life insurance, and dental. In the event payment of these invoiced charges is not made within ten (10) days of date of the invoice, the President will have authorized the amount of the invoice to be deducted from the President's next payroll check, and the monthly charges shall continue to be deducted in this manner until such time as the Association has made the applicable monthly advanced payment. The Association shall make such request in writing of the assignment of its President no later than June 30 of the year prior to application. Such assignment shall be for the school year and must be renewed by June 30 of each year by a written request from the Association prior to June 30.

The Association agrees to indemnify and hold harmless the Board, its members, officers, agents, and employees from and against any and all claims, demands, actions, complaints, suits or other forms of liability, including attorney fees and expenses, paid or payable by the Board, that shall arise as a result of granting release time to the Association President. The Association further agrees to provide the Board with a surety bond in an amount as the District's Treasurer deems necessary for this purpose, provided that such surety bond will not exceed an amount more than the District's current general liability insurance coverage.

2. Alternative Release Time - Association President.

In any school year the Association does not timely request release time for its President as provided for in the preceding section, Board shall permit the President of the Association or his/her designee up to twenty-five (25) days or the equivalent thereof of professional leave per year to carry out official Association business. Additional professional leave shall be granted the Association President or his/her designee upon request, and with the approval of the Superintendent, provided that the Association shall reimburse the Board for the cost of any substitute teachers caused by the

granting of such professional leave. The substitute daily rates shall be used to compute reimbursement to the District for Association leave pursuant to Article Four, Association Rights.

3. **Other Release Time**

In addition to the above, the Association shall be granted up to thirty-five (35) days a year of release time as needed by the President of the Association or his/her designees to conduct official Association business and to permit teachers to serve as delegates to the official Representative Assemblies of the affiliates of the Association. The use of these release days for attendance at delegate assemblies shall be limited to one (1) day a year per delegate and to a total of sixteen (16) delegates at any one time.

Any additional days needed by the Association for official Association business may be granted by the Superintendent; and if the cost for necessary substitutes is not assumed by the Board, such cost shall be assumed by the Association. "Other Release Time," as provided in this section, shall be requested in writing, using the appropriate form, at least three (3) days prior to the proposed leave day.

- C. **New Teacher Orientation/Opening Day Activities.** The Association shall be given a place on the program of the pre school conference for the orientation of new teachers. The Association shall be involved in the planning of the pre school conference and at district-wide opening day activities, if any.
- D. **Meeting Agendas.** The Association President or his/her designee shall be furnished a tentative agenda at least twenty-four (24) hours in advance of any regularly scheduled Board meeting. In the case of meetings involving important considerations (e.g., appropriations, budget adoption), the Board will make every attempt to supply copies of such attachments for Association study as soon as they can be made available. The formal agenda and all attachments shall be furnished at all Board meetings.
- E. **Payroll Deduction.** The Association shall be granted exclusive rights to payroll deduction for its annual dues and those of its affiliates and their departments.
- F. **Service Fee/Dues Deductions.** Should fair share be declared constitutional, the fair share fee provisions of the 2017-2020 contract shall be reinstated.

Nothing in this Agreement shall inhibit or interfere with the rights of any teacher objecting to the payment of Association dues sbased on religious grounds. Such teachers shall have the right to make contributions of an equivalent amount to a non-religious fund in accordance with the provisions of Section 4117.09(C) of the

Ohio Revised Code, and the rules of the State Employment Relations Board governing such matters.

- G. **Association Meeting Schedule.** The third Wednesday of each month shall be reserved for meetings of the Association. The Board and the administration shall refrain from scheduling any other school meetings on that day. If the Association has need for exclusive scheduling on another day, the Association shall notify the Director of Human Resources for any date that is the fifth such day of a month. (For example: if a month has five (5) Tuesdays in it, the fifth Tuesday could be requested.) Such notification shall be made thirty (30) days in advance of such date, and the Board and administration shall cancel any other scheduled meetings which are in conflict insofar as possible. (No more than a total of two meetings in any month.)
- H. **SEA Representation.** Members of the Association will be represented by the Association in all matters involving negotiations, the grievance procedure including teacher contract termination grievances (except as provided by Article Three, Section D(3)), hearings as provided in Ohio Revised Code Section 3319.11 for non-renewal of teacher contracts, and other matters where Association involvement is expressly provided for in this Agreement.
- I. **Use of School Facilities.** The Association, or any committee thereof, shall have the right to use school buildings and facilities, without charge, for professional meetings at times when a custodian is normally on duty. At other times the Association may use the buildings according to the regulations established by the Business Office.
- J. **Teacher Mailboxes/District Computers.** The Association shall have authorized access to teachers' mailboxes in the school buildings. The Association shall have the right to distribute materials through all building mailboxes located at the School Administration Building. The Association will indemnify and hold harmless the Board, Administration, its agents and employees for loss, mis-delivery or delay of Association mail, and for any and all claims of liability, criminal or civil, including reasonable attorney fees arising therefrom. Delivery of Association mail will be restricted to an Association faculty representative in each school building. Abuse of this privilege will result in its immediate termination. Further, this provision will be suspended during any organization campaign (commencing upon the date that a competing labor organization's representation petition is served on the Board Treasurer).

During the term of this agreement, the SEA president, vice president and secretary may use the District's computer network to provide meeting notices and other general information to teachers. This privilege shall be subject to the terms and conditions of the District's computer use policy, guidelines and procedures and shall not contain anything offensive, political, controversial or critical of the Board, any employee or representative of the District or other person. Abuse of this

provision will result in its immediate termination. Further, this provision will be suspended during any organization campaign (commencing upon the date that a competing labor organization's representation petition is served on the Board Treasurer).

K. **School Facilities for Use of the Teachers.**

1. Board Goals: The Board accepts as a goal the provisions of the following for teachers:
 - a. Well-equipped, well-lit, and clean work areas for preparing instructional materials;
 - b. Clean, quiet, and reasonably furnished lounges and restrooms for staff;
 - c. Lunchroom facilities apart from student facilities;
 - d. Off-street parking where necessary due to traffic congestion or where street parking is illegal.
2. Teachers shall be permitted to use school phones to make calls concerning school business or in any emergency situation. Personal long distance calls shall be charged against the teacher's home phone or credit card.
3. Each teacher shall be provided a desk and filing cabinet. Each teacher who has no locked storage facility in the classroom shall, upon request, be provided a locked storage space for personal effects in or adjacent to the classroom as the Board shall choose or design.
4. Building teachers shall be provided at a staff meeting the building plan and reasons for use of space, and any permanent changes to room usage. Administration holds sole discretion in determining building usage.

L. **Supplies.** Each teacher shall be provided with personal desk supplies such as pens, pencils, dry erase markers, grade book, plan book, paper, erasers, etc., to fulfill daily teaching responsibilities. Teachers shall be given the opportunity to order such materials at the end of each school year using the classroom supply list request form which is to be available in the principal's office. Supplies will be available on the first day of the school year. Teachers may request other materials during the course of the school year on a form available in principal's office. Materials and supplies will not be ordered if the appropriate form is not utilized.

M. **Job Descriptions.** The Association President will be given access to the most up to date bargaining unit job descriptions. The Board of Education may revise the job descriptions.

ARTICLE FIVE - LEAVES AND RELATED MATTERS

A. **Sick Leave.** Teachers who are not able to work as scheduled shall report their anticipated absence or tardiness as early as possible as directed by their building principal or other supervisor.

1. Sick leave shall be allowed to accumulate to an aggregate of two hundred fifty-three (253) days.
2. Leave (deductible from sick leave) each year with full pay may be allowed for the teacher's illness or for illness in the teacher's family. Family shall be those residing under the same roof, blood or marital relatives or others - for whom the teacher has legal responsibility. Blood or marital relatives need not live with the teacher.
3. Disability arising from complications of the teacher's pregnancy shall be considered a proper use of sick leave.
4. Sick leave is credited at the rate of one and one quarter (1¼) days per month, including the summer months between school sessions.
5. Advancement of Sick Leave: Teachers with no teaching experience in the State of Ohio and employed full-time as a contracted teacher shall receive on the first day of the school year an advance of five (5) days sick leave.

Each teacher who has exhausted his/her accumulated sick leave shall be advanced five (5) days of sick leave per year, upon request. Such advancement will be charged against the sick leave the teacher subsequently accumulates.

Receipt of payment for sick leave not earned under the law, followed by failure to complete contractual obligations, shall result in a financial obligation to reimburse the Board for any such overpayment.

6. In the event sick leave benefits provided by the Board are exhausted, the teacher may continue any or all insurance benefits by making payment to the Treasurer not later than the 25th of each month preceding the month for which payment is due.
7. Falsification of sick leave documentation is grounds for disciplinary action up to and including termination of employment.
8. Sick leave for regular part-time contracted teachers shall be accumulated and used on a prorated basis.

9. The Superintendent may require a medical certificate indicating the name and address of any attending physician and the dates of consultation, if any, in any case concerning the absence of a teacher because of illness when the absence is in excess of five (5) consecutive days. The request must be made no later than ten (10) working days after the teacher returns to work.
10. Patterns of absences (e.g. repeated Monday/Friday absences or prolonged absences) shall be grounds for explanation by the teacher upon request and/or require the teacher to provide documentation from a medical provider justifying the absences. This may be cause for progressive discipline.
11. Once a member reaches five (5) full day of absences for non-FMLA sick leave, the teacher may be required to meet with his/her principal/supervisor. This meeting may result in the implementation of an attendance plan. If documentation or an attendance plan is created from this meeting, it will not be placed in the personnel file unless further attendance issues result in the imposition of discipline. The teacher may bring SEA representation to any meeting regarding attendance.

B. Sick Leave Bank.

1. Establishment

- a. Each teacher may contribute one day of his/her accumulated sick leave to the Sick Leave Bank during the enrollment period. Enrollment periods will be the entire month of September of each school year. New teachers hired after the school year has commenced will have four (4) weeks to enroll.
- b. During the year, additional days may be donated by bank members upon the agreement of the Sick Leave Bank Committee.

- 6. In filling such positions the Board agrees to give consideration to such factors as the professional background of the applicants, their length of service and work performance in the

school district, and experience elsewhere. It shall be understood that the filling of any position shall be governed by the principle of providing the best person for the position.

For each building change necessitated by their schedule, they shall be granted no less than thirty (30) minutes within the school day for travel and preparation.
- K. **RIF Procedure.** When by reason of decreased enrollment of pupils, return to duty of regular teachers after leave of absence, shortage of revenue, by reasons of suspension of schools or territorial changes affecting the district, or for other reasons approved by Ohio Revised Code section 3319.17 , the Board finds that it is necessary to reduce the number of teachers, it may make a reasonable reduction.

In making such reduction, the Board shall act in accordance with recommendation of the Superintendent of Schools. The Board shall not give preference to any teacher based on seniority, except when making a decision between teachers who have comparable evaluations

The Superintendent shall within each teaching field affected, give preference to the retention of teachers on continuing contracts. Such continuing contract teachers shall be laid off or retained on the basis of evaluations, certification/licensure, and special qualifications. For purposes of this provision, "special qualifications" shall mean specialized skills or significant training (this does not include attending a two-hour workshop) needed to maintain an established

academic program or course, foreign language proficiency needed to teach in an immersion or ESL program, whether the teacher is highly qualified, or other specialized training such as is required to teach advanced placement courses or to teach in the IB programs. No teacher with a continuing contract shall have his/her contract suspended until all limited contract teachers in that certification/licensure area shall have been laid off.

After giving preferences as set forth above to teachers on continuing contracts, the Superintendent shall give preference for retention to teachers on limited contracts on the basis of evaluations, certification/licensure, and special qualification. For purposes of this provision, "special qualification" shall mean specialized skills or significant training (this does not include attending a two-hour workshop) needed to maintain an established academic program or course, foreign language proficiency needed to teach in an immersion or ESL program, or other specialized training such as is required to teach advanced placement courses or to teach in the IB programs.

Seniority shall be determined by the number of continuous years of teaching experience in the Springfield City Schools. For a teacher initially employed on or after June 1, 1995, seniority will commence on the date the Board takes action to employ the teacher. When two or more teachers have been hired by Board action on the same date, the teacher having first returned a signed acceptance of intent to employ to the district's human resources office (which shall be time stamped upon receipt) shall be deemed the more senior teacher. Seniority for all teachers employed prior to June 1, 1995 shall be determined by reference to the June 1, 1995 seniority list. The teacher shall continue to accrue seniority when he/she changes assignment to a different subject area, grade level, building, or when he/she is on any leave authorized by the Board. A copy of the seniority list shall be compiled annually and provided to the Association by November 1.

When a reduction in force takes place, a layoff/recall list shall be prepared in order of seniority, certification/licensure, and special qualification.

When a position becomes available, teachers whose continuing contracts have been suspended shall have the right to restoration to continuing service status if they are or become qualified for such position, and if they are highly qualified for the position. Seniority shall not be the basis of recall except between teachers with comparable evaluations.

If all the continuing contract teachers suspended have been restored to continuing service, or if additional teaching positions become vacant or are created for which no continuing contract teacher is qualified, first consideration shall then be given for a period of one (1) year from the date of the last day of their contract to teachers on limited contract who have been suspended or non-renewed, and they shall be restored on the basis of certification/licensure, and special qualification. Seniority shall only be the basis of recall as between teachers with comparable evaluations.

During layoff, teacher shall maintain all accumulation of sick leave days and shall retain his/her salary schedule placement. As long as he/she is subject to recall, a teacher will remain a part of the employee group for insurance purposes, provided that the teacher pays to the Treasurer monthly, in advance, the full cost of his/her insurance premiums.

The Board shall give written notice of recall from layoff by sending a registered letter or certified letter to said teacher at his or her last known address. It shall be the responsibility of each teacher to notify the Board of any changes of address. The teacher's address as it appears on the Board records shall be conclusive when used in connection with layoffs, recall or other notice to the teachers. The teacher shall also provide the Board with his/her current telephone number. If a teacher fails to report to work within the next fourteen (14) calendar days from date of receiving the recall notice, unless an extension is granted in writing by the Board, said teacher shall be considered as a voluntary quit, and thereby terminate his/her individual employment contract and any other employment relationship with the Board.

Rejection of recall assignment for which a teacher is certified/licensed and qualified shall result in that teacher's name being removed from the recall list.

The Board shall not employ new teachers if there are such teachers on the recall list who qualify for any opening by reason of their certification/licensure and special qualifications.

A copy of the notice to a teacher of intent to suspend and a copy of the notice of his/her suspension shall be furnished to the Association at the time it is sent to the teacher.

The Board will update its recall list at the beginning of each school year in which any teacher remains on layoff and will furnish a copy

of the updated list to the Association president no later than September 15.

- L. **Covering Other Classes Than Assigned**. Substitute teachers shall be assigned to take the place of regular teachers who are absent on account of illness or on leave of absence, etc. They may also fill temporary teaching positions created by emergencies.

In all cases of teacher absence of one-half day or more, principals shall make a reasonable effort to secure the necessary substitute teachers. Only when a qualified substitute teacher is not available or an emergency arises during the school day will teachers be assigned by the principal to cover classes of an absent teacher.

When a professional staff member is asked to substitute for an absent teacher and as a result loses his or her planning period, a record shall be kept of this waiver of planning period. The principal shall assign teachers to cover classes of absent teachers on an equitable basis consistent with the building plan for covering classes in Article 8, D 4 Faculty Advisory Council; however, the principal's judgment shall be final in deciding whether such assignments are in the best educational interest of the students in such classes.

Compensation for teachers so assigned to waive planning period and take the place of absent teachers shall be at the current hourly teacher rate as established in the Supplemental Salary Allowance Schedule. When pupils of an absent teacher are assigned among one or more teachers, the teacher(s) receiving such pupils shall equally share the established hourly rate for the time involved. When a specialist teacher is absent, the elementary teachers expecting special services for the day shall conduct class in the normal manner and no extra compensation shall be provided unless, in this process, the teacher must waive the thirty (30) minutes planning time guaranteed for the day.

Within one (1) week after the end of each semester the principal shall submit a record of such assignments to the Human Resources Office for verification and payment.

The principal may designate another professional staff member in the school to secure substitutes and to assign teachers to cover classes.

M. **Teacher Evaluation**

Due to the uncertainty of the impact and substance of Ohio Teacher Evaluation System 2.0 (“OTES 2.0”), no later than July 31, 2020 the parties agree that they will reconvene after the Ohio Department of Education finalizes the OTES 2.0 framework. The negotiations team for both the Association and the Board of Education are authorized to negotiate and agree to any terms and conditions related to changes associated with OTES 2.0 without any additional membership or Board of Education approval.

Mission Statement

The purpose of evaluation is to enhance the professional development and growth of classroom teachers. To facilitate this professional development and growth, feedback will be provided to each teacher regarding his/her performance with consideration of identified measures of effective teaching. The focus of the evaluative process shall be the identification and daily use of effective, learner centered teaching practices.

1. The term “evaluation” is used to describe the process of evaluating each teacher’s performance.
 - a. Its purposes are as follows:
 1. to improve pupil instruction;
 2. to aid in objective self-analysis and reflection;
 3. to review district and building goals and to establish individual goals, when necessary, to improve performance which will support district and building goals;
 4. to indicate professional growth (i.e., graduate work, attendance at workshops/conferences, review of professional literature, etc.);
 5. to assist in defining professional development needs;
 6. to provide information for establishing contract status and licensure;
 7. to provide teachers with an evaluation of their work by their evaluating administrators;
 8. to assist the teacher in implementing the prescribed curriculum; and
 9. to foster appropriate professional relationships and communication between teachers and evaluating administrators.

Notwithstanding the foregoing purposes, however, it is recognized that Administrative and Board decisions regarding contract status and advancement may be based on considerations other than those reflected in teacher evaluations.

All teachers, as defined by Ohio Revised Code section 3319.111, shall be evaluated in accordance with the Board adopted evaluation policy and any memorandum of understanding supplementing that policy. All counselors, as defined by Ohio Revised Code section 3319.113, shall be evaluated in accordance with the Board adopted evaluation policy and any memorandum of understanding supplementing that policy.

All other teachers shall be evaluated using the current evaluation form. The timelines and frequency of observations and evaluations shall be as set forth in the Ohio Revised Code.

Any complaints regarding either the Board adopted evaluation policy, any memorandum of understanding supplementing the policy, or the non-OTES evaluation process shall be subject solely to the grievance procedure set forth in this Agreement and it is intended that the evaluation processes shall supersede any evaluation requirements of Ohio Revised Code section 3319.11.

N. Class Size and Teacher Load.

1. Class size. Class size in grades K-6 shall mean the number of students in any regular academic class (activity type classes excluded now consisting of art, music and physical education).

Maximum class size (Pre-K-6), including mainstreamed students, during the Agreement shall be as follows:

<u>Grade Level</u>	<u>Maximum Class Size</u>
Pre-School	State mandated maximums
K – 4 (<u>including 3-4 splits</u>)	25
5-6	30

If the maximum class size is exceeded and the teacher notifies the building administrator of the issue, the administration shall take corrective action to reduce the class size or to assign an aide or tutor to assist the teacher with that class within eight (8) workdays unless

the current physical limitations of the building in which the class is located preclude other reasonable alternatives. Corrective action steps and/or progress will be communicated to the teacher by Human Resources or the Special Education Department on a weekly basis until the student load issue is resolved. These maximums may be exceeded by agreement of an Association representative, the teacher and the building administrator.

2. Teacher Load. Teacher load in grades 7-12 shall mean the total number of students in all academic classes (activity type classes excluded now consisting of art, music and physical education) per day. However, the activity class loads may be reviewed in accordance with paragraph 3. Students scheduled through block scheduling shall be counted one time for each period during the block. Students enrolled in Plato or other online classes that are taking the classes inside a district school building shall count as .5 of a student for purposes of determining teacher load. Students taking online courses outside of the school building will not count in the teacher load calculation.

Maximum teacher load (7-12), including mainstreamed students, during the term of the Agreement shall be as follows:

<u>Grade Level</u>	<u>Load</u>
7-8	162
9-12	162

If at any time the daily teacher load limits are exceeded and the teacher notifies the building administrator of the issue, the Administration shall take action to correct the situation or to assign an aide or tutor to assist the teacher within ten (10) work days if possible, given the current physical limitations of the building in which the problem exists. Corrective action steps and/or progress will be communicated to the teacher by Human Resources or the Special Education Department on a weekly basis until the student load issue is resolved. These maximums may be exceeded by agreement of an Association representative, the teacher and the building administrator.

3. Miscellaneous. In cases where the number of subject preparations by a secondary teacher becomes burdensome to the effectiveness of the teacher's performance, the situation may be brought to the attention of the building principal for consideration. If the concern of the teacher is not satisfied as a result of the principal's investigation

and consideration, the teacher may request a joint meeting with the building principal, the education director involved, and the Director, Human Resources.

While activity type classes (now consisting of art, music and physical education) have been excluded from class size and teacher load limitations, the parties recognize that excessively large class loads and/or class sizes are not desirable and can be a detriment to learning and teaching. Every effort will be made to maintain reasonable activity type class sizes and teacher loads consistent with available resources and programmatic needs. Class load information shall be provided to the Association by October 1st and February 15th and will be discussed at the LMC meetings following these deadlines. The LMC may revise these dates.

Concerns regarding activity type class size or teacher loads may be addressed with the Director of Human Resources or the Labor Management Committee.

- O. **Equalization of Technology**. The Board and the Association agree that an adequate and easily accessible supply of educational technology is helpful and may be essential to the teacher in classroom instruction. In the interest of a more effective technological program the Board agrees to make reasonable effort toward the equitable distribution of technological equipment to serve the needs of each building. (This does not apply to any equipment purchased and controlled by any special funding guidelines.)
- P. **Teachers Rights**
1. There shall be no discrimination in regard to race, creed, religion, color, national origin, sex, marital status, age, or disability.
 2. No teacher shall be the subject of discrimination or coercion as a result of membership or participation in the activities of the professional organization in which he/she is a member.
- Q. **Academic Freedom**. The teachers seek to educate young people in the democratic tradition, to foster a recognition of individual freedom and social responsibility, to inspire meaningful awareness of and respect for the Constitution and the Bill of Rights, and to instill appreciation of the values of individual personality. It is recognized that these democratic values can best be transmitted in an atmosphere which is free from censorship and artificial restraints upon free inquiry and learning, and in which academic freedom for teacher and student is encouraged. No special limitations shall be placed upon study, investigation, presenting and interpreting facts and ideas concerning man, human society, the physical and biological world and

other branches of learning, subject only to accepted standards of professional educational responsibility by members of the instructional staff.

Freedom of individual conscience, association and expression will be encouraged and fairness in procedures will be observed both to safeguard the legitimate interests of the schools and to exhibit by appropriate examples the basic objectives of a democratic society. Academic freedom requires that all sides of an issue shall be explored. Opinion should be stated as such and theory for what it is.

R. **Teacher Contracts.**

1. Limited Contract Sequence

Upon completion of the teacher's initial contract the teacher will be issued a one year contract; upon completion of the teacher's second limited contract of employment in the Springfield City Schools, such teacher, if re-employed, shall receive a limited contract for a term of two (2) years. However, the Board may grant a one year contract to such teacher if:

- a. The teacher's job performance during his/her contract term is only marginally satisfactory (i.e., any area of his/her evaluation falls below "meets requirements").
- b. The teacher has been given a written reprimand during his/her current contract by the Superintendent or Director of Human Resources.

2. Continuing Contract

a. Notification of Continuing Contract Consideration

The teacher shall notify the Superintendent or designee in writing no later than September 15 of the school year in which the teacher wants to be considered for continuing contract status.

The teacher must meet or anticipate meeting, by the end of the school year, all the qualifications and conditions to be considered for a continuing contract.

A teacher becomes eligible for continuing contract upon satisfaction of one of the following:

- 1. Teacher has been employed by the Board for a period of two (2) years and the teacher has previously attained continuing contract status in another public school district.

2. In accordance Ohio Revised Code section 3319.08.

The written notification is being required in order to give the administration adequate notice to evaluate the employee for the purpose of awarding a continuing contract. Failure to provide the Superintendent or designee a timely written notification shall constitute a waiver, by the employee, of the right to a continuing contract at the end of that school year.

Each teacher whose name appears on The Continuing Contract Eligibility List, if generated by administration, shall be informed by September 10th that the employee's name appears on that school year's list. Administration shall be held harmless if this list is not accurate or if a teacher who is eligible is not notified because their name does not appear on the list.

A teacher who gives written notification after September 15th asking for continuing contract consideration shall be evaluated for a continuing contract the succeeding school year.

- b. Continuing Contract Status Held Elsewhere in Ohio
Teachers who have attained continuing contract status elsewhere in Ohio and are employed by the Springfield City School District shall receive limited contracts for a term of one (1) year each of the first two years employment, if re-employed for a second year. At the end of the second year such teacher shall be placed on continuing contract or employment shall be non-renewed by the Board in accordance with Ohio Revised Code section 3319.11.
- c. Except as otherwise provided in this Section, the Board shall adhere to the laws of the State of Ohio in regard to the granting of continuing contracts and teacher tenure.
- d. Retired teachers as a condition of employment with the district shall execute a written waiver relinquishing any and all right to continuing status.
- e. To the extent permitted by law, the provisions of this Article are intended to supersede the requirements of Ohio Revised Code sections 3319.08, 3319.11 and 3319.111 in regards to the notice of eligibility and eligibility for continuing contract.

- S. **Non-renewal.** Non-renewal of limited contracts shall be in accordance with Ohio Revised Code Section 3319.11.
- T. **Teacher Protection and Student Discipline.** When in the judgment of a teacher, a student requires the attention of student personnel employees or other specialists, he/she will so inform the principal or his/her designee either orally or in such writing as may be required, using forms provided for referral to certain services. The principal or the designee, after consultation with the teacher, will arrange, if necessary, for a conference among the principal, the teacher, and the service specialist to discuss the problem and to decide upon appropriate action.

A teacher may refer to the principal or the designee for appropriate action, a student who seriously interferes with the learning opportunities of other students in the teacher's charge. The teacher shall communicate in writing (or in cases of extreme emergency, in person) the nature of the problem to the principal or designee. If such communication is done in person, a written report must be filed with the principal or the designee as soon as possible and ordinarily no later than the close of the school day. A standard check list referral form shall be used within each school for such referrals.

If a pupil's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either within a classroom or elsewhere on the school premises, a teacher may remove a pupil from curricular or extracurricular activities under his/her supervision, for a period not to exceed twenty-four (24) hours. Immediately upon removal the teacher shall notify the principal's/building administrator's office and shall as soon as practicable thereafter submit in writing to the principal the reasons for such removal. If the removal recommendation is either accepted or reduced, the teacher may request a conference to discuss the referral.

The teacher recognizes that the authority to suspend rests solely with the building principal as prescribed by law.

A teacher may also, within the scope of his/her employment, use and employ such amounts of force that is reasonable and as is necessary, to quell a disturbance threatening physical injury to others, to attain possession of weapons or other dangerous objects upon the person or within the control of the student for the purpose of self-defense or for the protection of persons or property. In the event such above actions become necessary or in the case of aggravated assaults upon the teacher, the situation will be reported as quickly as possible to the building principal or immediate supervisor in writing, giving in detail the instances thereof.

If litigation becomes a possibility, the Board will have an official representative made available to cooperate with the teacher and the teacher's counsel toward the protection of said teachers' rights.

If criminal proceedings or litigation arise out of an incident such as described above, and if the Board determines after investigation that the teacher has acted properly and in accordance with applicable Board policies, rules, regulations, and Ohio law, the Board, through its counsel, will furnish legal advice to the teacher to the extent necessary and authorized by law.

- U. **Personnel Files**. A teacher's permanent personnel file shall be maintained in the Central Office. Portions of such files may be open to the general public pursuant to state law.

Notification shall be promptly given to any teacher at any time access to his/her personnel file is requested by a member of the general public pursuant to state law. To the extent that the information is available, teachers shall be given the name and address of any member of the general public obtaining copies of any information contained in their personnel files and shall be furnished, at no expense, copies of the information made available to any member of the general public.

A teacher shall have the right to examine his/her building personnel file if such a file is maintained by the teacher's principal or other supervisor. The teacher shall be entitled to have a representative of his/her choosing accompany him/her during such review. If the teacher desires copies of any information in his/her personnel file, such copies will be made at the teacher's expense.

Anonymous material or material from unidentified sources will not be placed in any teacher's personnel file. As of the effective date of this Agreement, a teacher shall be given a copy of any materials at or prior to the time they are to be placed in the teacher's personnel files.

If a student makes a complaint about a teacher, the matter is investigated and found to be false, the teacher may request that a report indicating the complaint was investigated and found to be false placed in the teacher's personnel file.

Any teacher may object in writing to any information in his or her personnel file which the teacher reasonably believes to be inaccurate, irrelevant, untimely, or incomplete. Such objections must be signed by the teacher and will become a part of the teacher's personnel file unless the Director of Human Resources agrees to correct or remove the disputed information from the teacher's file.

- V. **Discipline.** The Board's right to manage, direct and control the operations of the district includes the right to discipline teachers for just cause. Discipline may consist of verbal warnings, written reprimands, suspensions with pay, suspensions without pay (for up to ten (10) work days), termination or such other appropriate action as may be needed given the nature and magnitude of the misconduct involved.

Teachers shall have the right to be represented by the Association in any meeting or conference at which the teacher reasonably believes he/she will be disciplined.

Teachers will not be disciplined for misconduct based upon building surveillance video without first being given the opportunity to review such tapes. Teachers may be accompanied by an Association Representative to review building surveillance video tapes prior to any further action.

Except in situations of serious misconduct warranting immediate suspension or termination, the discipline of teachers shall be administered in accordance with the principle of progressive discipline. However, when progressive discipline is warranted, the Administration shall not be required to utilize any particular form or sequence of discipline in any given situation.

- W. **Collection of Paid Administrative Leave**

If a teacher is placed on paid administrative leave and subsequently pleads guilty, enters a plea of no contest, or is convicted, in a criminal proceeding, and the plea or conviction is based upon the facts that led to the teacher being placed on administrative leave, the Board of Education may collect any sums paid to the teacher during the period of administrative leave and/or may withhold those sums from any unpaid monies due to the teacher.

- X. **Resident Educator Program**

The Board of Education shall implement the Resident Educator Program in accordance with the Ohio Department of Education guidelines as they currently exist, or as they may be amended. Teachers employed as a Resident Educator Mentor shall be Teachers on Special Assignment.

- B. **Class Records.** Teachers shall keep a class record (grade book or other approved data collection medium) of student evaluations and attendance and other such educationally related records as may be reasonably required.
- C. **Conferences.** Teachers shall be available at reasonable times for conferences with parents, pupils, or combinations of the three. Except in emergency or other urgent situations, such conferences will not be held on less than twenty-four (24) hours notice to the teacher and parent, unless both agree to meet more promptly.
1. This information shall be included in parent information sent home at the beginning of the school year.
 2. It will be the responsibility of the teacher to conduct the conference. Factors the teacher may consider during the conference are:
 - a. that the parent receives constructive suggestions;
 - b. that there is emphasis on the pupil's successes and on methods of improving weaknesses;
 - c. that the teacher's objectives are better understood;
 - d. that a feeling of teamwork is nurtured without critical attitudes being directed toward other teachers or schools.
 3. In cases where the teacher feels the presence of the principal, a supervisor, or counselor, would be vital to the success of the conference, the teacher may make such request. If such request is made, the conference date shall be rescheduled to assure administrative or supervisory attendance.
- D. **Education Responsibilities.** Teachers shall be called upon to perform assignments which are part of the basic educational responsibilities, such as:

Committee participation outside the contracted day is voluntary. Staff members at all levels are encouraged to participate and the building principal will ask classroom teachers from each grade level and/or affected content areas to be on the committee. Decisions shall be communicated to staff and minutes maintained electronically on the District intranet. The final decision on curriculum should include recommendations for the initial plans for the criteria for evaluation of the curriculum, provisions for materials, resources, training/professional development and means for support after training.

TBT shall provide feedback to the BLT after implementation of the curricular resources and curriculum changes based on the criteria set forth for evaluation of the curriculum by the committee. As necessary, BLT shall then provide feedback to DLT.

- G. **Home Visits.** Teachers are encouraged to conduct home visits during the year in cases of primary significance. Teachers may request to be accompanied by a principal, school nurse, counselor, or other home liaison person.
- H. **Multi-Factor Evaluation Studies.** Each teacher shall cooperate and contribute to Evaluation team reports involving students in the teacher's classes. Such reports shall be the responsibility of Superintendent's designee and/or the case worker assigned to the school.

I. **Lesson Plans.**

1. By the first workday morning of each week, teachers shall have readily available in their classrooms for review by the administrator, either written or electronic overviews or detailed lesson plans for that week. The written overview shall be consistent with the academic content standards, instructional organizers and grade level indicators that the teacher proposes to teach for that week. In addition, there shall be readily available for review by the administrator the lesson plan for that particular day. The building administrator may request that the teacher provide a copy (electronic or paper) of the lesson plans to the administrator no later than the beginning of the next school day. Should the Administrator request a copy of the lesson plan, he/she shall provide written constructive feedback to the teacher in a timely fashion. Lesson plans for online learning classes shall be prepared and kept on file by the teacher assigned to the class.

3. It is the responsibility of the teacher to provide lesson plans for a substitute for a maximum of two weeks when necessary.
4. After the school year ends, lesson plans shall be kept in the teacher's possession and readily available the next school year.

- J. **Student Teachers/Student Observers.** Teachers shall be encouraged to accept the responsibility of working with a student teacher or a student observer on a voluntary basis only, keeping in mind the overall professional responsibility to be helpful in the training of future teachers. Arrangements for placement of student observers shall be made through the office of the

building principal working with the university and the supervising teachers. Arrangements for placement of student teachers shall be made through the Director of Human Resources working with the University, the building principal, and the supervising teachers. The Committee shall meet on an as needed basis or at such other times as the Superintendent/designee and the Association President/designee shall mutually agree. Meetings will be held on the third Thursday of each month from 2:30 to 4:30 p.m unless otherwise agreed by the parties. The LMC shall be encouraged to solve identified problems in a creative atmosphere using a consensus based format. Meeting agendas will identify specific topics for discussion. Meetings shall be canceled if the agenda is not finalized by the Superintendent and the Association President (or their respective designees) at least three (3) work days prior to the meeting or if there are no agenda items for discussion. Minutes of the meetings will be sent to the Association President or designee to be sent to the bargaining unit members.

materials, resources, training/professional development and means for support after training.

- B. **Administration Communication.** The Central Office Administration shall maintain communications with teachers by publishing a monthly staff bulletin.
- C. **Faculty Advisory Council.** Each school building shall have a faculty advisory council. The purpose of the faculty advisory council shall be:

 5. To review student discipline and provide recommendations to building administration on improving student behavior and consistent application of student code of conduct.

Teachers shall annually select representatives to serve on their building faculty advisory council. The faculty advisory council in each elementary school shall consist of the building principal, or the principal's designee, and three teachers including the Association building representative. Each middle school council shall consist of the building principal, or the principal's designee, and five teachers including the Association building representative. The high school council shall consist of a High School Administrator and ten (10) teachers, including one (1) building representative. The School of Innovation faculty advisory council shall consist of the building principal or his/her designee and four (4) teachers. At least one of these teachers must be an Association building representative. Each building faculty advisory council shall meet at least once every month during the regular school year and the Chair shall be selected by the Committee. The principal and the chairperson shall develop agendas, for each faculty advisory council meeting. Meeting agendas will identify specific topics for discussion and will include a brief focus statement or narrative for each topic on the Issue Record Form. If this narrative is not included, the issue shall not be discussed. Minutes of each meeting will be

prepared and approved by the committee and distributed to all teachers in the building as soon after the meeting as is reasonably possible.

If the chairperson or any two other members of the committee are concerned that the faculty advisory council is not functioning adequately, he/she/they may request the assistance of the Labor Management Committee. Meetings shall be canceled if the agenda is not finalized at least three (3) work days prior to the meeting or if there are no agenda items for discussion.

D. Local Professional Development Committee

There shall be one (1) district wide Local Professional Development Committee (LPDC), consisting of seven (7) members who are employees of the Springfield Board of Education.

Four members of the LPDC shall be members of the bargaining unit and shall be appointed by the President of the Springfield Education Association. Two members of the LPDC will be appointed by the Superintendent and shall be a voting members of the Committee.

Initial terms shall be staggered as follows:

Vacancies shall be filled in the manner of original appointment.

2. Meetings of the LPDC

A quorum of the LPDC consists of no less than three (3) members appointed by the Association and two members appointed by the Superintendent.

The LPDC shall act only by resolution voted upon by the LPDC and recorded in its minutes.

Actions regarding the Individual Professional Development Plan of a member of the teachers' bargaining unit shall be decided by a quorum with at least four (4) votes needed for approval. At the request of one of its administrative members, actions regarding the Individual

Professional Development Plan of an administrator or other employee who is not a member of the teachers' bargaining unit shall be discussed and decided by a majority vote of only five members of the LPDC, a majority of whom shall be members appointed by the Superintendent or his/her designee.

Amendment or adoption of bylaws by the LPDC shall require a two-thirds (2/3) majority vote of its full membership.

The LPDC shall meet at least monthly during those months school is in session and at such other times as five or more members may determine.

All meetings of the LPDC shall be public meetings and held outside of the student instructional day.

All records of the LPDC shall be public records. Minutes of meetings and records of actions and proceedings of the LPDC shall be prepared and maintained in compliance with the laws governing the operation of committees of public bodies.

The Director of Human Resources shall be responsible for obtaining necessary secretarial support, supplies, equipment and space needed by the Committee.

3. Duties and Powers of the LPDC

The duties of the LPDC shall include, but not be limited to, the review and approval of professional development plans for re-certification and licensure, CEU approval, development of a list of persons to serve as Appeals Committee members, and the adoption and amendment of its bylaws, which among other things, will provide a procedure for determining which teacher members will not participate in discussing or voting on the coursework plans of administrators, a means for the prompt removal of any appointed member of the LPDC who fails to participate or otherwise neglects or breaches his/her duty as a member, and a method for dealing with conflicts of interest.

The LPDC shall adopt bylaws governing its operations and reflecting its mission, all policies as are required by law for providing notice of meetings of committees of public bodies, and a policy for appeal as described herein. Such policies shall be adopted by the LPDC prior to any action related to re-certification or licensure.

The LPDC shall report on its actions in a prompt and timely manner to the State Board of Education and to the affected teacher/administrator. Final approvals/disapprovals shall be promptly and timely reported to the Director of Human Resources.

4. Limitations

The LPDC shall have no duties other than those explicitly stated herein or as may be required by the Ohio Revised Code. In the exercise of such duties, actions of the LPDC shall be limited in scope by and must be consistent with the adopted policies of the Springfield School District Board of Education.

No action of the LPDC shall bind the Springfield School District in any manner that may be contrary to any provision of the Negotiated Agreement, established Board Policy or any law or regulation governing the operation of public school districts.

No action of the LPDC shall bind the Springfield School District in any manner that may affect bargainable terms and conditions of employment.

No action of the LPDC shall bind the Springfield School District in any manner that may be construed as requiring the expenditure of any funds without express prior approval of the Springfield School District Board of Education.

The LPDC may act to create subcommittees of limited duration and for specific purposes set forth in the action. Such subcommittees shall act in an advisory capacity only and may not take any action, and shall be subject to all laws and policies governing the LPDC, and all requirements pertaining to public meetings and public records applicable to the LPDC. Any records created by such subcommittees shall be records of the LPDC.

5. Appeal of a decision of the LPDC

The bylaws of the LPDC shall include provisions for the appeal of LPDC decisions denying the approval of professional development plans. Such appeal provisions shall be heard by an appeals committee of three persons consisting of the Superintendent, or his/her designee, the President of the SEA, or designee, and a person chosen by the educator initiating the appeal from a list of persons developed by the LPDC.

The appeals process provided in LPDC bylaws shall not preclude any appeals process established under state law, but must be the one first pursued.

A decision of either LPDC or an appeal of such decision shall not be subject, in whole or in part, to any portion of the grievance procedure set forth in any Negotiated Agreement.

E. Committee Stipend Guidelines

When a teacher serves on a committee that is not in the contract, the Labor Management Committee will determine, by consensus, whether the teacher should be compensated for service. The committee chair should submit a proposal for approval to LMC.

ARTICLE NINE – COMPENSATION

A. Salary

1. All salaried teachers shall be paid pursuant to the salary schedule attached hereto as Exhibits A, B and C for the 2020-2021, 2021-2022 and 2022-2023 school years, respectively. In addition, for each of the school years in question, each bargaining unit member shall receive a signing bonus in the amount of One Thousand Five Hundred Dollars (\$1,500.00), payable on the second payroll in December. Newly hired employees shall receive one-half of the \$1,500 stipend, payable on the second payroll in August and one-half payable on the second payroll in December. The bonus shall be issued by separate check and the monthly tax table shall be used to calculate the taxes due on the bonus.
2. Each teacher employed by the Board may be given credit for up to fifteen (15) years of teaching service outside the district, whether private or public, or up to five (5) years of military service in the Armed Forces of the United States or a combination of both not to exceed (15) years for proper placement on the salary schedule. Private sector experience must be from employment which is directly related to the area of licensure or program in which the teacher will be teaching. Private sector experience must be documented by the teacher and human resources and will be one year for every two years of experience, up to a maximum of five (5).

In addition, for hard to fill positions, the District may grant up to five (5) additional years of service credit to a new hire if the District receives fewer than ten (10) qualified applicants for the position. Qualified shall mean that the teacher currently has a license for the position or is awaiting receipt of a license, which is currently referred to as the resident educator license or professional educator license; has not been the subject of a non-renewal or termination, has not resigned mid-year and has not been given a bad recommendation or no recommendation from a prior employer. Hard to fill positions shall be defined as those positions that in the prior school year were not filled prior to the beginning of the school year with a qualified candidate, or those as noted in the USDOE-TSA as being in shortage

for the region. The teacher shall remain frozen at the step until the actual service credit is accrued. Identified hard to fill positions shall be sent to current staff in the Fall to give current staff the opportunity to obtain the necessary licenses to fill the positions for the following school year, said notice to include the high needs areas, the referral benefits, and the additional salary benefits set forth in Article 10(F) available for those positions. If a current employee refers a prospective employee who is hired into a high needs position, the employee will receive a referral stipend in the amount of five hundred dollars (\$500.00) and may be split if the new employee is referred by more than one member. The stipend shall be paid on the second pay after the new employee begins work.

The five (5) year option shall not be used to extend new employees beyond the fifteen (15) year service credit maximum set forth above.

Teachers who are employed or who are re-employed by the district after retirement shall be given credit for teaching service in or out of the district and/or military service as other newly hired teachers for up to ten years of service credit.

Beginning with the 2020-2021 school year, the Board may place the newly hired school psychologists or speech language pathologists on the salary schedule using the above hard to fill position language. In order to be competitive with other districts, the District may also grant a stipend to those new hires which would allow the District to be competitive with salaries of competing districts.

This section shall supersede Ohio Revised Code section 3317.13 to the extent that this provision conflicts regarding the granting of service credit for salary placement purposes.

3. One year's teaching experience shall be defined at not less than one hundred twenty (120) days of teaching during a given school year (includes substitute teaching). A year of military service is defined as twelve (12) months of active duty or a partial year of active duty of at least eight continuous months.
4. For proper placement on the salary schedule, the teacher being employed shall furnish an official transcript of credits, a valid teaching certificate/license, and if Armed Forces credit is to be granted, a copy of discharge or separation form 214, to the Treasurer of the Board no later than September 15th of his or her initial year of employment. Upon submission of such information, the teacher shall immediately be moved to the proper placement on the salary schedule retroactive to the beginning of that teacher's contract year.

5. Failure of a teacher to provide proper certification shall result in withholding of pay and/or termination.
6. Employees shall receive their salary by direct deposit twice per month, in twenty-four (24) equal installments. To the extent possible, deposits shall be on the first (1st) and fifteenth (15th) of each month.

Salary allowances for supplemental duties which are not performed continuously throughout the school year will be paid in two (2) equal payments, the first on the teacher payroll payday immediately following the mid-point of the season or activity and the second on the teacher payroll payday immediately following the conclusion of the season or activity.

7. A teacher may advance horizontally on the salary schedule by acquiring additional college credits and/or degrees by providing evidence that sufficient course work beyond the baccalaureate level has been credited or a higher degree has been earned. Satisfactory evidence shall be an official transcript issued by the appropriate academic institution.

Payment on the new column will be effective at the beginning of the school year and will commence the first pay of the year, provided the employer has been provided satisfactory evidence on or before October 1.

Payment on the new column will be effective at the beginning of the second semester and will commence the first pay after the beginning of the second semester provided the employer has received satisfactory evidence on or before March 1.

Only coursework that relates to the teacher's area of licensure/certification or the education field is eligible for horizontal movement on the salary schedule.

B. Springfield Academic Units

1. Teachers may earn Springfield Academic Growth Units (SAGUs).
2. Each SAGU is the equivalent of Sixty-Two and One Half (62.5) contact hours.
3. A SAGU may only be earned for professional development offered by the District that is aligned with the District goals and/or State and Federal mandates.

4. Each SAGU offering must be approved by the LPDC and the Superintendent.
5. Teachers are not eligible to earn SAGU credit for time for which the District is already compensating the teachers through either salary, stipend and/or reimbursement. However, if there is an overlap between the end of a teacher's contractual day and the beginning time of the course, the teacher is not considered to be on salary for the overlap time.
6. Each group of Sixty-Two and One Half (62.5) contact hours will add Four Hundred Dollars (\$400.00) to the teacher's salary and, once earned, the sums shall continue to be part of the teacher's annual salary.
7. A teacher may not earn more than two (2) SAGUs between July 1, 2020 and June 30, 2023.
8. Any course or subject desired to be offered for SAGU credit may be initiated by any teacher, any administrator, and/or the Academic Services Department, as follows:
 - a. Application of course consideration must be sent to the LPDC.
 - b. Such matters outlining the subject to be studied, securing a competent instructor, materials, credits to be earned, and financial considerations are to be reviewed by the LPDC. If the LPDC believes that a course should be offered, its recommendation shall be sent to the Superintendent or his/her designee, for approval.
 - c. Said recommendation must be approved by the Superintendent or his/her designee before it is announced that such course will be sponsored by the District for SAGU credit.
 - d. If the course is approved by the Superintendent and/or his/her designee, and the LPDC, the course work shall count toward the hours necessary for license renewal.
9. When a teacher has completed Sixty-Two and One Half (62.5) contact hours of approved SAGU coursework, the teacher has qualified for SAGU salary adjustment. To qualify for SAGU salary adjustment effective at the beginning of a school year, by October 1st the teacher shall have submitted Exhibit E to the Human Resources department certifying his/her completion of Sixty-Two and One Half (62.5) contact hour. To qualify for salary adjustment effective at the beginning of the second semester, by March 1st the teacher must submit to the Human Resources Department Exhibit E certifying his/her completion of Sixty-Two and One Half (62.5) contact hours. If Exhibit E is not submitted on a timely basis, the SAGU salary adjustment shall be retroactive to the date of eligibility.

10. SAGU salary adjustment shall be paid in essentially equal installments with each paycheck. This salary adjustment shall not be paid as a lump sum.
11. When an SEA bargaining unit member teaches a course that has been approved for Springfield Academic Growth Units (SAGUs) (even if that SEA bargaining unit member has taught that course for SAGU credit before), that SEA bargaining unit member shall, at his/her election, receive the amount of Springfield Academic Growth Units that other participants in the course receive for taking the course or shall receive compensation for teaching the course at the teacher's hourly rate.
12. A single course could be either for college/university credit for Salary Adjustment Growth (above item 7) or could be used for Salary Adjustment for Springfield Academic Growth Units (Item 8, above), but cannot be used for both. Before the District-offered course actually begins, the teacher shall declare if the course is to be used for Salary Adjustment for Academic Growth or for Salary Adjustment for Springfield Academic Growth Units.
13. Nothing herein shall prohibit the LPDC from accepting a combination of SAGUs and Academic Credit for Salary Adjustment for purposes of licensure renewal.

The club advisor shall be paid in June following the completion of the school year in which the club operated. All clubs are subject to

approval by the Treasurer through the normal budgetary process associated with building budgets.

D. STRS Pick-up Salary Reduction Method

Each teacher's salary shall be reduced in an amount equal to the teacher's contribution to the State Teacher's Retirement System and paid to STRS on behalf of the teacher. The salary reduction method of STRS payment pickup shall apply uniformly to all teachers, and no teacher covered by STRS shall be exempt. The STRS payment defined herein shall apply to all compensation earned including regular contract and supplemental contract earnings.

2. Teachers may also purchase or restore STRS service credit through a tax deferred payroll deduction plan. Any teacher who wishes to purchase or restore STRS credit through this plan must enter into a binding irrevocable payroll deduction authorization and such teacher shall not have the option of choosing to receive the amounts directly instead of having them paid by the employer to STRS. These deductions from salary are designated as being picked up by the employer and paid by the employer in accordance with Internal Revenue Code requirements.

ARTICLE TEN - FRINGE BENEFITS

A. Health Plan.

1. The Board will pay Eighty-Three Percent (83%) of the total monthly cost of the health plan and the teachers will pay by payroll deduction Seventeen (17%) of the total monthly cost during the term of this Agreement.
2. Upon application, the Board shall also provide the above health plan for each annually contracted part-time teacher working one (1) half time or more on a prorated basis if the teacher desires it and is eligible. (Example: The Board's contribution for a teacher working on a three (3) day per week schedule would be Sixty Percent (60%) of the amount it would pay for a full-time teacher.) The part-time teacher shall pay the balance of the total annual cost.
3. A District Health Insurance Committee composed of an equal number of administrators and bargaining unit employees including teachers appointed by their Association, staff employees appointed by SEUSS/OEA/NEA and staff employees appointed by the Teamsters shall meet at least quarterly during the school year to review and discuss the District's health insurance plan and the costs associated therewith.

Beginning January 1, 2015, there will be a reserve floor set at \$2.4 million. If the insurance increases for the premium year are quoted at more than 5%, then the insurance committee must use any reserve in excess of the floor to buy down the premiums to no more than a 5% increase. If there is no reserve, or there is an insufficient reserve to buy down the premiums to the 5% requirement, then any premium costs in excess of the 5% are split 50/50 between the employees and the Board of Education. If the reserve is below the \$2.4 million floor, then the premiums for the following plan year must include sufficient amounts to bring the reserve up to the floor, and to the extent that this results in an increase above 5%, then anything over the 5% is to be split 50/50 between the employee and the Board of Education. Based on this allocation, the effective premium shares will be adjusted for that plan year and all subsequent years. Staff will also be notified of the change in premium share. If the split results in a change in the premium shares of an 80/20 split or more, the insurance committee will meet to discuss options. If the actuaries determine that the reserve is not sufficient, then the reserve amount will be increased. The actuaries may also recommend that the reserve be decreased.

If the new reserve is higher than the actual amount of dollars in the reserve, then the preceding paragraph will be enacted.

B. Life Insurance.

1. The Board shall pay for a term life insurance policy \$50,000 for each full-time annually contracted teacher.
2. Also, full-time annually contracted teachers will be given the option to purchase supplemental life insurance in excess of the insurance provided by the Board. Such supplemental life insurance will be offered at the lowest rates obtainable from the insurance carrier underwriting the coverage provided by the Board and will be subject to the terms and limits of the insurance contract for such supplemental life insurance coverage.

C. Dental Insurance.

The Board shall purchase an approved dental insurance policy for each full-time, annually contracted teacher who desires it and is eligible. The Board shall pay ninety eight percent (98%) of the premiums. Specifications shall be made available to all bargaining unit members.

D. Graduate Tuition Reimbursement. The Board shall allocate One Hundred Twenty-Five Thousand Dollars (\$125,000.00) per each school year for Graduate Tuition Reimbursement. These amounts shall not carry over from year to year.

Each full-time, annually contracted teacher shall be reimbursed Three Hundred Dollars (\$300.00) per semester hour. The work taken shall be in the teaching field of certification/licensure of the teacher or in other work previously approved by the Superintendent or his designee. The college or university at which the course is taken must also be certified by the Ohio Board of Regents. Following receipt of a master's degree, all work taken shall be with the prior approval of the Superintendent and shall be judged on the potential for direct benefit to the instructional program of the Springfield City Schools. This reimbursement shall be made only once per course taken. Hours taken through grants, scholarships, or other sources at no cost to the teacher shall be excluded from this provision. Transcripts must be presented to Administration within sixty (60) calendar days of class completion.

The maximum number of hours per teacher applicable under this policy shall be the equivalent of twelve (12) semester hours from July 1 through June 30. Certificates for tuition received from a college or university for

supervision of student teaching or other similar services shall not be applicable under this section.

If a teacher leaves the employ of the Board within two (2) years of receiving tuition reimbursement under this provision, the teacher shall be responsible for repaying the Board for any amounts received under this provision during that two (2) year time period. Those sums may be withheld from any wages due to the teacher, which may not have yet been paid. The repayment provisions shall not apply if the teacher leaves employment through termination, retirement or disability retirement.

E. College Credit Plus Reimbursement.

In order to incentivize teachers to become eligible to teach College Credit Plus classes the parties hereby create the CCP Reimbursement Program. Participation and ability to take CCP classes must be pre-approved by the Superintendent or his/her designee in order to be eligible for the CCP tuition reimbursement. Reimbursement shall be up to the 18 semester hours. Those funds are not subject to Graduate Credit Tuition Reimbursement fund in Section D above. Reimbursement shall be at the rate of \$300/semester hour. In order to be eligible for reimbursement, the teacher must successfully pass the class with a B or better. Tuition reimbursement will not be available for portions of tuition paid via scholarship from the university or college.

Once completing the certification requirements, the teacher shall maintain CCP status for a minimum of two years or he/she will have to repay the tuition. In addition, the teacher must remain employed for at least two (2) years after receiving reimbursement unless the program is cancelled or the employee is relieved of his/her duties by District

The teacher will be given professional leave time to attend mandatory meetings with colleges if they occur during the work day. If the teacher is required to attend mandatory meeting outside of contract day, CCP teachers will be paid at his/her per diem or pro-rated per diem rate. CCP approved teachers will receive additional compensation of \$800 per class being taught per semester.

The District cannot mandate that a teacher obtain CCP credentials. Qualified bargaining unit members given first opportunity to teach the class. CCP evaluations are not included in OTEs evaluations.

F. Current Employees/High Need Positions

If approved by the Administration, a current employee will be eligible to receive tuition reimbursement for classes which will result in the employee

receiving a license to teach in the position. Reimbursement shall be up to five hundred dollars (\$500.00) per semester hour and shall not be subject to the caps of the Graduate Tuition Reimbursement maximums. Any sums paid by the Board shall be subject to repayment if the member does not complete the coursework in a reasonable time and receive the applicable license or if the employee refuses to accept the appointment to the position. If the member is placed in a hard to fill position and leaves within two (2) years of said appointment, the member shall be responsible for the repayment of all tuition payments made which allowed the member to achieve the license. If the member is hired into a hard to fill position, he/she shall receive a stipend equal to three percent (3%) of the employee's salary, said stipend to increase by any base increases received on the employee's regular salary.

F. **Severance Pay (Conversion of Sick Leave Accumulation)**. A teacher in the Springfield City Schools who retires from active service with the Springfield City Schools with ten or more years of service with the state, and political subdivisions, or any combination thereof, may at the time of retirement (defined as being retirement based on active service, not disability, and the filing and approval of an application for retirement by the Ohio State Retirement Systems) elect to be paid for one-fourth (1/4) the value of his/her accrued but unused sick leave credit with the following limitations:

1. Payment shall be based on the teacher's daily rate of pay at the time of retirement. Daily rate shall be based on the final annual salary of the teacher with the district as shown on the regular contract or salary notice, excluding any pay for supplemental duties or extended service.
2. Severance pay shall be paid for one-fourth (1/4) of accrued but unused sick leave. The maximum number of days for which severance pay shall be paid is sixty three and one quarter (63.25) days. If employee is at maximum accumulation of sick leave in the year in which teacher retires, and teacher does not use more than three (3) days of sick leave in the last year of employment, the teacher will receive twenty seven percent (27)% of the accumulated but unused sick leave days
3. The teacher must sign for the severance pay check certifying all eligibility criteria have been met.
4. Receipt of such payment for accrued but unused sick leave shall eliminate all sick leave credit accrued by the teacher.

5. Any teacher who retires at the end of a regular school year shall collect his/her severance pay within seventy-five (75) days following retirement.
 6. Severance pay will be paid to the estate or named beneficiary of a teacher who dies after becoming eligible for service retirement.
- G. **Mileage and Insurance Coverage.** Any teacher who is authorized to use his/her car on official school business shall be compensated at the current Internal Revenue Service's allowable mileage rate. Further, the Board shall provide insurance to cover the teacher in the event of an automobile accident. Authorization for the teacher to use his/her car on official school business must be obtained in advance from the teacher's principal or other appropriate administrator (such as the athletic director in the case of a coach transporting student athletes).
- H. **Ohio Tuition Trust Authority Guaranteed Tuition Program.** The Board authorizes the Superintendent and/or Treasurer to execute agreements or other documents with the Ohio Tuition Trust Authority needed to enable teachers to participate by payroll deduction in the Ohio Tuition Trust Authority Guaranteed Tuition Loan Program. Participation in this program shall be voluntary and subject to the policies and procedures established by the Ohio Tuition Trust Authority and the Board.
- I. **Tuition Waiver.** If the Board of Education does not enact an open enrollment policy, the Board shall permit nonresident students who are the children of full-time employees to attend school in the K-12 program of the District on a tuition-free basis in accordance with policies now or hereafter adopted by the Board. ARTICLE ELEVEN - MISCELLANEOUS MATTERS

- A. **Definition.** Except as otherwise indicated, the term "day" or "days" as used in this Agreement shall mean calendar days.
- B. **Supremacy.** This Agreement shall supersede, to the extent permitted by Ohio Revised Code Section 4117.10(a), all provisions of the Ohio Revised Code which are contrary to the express provisions of this Agreement.

If any provision of this agreement is determined by a Court of competent jurisdiction to be illegal or in conflict with state or federal law, except as permitted by Ohio Revised Code Section 4117.10(a), then such provision shall be deemed null and void but all other provisions of the Agreement shall remain in full force and effect.

- C. **Entire Agreement.** This Agreement (and accompanying Memoranda of Understanding) supersedes and cancels all prior agreements between the parties whether verbal, written or based upon alleged past practices, and all Board Policy and Administrative regulations, it being the intent of the parties that this Agreement (and accompanying Memoranda of Understanding) shall constitute the entire agreement between them.

No agreement, alteration, variation, waiver or modification of any of the terms or conditions contained in this Agreement shall be binding upon the parties hereto unless executed in writing by the parties.

- D. **Waiver of Bargaining.** The parties acknowledge that during negotiations which resulted in this Agreement, they each had the right and opportunity to make proposals with respect to any subject or matter not removed by law from the area of collective bargaining and that their understandings and agreements are set forth in the Agreement. Therefore, the Board and the Association for the life of this Agreement each voluntarily waive the right to bargain collectively with respect to any matter or subject contained in the Agreement or addressed in the parties' negotiations giving rise to the Agreement, including but not limited to any subject or matter arising from the exercise of any management right or its affects upon any term or condition of employment. However, the parties shall have the right and obligation to bargain on those mandatory subjects of bargaining which arise during the term of the Agreement which are neither contained in the Agreement nor were addressed during the bargaining process.
- E. **No Strike Clause.** There shall be no strike, sympathy strike, work stoppage, walk out, or other interruption of work for any cause whatsoever during the term of this Agreement, except that this clause shall not apply after the parties have exhausted their negotiations impasse procedure if bargaining is conducted during the term of this Agreement pursuant to an express provision of this Agreement to "reopen" negotiations.
- F. **Educational Reform:** . It is in the mutual interest of the Association and the Board to insure that individual buildings enjoy flexibility in their organizational structure, minimally constrained by contract language. It is of equal interest to maintain procedures that will insure individual teacher's rights are safeguarded.
- G. **Faculty Advisory Council Contract Modification**
If an individual building Faculty Advisory Council has identified an educational improvement that requires contract modifications for implementation, it will first submit an overview of the plan to the Superintendent for concept approval. After receipt of the Superintendent's approval, the plan will then be submitted to the Association Executive Council for their concept approval. Upon Association approval, Councils may then submit applications for contract provision exemption to the district Labor Management Committee. Applications may request exceptions for individual buildings or may be joint requests from two or more buildings.

Applications will follow the format and timelines as prescribed by the Labor Management Council and will contain, as a minimum;

A) Educational Plan

1. A summary of the proposed Educational Plan.

2. Each plan must contain a review of the plan concept that includes;
 - a) evidence of building wide involvement in development
 - b) evidence that the proposal is research based
 - c) evidence that appropriate district and outside resources were consulted
 - d) evidence of identifiable goals and evaluation procedures with timelines and target dates.
- B) Contract Exemption Request
1. Specific identification of language proposed for exemption or modification.
 2. How identified language restricts implementation of the proposed Educational Plan.
 3. Proposed exemption or revision language.
- C) Provision for Faculty Approval
1. 2/3rds of the building(s) faculty must approve a plan for implementation to proceed.
 2. Faculty wishing not to participate may request reassignment or transfer.
 3. Administration will seek to honor requests for transfer, considering both individual and district needs.
 4. Faculty not transferred or accommodated will be expected to make a good faith effort to implement the Plan.
- D) District Labor Management Council Action
1. All requests for exemption will be reviewed by the Council or designated sub-committees.
 2. The Council may not obligate district resources without approval of the Superintendent and/or Board.
 3. Buildings will submit yearly evaluations of the exemption for Council review.
 4. All deliberations and action will be in accordance with timelines adopted by the Labor Management Council.
- E) Approval/Rejection

1. If the LMC rejects the exemption it may do so in totality or in part.
2. If the LMC rejects the plan (whole or part), it may, but is not required, send the plan back with suggestions for modifications.
3. If a plan is rejected the submitting party may modify the plan and re-submit.

F) Final Approval

1. After LMC approval the LMC will submit their recommendation for contract provision exemption to the Association Executive Council and the Superintendent.
2. The Superintendent and the Association Executive Council (or each party's designee) will meet to prepare a memo of understanding allowing the contract exception requested and defining appropriate timelines.
