ARTICLE 1 RECOGNITION

1. This Agreement is between the City of Sidney, Ohio (City) and the Ohio Patrolmen's Benevolent Association (O.P.B.A)(Union). "He", "Him", and "His" include "She", "Her", and "Hers".

2. The City recognizes the Union as the exclusive bargaining representative for the non-supervisory, sworn officers in the Police Department including police officers, but excluding all civilian dispatchers, civilian parking meter attendants, civilian clerical employees, confidential employees, management level employees, sergeants and officers of higher rank, and all other supervisors as defined in Chapter 4117 of the Ohio Revised Code.

Certification: 2018-REP-03-0031

ARTICLE 2 COOPERATION

1. The City and the Union and each Officer agree to use their best efforts to serve the citizens of the City and the public in general, to achieve better understanding among the City, the Union, and the employees represented by the Union; to assure the proper and uninterrupted functions of the services of the City; and to promote mutual respect and fair dealing among the City, the Union, and the employees represented by the Union.

2. The parties' purpose in entering into this Agreement is to establish wages, hours, terms, and other conditions of employment for the bargaining unit employees as set forth in this Agreement, and this Agreement is also made for the purpose of promoting cooperation and harmonious labor relations between the City, members of the bargaining unit, and the Union.

ARTICLE 3 MANAGEMENT RIGHTS

1. The City reserves and retains the right to direct, manage, and control the affairs of the City and its employees, except to the extent that this Agreement specifically provides to the contrary.

2. This includes, but is not limited to: the selection, transfer, assignment, and layoff of police officers, the termination of probationary police officers, the termination for just cause of other police officers; the making, amending, and enforcement of reasonable work rules and regulations; the securing of the revenues of the City; the exercise of all functions of government granted to the City by the constitution and statutes of the State of Ohio and the City Charter; the determination from time to time as to what services the City shall perform; the establishment or continuation of policies, practices or procedures for the conduct of its affairs and from time to time, the changing or abolition of such practices or procedures; the purchasing and maintaining adequate and safe equipment; the determination of the number of hours per day or week any operation may be carried on; the selection and determination of the number and types of police officers required; the establishment of training programs and upgrading requirements for employees; the establishment and change of work schedules and assignments; the contracting for the performance of such work as the City determines advisable and the taking of such other measures as the City and/or Management may determine to be necessary for the orderly and efficient operation of the City; and the determination of the size and composition of the work force. The City retains all rights except to the extent this Agreement specifically and expressly provides to the contrary, and may exercise them without prior consultation with the Committee.

3. Should the City fail to exercise any of its rights, or exercise them in a particular way, it shall not be deemed to have waived such rights or to be precluded from exercising them in some other way.

4. This article, and any other provision in this Agreement relating to management rights are solely intended to supplement the rights of Management set forth in Section 4117.08 of the Ohio Revised Code. This does not constitute bargaining about any of the rights protected by Section 4117.08 and is not a waiver of the City's right to refuse to bargain about any and all of the rights contained in that section.

ARTICLE 4 NO STRIKE/NO LOCKOUT

1. No Strike. There will be no strikes of any kind, including sympathetic strikes, during this Agreement whether for foreseeable or unforeseeable reasons. "Strikes" include any work stoppage, slowdown, picketing, or any other concerted activity, or attempted concerted activity, which would interrupt or limit the performance of service. Neither the Union nor any employee will encourage, authorize, participate in or condone any strike.

The Union will use its best efforts to prevent any violation of this section and to terminate any violation if there is one. If a violation of this section occurs, the Union will publicly denounce the strike, and will provide the City with written notice that the strike is not authorized, is in violation of this Agreement, and is not to be honored. If the Union carries out its obligations under this section, it shall have no financial liability for any such violation.

The City shall have the right to discharge, demote, suspend, or in place of suspension, to cause the forfeiture of a like number of days of paid vacation or holidays, or otherwise discipline employees for violation of this section. Employees so disciplined shall have recourse to the grievance procedure, but the discipline imposed shall not be overturned unless the employee is found innocent of any violation, and the arbitrator shall have no authority or jurisdiction to reduce or modify discipline, except upon such a finding of innocence.

2. No Lockout. The City shall engage in no lockout during the term of this Agreement.

3. If either party claims a violation of this section, the party may request the American Arbitration Association to appoint an arbitrator to hear and decide the claim on an emergency basis, and shall give the other party written or electronic notice. The hearing shall be held within 48 hours or as soon after that as possible. The parties may not file and the arbitrator shall not receive post hearing briefs with respect to the issuance of an immediate restraining order. The arbitrator shall rule from the bench and, if he finds that this section has been violated, he shall immediately issue an award prohibiting continuation or resumption of the strike or lockout. The arbitrator shall have the authority to continue the hearing and to request post hearing briefs on the issue of damages. This section is intended to benefit the citizens and others served by the City.

ARTICLE 5 COMMITTEE BUSINESS

1. All Union business will be conducted outside paid working time. The only exception is for the following:
 - a. Minimal use of time and equipment (phone, e-mail, fax) at the discretion of the Chief, or his designee, for the investigation and/or resolution of potential grievances and grievances; and
 - b. Straight-time hours necessarily lost by Union representatives in meeting at the specified steps of the Grievance Procedure with representatives of the City at a mutually agreed upon time. This does not include attendance at any arbitration.

2. Negotiating. Unless otherwise agreed upon between the Union and the City for a specific series of negotiations, all negotiations will be conducted on City-paid time for representatives of the Union provided; however, in the event that the negotiation sessions are conducted at times when one or more of the Police Officers' Negotiating Committee members are not scheduled to work, or that sessions extend beyond regular working hours, the City will provide compensatory time off, on a one hour for one hour basis, subject to this time off being approved by the appropriate supervisor. No overtime will be paid to any team member because of time spent in negotiations and the Fair Labor Standards Act shall not apply to any negotiation time. The City will accommodate a total maximum 45 hours of compensatory time for the entire Police Officers' Negotiating Committee. It is also understood that this provision will apply only to negotiations and not to any impasse resolution proceedings. Impasse resolution proceedings shall include any proceedings beyond mediation.

3. One (1) representative of the Police Officers' Bargaining Unit shall be allowed a maximum of eight (8) hours per year time off with pay to attend OPBA or OPBA conferences or labor relations seminars.

**ARTICLE 6
GRIEVANCE AND ARBITRATION**

1. Definition. A grievance is a claim that the City has violated this Agreement. All time limits shall be calendar days; however, if the time limit is less than 7 days, Saturdays, Sundays, and holidays will not be included.

2. Procedure. All grievances shall be handled exclusively as set forth in this Agreement. Grievances must be taken up within 7 days of occurrence to be arbitrable, and shall be disposed of in the following procedure. An identical grievance by two or more members of the Union shall be considered as a single grievance. A decision on such grievances applies to all members in the group and each shall be given a copy of the decision. No more than three members shall attend any meetings or hearings conducted for the resolution of a group grievance. The grievant has a right to have a Union Representative and/or Staff Representative with him at each step of the grievance procedure.

Step 1. Immediate Supervisor Verbal

The employee shall first take the grievance up with his immediate supervisor. At the request of either one of them, a committee representative shall also be present. The supervisor shall give his answer within 2 days.

Step 2. Immediate Supervisor Written

If the grievance is not settled in Step 1, then the employee shall place the grievance in writing, setting forth the facts involved and the section of this Agreement involved, and shall give it to the Immediate Supervisor. This shall be done within 2 calendar days after the supervisor's verbal decision or, if earlier, within 14 days after the occurrence. The Immediate Supervisor shall give his written answer within 4 days. If the employee and the Immediate Supervisor agree to it, a meeting shall be held within that time, and in that case, the Immediate Supervisor's answer shall be due within 5 days after the meeting.

Step 3. Chief

If the grievance is not settled in Step 2, the employee may appeal it to the Chief. This shall be done within 2 calendar days after the supervisor's written decision. The Chief shall give his written answer within 7 days. If the employee and the Chief agree to it, a meeting shall be held within that time, and in that case, the Chief's answer shall be due within 7 days after the meeting.

Step 4. Human Resource Director

If the grievance is not settled in Step 3, the employee may appeal it to the Human Resource Director. The appeal shall be in writing and shall be delivered to the Human Resource Director or his designated representative within 10 days after the Chief's answer. A meeting shall then be held between the grievant and the Human Resource Director. The Human Resource Director shall give his written answer within 7 days of the meeting.

Step 5. City Manager

If the grievance is not settled in Step 4, the employee may appeal it to the City Manager. The appeal shall be in writing and shall be delivered to the City Manager or his designated representative within 10 days after the Human Resource Director's answer. A meeting shall then be held between the grievant and the City Manager. The City Manager shall give his written answer within -7 days of the meeting.

Step 6. Arbitration

If the grievance is not settled in Step 5, the Union may then appeal the decision to arbitration. To do so, the OPBA must give the City Manager (or his designated representative) written notice of intent to arbitrate within 20 calendar days of the answer of the City Manager. Either the City or the Union may then request appointment of an arbitrator by the American Arbitration Association pursuant to its rules. However, the City and the OPBA at any time may mutually agree upon an arbitrator instead.

Any steps in this grievance procedure may be waived by mutual agreement between the City and the aggrieved employee.

3. The arbitrator shall have no power to add to, subtract from, or modify this Agreement in any way, but shall instead be limited to the application of the terms of this Agreement in determining the dispute. The arbitrator shall promptly hear the matter and shall render his decision within 30 days from the arbitration hearing. His decision shall be final and binding upon the parties to this Agreement. Each party shall pay one-half of the expenses and fees of the arbitrator, but each party shall bear its own expenses. Any grievance not submitted or appealed within the time limits is considered settled and shall not be arbitrable.

4. All matters contained in this Agreement shall be subject to the Grievance Procedure herein contained. However, on matters not covered in this Agreement, bargaining unit members retain their right to request and receive resolution before the Civil Service Commission on matters within their jurisdiction.

ARTICLE 7
EFFECT OF LAWS

This Agreement is subject to all applicable laws, regulations, or provisions of the United States, State of Ohio, the City of Sidney Charter, Sidney General Ordinances and Regulations, and Sidney Civil Service Rules and Regulations. All provisions of this Agreement shall, where reasonably possible, be interpreted to comply with said laws, provisions, ordinances, regulations, or applicable judicial decisions thereunder.

The City Council shall adopt no ordinances, resolutions, or other legislative matters in conflict with this Agreement. Neither the City Manager, nor the Chief of Police, nor their subordinates shall adopt or issue any rules, regulations, orders, or other executive directive in conflict with this Agreement.

If any provision of this Agreement is contrary to the law or any authority set forth above, it shall be of no further force and effect, but the remainder of this Agreement shall remain in full force and effect. The City and the Union agree that all items in this contract, which supersede applicable State law and which may be permissibly to do so under Ohio Revised Code Section 4117.10(A), shall not be affected by this Article.

By entering into this Agreement, or by making any reference to Chapter 4117 of the Ohio Revised Code, neither party in any way waives any claim that the law, or any part of it, may be unconstitutional or otherwise invalid.

ARTICLE 8 WAIVER

1. The City and the Union have had ample opportunity to present for negotiations any subject desired. This Agreement represents the full economic and non-economic negotiated package for its duration. Each, therefore, clearly and unmistakably waives for the remainder of the term of this Agreement the right to require either party to negotiate on any subject, even though not now known, whether or not covered in this Agreement and whether or not mentioned during negotiations. This shall not be considered "boiler-plate" or a routine "zipper clause".

2. This Agreement is complete in writing. It may be amended only by an instrument in writing signed by the City and appropriate Union representatives. Such an amendment may be effective during the term of this Agreement and may extend the term of this Agreement. This Agreement does not operate to include, nor does it obligate the City to continue in effect, any working conditions, benefit, or past practice which is not covered or contained in this Agreement.

3. If either party suggests any amendment to this Agreement, the willingness of the other party to discuss the request, or make any proposal, shall not in any way negate the complete waiver set forth in Section 1 of this Article, nor shall the making of any amendment in any way negate Section 1.

ARTICLE 9 LEAVES OF ABSENCE

1. Leave for Personal Reasons. An employee, upon written application, may be granted unpaid personal leave of absence at the discretion of the City, when such leave of absence is for justifiable reason, and provided it will not adversely affect operations. If, however, the employee accepts employment elsewhere without the consent of the City during the leave of absence, he shall be considered to have terminated his employment. If an employee accepts employment elsewhere, with City consent, and is retained on leave of absence, he shall receive no coverage under the health and welfare program of the City, and shall receive no retroactive increase for his prior service unless re-employed without a break in service. Normally, such leave shall not exceed six months, although the City Manager, in his discretion, may grant in writing an additional six-month leave.

2. Leave of Absence Due to Injury or Illness. An employee who is unable to work by reason of illness or injury must request a leave of absence in writing. The City may require a medical examination by a physician designated by the City as a condition of granting or continuing the leave and/or reinstatement. In no event shall the leave for illness or injury extend for more than the period of available paid leave, unless the City Manager, in his discretion, grants a longer period in writing. Female employees will be granted leaves of absence for disabilities due to pregnancy on the same basis as leaves are granted for other disabilities.

When an employee knows in advance that a disability will be incurred, such as for surgery or due to pregnancy, the employee shall give the City notice of the expected disability as far in advance as is practicable.

3. Family and Medical Leave (FMLA).

(a) Eligible employees (those who have worked for the City of Sidney at least 12 months and for at least 1250 hours during the year preceding the requested leave) are entitled to take up to twelve (12) weeks of unpaid leave during any 12 month period from the first day leave was taken. This leave may be used:

1. For incapacity due to pregnancy, prenatal medical care, or childbirth, or to care for the employee's child after birth, or placement for adoption or foster care;
2. To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
3. For a serious health condition that makes the employee unable to perform their job.

4. Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

5. FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform his or her duties for which the servicemember is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

- (b) All leave (paid or unpaid) taken for FMLA reasons shall be counted against the employee's annual FMLA leave entitlement.
- (c) When leave is foreseeable, the employee must provide thirty (30) days advance notice, in writing, to their department head. This requirement can be waived with the approval of the Human Resource Manager. In cases where applicable, the City may require the employee to provide a doctor's certification to support a request for leave. A second opinion may be required, at the City's expense. If the opinions are conflicting, a third opinion, at the City's expense, may also be sought. While on FMLA leave, employees shall contact their supervisor at least once per month and indicate their intention to return to work as scheduled.
- (d) Employees are entitled to maintain their medical coverage during FMLA leave provided they continue to pay their share of premium costs and meet other conditions of the coverage as required for all employees. Failure to pay premiums within thirty (30) days of the due date will result in the cancellation of coverage, although coverage will be reinstated upon the employee's return to work.
- (e) All requests for FMLA leave must be approved by the Human Resource Manager. Records of FMLA leave will be kept and recorded in accordance to procedures established by the City's Human Resource Department.

ARTICLE 10 HEALTH AND SAFETY

1. Cooperation Between City and Union. The City agrees to maintain adequate provisions for the health and safety of its employees during the hours of their employment. The Union and all employees agree to cooperate with the City on all matters pertaining to health and safety.

2. Medical Examination Returning From Leave of Absence. Employees returning from a leave of absence because of illness or injury may be required to undergo a medical examination or psychological examination by, and receive the approval, of a physician designated by the City before being permitted to return to work. If such an examination is required, it shall be paid for by the City. If the employee's physician disagrees with the physician designated by the City, the two shall select a third physician whose decision will be determinative. The cost of this third physician shall be shared equally by the employee and the City.

3. Medical Examination in Interest of Health and Safety. In the interest of health and safety, the City may require a medical examination or a psychological examination of an employee at any time. If the examination discloses that the employee's condition jeopardizes his health or safety or that of other employees, or his job performance, the City may relieve the employee from active employment. If the employee's physician disagrees with the physician designated by the City, the two shall select a third physician whose decision will be determinative. The cost of the third physician shall be shared equally by the employee and the City.

4. Physical Fitness Program: All police officers shall be required to undergo mandatory annual Physical Fit for Duty Testing, to be scheduled by the department. The City Manager by executive order will set the physical fitness standards, fitness requirements and discipline. If there is discipline, it will be progressive in nature. The City will first confer with the physical fitness committee, which will include a bargaining unit representative, before making any change.

All officers shall be required to undergo a physical examination by a licensed physician prior to participating in the annual Physical Fitness Testing. Limitations shall be dealt with on a case-by-case basis. An officer who fails to have the required physical examination completed by the time of the annual Physical Fitness Testing shall be subject to discipline.

**ARTICLE 11
NO DISCRIMINATION**

1. The City, the Union, and each employee will cooperate fully to abide by all applicable laws and regulations prohibiting discrimination on account of race, color, religion, sex, national origin, age, disability, military or veteran status, or any other characteristic protected by federal, state or local law.

2. The City will abide by all applicable law, including common law, in its dealings with its employees, including probationary employees.

ARTICLE 12 DUES DEDUCTION

Section 1. The Employer agrees to deduct Union membership dues, initiation fees, and assessments in accordance with this Article for any employees eligible for the bargaining unit.

Section 2. The Employer agrees to deduct regular Union membership dues, initiation fees, or assessments twice each month from the pay of any employee in the bargaining unit eligible for such deduction upon receiving written authorization signed individually and voluntarily by the employee. The signed payroll deduction form must be presented to the Employer by the employee. Upon receipt of the proper authorization, the Employer will deduct Union dues from the payroll check for the next pay period in which dues are normally deducted following the pay period in which the authorization was received by the Employer. The authorization card may be submitted any time after the effective date of this Agreement and shall continue in effect until the anniversary date of this Agreement. An employee may cancel Union membership at any time; however, the revocation of the dues deduction authorization may only be canceled during the ten (10) day period ending thirty (30) days prior to each anniversary year of this Agreement. Dues deduction authorizations not revoked during this ten (10) day period shall continue in effect for the successive contract year. Written notice of the dues deduction revocation shall be served upon the Employer and the Union by the employee to make the revocation effective. This provision shall not be construed as requiring an employee to become or remain a member of the Union as a condition of securing or retaining employment.

Section 3. For the duration of this Agreement, the Employer agrees to remit the dues deducted from eligible bargaining unit employee's pay, in accordance with this Article, once each month to the OPBA10147 Royalton Rd. Suite J, North Royalton, OH 44133.

Section 4. The parties agree that the Employer assumes no obligation, financial or otherwise, arising out of the provisions of this Article regarding the deduction of Union dues, initiation fees or assessments. The Union will comply with all applicable legal requirements, and will make relevant information available so that the Employer is able to carry out its legal obligations in seeing to this.

Section 5. The Employer shall be relieved from making such individual "check-off" deductions upon an employee's: (1) termination of employment; (2) transfer to a job other than one covered by the bargaining unit; (3) layoff from work; (4) an unpaid leave of absence; (5) written revocation of the check-off authorization or resignation by the employee from the Union in accordance with the provisions herein; or (6) any other separation from the City's payroll.

Section 6. The Employer shall not be obligated to make dues deductions from any employee who, during any dues months involved, shall have failed to receive sufficient

wages to make all legally required deductions in addition to the deduction of Union dues.

Section 7. The parties agree that neither the employees nor the Union shall have a claim against the Employer for errors in the processing of deductions, unless a claim of error is made to the Employer in writing within thirty (30) days after the date such an error is claimed to have occurred, or was known to have occurred. If it is found an error was made, it will be corrected at the pay period that the Union dues deductions would normally be made by deducting the proper amount.

2. Special Assignment Bonus

In order to be eligible for Senior Officer pay, an officer must meet certain criteria by being actively engaged in at least one of the following:

- | | |
|---|----------------------------|
| Tactical Response Team | Accident Reconstructionist |
| Field Training Officer | Evidence Technician |
| Canine Unit | |
| Hostage Negotiator | Bike Patrol |
| Clandestine Lab Response Team | Certified Instructor |
| Specialty Position such as: | |
| Investigator, Special Duty/Events Coordinator, Community Resource Officer | |

This list of criteria may be modified in the future by mutual agreement of the parties. An officer who meets one (1) of the criteria and has 12 years or more of service as an officer with the Sidney Police Department shall receive pay equal to one percent (1%) of his or her base annual wage each year. An officer may not receive more than one percent (1%) per year.

An officer who meets the criteria and has 15 years or more of service as an officer with the Sidney Police Department shall receive pay equal to one percent (1%) of his or her

base annual wage each year for each criteria he or she meets up to a total of three percent (3%) per year.

Senior officer pay shall begin the first full pay period following the effective date of his or her change in eligibility. Senior officer pay shall not be used in the calculation of longevity pay, but will be calculated in overtime and holiday pay.

ARTICLE 14 OVERTIME PAY

1. Overtime pay shall be provided to all employees, except as exempted in the following sections, at a rate of one and one-half (1½) times the normal rate for all hours worked in excess of the normal work day, or in excess of the basic work week. In instances where an officer is on authorized leave and is called in to work his regularly scheduled shift, the officer will receive overtime pay plus leave pay, unless the officer chooses to cancel the leave time, in which case he will receive straight pay for his regular shift.

2. Work performed outside the regular work schedule with less than ten (10) hours prior notice, unless such work is an extension of the day's work, or without notice prior to leaving work on the previous work day, shall constitute a call-out.

Call-outs shall be paid at the time and one-half rate, with a minimum guarantee of three (3) hours at the time and one-half rate, except as noted in the following paragraphs.

Any employee who takes an unauthorized absence for part or all of a regularly scheduled work day and then responds to a call-out the same day, without working over eight (8) hours for the day including the time worked for the call-out and any other time worked during the day, shall be paid at the regular rate of pay with a minimum guarantee of two (2) hours at that rate. However, if the combined work for the call-out and the other regularly scheduled work during the day exceeds eight (8) hours, then the employee shall be paid at the time and one-half rate for any time worked over eight (8) hours.

If call-out work is performed prior to the start of the regular work shift and continues into the regular work shift, the pay rate shall revert to straight time at the start of the regular shift and shall continue at that rate for eight (8) working hours. Additional hours worked during the work day shall then be compensated for at the time and one-half rate.

3. Any City employee who, at the request of the City, works a holiday not part of his regularly scheduled work week shall be paid at the rate of two and one-half (2 ½) times his base wage, plus his holiday pay (see holiday section).

4. Employees required to appear on behalf of the City in courts of law when not on regularly scheduled time (duty), shall receive a minimum of three (3) hours of "Court Time". This time shall be paid at a time and one-half rate.

Employees who are required to appear in courts of law, shall contact the Court to confirm that their appearance is still required. If appearance is not required, then the employee shall not receive the minimum three (3) hours "Court Time". If the employee fails to contact the Court prior to a scheduled appearance and the appearance is no longer required, then the employee shall not receive the "Court Time".

5. Employees will have the option to take compensatory time off in lieu of overtime pay, noting that said compensatory time off will be earned at the rate of one and one-half (1 ½) times the number of hours worked (also to reflect minimum three (3) hours call out situations). All compensatory time off will be subject to scheduling approval of the immediate supervisor. In all cases, no employee can accumulate a balance greater than 80 hours of compensatory. Employees may elect to cash out up to 80 hours of compensatory time during the first full pay period in December. This cash out of compensatory time will be paid in a separate check. Notification of an employee's election to cash out any compensatory time must be made prior to November 10th. All compensatory time shall be paid on termination of employment, retirement, or death of an employee.

ARTICLE 15 LONGEVITY PAY

1. As a means of rewarding employees for loyal service and to serve as an incentive for retaining good employees, a longevity pay plan is established. Annual longevity payments shall be made in a separate payment during the first half of the month of December of each year in accordance with the longevity plan hereinafter set forth to all regular employees who shall have completed at least five years of continuous service, and who shall be in the employ of the City as of November 30 of the year in which the longevity payment is made. Annual longevity payments shall be based on the basic salary of the employee as of June 30 of the year in which the longevity payment is made and the rate of payment shall be as follows:

- 1) 2% of basic annual salary after 5 years of service.
- 2) 2 1/2% of basic annual salary after 10 years of service.

ARTICLE 31 DRUG AND ALCOHOL POLICY

A negotiated Drug and Alcohol Policy is below. The reasonableness of this is agreed upon. Additions, deletions, or modifications of this rule may be made by the employer afterward; the Union will reserve the right to challenge the reasonableness.

Purpose

The Police Department has a legal responsibility and management obligation to insure a safe work environment; as well as paramount interest in protecting the public by insuring that it's employees have the physical stamina and emotional stability to perform their assigned duties. A requirement for employment must be an employee who is free from drug/alcohol dependence or abuse or illegal drug use.

A reasonable drug/alcohol testing program must establish a balance between the rights of the employee and the compelling governmental interest in maintaining a Police agency free of illegal drugs. Liability could be found against the department and the employee if we fail to address ourselves with diligence to insure that employees can perform their duties without endangering themselves or the public.

There is sufficient evidence to conclude that use of alcohol or illegal drugs and/or drug abuse (whether illegal or prescription drugs) and alcohol abuse seriously impairs an employee's performance and general physical and mental health. The illegal use of drugs by Police employees (therefore, possession) is a crime in this jurisdiction and clearly unacceptable.

Policy

Department employees shall not take any narcotic or other dangerous drug unless prescribed by a person licensed to practice medicine. Any statutorily-defined illegal use or possession of drugs by an employee, whether on or off duty, is prohibited. Department employees are prohibited from consuming or possession of alcohol at any time during or just prior to a beginning of the work period or anywhere on City property, including City buildings, City property, or City vehicles, except as necessary for the performance of their duties as authorized by the Chief of Police or his designee on a case-by-case basis. Legal possession of alcohol in a private vehicle shall not constitute a violation of this policy.

All property belonging to the department, including the entire premises of the department, is subject to inspection at any time without notice as there is no expectation of privacy. Property includes, but is not limited to, City-owned vehicles, desk, locker, and files.

An officer who is prescribed medication by a physician shall consult with the physician

or pharmacist regarding the effects of the drug. If the drug precludes the officer from performing his normal job functions he shall bring this to the attention of his supervisor.

Failure of any Police employee to comply with the intent or provisions of this policy are grounds for disciplinary action, including dismissal or other action determined appropriate by the Police Chief. Refusal by the Police employee to take a required test, i.e. a test that is ordered based upon reasonable suspicion or post-accident or random test selection as defined in this policy, will result in immediate relief from Police duties pending disposition of any administrative personnel action. A positive drug or alcohol test, or the refusal to take a test after an accident may affect the employee's eligibility to receive workers' compensation benefits under Chapters 4121 and 4123 of the Revised Code.

Procedure

Definitions:

1. Drug test - a urinalysis test administered under approved conditions and procedures to detect drugs by a certified laboratory and other testing methods approved by the Department of Health & Human Services certification program.
2. Alcohol test - a blood sample or urine sample taken at either a hospital or accredited testing laboratory, or a breath test administered by a hospital, accredited testing laboratory, or a licensed agency.

Drug Testing - Urinalysis and Alcohol Testing

- A. Employees of the department shall be required to submit to a test for alcohol, drug, or narcotic use as outlined below:
 1. Any supervisor may order a drug/alcohol test when he or she has reasonable suspicion that an employee's using, or is under the influence of drugs, narcotics, or alcohol. Examples of conduct that constitute reasonable suspicion include, but are not limited to: slurred speech, alcohol odor on breath, unsteady walking and movement, accident involving City property, physical altercation, verbal altercation, unusual behavior, or possession of alcohol or drugs.
 2. Any supervisor may order a drug/alcohol test for employees who are driving City vehicles who are involved in accidents involving personal injury or significant property damage. Significant property damage shall be defined as damage that temporarily prevents the use or enjoyment of the property or substantially interferes with its use or enjoyment for an extended period of time.

Personal injury shall be described as an injury that requires medical attention away from the accident scene.

3. Drug/alcohol testing may be conducted on employees randomly using a valid method of selection. The random test selection will be done by the approved testing laboratory, performed four (4) times throughout the calendar year and consist of a total maximum of twenty-five percent (25%) of the number of Police employees subject to random testing.
 4. The order shall be in writing and the employee shall be advised of circumstances surrounding the order to test.
 5. When a supervisor orders a drug or alcohol test according to the guidelines for #1 above, he or she shall prepare a report containing the facts and circumstances including any pertinent dates and times. The report shall be made available to the employee upon request. The employee may provide the report to the Union if he/she so chooses. This report shall also be forwarded to the Human Resource Department and the City Manager's Office.
 6. Whenever practical, prior approval should be obtained from the Police Chief before a supervisor orders the test.
- B. In the event that an employee is required to submit to a drug or alcohol test, the following guidelines should be observed:
1. The employee shall be granted enough time to change from uniform to civilian clothing, if desired.
 2. The employee may be transported to the designated testing facility by a supervisor.
 3. The employee may request that a Union employee of his/her choice be present for the transportation and test, provided said individual is reasonably available. The use of said Union employee shall not create an overtime expense to the City.
 4. A controlled test will be conducted by personnel of the testing facility.
 5. Subject to the rules of the testing facility, a testing facility employee may be present for the test.
 6. All urine and blood samples will be properly labeled, sealed, and

turned over to the testing site personnel by the employee. The specimen will be divided properly by the designated test center or laboratory designated by the test center.

7. All parties involved will be transported back to the Police Department. If the test of the employee is held over his/her assigned time, he/she will be compensated for that time.
8. All drug screening tests shall be conducted by medical laboratories certified by the Department of Health & Human Services or certified by a DHHS-recognized certification program such as the Substance Abuse and Mental Health Services Administration. The procedures utilized by the City and the testing facility shall follow the Department of Transportation standards and shall include an evidentiary chain of custody control. The split sample method of collection shall be used following prescribed testing procedures.
9. Alcohol testing shall be done in a manner used to test drivers operating a motor vehicle under the influence. This will typically involve a breath test. If this type of testing is not available however, other standard methods such as blood or urine may be utilized. A blood alcohol content of .02 or greater shall be considered a positive test result. The current testing facility is the Sidney Police Department. Alternate testing facilities include Wilson Memorial Hospital Occupational Health, the Emergency Department at Wilson Memorial Hospital or any licensed agency.
10. Any employee that is suspected of operating a City vehicle while under the influence of alcohol by law enforcement, law enforcement requirements shall take precedence and the individual will be tested according to law enforcement policy and procedures.
11. The results of the testing shall be delivered to the City and the employee tested. An employee whose test result is positive shall have the right to request a certified copy of the test results in which the testing facility shall affirm that the tests results were obtained using approved protocol methods. The employee shall provide a signed release for disclosure of the testing results. Refusal to submit to the testing provided under this policy shall be grounds for discipline.
12. If a drug confirmation test is positive, the employee may, upon written request, have the split sample retested by a DHHS-certified laboratory. This request shall be presented to the Police Chief or his/ her designee within 72 hours upon being notified of a positive result. In the written request, the employee shall indicate if the

split sample is to be tested by the original laboratory or forwarded to another DHHS-certified laboratory. The split samples are held by the testing laboratory for a period of one year. The City shall notify Occupational Medicine of the request for the split sample re-test and shall pay for the test.

In the event that the split sample test confirms the results of the first test, the City will proceed with the actions set forth in this policy and the employee shall be invoiced for the expense of the split sample re-test.

Substance Testing and Assistance

Upon the findings of a positive test result, the employee who has tested positive shall be referred to the employee assistance program (EAP) or appropriate substance abuse professional as determined by appropriate medical personnel in consultation with the City. The City may impose disciplinary action upon the findings of a positive test result. However, the City agrees it will not discharge an employee who tests positive his/her first time. This limitation on discipline shall not limit the City in imposing discipline up to and including termination for gross misconduct which may be coincident with an employee's improper drug or alcohol use. If the employee has previously tested positive for the use of drugs or alcohol or has refused to participate in or fails to complete the EAP or treatment detoxification program, the employer has the right to impose disciplinary action, including termination.

An employee who participates in a rehabilitation or detoxification program may be allowed to use accrued paid leave for the period of the rehabilitation or detoxification program. If no such leave credits are available, the employee may be placed on medical leave of absence without pay for the period of the rehabilitation or detoxification program.

Upon completion of a rehabilitation or detoxification program, and upon receiving results from a retest demonstrating that the employee is no longer abusing a controlled substance, the employee will be returned to his/her former position. Such employee may be subject to periodic retesting for one (1) year upon their return to their position. Any employee in a rehabilitation or detoxification program according to this policy, will not lose any seniority or benefits, should it be necessary for the employee to be placed on medical leave of absence without pay for a period of not to exceed 90 days.

If the employee tests positive during a retesting after his/her return to work from such a program, the employee shall be subject to appropriate disciplinary action up to and including termination.

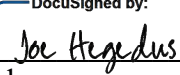

Periodic re-testing that is performed during the period of one-year upon their return to their position shall be at the expense of the City. The expense of testing the split sample during the periodic re-testing shall follow the same guidelines as outlined in Section 12.

This agreement amends City of Sidney and Sidney Police Department policies and procedures and the Collective Bargaining Agreement between the City of Sidney (“City”) and the Ohio Patrolmen’s Benevolent Association (O.P.B.A)(“Union”). The parties agree that canine patrol officer(s) spend no more than 0.5 hours each day, outside of regular police duty, in canine-care duties that are necessary and integral to the officer’s law enforcement duties and necessarily and primarily for the benefit of the City (“canine-care time”). Canine-care time will be compensated at minimum wage as set by the State of Ohio or Federal government whichever is higher. Only canine-care time that qualifies as overtime under the FLSA will be compensated at one and one half times this hourly rate. Overtime will be measured over the course of the officers’ 28-day work period. Canine-care time shall not be paid on days where the officer performs no canine care, such as when a canine has been left at the kennel while the officer is on vacation or other leave. The parties further agree that any time outside of regular police duty that the officers spend attending to the canine beyond 0.5 hours each day is primarily for the benefit of the individual officer and is not work required or suffered by the City. This agreement is effective _____, 2012
