ARTICLE 1. RECOGNITION

- A. The Board recognizes the Southeast Local District Teachers Association (hereinafter referred to as "SELDTA" or "Association"), an affiliate of the National Education Association, Ohio Education Association, Northeast Ohio Education Association as the sole and exclusive representative of all of the following full-time and part-time certificated/licensed personnel: classroom teachers, guidance personnel, remedial teacher(s), full-time tutors, school nurse(s), librarian(s), long-term substitutes employed by the Southeast Local Board of Education except casual, day-to-day certificated personnel working on an hourly or per diem basis and excluding all administrative and supervisory personnel as defined in Chapter 4117 of the Ohio Revised Code. Such recognition shall be for a period covering the duration of this Contract. Effective July 1, 2020, any position paid through Title 1 funds may be filled with a long-term substitute and is intended to be a five-eighths (5/8) or fewer hourly position. Scheduled work hours will be based upon actual funds available, as determined by the Treasurer and Superintendent, after a conference with the Association President, and shall be subject to the provisions of paragraph D., below. If the individual hired to fill a position, paid through Title 1 funds, is recommended for employment for a subsequent school year, he/she will be paid during the second year of employment at the salary rate reflected on the approved salary schedule at the BA-0 rate for the second year of employment. This provision for continued employment of a substitute employee supersedes the requirements of R.C. 3319.10 and any other related statute or regulation. An employee who serves in the role of a long-term substitute may apply for a full-time vacancy and his/her performance as a long-term substitute will be considered.
- B. If during the term of this Contract, fifty percent (50%) or more of the bargaining unit petition to change the sole and exclusive rights of SELDTA as the bargaining unit, and consistent with the provisions of ORC 4117, then an election shall be held under the provisions of ORC 4117. If there should be a challenge to the 50% election provisions, no grievance would be filed against the Board of Education.
- C. Recognition of the Association by the Board shall be for the purpose of developing a Negotiations Procedure and then negotiating in good faith a professional Salary Schedule, fringe benefits, Grievance Procedure, working conditions, and other terms or conditions of employment.
- D. Long-Term Substitutes
1. Long-term substitutes who are hired for one hundred twenty (120) or more days of employment shall be recognized as bargaining unit members.
 2. Compensation for such long-term substitutes who are hired for at least one hundred twenty (120) days shall be at the long-term substitute rate for the first sixty (60) days of employment and thereafter at BA-0. Beginning with the 61st day of employment, such long-term substitutes shall be included in the

bargaining unit from the sixty-first (61st) day through the remainder of the long-term substitute assignment.

3. The employment contract of a long-term substitute shall expire at the end of its term without notice of non-renewal. Performance evaluations shall not be required.
4. The rights of long-term substitutes under this Agreement are limited. Articles 10 (Nonrenewal), 11 (Vacancies and Transfers), 13 (Professional Development), 14 (Evaluation of Professional Personnel), 15 (Just Cause), 21 (Reduction in Force), shall not apply to the employment of long-term substitutes. However, notwithstanding the foregoing, long-term substitutes as defined herein shall be entitled to one (1) observation utilizing the walkthrough form as described in Article 14, by March 1. An additional observation may be requested by April 1, with feedback to be provided by May 15.

 - b. Recognition of request for a professional negotiations meeting.
 - c. Time, place and date of a mutually agreeable initial negotiations meeting.

B. NEGOTIATIONS SESSIONS

1. The first negotiations session shall be held within thirty (30) calendar days of the date listed on the initial request for negotiations.

2. The First Negotiations Session:

The first item of business will be the exchange of any initial proposals by each team.

Each proposal submitted by either party shall specify to the proponent so that without clarification or supplementation the proposal, if agreed to by the other party, would express the whole agreement of the parties with respect thereto.

3. Prior to the end of any session, a mutually agreeable time, place, and date shall be established for the subsequent negotiations sessions. The parties should attempt to schedule sessions at the most reasonable times as are mutually agreeable.
4. Negotiations meetings shall be closed to the press and public, unless otherwise agreed by the parties, through the initiation to completion of negotiations.
5. Representation at all negotiations sessions shall be limited to not more than five (5) representatives selected by the Board, and not more than five (5) bargaining unit members, or representatives, selected by the Association. Observer positions may be rotated and observers will have speaking privileges by mutual consent of both parties. These parties shall attend negotiations sessions, except as otherwise provided herein. 6. Each Negotiations Team may use consultants at the table as they feel essential in the course of negotiations. Such consultants shall be in addition to the five (5) representatives specified in paragraph 5 above.
7. Either team may declare a recess when it appears that meaningful progress cannot be attained. A recess can only commence after mutual agreement of the time and place for the continuation of the negotiations has been determined.
8. Either team may call for a caucus at any time.
9. The negotiations period shall be for a period not to exceed sixty (60) calendar days after the first session. All sessions are to be completed within this time period, unless extended by mutual agreement.

11. All sessions of negotiations shall be in "Good Faith." "Good Faith" negotiations, as provided for in this Agreement, includes, but is not limited to: logical positions on issues, and indicated willingness to reach agreement thereon; a search for counterproposals to proposals not accepted; and refraining from unexplained changes in position, and from raising new and additional issues calculated to avoid the reaching of an agreement; but does not compel either party to agree to a proposal, or require the making of a concession.
12. While negotiations are in progress any needed news releases, including statements at Board meetings, shall be made only with mutual agreement of the Negotiating Teams. Said releases shall be in writing, and each team shall have a copy of the statement prior to release.
13. During the course of negotiations, reports may be given to the Association only by the Association team, and to the Board only by the Board team.
14. When tentative agreement is reached on an item under discussion, it shall be reduced to writing and be initialed by a representative of each party, and removed from further negotiations.

C. AGREEMENT

1. Members of the respective Negotiations Teams have the power and authority to negotiate; that is, to make proposals and make concessions in the course of discussion. When tentative agreement is reached on all items being negotiated, a final written copy shall be submitted to the Association for ratification, and then to the Board at its next regular Board meeting for adoption. Both teams shall recommend and urge approval of their respective groups.
2. The final written Contract will contain the following:
 - a. Terms of the provision.
 - b. Effective date of the provision.
3. When approved by both parties, it shall be signed by their respective Presidents and Negotiating Teams and shall be entered into the official Minutes of the Board. Thereupon, the items agreed to shall constitute any

necessary revision of school policies. When applicable, provisions will be reflected in the individual contract or salary notice as submitted to employees.

4. The final written contract shall be made available to all parties in electronic format and the parties shall agree to equally share the cost of printing thirty-five (35) copies. The Board shall receive ten (10) copies and the Association shall receive twenty-five (25) copies.

D. DISAGREEMENT

1. Mediation

- a. If agreement is not reached within sixty (60) days of the initial negotiations session, either party may submit a request to the Federal Mediation and Conciliation Service (FMCS) for the purpose of mediating an agreement. The parties shall meet at the request of the Mediator. The Mediator shall only have the authority to assist the parties in reaching an agreement.
- b. The sixty (60) day time limit for mediation may be extended by mutual agreement.
- c. If the FMCS cannot supply a Mediator, the Mediator shall be selected through the American Arbitration Association (AAA) pursuant to its rules.
- d. If there are any costs incurred during mediation, they shall be shared equally by the Board and the Association.
- e. Mediation shall serve as the mutually agreed dispute resolution procedure between the parties and supersedes the dispute resolution procedure contained in Section 4117.14, Ohio Revised Code. Nothing herein shall infringe upon the Association's right to strike.

4. If the results of the criminal record check demonstrates that the Board is prohibited by law from employing the person due to his/her criminal record or such record is not in keeping with standards in the District, the applicant who was conditionally employed will be immediately and summarily dismissed from his/her employment with the Southeast Local Schools.

ARTICLE 10. FAIR DISMISSAL

- A. Termination of contract of a teacher shall be in keeping with provisions of O.R.C. Section 3319.16 and related statutory law.
- B. Non-renewal of contract shall be preceded by written notification to the teacher from the Superintendent stating the intent to recommend non-renewal of contract and the reason(s) for such recommendation. Teachers being so notified for either termination of contract or non-renewal of contract shall be given the opportunity to address the Board, with counsel, in Executive Session, prior to any official action by the Board.
- C. Teachers being so notified for either termination of contract or non-renewal of contract shall be given the opportunity to resign prior to any official action of the Board.
- D. This procedure shall cover work done under all regular contracts.
- E. Notice of intent to recommend renewal or non-renewal of the supplemental contract to the Board must be received by the teacher on or before June 1 for non-athletic supplemental contracts. For athletic supplemental contracts, such notice shall be received by the teacher not later than two (2) weeks following the sports banquet for that sport's season. All such recommendations shall be noted on the supplemental evaluation form(s) found in Appendix O (Non-Athletic Supplemental Evaluation) or Appendix P (Athletic Supplemental Evaluation) and shall be based on said supplemental evaluation.
- F. If a recommendation for non-renewal of the supplemental contract is to be made, as noted on the supplemental evaluation form, the individual shall have the opportunity to address the Board, with representation, in Executive Session, prior to any official action by the Board.
- G. All athletic supplemental evaluations shall be conducted within two (2) weeks following the sports banquet for the relevant season. All non-athletic supplemental evaluations shall be conducted prior to June 1.

ARTICLE 11. VACANCIES AND TRANSFERS

- A. All certificated staff vacancies shall be posted by grade level or subject area for three (3) work days during the teacher work year and five (5) days during the summer break to all staff. During the school year, the posting shall be in each

teaching staff area, and department offices. During the summer, notices shall be sent by district email to all employees and via the automatic phone messaging system. Notice may also be posted on the District web site. In an emergency situation, agreed to by the Association President, the posting can be announced to the staff by the Superintendent. In this instance, the five (5) day limit is waived.

1. A “vacancy” shall be defined as: a newly created position or a position that is unfilled because of death, retirement, resignation, termination, non-renewal, or transfer and which the Board intends to fill. Effective July 1, 2020, any position paid through Title 1 funds may be filled with a long-term substitute and is intended to be a five-eighths (5/8) or fewer hourly position. Scheduled work hours will be based upon actual funds available, as determined by the Treasurer and Superintendent, after a conference with the Association President, and shall be subject to the provisions of paragraph D., below. If the individual hired to fill a position, paid through Title 1 funds, is recommended for employment for a subsequent school year, he/she will be paid during the second year of employment at the salary rate reflected on the approved salary schedule at the BA-0 rate for the second year of employment. This provision for continued employment of a substitute employee supersedes the requirements of R.C. 3319.10 and any other related statute or regulation. An employee who serves in the role of a long-term substitute may apply for a full-time vacancy and his/her performance as a long-term substitute will be considered.
2. Applications from current employees shall be given first consideration and a new application is necessary for each position posted.
3. Such applications must be submitted to the central office by 4:00 P.M. within three (3) work days of the original posting date during the teacher work year and five (5) working days of the original posting date during the summer break. (For purposes of this provision, “working days” during summer, winter and spring break mean days when the Board office is open as posted on the website.)
4. Vacancies shall be filled on the basis of seniority, experience and qualification in the school system. For supplemental vacancies, the Board shall follow the provisions of O.R.C. 3313.53.
5. Any current employee who files timely application for a vacancy shall be granted an interview for the vacancy. All bargaining unit applicants will be informed that the position has been filled within ten (10) days of the decision to fill or Board action, if any.
6. If the Superintendent is not in receipt of any application within the specified time or in the event none of the applicants is qualified, he/she may then fill the vacancy with a candidate from outside the school system.

B. The Association hereby recognizes the right and responsibility of the Administration and Board to assign teachers to their teaching duties, and to evaluate the performance of teachers. With the recognition of this responsibility, the Administration agrees to notify each teacher in writing, by June 1 of each year of his/her tentative assignment for the following school year. In the event that there must be a change in subject, grade level, or building, the teacher shall be contacted and consulted as to the best adjustment possible for the teacher and the school. This is to be done by receipt mail, and it is the responsibility of the teacher to respond within fifteen (15) calendar days.

C. TRANSFER

1. Definitions

Assignment - is the physical location (i.e. classroom, gymnasium, area etc.) of job duties within the same building.

Reassignment - is a change in the physical location of job duties within the same building.

Transfer - A change in building, grade level and/or subject.

Voluntary Transfer - is a transfer that is requested by the employee who follows the Vacancy procedures above.

Involuntary Transfer - is a transfer initiated by the Administration.

2. Involuntary Transfer

Every reasonable effort shall be made to avoid involuntary transfers by utilizing the voluntary transfer procedure. If the Superintendent directs an involuntary transfer, thirty (30) calendar days advance notification shall be given to the involved teacher(s) prior to the effective date of said involuntary transfer. Prior to invoking an involuntary transfer, the Superintendent shall first give consideration to the placement of teacher volunteers. When involuntary transfers are necessary due to vacancy or staffing need, a member's area of certification/licensure, his/her teaching experience, qualifications, and length of continuous service in the district will all be used as criteria in determining if a member is to be transferred.

a. The affected employee shall be given an opportunity to meet with the Superintendent to discuss the proposed involuntary transfer or reassignment. The meeting should be held within ten (10) working days of notification. Reasons for the involuntary transfer shall be discussed at the meeting.

- b. The transfer shall not be illegally discriminatory or otherwise in violation of law.
- c. The involuntarily transferred employee shall be given an opportunity to set up their new classroom. When teachers are required to participate in such activities after June 1, they shall be compensated two (2) days at their per diem wage.
- d. Teachers with 30 or more years of experience shall not be involuntarily transferred for punitive reasons, and a bona fide rationale will be provided by the administration.
- e. No teacher shall be involuntarily transferred more than one (1) time in any three (3) year period.

ARTICLE 12. CLASS SIZE

- A. The regular assignment of each teacher shall coincide with his/her certification/licensure.
- B. The Board shall continue to strive to maintain a minimum class size, suitable to the subject area, with special consideration for children, teachers, class space, and funding available. The Board of Education will strive for class sizes of a maximum of twenty-five (25). However, if by the first week of school the Average Daily Membership (ADM) in kindergarten exceeds twenty-two (22), or if the ADM in grades one through five (1-5) exceeds twenty-five (25), the administration will consider: (1) adding another section of kindergarten/other grade level class in grades one through five (1-5), (2) assigning ESP (aide) time or 3) adding instructional support. This will be announced no later than the second full week of classes.
- C. Maximum classroom teacher staffing will not exceed the ratio of teachers to students of forty (40) teachers per 1,000 students. For counting teachers in this calculation, only regular, non-categorical teachers shall be counted. (NOTE: "Categorical" is defined as special education, non-federal.)
- D. Consistent with state and federal requirements, assignment of IEP students and Reading Improvement Plan (RIMP) students with teachers or into clusters will be made by the Superintendent in cooperation with special education and classroom teachers and the building principal or designee. Such clustering shall not result in more than 1/3 of the class being on an IEP in grades K-5. In grades 6-12, such clustering shall not result in more than 2/5 of the class being on an IEP. Such classes, with more than 1/3 and up to 2/5 of students on IEPs, shall have an intervention specialist assigned, and the regular teacher and the intervention specialist shall both receive annual professional development from the District on co-teaching. Students identified as eligible for Special Education Services mid-

year shall not count toward the 1/3 or 2/5 total. Clusters of IEP students and students on a RIMP will be rotated among classroom teachers on a yearly basis unless a teacher specifically requests to have such a cluster in consecutive years.

- F. Class sizes/instructional periods shall be equalized throughout each grade level/subject area to the extent practicable. New students (excluding students with IEPs) shall be assigned to the smallest class/section available based on student needs. Any inequity created due to scheduling of special area classes (art, music, and physical education) shall be excluded. When class sizes are equal throughout a grade level, new students will be assigned to teachers through an equitable rotation among all teachers in that grade level.

ARTICLE 13. PROFESSIONAL DEVELOPMENT PROGRAM

- A. The Board of Education shall appropriate the sum of \$32,000 per school year as a stipend to teachers for earned college credit or Continuing Education Units (CEUs) subject to the following conditions:

 - 3. If the amount requested by bargaining unit members exceeds the sum appropriated by the Board, it shall be divided by the number of hours earned, and the amounts listed in #6 below shall be reduced.
 - 4. Courses must be officially transcribed from an appropriately accredited institution. For the purposes of this section, the term "appropriately accredited" shall mean an accreditation from one or more of the following accreditation agencies: North Central Association of Colleges and Schools, The Higher Learning Commission Middle States Commission on Higher Education Accrediting Commission of Career Schools and Colleges, and/or

the Council for the Accreditation of Educator Preparation or equivalent organization.

5. Procedure for application of payment:
 - a. Teacher submits a reimbursement form (see Appendix B) to the Superintendent by October 1st for a course taken during the last twelve (12) months. Evidence of successful completion of the course must accompany this form. This evidence can be in the form of a grade or the official transcript from an accredited university or college where the course was taken. Proof of payment for the course is also required.
 - b. Payment will be made by October 31st in a single sum.
 6. The teacher qualified for such stipend shall be paid for the cost of courses approved in accordance with the procedures established herein at the rate of up to \$150.00 per semester hour, up to \$225.00 per graduate semester hour, and up to \$50.00 per CEU when not taken on school time or at other school expense. Reimbursement is not to exceed the actual cost of a class.
 7. Each teacher receiving a stipend under this Section, prior to his/her receipt of such pay, shall agree that he/she will be on staff in this District for at least one (1) full school year following receipt of such stipend. If such teacher fails to teach in the District for the required period, the amount of each stipend received during the prior school year shall be deducted from said teacher's final pay.

3. All observations for the evaluation for those teachers who do not hold a continuing contract will occur after the first fifteen (15) school days and by January 15. An employee whose performance has been found deficient to the extent that a recommendation of contract non-renewal or other adverse personnel action is a strong possibility or is to be considered for renewal will be subject to a third observation. The third observation shall be conducted between February 1 and May 1.

D. OPEN APPRAISAL

1. All monitoring or observation of the work performance of a teacher shall be conducted openly and with the full knowledge of the teacher. 3. A minimum of two (2) observations shall be conducted to support the performance evaluation. An observation shall last a minimum of thirty (30)

- consecutive minutes. During the first observation if there are no "needs for improvement" listed then the evaluator may observe the second time one (1) week following the first observation. There shall be at least three (3) weeks between formal observations if "needs improvement" items are listed after the first observation. If after the second observation an employee's performance is found deficient to the extent that adverse personnel action may result, additional observations may be conducted.
4. All observations shall be preceded by a written notification of the observation. A conference shall be held, unless waived by the teacher, between the evaluator and the teacher in order for the teacher to explain his/her plans and objectives for that class.
 5. All observations shall be followed, within four (4) work days by a conference between the evaluator and the teacher in order for questions arising from the observation to be discussed.

Evaluation forms will be provided in the contract appendix.
2. The evaluator shall assist the employee in correcting deficiencies. The evaluator shall submit a written plan for correcting the deficiencies which shall include ways the evaluator shall assist the employee to correct the deficiencies. 3. Other deficiencies regarding the employee's failure to adhere to reasonable work rules or other documented deficiencies not noted during the formal observations must be put in writing and provided to the employee within five (5) work days after the deficient performance occurs but not later than the date of the employee's receipt of the evaluation report. Other deficiencies occurring after the last evaluation in a school year may be documented, reported to the teacher in writing within five (5) work days, and included in the following year's evaluation. The evaluator must include said deficiencies in

any plan for correction of deficiencies and shall include a reasonable time period for correction.

F. WRITTEN EVALUATION AND NOTICE

3. The evaluator shall note all the evidence used to support the conclusions reached in the formal evaluation report.
4. The evaluation report shall be signed by the evaluator. The evaluation report should then be signed by the employee to verify notification to the employee that the evaluation will be placed on file, but the employee's signature should not be construed as evidence that the employee agrees with the contents of the evaluation report.
5. The evaluation report shall be completed by May 10, signed by both parties, and sent to the Superintendent.

G. RESPONSE TO EVALUATION

The employee shall have the right to submit a written response to the evaluation within twenty (20) work days of receipt of the evaluation report and to have it attached to the evaluation report to be placed in the employee's personnel file. 3. Evaluation Factors: The multiple measures that are required by law to be used in the teacher evaluation procedure. The two factors, which are weighted equally, are student growth measures at fifty percent (50%) and teacher performance at fifty percent (50%), unless the student growth measure component is reduced during the term of this agreement. If such a reduction occurs, the parties agree to negotiate over student growth measure sources and proportions only.
4. Evaluation Framework: The document created and approved by the Ohio Department of Education (ODE) in accordance with section 3319.111(A) of the Ohio Revised Code that establishes the standards-based framework for the evaluation of teachers developed under section 3319.112 of the Ohio Revised Code.

Teacher performance results are reported as a teacher performance rating that may be coded as "1" indicating lowest performance to "4" indicating highest performance.
16. **Teacher-Student Data Linkage (TSDL):** The process of connecting the teacher(s) to a student and/or defined group of students' growth scores for the purpose of attributing student growth to the teacher of record.

 - c. Any SLO that is rejected by the SGM committee shall be returned to the teacher/group with specific designation of deficiencies by November 8 with a timeline not to exceed ten (10) days for the resubmittal of the corrected SLO. The SGM committee shall notify the teacher/group of approval within five (5) days.
3. Teachers shall administer the final assessment to determine student growth as defined in the approved SGMs.
4. Prior to submitting the SGM results to the designated evaluator, the teacher

Teacher Category	Value-Added	Vendor Assessment	SLO	Total
A1	50%			50%
A2 (to be reviewed annually by evaluation committee)	proportionate to schedule as determined by teacher and evaluator		Remaining % = up to 2 SLOs*	50%
B		10%	40%=2 SLOs	50%
C			50%=2 SLOs	50%

* Number of SLOs to be jointly determined by the teacher and the evaluator.

- 3. The consideration of the student growth portion of the teacher evaluation must consist of a rolling average of three consecutive years of SGM data from the same grade level, subject matter, and/or age level for employment decisions. For teachers with less than three (3) years of SGM data, the average shall be derived from available SGM data.
- 4. The SGM component of the Summative Rating shall only be considered for high stakes employment decisions after three (3) consecutive rolling years of data have been collected.
- 5. All SLOs shall be derived through a pre- and post-assessment process. The period of time between the pre- and post-assessments shall depend on the

length of the course (i.e. 9 weeks; semester).

6. Factors in determining SGMs for purposes of retention, promotion, layoff, and recall decisions must include, but are not limited to:

a. Student attendance

A teacher may elect to exclude the SGMs attributed to any student evidencing more than ten (10) percent of the length of the course days of excused and/or unexcused absences from the classroom, including time when the student is not enrolled in the class. It will be the responsibility of the local district to ensure attendance is correctly recorded as it relates to SGM calculations. Further, if any parent/guardian elects to opt their child out of any assessment(s) used to determine SGMs, the student's "0" score shall not be counted for the teacher's SGM.

b. Common Core Standards - If state and/or federal mandates require a change in the existing mandated value-added and/or other mandated tests/scoring which become a portion of teacher(s) SGM scores, a minimum of three consecutive years of SGM data shall be collected under the revised mandate before any job action may be taken on the basis of the SGM data.

c. Teacher on approved leave – A teacher on approved leave and/or the Federal Medical Leave Act leave for four (4) or more weeks during the interval of instruction for the SGM shall not have the SGM portion for that school year used in a Final Summative Rating of Teacher Effectiveness, unless jointly determined by the teacher and the evaluator.

d. Teachers with student teachers – A teacher who has a student teacher assignment for four (4) or more weeks shall not have the SGM portion for that school year used in a Final Summative Rating of Teacher Effectiveness unless jointly determined by the teacher and the evaluator.

e. Teacher who has been transferred – A teacher, who is transferred to a different position (e.g. subject, grade level), shall have an SGM score consisting of a minimum of three consecutive years of SGM data before any job action may be taken.

f. Co-teaching arrangement (e.g. Inclusion) – Teachers who have an approved co-teaching arrangement shall have a percentage of the SGM score for the individual teachers in the co-teaching arrangement based on the actual instructional time each has spent with the student(s).

R. PROFESSIONAL GROWTH AND WRITTEN IMPROVEMENT PLANS

1. Professional Growth (found in Appendix K-3) and improvement plans (see Appendix K-4) shall be developed as follows:
 - a. Teachers whose Final Summative Rating is “Accomplished” shall develop a plan for continuing professional growth.

 - c. Teachers whose Final Summative Rating is “Ineffective” shall develop a written improvement plan with their credentialed evaluator. This form can be found in Appendix K-4. The administration shall assign the credentialed evaluator for the evaluation cycle and approve the improvement plan as set forth in this agreement.
 - d. In the event that a teacher and evaluator are unable to agree on the evaluator’s expectations for the improvement plan, the teacher may request a teacher mentor/coach or another mutually-agreed teacher of the district to facilitate further discussion between the teacher and the evaluator toward development of the improvement plan. If after these discussions there is no agreement, the evaluator shall have final authority to develop and implement a written improvement plan.
2. Professional growth and written improvement plans for the school year shall be developed not later than September 30.
3. The board shall provide for professional development, including mentoring/coaching, and for the allocation of financial resources to accelerate and continue teacher growth and improvement; and to provide support to poorly performing teachers as set forth in this agreement.
4. A teacher coming from another school district or state shall not be placed on a written improvement plan in their first year.
5. The written improvement plan shall include:
 - a. Specific student growth and/or performance expectations, resources, and assistance to be provided;

- b. Timelines for the completion of the plan (see Appendix K-5), which shall be at least one (1) school year for teachers whose Final Summative Rating in the prior school year was “Ineffective”; and
 - c. The District will provide reasonable financial, time, material, and human resources to realize the expectations set forth in the plan.
6. The Evaluation Committee will discuss the possibility of providing OTES mentors and other ways to support teachers on improvement plans.

S. FINALIZATION OF EVALUATION

- 2. Completion of Evaluation Cycle
 - a. The summative evaluation of a teacher shall be based upon student growth measures resulting from assessments that were administered in the previous school year for Value-Added Measures or the current school year for all other student growth measures, and performance that is assessed through evidence gathered during the walkthroughs and formal observations, including information in the OTES rubric and which has been previously discussed with the teacher in a timely fashion, related to professional responsibilities, that are conducted for the current school year.
 - b. The evaluation shall acknowledge, through the gathered evidence, the performance strengths of the teacher evaluated as well as performance deficiencies, if any.
 - c. The evaluator shall note evidence used to support the conclusions reached in the formal evaluation report.
 - d. The evaluation report shall be signed by the evaluator; and the evaluation report shall be signed by the teacher to verify notification to the teacher that the evaluation shall be placed on file. The teacher's signature shall not be construed as evidence that the teacher agrees with the contents of the evaluation report.
 - e. The evaluation report shall be completed, signed by both parties, and filed with the superintendent by May 10.
 - f. Once every three (3) years the board shall evaluate each teacher assigned an evaluation rating of “Accomplished” on the teacher’s most

recent evaluation conducted under this article, provided that the SGM component remains at least “average.” This evaluation shall be completed by the first day of May of the applicable school year, and the teacher shall receive a written report of the results of the evaluation by the tenth day of May of that school year. Teachers whose most recent evaluation were assigned a rating of “Skilled” shall be evaluated every other year, provided that the SGM component remains at least “average.” In the “off-years” teachers shall receive one (1) observation, which shall be comprised of the use of the walkthrough form (Appendix K-7) which is informed by thirty (30) minutes of observation time by the evaluator. In the event student growth measures are not maintained, as described above, the teacher may be returned to the annual evaluation schedule.

- g. Final Summative Rating of Teacher Effectiveness (Effectiveness Rating) – The Superintendent shall annually file a report to the Department of Education only utilizing eTPES “Option 3.” The parties agree that should the ODE remove Option 3 from the eTPES choice options or requires another means of reporting, they will meet to negotiate this issue.
- h. A teacher shall be given by the district one (1) copy of all information and documents obtained through the evaluation process.

3. Response to Evaluation

The teacher shall have the right to submit a written response to the evaluation within twenty (20) school days of receipt of the evaluation report and to have it attached to the evaluation report to be placed in the teacher's personnel file. A copy, signed by both parties, shall be provided to the teacher.

T. DUE PROCESS

- 1. Teachers who disagree with the level of student growth, the rating of performance and/or the summative evaluation rating shall be allowed to discuss the issue with the Superintendent, who shall, in turn, discuss the matter with the SELDTA President.
- 2. Teacher of Record
 - a. Each teacher shall have the opportunity to review the students for whom they are identified as teacher of record and the attendance of students , as it relates to the SGM rating, prior to the district verifying the teacher’s data and SGM rating in order to ensure accuracy in reporting. If the teacher believes either the teacher of record designation or the underlying student information is inaccurate, s/he shall notify the superintendent or his/her designee no later than April 15.

- b. If the teacher believes the SGM result is inaccurate, s/he shall notify the Superintendent or his/her designee within ten (10) calendar days of the date of the notice.
 - c. Upon notification, the administration will audit completely the data in question and provide a written report of said audit.
 - d. If inaccurate SGM data has been reported the administration shall remedy the error by reporting the correct information. If the administration is unable to report the correct information the teacher shall not have the SGM data count towards their final summative rating and the SGM data shall not be used against them in any type of job action.
3. A teacher shall be entitled to association representation at any conference held during this procedure in which the teacher shall be advised of an impending adverse personnel action.
 4. If an employee believes the evaluator has violated the procedure established in this Article 14 or that the evaluator's judgment or conclusion is arbitrary, capricious, or unreasonable, the employee may file a grievance pursuant to the provisions of Article 3. The timeline shall begin with the employee's receipt of the signed and final version of a written evaluation for the particular school year or portion of a school year.
 5. Any violation of the timelines of the evaluation procedure shall result in the teacher being rated "Skilled" as described herein. If the timeline violation is part of one formal observation, the teacher shall be rated as "Skilled" for that formal observation. If the violation is due to a procedural or substantive violation of a walkthrough, that walkthrough shall not be used in this part of the evaluation procedure. If more than one timeline violation is found, the teacher shall be deemed "Skilled" in the teacher performance section of the evaluation procedure for the school year.
 6. If an evaluation is not completed by May 10, the teacher's rating is automatically rated "Skilled."

U. REQUIREMENTS FOR PERSONNEL ACTION

The evaluation procedure contained in this agreement shall not be used in any decision concerning the retention, promotion, removal, reduction, or recall of any teacher until three (3) evaluation cycles (commencing with cycles in 2014-2015, unless otherwise noted above, e.g. transfers, changes in curriculum/Core) have been completed and include three (3) rolling consecutive years of SGM data.

ARTICLE 15. JUST CAUSE

- A. No teacher shall be disciplined, reprimanded, suspended, nonrenewed, or otherwise deprived of any professional advantage, excluding RIF, without just cause.

The seven tests for determining Just Cause are:

1. Did the Administration give to the employee forewarning or foreknowledge of the possible or probable disciplinary consequences of the employee's conduct?
2. Was the Administration's rule or managerial order reasonably related to (a) the orderly, efficient, and safe operation of the educational process and (b) the performance that the Administration might properly expect of the employee?
3. Did the Administration, before administering discipline to an employee, make an effort to discover whether the employee did in fact violate or disobey a rule or order of management?
4. Was the Administration's investigation conducted fairly and objectively?
5. At the investigation did the "judge" obtain substantial evidence or proof that the employee was guilty as charged?
6. Has the Administration applied its rules, orders, and penalties evenhandedly and without discrimination to all employees?
7. Was the degree of discipline administered by the Administration in a particular case reasonably related to (a) the seriousness of the employee's proven offense and (b) the record of the employee in his service with the company?

B. **REPRESENTATION**

If a teacher is to be disciplined or reprimanded by the Board or its agents, he/she shall be afforded, but not required, the opportunity to have a representative of the Association present in any meeting with the Board or its agents.

ARTICLE 16. SUPERVISING TEACHER-STUDENT TEACHER

- A. Policies established by the cooperating university, unless they are in conflict with this Master Agreement, shall be followed in the implementation of the Student Teachers' Program.

- B. All certificated/licensed staff will be notified of student teacher options. No Student Teacher shall be assigned to a first-year teacher. Before assigning a Student-Teacher, the administration will ask for volunteers. In cases where no teachers volunteer, the district may assign a teacher with an Accomplished or a Skilled summative rating. However, no Student-Teacher shall be assigned to any Supervising Teacher without his/her prior consent.
- C. The district shall not assign a teacher more than one (1) Student-Teacher in any one (1) school year. The district shall not assign a Student-Teacher more than one (1) time every three (3) school years.
- D. If there should be a conflict of personalities, or for other reasons as determined by the Supervising Teacher, between the Supervising Teacher and the Student Teacher, the Supervising Teacher, through the Superintendent, may recommend to the cooperating university that the Student Teacher be transferred. Such a recommendation shall in no way be used in adverse evaluation of the Supervising Teacher.
- E. The Student Teacher shall not be used as a substitute teacher.
- F. Since the services rendered by the Supervising Teacher are above and beyond the duties and responsibilities of a regular teacher, the Supervising Teacher shall be paid by the district the dollar amount the district receives from the cooperating university, less required payroll deductions for those services rendered outside the regular school day and beyond the duties and responsibilities specified in the teaching contract.

ARTICLE 17. FACULTY RIGHTS

A. ACADEMIC FREEDOM

A professional staff should seek to educate people in the democratic tradition, to foster a recognition of individual freedom and social responsibility; and it is recognized that these democratic values can be best transmitted in an atmosphere which is free from unnecessary censorship, so long as the teachers act with accepted standards of professional behavior using the academic instructional and learning standards adopted by the Ohio Department of Education.

B. CURRICULUM RIGHTS

If the Superintendent makes a final decision that is contrary to that of the curriculum committee, written reasons will be given for the decision.

C. BOARD POLICY

Teachers and administrative staff shall be required to follow school guidelines as indicated by building handbooks. Any changes to these handbooks will be approved by the board and all parties will be notified in writing within two (2) weeks of board action. Both parties recognize that the Master Agreement supersedes the handbook and board policy as it relates to bargaining unit wages, hours, and terms or conditions of employment.

D. ADMINISTRATIVE SUPPORT

1. Teachers shall receive disciplinary support from the administrative staff when enforcing the student discipline guidelines outlined in both the teacher and student handbooks.
2. Failure of an administrator to provide disciplinary support will be reported to the Superintendent. Such report shall only be made after the teacher(s) hold(s) a meeting with the administrator to discuss the matter. If a report is made to the Superintendent, he/she will address the issue with the administrator and shall thereafter communicate to the teacher(s).
3. Prior to a student re-entering the classroom environment following an out-of-school suspension resulting from a threat to a teacher, a meeting regarding expectations for the student's re-entry will be held between the building administrator(s) and the affected teacher(s). Relevant information related to student disciplinary issues will be shared with teachers when such information is not otherwise protected by the confidentiality provision of state or federal law.

ARTICLE 18. PERSONNEL FILE

- A. A personnel file, with an inventory sheet, for each certificated/licensed employee, shall be maintained in the Board office. Each employee shall be responsible for providing the following information to be included in his/her file:
1. Completed application form.

ARTICLE 19. MISCELLANEOUS WORKING CONDITIONS

A. OCCUPATIONAL SAFETY AND HEALTH

1. **Report Internally First**

The parties desire to first deal with safety and health complaints internally to attempt to correct any health or safety allegations. Accordingly, neither the Association nor a bargaining unit member may file a complaint with the Ohio Department of Industrial Relations until after the Board and administration have been notified of the complaint and have had at least a five (5) business day opportunity to resolve the complaint.

2. **Right to Reassign**

The bargaining unit member will immediately notify his/her supervisor of the condition before exercising his/her right to refuse to work under Section 4167.06 of the Ohio Revised Code because of a condition which the bargaining unit member acting in good faith reasonably believes presents an imminent danger of death or serious harm to the bargaining unit member. The bargaining unit member may be temporarily reassigned while the condition is being investigated and/or corrected.

3. **Discrimination to be Grieved**

A bargaining unit member who wishes to assert a claim of discrimination as defined in Section 4167 of the Ohio Revised Code shall use the grievance procedure in this contract as the means for asserting such a claim.

4. **Hepatitis B Vaccination**

All newly hired bargaining unit members will be offered a Hepatitis B vaccination with the cost to be borne by the employer.

B. HARASSMENT

1. A professional staff member's right to freedom from employment discrimination includes the opportunity to work in an environment untainted by sexual or other unlawful harassment. Sexually, racially, religiously, or other unlawfully harassing and offensive speech and conduct are wholly inappropriate to the harmonious employment relationships necessary to the operation of the District and intolerable in a workplace.

2. The unlawful harassment of a staff member of this District is strictly forbidden. Any agent of this Board who is found to have unlawfully harassed a professional staff member will be subject to discipline.
3. The Superintendent shall make appropriate efforts to ensure that all professional staff members and agents of this Board understand this provision and recognize and correct speech and behavior patterns that may be offensive under this provision with or without the intent to offend. The Board policies prohibiting sexual harassment and discrimination shall be posted in appropriate places throughout the District.
4. Additionally, the Board does not condone unlawful harassment based upon sex, race, religion, national origin, ancestry, age, sexual orientation, gender identity or expression, veteran status, political affiliation, union activities or activism or disability and expects the Southeast Schools to be free from such harassment. Harassment of or by bargaining unit members, support staff, students, guests or administrators is strictly forbidden and will not be tolerated. Violation of this provision will result in disciplinary action being taken against the perpetrator.

C. STAFF AREA

Each building shall be provided with a staff area for use by teachers with seating and eating space, a microwave oven and a refrigerator. Vending machines in each staff area will be operated by the teaching staff.

D. ICE, SNOW, DEBRIS, AND GRAVEL

Parking lots, walks, and playground blacktop areas shall be reasonably cleared of all ice, snow, debris, and gravel so they will not be physically hazardous to teachers or pupils. These areas shall be maintained in a reasonable and prudent manner each day that school is in use.

E. FACILITIES

Facilities shall be assigned to a specific building (Primary, Intermediate, Middle School, High School) and scheduled for use by the classes in that building's first. Use by another building shall not interfere with or supersede the use of the facilities by the building originally assigned. Any use of the area must be cleared by building principal, and the teacher shall be notified. Extracurricular use forms or calendars are to be filled out and given to the respective building secretary which shall be put on a master calendar and can be viewed at any time in the office. However, a principal shall use appropriate discretion in use of classrooms and offices. (EXAMPLE: Use of the primary music room by middle school classes before primary school is in session would have to be approved by the primary building principal.)

F. TEAM-TEACHING

Team-teaching shall be considered to be two (2) to four (4) teachers in a grade level who will coordinate their teaching efforts to cover the assigned curriculum and instruct only the students in their combined homerooms. Special area teachers will continue to provide instruction where appropriate. Scheduling of special classes will be arranged so that teachers wanting to team-teach will have specials scheduled as close to the same time as possible, and have blocks of time when their classes will all be in session, to facilitate homogenous grouping for reading and math. Teachers wishing to team-teach shall notify their building principal by May 1 of the preceding school year. Teams will be formed only with the consent of the affected teachers and principal.

Collaboration on a single unit or lesson is not considered team-teaching. The teacher should inform the building principal of the collaboration and the educational process being used.

G. SECURITY

The teachers employed by Southeast Local Schools shall be provided with security and protection of personal and educational materials, inside and outside school facilities. Teachers shall keep their personal belongings locked and secure as much as possible. Teachers will be provided an area that locks securely. The administration will utilize presently available security gates when deemed necessary.

Bargaining unit members shall not be required or permitted to possess a firearm while on school premises. Other district employees shall only possess firearms on school district property when so authorized as well as directed by the Board of Education and having successfully completed training, and/or required continuing training approved by the Board that exceeds minimal concealed-carry training.

H. SANITATION OF TEACHERS' FACILITIES

The Board agrees that the floors and facilities in the teachers' workrooms and restrooms will be sanitized and maintained appropriately once each day the school is in use.

2. The Board shall only adopt curriculum changes which have followed the process specified above.

P. COMPLAINTS AGAINST BARGAINING UNIT MEMBERS

Unless otherwise required by law, a bargaining unit member shall be notified of a complaint made against him/her within one (1) work day of the complaint being made. Further, except as otherwise required by law, any individual making a complaint about a bargaining unit member shall be first referred to the member to attempt to resolve the issue prior to any administrative involvement.

Q. TEACHER-BASED TEAMS (“TBTs”)

Beginning with the 2020-2021 school year, TBTs, district-wide, shall meet on early release days for collaborative discussions. The scheduling of early release days shall continue to be accomplished by the calendar committee, with input from the DLT and BLTs. The TBTs shall determine how best to collect relevant data, through the use of an appropriate data collection instrument as determined by the DLT and/or BLT. The parties will plan and schedule at least five (5) early release days per year during the 2020-2021 school year for teacher-led collaboration with their TBTs. The parties will plan and schedule at least six (6) early release days per year during the 2021-2022 and 2022-2023 school years for teacher-lead collaboration with their TBTs. Collaboration time under this pilot program is intended to be used for the development of strategies for improvement of teaching and learning.

S. SPECIAL EDUCATION CASE LOADS

Caseloads in special education programs shall conform to the limits specified by O.A.C. 3301-51-09.

ARTICLE 20. CALENDAR, DAY, AND PREPARATION

A. 184 DAYS OF WORK

The school year for staff will be one hundred eighty-four (184) days, which includes one hundred seventy-eight (178) student contact days, two (2) orientation and record days, two (2) parent-teacher conference days, and two (2) in-service days, one of which is a documented NEOEA day event or a flexible inservice day. To meet the requirements of a flexible inservice day, a total of six (6) hours is required. It is to be selected by the teacher with administrator approval. Required training for supplemental contracts or education for credit shall not be approved under this provision. Staff is encouraged to attend inservice sessions to meet professional needs. However, any work outside of the approved calendar may be counted with administrator approval. Teachers shall report flexible inservice hours by May 1. Summer flexible hours shall count toward meeting the requirement for the upcoming school year. Once the calendar is adopted, any modifications throughout the school year shall have the concurrence of the Association.

B. CALAMITY DAYS

When the school district or individual buildings are closed due to a calamity such as weather, power failures, utility problems, water shortage, or similar unavoidable problems, members of the bargaining unit are not required to report for duty and no deductions shall be made from members' pay. Makeup days for emergency school closings shall be scheduled when total hours of instructional time lost in any school year exceeds thirty (30) hours. These hours will reflect only days closed in their entirety (excluding any hours missed due to early dismissals or delayed starts.) Days of school beyond the 30 hour limit shall be scheduled for makeup as contingency days on the annual Board approved school year calendar. This article fully supersedes and replaces the minimums established in O.R.C. 3313.48.

C. SCHOOL DAY

The school day is no longer than seven (7) hours, which is inclusive of a thirty (30) minute continuous, duty-free uninterrupted lunch and an average of no less than forty-one (41) minutes of daily planning time and preparation period or time. In the event of a teachers meeting/emergency the day may be extended, on very short notice, to seven and one-half (7 1/2) hours. Daily planning time for full-time teachers assigned to grades K-5 shall include one block of at least thirty-five (35) consecutive minutes.

1. The starting and ending times of the teachers' working day will be written by August 1, and any percentage increase over seven (7) hours automatically increases the salary by the same percentage. This applies to an ongoing continuous work day.
2. Teacher assignments are made during the hours that children are expected in school. On occasions, teachers may be asked to supervise or have an assigned role at special events taking place before or after school hours, including such things as Open House, middle school orientation, 8th grade promotion, Educational Fair, Science Fair, Graduation, Freshman Orientation, Kindergarten Information Night, Kindergarten Screening, Fine Arts Night, Awards Ceremonies/Banquets, Family Reading/Math Nights, etc. Non-attendance will not be reason for disciplinary action. In such cases where teachers are asked to perform such additional duties, they shall be provided flexible time credit, as worked out in each building with the building administrator.
3. If possible, conferences should be arranged so that they do not conflict with teacher's instructional time. If that is not possible, release time will be provided.

D. PARENTAL COMMUNICATION

Teachers who wish to mail letters to parents shall provide the school secretary with a legible note. The school and school secretary shall be responsible for mailing.

E. TRAVEL TIME

Any staff required to travel between buildings for assignments shall be provided ten (10) minutes travel time, which would not overlap the thirty (30) minutes lunch or preparation time above.

F. EQUITABLE WORK

Teachers shall have equalized loads in their department or grade level as much as possible. Non-instructional duty periods (study hall, lunch duty, homeroom, etc.) shall be equitably rotated within each building. Teaching load and schedule for teachers in grades 6-12 will be considered when duty assignments are established.

G. EXTENDED DAYS

Any days worked beyond 184 in one school year shall be paid on a daily rate basis commensurate with the training and experience of the affected teacher. Kindergarten orientation will be collaboratively planned by the kindergarten teachers and building principal.

ARTICLE 21. REDUCTION IN FORCE

A. CAUSE(S)

When by reason of decreased enrollment of pupils, financial conditions, return to duty of regular teachers after leaves of absence, or suspension of schools or territorial changes affecting the District, the Board decides that it is necessary to reduce the number of teachers, it may, within policies governing the Southeast Local School District, make a reasonable reduction.

B. ATTRITION

The number of persons affected by a reduction in force will be kept to a minimum by not employing replacements for employees who die, retire, resign, or are terminated or non-renewed. The employment of replacements for some positions may be necessary in the event that employees in the system do not possess the necessary certification/licensure.

C. SUSPENSION OF CONTRACTS

1. Reductions under this procedure shall be accomplished through the suspension of a teacher's contract. The Superintendent shall notify the teacher and the Association in writing of his/her intention to recommend a contract suspension at least thirty (30) days prior to the Board meeting at which such recommendation is to be made. Such notice shall contain the reason for the recommendation.
2. The Treasurer shall notify the teacher in writing, within five (5) work days, of the Board action to suspend his/her contract.

D. NOTIFICATION

At least thirty (30) days prior to a reduction in force, the Board shall give written notice to the Association, through its President, of its intent to effect a reduction in force. Such notice shall contain the reason for the reduction in force and positions affected in each building.

E. ORDER OF REDUCTION shall be accomplished through the exclusive criteria of seniority and certification/licensure, in the order listed below.

1. Limited Contract teachers shall be reduced first, by using the following order:
 - a. Certification/Licensure within the affected teaching field
 - b. Comparable evaluations as defined in this Agreement
 - c. When evaluations are comparable, seniority in the District
2. Continuing Contract teachers may be reduced only after all Limited Contract teachers of the same certification/licensure. Such reduction in the Continuing Contract staff shall be according to Ohio Revised Code 3319.17, considering:
 - a. Certification/Licensure in the affected teaching field
 - b. Comparable evaluations as defined in this Agreement
 - c. When evaluations are comparable, seniority in the District

The parties agree that the Evaluation Committee shall have the opportunity to develop and present recommendations to the negotiating teams regarding a comparability transition period for the transition from OTES 1.0 to OTES 2.0. Inclusion of a transition period if any, shall be by agreement of the parties that a transition period is needed.

F. PROCEDURE

1. On or before November 1 of each school year, the Superintendent shall provide the SELDTA President with a seniority list of all teachers in the school system in their areas of certification/licensure. Teachers shall be placed on all lists for which they are certified/licensed. As additional certification/licensure is obtained, the list shall automatically be updated.
2. Consistent with the provisions of Paragraph F.1., above, exceptions to preferences for retention based on seniority may be made when it is necessary to do so in order to comply with State and Federal laws relating to employment with the aforesaid Paragraph F.1.
3. Seniority shall be determined by the length of continuous service in the District. If two (2) or more teachers have the same length of continuous service, then seniority will be determined by:
 - a. The date of the Board meeting at which the teacher was hired; and then by
 - b. The date on which the teacher submitted a completed job application. If a tie still exists, the employees who share the same seniority date shall participate in a coin toss in the presence of the Superintendent and Association President. Length of continuous service will not be interrupted or affected by authorized Leaves of Absence. Unpaid Leaves of Absence shall not be included in the calculation of years of service in determination of seniority.
4. Teachers selected for RIF shall immediately be placed on a RIF List compiled from the seniority list provided for above. Teachers released shall not appear on this list.
5. The Board shall notify every affected teacher and the Association President of those teachers being released and the recall order. As each person is reemployed, the Board shall notify the Association.
6. A teacher whose contract was suspended because of staff reduction shall, if he/she desires, be placed on the substitute list.

G. RECALL

1. Any teacher unemployed as a result of staff reductions shall be recalled in reverse order of being released, provided the teacher is certified/licensed.
2. While there are previous teachers of the District who are unemployed as a result of a reduction in force, and who possess the proper

certification/licensure to fill any vacancy which may arise, no new teacher(s) shall be hired.

3. The Board shall give written notice of recall by Registered or Certified Letter to the teacher at the last known address. It shall be the responsibility of each teacher to notify the Board Treasurer of any change of address.
4. Within twelve (12) work days of the certified mailing of the offer to return to employment, the teacher shall accept the position by replying in writing or by phone, or it shall be determined that he/she has declined the position. If unclaimed, the certified notice will be resent once. No new staff member shall be hired until all staff on recall who are certified/licensed have been offered an opportunity in writing to return to active employment in accordance with this Article. It is the teacher's responsibility to keep his/her address current with the treasurer's office.
5. Teachers returning to employment after a reduction in force shall resume their previous contract status, seniority, salary, and fringe benefits.
6. If a teacher declines an offer to return, or does not answer a request to return, said teacher shall be removed from the recall list and the Board shall have no further obligation to that teacher.
7. Continuing Contract teachers shall have unlimited recall rights. Limited Contract teachers, if not reinstated, shall remain on suspension for a period of no less than twenty-five (25) months from the effective date of the suspension. Upon expiration of the twenty-five (25) months, the teacher may, by Board action, be released from his/her contract.

However, this paycheck shall be distributed to the requestor upon certified completion of all assigned responsibilities.

This privilege shall, annually, be granted to up to ten percent (10%) of the staff on a first-come/first-served basis.

F. DOCKED DAYS FOR BOARD APPROVED LEAVES

G. SALARY EXPERIENCE CREDIT

For teachers newly employed by the Southeast Local Schools, experience credit on the salary schedule will be granted as follows:

ARTICLE 28. LEAVES

Teachers returning to employment after any Board-approved leave shall resume their previous contract status, seniority, salary and fringe benefits. One hundred twenty (120) days of teaching within a school year will count as one (1) year of experience for movement on the salary schedule.

A. SICK LEAVE

Refer to the following sections of the state statutes (Ohio Revised Code) for clarification of definitions: 3319.141.

1. Amount of Days and Bonuses

All teachers shall be entitled to one and one-fourth (1-1/4) sick leave days for each month of service, or fifteen (15) days per school year, cumulative without limit. In each calendar year, if no sick days are used, said employee should receive a bonus/award.

- a. Each full-time employee who completes a nine-week grading period without using any sick or personal leave days shall be paid a bonus of seventy-five dollars (\$75.00). An employee completing the entire school year without using any such leave would receive an additional one hundred dollar (\$100.00) bonus.
- b. Each full-time employee who completes a nine-week period without using any sick leave days shall be paid a bonus of fifty dollars (\$50.00). Any employee completing the entire school year without using any such leave would receive an additional one hundred dollar (\$100.00) bonus.
- c. The bonuses above shall be paid for the entire year not later than the second pay after the end of the school year.
- d. The conversion of unused personal leave to sick leave as provided in Section B., 6., of this Article shall not be utilized to qualify for the bonus(es) identified above.

2. Advancement of Five Days

All teachers shall be entitled to an advancement of five (5) sick leave days, if the number of days used exceeds the number accumulated. So long as the teacher remains in the employment of the Board, the teacher is required to earn back any advanced sick leave days so no loss in pay results. Should the teacher leave the employment of the Board, be placed on unpaid leave of absence, or die, any remaining advanced sick leave days will be deducted from the final adjusted pay or estate.

3. Reasons for Use of Sick Leave

Sick leave days may be used for the following reasons:

- a. Personal Illness or injury.

- b. Exposure to contagious disease which could be communicated to others, as defined by the Ohio Department of Health.
- c. Pregnancy.
- d. Illness or injury in the teacher's immediate family.
- e. Death in the teacher's immediate family is a valid reason for the use of the teacher's sick leave. The teacher is required to take into account all circumstances, such as distance to be traveled, closeness of relative, legal and financial responsibilities placed upon the teacher concerned; and shall be reasonable and prudent on the number of days used.
- f. Immediate family includes spouse, child, mother, father, brother, sister, foster parent, son-in-law, daughter-in-law, brother-in-law, sister-in-law, grandparent, grandchild, step-parent, foster children, stepchildren, father-in-law, mother-in-law, aunt, uncle, any resident in the teacher's home and any other listed in Board Policy. Only for the purpose of death in the employee's family, immediate family shall also include niece, nephew, first cousin, spouse's grandparent and, for one (1) day only, spouse's aunt or uncle. For purposes of bereavement, a bargaining unit member may utilize personal leave with less than three (3) days prior notice, when needed and without regard to the ten percent (10%) limitation as described in B, below.

4. Procedures for Use of Sick Leave

a. Calling Off

All teachers in the District will call one assigned number to report absence due to illness. These calls will be made prior to or the morning of the day of absence, and shall include:

- (1) Name of Teacher;
- (2) Building;
- (3) Grade Level or Subject Area;

- b. Following, or before an appropriate use of sick leave, bargaining unit members must file the use of such leave on the Employee Kiosk system, or other equivalent system in place to document employee leaves. Entry should be as timely as is reasonably possible to avoid any interruption of pay to the employee.

c. Use of Consistent Substitute

In cases where a regular teacher is going to be absent longer than three (3) consecutive days, the same substitute will be retained to teach that class, if at all possible. The rationale for this is that we recognize the need to provide continuity, consistency, and good programming for the students in the class. It is understood that the Affordable Care Act may impact the availability of substitutes.

d. Return to Work

After five (5) consecutive days of absence, a doctor's release to return to work may be required.

e. Instructions for Substitutes

Instructions for substitutes shall be the responsibility of the absent teacher.

5. Sick Leave Donation

a. The purpose of Sick Leave Donation is to provide sick days for a teacher who is experiencing personal catastrophic, serious illness or injury or catastrophic, serious illness or injury of a spouse, a child under age 22, or a child under age 22 for whom the bargaining unit member is the legal guardian, who has exhausted his/her accumulated sick days.

b. A teacher who is experiencing a catastrophic, serious personal or family illness may request donation of sick leave from members of the bargaining unit by submitting a written request to the Sick Leave Donation Committee. A certification to support the need for sick leave days and prognosis from the treating physician, along with the number of days requested, must accompany the request. The request should be submitted not less than fifteen (15) work days in advance of the anticipated need for donated days to allow for up to ten (10) days for processing by the payroll department.

c. The Sick Leave Donation Committee shall be composed as follows: the Superintendent or designee, the SELDTA President or designee, one (1) administrator appointed by the Superintendent and one (1) teacher appointed by the SELDTA President.

d. Upon receipt of a request for sick leave donation by a bargaining unit member, the Committee shall evaluate the request and approve or deny the request. A tie vote shall result in denial of the request. Decisions of the Sick Leave Donation Committee are final and not subject to the

provisions of Article 3, Grievance Procedure.

- e. If approved, the SELDTA President shall contact all bargaining unit members to request donations of sick leave days. A bargaining unit member may donate up to five (5) accumulated, unused sick leave days per approved request from the Sick Leave Donation Committee for donation of sick leave days. The SELDTA President shall notify the Treasurer, in writing, of the total number of days donated and from whom such donations were received.
- f. Days paid from sick leave donations, which must be used consecutively, will be paid at one hundred percent (100%) of the recipient's daily rate of pay.

C. MATERNITY LEAVE

1. DEFINITION

A maternity leave is absence from school, without pay, by a teacher who is pregnant or has already given birth.

If a member of the bargaining unit prefers, she may use accumulated sick leave during her pregnancy when her condition, as certified by the doctor,

requires that she not work immediately following the birth of her child and/or during her recuperation.

The use of sick leave after the birth of a child is comparable to the use of sick leave for other medical reasons. Therefore, as soon as medical examination verifies that a teacher is medically able to come back to work, sick leave pay ends and maternity leave, without pay, shall become effective.

For leave taken during the second semester of a school year, the leave shall consist of the remainder of the school year, and up to the entirety of the following school year. The leave may be taken once per child or adoption.

An employee may take child care leave twice during the duration of the employee's employment with the Board. A bargaining unit member on child care leave shall notify the Superintendent by April 1 of his/her intention to return to work the following year.

If an employee elects to use more than sixty (60) work days of maternity leave, child care leave shall be limited to the equivalent of one (1) semester/ninety (90) days. Any employee who, prior to July 1, 2017, has used child care leave shall be entitled to one (1) additional use of child care leave during the life of his/her employment with the Board.

2. Application for Sabbatical Leave

Application for sabbatical leave for professional study, research, or professional improvement, must be made at least sixty (60) days prior to the beginning of such requested leave. The decision of the committee shall not be subject to Article 3, Grievance Procedure.

3. Expectations for Sabbatical Leave

Generally, it is intended that study and other proposals for improvement will include a full graduate load, and will lead to the completion of a degree in the member's field or area of professional service, if such degree (either undergraduate or graduate) is not already held. Application for leave for travel will outline in detail the scope and nature of the travel; will make provision for an itinerary covering a minimum of four (4) months or eight (8) months; will clearly show how such travel will contribute directly to improve classroom instruction, or to improve professional services by the member; and shall give reasons why such travel may not be accomplished when schools are not in session, or when the member is not on duty.

4. Frequency of Sabbatical Leave

Sabbatical leave for professional improvement will be granted only once to any employee. The number of teachers on sabbatical leave in the district in

any one (1) year will be limited to one (1) or the equivalent of one (1) (i.e. 2 per semester; 1 per each semester).

7. Return to Service and Completion of Program

All members will, as a condition of approval for sabbatical leave for professional growth, sign a written agreement to return to service in the Southeast Local Schools for a period of at least three (3) years immediately following the satisfactory completion of the program for professional improvement within the specified period, or to refund to the Board all of the partial pay and cost of benefits received during the period of leave. The refund requirement will not apply in case of the death of the member while on leave; in cases of illness or injury, the obligation will be deferred until the member can resume his/her employment. Refund of pay and benefits received on leave may also be required, if the sabbatical leave committee judges that the member failed to complete the program of professional improvement, unless such failure was beyond the control of the member.

If the person terminates service before the end of the three (3) year minimum, a salary/benefits refund to the Board will be due, proportional to the amount of service not actually rendered.

8. Committee Recommendation and Board Decision

Any recommendation made by the committee on sabbatical leave (see 2.(b), above) would be given to the Superintendent, who would in turn make the recommendation to the Board. Final Summative Rating of School Counselor Effectiveness

Once you determine a rating for each of the rubric areas, based on the available evidence from multiple interactions, look at the larger picture of performances across all areas of the rubric. Although all areas are important for effective school counseling practice, you may find it appropriate to more strongly weight patterns of behavior in one area over another. The key point is that the evaluator should consider no one area in isolation, but should analyze each in relation to all other areas of performance. Determine which of the four performance levels is most appropriate for the school counselor based on this holistic process.

Professional Growth Plan

On an annual basis, a school counselor will develop two goals for professional growth and development; one in relation to the six standard areas, and the second in relation to the Metric of Student Outcomes area. Professional development should be individualized to meet the needs of the school counselor and specifically relate to the identified areas of refinement as identified in the school counselor's evaluation. The development of the plan can be informed by self-assessment, previous evaluation results, or other relevant data that will assist the school counselor in setting appropriate goals for professional growth. The evaluator should recommend professional development opportunities and support the school counselor by providing resources (e.g., time, financial).

Improvement Plan

Written improvement plans are to be developed when a school counselor receives an overall Ineffective rating. In addition, districts have discretion to place a school counselor on an improvement plan at any time based on deficiencies in any individual component of the evaluation system. The purpose of the improvement plan is to identify specific deficiencies in performance and foster growth through professional development and targeted support. If corrective actions are not made within a time as specified in the improvement plan, a recommendation may be made for dismissal or to continue on the plan.

Teacher Performance Evaluation Rubric

The *Teacher Performance Evaluation Rubric* is intended to be scored holistically. This means that evaluators will assess which level provides the best *overall* description of the teacher. The scoring process is expected to occur upon completion of each thirty (30) minute observation and post-conference. The evaluator is to consider evidence gathered during the pre-observation conference, the observation, the post-observation conference, and classroom walkthroughs (if applicable). When completing the performance rubric, please note that evaluators are not expected to gather evidence on all indicators for each observation cycle. Likewise, teachers should not be required to submit additional pieces of evidence to address all indicators. The professionalism section of the rubric may use evidence collected during the pre-observation and post-observation conferences as well as information from the Professional Growth and/or Improvement Plan (if applicable).

INSTRUCTIONAL PLANNING					
		Ineffective	Developing	Skilled	Accomplished
INSTRUCTIONAL PLANNING	FOCUS FOR LEARNING (Standard 4: Instruction) <i>Sources of Evidence:</i> Pre-Conference	The teacher does not demonstrate a clear focus for student learning. Learning objectives are too general to guide lesson planning and are inappropriate for the students, and/or do not reference the Ohio standards.	The teacher communicates a focus for student learning, develops learning objectives that are appropriate for students and reference the Ohio standards but do not include measurable goals.	The teacher demonstrates a focus for student learning, with appropriate learning objectives that include measurable goal(s) for student learning aligned with the Ohio standards. The teacher demonstrates the importance of the goal and its appropriateness for students.	The teacher establishes challenging and measurable goal(s) for student learning that aligns with the Ohio standards and reflect a range of student learner needs. The teacher demonstrates how the goal(s) fit into the broader unit, course, and school goals for content learning and skills.
	Evidence				
	ASSESSMENT DATA (Standard 3: Assessment) <i>Sources of Evidence:</i> Pre-Conference	The teacher does not plan for the assessment of student learning or does not analyze student learning data to inform lesson plans.	The teacher explains the characteristics, uses, and limitations of various diagnostic, formative, and summative assessments but does not consistently incorporate this knowledge into lesson planning.	The teacher demonstrates an understanding that assessment is a means of evaluating and supporting student learning through effectively incorporating diagnostic, formative, and/or summative assessments into lesson planning.	The teacher purposefully plans assessments and differentiates assessment choices to match the full range of student needs, abilities, and learning styles, incorporating a range of appropriate diagnostic, formative, and summative assessments into lesson plans.

INSTRUCTIONAL PLANNING					
		Ineffective	Developing	Skilled	Accomplished
		The teacher does not use or only uses one measure of student performance.	The teacher uses more than one measure of student performance but does not appropriately vary assessment approaches, or the teacher may have difficulty analyzing data to effectively inform instructional planning and delivery.	The teacher employs a variety of formal and informal assessment techniques to collect evidence of students' knowledge and skills and analyzes data to effectively inform instructional planning and delivery.	Student learning needs are accurately identified through an analysis of student data; the teacher uses assessment data to identify student strengths and areas for student growth.
	Evidence				
INSTRUCTIONAL PLANNING					
		Ineffective	Developing	Skilled	Accomplished
INSTRUCTIONAL PLANNING	PRIOR CONTENT KNOWLEDGE / SEQUENCE / CONNECTIONS (Standard 1: Students; Standard 2: Content; Standard 4: Instruction) <i>Sources of Evidence:</i> Pre-Conference	The teacher's lesson does not build on or connect to students' prior knowledge, or the teacher may give an explanation that is illogical or inaccurate as to how the content connects to previous and future learning.	The teacher makes an attempt to connect the lesson to students' prior knowledge, to previous lessons or future learning but is not completely successful.	The teacher makes clear and coherent connections with students' prior knowledge and future learning—both explicitly to students and within the lesson. The teacher plans and sequences instruction to include the important content, concepts, and processes in school and district curriculum priorities and in state standards.	The teacher uses the input and contributions of families, colleagues, and other professionals in understanding each learner's prior knowledge and supporting their development. The teacher makes meaningful and relevant connections between lesson content and other disciplines and real-world experiences and careers as well as prepares opportunities for students to apply learning from different content areas to solve problems. The teacher plans and sequences instruction that reflects an understanding of the prerequisite relationships among the important content, concepts, and processes in school and district curriculum priorities and in state standards as well as multiple pathways for learning depending on student needs. The teacher accurately explains how the lesson fits within the structure of the discipline.
	Evidence				

INSTRUCTIONAL PLANNING					
INSTRUCTIONAL PLANNING	<p>KNOWLEDGE OF STUDENTS (Standard 1: Students)</p> <p><i>Sources of Evidence:</i> Analysis of Student Data Pre-Conference</p>	<p>The teacher demonstrates a lack of familiarity with students' backgrounds and has made no attempts to find this information.</p> <p>The teacher's plan for instruction does not demonstrate an understanding of students' development, preferred learning styles, and/or student backgrounds/prior experiences.</p>	<p>The teacher demonstrates some familiarity with students' background knowledge and experiences and describes one procedure used to obtain this information.</p> <p>The teacher's instructional plan draws upon a partial analysis of students' development, readiness for learning, preferred learning styles, or backgrounds and prior experiences and/or the plan is inappropriately tailored to the specific population of students in the classroom.</p>	<p>The teacher demonstrates familiarity with students' background knowledge and experiences and describes multiple procedures used to obtain this information.</p> <p>The teacher's instructional plan draws upon an accurate analysis of the students' development, readiness for learning, preferred learning styles, and backgrounds and prior experiences.</p>	<p>The teacher demonstrates an understanding of the purpose and value of learning about students' background experiences, demonstrates familiarity with each student's background knowledge and experiences, and describes multiple procedures used to obtain this information.</p> <p>The teacher's analysis of student data (student development, student learning and preferred learning styles, and student backgrounds/prior experiences) accurately connects the data to specific instructional strategies and plans.</p> <p>The teacher plans for and can articulate specific strategies, content, and delivery that will meet the needs of individual students and groups of students.</p>
	Evidence				

Instruction and Assessment					
		Ineffective	Developing	Skilled	Accomplished
INSTRUCTION AND	<p>LESSON DELIVERY (Standard 2: Content; Standard 4: Instruction; Standard 6: Collaboration and Communication)</p> <p><i>Sources of Evidence:</i></p>	<p>A teacher's explanations are unclear, incoherent, or inaccurate, and are generally ineffective in building student understanding. The teacher uses language that fails to engage students, is inappropriate to the content, and/or discourages independent or creative thinking.</p>	<p>Teacher explanations are accurate and generally clear but the teacher may not fully clarify information based on students' questions about content or instructions for learning activities or the teacher may use some language that is developmentally inappropriate, leading to confusion or limiting discussion.</p>	<p>Teacher explanations are clear and accurate. The teacher uses developmentally appropriate strategies and language designed to actively encourage independent, creative, and critical thinking.</p>	<p>Teacher explanations are clear, coherent, and precise. The teacher uses well-timed, individualized, developmentally appropriate strategies and language designed to actively encourage independent, creative, and critical thinking, including the appropriate use of questions and discussion techniques.</p>

Instruction and Assessment					
		Ineffective	Developing	Skilled	Accomplished
	Formal Observation Classroom Walkthroughs/ Informal Observations	The teacher fails to address student confusion or frustration and does not use effective questioning techniques during the lesson. The lesson is almost entirely teacher-directed.	The teacher re-explains topics when students show confusion, but is not always able to provide an effective alternative explanation. The teacher attempts to employ purposeful questioning techniques, but may confuse students with the phrasing or timing of questions. The lesson is primarily teacher-directed.	The teacher effectively addresses confusion by re-explaining topics when asked and ensuring understanding. The teacher employs effective, purposeful questioning techniques during instruction. The lesson is a balance of teacher-directed instruction and student-led learning.	The teacher accurately anticipates confusion by presenting information in multiple formats and clarifying content before students ask questions. The teacher develops high-level understanding through effective uses of varied levels of questions. The lesson is student-led, with the teacher in the role of facilitator.
	Evidence				
	DIFFERENTIATION (Standard 1: Students; Standard 4: Instruction) <i>Sources of Evidence:</i> Pre-Conference Formal Observation Classroom Walkthroughs/ Informal Observations	The teacher does not attempt to make the lesson accessible and challenging for most students, or attempts are developmentally inappropriate.	The teacher relies on a single strategy or alternate set of materials to make the lesson accessible to most students though some students may not be able to access certain parts of the lesson and/or some may not be challenged.	The teacher supports the learning needs of students through a variety of strategies, materials, and/or pacing that make learning accessible and challenging for the group..	The teacher matches strategies, materials, and/or pacing to students' individual needs, to make learning accessible and challenging for all students in the classroom . Professional Growth Plan

As a result of the evaluation process, teachers and evaluators should focus on accelerating and continuing teacher growth through professional development. Professional development should be individualized to the needs of the teacher, and specifically relate to his/her areas of refinement as identified in the teachers' evaluation. The evaluator should recommend professional development opportunities, and support the teacher by providing resources (e.g., time, financial).

Written improvement plans are to be developed in the circumstances when an educator makes below expected academic growth with his/ her students AND/OR receives an overall ineffective rating or an ineffective rating on any of the components of the OTES system. The purpose of the improvement plan is to identify specific deficiencies in performance and foster growth through professional development and targeted support. If corrective actions are not made within the time as specified in the improvement plan, a recommendation may be made to continue on the plan.

Section 1: Improvement Statement - List specific areas for improvement as related to the *Ohio Standards for the Teaching Profession*. Attach documentation.

Classroom Walkthroughs / Informal Observation

An informal observation/ classroom walkthrough is a:

- Tool to inform evaluation that provides the opportunity to gather evidence of instruction over a series of short classroom visits;
- Process for giving targeted evidenced-based feedback to teachers; and
- Means for principals to visit classrooms more frequently and more purposefully.

An informal observation/ classroom walkthrough is not a(n):

- Formal observation;
- “Gotcha” opportunity for supervisors or evaluators;
- Isolated event; or
- Shortcut to the observation protocol required as part of the teacher evaluation process.

Classroom walkthroughs/ Informal observations, as part of the teacher evaluation system, may be general in nature or focused on observing a specific aspect of teacher performance. Summary data collected through a series of walkthroughs along with evidence documented through formal observations will come together to inform the teachers’ summative performance rating: *ineffective, developing, skilled or accomplished*.

Guidelines for Informal Classroom Observations

Informally Observe All Teachers

All teachers benefit from informal classroom observations. Informal observations should last from 15 to 20 minutes; therefore, conduct only as many observations in a day as you can follow up with on either the same or next day. Teachers need and deserve some type of immediate feedback.

Informally Observe As Often As You Can

The principal's presence in the classroom sends a positive message to teachers: *the principal cares*. Including informal classroom observation as a school-wide initiative requires consistency and frequency. Find times in the day to observe teachers at varying times of the day: *for most teachers, what occurs in the morning is much different than what occurs in the afternoon*.

Focusing on One or Two Areas

Although there may be no predetermined focus established (because of no pre-conference), find a focus based on the instruction, events or discussions that are occurring in the classroom. A focus may also occur based upon past conferences and the need for follow up observations.

Make Time to Follow Up

Follow-up communication to informal classroom observations is a critical component. Follow-up will often be in writing but the evaluator should extend to the teacher an invitation to discuss any comments provided face-to-face. The evaluator may also offer resources to help teachers refine their practice.

Teacher Driven Observations

While it is recognized that evaluators have many demands on their time, encouraging teachers to identify instructional periods for the evaluator to observe can be a means for the evaluator to collect evidence related to a specific focus the teacher and evaluator may be working on.

Types of Data

Data collected as evidence of teacher practice may be quantitative, qualitative, or a combination of both. Quantitative data includes frequencies, distributions and other counts or tallies. For example the observer could use a checklist to tally how many questions were asked of children in the front row or children who had their hands raised versus not. The evaluator might also chart the types of questions asked (higher versus lower levels). Qualitative data can include scripted notes detailing patterns of activities, vocabulary used, and events observed. In both cases accuracy is essential to ensure the credibility of the process and the evaluator.

Informal Observation: General Form (Walkthrough)

The walkthrough shall consist of at least 5 consecutive minutes but no more than 15 minutes in duration. However, for teachers in "off-years," the walkthrough form can be used for the 1 required observation and such walkthrough can be done for 30 minutes.
